

## Chapter 601: The influence of blood

Ash was sitting in the shallow stream of the Liujin River with his back against the wall of the passage. Weisser still turned her back to him, if it just looked like a 'hug' just now, she is now completely lying in Ash's arms.

Done.

The power of the 'Blood Seed' was more violent than Xiu imagined.

Although Yin Deng was still only sucking blood from his fingers, the blood energy in Yaxiu couldn't wait to escape from this gap and flowed into Yin Deng's mouth.

The speed of his blood loss was no slower than the silver lamp that cut through the artery.

Yaxiu has a hint of enlightenment: perhaps the prototype of the dragon blood cultivation system is to put blood species on virtual creatures such as fish-killing dragons, and then absorb the energy of other creatures through "complete eating", thereby condensing the upper dragon. Blood.

The dragon blood cultivation system and the blood saints should all originate from the miracles of the gluttony faction.

The dragon blood cultivation system used by Yin Deng is the perfect fool's version. She doesn't need to move herself, the blood species will help deliver nutrients to her body. It's like a keyboard that can code by itself. As long as the author has an idea, it will move on its own to write popular texts.

However, the blood seed still retains the original eating characteristics. When Yaxiu puts himself into the silver lamp mouth and actively engages in negative distance contact, the blood seed will quickly turn him into food.

The blood loss reached a certain level, and Ash also lost the strength to stand, and could only barely sit in the stream of gold next to the wall.

Originally, he had the ability to resist more or less before, but once he tried to attack the silver lamp now, the blood species would limit his physical response to the maximum limit.

Just like when he eats Lalafat, Lalafat won't jump up and punch him.

Fortunately, the flow rate at the end was slow, and more importantly, his will was not weakened by the blood loss.

The same is true for Silver Lamp, Yaxiu can vaguely feel her excitement, I don't know if it is the blood species that stimulates her desire to eat, or some other influence.

Although both of them are getting weaker and weaker, their spirits are getting more and more excited, so that even Liu Jinhe can't let go of their strong thoughts. They just sat at the end of the Liujin River, waiting for the hungry Fang Yuanchan to come and fetch the meal.

The back of Yin Deng's head was against Yaxiu, and her hair made Yaxiu's nose itchy.

When he felt that the silver lamp no longer bit his fingers, but played with his hands, he asked, "Are you going to give up?"

"Tired." Weisser said, "I've bitten all ten fingers, every finger pulp, every knuckle..."

I have completely remembered the feeling of your hand, I am tired of eating. "

"Then where else do you want to eat?"

"Are you willing to give it?"

Ash imitated her tone: "Do we have any other options?"

Weisser didn't answer and said, "Even if I don't \*\*\*\* blood, your life energy will flow into my body continuously... If you hold tighter, the speed will be faster."

After waiting for a while, Ash still didn't move, he was still resisting any unnecessary contact. So Weisser grabbed his hand and wrapped it around her waist, and arched slightly sideways into his arms, like a foolish lover who was intimate regardless of the occasion.

It's just that silver blood was still flowing from her wrist, streaking across Yaxiu's clothes, falling into the Liu jin River and rushing towards Fang Yuanchan. Yaxiu's face became even paler, and silver shavings kept falling from his body and merged into Yin Lan's body.

This is their true portrayal. If Yindeng is not dead, Yaxiu will always fall into the curse of the blood seed; and Yindeng will not mind the bloodshed of other people, and she is willing to dedicate all beings as sacrifices to the great cause she aspires to.

The surroundings suddenly became very quiet, but the cicadas were getting closer and closer, like a countdown to the death knell.

"The difference between illusion and reality," Wesser said suddenly, "that is, we are in the illusion, and sooner or later it will end."

"But in reality, we can stay like this forever."

"Forgive me, I haven't actually done anything bad, so it's not like this." Ash said, "To be with you forever, is it the cruelest punishment to be placed in the Sixth Hell?"

"Oh?" Weisser slid his fingers across his chest and said softly, "Are you very resistant to staying with me?"

"Of course," Ash said seriously, "I hate you the most unscrupulous villain. My companions and I have been affected by you and are deeply cursed. You are cruel, vicious, selfish and ruthless... Who would be willing to treat people like you? together?"

Instead of being angry, Wesser was even more happy: "But you don't want to die with me now, and then we'll step into eternity together."

Yaxiu suddenly asked: "You have been saying that the virtual realm is eternal, so what are you going to do when you reach eternity?"

Yin Deng was silent, and Yaxiu thought she didn't want to talk, but after a while she suddenly said, "I don't know. In the end,

If you don't reach eternity, how will you know the state of eternity? There is no point in planning any more now, only in eternity can we set goals..."

"Unlike you, I have already made a plan for eternity." Ash said: "After all, I will die with you. When you reach the first step of eternity, I will see if you are by your side. If you are, I will quickly leave. you."

"Then I have also set a small goal after eternity." Weisser said: "If you are by your side,

Then I catch you. If you're not around..."

"Then I will find you for eternity."

"It's a vicious curse." Yaxiu glanced at Fang Yuanchan, who was getting closer and closer, and sighed: "Meeting you is the second unfortunate thing in my life."

"Don't worry, we still have eternity." Weisser raised his hand and gently stroked Ash's face: "I will try to be the first."

When Yaxiu saw this scene, his heart suddenly moved, and he also raised his hand and put his hand into the fox mask, his fingers slid across the thin wet lips of the silver lamp, the smooth skin, the beautiful nose, and his eyes snapped!

Weisser knocked his hand out, raised his head and looked at him quietly, "What do you want to do?"

“I’ll do what you do.” Ash replied.

“Lie,” she said. “You touched my face more to know what I looked like than lust.”

Yaxiu didn’t deny it: “You’re going to die, you still don’t want to take off your mask?”

“Name and appearance are things that only belong to me, and I won’t reveal it even in eternity.” Yin Deng said seriously: “No one can see my face and know my name.”

Yaxiu didn’t speak anymore, didn’t touch her face, just closed her eyes quietly, a sense of alienation radiated from the inside out.

Weisser looked at him for a long time before asking, “Do you just want me to take off my mask?”

Ash opened his eyes and looked into the eyes behind the fox mask.

“But for me to take off my mask, you have to pay dearly.”

Yaxiu couldn’t help laughing: “We are all about to die, what else can you take away from me?”

Weisser looked at him seriously for a while, then smiled: “You don’t regret it.”

Seeing Yin Deng put his hand on the mask, Axiu’s pupils shrank.

Does he really want to see the real face of the silver lamp? Sure, but not the main reason. In other words, the meaning of Yin Lan’s willingness to reveal the mask is far more important than her true appearance.

Now, the murderer who killed everyone who knew him before, destroyed many sects, made a fool of the Four Pillars Sect, and spread disaster in the Senluo wasteland, finally wants to show her truest side in front of Ash.

Yaxiu watched her slowly uncover the underside of the mask, revealing the outline of her chin, and held her breath nervously.

Then his eyes darkened, UU reading [www.uukanshu.com](http://www.uukanshu.com) can't see anything.

Silver Lamp covered his eyes with his hands.

"I've taken off my mask, but whether you can see it or not is another matter."

Is it really unreasonable to play this kind of word game?

Yaxiu immediately resisted and wanted to remove her hand, but with a heavy weight on her body, she felt that the silver lamp was riding on him, the cold body seemed to want to merge into his body, and then she felt the hot and humid breath on her earlobe: "It's time for you to pay the price. ."

"Didn't you just ask me, what do I want to eat when I'm tired of eating my fingers?"

"Now, I have to answer."

Yaxiu was startled, his eyes were still tightly covered, the whole world was pitch black, but at this time his lips felt the warmth of the other two thin lips, and the clumsy invasion of his tongue.

He immediately reached out and pushed the silver lamp away, but his hand was caught by the silver lamp, and he couldn't move. Now that they are all weak, the silver lamp with higher physical quality can further suppress him – or, the blood species is forcibly suppressing his resistance, so that he can quietly accept the fate of being eaten!

Yaxiu felt his hand being placed on the soft and smooth ball, and then the breath of Yin Lan lightly fell on his face, "I will give you one more chance, what you are holding now is my heart, as long as you With a little force, you can personally kill the silver lamp you hate the most."

"Either, you kill me now."

"Either," Wesser kissed Ash, "let me love you to death."\*\*

Chapter 602: Rust, Lemon and Sweet Orange

In front of him was a tight darkness, and even the light flowing from the Golden River could not penetrate.

In his ears, there was the sound of chaotic breathing, and even the chirping of Fang Yuanchan became extremely distant.

Ash felt like he was in a dream, but also like he just woke up. Amidst the chaos, he occasionally flashed clear thoughts in his mind—why didn't he crush her heart?

Is it physiologically that he has no strength to resist?

Is it rational, does he still need the silver lamp to dominate Fang Yuanchan?

Or is it all due to blood species?

"Um!"

Yaxiu suddenly felt a pain in his lips, and it was Yin Deng who bit his lower lip with his teeth. His lips were much more sensitive than his fingertips, and Yaxiu retracted subconsciously in pain, but the silver lamp was sticking harder, and he even wanted to bite a second time.

This lunatic!

Originally, Yaxiu was extremely disturbed by the limited vision of the whole body, but now that Yin Deng dared to do this, he immediately used the only weapon he could use now – his teeth – to bite back!

Yin Deng did not dodge resistance, let him bite his lips, and then kiss him tenderly.

As the liquid flowed, Ash's tongue tasted different flavors. His blood is the original blood of the blood moon, with a hint of sweet rust, while the silver lamp is the blood of the silver dragon, with a clear sweetness in the sourness.

It's like a lemon with sugar.

After a while, Yin Deng raised his head and said, "What does my blood taste like?"

Yaxiu didn't want to answer, but she felt that it would be more extreme not to answer, so she had to say: "Lemon and sweet orange."

"Like it?"

"I'm not a blood saint."

Weisser pressed close to his ear and said softly, "I don't know if you've kissed anyone before, and I don't care who you'll have a romantic relationship with in the future..."

"But I want you to remember my taste," she said. "It's rust, lemon, and orange."

This reason made Ash into chaos, he could only struggle as much as possible, and softly cursed: "You are really a lunatic."

Weisser seemed to especially like to see his rebellious gesture, and lowered his head again to pick and taste.

Boom!

Suddenly, a loud noise came from nowhere, completely awakening the weak and confused two people. Visser still covered Ash's eyes and saw that the golden dome was shaking.

"What happened?"

"Axiu, you seem to have a good group of companions." She turned her head to look at Fang Yuanchan, "But it may not be lucky for us."

The biggest impact of the vibration on the passage of the palace is the change of the drainage system. With the rumbling vibration, many new drainage outlets opened in the palace passage, and the Liujin River was no longer a straight stream, and quickly dispersed and even dried up!

Fang Yuanchan was in a hurry. It was only a few dozen meters away from Yaxiu and the two of them. Now that the water level of Liujin River began to drop, it immediately rushed along the river to the source of the water, which is where Yaxiu and the others were. here!

In other words, it was aimed at Ash and the others. If the golden river water is equivalent to air-level survival necessities for it, then Yaxiu and Wesser are at least oxygen cylinder-level emergency supplies!

The budding survival instinct and hunting instinct made it realize that it must eat two people and prepare for the depletion of the golden river!

Yaxiu heard the rapid approach of the cicadas, and also felt Yin Deng's body trembling. He hesitated for a moment, sighed inwardly, gave up pushing her away, and just sat there quietly.

Visser was sensitively aware of his slight change, and pressed her face to his face, finally being able to suppress the fear generated by her survival instinct, and greet the arrival of eternity with dignity.

chap!

Suddenly, the torch on the pedestal burst into flames, and the ferocious flames instantly filled the entire passage like an explosion. Weisser subconsciously protected Ash, but found that these flames had no effect on them.

On the contrary, Fang Yuan Cicada made an extremely harsh chirping, and its shadow was stretched so long that it crossed the entire passage and was printed on the wall at the starting point of the passage!

Then these shadows pulled Fang Yuan Cicada back to the wall like ropes!

“Know One”

“That’s it!”

Fang Yuanchan, who is no longer ignorant of Dafa, seems to be able to recall the countless years he spent on the wall, and tried his best to escape the fate of being buried in the wall again. Its body kept flickering, and the surrounding golden river quickly dried up, indicating that it was trying to travel through the future and go back to the past to escape the miracle trap left by the Grey Fox Magician.

