

Chapter 608

As soon as she finished speaking, the training base once again fell as silent as a grave.

She is so arrogant!

Janet slowed down her pace and sauntered toward the finish line.

At that moment, the stopwatch on the screen was still moving and the ranking could also be seen. Everyone held their breaths and stared intently at the stopwatch!

Three seconds later, the first place on the screen dropped to second place. Janet had broken Hannah's 19 minutes, 20 seconds, and 03 milliseconds record with her 13 minutes, 20 seconds, and 09 milliseconds score!

Janet had won the competition!

Staring at the numbers on the screen, everyone almost fainted in shock.

"Oh my gosh! Janet finished the track in less than 20 minutes!"

"She finished it in 13 minutes, which is much faster than Hannah!"

"I can't believe that she runs faster than Hannah!"

"She has terrifying strength!"

People in the audience screamed, which woke some people up from their sleep. When they looked up at the screen, they turned pale.

I-Is this real? Janet won the competition? What happened? I only took a short nap, but when I woke up, Janet had already surpassed Hannah! It's unbelievable!

The person who was the most agitated was no other than Hannah. At first, she was filled with disbelief, but in the end, she was forced to accept reality.

H-How is this possible? It's shocking enough that Janet managed to finish the track within 20 minutes, let alone winning first place! She even beat my father's record!

At that moment, Hannah's mind went blank and she stared at the smirk on Janet's face dumbfoundedly. After a while, she suddenly remembered that Janet had told her that she would win!

As for Black Python and White Python, when they saw Janet's score on the screen, they jumped in excitement.

"Oh my goodness!" Black Python couldn't help but exclaim. "How can she be so fast? That's not Miss Jackson, that's Usain Bolt!"

"You're wrong, even Usain Bolt couldn't run as fast as her..."

They stood there, frozen and stiff. At that instant, they were thunderstruck.

A while later, Black Python swallowed and hesitantly said, "She even broke Charles Meyer's record of 17 minutes and 23 seconds!"

White Python turned around and nodded in agreement. "You're right!"

We have a new record! Even Black Python and I can't finish the track in such a short time! Janet is not human!

In the spectator area, the chief instructor muttered in disbelief, "She finished the track in 13 minutes, 12 seconds, and 09 milliseconds?"

How is that even possible? She finished the five-kilometer run with weights in less than 15 minutes! How is that humanly possible?!

The man next to him grinned, slowly stood up from his seat, and fixed his gaze on the girl on the track.

She didn't let me down!

Then, he pursed his lips and chuckled, "If I'm not mistaken, she just broke Charles Meyer's record, didn't she?"

The chief instructor nodded but he couldn't make a sound. It was as if there was something stuck in his throat!

It was an unprecedented race, and Janet was the most astonishing trainee he had ever seen!

When the chief instructor saw the rank change on screen, he finally came back to his senses. As he stood up, his legs were trembling, and his hand that was holding the microphone was also shaking.

"The first category, the five-kilometer run with weights, has ended. The winner..." The chief instructor paused for a moment and took a deep breath before he continued. "The winner is..."
