

Chapter 608 Fawn Over The Bai Family?

Li Xian became dejected the moment she heard this. She broke out in tears of regret as it rolled down her eyes profusely. Besides, she knew if Lin Fan ever came to her house again, it would be for Li Xiuyun and not her. With her current status, she would never be able to associate herself with Lin Fan anymore for the rest of her life!

At that moment, Li Xiuyun glared at everyone furiously and bellowed, "Now, who else dares to criticize me for being ignorant and stupid, telling me that I've overestimated Lin Fan?"

A hush descended upon the place while bitter looks crossed everyone's faces. *Overestimate? We've obviously underestimated him.*

"Hey, don't get so worked up, old man," Wang Yanli advised immediately.

"Shut up!" Li Xiuyun blew his top completely as he pushed Wang Yanli

away and continued angrily, "If you hadn't taught our daughter the idea of looking down on the poor and fawning over the rich since young, she wouldn't have looked down on Fan! You used to say that I matched our daughter with the wrong man, but I think you just look down on Fan!"

Noticing Li Xiuyun had lost his temper, Wang Yanli dared not utter another word; she just cried in regret.

However, Li Xiuyun didn't let them off the hook easily. He continued to reprimand them angrily and said, "You guys—if it wasn't for my sake, Fan would have shot all of you dead for insulting him like that!"

Everyone just smiled awkwardly as shivers crept down their spines. It was a crime punishable by death for insulting a God of War!

Zhou Peize was consumed in a flame of

fury instantly when he noticed how Li Xiuyun admired his love rival, Lin Fan, so much. He retorted resentfully, "He's just a God of War. Just wait until Lin Zuo's wedding begins—if I manage to befriend Lin Zuo, no one can rival me, not even a God of War!" As he said that, he gazed at Li Xian affectionately. "Dear, trust me—I won't let you down! No matter what, I'll get Lin Zuo to appreciate my talent and let me be his trusted subordinate."

Li Xian stopped crying. She gazed at Zhou Peize and said, "Zhou Peize, you mustn't let Lin Fan beat you. I want you to crush his pride harshly under your feet!"

What? Li Xiuyun turned pale when he noticed that his daughter and son-in-law were still being foolish and insisted on redeeming their pride. Getting tired of persuading them, he shook his head in disappointment, stood up and walked away directly. *Do you think you can crush a God of War of China under your feet as you please? Stupid fools!*

Chapter 608 Fawn Over The Bai Family?

However, he didn't know that Lin Fan wasn't just a God of War; he was a Commander, which was way more powerful and terrifying than a God of War!

...

Meanwhile, the Bai Residence was merrier than ever. Friends, relatives and business partners who were all estranged from the Bai Family previously had gathered together at their family home now. The reason was simple—the Bai Family had received a wedding invitation from Lin Zuo.

“Old Master Bai, the Bai Family will prosper very soon! With Lin Zuo's favor, I think it'll be the Bai Family's turn to control the whole Jiang City in the future!”

“Yeah, that's right! I heard that even

those influential provincial politicians are not qualified enough to receive Lin Zuo's wedding invitation!"

"Old Master Bai, how did you guys get to know Lin Zuo?"

The guests showered Old Master Bai with all kinds of flatteries as their eyes filled with envy and admiration. After all, they knew the Bai Family would prosper and become powerful in the future after winning Lin Zuo's favor.

Right then, Old Master Bai couldn't stop beaming with glee. He said triumphantly, "I don't know why Lin Zuo offered an olive branch to the Bai Family either; maybe he sees a good future prospect in our family business!"

He didn't expect the famous and influential Lin Zuo to actually send a wedding invitation to a poor, miserable family like them. This was a golden opportunity for their family to become

powerful again!

With this wedding invitation, the Bai Family could do whatever they pleased in Jiang City in the future. Who would dare to mess with them again?

Indeed, when one door shut, another opened; they thought the Bai Family was doomed for good when they offended Lin Fan and Bai Yi before this. However, no one had anticipated such a silver lining and luck came knocking at their doors once again.

“Haha! Old Master Bai, don’t forget your old buddies after you become Lin Zuo’s trusted ally in the future!”

“Yeah, from now on, we’ll rely on the Bai Family’s support! We’ll be your lackeys and can do whatever you ask us to do!”

Businessmen from various industries in Jiang City took turns to flatter Old Master Bai with exaggerated

compliments and praises.

Now, every member of the Bai Family looked down their nose at the businessmen, acting very proud and arrogant like a bunch of beggars on horseback.

Nonetheless, one couldn't blame them for behaving like this; after all, Lin Zuo, one of the most powerful and influential people in China, favored the Bai Family. Their family would flourish and become wealthy in the future. They would be powerful and rise to the top of social hierarchy. Who else would dare to disrespect them again? Right at that moment, all of them felt as if they had climbed up to the top of the world and had become top elites, especially Bai Yifan.

Currently, Bai Yifan was being more haughty and snobbish than ever. He smirked while glancing at the bootlicking businessmen. He then

sneered, "Well, it's up to you guys whether you are smart enough to know what to do. If you guys are willing to be our lackeys and work for the Bai Family, I'm sure we won't mind giving you guys a hand after our family becomes powerful and rich."

Silence descended upon the house.

All the businessmen's faces froze into awkward rictuses after hearing Bai Yifan's insulting words. They struggled to curb the fury raging within their hearts. *How dare the young man start to put on such airs when everything hasn't even reached first base yet?*

However, they dared not voice out their dissatisfaction now even though they were angry. After all, the Bai Family was Lin Zuo's trusted ally now, and they couldn't afford to mess with the family.

Suddenly, an announcement was heard from the doorway. "Bai Yi and Lin Fan

have arrived!”

What? Members of the Bai Family looked grim when they heard the announcement. Their eyes were burning with rage.

Not just the Bai Family members, the guests in the house smiled teasingly too. They heard about the story before too. They were aware that Bai Yi, the granddaughter of the Bai Family, married a useless wimp. Ironically, it was exactly the same wimp who caused great losses to the Bai Family over and over again. *They actually have the nerve to come to the Bai Residence again now. Looks like there will be a great drama soon!*

“They have the nerve to come here after causing so many troubles to the Bai Family!” Old Master Bai snorted immediately with a hateful look on his face.

Now, they were not afraid of Lin Fan and Bai Yi anymore—they had won Lin Zuo's favor. With Lin Zuo supporting them, why would they be bothered about Bai Yi and the others again? From now on, Bai Yi couldn't do anything to harm them anymore! As all members of the Bai Family realized this, they behaved in a snobbish way and put on a disdainful look across their faces. They looked down upon Bai Yi and Lin Fan as though they were just some lowly bugs in their eyes.

“Grandpa, I'm sure Bai Yi and Lin Fan knew we received a wedding invitation from Lin Zuo, so they're here to fawn over the Bai Family.” Bai Yifan snorted in disdain as a triumphant look crossed his face. “How shameless they are for coming back here to fawn over us after causing so many troubles to the Bai Family! Grandpa, don't go easy on them!”

Go easy on them? Old Master Bai smiled coldly as he sai

d immediately, "I'm so ready to kill them. How can I go easy on them? Just wait until the Bai Family becomes powerful again; I will definitely make Lin Fan and Bai Yi pay a heavy price for everything they did to us! I'll take back all the properties which belong to the Bai Family!"

Just as Old Master Bai finished his sentence, Lin Fan and Bai Yi walked into the house hand in hand. The couple didn't want to set foot in this awful place at all. However, as the younger generation and because they were getting married, they had to personally invite the elderly relatives in their family to their wedding out of courtesy according to traditional wedding customs.

However, as soon as the couple stepped into the house, Old Master Bai glared at them before he bellowed furiously, "What are both of you doing here? Get out of my house!"

Chapter 608 Fawn Over The Bai Family?

Bai Yi was dazed. She never expected to be treated like this when she personally came to invite her grandfather to her wedding; her grandfather had scolded her even before she managed to step into the house.

Besides Old Master Bai, every member of the Bai Family glared at them angrily too at that moment. With a resentful and hostile look in their eyes, they looked as if they couldn't wait to skin Lin Fan alive.

“Lin Fan, you filthy couple still have the nerve of coming here again?”

“Hey, you filthy couple! Haven't both of you caused enough trouble to the Bai Family already? What are you doing here now? Have you come looking for trouble?”

Almost immediately, vicious insults and angry scoldings were heard echoing throughout the house continuously.

Bai Yi's face turned grim when she saw their reactions, and her heart sank into her boots. Her family had always wanted to reconcile with the Bai Family, but the Bai Family couldn't care less about making peace with them at all. They treated her family like dirt.

At the same time, Lin Fan smiled too. His smile was contemptuous and disdainful. *I'm afraid the people of the Bai Family won't learn from their mistakes until they meet their death!*

At that moment, Bai Yi struggled to suppress the raging fury in her as she said, "Grandpa, our wedding will be held at the Heavenly Nine Grandeur Palace three days later. I hope all of you can attend our wedding then."

As she finished, sniggers broke out around the house.

"Bai Yi, stop dreaming! You humiliated the Bai Family for so many years being

married to this useless loser. Now, you want us to attend your wedding? We don't want to humiliate ourselves!"

"Yeah, that's right! We are going to attend the mighty Lin Zuo's wedding three days later. Do you think we have time to care about a filthy couple like you?"

