

## Chapter 621

When Jin Zhengting and Zhao Tongxin came out hand in hand, only ten minutes had passed. Huo Tingchen was very surprised. He even thought that they had given up. After all, it was impossible for anyone to choose the most valuable piece from thousands of gambling stones.

However, when he saw the pony coming out with a gambling stone behind them, his heart sank, because Jin Zhengting had paid 100 million yuan, which meant that he should have ten chances, but they only took out one piece, which only showed that Jin Zhengting and Zhao Tongxin were very determined that the gambling stone they chose was a rare stone.

Xu Zheng and Lu Moyan are not surprised at this. Although they have not seen Zhao Tongxin's keen sense of gambling stones, they can see from Jin Zhengting's self-confidence and Zhao Tongxin's confidence that they have made sufficient preparations for the gambling stones meeting and are determined to win it.

"I didn't expect Mr. Jin to be so confident, but I didn't know if the stone you chose was a rare stone, so I didn't know until I had cut it."

Huo Tingchen was already reluctant to smile, but he still kept a trace of reason. At least the stone fell into Jin Zhengting's hand, which was better than Lu Moyan's.

Jin Zhengting and Zhao Tongxin did not speak. The pony had already put the gambling stone on the cutting machine. Those once rich people who had lost their property gathered around them one after another, all of them wanted to see the elegant demeanour of the rare stone they had not got.

With the operation of the cutting machine, this gambling stone was cut into a thin layer. When it was revealed that it was full of green and had rare dragon patterns, everyone was in a deep exclamation, and even forgot the fact that they were poor now.

The jadeite texture contained in this rare raw stone is far beyond people's imagination. No wonder the estimated value is about one billion. In fact, we all know that if this jadeite becomes a finished product, it should be far more than one billion.

Huo Tingchen's eyes are constantly beating. No matter how much effort he expends, he is not Jin Zhengting's opponent in the end, which makes him feel powerless. It seems that no matter what means he uses, Jin Zhengting can easily resolve it and achieve the goal he wants.

"Huo Tingchen, I won this time, and I will win next time."

Jin Zhengting light left a word, with Zhao Tongxin and a party left, leaving only Huo Tingchen still standing in situ gnashing his teeth.

The gambling stone meeting has come to an end. In terms of income, Xu Zheng is the biggest winner, because in only one day, he has gained nearly 5 billion yuan of capital. In terms of the final result, the

winner is Jin Zhengting. With only 100 million yuan, he has obtained the invaluable stone.

Huo Tingchen also thinks that he is the one who laughs last. Although it is in Jin Zhengting's interest to deal with these rich people, on the whole, he can have sufficient funds to support Xu Zheng and let him deal with Jin Zhengting, so as to gain time for his capital transfer. At the same time, he has eliminated those rich people who hinder his capital transfer, and has not put that piece of rare land into practice. The original stone was left to Xu Zheng. Although Jin Zhengting lost face when he got the rare original stone, on the whole, he took advantage of it.

But what he didn't expect was that Xu Zheng had chosen to abandon him and instead cooperated with Jin Zhengting to deal with him. The funds he gave Xu Zheng were also the capital Xu Zheng used to deal with him.

Jin family villa.

When Jin Zhengting and Zhao Tongxin come back, Mrs. Jin is sitting in the living room with a sad face. Jin Ying has been missing for several days. Today, she finally comes back, but not by herself. Instead, she has been thrown to the door of Jin's villa and has been bruised. Although she has been treated by a private doctor, the situation is still not optimistic.

"Zhengting, Tong Xin, you've come back just in time. Go and see Xiaoying. I don't know who made her look like this. I don't know what evil our Jin family has done."

Seeing Jin Zhengting and Zhao Tongxin coming back, Mrs. Jin finally found the person who complained and said to them in a low voice.

Jin Zhengting and Zhao Tongxin look at each other. They know that this is Jin Ying's deliberate bitter plan, so they just comfort old lady Jin, excuse to see Jin Ying, and leave the hall to Jin Ying's room.

Jin Ying's condition is really not very good now. Because of the injury, she still has a fever, and the wounds are deep. She knows that if she wants to hide from her clever brother, she must pay some price.

However, she just did some useless work. She didn't know that Jin Zhengting had known for a long time that she was Huo Tingchen's undercover agent.

Hearing the footsteps of two people coming in, she knew that it must be Jin Zhengting and Zhao Tongxin who had participated in the gambling stone meeting. At this time, she was still calm and asked faintly, "is it brother and sister-in-law?"

"Yes, how do you feel?"

Although she knew that Jin Ying was acting, when she saw that her bare arm was full of wounds from the whip, Zhao Tongxin could not help feeling distressed for a while. Her voice gave a trembling reply, and her eyes were full of sympathy. Jin Zhengting doesn't say a word. Although he sympathizes with Jin

Ying, he knows that Jin Ying made herself like this to cheat her family, so naturally he won't feel sorry for her.

"I'm ok. I'm tired now. I want to have a rest."

Jin Ying said faintly that her purpose is to let Jin Zhengting and Zhao Tongxin see that they are injured, so as to dispel their doubts about themselves, but she can't get along with them for a long time. If she is asked about the details of her being kidnapped by Huo Tingchen, she can't guarantee that she can hide from Jin Zhengting, so she excuse herself to have a rest and let them leave.

