

Super Rich Dad Chapter 617-618

Chapter 617

‘Brother Chongli, it’s been a long time, we haven’t seen each other for a while, right?’

A man with a Chinese face came forward and nodded to Dean Jiao first.

Then he said, ‘Counting the time. It’s been a while since we’ve seen each other, since you became the dean you’ve been busy.’

Dean Jiao nodded somewhat embarrassedly, then spoke and smiled, ‘If you have time, you must come out and get together.’

Xue Chongli nodded and then looked at Jiang Hao, who was standing next to Dean Jiao, and said, slightly puzzled, ‘Who is this?’

Dean Jiao hurriedly reached out and introduced him, ‘This is Shen Yan, who has been making a lot of noise in the Northern Province recently.’

‘Hm? He is Shen Yan? How come he’s so young. You’re not just giving me a perfunctory answer, are you?’

Dean Jiao laughed bitterly twice, ‘Brother Chongli, you’re somewhat judging people by their appearance.’

Jiang Hao stood beside him a little embarrassed. Looking at Xue Chongren Li was somewhat helpless.

‘Who told you that young people can’t be good at medicine, do I have to be seventy or eighty years old to treat people?’

Xue Chongli heard this and faintly stared, then opened his mouth and laughed, ‘I don’t know if this medical skill is good or not, but this mouth.’

At this point, Xue Chongli gave a cold hum: ‘You really have sharp teeth and a sharp mouth!’

Dean Jiao looked at Xue Chongli with a smile in his eyes: ‘In the entire Northern Province, I don’t believe that there is anyone more powerful than him!’

After saying this, Dean Jiao said proudly, ‘If you don’t believe me, just try it out.’

Seeing that Dean Jiao trusted Jiang Hao so much, Xue Chongli’s expression also became somewhat grave.

He then looked at Jiang Hao after a period of silence and said, ‘Aren’t you a doctor, so why don’t you give me a look? See if I have any hidden illnesses.’

Jiang Hao heard this and looked at Dean Jiao, then opened his mouth and smiled, ‘This is no problem, do you want to pay?’

When Xue Chongli saw that Jiang Hao opened his mouth and asked for money, he could not help but have a little contempt in his eyes.

Regardless of how good his medical skills were, the fact that he opened his mouth and asked for money made him a little uncomfortable.

Although this was in his mind, Xue Chongli still nodded and said, 'Don't worry, the consultation fee will be paid.'

Jiang Hao smiled at these words and nodded, then carefully observed Xue Chongli's physique.

After a moment Jiang Hao frowned slightly and said, 'If it's convenient, can you give me your hand for a moment?'

Xue Chongli nodded and stretched out his hand to take Jiang Hao's pulse, he wanted to see how this young man was!

Jiang Hao closed his eyes. His right hand was taking Xue Chongli's pulse, while his left hand was secretly calculating something.

Xue Chongli saw no movement for half a day, so he couldn't help but sneer twice.

'This man you brought, he looks more like a fortune teller than a doctor to me.'

A look of embarrassment flashed across Dean Jiao's face, then bumped into Jiang Hao.

'How's it going? Has it looked good yet? What's wrong with his body?'

Jiang Hao opened his eyes to look at Xue Chongli, and his hands stopped moving.

'I've got a clear picture of your illness down. But this prescription is only available if you pay for it separately.'

Xue Chongli smiled upon hearing this, 'Whether to buy it or not is another matter. I'd like to see what you can say out of it.'

Jiang Hao smiled: 'Dampness in the lungs is the main cause of heat, and there is a lot of phlegm in the yin and cold, so a normal person might only think that the weather is the cause.'

As he said this, he looked at the slightly surprised look on Xue Chongli's face and smiled.

'But I'm not a normal person. So after a little more numbering, your illness is an old injury left over from an accidental lung injury in your early years.'

Xue Chongli looked at Jiang Hao subtly and spoke after a moment of silence, 'Why do you think so?'

Although Jiang Hao appeared to be taking his pulse on the surface, he was actually using his true qi to walk through Xue Chongli's body!

So there was something wrong with Xue Chongli's body. Jiang Hao naturally knew about it.

After hearing Xue Chongli's words, Jiang Hao smiled: 'I'll just say one thing, if I'm wrong turn around and leave, and never enter the Northern Mansion half a step again!'

Seeing that Jiang Hao was so confident, Xue Chongli nodded and laughed: 'Fine, I'll bet with you, just say it!'

'I counted a kick twenty years ago, right in the chest. Or a bit of woman kicked it, right?'

After saying this, Jiang Hao looked at Xue Chongli with a smirk: 'If I'm wrong, I'll leave right away!'

Xue Chongli's face turned white. Looking at Jiang Hao in shock, he said, 'What the hell are you! Impossible! You can't possibly know about this!'

Jiang Hao snorted before speaking, 'What's impossible, do you want a root cause?'

Dean Jiao stood to the side. He hadn't dared to speak since just when Jiang Hao had placed the bet.

