

Super Rich Dad Chapter 589-590

Chapter 589

Although this person Chu Yuan was a bit brainless, he was indeed not wrong about one thing.

After killing the two, Jiang Hao didn't know what mechanism had been triggered, and the many experts in charge of patrolling outside the door seemed to have sensed something.

The crowd rushed towards the room of Chu Yuan's father and son. Jiang Hao, who had just left a bloody letter, couldn't help but frown when he noticed this situation!

Then he rushed out of the room, pulled the clothes he was wearing tightly over his face and left in the midst of the panicked crowd!

The death of Chu Yuan's father and son would definitely cause turmoil in Chu Jiang, and if Jiang Hao didn't leave in time. Shen Tianyang would definitely catch himself out!

Jiang Hao was not a fool, and he would not allow himself to be caught in such a crisis. So the only way was to leave as soon as possible.

The panicked people in the room right now were his best cover, as long as he could follow them out of Chu Yuan's father and son's residence.

Even if Shen Tianyang's minions were powerful, they wouldn't be able to find him!

Unfortunately, Jiang Hao had only just left the third door when those who had found the bloody book in the room had already sensed that something was wrong!

They were no fools and turned around and started to check those who had escaped from the room!

Jiang Hao looked at those experts one by one and became anxious.

After a long time, he saw an opportunity and took advantage of the people in front of him to slowly retreat backwards, then leapt and ran out wildly!

Noticing that something was wrong, the group looked in the direction Jiang Hao had disappeared and shouted in anger, 'He's going that way! The second group, follow me!'

Someone else shouted from the darkness, 'Inform the top of what's happening here!'

Jiang Hao sniggered in his heart at those words, thinking with some glee how funny Shen Tianyang's face must look when he finds out what's going on here!

Although there was a hint of smugness in his heart. But the most important thing at the moment was to get rid of those who were chasing after him!

Jiang Hao looked back behind him, those people were like a pack of wild dogs, following the trail on his body and clinging to it!

And he didn't have time to get rid of the marks on his body, so after a little hesitation he had to find a place to stop and take care of the first group of pursuers first!

It had to be said that Shen Tianyang was extremely strict with his imperial troops, and although they couldn't match Jiang Hao in terms of physical strength, the group split into three waves.

They tried hard to chase Jiang Hao, trying to delay him and give their teammates behind them a chance to leave him behind!

Jiang Hao ran hard while trying to escape, after noticing a small river in front of him. Jiang Hao hesitated for a moment.

With just a sharp stop he turned around violently and flung three concealed thorns in his hand to hit the first two to catch up with him!

After Jiang Hao took a short breath, his eyes were red as he stared at his pursuers who were close behind him!

'Don't run away, this is where you will be buried today!'

Jiang Hao looked at the seven or eight people chasing after him and gave a slight gasp and said in a cold voice, 'What do you think you are, that you are also worthy of leaving me behind?'

As soon as the words left his mouth, Jiang Hao tapped his foot on the ground and rushed out like a sharp arrow leaving a string!

With his left hand, he placed the parcel on the ground, and with his right hand, he drew his short sword to protect his face!

The pursuers in front of him seemed to have failed to react. When Jiang Hao was about to strike, the short knife in his hand had already pierced deep into the heart and lungs of his opponent!

The six people around him looked shocked at this. They knew that although Jiang Hao had some skills before, there was still a big gap between him and them!

After disappearing for such a period of time, it was as if his entire body had undergone a metamorphosis!

While his body was strong, he was also ruthless in fighting!

Some of the six were good at concealed weapons. As soon as Jiang Hao got close to him, he backed up and distanced himself from him without waiting for his teammates to warn him!

The other five drew their swords and slashed across the room, but Jiang Hao dodged them with a dodge!

Then he used his dagger to block a cold maneuver behind him!

'Little beast, I didn't see that you had already made such great progress in just a short time. I'm afraid we won't dare to sleep in the future!'

As soon as the words left his mouth, a flying knife sped in and instantly stabbed Jiang Hao in the shoulder!

There was a light blue luminescence on the flying knife in the night, and it looked like it had been hardened with poison!

Jiang Hao gritted his teeth and didn't have time to care about the flying knife stuck in his shoulder!

Instead, he strapped the knife to his hand and panted heavily as he forced the crowd back: 'You want to keep me with this little skill? Maybe there's something wrong with that!'

As soon as he finished speaking, Jiang Hao didn't even want to use his sword!