However, Wesser sees clearly that this miracle trap should be a collection of miracles from many factions such as shadow, light, truth, and destiny. The most important thing is that the main miracle of this trap is the miracle of time, which is specially aimed at Fang Yuanchan’s various spellcasting abilities.  
!

It seems that the Fangyuanchan sect has long known that Fangyuanchan might transform into a magic spirit, and even noticed the ferocious instinct of Fangyuanchan after turning into a magic spirit, so it took a lot of effort to design such a recycling mechanism.

But the Liujin River Road is obviously prepared for Fangyuan Cicada to eat...

With the darkest heart, Wesser immediately realized that the Fangyuan Chan Sect had pulled the legends into the 'Cicada Ming Project, and there must have been multiple plans. If the Cicada Ming plan is successful, and everyone can share the food, it will be the best; if the plan fails, then these legends who are ready to die will become the material for the second plan.

But that was more than two hundred years ago, and no matter how much Weisser guessed, it was nothing but a tribute to the past. In contrast, another strange conjecture arose in her heart:

Dafa has become a magic spirit, and the desire for survival and wisdom can actually reach this level, and the gods who have ascended to Dafa will probably not be too bad. Are the Dafa practitioners who have ascended in the past really willing to be the gods of Lord Senra?

At this moment, Fang Yuanchan seemed to realize that it was impossible to escape the miracle trap by itself, so it stuck to the ground and absorbed the water flowing into its body, or in other words, it was actively absorbing the silver dragon blood that Wesser was still flowing. !

“Ash.”

“We don’t have to die?”

“Um.”

“It’s really good news.” Ash said slowly, “But for you, it may not be.”

“I understand what you mean.” Weisser said, “But it’s also good news for me.”

Boom!

As a huge boulder fell from the golden dome next to them, the two of them immediately felt that the heavy locks on their bodies disappeared—

The ban on magic spirit and magic power has been released!

Sanctuary!

Yaxiu and Weisser immediately opened the sanctuary, and in an instant they separated to both sides of the passage. Just like yesterday, the magic power was quickly filling up the weakness of the body. Yaxiu stood up and saw a familiar silver lamp.

It's exactly the same as the one I've seen countless times before, gorgeous, mysterious, and dangerous. She took off her mask, but put on the most familiar one.

The moment Weisser regained her mana, she immediately completed her disguise with a miracle, and her door of truth was automatically closed. The moment the environment was broken, the divine fire seeds and limit time talent began to decline rapidly. As for how many can survive For their strength, it can only depend on luck.

Weisser turned to look at Fang Yuanchan. At this time, Fang Yuanchan was no longer bound by the miracle trap, but his condition was by no means good, lying sickly in the water.

She waved lightly, and Fang Yuanchan flew towards her.

Silver Lamp actually succeeded in dominating Fang Yuanchan! ?

A strong sense of danger immediately appeared in Yaxiu's heart. Even if there was no golden river, Fang Yuanchan was definitely an extremely dangerous four-winged magic spirit. If people like Yin Deng really controlled Fang Yuanchan, Yaxiu also felt it. There is a faint connection between himself and Fang Yuanchan. As soon as he thought about it, he stretched out his hand towards Fang Yuanchan, Fang Yuanchan stopped immediately, and his compound eyes swept between Ash and Weisser suspiciously.

There is a play!

Yin Deng used too much of Yaxiu's blood, so Fang Yuanchan was almost considered to be feeding them together, so even with Yaxiu Fang Yuanchan had a certain authority to dominate!

When Weisser saw this scene, she was also a little surprised.

She naturally understood why she could suddenly dominate Fang Yuanchan, or in fact, Fang Yuanchan took the initiative to seek the protection of the magician. The goal of the miracle trap is not to hunt Fang Yuan Cicada, but to hunt wild magic spirits. As long as it has no master, it will definitely be buried in the wall.

It can also be seen from this point that the gray fox magician of Fang Yuanchan sect has long been ready to dominate Fang Yuanchan. UU reading [www.uukanshu.com](http://www.uukanshu.com)

Fang Yuanchan had no choice but to subdue with the blood of the silver dragon and devote allegiance to Weisser. Of course, it didn't completely become Weisser's magic spirit. As a four-wing magic spirit, it instinctively resisted becoming a tri-wing magician's pet.

At the same time, Weisser also felt that her authority was far higher than that of Xiu. If she wanted to, it was possible to take away all Fang Yuanchan, but...

After a brief hesitation, Fang Yuan Cicada suddenly split, becoming a square cicada and a round cicada. The square cicada flew towards Weisser, and the rounded cicada fluttered towards Yaxiu.

Weisser caught Fang Chan with his hands, looked up at the hole where the dome had collapsed, unfolded his virtual wings and flew up. Even if she can't reach the ground, she is proficient in the earth art faction, enough to travel underground.

"What's your real name?" Ash suddenly asked out of breath.

Weisser looked at Ash and shook his head: "I said, my name will always belong to me."

She paused, "But the silver lamp belongs only to you."

After all, she flew into the void to perform a miracle, and disappeared without a trace in the blink of an eye.

After a while, a loud bang suddenly sounded next to it, and the golden dome collapsed out of a channel directly to the surface.

Igula and the others jumped out of it. He saw Ash who was in a daze next to the wall and raised his eyebrows: "What happened?"

"A lot has happened."

Yaxiu turned to look at them, glanced at Yuanchan on his shoulder again, and wiped his lips with the back of his hand:

"But it's all just an illusion."\*\*

Chapter 603: 3 seconds cicada

Harvey opened the curtains and glanced at the street outside the hotel.

Even though it was already night, the entire town was dark, with no candles or lights, and it was necessary to rely on the magic of magic to gain night vision to move in the dark. Even so, there were actually many people shopping and even doing business on the street, and there were countless chatter and footsteps in the darkness.

Blind Town, the core seat of the Blindsight Sect, is also one of the most famous trade centers in the Qinri Alliance.

The biggest feature of this town is that everyone must pretend to be blind and cannot create any light sources. Even in the daytime, there is a layer of barrier outside to block the sunlight, and the town is completely dark no matter what. .

Although it is dark and without light, it is a sect's station after all, and it can naturally resist the green of the night. Even because of the characteristics of the blind town, not even the green disaster dared to approach this town. Even if there are people coming and going on the street, no magician dares to fight here. The safety level ranks in the top five in the Qinri Alliance, and its prosperity is second only to Heipao Town.

The rules of Blind Town cannot be violated, once you reveal that you are not blind, or you create a light source, then... you will become truly blind, lose your vision forever, and no miracles will make up for it, and you will even forget what it is "Eyes", the parts of the eyes are filled in.

The reason is naturally that there is a gray fox heritage hidden in the blind town. Unfortunately, it has something to do with Wubai reciting Dafa.

After all, Wubai Nian Dafa pursued physical enhancement at the beginning, so many experiments have been conducted, one of which is "if you lose one sense, can you enhance other talents forever?"

The results of the experiment are unknown, but the Blindsight Sect is a sect derived from this experiment. Their pursuit is to "completely lose all senses, so as to integrate with the world and achieve eternal life." Their followers are all blind town residents and actively Lose sight, and then all blind believers, as long as they reach adulthood, will become magicians without exception.

Without exception, not even a mentally handicapped one.

But the Blindsight sect is not considered a strong sect, because their self-mutilation is very common. For example, now Harvey sees people grinding their hands on the street, until the wrist bones come out, and Harvey is a little distressed by the waste.

Blindmen are not after suffering, they are after 'reducing information'. As if to provide theoretical support for "loss of all senses", the blind-sight sect proposed the theory of emptiness as happiness, that is, a person's pain comes from what he knows and gets, and as long as people don't get any information, they will become emptiness', get peace of mind.

Mere self-mutilation of the senses is meaningless, they want to forget the senses', just as Blind Town made them forget their eyes completely, the Blindsighters are always looking for other ways to forget

their senses'. They even regard 'forgetting oneself' as the ultimate pursuit, which is called 'forgetting both things and me, and uniting man and nature'.

Also, because the Blindsighters only seek their characteristics from within, they never pay attention to other people who come to Blindtown. As long as you don't say that you can see things or create light sources, they will ignore you. If you want to become blindsighted, you just need to get some light.

And because of these rules, magicians don't dare to fight at all in Blind Town. As long as you don't want to join the Blindsight Sect, you have to keep yourselves in Blind Town, which meets the key requirements of Senluo Wasteland for a trading place, and it is a matter of course to become a trading center.

But for Harvey, the biggest advantage of Blind Town is that he can take Alice with him, and he doesn't have to wear makeup every day. Harvey is actually a very careful necromancer. In order to take care of the emotions of his teammates, he takes care of it almost every day. Alice, after all, "Corrosive Breath", "Fear Deterrence", and "Negative Energy Invasion" are the talents of every undead. Only makeup can make these battles passively ineffective – other people see Alice without makeup, they are all undead. Dare not to speak out.

As for Yaxiu and others, they have gradually become accustomed to unconsciousness.

"Is he not back yet?"

There was a sound of pushing the door in the darkness, and Ash and Igula entered the room, accompanied by the sound of wings flapping.

When they saw Harvey and Alice in the room, they subconsciously deflected their eyes a little, until there was no original Alice in their field of vision.

They were used to looking away a little, so that neither Harvey nor Alice would notice.

"Not yet," Harvey said, "Maybe he finally decides to be a blind crow."

Five days have passed since they left the Twin Sect.

After rescuing Ash, the group of four ran away as soon as the day dawned, and they didn't even dare to eat breakfast. The Dark Serpents showed Ira the core of the sect's nightfall console, and then Igura reported them back. The twin abyss completely collapsed, which can be called the grace of dripping water to destroy the whole family.

Naturally, they hurried out of the city to dig out the motorcycle, hoping to put wings on the motorcycle

"Wouldn't it be the pursuit of the twin sect?" Yaxiu worried: "Only relying on Tamashi for information is still too reluctant..."

Even if there is a miracle of night vision, it still takes a lot of courage to act in a blind town. After all, if you kick a pebble and spark off a spark, you will be completely blind. Tamashi said he had trained in full darkness before, so he was given the job of going out to find out.

"I don't think the Twin Cult will hold us accountable," Harvey said.

"Why?" Ash was a little strange: "We collapsed the Twin Abyss."

"It's not us," Harvey corrected. "It's Igula."

Yaxiu frowned in dissatisfaction, and said in a serious tone: "Is there any difference?"

"Although the abyss collapses, the twin system may not be destroyed." Igula policed Harvey: "They didn't send someone to hunt us down. It's probably a blessing in disguise. Find a more efficient way to produce twin magicians."

"There may be this reason." Harvey was noncommittal, closed the window and tightened the curtains, opened his eyes to look at Ash, and the necromancer's face showed a humanized yearning: "Quick, quick."

So Yaxiu patted the cicada next to him, and then the cicada slowly released golden light, illuminating the whole room.

I saw blood-colored letters such as “Don’t tell them you can see” and “Don’t make light” appear on the walls, on the ground, and in various blank areas.

However, Yaxiu and the others had become accustomed to this environment, and their tense expressions were instantly relieved.

After staying in the dark for a long time, the body seems to be dry, and it desperately needs the light to nourish.

In theory, nothing in Blind Town can emit light, including magic spirits. After all, magic spirits are connected to the soul of the magician. Just like your pet digging up someone’s ancestral grave, you will definitely be held accountable as the owner.

However, the round cicada is different.

Because strictly speaking, it is not Ash’s magic spirit.

Unless the magic spirit is willing, the low-level magician can’t accommodate the high-level magic spirit at all, and Yuanchan is obviously unwilling to be a pet for Ashe, it just uses Ashe to get out of the miracle trap, and it has not yet reached the level of commitment.

However, Yuan Chan ran away without using Ya Xiu.

In its ignorant and nascent world of thinking, it may have created a mental seal of “if you leave the magician, you will be sealed”, so it is willing to continue to follow Ash.

After several days of observation, Yaxiu also vaguely figured out his authority over Yuan Chan. First of all, he does not need to provide mana to use Yuanchan (his magic power cannot support Yuanchan), but in the same way, Yuanchan can only cast spells for him three times a day, and the effect is “steal the fate

of the past three seconds ago and replace it. The fate of this moment”, Ash called it the three-second cicada.

Simply put, he can escape all damage by going back three seconds.

This move is not a cure. After all, it does not help the existing injury, and it requires a lot of time. It will not be used after three seconds, so Yaxiu has been training for three seconds for the past few days. It's a life-saving miracle if it can be used in an emergency.