Now looking at Xue Chongli's shocked appearance, it was obvious that Jiang Hao had won.

So he smiled faintly and spoke, 'How about it, I didn't just bring anyone here, did I?'

Xue Chongli gave a thumbs up to Jiang Hao: 'This can't be cured at all, it has already hurt the lungs and become an old injury.'

Jiang Hao smiled and spoke, 'Two hundred thousand for the remedy, six hundred thousand if you let me do it myself.'

Dean Jiao heard this and looked at Jiang Hao in shock: 'Cough cough, this is one of our own, one of our own!'

Jiang Hao heard this before he came back to his senses: 'Cough cough, sorry, I've just had an occupational hazard.'

'If you're one of our own, give me 100,000 yuan, no need for labour costs, it's done once and for all!'

Xue Chongli looked at Jiang Hao incredulously: 'I, I, I have a twenty year old injury, can it really be cured in one go?'

President Jiao heatedly smiled and said, 'Do you know that the second young lady of the Lin family, Lin Beibei, was almost dead, but it was saved by Shen Yan!'

After hearing these words, Xue Chongli laughed out loud, 'In that case, let's go by 600,000!'

After saying this, Xue Chongli let the door open: 'Come, gentlemen, please come inside, I still have to take you to meet the old master.'

Jiang Hao heard this and spoke with some dissatisfaction, 'Feelings that this is an invitation for me to give your whole family a medical check-up, right?'

Dean Jiao hurriedly coughed twice, he didn't even dare to be so bold in front of Xue Chongli!

But who knew that Xue Chongli would unexpectedly say gently, 'You're joking, it's just that the old master wants to keep an eye on things.'

After hearing these words, Jiang Hao's heart warmed slightly.

If the person who really wanted to cure was Yu Ning in the end, then it proved that there was still someone in this family who loved her.

Thinking of this Jiang Hao was in no hurry, so he smiled and looked at the luxurious courtyard and said, 'As expected of a noble family in the North, the house is really grand!'

Hearing Jiang Hao's words, a touch of pride surfaced on Xue Chongli's face too!

'That's for sure, although my Xue family's heritage is not as good as others, but we haven't operated for so many years for nothing!'

After saying that, he pointed to a tree in the courtyard and said, 'This is the tree that the great master spent over fifty million to move back, the only one of its kind in the entire Northern Province!'

Jiang Hao smiled and looked dumbfounded at the tree, which was not much bigger than a tree, and looked at it.

'Just this sh*tty thing, it costs fifty million?'

Xue Chongli nodded and said, 'Doctor Shen, don't underestimate this tree, there are no more than twenty of them in existence in the world!'

Chapter 618

Jiang Hao slapped himself on the face after hearing this, 'It's over, I regret it!'

Dean Jiao couldn't help but laugh as he watched his actions.

Only then did he open his mouth and ask, 'What, regret something?'

Jiang Hao looked at the tree and said with resignation, 'The price was low, if I had known they were so rich, I should have ordered more!'

After saying this. Jiang Hao had a pained expression on his face.

After Dean Jiao and Xue Chongli exchanged a glance, they couldn't help but laugh out loud.

‘Brother Chongli, how about this kid I brought, it’s not too bad, right?’

Xue Chongli nodded in satisfaction after hearing this, ‘Well, it’s good, and the person is long and agile!’

Dean Jiao smiled smugly after hearing this. God knows how he had picked up Jiang Hao in the first place!

Or to be more accurate, he hadn’t expected Jiang Hao to be able to juggle like this!

Especially when he thought of Jiang Hao’s sarcastic remark about Dr. Xu some time ago. He couldn’t help but let out a light laugh again.

On the way, a few people joked and laughed, and soon arrived at the back house.

Xue Chongli turned to Dean Jiao with some difficulty and said, ‘I’ll look to go in and say a briefing to the Old Master.’

Dean Jiao was used to their red tape, so he nodded and said nothing.

After smiling apologetically at Dean Jiao, Xue Chongli opened the door to the room and walked in, then closed the door behind him.

Outside the room Jiang Hao spoke with some dissatisfaction, ‘If I had known that coming here to see a doctor would be so troublesome, I wouldn’t have come.’

When Dean Jiao heard this, he quickly covered Jiang Hao’s mouth!

‘Are you tired of living? This is in the Xue family, so hold back any more complaints for me!’

Only after saying this did Dean Jiao let go of his hand, then straightened his clothes.

‘The Xue family is different from the Lin family, so it’s normal to have more rules, they’re originally from a bookish family.’

Hearing this, Jiang Hao spoke somewhat helplessly, ‘They are a bookish family, but they suffer us little people.’

Just as Jiang Hao was lining up the Xue family outside, inside the room. Xue Chongli spoke respectfully, ‘I’ve invited the man, he’s right outside the door.’

In the dimly lit room, an old voice rang out, ‘How is the person you brought here?’