Seeming as though she knew something like this would happen, Bai Yi smiled coldly. "I've said what I have to say, so it's up to you guys whether you want to come or not!"

She was about to leave as she finished her words.

*What?*All members of the Bai Family exploded with anger when they heard this.

A grim look crossed Old Master Bai's face as he pointed his finger at Bai Yi and scolded, "Watch your tongue, b*tch! Our Bai Family has become a trusted ally of Lin Zuo now. We're no longer some weaklings which you can get rid of as you please anymore. If you dare to disrespect us again, I swear I'll make sure both of you die tragically!"

Old Master Bai was certain that the Bai Family would prosper and become powerful again. How dare Bai Yi be so

ignorant and anger the Bai Family now?

At the same time, Bai Yifan stepped forward with a sly wicked smile on his face. He looked at Bai Yi disdainfully and sneered, "Bai Yi, I'm not afraid of telling you this—we, the Bai Family, are now Lin Zuo's men. It's still not too late if you're sorry for your actions; it's not like the Bai Family can't forgive you as long as you kneel down, kowtow and apologize to your grandfather and divorce the worthless wimp beside you!"

Old Master Bai, who stood at the side, let out a loud and angry snort before he glared at Bai Yi.

"No thanks!" However, Bai Yi walked outside while dragging Lin Fan along with her without even looking back. Soon, they disappeared from everyone's sight.

All members of the Bai Family exploded

with rage.

“She is so arrogant! What an ignorant b*tch!” Old Master Bai was so furious that his body trembled violently. He had an urge to kill someone right now. Bai Yifan suggested a way for Bai Yi to make peace with the Bai Family, but she acted rude as usual and refused to comply. Besides, she even embarrassed him in front of the whole family! *Sh*t! That b*tch be damned!*

At the side, Bai Yifan smiled menacingly. “Grandpa, you saw that, didn't you? You just can't rely on a granddaughter. Apparently, Bai Yi doesn't care about you or the Bai Family at all—all she cares about is that worthless wimp.”

All members of the Bai Family exploded with rage when they heard this, and their eyes were filled with hatred.

“What do I care about her? If she wants

to die so badly, then I shall grant her wish! Wait until the Bai Family becomes powerful again, and I'll make sure she dies tragically!" Old Master Bai growled through his gritted teeth, overwhelmed with hatred.

...

Lin Fan and Bai Yi rushed to the Shen Residence without further delay after they left the Bai Residence. They planned to invite the Shen Family just as they invited the Bai Family.

Meanwhile, the situation at the Shen Residence was more or less the same as the Bai Residence. It was crowded with people and the atmosphere was merrier than usual.

"Dad, I heard Lin Fan and Bai Yi have gone to the Bai Residence. I guess they're trying to fawn over the Bai Family and take this opportunity to befriend Lin Zuo. Unfortunately, the two

losers were kicked out by the Bai Family! Haha!” Shen Jian gloated over Lin Fan and Bai Yi’s misfortune. Ever since the Shen Family received Lin Zuo’s wedding invitation, Old Master Shen called to ask him to return to the family. Now that Lin Zuo had their backs, they were not afraid of Bai Yi anymore. Hence, they need not stay away from Shen Jian any more.

Old Master Shen smirked when he heard this. He mocked, “I guess those two losers will come to fawn over us, the Shen Family, very soon. Sadly, it’s too late now. The current Shen Family is not someone they can acquaint themselves with anymore!”

Upon hearing that, all members of the Shen Family nodded with a smirk on their faces. They thought quietly to themselves about how they should throw Lin Fan out of the house later.

However, the wicked Cuiping smiled and

suggested, "Father, I think we can't let them go so easily. The Shen Family can use this opportunity to seek revenge against Bai Yi and redeem our pride for the humiliation we suffered previously!"

Eh? Everyone was silent instantly as they looked at Cuiping curiously.

Even Old Master Shen couldn't help but feel surprised by that. He asked, "What do you have in mind, Cuiping?"

A malicious smile crossed Cuiping's face as she explained immediately, "Father, I heard Bai Yi and her husband, the filthy couple, wanted to invite the Bai Family to their wedding. We can pretend to be nice and take them to Lin Zuo's wedding before dragging Bai Yi — who's in a wedding dress—to the center of the stage. Haha! What do you think Lin Zuo and his wife would do if they find out that some strangers are attempting to steal the limelight of their wedding?"

Chapter 609 We'll Attend!

Every member of the Shen Family was completely surprised by her suggestion. *If that's really the case, Lin Zuo and his wife will certainly blow their top! If a stranger like Bai Yi steals the limelight of the grandest wedding of the century they organized for themselves, would Lin Zuo and his wife let them get away with it? For people who don't know anything about the wedding, they might even think Bai Yi is the bride! Lin Fan and Bai Yi will die for sure!*

“Good! That's really great! My wife is so smart! This is a brilliant idea indeed!” Shen Jian burst out laughing. He was ecstatic.

“Great! Cuiping, your idea is pretty good. Let's do as you say!” Old Master Shen smiled menacingly as he continued, “This time, I want Lin Fan's and Bai Yi's heads on a platter!”

All of them agreed to set Lin Fan and Bai Yi up.

Chapter 609 We'll Attend!

Soon, Lin Fan and Bai Yi entered the house. As usual, they invited the Shen Family to their wedding politely without being too humble at the same time.

Lin Fan smirked as soon as he saw Shen Jian and Cuiping. "Uncle Shen Jian, Aunt Cuiping, long time no see! I can't believe you're still here at the Shen Residence."

Shen Jian and Cuiping exploded with anger the moment they heard Lin Fan.

Cuiping glared at Lin Fan immediately and scolded furiously, "Lin Fan, how dare you come here and talk nonsense after causing my daughter's death? I'll never let you get away with it!"

However, Lin Fan simply smirked. "Oh, I wonder whether it's you who won't let me go, or I am the one who won't let you guys go? I still haven't settled the score with the both of you for what you did to my father-in-law and mother-in-law in

the first place!”

Shen Jian and his wife laughed wickedly when they heard Lin Fan before they glared at him with an evil look on their faces. “That’s right, it was us who did that! We want to kill your whole family! What are you going to do to us about that?”

Now that the Shen Family had won the favor of Lin Zuo, even Bai Yi—the Leader of Jiangnan—couldn’t do anything to harm them. So, they behaved in a very haughty manner.

Bai Yi’s face became very dark and grim immediately. They almost killed her parents, yet they didn’t feel a slightest bit of remorse after all they had been through and even talked nonsense like that. She wondered whether they still had any moral conscience in them.

The more she thought about it, the more she regretted having invited these

Chapter 609 We'll Attend!

people from the Bai Family and Shen Family to her wedding. She thought her relatives were so despicable that they were unworthy of being a human at all.

“That’s enough!” Old Master Shen waved a hand and interrupted their conversation. Then, he stared at Lin Fan and his wife menacingly. “We will attend your wedding on one condition.”

“What condition is that?” Bai Yi frowned.

“We get to choose the venue where the wedding will be held.” As he finished, Old Master Shen rubbed his hands together excitedly; he behaved as though Lin Fan and Bai Yi were a dead couple in his eyes. He was determined to kill Lin Fan and his wife!

As for other members of the Shen Family in the house, they smirked with a malevolent look in their eyes. All of them were eager to see how Lin Fan would meet his tragic end.

Chapter 609 We'll Attend!

Bai Yi became slightly suspicious. She asked, "Where do you think we should hold the wedding?"

"Of course, it must be held at the Heavenly Nine Grandeur Palace, the best hotel in the entire Jiangnan Province!"

Eh? Lin Fan and Bai Yi were dazed when they heard the old man. Isn't that the exact venue where we're going to hold our wedding?

"Alright, sure!" Bai Yi agreed immediately..

What? She agreed to it? Old Master Shen and the others didn't expect Bai Yi would agree to their request so fast.

Almost immediately, all members of the Shen Family smiled maliciously as they looked at Lin Fan and Bai Yi in a sly, wicked way. *I bet those fools don't know that they are going to be in deep trouble soon.*

Chapter 609 We'll Attend!

Meanwhile, Old Master Shen laughed joyously. “Perfect! Don’t worry, my beloved grandniece—we will attend your wedding!”

Chapter 610 Lin Zuo's Wedding Officially Begins!

Bai Yi had a feeling that something was off when they walked out of the Shen Residence.

Hence, she looked at Lin Fan in puzzlement. "Lin Fan, don't you think they are being a little bit too friendly with us? Technically, we caused the death of Shen Ling and ruined the Shen Family, so they shouldn't be so nice to us."

Bai Yi was even ready to go back in disappointment today with the Shen Family's refusal to attend their wedding. However, the family agreed to attend and merely requested them to change the venue of their wedding.

"Did you notice that?" Lin Fan smiled too. "I'm sure they're up to no good again. Perhaps they're going to embarrass us at our wedding?"

Bai Yi was startled the moment she heard this. She said in horror, "Then,

Chapter 610 Lin Zuo's Wedding Officially Begins!

why don't we change the date of our wedding? Better yet—let's not invite them at all.”

However, a faint smile appeared on Lin Fan's face as he said unconcernedly, “Don't worry! Let's just relax and see how everything goes. It's fine if they behave, but if they dare to try anything funny, I'll make sure they pay a heavy price for that!” Lin Fan sounded cruel and unforgiving in his words.

...

Three days passed by quickly, and today was the day of Lin Zuo's grand wedding.