Therefore, Yaxiu also knew that Fang Chan took the silver lamp, and the effect was probably “stealing the fate of the next three seconds to replace the fate of the moment”. Compared with Yuan Chan, Fang Chan feels more difficult to use, but he knows that with Yin Lan's wisdom, Fang Chan will inevitably become a trump card to turn the situation around at some point in the future.

Yuan Chan's food is the flowing gold river water, and the flow of everything in the world will breed the flowing gold river water, which means that the round cicada can be self-sufficient, otherwise Yaxiu doesn't know how to feed the Four Wings Spirit One – if you continue to use gold coins to feed, the round cicada can be self-sufficient. Cicada's daily gold consumption is enough to make Yaxiu lightspeed bankrupt.

One-winged spirits can feed silver coins, two-winged spirits can be fed gold coins, and three-winged spirits can barely be fed gold coins, but four-winged spirits can be fed gold coins far from enough. Fortunately, the round cicada I picked up this time was very easy to raise. If it was replaced by other legendary magic spirits, Yaxiu couldn't raise it at all.

Neither can absorb Yaxiu's magic power, and can only provide limited spellcasting, and does not even need feeding, Yuanchan is naturally not Yaxiu's magic spirit.

If you have to say it, it is like a wild cat living nearby. It occasionally comes over to let Ashe touch it, and it is willing to catch the mouse next to it, but it will never enter Asher's house.

So it glows like a wild cat called Chun, and the legacy of the gray fox in Blind Town can't be traced back to Ya Xiu,

And it is impossible to make Yuan Chan blind, so Yaxiu and others can enjoy the bright bath in the blind town.

The three sanctuary magicians narrowed their eyes and surrounded the golden round cicadas.

Only by losing, can people understand how precious some habitual things are.

Chapter 604: each other

“The mercury Trojan is looking for us soon, right?” Igula said suddenly.

“Yeah.” Yaxiu nodded. Three days ago, the Mercury Trojan told them that Silver Lantern passed by Blind Town, but when they arrived at Blind Town, Silver Lantern had already run away, so they could only wait here temporarily.

“You have gained a lot of benefits in the Divine Fire Trial. For you, it’s just an improvement in physical fitness or talent enhancement, but for Yin Lan, it means that she is one step closer to her goal.” Igula said:

“If you hadn’t robbed Yuanchan, she would have won a big victory.”

After five days of observation, Yaxiu found that his limit time talent was completely gone, maybe he improved a little time talent, but it was not shown in “Aurora’s Manual of Magicians”, which shows that his cultivation speed is still not as good as waiting. The witch practice sharing comes quickly.

However, the quality of his soul has been completely improved. For example, in the past, his magic spirit was sleeping in his soul for half of the time, but now his magic spirit is like a chicken blood, and he is not there all the time. Dance and play in the soul.

If the soul quality of ordinary magicians is improved according to the level of ‘one-wing thatched cottage’, ‘two-wing sweatshop’, three-wing office, and ‘four-wing villa’, then Yaxiu’s current soul can be said to be ‘full of stimulants’ Office’, all the spirits don’t want to get off work.

In this state, Yaxiu was sure that when he died, he would definitely become Dafa, even if his obsession was 'Thinking about Shise', he would become "Thinking about Shise Dafa".

But Yaxiu doesn't care about his own changes after death. For him, the only benefit of improving the quality of the soul is that the effects of the magic spirits become stronger (but they eat more). But for Yin Deng, becoming the seed of divine fire undoubtedly made her plan progress significantly.

Yaxiu was silent for a moment, then nodded and said, "The silver lamp is getting harder and harder to deal with."

"Actually, I've been wanting to say it for a long time." Igula said: "Compared to chasing down the silver lamp, leaving Senluo can actually solve the problem. As long as we keep eating, we can basically offset the curse of the blood species, not to mention different countries. The distance between them will definitely weaken the effect of the blood species; as for your semi-tactile sense, Yaxiu, I remember that the Quicksilver Trojan said that the sense of touch of the Four Pillars is one for each country. Since you leave Senluo, the silver lamp will naturally By becoming full of touch, you too can escape the gaze of the Four Pillars."

"So, give up chasing the silver lamp." The fraudster said: "Let's find a way to go to other countries."

"So is there any way to leave Sen Luo?" Harvey asked.

"It is because there is no other way, so we have to give up chasing and killing." Igula said, "We put all our energy on the silver lamp, how can we have time and energy to collect other information? With the power of the gray fox gods, they left a legacy of crossing the country. Not surprising, and while we've been led by the nose of the Mercury Trojan, she must have had an interest in preventing us from getting our heritage clues!"

Yaxiu stared at the golden round cicada, but Yuan cicada stared at the window, ignoring him. He said, "But people like Yin Lan"

"Even if she's a rotten person, it doesn't matter to us, we're just travelers passing by." Igula said, "How many people will she harm, what does she want to do to us if she wants to destroy the world? We don't grow up in the Senluo Wasteland. , as long as we leave here, what if she pierces the land of Sen Luo?"

Harvey: "We still have blood in our bodies."

"I know, but she's not targeting us, we're just being affected." Igula spread her hands and said:

"Are we really going to waste the rest of our lives on revenge?"

"Isn't it good?" Harvey said lazily.

Igula was too lazy to deal with the necromancer, looked at Ash and said, "We've wasted our lives enough, Ash.

"Liz, An Nan, they are all waiting for you." He paused, then said after a moment of hesitation, "And I have to give Anfier an explanation."

Ash looked at Igula blankly. Yes, they clearly promised to go back as soon as possible...

"It doesn't have to be either."

A sound suddenly sounded from the window, and the three Sanctuary magicians immediately looked over and found that the black crow was sitting on the windowsill unknowingly.

Harvey and Igula's faces turned gloomy in an instant – Harvey had closed the window just now!

That is to say, Tamashi opened the window from the window, closed the window, and then sat down, this series of actions,

Everyone didn't realize it!

"Tamahi, when did you come back?" Ash was pleasantly surprised: "I didn't notice you at all, have you become stronger?"

“Um.

Black Crow nodded: “I have practiced with the Blindsight Sect for the past few days, and finally got some results.”

Practice with the Blindsight sect? Everyone blinked. Although they finally knew the reason why Tamashi had been elusive these days, this reason was really frightening, like seeing a gas tank volunteering to be a firefighter.

Igula said coldly: “It can be considered a miracle that the sanctuary magician can’t notice your actions, right?”

It would be fine if it was just good at lurking, but the problem is that in addition to lurking, the black crow is also proficient at close-range dash and instant kill! Originally, he had to ambush in advance to be able to ambush the magician, but now he can walk over and kill the magician. Even Igula has already condensed the sanctuary in the past two days, and he couldn’t help but feel strong towards the black crow. dread!

He even suspected that one day, the Sanctuary might not be able to block the black crow’s sharp blade!

“It’s just that it can be applied to oneself, and the mental skills and body can be integrated into ordinary human mental methods.” Black Crow said:

“It’s not at all comparable to the large-scale mental influence of a psychic. It’s much easier for you to be invisible than me.”

“Can you teach us?” Ash was eager to try.

Both Igula and Harvey were slightly startled, but what surprised them even more was the answer from the black crow: “...If you want to learn, I will arrange it and tell you in a few days, and then you can write it down and learn it slowly.”

“Okay!”

Igula turned the subject back: “Tamashi, what did you mean when you said it didn’t have to be either?”

“Killing the silver lamp and looking for inheritance are not in conflict,” Hei Crow said. “She was originally going for the Shenhuo system, and there must be a gray fox inheritance near the Shenhuo system. In the process of chasing her, we have not seen or even obtained it. Have you lost the legacy of the grey fox?”

“Whether it is to continue chasing and killing her, or to capture her and torture her, it will be more efficient and quicker than blindly searching for clues of inheritance like you.”

Black Crow’s argument is well-founded, and coupled with the two experiences of transcending the sect and the twin sect, even Igula can’t refute it. Not to mention the Silver Lamp and the [Longmenzhen Shopping Card], as long as you can get the shopping card,

They’ll be able to unlock many Grey Fox products at the vending machine, which is extremely useful for crossing the country.

“Axiu, you haven’t said anything, so I didn’t ask.” Black Crow said: “In the underground trial, you had to fight against Yin Deng alone for four days...”

“You shouldn’t be afraid of her because of this, right?”

“How is that possible.” Ash shook his head.

“Then, the next time we meet Silver Lantern”

“I will cooperate with you to kill her.” Ash lowered his eyelids: “Put a stop for everything.”

Black Crow said: “Actually, it’s okay to catch her alive. After all, you need her information.”

The room fell silent, and then Ash stood up: "I'll go back to the room first, Yuan Chan will stay here, just pat it if you don't need it, and it will automatically come back to me."

After saying that, Ash turned to leave.

When the door was closed, Igula also stood up, walked to the door and suddenly said:

"Tamahi. UU Reading [www.uukanshu.com](http://www.uukanshu.com)"

"Um?"

The fraudster said, "I still hate you."

Black Crow: "To each other."

Harvey said to Alice, "See, that's the bad part of being alive."

Alice tilted her head.

At this moment, the door was pushed open from the outside, and Ash came in again. But this time, he was followed by a strange woman.

"The silver lamp appeared in the Yumu Linfeng Industrial Park." Quicksilver Trojan glanced at Yuan Chan and gave the information neatly.

"What?" Black Crow was a little surprised.

But the other three didn't know the meaning of the place name. They looked at the black crow, and the black crow said: "The Rainwood Forest Wind Industrial Park used to be the largest resource production area in the Temple of Tribulation Fire, but it was attacked and annihilated by the Four Pillars Sect a year ago. It's now obsolete."

“By the way,” said the Mercury Trojan, “the one who broke the Yumu Linfeng Industrial Park is the silver lamp.”

So Yin Deng is revisiting the old place this time to see his great achievements? But why is Tamashi surprised...

Soon, Yaxiu and others realized the true meaning of this place.

“The Temple of Tribulation Fire has long been within the sphere of influence of the Four Pillars Religion. Although I don’t know her specific destination, from the route...”

“She is going deep into the hinterland of the Four Pillars Religion.” Mercury Trojan’s eyes showed a fierce light:

“Back on my turf.”

Chapter 605: Sword Lord Sonia

Fanxing, Jianhua University.

“From today, I am a nobleman.”

Sonia walked out of the administrative building, opened the red velvet box in her hand, and saw a heavy sword star emblem pressed on the pink satin, made of stainless steel, without any extra pattern jewelry.

Despite its simple appearance, this sword star badge represents the foundation of the entire starry kingdom: the sword lord.

A million swordsmen, guarding the stars. ·

Although this is only a line used by the superiors to inspire and appease the lower-level nobles, it can also be seen from the side that only by becoming a swordsman can you officially step on the stage of stars.

Non-aristocratic commoners are rice straws that need to be cared for, cattle and horses that need to be nurtured, and parts that need to be maintained, but they are not the only ones who can make a sound.

In addition to the title, Sonia also has a part-time job of 'Swordsmanship Researcher'. The tutor is still Professor Trozan, or this is the special national wool position that Professor Trozan applied for for her, and she can apply for a certain subsidy every year. , in addition to money, there are also quotas for miracles and magic spirits. Although there are not many, they will not be taken for nothing.

Swordsmanship Researcher's greatest significance to Sonia, in addition to improving her school status, is that it unlocks her faculty privileges in the school forum.

Xing Ran can't be banned, but there is still no problem with the 24-hour mouth ball. Unfortunately, it is almost impossible for anyone to scold her in the forum now.

After the meteor robbery, all of Sonia's sunspots disappeared without a trace. On the forum, Fengheng Yuda, and now everyone is discussing which man is so lucky to be Miss Servi's dog.

"Even if there is only a sword lord, a sanctuary magician can also make money from aristocratic advisors, national research, and consultation with the Chamber of Commerce." Trozan was not shy when talking about these things: "I can contact you, but you You can also find a way yourself or wait for someone to send the money."

Sonia originally thought that a magician like her who was only willing to stay in the Sword Lord and was unwilling to accept the blessings of the stars would be excluded from society by invisibility, but after

discussing it with Sister Trozan, she realized that such a magician is not the same as her. It is not uncommon—or rather, it is only natural that the Sanctuary Warlock is unwilling to accept control.

No matter how wonderful the effect of the blessings of the stars is, and no matter how righteousness is, it will not force people to become slaves. Not to mention how many concepts of family and country the sanctuary magician has, but once the attribute of coercion is added to everything, it is enough to be annoying and resistant.