After dodging the two cold rays, Jiang Hao threw his knife as a concealed weapon at the concealed weapon masters who had closed the distance!

Two of them were afraid that Jiang Hao would hurt him, so they hurriedly leapt to try to block the shuriken!

Jiang Hao took advantage of the crowd's distraction. He grabbed the parcel on the ground and jumped into the river!

The reason why he chose to get rid of them here was because there was drinking water here. It would wash away the traces of his body!

Even if they wanted to catch up with him, they wouldn't be able to do so for a while!

By the time Jiang Hao was following the river downstream. In the distance, a man suddenly came running to stand by the river and quietly watched the traces of their battle.

'How long has passed since that kid left here?'

Gathering up their teammate who had been stabbed through the heart and lungs by Jiang Hao, the group looked at the visitor for a moment of silence, 'Back to the group leader. It's been about five minutes or so!'

The man turned back to look at the kneeling crowd, a cold glint in his eyes: 'Five minutes or so and you don't know to go after them?!'

'Chief, that little beast is not what he used to be, his methods are ruthless and his hands are terrifying, we are no match for him alone, going up there is just a death sentence!'

As soon as the words were spoken, a cold light flew to the man's chest, followed by a spurt of hot scarlet blood!

'Even if you die, you must catch him for me, did I tell you this earlier?'

After wiping the blade slightly, the team leader looked towards the river and spoke in a low voice: 'Follow this river and check down, wherever there is a possible hiding place, if there are people involved, kill them!'

In the shadows behind the man, a voice suddenly rang out in unison, 'Yes!'

Then a black shadow rose up and disappeared as if it were a crow in the night.

The man stood on the ground looking at the river in silence, Chu Yuan's father and son were dead, if he didn't get Jiang Hao in his hands.

Then Shen Tianyang's anger would need to be extinguished with his blood by then!

He didn't want to die, much less die so worthlessly, so the only thing he could do was to do his best to capture Jiang Hao!

Jiang Hao, on the other hand, was still unaware that a wolf had appeared behind him, a lone wolf that had caught up with him by virtue of his bloody breath!

Chapter 590

Chapter 590

Brought down by the river Jiang Hao's eyes gradually became confused, looking at the dimly lit river in the night he could not help but let out a bitter smile.

First he had been poisoned in Qianjia, and then here he had been poisoned by someone else's dart.

Jiang Hao was a bit puzzled, how could he always have such a good relationship with this word poison?

Fortunately, the poisoned dart seemed to have been made in a hurry. There wasn't much toxin, but it made Jiang Hao's hands and feet start to feel weak.

The river wasn't very rough and carried Jiang Hao all the way down without hitting any rocks.

I must say that Jiang Hao was lucky!

After a little estimation of time. Jiang Hao climbed up from the river with great difficulty.

Then he fell to the ground and breathed heavily, the poisoned dart on his shoulder had not been removed yet!

After taking a look around by the moonlight. Jiang Hao couldn't help but be slightly dazed, wasn't this Ha Wan!

He could walk along this road for another two hours to reach 30 Mile Bay, and when he got there, he would be saved with the medicinal herbs in the pharmacy.

Jiang Hao thought of this and held on to a small tree by the river and stood up straight.

Then he took two deep breaths and removed the poison dart from his shoulder, looking at the word Shen on it, Jiang Hao laughed coldly!

‘No wonder those people are so protective of you, so you are actually from the Shen family!’

After saying this, Jiang Hao put the poisoned dart into his arms and swore that one day he would have these people die a horrible death!

But in front of him, he’d better get to Thirty Mile Bay as soon as possible, although the toxin on his body wasn’t that powerful. With his true qi, he could still block it for a while.

But if he didn’t get to Thirty Mile Bay as soon as possible, those pursuers behind him would kill him!

Having just climbed onto the main road, it was thanks to Jiang Hao’s luck that he had stumbled upon a car.

Jiang Hao, dripping wet and dragging his bag, stopped the car in the middle of the road!

‘You don’t want to die!’

The driver sat in the car and looked at Jiang Hao who suddenly appeared on the road and hurriedly slammed on the brakes to stop!

He was so grumpy that he didn’t even turn off the car, so he opened the door and tried to teach this ungrateful man a lesson!

But when he got closer, he was a bit surprised and said, ‘Doctor Jiang! What are you doing here?’

Jiang Hao was blinded by the headlights of the car, but in his heart he knew that the person who could call himself Dr. Jiang must be from 30 Mile Bay!