Both sides of the streets in Jiang City were covered with roses.

Every notable press and media in the city took turns to report about the wedding. It was reported to be the largest and most magnificent wedding of the century, as well as the only

wedding to be reported by the official government press in the history of China; all eyes were indeed on the wedding.

Meanwhile, Bai Yi was at home, busy dressing up herself carefully; she was wearing a gorgeous white wedding dress. She looked beautiful and elegant like an enchanted beauty from a painting.

Beside her, Shen Yumei couldn't stop wiping the tears from her eyes. "Bai Yi, you're so beautiful today! I'd never expected you to look so beautiful one day!"

"Look at you—why are you crying on such a big and prosperous day?" Bai Shan scorned annoyingly.

However, just as he finished his sentence, Shen Yumei glared at him in an irritated manner. "Look who's talking? I thought I saw someone hiding

in the corner and wiping his tears secretly just now.”

Bai Shan blushed the moment he heard Shen Yumei. He refuted immediately, “Nonsense! I had some sand in my eyes!”

The old couple were very excited; they never thought they would be able to witness Bai Yi have a decent wedding while they were still alive.

Despite the fact they had looked down on Lin Fan before this, they realized that even though he wasn't a very talented man, he was loyal to their family and would do anything for them after getting to know him for all this while. Besides, he almost got himself killed several times while defending them!

Lin Fan refused to leave them no matter how many times they had asked him to. He insisted on staying together with them, dead or alive. To have such a nice

young man as their son-in-law, what more could they ask for or be picky about?

Now, witnessing the wedding that was about to be held between Lin Fan and Bai Yi, they felt touched and willingly offered their blessings to the couple from the bottom of their hearts.

They felt relieved at the same time, as if the burden weighing down on their shoulders was finally lifted. After the wedding, Lin Fan would never leave anymore, and they would live happily ever after as a harmonious family. From now on, they couldn't care less about how others criticized Lin Fan and called him a useless wimp anymore.

Suddenly, their family nanny came running into the house with a horrified expression on her face, staggering a few times in the process. "Master, madam, Miss Bai Yi, something is going on!"

“What’s wrong?” The expression on Bai Shan’s face changed abruptly. *Did something unexpected happen?*

Bai Yi couldn’t help but frown too. *Are members of the Shen Family coming to mess with us again?*

“No, it’s—oh, I don’t know how to say it clearly! All of you should come out and have a look yourself!” The nanny uttered some gibberish that didn’t make any sense. She trembled violently and couldn’t even speak properly; she just kept pointing her finger at the door.

Bai Yi and her family rushed to the door immediately, feeling nervous and worried at the same time.

Outside of the house, all the neighbors focused their attention on Bai Yi’s house nervously. An envious and surprised look flickered in their eyes.

They stepped forward immediately as

soon as Bai Yi and her family came out, trying to flatter them.

“Yumei, s-since when has your family become rich?”

“Bai Shan, you’re not being too polite with us, eh? How can you lie to us about your family’s prominent status?”

“Bai Yi, we looked down on you and your family before this; we shouldn’t be looking down on Lin Fan and your family at all. It turns out that he’s the real powerful man among us all! We were wrong! We apologize to you now, so please don’t be mad with us!”

The neighbors showered Bai Yi and her family with flatteries; they couldn’t hide the envy and excited look in their eyes.

Eh? Their words baffled Bai Shan and his family completely. “What are you guys talking about? We don’t get you at all!” Bai Shan and his family were very con

fused. They couldn't understand their neighbors at all!

"Stop pretending; they're here to fetch all of you. Look!"

Bai Yi looked toward the direction pointed by their neighbors immediately.

All three of them were dumbfounded instantly.

Several helicopters landed in front of them along with countless luxury cars. All the helicopters and cars had the auspicious word 'married' attached on them. The transportation vehicles lined up neatly outside of their house, and it was an extremely splendid and impressive sight to see—especially the helicopters!

Bai Yi and the others noticed that those were military helicopters the moment they saw the vehicles. *Fetching the bride with military helicopters? We are not dreaming, are we?*

Chapter 610 Lin Zuo's Wedding Officially Begins!

At that moment, Bai Yi and her family had the shock of their lives; they didn't even dare to believe that those helicopters were here to fetch them. *Was Lin Fan really capable of sending a parade of military helicopters to pick us up for the wedding? An illusion! This must be an illusion!*

However, Long Jiu came down from a helicopter and hurried toward Bai Yi at that moment. He asked politely, "May I ask if you are Miss Bai Yi?"

Woah! Are they really here for me? Bai Yi was completely dumbfounded. She recognized the elderly man immediately the moment she saw him; he was the Commander-in-chief of Jiangnan, a well-respected and notable elite from the military world.

Did he just personally come to fetch me for the wedding? This is crazy! At that moment, Bai Yi felt as though she was going to lose her mind because ev

Everything that was happening right now was way too unbelievable!

The next minute, she asked in disbelief with a stupefied look on her face, "I'm Bai Yi, m-may I ask... w-why are you looking for me?"

Long Jiu said with a polite smile on his face, "We've come to invite you to the wedding at Mr. Lin's instance!"

His words caused a great stir among the crowd. A shocking look of surprise and disbelief flickered in everyone's eyes. *Lin Fan! Is it really Lin Fan? How can this be possible? Lin Fan is just a live-in son-in-law. How is he capable of doing something like this?*

Upon seeing this, the neighbors regretted the way they used to treat Lin Fan. *After all, it turns out that Lin Fan was just pretending to be a useless wimp; in fact, he's the most powerful and prominent man of all time! Yet, we used to look down on him before this. How ignorant and stupid we are!* Now, they had a feeling that they let a golden opportunity of becoming rich slip

“It’s a mistake! All of you must have made a mistake! My husband isn’t capable of doing something like this!” Bai Yi shook her head frantically. She could never believe that all of these were Lin Fan’s plans. After spending three years together with Lin Fan, she knew him very well. How could he have the power to make Long Jiu come fetching her to the wedding with his team using a parade of military helicopters?

“Yeah! Mr. Long, you must have made a mistake! I don’t think we’re qualified enough to enjoy such honor and privilege,” Bai Shan chimed in with a bitter smile on his face. He thought it was impossible too.

However, Long Jiu shook his head while smiling. “Mr. Bai, if all of you are not qualified for such treatment, I believe no one else in the world will have such

honor anymore!" Without waiting for Bai Shan and his family to continue, Long Jiu urged, "Mr. Lin reminded me to keep this a secret. So, I'll let him explain everything to you himself after all of you arrive at the wedding later."

Bai Yi and her family were very surprised and shocked. They were overwhelmed with intense puzzlement; it lingered within their hearts and wouldn't go away.

Then, they got into the helicopter, feeling worried and anxious. Soon, the helicopter headed toward the Heavenly Nine Grandeur Palace. Lin Zuo's wedding had officially begun!

...

Meanwhile, members of the Bai Family and Shen Family arrived at the wedding too. They looked so ecstatic that they couldn't hide the excited look in their eyes. Besides, they even ordered their

female relatives to win Lin Zuo's heart no matter what; today, they must do whatever they could to attract Lin Zuo's attention. They wouldn't mind even if they could only be his mistress. It was a great fortune for them if they could be the mistress of such a powerful and wealthy man.

Therefore, all unmarried girls from both families wore extremely revealing dresses today. They basically exposed every part of their bodies which could be exposed. All of them dreamed of becoming rich and being on top of the social hierarchy.

They were completely dumbfounded as soon as they arrived at the ballroom. Everything they saw in front of them could only be described with the word 'extravagant'.

The wedding was luxurious, extravagant, magnificent and splendid—just like a king's wedding.

Chapter 610 Lin Zuo's Wedding Officially Begins!

All the cutleries and dining sets were made of pure gold; what was more, the wedding aisle where the bride and bridegroom would walk on was paved with diamonds!

All the girls had lost their minds completely! They were willing to reduce their lifespans by twenty years if they could have such a grand and splendid wedding in their own lifetime!

At that moment, Li Xiuyun and the others arrived too. Envy and jealousy filled Li Xian's eyes when she saw all the exceedingly luxurious decorations there. "This is so magnificent! I'm afraid I won't have a chance of enjoying such a luxurious wedding my whole life!" This was supposedly every girl's dream wedding ceremony!

However, Li Xiuyun sneered at Li Xian with a smirk on his face. "Your husband is pretty awesome, isn't he? Why don't you get him to organize a wedding like this for you? As the young heir of a prosperous business corporation, I suppose it's a piece of cake for him to do so, right?"

*Damn the old b*stard!* Zhou Peize cursed to himself secretly the moment he heard Li Xiuyun. *How can it be possible for me to be so profligate and spend so much money on a wedding? You need a minimum of ten million just to reserve a ballroom for a wedding at the Heavenly Nine Grandeur Palace, not to mention the exaggeratedly extravagant wedding decorations! T*

ogether with the decorations, you'll need a minimum of a few hundreds of millions for that! Spending a few hundreds of millions on a wedding—do you really think your daughter is made of diamonds?

Li Xian smiled bitterly when she noticed that Zhou Peize had remained silent without saying a word. Clearly, she knew what he was thinking about now too.

Soon, a festive-looking helicopter painted entirely in red flew above their heads; everyone was shocked when they saw it!

“The wedding parade which was sent to fetch the bride has returned! The First Lady is here!”