Not to mention that the Sanctuary Warlocks are still a group of tactical weapons that can ensure their own safety. Before the Sanctuary, no matter how hard the skull of the Warlock was, it could not stop a single bomb; Can stand firm.

Of course, some people will suspect that you are a new sanctuary, can the country still be unable to hold you back? If faced with the state machine, of course Sonia could not resist, but the problem is that the state machine is also made up of parts.

Not to mention the sanctuary that is close to her like Trozan, even if it is a strange sanctuary, it will not have any opinion on her.

It is precisely because of the existence of the 'wild fox sanctuary' like Sonia that does not accept the blessings of the stars, it appears that these 'domestic dog sanctuaries' are more valuable.

No matter how compulsive justice is, there are also gaps in selfishness.

Not to mention Sonia, even Dimi, the eldest son of Duke Zhuxing, is now just the Sword Lord. Even if he can't directly inherit the family title, it is still no problem to take the highest-rank Wei Gong title 'Kaijue', but he just wants to postpone the time when he accepts the blessings of the stars.

It is almost a tacit consensus that high-level magicians resist the blessings of the stars.

Even the great nobles are doing it, why can't Sonia do it?

Who doesn't want to be in control of their own destiny?

As for the royal family of stars, most of them don't care. Because they have mastered the most core social resources, the Wild Fox Sanctuary will go smoothly. Once they encounter a bottleneck, they will naturally turn their attention to the blessings of the stars and advanced resources.

Taking 10,000 steps back, even if the wild fox sanctuary is really promoted to the wild fox legend, the royal family of stars will naturally have other ways to win over. not fall.

However, because of the proliferation of sword lords, naturally there will be no serious honoring ceremony. The village girl came to the school administration building to get her own medal and researcher contract. From then on, she was a national aristocrat.

Sonia looked at the medal in the box. No one else thought that the mere swordsman was worth paying attention to. Only she knew how important this title was to her.

Even if it is not a dream, this sword star badge is enough to comfort her: "You have lived up to the difficulties you have endured."

But for some reason, Sonia was not happy at all, not even interested in wearing the badge,

She returned to the dormitory, and Adele, who had been waiting for a long time, immediately came over and took the box, and looked at the sword star badge: "Why does it look more delicate than my father's..."

"Because this is a newly made badge, your bow star badge has faded after being kept for so long. Just take it for maintenance." Lois said while reading a book.

Ingurit also came over to look at it and said, "I want to get it before I graduate."

"If you participate in the meteor robbery next year and get a good place, maybe you can get it."

Lois closed the book and turned to look at Sonia: "Is it really just the Sword Lord?"

“Um.”

“Thousand Stars Chamber of Commerce’s film contract for the ninth month’s drama, the minimum requirement is the bow...” She said softly: “They have a way to apply for a title in the cultural world for you.”

Adele scratched her head: “My dad is eligible. Is there a middle-aged handsome guy in the play? I think my dad can...”

Lois ignored Adele’s interruption and said, “There is another cooperation intention sent just at noon,

The inviter is Naraedo’s studio. ”

Everyone’s testimony.

“Nal love?” Adele asked uncertainly. “Is that the one that Nar love?”

“Besides the director Naraeda, who is known as the “sage”, who else can I do? ”

“But she’s pretty much Deedalus’ exclusive director!”

“That’s right.” Lois nodded. “Although she’s only the third female lead with a small role, this time, Sonia, you have the opportunity to work with Dedalus in her next film.”

Hearing this news, the head of the Claw Claw Club was almost stunned.

After a while, she sighed and shook her head: “Push it all off.”

That's Daedalus! "Adele almost jumped up, hugged Sonia directly, and said pitifully: "Take me into the set to see, even if you just ask for an autograph for me, it's better to say it is for the cutest Adele. Dale'..."

Ingurit reached out and brought Adele back, "The person who likes Daedalus the most here is Sonia herself.

"It's almost!" Adele said unwillingly: "It's almost, my roommate will be able to star in the film of Daedalus!"

"It's not you, what are you worried about!"

Lois looked at the back of Sonia sitting down and asked, "Aren't you even asking about the title?"

"Isn't it also above the Sword Lord?" Sonia smiled and said, "Could there be a surprise?"

Lois: "Well, because Deda Rose's films are at least over 100 million at the box office, all the leading actors need to be above the Gunners."

Adele Tongue: "My dad is not qualified to mix lines in it."

"However, for special actors, there is no such requirement." Lois said: "I replied to them that you did not plan to promote the title for the time being, and they proposed a second cooperation: because Daedalus will play the role of swordsman in this film. Therefore, a swordsman is needed to help guide and even perform special performances.

"There is no title requirement for this." Lois said with a smile, "I just don't know if the noble sanctuary magician is willing to condescend."

Sonia turned her head and stared at Lois in a daze. After a while, she smiled and said, "Thank you, Loy."

Adele stepped forward directly, slashed Sonia's head with a hand knife, and challenged the sanctuary with a mortal body: "Luoyi is my exclusive nickname, if you want to use your nickname, don't rob me!"

Sonia: "Loyi Loyi Loyi Loyi..."

"Don't think that you are a sanctuary and I won't dare to hit you!" Adele rolled up her sleeves, and Ingurit hugged her very cooperatively and pulled her back.

"Stop joking," Sonia said, "Lois, I'm really aggrieved and troublesome for you to be my manager."

Lois nodded calmly, "Who told me to have a village girl artist who doesn't care about anything?"

"But," Sonia narrowed her eyes, "it's better to reject this cooperation."

Once Lois got a certificate, she quickly added: "Although they are special actors, the price they give is definitely at the level of a sanctuary consultant, and they will not humiliate your identity."

"No, I don't care about money. As long as I can cooperate with Deedalus, I am willing to pay for it." Sonia said, "I just don't want to test myself."

"Test yourself?"

"I don't want to test whether I can resist the temptation to be promoted." Sonia said softly, "I have reasons for not being promoted."

The others sighed, but did not continue to ask. In fact, when Sonia was away, Ingurit had popularized the concept of 'Wild Fox Sanctuary. They all thought that Sonia, a genius magician, did not want to be bound by the blessing of the stars.

But that's not the case.

Sonia doesn't care about serving the country. For her, almost everything can be traded, which naturally includes freedom.

For her, giving up the freedom of 'loyalty' in exchange for the full opening of high-level social resources is simply an ideal business.

She really wanted to agree, and wished that she would become a professor at Jianhua University today, star in a film of Deda Rose tomorrow, and reach the pinnacle of her life.

But in the Starry Law, there are two rules:

You cannot leave the Starry Kingdom for a long time. If you leave unexpectedly, you need to return as soon as possible (the people inside are not allowed to leave).

Kill any foreign visitors (no outsiders are allowed in).

If there is only one, Sonia can still take advantage of it. But these two rules completely put out the village girl's mind to become a high-ranking noble.

It is estimated that the legislators did not expect that these two laws of little significance would actually become the main reason for Sanctuary magicians to give up their allegiance.

However, although Sonia thought she could resist the temptation to be promoted, the situation in the virtual realm these days made her firm heart unbearably shaken.

That's why Sonia did not dare to accept the cooperation invitation from Daedalus, for fear that it would be the last straw.

She was afraid that she would give birth to yearning, and she was even more worried that she would produce... resentment.

She didn't go to training in the afternoon and continued to watch movies with Adele. She had been rewatching Dedalus' films for days on end.

"Watch 'Cun Zhou Cuo Blade,' 'Bouquet in the Stars,' or 'Upside Down'?" Adele asked.

"'Upside Down the World'."

After an afternoon and evening, I finally finished rewatching the seven-episode drama, and then Sonia left the dormitory and went to the meditation building alone.

Ingurit and Lois are both magicians, but they both died recently. Ingurit was killed by a magician's projection, and Lois was amazing. She died in the hands of Zhanyulong.

The rookie killer slashing fish and dragons, how could it be a vain reputation.

Adele ran to the balcony and watched Sonia leave the dormitory area before she started to gossip: "I feel that Sonia has fallen into an emotional vortex recently."

"I don't really care," Lois said. "We good-looking girls are always caught in an emotional vortex, Adele, don't you understand?"

"Well, indeed... I just don't have a fiancé! If I want, the people who pursue me have to line up from here to the gate of the school!" Adele criticized.

Ingurit is a little strange: "Sonia is so good, does anyone really not cherish her? She has such a good eye, does she really like people who don't cherish her?"

"Who knows," Lois said. "The people who like to watch Daedalus are all little girls who are willing to be deceived... Maybe she will meet a man who makes her willing to be deceived?"

Ingurit picked up the sword bag: "Are we going to help?"

“It sounds like you know who the other party is. UU reading [www.uukanshu.com](http://www.uukanshu.com)” Lois said: “I have entrusted the chef to follow so many people,

I didn’t find any information at all, and I wondered if her object was in this bedroom.”

“That’s right, it’s me.” Adele said, patting her chest.

“However, I don’t think there is any need to worry, because Sonia seems to be planning to solve the problem.”

“How did you know?”

“It’s changed from the type of movies she’s watching,” Adele said. “It started with ‘Last Night in the Abyss’.

This kind of pure love drama without any accident, and then the sadomasochistic drama like “Dragon Tiger Phoenix” where a third party mixes the emotional line and chaotic, the heroine like “Upside Down the World” who I have watched in the past two days is unequivocal A movie of absolute love that never gives up.”

“She should be, she doesn’t want to bear it anymore.”

Void realm, far away space.

Tonight’s initial bubble appears to be a research facility, and they appear in a clean and empty laboratory with white walls.

Sonia looked blankly at Deya holding Yaxiu’s arm as usual, waiting for Yaxiu to divide the initial collection, she took a deep breath and said, “Watcher”

“Before we start exploring today, Sword Princess, Witch.”

Ash looked at them: "I have something to tell you."\*\*

Chapter 606: True and false kill

"Visser," Ash said apologetically, "can you be first?"

"Of course it's fine, Captain."

With a surprised expression, Wesser pushed open the door and walked to another room.

But in her heart, she had anticipated what happened tonight, or rather, this was her original plan.

As soon as I met Weisse, I knew that it was impossible for the sword princess and the witch to coexist honestly. .

It was because Axiu was in a dangerous situation before. In order not to increase the burden on Axiu, they seemed to have the affix of "Unfulfilled Lovers", and their relationship with Axiu was further improved without arguing.

If everyone is purely rational, this situation may be able to continue forever. After all, in addition to feelings, everyone has the pursuit of "artist, future, strength, etc. that can better realize the meaning of life. The virtual world team is their most determined interest." chain.

In the best case, the Sword Princess and the Witch remain ambiguous with Yaxiu, and the atmosphere of the team is not broken; Yaxiu shamelessly enjoys this pain and sweetness, and gradually becomes the king of the team.

However, Sword Princess and Witch are not purely rational people.

More importantly, Ash couldn't do such a thing.

When she left the nightfall, Weisser expected the events of the night, but she didn't expect it to come sooner than expected. She thought that Yaxiu and the sword girl witch could endure for about a month, but she didn't expect to enter the final stage in five days. now,

Even if he couldn't watch the scene, MSI knew what kind of conflict and confrontation would break out. After all, this was the trap she had planned countless times in the first place, and it was also the most important step in her tearing apart the team.

No matter what the result is, it will inevitably destroy the team and make Yaxiu lose the most important fetter support of the Void team.

only...

She sat down next to the door, biting her lips lightly on the back of her fingers.

It was obvious that she could torture Yaxiu further, but for some reason, she was a little uneasy and a little distressed.

Ash was sitting in the corner, with Sonia on the left and Dia on the right.

Even the noisy Diya is now sitting obediently. She's just not deep in the world, not stupid. Even if she's stupid, there are still white queens and black deacon to remedy, so when Yaxiu said calmly that he wanted to talk, she knew it was not good, and her hair was mottled with nervousness.

If anyone in the entire team wants to maintain the current atmosphere the most, it is undoubtedly Deya. Because in this way, she can continue to look for Yaxiu to act like a spoiled brat, and more importantly, she knows that Yaxiu's feelings for her are not as deep as Jianji's, which means that if she chooses one of the two in a showdown, she will most likely be the one who will be abandoned.

So she looked at Yaxiu pitifully, a mist of water appeared in her eyes, and her fingers lightly touched Yaxiu's fingertips,

Trying to make a last-ditch effort.