The driver saw that Jiang Hao didn’t say anything. Only after turning his head to look at the headlights did he come to his senses and said, ‘It’s me, Chen San! You know our captain Chen Qi, right?’

Hearing this, Jiang Hao couldn’t care less, so he took Chen San’s hand and said, ‘Take me to 30 Mile Bay, be quick!’

Chen San was also a person with a lot of goodwill, and the reason why he was always under Chen Qi was because of the Qian family’s relationship.

On the other hand, it was also because he lacked a valuable person to help him!

Looking at Jiang Hao in front of him, Chen San hesitated for a moment to think, this person was also the one who had saved Qian Lao at any rate!

And when he was in Qian Lao's house. It seemed that because of him, Qian Lao's son had even received a slap on the face!

From this point of view. This person should be a big shot!

Thinking of this, Chen San did not hesitate and helped Jiang Hao to sit down in the car regardless of what he had encountered.

Then he hurriedly sat up to drive and said in passing, 'Doctor Jiang, why are you here?'

Jiang Hao could still feel it as he sat on the seat. The wound on his own shoulder seemed to be bleeding.

So he gritted his teeth and said, 'You can ask this later, is there a first aid kit in the car?'

While driving, Chen San took out a box from under the car seat and threw it behind him, 'Here!'

Jiang Hao picked up the first aid kit and hurriedly opened it. Then he took out the cotton and put it on the wound on his shoulder, and then wrapped the wound with gauze!

'I was chased by someone after something happened and jumped into the river to escape, why are you here?'

Only then did Jiang Hao come back to his senses and spoke to Chen San.

Chen San frowned upon hearing this and said in a deep voice, 'I'm here because I went to Lower Bay to investigate some things, but Doctor Jiang, who would come after you?'

Jiang Hao let out a bitter laugh and shook his head, 'Don't worry about that, these people are not something you can mess with either!'

After saying this Jiang Hao looked at Chen San's tightly locked frown and added, 'But don't worry. As long as we get to Thirty Mile Bay when I'm better they won't be a problem!'

Hearing these words, Chen San looked at Jiang Hao sitting in the back row from the rear view mirror.

Seeing that he seemed to be in great pain. He hurriedly lit himself a cigarette and took a drag before passing it backwards.

'A couple of puffs will make it a little easier for you, it's okay.'

Jiang Hao looked at the cigarette and hesitated for a moment. Then he took it and took a deep puff, and his breathing gradually calmed down.

Chen San smiled faintly when he saw Jiang Hao feeling better and said, 'I'm not bragging to you. As long as we get to Thirty Mile Bay, Qian Lao won't even allow them to be reckless!'

Hearing this, Jiang Hao skimmed his mouth, Master Qian might be very powerful.

But in front of these people from the Shen family, they might not even be able to flutter a wave!

After hearing this Jiang Hao smiled bitterly and spoke back, 'It's alright, just leave this matter alone, just send me to my medicine shop.'

After hesitating for a moment, Jiang Hao reached out and patted Chen San's shoulder and continued, 'Don't worry, I, Jiang Hao, am not someone who doesn't return favors, I'll take note of this matter today.'

Hearing these words a smile of satisfaction appeared on Chen San's face!

He didn't care who was after Jiang Hao, because to Chen San, Master Qian was the god of Thirty Mile Bay!

Someone as powerful as Wang Long was still being rubbed on the ground by his own elder brother Chen Qi, so how could he care about such a trivial matter.

But Chen San didn't expect that these people were really like Jiang Hao said, people he couldn't afford to mess with!

At this moment, right where Jiang Hao had gotten into his car, two men in black looked at the water stains on the ground that hadn't dried and stopped slightly!

'The target should have disembarked here, you go and inform the team leader, I'll continue to chase after him and take a look!'

One of the men in black nodded after looking at his companion, 'OK, the team leader has orders, just follow!'

The other man in black nodded after hearing this and replied, 'Don't worry, I know, I'll leave a mark on the way!'

After saying that, the two of them split up, while Jiang Hao didn't expect that those people would chase so closely!

When they arrived at Thirty Mile Bay, Chen San led Jiang Hao to stop in front of his medicine shop.

Jiang Hao coughed slightly and opened the car door to walk down, and was about to knock on the door when he turned his head to look at Chen San.

'A word of advice, you'd better hurry back now, there might be some troublesome characters coming for you.'