Everyone raised their heads immediately in excitement. They were anxious to find out exactly what kind of a lady would be so fortunate to have the

Chapter 611 Lin Fan, Is Lin Zuo?

mighty Lin Zuo fall in love with her. The helicopter landed at the back of the courtyard. Bai Yi and her family were shocked by what they saw again just as they came down from the helicopter.

There were over thousands of bridesmaids and waiters lining up neatly on both sides in front of them. All of them bowed to Bai Yi politely.
“Welcome, Mrs. Lin!”

Bai Yi was so shocked that her face turned as white as a sheet. She shook her head frantically. “It’s not me! It can’t possibly be me! All of you must have made a mistake!” Who was she to be so fortunate to allow thousands of people to serve her in such an extravagant way? She absolutely didn’t believe that she had such capability and talent at all!

Beside her, Long Jiu smiled too. *If Bai Yi knew what Lin Fan has done for her, I suppose she’ll be even more shocked.* Today, Lin Fan had mobilized all resources of the whole province to organize a wedding for her! Today, he managed to make up to Bai Yi for everything

he had failed to do in the past three years.

“Miss Bai Yi, there’s no doubt about it anymore! You’re the main heroine today! Mr. Lin is the one who planned all of these! You have to hurry up and enter the ballroom—don’t keep the guests waiting!” Long Jiu urged with a gentle and kind expression on his face. Then, he held Bai Yi’s hand immediately without waiting for her reply and marched into the ballroom.

However, when they reached the lobby, they suddenly bumped into Shen Jian and Cuiping. Both of them were dazed for a moment when they saw Bai Yi before a sly wicked smile crossed their faces simultaneously.

Then, the couple took a big step forward and pushed Long Jiu away. Both of them held Bai Yi’s arms on each side. “Bai Yi, we’ll take you into the ballroom!”

Eh? Long Jiu was outraged after being pushed aside by the couple like that. He asked angrily, "Miss Bai Yi, who are these two people?" As the Commander-in-chief of Jiangnan, he had never been insulted by anyone like this before.

Bai Yi explained with a bitter smile on her face, "They are my uncle and my aunt."

This gave Long Jiu a shock instantly. He quickly calmed himself down and suppressed the contempt within him. He flattered cheerfully, "Miss Bai Yi, if they are your family, then I shall let them take you into the ballroom!" *Miss Bai Yi's relatives are Lin Zuo's relatives too. I mustn't upset them!*

"Now that you know who we are, you have no business here anymore; we can take it from here now. You can go!" Cuiping urged impatiently before she directly dragged Bai Yi away.

Meanwhile, at the wedding, everyone was staring attentively at the aisle. A hush descended upon the ballroom. Everyone was very nervous as they hoped to see the couple eagerly. All of them looked very excited and ecstatic! They could see Lin Zuo very soon! They could see that mysterious man any minute now! Now, members of the Shen Family and Bai Family didn't even dare to blink their eyes; they were afraid that they might miss something once they blinked.

Not long after that, the emcee strode to the center of the stage in excitement and exclaimed loudly, "Next, let us welcome our bride for today's wedding!"

She's here! She's finally here! Everyone in the ballroom was overwhelmed with thrill and excitement. All of them held their breaths and stared at the furthest end of the aisle attentively.

At the same time, all members of the

Shen Family exchanged glances with each other and smiled wickedly. *s going to die very soon!*

“Bai Yi, what are you still waiting for? Hurry up and go out there!” At the other end of the aisle, Shen Jian and his wife kept urging Bai Yi to walk on the aisle.

Bai Yi had an uneasy feeling while looking at the huge crowd. She then asked, “Is this really for me? I don’t think it’s possible! Perhaps they’ve made a mistake?”

Cuiping and Shen Jian’s expression changed abruptly the moment they heard her. They then smiled slyly. “How can they possibly make a mistake? Look, they’ve written ‘Congratulations Mr. and Mrs. Lin on your wedding’, haven’t they? Of course, it must be you!” As they said that, they pushed Bai Yi out on the aisle harshly without giving her any chance of rejecting them. Bai Yi staggered unsteadily and almost fell on

the floor. At the same time, she was exposed in front of everyone.

“Bai Yi? How is this possible?”

All members of the Bai Family were perplexed after they saw Bai Yi. *The First Lady is Bai Yi? Then, Lin Fan is Lin Zuo? This is impossible! An illusion! This must be an illusion!*

At that moment, every member of the Bai Family was shocked. *Why has Bai Yi shown up here? Furthermore, she's walking on the aisle in a wedding dress! Is she the First Lady? How can this be possible?*

“Old Master Bai, tell me that I'm dreaming and this is not real!” A younger member of the Bai Family cried in despair hysterically. *How dare we insult the First Lady, Lin Zuo's wife? Damn! It serves us right to be doomed!*

“How did this happen?” Old Master Bai's

body trembled violently too. Finally, he realized why Lin Zuo had sent a wedding invitation to a small, insignificant family like the Bai Family—this was because Lin Zuo was Lin Fan. At that moment, he just stared blankly in front of him. Shock, horror and disbelief flickered in his eyes.

Lin Fan! The worthless, wimpy live-in son-in-law of the Bai Family is Lin Zuo? They couldn't believe their eyes! Bai Yi is the First Lady, while Lin Fan is the mighty Lin Zuo of China!

Everyone was shocked! In particular, Bai Yifan's face had become distorted out of extreme shock and horror. He bulged his eyes so hard they became bloodshot red. *Lin Fan is Lin Zuo? Was I actually trying to kill Lin Zuo before this? I'm so stupid! I'm such a foolish idiot!* He kneeled down on the floor immediately with a loud thump and grasped the bottom of Old Master Bai's trousers tightly. He begged desperately, "Grandpa, help me! Please save me! I don't want to die!"

Chapter 611 Lin Fan, Is Lin Zuo?

Recalling all the wicked things he did to Lin Fan and his wife before this, Bai Yifan realized that what awaited him now would only be death. With Lin Zuo's capability, only a simple command was needed to end his life—just like the way one crushed an ant using only a finger! He regretted his actions very much! He was scared out of his wits too!

However, a bitter look crossed Old Master Bai's face as he said, "The Bai Family can't even save ourselves now, so how are we supposed to save you?" The Bai Family had rejected Lin Zuo's invitation and even insulted him. Therefore, they were going to end up just like Bai Yifan.

Not just him, but a look of despair appeared on the faces of the other Bai Family members now. They had almost lost their minds! They let a golden opportunity of becoming rich and

powerful slip through their fingers again! Moreover, the one they rejected this time was the mighty Lin Zuo!

All the guests exploded with excitement as soon as they saw Bai Yi appear before their eyes. Then, each and every one of them kneeled down quickly. An excited look of admiration appeared on their faces as they cheered loudly at the same time. "Welcome the First Lady! Congratulations Mrs. Lin on your wedding day! We wish you a happy and auspicious marriage!"

At that moment, Bai Yi was so excited that she felt her whole body convulsing violently in an uncontrollable manner. However, that was not the end of it. The screen on the stage turned on at that moment, and it featured a helicopter live streaming situation from around the city while flying high above in the air, overlooking the entire city. Cheers were heard everywhere wherever the helicopter passed by.

Chapter 612 Bai Yi Is Doomed!

*Congratulations from the whole city?
What a shocking sight!*

The eyes of Li Xian and other women nearly popped out of their sockets, for even a superstar didn't have such an honor. Then, the image on the screen changed again.

"Yunlan City sends their congratulations to Mr. Lin and Mrs. Lin on their wedding!"

"Qingzhou City sends their congratulations to Mr. Lin and Mrs. Lin on their wedding!"

"Xiushan City sends their congratulations to Mr. Lin and Mrs. Lin on their wedding!"

Good wishes from residents from all across Jiangnan were being sent for the couple!

One after another live broadcasts were

presented before her eyes, flooding her with congratulatory words. The sight made Bai Yi's hair stand on end, as she couldn't believe what she saw. *he right to be congratulated by the whole Jiangnan on my wedding? These are good wishes from the whole province that we're talking about! This is simply incomprehensible!*

All women would go crazy over it. She even felt as if she was dreaming. When she saw the champagne-colored roses all over the venue, she burst into tears. *It's Lin Fan! It's really Lin Fan!*

He was the only one who knew that her favorite flower was the champagne-colored rose. She had been waiting for this belated wedding for a long time, so long that she no longer expected it. However, the day finally came to her in such an unexpected way.

She couldn't believe that the bigwigs from all over Jiangnan gathered here to

Chapter 612 Bai Yi Is Doomed!

congratulate her on her wedding. She didn't even expect that everyone in Jiangnan would congratulate her, as if she were a superstar in the limelight. At this time, she finally realized that she had seen the silver lining, for Lin Fan had fulfilled his promise. She had now become the happiest woman in the world, and she nearly passed out from the shock of happiness. She would have no regrets even if she died on the spot.

Meanwhile, Bai Shan and Shen Yumei were also shedding tears of joy, as they felt happy for their daughter. However, the happiness didn't last long.

Old Master Shen suddenly smiled viciously and gave Shen Jian and Cuiping a look, upon which the couple replied with a malicious smile. Then, Shen Jian stepped forward and yelled loudly, "Bai Yi, how dare you pose as the First Lady?! Are you disrespecting Lin Zuo and Mrs. Lin?"

Chapter 612 Bai Yi Is Doomed!

These simple sentences immediately shocked everyone in the audience.