Sonia is very calm, but it is not arrogance with a good chance of winning, but more like a good sense.

"Do you remember An Nan?"

Unexpectedly, Ash suddenly mentioned a person who was not here,

Dia hesitated for a moment, and Sonia said, "A woman who rules you in the Gospel kingdom?"

Yaxiu nodded and said, "Although our first encounter was equivalent to a slave meeting a slave owner, in the subsequent adventures, as we deepened mutual understanding, our relationship gradually improved."

"Before preparing to assassinate the Gospel Princess, we stayed in the underground city of Nabistin to search for information. One night, when we were talking about the future, she said that she wanted to imitate the Gospel list and draw a picture for me."

Axiu briefly recounted what happened that night: "...Because of the contract, I can't control my body at all, I can only cater to her"

"You did?" Sonia asked calmly.

"No." Ash shook his head: "Because it was interrupted,"

Diya blinked.

However, Ash added: "But if it wasn't forcibly traversed to the Senluo Wasteland, maybe"

He paused for a while, and then said: "A few days ago, I had a final trial with Yindeng, which violated the special mechanism inside and was submerged by the golden river."

"...Because the blood species almost turned me into her food, I lost most of my ability to resist in the face of her..."

Although Yaxiu only briefly described what happened in Liu Jinhe, he did not miss any important details, nor did he miss the \*\*\*\* kiss, and Diya blushed when she heard it.

Sonia listened quietly and asked, "And then?"

"There are a few more." Ash hesitated for a moment, then said, "But not to the same extent as these two things."

"These two things have nothing to do with each other," Sonia narrowed her eyes. "You are forced to do it, and you can't help it."

"Yes, yes!" Di Ya nodded again and again: "To be fair, isn't it all the fault of those two bad women?"

"Yeah, to be reasonable, I'm right." Ash nodded and looked at them:

"But why do you have to reason?"

Soniaya stared at him, pressing the hilt lightly with her right hand.

Di Ya also restrained her smile, pursed her lips, and her hair color became more and more complicated.

The corners of Yaxiu's mouth turned up a little, but the light in his eyes slowly dimmed, and he smiled softly: "I don't know the sword princess and the witch who love to reason."

“Also, if it’s because my body was manipulated, I can move freely now.”

Yaxiu grabbed their hands and squeezed her fingers little by little until her fingers were clasped together: “I should have responded to you as soon as possible that night.”

“Instead of like this, I can’t give an answer until now.”

Deya grabbed Yaxiu’s hand and put it on her heart, the water mist in her eyes was about to condense into a stream. “It’s okay,” she said. “No matter what happens, I’m willing to tolerate you, and I won’t be angry, just like...even if you don’t choose me, I’ll never give up.”

“But I’m angry,”

The red-haired sword girl took his hand and put it on the hilt together, as if she wanted to use his hand to suppress the desire to draw the sword:

“Especially seeing that you are still willing to hold the witch, I have killed you thousands of times in my mind.

I thought I could endure this scene for you, but it turns out I couldn’t. ”

Diya immediately said: “Jianji, I’m sorry.

Although Diya said it sincerely and disturbingly, as if the words had been hidden in her heart for a long time, she still did not let go of Yaxiu’s hand and showed her attitude with her actions.

“Do you know what I gave up for you?” Sonia said, shaking her face while holding the hilt of the sword: “Do you know, I have seen the witch kissing you lately, I thought to myself What. Do you know—”

“I don’t know.” Ash can still laugh: “So I know I can’t drag it on.”

“I’ve been thinking, is there a way not to hurt the two of you. But the silver lamp made me suddenly realize that I may hurt more than the two of you.

“I promised An Nan to go back. When the time comes, what will I use to face her? With warmth, with joy? What will I use to face you? With unease, with guilt?”

“I’ve been restless these days because I have a strong sense of guilt.”

“I specially asked a psychic for psychological counseling yesterday, I thought I had hidden it well,

But he still saw something, otherwise he wouldn’t suddenly propose a change of schedule today. “Axiu sighed:

“My question is actually quite simple.”

“Because I have lost so much, once someone is willing to truly love me, I will repay her feverishly. Because I have no destination, so once someone is willing to be my destination, I will hold on to it.

“Because once I lose you, I will become nothing again.” Ash said in a low voice, “I can’t take the initiative to hurt people who are willing to love me.”

The weakness that Yaxiu exposed at the moment caused Sonia and Diya to be slightly absent-minded. In Deya’s eyes, Ashe,

She has always been the lazy and happy relative, the knight who took her out of the palace; and the viewer in Sonia’s eyes is a strong man who ignores life and death, escapes from prison, fights to the death, and does not frown when he goes through danger.

In the absence of their minds, they couldn’t help but have a strange thought in their hearts: If he had no destination and became nothing, what would he become?

Sonia asked, “You dare not hurt us, so do you want us to hurt you?”

Diya replied, "I won't."

"But I will."

Sonia said softly: "Do you know, I'm very scared recently. I'm afraid to see you in close contact with the witch, I'm afraid that my efforts will not be rewarded, I'm afraid... I will hate you."

"You know, I'm the type of person who complains if I don't get it." She said, "I know that all my achievements are inseparable from your help, and I'm very fortunate to meet you. But when I watch I'm losing more and more opportunities, and when I remember what I gave up for you, I'm afraid I'll have this idea – Would it be better if I just thought of you as a teammate?"

"I know." Ash smiled, "Obviously those things have nothing to do with me... but you are an unreasonable person."

"Yes, I'm just so unreasonable." Sonia looked at him: "Even if you have given me 100%,

But if I give you 110%, you have to give me 1000% to count. "

"And this 1000% must be yours. Even if you have extra, you can't give it to others. Witch can't do it, An Nan can't do it, and everyone you know in the future can't do it."

The red-haired sword girl's eyes were misty, and she held Yaxiu's hand tightly, her heart was full of sourness: "But you can't guarantee it?"

Yaxiu didn't speak, but just held her hand tightly with a ready look on her face.

Sonia pursed her lips, tilted her head back slightly, and said, "Why don't you pretend to be slow, pretend that you don't notice me and the witch's feelings, pretend you don't know anything, and then drag it until we become a legend, drag it until We are all stuck in the mud and unable to extricate ourselves, what about dragging us all to become yours?"

“Why can’t you lie to us for the rest of your life?”

Yaxiu blinked, showing a surprised expression of “So there is such an operation”.

But he immediately smiled: “But I can’t pretend I can’t see you are sad.”

Tears welled up in the village girl’s eyes, but she took a deep breath with a determined look on her face, and then clicked one by one!

At the far end, the gears of fate are turning again.

The room begins to melt, the smell begins to distort, the light begins to dance, UU reads [www.uukanshu.com](http://www.uukanshu.com) all things began to reorganize.

“True and False Killing: A beam of eyes is cast from the top of Ruby Mountain, trying to smash the touch of the Four Pillars. All the outsiders are disrupted, and the same magician projections as the foreigners are randomly generated, and the magician projections will consciously Make a disguise. Once the outsider dies, they will suffer serious soul damage, and they must kill more than 10 magician projections and persist for 30 minutes to leave the bubble.” Ash immediately stood up, but no one else was in the room.

Snapped!

The door was suddenly pushed open, and Yaxiu turned his head and saw the ‘Jianji’ came in.

“Show me the collection I’ve equipped you with!” Ash said immediately.

Jian Ji stretched out her hand, showing the projection of a pair of crystal shoes: ““Golden Collection · Ice Crystal Shoes”,

Each stomping can create a piece of frost, and if you stay in the frost for more than three seconds, you will be hit by ice. ”

it is true? Or can this curse affix even copy the collection?

A lot of thoughts turned around in Yaxiu’s mind, and he secretly opened the virtual world map, but found that the map was changing every second. The influence of the Friendship Spell affix is not necessarily aimed at the virtual map, but may be a comprehensive defense against prophecy-like miracles.

Ash said, “Okay, it’s your turn to verify me.”

“unnecessary.”

Jian Ji drew her sword, “Whether you are real or fake, since this cursed affix just happened to make us kill each other.”

“Then let me kill you to vent my anger.”\*\*

## Chapter 607: Witch's Insight

“Fortunately, there is an accident like the curse affix.” Black Deacon said: “Otherwise, I don’t know how to end it.” “It’s just delayed.” White Queen: “We have to face problems after all.” In an instant, Diya found herself transferred to an unfamiliar room. ·

Compared with Jian Ji and Yaxiu, she is the one who is most grateful for the curse affix.

Because she was not mentally prepared at all.

She really thought that the state of “unfulfilled lovers” could go on forever, and she thought it was fine. Although she likes Yaxiu, she doesn’t hate Jianji either. After all, Diya has too few friends.

In a sense, she is a bit similar to Yaxiu. She was trapped in the tower for more than ten years, so she couldn’t wait to catch everyone who could protect her. However, she managed to escape from the tower, but she had to be trapped in a larger palace. .

She voluntarily accepts the responsibility of the emperor, which also means that she must bear the loneliness of the emperor.

After all, her interpersonal relationship was completely finalized during those two months of exile.

She didn’t really think about how their relationship was going to develop. Although she was a little older than Sonia, she was still the princess in the tower: innocent and understanding,

She has a favorite person and a favorite color.

As long as I can be with Yaxiu, as long as everyone is happy,

However, it seems that except for her, everyone else is in pain. If Jian Ji’s pain was vaguely expected, she couldn’t understand Yaxiu’s guilt.

“I thought he would be very happy,” Deya murmured, “After all, we have two super cute girls who both like him.

White Queen: “He was happy at first, but then it became uncomfortable.” Diya: “Why? We didn’t quarrel again.”

Red Dead: “Because he feels your sadness.” Deya: “Am I sad?”

“Both you and Jian Ji are very good at disguising themselves.” Hei Deacon said: “She is good at deceiving others and pretends to be tolerant; you are good at deceiving yourself and pretending that you don’t care.” “You like to act like a spoiled child. , is to realize that you will be favored; and you will be sensible, but you are afraid that you will be abandoned.” “Even if there is no body temperature, no smell, but the heart-to-heart contact is the most difficult to connect.” The White Queen said:

“I have noticed several times that when Xiu is in contact with Jian Ji, he will consciously observe your emotions.” Di Ya: “Why didn’t you tell me earlier? Bear.”

“Impossible,” the White Queen said firmly. “The essence of love is giving, possessiveness, sensitivity, and insanity. Its effect is clinging, jealous, suspicious, and inexplicable. Now you can bear it because you know you are in You are disadvantaged, so you can only hope to go further; but when you are at an advantage, you will never be more generous than Jianji.” Di Ya weakly said: “It is not so certain.”

Black Deacon: “Also, Axiu, like you, Princess Mi, will be happy because others are happy, and sad because others are sad... The more you feel wronged for being good to him, the more sad and self-blame he will be. If you say Sword Princess He wants to get more and interrupt this ambiguous game, then he just hopes that you can lose less and stop this emotional torture.” “It is because of psychological problems that he can’t be cruel to those who love him, so the situation This is how it has developed.” “If he can be ruthless, then we won’t have a chance from the beginning. Even if we are better, more beautiful and stronger than Jian Ji, but first come first serve is the rule of love.” Red Dead Disciple: “It’s funny, it’s sad.” Yes, it’s funny, it’s sad.

If Yaxiu hadn’t had such a problem, Deya would never have been able to break through the boundaries of his teammates and occupy a place in his heart, which made Yaxiu have to pay attention to her feelings; but it was precisely because he had such a problem, so he had no choice but to give his sharp edge. Give them the courage, but they can’t make their own choices,

Snapped!

The laboratory door was suddenly opened, and Deya looked up and saw ‘Axiu’ opened the door and came in.

“What I have equipped for you is the “Color Collection Night Comet”, the effect is that every directional miracle can burst out a torrent of stars, and with your dense silk thread, it is enough to instantly kill any normal enemy. “Axiu’ took the lead in proving himself, and then asked: “Witch, I actually wanted to ask you for a long time...why do you like me? ”

Diya was startled and shook her head: "I can't tell you, but I really like you."

"Really..." 'Axiu' smiled and said, "Thank you. "

"So, are we going to find Jianji, or wait here?" He smiled bitterly: "But if she encounters Zhenjianji, she will probably kill me if she sees me."

"The viewer, have you thought about how to solve it?" Diya asked.

"I'm actually just taking one step at a time." Yaxiu sighed, observed the laboratory environment, and slowly approached the witch, "I was prepared in my heart that none of you would accept me."