Xue Chongli nodded slightly and spoke back, ‘Your Highness, it has been experienced, the injury I suffered twenty years ago, he told me as soon as he took a pulse.’

The old man in the room was silent for a long time after hearing this, before he spoke, ‘Who they come in.’

Xue Chongli nodded then turned around and then brought the door to the room to signal Jiang Hao and the others to come in.

As a result, after Dean Jiao came in, an old man on crutches came forward.

Then he shook hands with Dean Jiao: 'Hello, I'll trouble you to look at my granddaughter's illness this time.'

Dean Jiao looked at the old man with dumbfounded eyes, 'You, you are the old man of the Xue family?'

The old master nodded in embarrassment, 'Hahaha, it's alright, I am, what's wrong?'

'Nothing, it's because I'm sincerely frightened!'

After saying this. Only then did Dean Jiao suddenly realise a problem!

'Cough cough, Old Master Xue, the person who came over to heal is not me, it's this one beside me.'

Old Master Xue turned his head after hearing this and looked at Jiang Hao with some confusion: 'Just him?'

Jiang Hao stood by the side and was displeased to hear this!

'Hey, no, you wait!'

After saying this, Jiang Hao looked at Old Master Xue and asked, 'What do you mean by 'just me' ?'

Xue Chongli was a bit embarrassed for a while, he had just wanted to introduce himself.

But who knew that Old Master Xue had simply ignored the younger one and thought that President Jiao was the one who came to see the doctor.

In the end, he had made the same mistake as he had, judging people by their appearance.

Although Old Master Xue was old, he had a slightly strange temper.

After hearing Jiang Hao's words, he snorted coldly, 'A youngster who can't even speak well. What do you know about medical skills?'

Jiang Hao's temper came up, who cares who you are!

Hearing this, he also shot back, 'I can't. Then you do?'

'This

Looking at Old Master Xue's defeated look, Dean Jiao smiled bitterly and said, 'Old Master Xue, just trust him, he's very powerful!'

At this moment, Xue Chongli, who had seen Jiang Hao's methods outside the door, also nodded: 'Yes, Master Xue, he's very powerful!'

It was fine for one person to speak for him. How could even his own people speak for this brat!

Old Master Xue stared viciously at Do Chongli and signaled him to shut up before turning his head to Jiang Hao.

'You're very good, right? Then you can help me first, so I can see what you can do!'

Jiang Hao didn't rush to agree after hearing this, but looked at Xue Chongli first.

And naturally Xue Chongli knew what he meant, so he nodded his head with a tearful smile.

Only then did Jiang Hao start to get serious. Look at Old Master Xue frowning!

Dean Jiao stood by the side, and the more he watched, the more alarmed he became!

You know, back when Jiang Hao had saved Lin Bei Bei, he hadn't frowned like that either!

And when Xue Chongli saw how nervous Dean Jiao was, he unconsciously got nervous as well.

But Old Master Xue was emboldened and said, 'What's up, kid, can you see anything?'

Jiang Hao ignored these words and extended his hand, saying in a deep voice, 'Give me your hand, I'll take your pulse.'

Old Master Xue smiled smugly before extending his hand to Jiang Hao.

The old man's body had atrophied skin, so how could he take his pulse so easily!

Looking at Jiang Hao's frowning face, he couldn't help but feel smug!

'How about that, still can't see a thing, can you?'

Jiang Hao said after a long time. Only then did he put down Old Master Xue's hand, and then gave a wink to Xue Chongli.

'Old Grand Master, this ailment of your body is a bit complicated.'

Old Taiji Xue smiled smugly upon hearing this: 'I don't believe you when you say you're not capable of much. You guys still say he's great, see!'

Speaking here, Old Master Xue paused. Then he stared into Jiang Hao's eyes and said, 'He's even starting to find excuses for himself.'

Jiang Hao faintly froze at these words, then shook his head and laughed, 'No, no, no, I'm just being honest.'

Then Jiang Hao looked at Xue Chongli and laughed, 'The more complicated this is. The more complicated it is, the higher the fee will be!'

When Dean Jiao and Xue Chongli heard this, they looked at each other and felt a burst of tears and laughter!

Dean Jiao even said directly, 'If you have something to say, say it quickly, if you have a fart, why are you pretending to be a big tail?'

Jiang Hao looked at Dean Jiao and laughed before he stopped selling the story and coughed lightly.

Then he looked at Old Master Xue and said, 'His left leg was fractured thirty years ago and the fracture could not be healed, right?'

Hearing these words, Old Master Xue turned his head to look at Xue Chongli in shock!

Because this was something that only their own family knew about!

'In addition your body feels a pang of pain in your chest at your heart when you breathe from time to time, right?'

Old Master Xue hurriedly spoke after hearing this, 'This has already been checked, it's just an irregular heart rhythm.'

Jiang Hao snorted after hearing this, 'Then is it useful for you to take medicine?'

This time Old Master Xue couldn't help but fall silent again, because although the test was an arrhythmia, it was indeed useless to take medicine.