P-Pose as? When Shen Jian finished speaking, everyone was stunned on the spot, as there was a look of disbelief on everyone's face. Could it be that this woman before us is not Lin Zuo's wife? In an instant, they were shocked. Isn't she looking for her own demise by posing as Lin Zuo's wife?

Lin Zuo had spent a lot of time and effort to hold such a grand wedding for his wife, and the whole Jiangnan even congratulated her, but a strange woman ended up being the one to enjoy all these. *What would Lin Zuo think? How furious will the true First Lady be?* They couldn't believe it at all. Then, everyone stood up together with darkened expressions on their faces and stared at Bai Yi coldly.

Meanwhile, Bai Yi and her parents also felt a chill running down their spines.

Chapter 612 Bai Yi Is Doomed!

Bai Yi asked in horror, "Is this wedding not meant for me?" *or me. Could it be that he really made a mistake? Is this Lin Zuo's wedding?*

"What a joke! Who do you think you are? Have you forgotten what kind of trash your husband is? Can he make the whole Jiangnan send their congratulations simply for his wedding?"

Cuiping laughed wildly and stared at Bai Yi with a venomous expression on her face as she said, "This is a wedding specially planned by Lin Zuo for the First Lady. How dare you pose as her? Bai Yi, you are doomed! Hahaha!"

Bai Yi instantly went pale and fell to the ground, crying. "No! I didn't mean it. I didn't mean to pose as her! I-I just didn't know..." So, it turned out that this was arranged by Lin Zuo for the First Lady, and she was the one who had been dreaming.

Chapter 612 Bai Yi Is Doomed!

How can I be so blessed to be congratulated by the whole Jiangnan? I'm too naïve! I'm so naïve to think that Lin Fan is capable of hosting such a top luxury wedding!

"It's the two of you! The two of you deliberately put me in such a situation!" Bai Yi cried and accused Shen Jian and his wife. She understood everything now. It was no wonder the Shen Family wanted to arrange the venue for her wedding banquet. Furthermore, it had occurred as strange to her when Shen Jian and his wife would take her here so kindly. It turned out that they all wanted to put her to death through Lin Zuo. At this moment, she had been indeed defeated.

"Hahaha!" Shen Jian and his wife laughed sinisterly; they naturally would not admit it at this time.

Right then, Shen Jian merely said matter-of-factly, "Bai Yi, are you trying to

Chapter 612 Bai Yi Is Doomed!

drag us into this after you're being exposed as an impostor? It's unfortunate for you that the masses have sharp eyes. Everyone knows what is going on."

Upon hearing this, the anger on the faces of the bigwigs grew even more. Meanwhile, every one of Bai Family members had also recovered from the shock, as there was a vicious grin on their faces.

"Grandpa, did you hear that? Bai Yi, the b*tch, is not the First Lady. She is an impostor!" Bai Yifan said and laughed, his face full of joy.

"Like I said, how could Lin Fan—that piece of trash—possibly be Lin Zuo?"

Old Master Bai also snorted coldly as his face instantly darkened. He said, "How dare she pose as the First Lady! This b*tch is really seeking her own death!"

Chapter 612 Bai Yi Is Doomed!

All the Bai Family members breathed a sigh of relief at this moment. Then, strong contempt and ferocity appeared on their faces. They also thought that this must be a mistake, for that piece of trash, Lin Fan, had been like a dog in their family in these three years, so how could such a guy be Lin Zuo?

On the side, Zhou Peize also guffawed as he said, "Who is this idiotic woman? How dare she sabotage Lin Zuo's wedding? Does she have a death wish?"

"That's right! Who does she even think she is to deserve to marry Lin Zuo? Lin Zuo's wife must be an outstanding woman!" Li Xian also snorted coldly as she shot a look of disgust at Bai Yi.

At this time, even Li Xiuyun shook his head. The girl in front of him looked fine, but she was too self-righteous. The First Lady was not someone that anyone could pose as. *Lin Zuo is not an idiot, how could he not know his wife?*

Chapter 612 Bai Yi Is Doomed!

At that moment, everyone was condemning Bai Yi, and the harsh insults pierced Bai Yi's heart fiercely, making her pretty face turn completely pale. "No, I really didn't! I was framed!" Bai Yi was already crying so hard that her makeup was smudged by her tears. She fell to the ground feebly, feeling desperate and helpless under the cold gazes from the people in front of her.

"Bai Yi, stop pretending! It's a foregone conclusion. You are doomed!" Cuiping laughed wildly, her eyes full of hatred. *Shen Ling, do you see this? I took revenge for you! Bai Yi and her family must die today!*

"Come on! Let's catch this b*tch, the First Lady impostor!" Old Master Shen shouted angrily, staring at Bai Yi maliciously.

A group of Shen Family members walked toward Bai Yi with vicious grins on their faces.

Chapter 612 Bai Yi Is Doomed!

"No one can hurt my daughter!" With a roar of anger, Bai Shan grabbed a table knife and stood in front of Bai Yi, glaring at everyone present with bloodshot eyes. He looked like he was desperate to protect his daughter.

"Bai Shan! I'm telling you, Bai Yi has already gotten into a huge trouble. If you dare to intervene, even you will be implicated and get your family ruined!" Old Master Bai roared, his expression dark.

However, Bai Shan replied, "I believe in my daughter. She was framed! She would never do such a thing!" He gritted his teeth as he thought, *This must be the Shen Family's doing!* The Shen Family wanted to harm them and to destroy them, but he would never let it happen. Even if he had to fight with them at his old age, he would never let them lay their hands on her!

Meanwhile, Shen Yumei was trembling,

but she also took a fork and stood stubbornly in front of Bai Yi.

"Dad! Mom! Go away! I was too stupid, so I can't blame anyone for this!" Bai Yi broke down in tears. She had already accepted her fate. Lin Zuo and Mrs. Lin must be furious that she posed as the First Lady. She was as good as dead now, but she didn't want to drag her parents down into this mess.

"What a stubborn man. Since you have a death wish, do as you like then!" Old Master Bai said in disgust. Then, he simply ignored him and commanded, "What are you all doing standing there? Do it! Send them to the netherworld!"

However, as soon as he finished speaking, a voice that sounded extremely furious was heard coming from the deepest parts of the passage. "I will kill whoever that lays their hands on them!"

Chapter 613 She's Really the First Lady!

Huh? Everyone was shocked as they then looked at the deepest parts of the passage and saw a man walking out with a murderous face. He was exuding a strong and ferocious aura, a domineeringly arrogant air hanging around him.

"Fan?"

Li Xiuyun was stunned the moment he saw Lin Fan. Immediately, he had a bad feeling in his heart. *Does Lin Fan know this unlucky family and even wants to speak up for them? This won't do! Even if he is a God of War, he would still be as good as dead if he offended Lin Zuo!*

"Fan, don't be nosy!" Li Xiuyun hurriedly shouted at Lin Fan, for fear that Lin Fan would do something to sabotage his bright future.

However, Lin Fan merely glanced at him nonchalantly and said in a steady voice, "That's my wife, my mother-in-law, and

Chapter 613 She's Really the First Lady!

my father-in-law. How can I not intervene?"

Lin Fan's words shocked Li Xiuyun and the others to the core. *Is this woman Lin Fan's wife?*

"Hahaha! Uncle Li, is this the man you want as your son-in-law? He and his wife actually dared to pose as Lin Zuo and Mrs. Lin. He will definitely not be able to keep his position as the God of War this time! If Li Xian really marries him, your whole family will be dragged into this mess by him!"

Zhou Peize laughed wildly. He was so excited that he even wanted to clap his hands. Without him taking any action, Lin Fan would bring death upon himself now. His wife had gotten into a huge trouble, and he would be definitely dragged into this. So he would definitely not be able to keep his position as the God of War.

Chapter 613 She's Really the First Lady!

"God of War? I think he'll be dead soon!"
Li Xian also gloated and laughed happily at their misfortune. In her opinion, Lin Fan was already doomed.

"Lin Fan, you coward. So you're finally here, eh? I was worried you would run away! Now that you're here, you and your whole family can go to the netherworld together now!" Cuiping said with a vicious look on her face and a strong hatred in her eyes. It was as if she wished to cut Lin Fan into pieces right then and there.

She was not the only one, for the Shen Family and the Bai Family members also sneered with contempt at this moment.

Lin Fan is here, but what can this piece of trash do? He's just here to die with them!

At that moment, the members of the two families were staring fixedly at Lin Fan with looks of viciousness and

Chapter 613 She's Really the First Lady!

schadenfreude.

Upon seeing Lin Fan's appearance, Bai Yi was not at all happy, for she cried out, "Lin Fan, leave now! Go!"

However, Lin Fan turned a deaf ear as he squatted down, held her in his arms, and said with a smile, "It's our wedding today, how can I leave?"

What?! Upon hearing this, everyone was completely stunned! They all wondered if they had heard it wrong.

Not only was Bai Yi digging her own grave, but even her husband also has an exaggerated opinion of his own abilities? How dare he say that this is his wedding?

Bai Yifan laughed wildly. He was manic with excitement as he said, "Lin Fan, how dare you say that Lin Zuo's wedding is yours? You are so reckless! Let's see how you will be killed when Lin Zuo arrives! Hahaha!"

Chapter 613 She's Really the First Lady!

Meanwhile, Li Xiuyun slumped down onto the ground, looking as if he had grown ten years older in an instant. He shook his head with his eyes full of tears as he said, "It's over. Everything is over now!"