"No." Diya shook her head: "No matter what you become, I will always like you,"

"Even if it's me?"

"Even if it's you." Diya said softly: "It doesn't matter if you like more than me, as long as I can always be with you."

Yaxiu's mood was low, and he sighed softly: "What on earth can I use to repay your feelings?"

"What about Jian Ji?" Di Ya said: "She is not like me, she will put your feelings first. In her heart, her own feelings are as important as yours."

"I don't know." Ash' murmured: "But if she can't accept me no matter what, then I'll make a clean break with her. We'll become the most familiar teammates and the most unfamiliar friends—"

boom!

At the moment when Yaxiu's sword was drawn, Deya had already activated the miracle "Queen's Sight", silk threads emerged from Yaxiu's body, and each thread was accompanied by a torrent of comet enough to penetrate the Sanctuary, instantly annihilating Yaxiu' into foam

"It is impossible for Yaxiu to give up Jian Ji," Diya said softly, "because that will cause the deepest damage to Jian Ji."

The witch sorted out her emotions, stopped staying, and opened the door to explore other areas. Soon, after she pushed open a door, she saw that there was a 'Jianji' waiting inside.

Jian Ji silently called out "Ice Crystal Slippers", and Diya also called out "The Star of the Night".

But they all know that this move is not enough to win each other's trust.

"Jianji, before we parted." Diya asked, "Have you made a decision?"

Jian Ji nodded: "I originally wanted to showdown tonight and force the audience to make a choice, or in other words, force him to choose me and abandon you,"

"I just didn't expect him to have a similar plan," Jian Ji's hand was on the hilt, her face sour: "I didn't expect that he didn't choose me.

"But he didn't abandon you either."

"But what's the difference between abandoning me?" Jian Ji said with a wry smile: "I can no longer play that warm game of jealousy with you... If this goes on, I will resent you sooner or later. Whether it is active If you are involved, you still can't refuse your viewers."

"I don't want the rest of my life to be immersed in a whirlpool of resentment, or even to sacrifice everything I have to avenge you." Jian Ji murmured: "I have read a sentence, [Anything that will hurt you, It's all relationships that you need to let go of." "

Di Ya was stunned and said, “Jian Ji, do you mean to say...

“You two dogs and men should be locked together, I won’t disturb you again,” ‘Jianji’ said coldly:  
“Without love, I’m still a sanctuary magician, without spectators, can’t I find it to someone who likes me?”

This is the best ending Dea can imagine.

Sword Princess withdrew, she monopolized Ashe – at least for a limited time in the virtual realm – and when Ashe returned to the gospel, then they could move towards a happy ending.

And this is also in line with the character of Jian Ji. She has such a jealous and decisive temperament. In the Time Continent, she will do everything possible to speak ill of the audience in front of Diya, for fear that Diya will have a good impression on the audience, just to monopolize the audience. .

Now she knows that it is impossible for her to obtain unique love, and it is natural to give up. What’s more, she has become famous in her own country, and she is a young female sanctuary. Could she still lack admirers?

but...

boom!

Following the indiscriminate bombardment of the substitute star, Deya withdrew her hand and passed over the ‘Jianji’ who turned into a bubble and dissipated.

“Jianji won’t give up on the viewer,” she said softly, “and she won’t admit defeat to me.”

After slaughtering two more specious Yaxiu’, Diya opened the door and saw a ‘Jianji’ who was sitting and resting.

Before Diya took the initiative to prove it, she said: "Whether you are real or fake, come and pretend to be a witch to simulate her reaction."

Di Ya was stunned, then nodded: "Okay, what do you want to talk about?"

"I killed a few spectators and the 'witch' just now, I calmed down and reconsidered the relationship between us." 'Jianji' said: "Since the spectators can't make a choice, then it's up to us to decide. Bar."

"how do you want to do it?"

"First of all, we have to realize one thing." Jian Ji looked at Diya: "We have actually lost the qualification to like others."

"Unless we are willing to quit this team, our choices are only to like viewers or not to get married. Even if we don't talk about the virtual world team, just those secret poisons are destined to be united and we cannot establish close relationships with others. "

"The spectator is the only exception, because he is the cornerstone and founder of the team, so no matter how many close partners he has, it will not affect the safety of the team. Or, even if he wants to do that, we can't stop him."

"But we operators are different. If you or Weisser has a lover, unless you have an indispensable position in the team, I will immediately ask the audience to kick you out, even if you swear by contract that you will not betray yourself. No, the power of love is as daunting as miracles."

"I can't get a complete love from the viewer, I'm wrong this time." Jian Ji looked at Di Ya and said, "But at least I can get more powerful power."

"Witch, let's serve him together." Jian Ji said: "But that's what we say, we can't let him get too far, we have to try to limit his interpersonal relationships. Even if there are other people who like him, it doesn't matter,

Cop like Wesser or a future new operator, but just make sure you and I have the most important place in his heart. ”

“But I’m sure to get the biggest share of love,” ‘Jianji’ propped his chin, UU reading [www.uukanshu.com](http://www.uukanshu.com) squinted at Di Ya: “Witch, you can only be second, would you like to?”

Deya blinked.

This is actually the best plan in her mind.

Since Jian Ji won’t quit and Yaxiu is unwilling to give up, let’s live together.

In fact, although Diya cares more or less, she has long been prepared to share it in her heart – if nothing else, it is the four witch sisters who like Yaxiu, and she is not the only one.

When Diya separates the White Queen, Black Deacon, and Red Dead Apostles, Yaxiu Baodi will be the four companions. Even if the four of them can be regarded as one, but if you have to add the sword princess, there are only five, and Diya doesn’t feel much resistance in her heart.

At least not now.

More importantly, this plan is the best plan for Yaxiu. He doesn’t need to be sad or give up.

The most important thing is that Ash is happy.

Just as Yaxiu didn’t want to hurt the witch’s heart, how could Diya be willing to make Yaxiu sad?

Moreover, Jian Ji” is well-organized and thoughtful. The points she brought up were not thought of by Di Ya. According to the vain character of “Jian Ji”, she would indeed turn to the pursuit of power and choose the most cost-effective plan.

only...

boom!

Di Ya retracted the silk thread, without even looking at the 'Jianji' who was blasted into foam for the stars, and pushed open the door and walked out of the laboratory.

"Jian Ji is not a rational person who is also emotionally reasonable." The witch said: "Don't regret her."\*\*

Chapter 608: you are not allowed to fall in love

The latest website: Is even the virtual world helping him?

Sonia looked at the empty laboratory, took a deep breath, and smoothed the ripples in her heart.

Before entering the virtual realm, she had prepared for the worst.

Although it stands to reason that viewers should choose her no matter what, but Sonia was faintly aware of the psychological defects of viewers as early as in the sea of knowledge.

"...The whole person is as light as a balloon, but there is only a thin thread left to tie me to the ground."

He has no sense of belonging to this world.

His take on adventure, his indifference to his circumstances, and his thirst for affection all stem from his flaws.

Sonia is the luckiest, because she appeared when Ash was the most lonely, became the person he needed the most, and tied his balloon; but she was not lucky because she was not by Ash's side.

Not only did she want to feel Yaxiu's body temperature, but Yaxiu also longed for her warmth.

When Yaxiu was in danger, most of the desire to survive was due to his concern for Sword Princess. Even if it's just to meet in the virtual world tonight, it's enough to become the reason for Yaxiu to live.

But she is not the destination that Ash can touch after all.

Sonia is confident that if she can meet the viewer in reality, she will definitely be able to tame him completely. He dares to look at the opposite \*\*\*\* and count as Sonia losing.

But the problem is, the distance between them is the kingdom.

Sonia's life is indeed more than love, she also has a mother, a career, a vision, and even a country.

But Ash doesn't have these things, he doesn't have anything.

He hasn't even been in the same place for more than a month, he doesn't even have a physical 'home'.

If Sonia can't give him what he wants, even if he won't take the initiative to pursue it, how can he refuse the sincerity of others?

Sonia knew that he was looking for a way to go to the country of stars, and she herself was looking for a way to Senluo. It's just that the exchanges between countries are extremely difficult. Even if they become legends and find a way to meet in the future, Yaxiu may have been eaten up by the bad women in reality before that.

The village girl used to think that she could endure until the day she met Yaxiu, so she tentatively shared Yaxiu with the witch.

Because she knows to maintain the atmosphere of the team, because she doesn't want to cause trouble to Ash.

Isn't it just to share a lover? At first, Sonia wanted to marry into a wealthy family, and she was already prepared to have dozens of lovers by her bedside. Could it be that she couldn't bear even a witch?

She really couldn't stand it.

If you really like someone, you can't wait for him to see yourself.

And it's not just witches. In fact, the viewers have behaved a little abnormally these days. Even if he hadn't said it, Sonia could sense the remorse in his heart.

She also sometimes hates why she is such a sensitive person.

But even this kind of thing she didn't know and didn't happen in front of her eyes could make her feel sad for a long time. It was at this time that Sonia began to revisit Dedalose's films and dramas for answers.

Because she knew she couldn't go on like this.

Her dignity does not allow herself to be dragged into the mud by emotional entanglements, spending time and energy in this torture that will only make her more painful.

When she is watching movies, one of the most hated character types is those who are hurt by the people she likes, but they are still stalking and refuse to get out. It's a kind of noble sacrifice, and regards his shabby relationship as a great love... The funniest thing is that some movies and TV dramas also praise this relationship positively, as if it is really infatuation.

However, when Sonia looked at it, she only felt that the people inside were so stupid and weak.

So when it was her turn, she was definitely not the heroine in the bitter love.

For this reason, she deliberately watched so many Deedalus movies and dramas, in order to use the image of Deedalus to inspire herself. The independent self-confidence of the heroine of "The Last Night of the Abyss", the kindness and firmness of the heroine of "Dragon Tiger and Phoenix", the decisive pride of the heroine of "Upside Down the World"... This is the heroine she wants to be.

so...

Sonia lightly stroked the hilt of the sword and murmured, "You can cover the quilt and cry secretly, or you can go drinking, or even try smoking... But you can't feel undue soft-heartedness towards him."

She took a deep breath, when the laboratory door was pushed open, and the 'Witch' walked in.

The 'Witch' immediately showed her colorful collection. She saw that Sonia did not respond, and smiled bitterly: "Whether I am true or not, do you want to kill me?"

Sonia shook her head: "I just don't think that the curse affix will have such obvious flaws. The fake ones must have even copied the collection."

"And fakes will pretend to be real, that is, those who say what real people can't say, fake people will also say it. Sometimes, encountering fakes is not necessarily a bad thing."

"That's right." The 'Witch' nodded and said, "Whether you are true or not, I want to tell you... I gave up."

Sonia: "Oh?"

“I just like him, and I didn’t think about hurting him.” The ‘Witch’ walked over slowly and said, “I thought you would always tolerate me, thinking that he would enjoy the sweet suffering of being liked by two beautiful girls... I never thought he would suffer because of it.”

“And I know that the most important person in his heart is you.”

“Since he can’t make a choice, let me do it.” The ‘Witch’ showed a relieved expression on his face: “If you quit, he will definitely continue to suffer because of you; if I quit... you It will definitely make him stop worrying about me.”

Sonia was slightly lost.

If the witch voluntarily withdraws, can she continue to persevere? Maybe, after all, Yaxiu doesn’t have any intimate opposite \*\*\*\* around him in reality, and things like An Nan and Yin Deng don’t happen often.

As long as the virtual world is her and the viewer’s paradise, and only Jian Ji is the only one in the eyes of the viewer...

She was silent for a moment and asked, “The witch, will you still be in love in the future?”

“Probably?” The ‘Witch’ pretended to be relaxed and said, “It’s not like I’ll be let down every time I give my heart, right?”

Zheng!

Even if the ‘witch’ immediately rose to the sanctuary and broke out a miracle, the head was still directly separated from the body. Sonia put away the “Hidden Hand Secret Blade” and left the laboratory with a blank face.

“Although I don’t know why the witch likes the viewer...” She said, “But it’s not a deadly love, I can still see it.”

“How could the witch give up?”

\*

After discovering a fake ‘Weiser’ through communication, Sonia walked to a new laboratory, opened the door and saw a contemplative ‘Ash’.

Without any hesitation, she drew her sword and approached the opponent.

‘Axiu’ seemed to realize something and smiled bitterly: “I’m sorry.”

“You have to be as sad as I am to apologize.”