Now that Lin Fan had said those words, the situation would be irreversible now. If Lin Zuo knew that he was so arrogant, he would definitely not spare his life.

At the moment, Bai Yi was also breaking down in tears as she said remorsefully, "It's all my fault! It's all my fault! I'm the one who dragged all of you into this!"

She now also felt that the reason Lin Fan said those words was that he planned to face the consequence together with her and her family.

The guests at present also shook their heads and sneered.

Chapter 613 She's Really the First Lady!

This family sure is bold. First, she posed as the First Lady, and then he posed as Lin Zuo. They are really asking for trouble!

Old Master Shen also smiled balefully as he stared at Lin Fan and his family, saying, "It's not your wedding today, but your funeral! Catch them, and hand them over to Lin Zuo!"

At this time, not only the Shen Family, but also the Bai Family, Zhou Peize, and all the bigwigs present ordered their bodyguards to capture Lin Fan and his family.

This is a great opportunity to take credit from Lin Zuo! How can we miss it?

But at this moment, an extremely angry voice was suddenly heard saying, "Don't any of you dare touch them!"

What?! Upon hearing this familiar voice, everyone immediately looked back and saw Lon

g Jiu, with a group of senior members of the Long Family, quickly walking toward them. Each of them had dark looks on their faces as they exuded a murderous intent, seeming to be furious to the extreme.

Their appearance shocked everyone present, as they all became uneasy in an instant. This was because they all knew that Lin Zuo had given full authority to the Long Family to make arrangements for the wedding banquet on this day. In other words, Long Jiu was the representative for Lin Zuo now.

They're doomed! Lin Fan and his family are doomed!

At this time, everyone noticed that Long Jiu and the others were very angry, so they made way for him in fear.

As for the Shen and Bai Families, they all laughed gloatingly.

Chapter 613 She's Really the First Lady!

Right after that, the heads of the two families walked toward Long Jiu together with a flattering smile on their faces.

"Mr. Long, you've come just in time! This shameless couple actually dared to pose as Lin Zuo and Mrs. Lin. They deserve to die. Please don't let them get away with it!"

"Mr. Long, this has nothing to do with the Bai Family! You can do whatever you want with them. We will never interfere!"

They were not the only ones feeling ecstatic, for Zhou Peize, who was standing at the side, became increasingly excited and overjoyed as well.

Long Jiu looks like he wants to tear Bai Yi and Lin Fan into pieces. How dare that damn Lin Fan embarrass me like that before the Li Family? Karma has finally bitten him back! How dare he try to steal

my woman? Poor him, for he's about to die a premature death.

Now that Long Jiu had arrived, Lin Zuo must be nearby.

At this time, everyone felt that Long Jiu must be here to teach Lin Fan a lesson. Their approaching footsteps were the death knell from hell for the couple.

Upon hearing the words of the two heads of the families, Long Jiu's expression became even more ugly. "Great! Wonderful!" He gritted his teeth, looking like he wanted to kill people on the spot. He couldn't help but quicken his pace toward Lin Fan.

He is angry! He is really angry!

The members of the two families were ecstatic when they saw that, for they couldn't wait to hear the miserable wailings of Bai Yi and her family.

However, Shen Jian and Cuiping's

expressions changed drastically at this time, as they recognized the old man in front of them at a glance. He was the one who led Bai Yi into the venue.

"Dad, w-who is he?" Shen Jian asked anxiously, already having a bad feeling in his heart.

Old Master Shen immediately frowned, looking disappointed. "He is the Commander-in-chief of Jiangnan, Long Jiu. He personally came to give us the wedding invitations. How can you not even know him?"

Upon hearing this, Shen Jian and Cuiping were stupefied; the thing that caused them to feel this uneasy had come true.

"Oh no! Dad! That's not good!"

Cuiping burst into tears at once as her whole body trembled, whereas Shen Jian slumped down to the ground with

an ashen face.

Obviously, the pair had realized something. *Long Jiu is the organizer of this wedding of the century, but he brought Bai Yi into the venue in such an intimate manner, which means that Bai Yi is...*

They originally wanted to make Lin Zuo kill Bai Yi brutally for posing as the First Lady, but now, the reply of Old Master Shen had plunged them into despair.

This was because a terrifying thought had suddenly popped into their mind.

Bai Yi is really the First Lady!

Huh? Upon hearing this, Old Master Shen frowned and said, displeased, "What nonsense are you talking about? Good luck awaits our family. What's not good?"

All the Shen Family members present were also angry. *How dare Shen Jian and his wife say things like that at Lin Zuo's wedding? If Lin Zuo knows about this, they'll be in trouble.*

At this time, Shen Jian was almost crying as he said with a trembling voice, "Dad, what I said is true. Let's leave now. Otherwise, the fat will really be in the fire!"

He was now almost certain that Bai Yi was the First Lady, whereas Lin Fan was the mysterious Lin Zuo. Yet, they actually dared to set Lin Zuo up, and even wanted to kill him and his family. They would be doomed if they didn't leave now.

However, Old Master Shen didn't believe it at all. Instead, he shouted furiously, "We haven't seen Lin Zuo yet, so how can we leave at this time? Besides, with Lin Zuo here, who would dare to do anything to us? Get out of here if you're going to make trouble again."

Receiving Lin Zuo's invitation is the blessing of our family. Wouldn't we be out of our mind if we leave without a word now? How could we miss this God-given chance? thought Old Master Shen.

Suddenly, all the Shen Family members hurled insults at Shen Jian and his wife.

Shen Jian was about to continue explaining when Cuiping interrupted and said, "Dad, ignore him. He's just talking nonsense. I will take him away now." Then, Cuiping directly dragged Shen Jian away.

"Why did you stop me? If we don't stop them, our family will be done for!" Shen Jian glared at Cuiping angrily.

However, Cuiping growled, "You are such an idiot. Now we know that Lin Fan is probably Lin Zuo, will he still let us off after we have done something like that? If you bring everyone in the Shen Family and leave together, Lin Fan will definitely stop us."

Her words made Shen Jian's hair stand on end. When he came back to his senses, he asked in confusion, "What are you trying to say?"

With a vicious smile, Cuiping said cold-bloodedly, "Let the others in the Shen Family cover for us. We'll take the opportunity to run away."

They were the ones who caused the trouble. Seeing that the situation was not in their favor now, Cuiping intended to make the entire Shen Family take the blame for them.

"T-That's not very good, isn't it?"

Shen Jian looked hesitant. After all, they were his father and relatives. It would be quite heartless of him if he did so.

However, Cuiping didn't think so.

She glared at Shen Jian and said viciously, "What's bad about that? If you stay here, you will be killed along with them. If you want to die, then I won't stop you. I'm leaving first!"

But as soon as she said this, Shen Jian panicked and quickly followed her, all the while saying, "Wait for me! I've figured it out. Instead of dying together, it's better we run for our lives now. At least, we can avenge their death in the future, right?"

Then, the couple walked straight out of the banquet venue.

"Why did Shen Jian and his wife leave?" At this time, the members of Shen Family also noticed it, which made them confused.

Are they actually giving up this great opportunity to get on the good side of Lin Zuo? Are they out of their mind?

However, Old Master Shen frowned heavily at this as his expression soured. He had heard the conversation between Shen Jian and his wife,

and now that he had seen their behaviour, he too, felt them something was off.

He immediately looked nervously in Lin Fan's direction.

Meanwhile, everyone in the Bai Family saw that Lin Fan was still looking indifferent after seeing the arrival of Long Jiu and the others.

They immediately became angry, while Bai Yifan deliberately yelled, "Lin Fan, Bai Yi, you posed as Lin Zuo and the First Lady, and now you still have the guts to not kneel before Master Long? How dare you!"

Bai Yifan was deliberately adding oil to the fire, for he couldn't wait to see Lin Fan and his wife getting punished on the spot.

Meanwhile, Old Master Bai didn't have the slightest mercy in his heart as he couldn't hide his gloating smile.

However, what happened next instantly froze the sneers on their faces.

Thud! Thud! Headed by Long Jiu, all the Long Family members knelt down before Lin Fan at this moment.

After seeing Long Jiu on his knees, everyone present widened their eyes in shock at the sight in front of them.

He kneeled down. Long Jiu, the Commander-in-chief of Jiangnan, has actually kneeled in front of Lin Fan respectfully? How could it be possible?

In an instant, everyone's hair was standing on end, while they found it hard to breathe.

It was especially so for the members of the Bai Family and the Shen Family, as the vicious grin on their faces froze at this moment.

Old Master Shen was on the verge of going crazy as he exclaimed in horror, "Master Long, how can you kneel before him? This piece of trash has committed a serious crime for posing as Lin Zuo. He deserves a death penalty! Shouldn't you be cutting a fool like him into pieces instead?"

Old Master Shen's voice was trembling as he spoke at this moment; he was already feeling uneasy earlier, but now, he had become more and more apprehensive, for he could feel that something terrible was about to happen.

Even the members of the Bai Family were almost rooted to the spot when they saw Long Jiu and the others get down on their knees. They were horrified; they simply couldn't accept the sight before them.

"Impossible. This is impossible!" Old Master Bai could feel his head spinning. He almost fell

onto the ground as he looked in the direction of Long Jiu, who was still on his knees, in utter horror; he was paralyzed by fear.