Sonia withdrew her hidden hand and crossed the ‘Axiu’ who was cut into foam, without even looking at him.

“He knows that I hate this kind of verbal apology the most.” The red-haired sword girl said softly: “An apology made of only words is just a weapon to force the other party to forgive.”

\*

A moment later, before Sonia walked out of the laboratory, she saw ‘Axiu’ pushing the door in.

“Show me the collection I’ve equipped you with!” ‘Axiu’ said immediately.

After thinking for a while, Sonia still showed her “Ice Crystal Slipper”, but ‘Axiu’ didn’t seem to feel much at ease, but still said: “Okay, it’s your turn to verify me.”

“Even if you’re fake,” Sonia asked, “what are you going to say to deceive me?”

'Axiu' seemed a little confused and a little helpless, he sighed softly: "Well, whether you are real or fake, I want to tell you..."

"Let go of me," he said. "You'll find someone better than me."

Sonia shook her head and waved the "Hidden Hand Secret Blade" with a smile.

"But I'll never be so nice to people again."

She crossed the phantom that turned into foam and whispered softly, "How could he be willing to let me go?"

\*

The head of the Claw Claw Club passed through several rooms and saw three more 'Axiu', but they were all killed by her as soon as they met, and she didn't even bother to ask.

Until she pushed the door open and entered a laboratory, and saw another Ashe entering through another door.

After she glanced at him, the other party did not hesitate at all, and walked over quickly, without raising the sanctuary, without any defense, and directly reached out and hugged the red-haired sword girl tightly.

"I thought the curse affixes directly divided us into different bubbles, otherwise why would I keep looking for you and couldn't find you." He let go of his hand and sneered: "Although I know that there should be no problem with your strength, But I still have to ask... You didn't kill them by mistake, did you?"

Sonia looked at him calmly, and the hidden hand called out by her right hand finally retracted: "It's hard to say."

Ash scratched his head: "Then let's go to the witch and Weisser now? Or..." His face darkened, but his voice was still light: "...Continue the conversation we interrupted earlier?"

The red-haired sword girl looked at him, put her hand on the hilt, and asked, "Aren't you afraid that I will kill you by mistake when you rushed over just now?"

Yaxiu blinked: "If I say that I am willing to die under your sword, will it look special...?"

"Yes," Sonia nodded, "even I wouldn't be so pretentious."

Yaxiu tilted his head, thought about it and said, "I didn't think too much about it just now, but when I recognized you, my body subconsciously moved, and when I came back to my senses, I was already holding you. if..."

"Just like I can recognize the real Swordsman," he said, "you can recognize the real viewer too."

Sonia looked at him blankly, then shook her head, with a 'you're not saved' expression on her face. Then she leaned back slightly, her body like a slingshot, and slammed her entire red-haired head into his arms.

"You, you..." Sonia buried her head in his arms, and her small hands began to lightly hammer his abdomen. However, Jian Ji's attack speed became faster and faster. By the end, her hands had turned into afterimages, hitting Yaxiu's soul. All began to tremble.

Yaxiu didn't dare to raise the sanctuary now, so he could only be beaten with a wry smile. He has to be thankful that this is a virtual world, and the soul does not feel pain. If it were put in reality, his duodenum and twenty-four ribs would be shattered.

After Sonia finished venting, she raised her head and hugged Ash's neck and said, "Promise me three things."

"Well, I'm listening."

“Can’t you agree first?” The head of the Claw Claw Club complained, “Normal people here are busy agreeing, right?”

Yaxiu blinked: “I have a psychological problem. UU reading [www.uukanshu.com](http://www.uukanshu.com) has a certificate from a psychic.”

Sonia sighed helplessly and said, “The first thing, before you go to see me in the country of stars, you are not allowed to stop, you are not allowed to start a family, you must always find a way to find the stars!”

Yaxiu nodded: “Okay, that’s what I originally planned.”

Sonia raised her eyebrows: “That means you started \*\*\*\* after me very early?”

Seeing that Ash was blushing because of this kind of question and didn’t dare to answer, Sonia finally felt that she had regained the upper hand. That’s right, she is the legendary magician of the love faction!

“The second thing,” she said, “before you meet me at the stars—”

“You are not allowed to fall in love.”

Chapter 609: 1st initiative

Ash was far from being as light as he looked.

This can be seen from the fact that he dragged it for five days.

Before entering the Void Realm tonight, he also specifically asked Igula to give him some spiritual miracles.

At that time, the fraudster looked at him with a very subtle look, as if he saw a Lala fat saying that he wanted to try whether the oil pan was hot.

In fact, Yaxiu just wanted some spiritual miracles to make him more brave, more decisive, kinder, and more confident.

Igula understood, and said that you go out and turn left to find Harvey. Harvey should have a little Snow White candy brought from the Blood Moon. The psychic does not provide drug use services.

At Ash's request, Igula reluctantly performed a special miracle on him: using fingers as a medium, directly touching the scalp, soothing the nerves of the brain, so that people can gain peace of mind... If it weren't for Igula's spiritual master, Ash would definitely think it was a head massage. .

But the effect of this spiritual miracle is indeed very good. Yaxiu feels that his heart is much calmer, and he is mentally prepared to face the worst situation, so he can face Sword Princess and Witch calmly.

There was no escaping, no dodging, and everyone's tacit unease was put on the table to talk about.

However, even though he had made many plans, when Jian Ji said, "You are not allowed to fall in love", Yaxiu still looked at a loss.

He pondered for a moment and asked, "Do you mean that I'm not allowed to fall in love with anyone?"

"Um."

"Like the An Nan you know in real life?"

"No."

“That witch who only met in the virtual realm?”

“No.”

“how about you?”

Sonia stared into his eyes and slowly shook her head: “No.”

Occupying the pit without shitting... This was the first reaction in Ash’s heart.

“Don’t think that I just want to limit you.” Sonia reached out and pinched Ash’s face, “Although it also means that... But more importantly, this is the only result that all of us can accept.”

“The witch won’t give up on you, and you won’t give up on us, but I can’t stand you maintaining a close relationship with others.” The head of the Claw Claw Club felt that one hand was not enough, and he directly stretched out two hands to hold Asher Face: “So there is only one answer – since you can’t

move forward, then retreat. Retreat until you are just friends with anyone, so you don't have to give up, the witch won't refuse, and I don't have to worry about it."

"There is one more precondition for your request," Axiu said with a smile on his face, ""Before I go to Fanxing to see you"—"

"That's right, as long as you see me in reality, then you don't have to continue to abide by this restriction." Sonia hummed: "That's why I'm willing—because I know that even if you and I are in a virtual world No matter how glued you are, or inseparable, it is the vanity of a castle in the air, and the wandering of duckweeds without roots. Falling in love with you in a virtual world is really an option that is not cost-effective."

Yaxiu blinked: "The price is not high, but you like it."

"I don't like it." Sonia stuck out her tongue and made a face, hesitated before saying, "Also, I also have to consider the witch's mood."

"Just as I would be sad when I saw you getting close to the witch, wouldn't the witch feel uncomfortable when she saw you being close to me?" She said softly: "If that's the case, then everyone should step back to the safe range, so... at least we can still can continue to be together."

“But your request is only to postpone our problem until the moment we meet.” Ash said, “At that time, we will still have to face it after all.”

“Don’t worry, because I will be by your side at that time. And at that time, I will definitely be stronger than you, and I will definitely be able to hold higher power.” Sonia’s mouth was slightly upturned, revealing a smile that made the stars pale:

“I’ll help you solve this problem completely. Then...”

Then, what will happen?

Gu Xi

Before Yaxiu asked how you wanted to solve it, Sonia continued: “Actually, my request is mainly aimed at your situation in reality! Can you guarantee that you will not mess around in reality?”

“I didn’t mess around at all!” Axiu justly defended himself, and then said weakly, “But if...”

"I know, I won't bother with you about An Nan and Yin Deng. After all, you really couldn't help yourself at that time." Sonia held Yaxiu's neck with both hands, gritted her teeth and said: " But you are now a sanctuary magician, so you won't be flooded by the golden river every day, right? You won't be enslaved every day, right?"

Ash shook his head: "That won't happen, but you know I've been taking risks all the time, and there are always contingency..."

"If you are really being controlled by someone again, then I don't blame you even if you have a relationship with someone!"

"real?"

"Fake!" Sonia stomped him fiercely, triggering the "Ice Crystal Slipper" to create frost everywhere, making Ash's soul cold. But she quickly calmed down, "But it's true, I can at least convince myself that I'm not angry with you. After all, you can't guarantee your own safety now, and you'll have to risk finding a way to enter the stars in the future, so there's no way you can make any higher claims to you. Require."

Are you just not angry with me...?

Yaxiu vaguely understood what Sonia meant. He stretched out his hand through Jian Ji's blood-red hair and gently stroked her face with the back of his fingers, "I understand, I promise you, try not to make you angry."

Sonia said lightly: "If you can lie to me, as long as I don't know, I won't be angry."

"Girls are contradictory, right?" She laughed softly: "On the one hand, she likes to hear false sweet words, and on the other hand, she hopes to hear honest confessions, even if it hurts herself."

"It's not contradictory," Ash said, "I can't control the feeling of liking someone. In the final analysis, I'm not good enough, but I'm not bad enough."

"I'm not good enough to hurt you, nor bad enough to deceive you."

Sonia shook her head: "I don't want to blame you this time, because I brought it on myself."

The red-haired Sword Princess raised her head, her eyes were misty, and she looked stubbornly at Yaxiu with her crystal clear eyes, and the corners of her mouth showed a pretended relaxed smile:

“Then let’s continue to torture each other like this.”

Seeing her like this, Yaxiu felt as if his heart had been hammered heavily, and his heart and guilt were entangled into an indescribably complex emotion. He looked back at Sonia seriously, lowered his head and kissed gently.

There was no entanglement, no in-depth, just swiftly passing by, but both of them became shy, and Yaxiu, who was in charge of taking the initiative, even looked away a little.

“Not counting the indecent assault you deliberately brought me to the Paradise of Dark Miracles,” Sonia asked, “Is this your first kiss?”

“That time I just wanted to kiss my face. Who would have expected you to suddenly turn around...” Yaxiu explained weakly, and nodded, “Yes.”

He didn't realize that I had the same thoughts as him that time... This discovery made the village girl feel very good, she chuckled: "Although there is no body temperature, no smell, and no mutual bite, I was the first one to take the initiative. people."

"This is my third request."

Even though Sonia's voice was still normal, her face was still blushing to the bottom of her ears when she said these words, "All your first initiative, leave it to me."

Ash looked at her in surprise.

Even though she was so embarrassed that she wanted to find a hole to dig in, Sonia still didn't flinch, she took the initiative to look at Yaxiu, maintaining her dignity as a legendary magician of the love faction. It's just that the soul will change a little with the emotional agitation, and her pupils are about to turn into the shape of love at this time.

Pfft.

Ash couldn't help laughing, then looked at her seriously and shook his head.

Sonia put her hands on her chest and snorted disdainfully, but she didn't hide the smile at the corner of her mouth at all: "I didn't force you at all, it was you who took the initiative to promise."

"Well, it's the viewer who fell under the charm of Miss Jian Ji and took the initiative to become the servant under the skirt of Jian Ji." Ya Xiu smiled slightly and lowered his eyelids: "So you can keep the third thing, just take it as it is. I owe you..."

Sonia glanced at him: "Are you apologizing? Then I accept it, but sooner or later you will regret your generosity today!"

Yaxiu looked at her quietly and said sincerely:

"thanks."

Sonia didn't respond and changed the subject: "Do you regret liking someone like me now? She's sensitive, suspicious, possessive, and unreasonable... If it were a woman with a big heart and didn't care about your messing around, maybe you don't need to bother. After all, you are already a sanctuary magician now, and it's okay to have dozens of lovers."

“I didn’t mess around, I just have some psychological problems...” Yaxiu defended again, and then said: “After all, the feeling of liking someone is beyond your control.”

“So, I actually doubt whether you can abide by the agreement.” He blinked, “Can you really guarantee that you won’t be in close contact with me in the virtual world?”

Speaking of which, Sonia was a little bit squeamish: “Not in these two days, after all, you kissed me just now.”

“Then in two days...”

“If I can’t help it in two days, then I will find a time when the witch can’t find it at all, and get in touch with you a little bit,” Sonia squinted at him: “Do you know what to do then?”

Yaxiu was stunned for a moment, then hesitated slightly: “...Rejecting you with dignity and awe, and maintaining my purity?”

“It’s in response to me!” Sonia lightly hammered Ash’s chest, “I just made these requests because I didn’t want the witch to be sad. Do you think I really want to draw a line with you? As long as she can’t see, then We can also fall in love secretly!”

Axiu blinked: “But aren’t you a double-standard dog like this?”

“Why,” Sonia pretended to be fierce and grabbed Ash by the collar: “Don’t you like it?”

Ash chuckled and whispered in her ear,

“Wang Wang.”

“Hmph, sooner or later I’ll put on a collar for you.” The head of the Claw Claw Club blushed, but said contentedly.

“But have you ever thought about a question,” Ash asked, “If witches follow your example...”

“I won’t give her a chance.” Sonia held his hand, her fingers clasped tightly without the slightest gap: “If she finds a gap in this, then she will win.”

To be reasonable, there is no time to spend alone in the virtual world exploration. If this rule is announced, they will definitely look at each other very closely, and there will be no gaps. But Jian Ji’s remarks actually gave her own tolerance limit – Yaxiu and the witch can only have fragmented, occasional, pure, and sneaky intimate contact at most.

At this level, you can just be jealous, not angry.

Of course, she and Ashe can only be like this, this gap is the same for everyone.

That is, a witch, she can be a little more tolerant. After all, she has a good relationship with the witch, and is willing to make certain compromises for the team. However, this is the limit. If you dare to foul in front of Jian Ji, then Jian Ji will slap you in the head.

But overall, Sonia still has the confidence to completely forbid the solo communication between Ash and the witch. She wouldn’t put forward proposals that would make her suffer. Even if there were loopholes, she would feel that she could plug them.

“Then let’s go to the witch and ask her if she is willing to accept this proposal, or if she has other requirements, or to discuss a better plan.” Ash said.

“Well, let’s go.”

After taking two steps, Yaxiu turned around and glanced at the hand that was being held by Sonia:

“Should this be...”

Sonia raised her head proudly, squinted at him, and said something very petty: “I’ll let go when I meet the witch.”

“You ah you ah...”

Sonia suddenly remembered something and asked, “You should know that there is a high probability that I will give you up directly? Don’t you think you can’t live without me?”

“How is that possible,” Ash said, “I was prepared that you would leave me before entering the virtual realm.”

“What are you going to do then?” Sonia asked, “Just let me go?”

“You really want to know?”

“Um.”

“Then you try to act like a spoiled brat with me?” Yaxiu had a whim.

Sonia looked at him unexpectedly and tilted her head, “Okay.”

She reached out and raised Ash’s chin, her tone was soft and pitiful, her proud smile was full of doting:  
“Just bully me and like you.”

Although it's not the same as the coquettish imaginary, Yaxiu still feels that he is being eaten to death, so he can only say honestly: "If you really leave, then I will still go to the country of stars to find you."

Sonia: "What if I'm already married by then?"

Yaxiu said: "If you are not married, then I will stalk you to save you; if you are going to marry, then I will smash the axle of your wedding car and \*\*\*\* you; if you are married, then I will kill you every time. I'll have an affair with you at night and sleep with you."

"You dog man," Sonia was angry and funny: "I never thought about letting me go, right? I was really bitten by a dog when I met you."

"If you really like something, a fool will let go."

Sonia pretended to be angry: "I'm not a thing!"

Yaxiu held back a smile: "Then what are you?"

“I’m...”

Sonia reached out and hugged Ash’s neck, gently biting his earlobe:

“Wang Wang.”

.....

...

Gospel, Isu Palace.

An Nan finished the field research two days ago and returned to work in Nabistin. Liz naturally continued to ask Sister An Nan to sleep with her, who was buried in Zi Moth’s arms at this time.

The great Queen rubbed her eyes and sat up, pushed away the doll on her body, and yawned to the bathroom to wash. Although there are maids in the palace, it is no problem for them to serve the queen to wash, wash and change clothes, but the sisters insisted that Liz can complete these daily chores alone. Liz can only act like a spoiled child and ask An Nan to help her.

They didn't want to make Liz a bear child.

Liz hadn't woken up yet, but when she looked in the mirror and listened to her sisters' narration of what happened in the virtual world, her eyes slowly widened, and she drank the mouthwash.

When Jian Ji and the witch proposed a new 'team affix', the witch naturally agreed.

Dia doesn't have the courage to destroy the relationship like Sonia, she is the one who most wants to drag it on.

And it is in her interest to postpone the issue, after all, Deya has to spend time mastering the \*\*\*\* of the 'Gospel'. Before using the 'gospel' for her own use, Diya could only rub her shoulders with Yaxiu, and did not dare to reveal the secret at all.

The witch sisters were naturally aware of Jian Ji's careful thinking, and understood that the red-haired girl never intended to give up Yaxiu, and when Yaxiu arrived at Fanxing, she might be locked in the small black room.

But firstly, Diya is actually a little guilty when facing Jianji, and it's okay to make a little concession here; secondly, when she masters the 'Gospel' god, Jianji is at most a legendary magician; thirdly, Ya The probability of Xiu Xian returning to the gospel is much higher than the probability of him finding Fanxing.

Whose little black house will Ashe live in then?

But here's a little problem...

Liz hurriedly dried her face and ran back to the bed to hug An Nan.

After waiting for half an hour, An Nan exited the virtual realm and returned to reality. As soon as the purple moth opened her eyes, she saw Liz staring at herself with bright eyes.

Gu Tu

Zi Moth sat up, lowered her head and kissed Liz's forehead, "Good morning, Her Majesty the Queen."

"Annan, I have a question for you!" Liz didn't hide it at all, "If Dad comes back, what are you going to do?"

"What do you mean?"

"Is that why you will have a baby with him?" Liz asked.

An Nan shook his head: "No, I don't really want to have children."

Then she gently rubbed Liz's little head: "But I know what you want to ask... I will have a baby with him, and then we will not be able to sleep with you. And I should not be able to use contraception, if there is, then let it be."

Liz asked, "What if Dad doesn't want to?"

Although Zi Moth's first reaction was 'how could he not be willing', but she thought about it seriously and did include this possibility in the plan, so she said: "If he is not willing, then he is not willing, I am with him now There is no contract binding... Even if there is, I will not dominate him anymore."

Liz blinked: "So Sister An Nan, will you give up?"

"Well..." Zi Moth showed a dangerous smile at the corner of his mouth: "When we meet again after a long absence, I invite him to have a meal alone, he can't refuse, right?"

"Dad won't refuse."

"It's in my house, he wouldn't mind, would he?"

"I shouldn't mind."

“Then I prayed for a “fanatical blessing” for him, and he couldn’t resist, right? ”

Liz was stunned. After connecting to the Gospel database, she naturally knew immediately what “Fever Blessing” was—a positive blessing that anyone could pray for through the Gospels. Impulsivity can even overwhelm reason.

An Nan noticed the change in Liz’s eyes, and knew that she understood, flicked the queen’s forehead, and said with a smile, “Axiu is actually a person who is easily influenced by the atmosphere, just pull him a little and give him another driving force...”

“I’m already a moth, how could he not burn for me?”

Oh huh.

Liz discussed with the witch sisters and confirmed that Ash should not be able to escape An Nan’s calculations. So she said to Zi Moth seriously: “Sister An Nan, you’d better be promoted to Sanctuary as soon as possible.”

“Huh?” An Nan was a little strange: “Second Wing’s strength can also satisfy my work.”

According to Jian Ji, she is not angry with Yaxiu, which means that her anger will only be vented towards the other side.

Liz said sincerely: “If you don’t get promoted to the sanctuary, I’m afraid you will be in danger.”

\*

Fanxing, Jianhua University.

As soon as Sonia opened the bedroom door, Adele, who was lying on the bed, stuck her head out: “Did you forgive him?”

The village girl blinked, and a thought popped up in her heart—could Adele be a fate magician?

“The news that you are elated is from the meditation building to the dining hall, from Jianhua University to the truth university, everyone knows it.” Lois looked away from the book, gave her a serious look, and nodded: “It was truly radiant and moisturised to the point of dripping with water.”

Adele said: “If you look at the school forum, you will find that the most popular posts are “Did Miss Servey just come back from a date?” “Jianji smiled at me!”.

Sonia was a little embarrassed by what they said: “Is it so serious?”

“If you were an indifferent glacier a few days ago,” Adele said, “then you are now a hundred thousand roses blooming on the glacier, bringing a new spring.”

Ingurit raised her hand: “Let me be fair.”

Sonia said, “Ingurit, you are the most fair, you will never tease them, tell me!”

“I went to my cousin’s wedding. She was not as happy as you when she was a bride.” Ingulet said: “Only when she goes on a date with her lover will she be as charming as you are now.”

“Ingurit, you’ve also learned badly, and you actually followed them, ignoring you!” Sonia turned around and left, “I’m off to training!”

After a while, Adele stuck her head out of the bed and looked at the balcony, and when she saw Sonia walking out of the dormitory area, she said, “What do you think?”

“I’m being played by a bad man in the palm of my hand.” Lois said calmly, “How else can I see it? I have no eyes to see.”

Ingurit was shocked: “Even Sonia will be played with her feelings?”

“Sanctuary magicians are also affected by body hormones.” Adele said faintly: “But this is the first time I have seen such a sweet Sonia, maybe she not only forgave the scumbag, but may even go a step further. Loy, what do you think?”

Lois closed the book, “It’s possible.”

“Going further?” Ingurit blinked, her serious face flushed: “You mean, Sonia has... kissed?”

“No, no, how could Sonia be taken down by a kiss?” Adele held up the glasses that didn’t exist: “From the perspective of my love legend, I’m afraid she has already been connected with a bad man...”

The swordsman girl tilted her head, her face showing confusion.

“Connect... what do you mean? Hold hands?”

Adele and Lois looked at each other with incredible shock in their eyes – Ingurit is also from a noble family, why doesn’t she even have a basic level of common sense?

Compared with Sonia, Ingurit is the real lamb, I’m afraid she will be easily taken down by scumbags!

With the great mission of enlightening her roommates, Adele beckoned to Ingurit: “Ingu, come up, I have some nice videos to recommend to you...”

\*

Weisser opened her eyes, and all she saw was darkness. Her neck was wrapped in green, like a vicious python that could be strangled at any time.

Yanbaihu, who was the makeshift bed, yawned and swept Weisse with his tail, urging her to get up quickly. However, Wesser was lying on his side, sinking on the fluffy tiger skin mattress, and Yan Baihu could only continue to lie down.

“They made up...” she whispered softly.

After the “Curse Affix: True and False Killing” ended, Jian Ji pulled the witch aside, and after a brief exchange, the team returned to calm. Although Weiser didn’t participate in this feast, he could see that the Sword Princess and the Witch should use the ‘joint retreat’ as the price in exchange for the team to move forward.

Although they once again returned to the teammate mode of respecting each other and no longer overstepped the rules, the relationship did not retreat because of this, but went further.

Weisser originally thought that this would definitely hurt them, but she didn't expect that a group of people who were unwilling to let go would actually be willing not to hurt others. In the past, she certainly couldn't understand their way of thinking, but now, she can vaguely understand the entanglement in their hearts.

Just like now, although she regretted that Yaxiu didn't break up with the Sword Princess and Witch, but when she heard that Yaxiu's tone was no longer as gloomy as a few days ago, she couldn't help but feel a little happy.

It's just that Ash's happiness has nothing to do with Silver Lamp.

I can only watch your life like a passerby, UU reading [www.uukanshu.com](http://www.uukanshu.com) is sad, your joys and sorrows are not for me.

You know it's just an illusion, you don't care about it...

"It turns out I still care."

She stared at the night in a daze, feeling that her eyes were getting more and more sour, but she just didn't need to wipe with her sleeves and let the tears escape along the corners of her eyes until her vision became cloudy. She didn't notice that the green twist on her neck was slowly tightening.

At this time, a square cicada suddenly glowed at the position of the flame white tiger's head. She looked over with her hazy eyes, and the golden light rippled in her condensed tears, like a golden river occupying her field of vision.

Gold River.

She wiped away her tears abruptly, and then bit her fingers lightly on her lips. The weakness in her eyes was swept away, replaced by infatuation and determination.

"Axiu..."

The twisted green no longer shrinks and returns to its original state.

“It turns out that I still care that you like other people,” she blushed and her breathing became shallow and fast: “but it doesn’t matter...”

“Because only I can get you.”

Sen Luo’s night is not yet bright. !!!