At this time, Long Jiu snorted coldly and glared at Old Master Shen. "How do you know that he is an impostor?"

At this, everyone was taken aback. Is he not an impostor? But wouldn't that mean that Lin Fan truly is Lin Zuo himself?

Everyone present was completely stunned; they couldn't believe what they heard.

We must have heard it wrong. How is this possible? How could this piece of trash be the all powerful Lin Zuo? If he is really Lin Zuo, why would he still need to be the live-in son-in-law of the Bai Family? Something must be mistaken here!

At this time, the members of the Shen Family and the Bai Family only felt terrified, as their faces had completely turned ashen, while their legs shook violently and uncontrollably.

However, that was just a prelude.

At this moment, Long Jiu looked at Lin Fan with an extremely respectful expression and said, "Please forgive me, Lin Zuo. I had to receive guests earlier. That's why these blind rats dared to offend Lady Bai Yi."

At this, the entire hall practically exploded in shock and multitudes of gasps.

Everyone's eyes were filled with deep horror and dismay; they were utterly petrified.

"What happened? Why would Long Jiu address Lin Fan as Lin Zuo? Did I hear it wrongly?"

"How could Lin Fan be Lin Zuo? Tell me this is not true! Otherwise, we, the Bai Family, will be done for!"

"No wonder Lin Zuo sent an invitation to us, the insignificant Shen Family. It turned out this is all because of Lin Fan!"

Everyone in the audience had frozen in pure shock; utter terror was being reflected in their eyes. No one could believe that a useless piece of trash was actually Lin Zuo himself.

This was almost like a dream to them.

After all this happened, the members of the Bai Family and the Shen Family were sent into complete despair, as if they had fallen into a great abyss.

"T-T-This impossible! Lin Fan, he is a mere wimp. He can't be Lin Zuo. It's absolutely impossible..." Old Master Bai screamed madly. He had slumped onto the floor out of fright, his expression completely distorted with fear. He

was outright astounded.

Even Li Xiuyun and the others felt like their blood had curdled at this moment. After hearing Long Jiu addressing Lin Fan as Lin Zuo, they were completely petrified.

At this moment, their feelings could no longer be expressed with words, for they were well beyond shocked and confused; they were in utter denial.

They then turned to look at Lin Fan with glassy eyes.

"Lin Fan is Lin Zuo?" Wang Yanli muttered to herself, her face turning pale.

"Oh my god. The man who planned this grand wedding on his own turned out to be Lin Fan? Is he actually Lin Zuo, one of China's Four Greatest Commanders?" Li Xiuyun felt that he was about to die of suffocation at this moment.

They had all come to their senses by now.

Meanwhile, Li Xian had gone pale, while the jealousy in her heart nearly drove her crazy. *Lin Fan turned out to be Lin Zuo? Did I just dump Lin Zuo for this pampered young master, Zhou Peize? Did I actually give up the better choice? I must have been blind!*

She shouted hysterically, "Impossible. This is impossible! Lin Fan is a mere coward. How could he be Lin Zuo? Also, who does that woman think she is that she can be Lin Zuo's wife?"

With a strong hatred on her contorted face, she itched to tear the two of them into pieces right then and there.

I should have been the one to enjoy all this, but now, I have nothing left!

"Feeling regretful now? But regret won't help you anymore. You could have become the First Lady at first," Li Xiuyun said with a cold snort, staring at Li Xian with disappointment. "He won't even want you to be his sworn sister now, let alone becoming his wife."

Li Xiuyun regretted it too. If Li Xian had been obedient, their family would be Lin Zuo's relatives now.

"Li, we know we were wrong. Can you beg Lin Fan to forgive us?" Wang Yanli had broken down in tears. She felt like slapping herself in the face at this moment. *Why couldn't I see that Lin Fan was a giant among men back then?*

"Beg for his forgiveness? How am I supposed to do that? He's already married. Are you asking me to destroy his family?" Li Xiuyun snapped angrily. He snorted, then he added, "You need to put that in your pipe and smoke it. You are destined to be strangers with him

from now on."

In the past, they didn't treat Lin Fan better when he wasn't fully fledged. Thus, it was simply wishful thinking for them to try to curry favor with him now that he was the superior Lin Zuo, one of China's Four Greatest Commanders. It was totally impossible for them to get on his good side now.

Upon hearing his words, Li Xian and Wang Yanli were overwhelmed by a strong sense of regret and pain at once.

However, there was more to it.

When Zhou Peize, who had been standing at a side, learned of Lin Fan's identity, he nearly wet his pants. His face had turned completely ashen, looking as terrified as a mouse before a cat.

He immediately looked at Li Xian and said angrily, "Li Xian, you b*tch. I've

offended Lin Zuo because of you. I'm breaking up with you!"

I've actually insulted Lin Zuo and even fought with him over a woman. If Lin Zuo really gets angry at me, I will face such a miserable consequence that even my father won't be able to protect me by then.

What? Li Xian's expression changed wildly, and she looked at Zhou Peize in outright astoundment. "Zhou Peize, w-what did you say?"

Not only did I miss out on Lin Fan, but Zhou Peize is also going to dump me now? Is this what it means to go out for wool and come home shorn?

However, Zhou Peize snorted coldly and answered angrily, "What did I say? I said, you are a f*cking jinx. Whoever marries you will have bad luck."

After that, he left without looking back.

He couldn't even spare Li Xian another look again, for he was already scared out of his wits.

Thud! Li Xian suddenly slumped down weakly on the ground, looking at Wang Yanli with an ashen face. "Mom, I have nothing now. What should I do?"

Wang Yanli held her in her arms while crying, not knowing how to comfort her.

At this moment, the atmosphere of the entire hall was tense. With a horrified look, everyone turned to stare at Lin Fan in disbelief. The atmosphere was extremely thick with tension as at this moment, Lin Fan had become the center of attention.

Even Bai Yi and her family were completely stupefied now.

Lin Fan is Lin Zuo? How is this possible?

They looked at Lin Fan with a horrified

look, feeling like he was a stranger. They felt that he was now a different person.

Even Bai Yi couldn't believe that her husband could have such an impressive background.

At this moment, under the shocked yet excited gazes of everyone, Lin Fan slowly walked to the front of the stage while holding Bai Yi, looking around at the people at present.

He exuded an air like that of a lofty king watching a group of ants from high above. Then, under everyone's horrified gazes, he announced, "I... am Lin Zuo."

After Lin Fan's personal announcement, all the guests present felt their hair stand on end. Immediately, they all got down on their knees and began to shower Lin Fan with their words of congratulations.

"Congratulations for your wedding, Lin

Zuo!"

Those endless shouts were so loud that they were deafening.

All eyes are on me. I am Lin Zuo!

At this moment, everyone was shocked by Lin Fan, and they were so excited that they couldn't calm down for a long time.

Meanwhile, the members of the Shen Family were in complete despair.

Furious, Old Master Shen shouted angrily, "Where are Shen Jian and Cuiping? Where are they?"

Those two scourges wanted to frame Lin Fan and Bai Yi in the first place, but they turned out to be the real Lin Zuo and the First Lady.

Those two were trying to get the whole family killed! Old Master Shen planned to hand over the two for atonement in an effort to que

ll Lin Zuo's anger.

However, one of the Shen Family members said with a long face, "Master, they have already absconded. I think they have known the identities of Lin Fan and Bai Yi from earlier on."

Old Master Shen finally understood why Shen Jian and his wife wanted to leave earlier just now; they had even said that something was not good.

That couple had caused such a big trouble for the Shen Family, but in the end, they ran away, expecting the rest of the Shen Family members to take the blame.

He felt dizzy at once and almost fainted on the spot. If he hadn't been supported by someone, he would have fallen to the ground and hit the back of his head.

After being helped up, Old Master Shen suddenly burst into tears, his face full of

regret. "This is our family's misfortune! Quick! Help me there so I can apologize to Lin Zuo!"

However, before they could get closer, Lin Fan said, "Those of the Shen Family, if all of you cut one arm off from each of you, you may leave alive."

The moment the Shen Family members heard this, they went completely pale, looking extremely horrified.

Thud! They all slumped down onto the ground, their faces ashen.

We're doomed. The Shen Family is doomed!

Lin Fan didn't want to listen to their explanations at all; he had directly ordered for their dismemberment.

Old Master Shen looked at Shen Yumei with a devastated face and pleaded, "Yumei, please forgive me! I am your

father!"

However, before Shen Yumei could speak, Lin Fan said with a strong murderous intent, "No more bullsh*t. Otherwise, everyone in the Shen Family will die here."

At this moment, everyone could feel the terrifying murderous intent exuding from Lin Fan.

Old Master Shen knew that Lin Fan was a man of his word. After all, he was Lin Zuo; eradicating a small family in China with the snap of a finger would be a small matter for him.

His words brought a look of despair to the faces of Old Master Shen and the others. They had all realized that the Shen Family was doomed now.

At the same time, after hearing Lin Fan's words, all the members of the Bai Family suddenly tensed up, fearing that

they would end up like the Shen Family.

However, Lin Fan didn't even look at them as he walked toward the door with Bai Yi in his arms.

Upon seeing this, Long Jiu and the others immediately knelt down on the ground respectfully, shouting in unison, "Farewell, Lin Zuo!"

Old Master Bai and the others felt somewhat miserable when they saw this, as if their hearts were being stabbed by a knife.

They would rather Lin Fan beat them and scold them, rather than ignoring them with such an indifferent attitude. His attitude was an obvious way to deny any connections with the Bai Family, which would simply mean that they had lost a great opportunity to get on the good side of Lin Zuo. Naturally, they were unable to accept this.

"Master, we can't let them go. Lin Fan is Lin Zuo. Our family has to rely on him for prosperity!"

"Yes, Master, he is your grandson-in-law. He will definitely forgive you!"

At that moment, Old Master Bai nodded his head in agreement, and then strode toward Lin Fan with his head held high.

"What are you doing?"

However, before they got close, they were stopped by Long Jiu and the others.

Old Master Bai, who had now learned that his grandson-in-law was Lin Zuo, thought nothing of them anymore, for he said, "Go away, you fools! I am Lin Zuo's grandfather-in-law, how dare you stop me? Do you want to die?"

But as soon as he finished speaking, Lin Fan turned his head and said with an

enigmatic smile, "Master Bai, do I even deserve to call you my grandfather?"

This sarcastic mockery immediately made Old Master Bai's face stiffen.

At this time, he was looking at Lin Fan with an extremely complicated gaze.

It was only then that he realized why the Bai Family would slowly fall into the abyss, and why those partners would cancel their contracts with them. It was all because Lin Fan was Lin Zuo.

Now, he knew that Lin Fan was deliberately humiliating him, and yet he had to smile and say, "L-Lin Fan, can you forgive us? If you forgive us, I will directly hand over the position of patriarch of the Bai Family to Bai Yi. What do you think?"

There was a strong sense of pleading in his tone.

He was old and knew that his death was imminent, but he didn't want to watch the Bai Family that he built up by

himself get destroyed before he died, and he also didn't want to miss out on such a great opportunity like Lin Fan.

If they could be forgiven by Lin Fan, their family would surely prosper.

However, when Lin Fan heard this, the smile on his face became wider as he gave an intense look at Old Master Bai and said, "If your family could have at least pleaded for us earlier, even just once, I would have forgiven you. Unfortunately, you didn't."

These words immediately sent everyone in the Bai Family into despair; there was a look of deep regret on their faces.

Then, Lin Fan smiled faintly and said, "I have given you many opportunities, but you didn't value them, so you have to bear the consequences."

After he finished speaking, he ignored

the dumbfounded members of the Bai Family and took Bai Yi and her family to the helicopter parked outside to leave the wedding venue directly.

"It's over. Our family is completely destroyed."

Seeing this, Old Master Bai suddenly slumped down onto the ground with a pale face, a chill running down his spine.

The Bai Family has done such a great achievement. We even looked down on Lin Zuo, who is our grandson-in-law. We are such a big joke!

In the next instant, he gritted his teeth and stared at Bai Yifan, who had been completely stupefied.

Smack! With a fierce slap to his face, Bai Yifan suddenly fell over onto the ground, the corners of his mouth bleeding.

Bai Yifan covered his cheek and looked at Old Master Bai with a surprised expression as he began, "Grandpa, you —"

"B*stard. You b*stard! You are the one who had brought this upon us." Old Master Bai was so mad that he kept slapping Bai Yifan on the face. "It's all because of you! You have ruined the bright future of the Bai Family. You drove away my dear grandson-in-law. I'll kill you!"

However, at this moment, a group of bigwigs sneered as they slowly approached the Bai and Shen Families, encircling them.

Upon seeing this, the members of Bai and Shen Families were instantly shocked, a look of intense anxiety showing on their faces.

"W-What are you guys doing?" they asked in a trembling voice that exposed

their horror.

"What are we doing? Do you know that I came back all the way from abroad just to see Lin Zuo? Yet, you humiliated Lin Zuo and made Lin Zuo leave. I didn't even have the chance to talk to him. So what do you think I would want to do?"

"You b*stards. Who do you think you are to insult Lin Zuo? You people are digging your own graves."

"Do you think you can still escape after ruining our plans?"

The group of bigwigs stared at them with a deep hatred in their eyes, as if they wanted to tear the members of these two families into pieces.

Meanwhile, Bai Yi and the others had already boarded the helicopter and left the wedding venue.

Bai Yi finally couldn't help but ask Lin

Chapter 616 The Prominent Medical Family, the Dong Family

Fan, "Lin Fan, what is going on? Why would Long Jiu call you Lin Zuo?"

At this, Bai Shan and his wife also looked at Lin Fan with trepidation.

What happened on this day was simply unimaginable. They felt like they were dreaming.

Lin Fan turned out to be Lin Zuo? This can only be something straight out of a fairytale.

However, Lin Fan said with a smile, "Because I am Lin Zuo."

Upon hearing this, Bai Yi's face suddenly sank as she said, displeased, "I will get angry if you continue to talk nonsense. I have been married to you for so many years, so I know what kind of person you are better than anyone else."

Although she didn't know why Long Jiu

Chapter 616 The Prominent Medical Family, the Dong Family

addressed Lin Fan as Lin Zuo, she believed that Lin Fan could never be Lin Zuo.

If Lin Fan is Lin Zuo, why would he fall for me when there are so many other women lining up for him out there? Why would he bother to humiliate himself and become the live-in son-in-law of my family? To put it bluntly, it would have been unfitting of our family to get such an important person as Lin Zuo as the son-in-law.

They didn't believe that their family would be so lucky.

Seeing that Bai Yi was angry, Lin Fan didn't know whether to laugh or cry. He wanted to tell them his true identity, but they actually didn't believe it.

It seemed that now he had to continue to hide it.

Therefore, Lin Fan smiled bitterly and

Chapter 616 The Prominent Medical Family, the Dong Family

replied, "Alright. Actually, this is Lin Zuo's arrangement. Lin Zuo has always hated other people discussing his identity, so he went ahead and asked me to pose as him, so that no one would dare to criticize you. It is also a gift for our wedding."

Lin Zuo helped us again?

Bai Yi looked suspicious. "It doesn't make sense. Why would Lin Zuo help us again and again without asking for anything in return?"

At this juncture, Lin Fan could only play the fool by replying, "I have no idea. Why don't you ask him yourself when we have the opportunity to meet him next time?"

At this, Bai Yi thought to herself, *It's true. With Lin Fan's status as a live-in son-in-law, how could he make everyone in the whole Jiangnan congratulate me on our wedding? All this is because of Lin Zuo.*

Chapter 616 The Prominent Medical Family, the Dong Family

Thinking of this, she inevitably felt a little disappointed deep down.

"No matter what, you still gave me an unforgettable wedding today. Lin Fan, I am very happy today," Bai Yi said emotionally. She felt that she had never been so proud in her life.

Although all this was not because of Lin Fan, she was satisfied that at least Lin Fan had such an intention.

Hearing her words, Lin Fan looked at her lovingly as he secretly swore in his mind, *Wait for me, Bai Yi. I will make you even happier in the future.*

The news of Lin Zuo's marriage soon came to an end.

Unexpectedly, it was not Lin Fan who deliberately suppressed the spread of the news, but someone from Beijing had helped cover it up.

Chapter 616 The Prominent Medical Family, the Dong Family

This puzzled Lin Fan. He didn't know what powerful people would help him to conceal his identity as Lin Zuo, until when Long Jiu came to him and told him that the people of the Dragon Fang wanted to see him.

The Dragon Fang was a relatively well-known special legion in China that was based in the northwestern region. It was well-equipped and had a well-trained troop, with more than ten leaders being at the tier of ultimate Grandmasters.

However, Lin Fan simply couldn't figure it out; he was confident that his Dragon and Tiger Legion had never crossed paths with the Dragon Fang, so why would the Dragon Fang take the initiative to clean up his mess?

Then, Long Jiu continued, "Lin Zuo, a prominent medical family in Beijing, the Dong Family, has requested to meet Divine Doctor Lin through me. What do you think? Are you going to meet

Chapter 616 The Prominent Medical Family, the Dong Family

them?"

The Dong Family? Lin Fan frowned. The Dong Family members had been practicing medicine for eight generations, and were well-known in China. They had monopolized nearly half of China's market in the pharmaceutical business.

However, Lin Fan simply couldn't figure out why they wanted to see him.

"Okay, you can put it in my schedule today and ask them to come see me," Lin Fan said calmly.

"Well..."

Nevertheless, Long Jiu looked hesitant.

Huh? Lin Fan frowned at once. "Is there a problem?"

"What the Dong Family meant is for you to go and meet them," Long Jiu said

Chapter 616 The Prominent Medical Family, the Dong Family

anxiously with an embarrassed expression.

He knew that Lin Fan would surely get furious at this.

As expected, in the next instant, there was a chilling look on Lin Fan's face as he said, "They want to see me, but they asked me to go to them? Aren't they being too arrogant?"

It was no exaggeration to say that Lin Fan, as the formidable Lin Zuo, had been showing a lot of respect by agreeing to meet the Dong Family, but they didn't seem to be appreciating that at all.

No one in China would have dared to ask Lin Zuo to go and see them personally.

Upon hearing this, Long Jiu's hair stood on end, and he slumped onto the ground with fear. In a trembling voice,

he said, "I think so too, but they said that you will regret it if you don't go. So I feel that it is necessary to report to you."

*Crack!*The armrest of Lin Fan's chair was instantly crushed by him.

Right after that, a cold and murderous look appeared on his face as he replied, "No one has dared to threaten me like this for many years. In that case, you can lead the way. I also want to know how incredible the Dong Family truly is."