"Well, Xiaoying, you can have a good rest. If you feel uncomfortable, just call someone to have a look."

Zhao Tongxin thoughtfully covered the quilt for her and pulled Jin Zhengting to get ready to go out. When he came to the door, Jin Zhengting suddenly lowered his voice and said, "when I get back to my room later, let me see your adoptive mother's diary. I think that's the way to open the treasure."

Although he only spoke in a very low voice, it seemed that he was just talking to Zhao Tongxin and didn't want to be heard by others, Jin Ying's hearing was very keen since she became blind. She heard Jin Zhengting's words very clearly, and her heart suddenly moved. It sounds that Jin Zhengting already knows the way to open the treasure. This is absolutely important news.

Zhao Tong heart understanding, she also whispered: "in fact, it is very simple, that is, the password arranged into a single pair of two groups, you can open the treasure."

This is recorded in the diary. They have analyzed it. It's just a conspiracy of Mrs. Cheng. That's why it was deliberately leaked to Huo Tingchen.

Jin Zhengting nodded: "the code is 166655, that's right. This is the code engraved on the diamond necklace. As long as you separate this group of numbers, it is the correct arrangement of the two codes."

"According to my mother's diary, there should be no mistake. What's the matter, Zhengting? Do you want to open the treasure?"

Zhao Tongxin said in a low voice as he walked out. Of course, he said it to Jin Ying on purpose.

"We have to open it. The group's capital has reached the point of unsustainability, and even the basic operation can't be guaranteed. After all, our investment is too large this time, involving various industries in Jiangbin. I'm afraid we can't block Huo Tingchen's economic invasion without opening the treasure."

Jin Zhengting's luck is a little helpless. Although his acting skill is not good, he never tells a lie. What he says is convincing.

These two things have been remembered by Jin Ying, and Jin Zhengting's goal has been achieved. Seeing Jin Ying's thoughtful expression on her face lying on the bed, they know that the plan is half done.

After they left Jin Ying's room, she immediately sat up from the bed, took out a very small mobile phone, turned the volume to the lowest, and then dialed Huo Tingchen according to the voice prompts.

Huo Tingchen is annoyed when his mobile phone rings. He takes it up and finds that it's Jin Ying who just got home. His heart immediately moves. At this time, Jin Ying calls him to prove that there must be something very important.

"Miss Jin Ying, what can I do for you?"

Jin Ying secretly sorted out what Jin Zhengting and Zhao Tongxin had said, and then said, "I'll tell you the password and the correct opening method of the treasure. The password is 16655. The opening method is to separate the singular number and the even number, and input them separately to open the treasure. Another news is that Jin Zhengting can't hold on now. There's something wrong with his capital, and it's your investment Capital opportunities. "

Huo Tingchen's heart beat wildly. For him, nothing excites him more than Jin Ying's two news, which means that it is not far away from the day when he defeated Jin Zhengting.

"Miss Jin Ying, you have done a good job. During this period, you should always pay attention to the movement of Jin Zhengting and report to me at any time. Besides, you should be careful not to be discovered by the Jin family."

Huo Tingchen hung up the phone after the advice, and his eyes flashed with unspeakable excitement.

Long Jiu knew that Jin Ying was calling, but he didn't know the specific content. He asked, "brother, what has made you so happy?"

Huo Tingchen laughs. Over the years, he has never been so happy as he is today. He finally stops laughing. He just gasps a little and says to long Jiu, "Jin Ying has got the news. She has got the password to open the treasure and the correct way. Moreover, Jin Zhengting can't support it now. Now you immediately hold a group meeting to take Jiangdong's treasure away All the capital is discounted. I want to invest all of it in the market of Jiangbin. It's the most fatal blow to Jin Zhengting. It's time to start a final fight with Jin Zhengting. "

"OK, brother, I'll do it right away."

Long Jiu's eyes were equally excited. She had been waiting for a long time for this day, so she immediately did as Huo Tingchen told her. What they didn't expect was that they had been cheated by Jin Zhengting at this time.

## **Chapter 622**

"Brother, the marketing department has confirmed that Jin Zhengting is withdrawing funds from all the projects. It seems that the news Jin Ying gave us is true."

When long Jiu walks into Huo Tingchen's office, she says excitedly that she didn't believe Jin Ying's news very much, but judging from Jin Zhengting's actions, it seems that she can't hold on. If his group doesn't encounter financial shortage, it will not withdraw capital and lift the blockade in theory.

Huo Tingchen's eyes have a ray of pleasant light. He has been waiting for this day for a long time: "immediately inform Jiangdong that all the assets there will be discounted and will not be left. We are going to start this final duel between Jiangbin and Jin Zhengting."

"Is it too risky for us to do so? If there is any mistake, we will have no way back."

Although long Jiu's mood is also very excited, she can still keep calm to a certain extent. She is used to leaving a good exit for herself.

Huo Tingchen waved his hand: "your worry is superfluous. Judging from the current situation, Jin Zhengting must be unsustainable. This is his most vulnerable time, so we need to give him the most fatal blow. For people like Jin Zhengting, we must try our best to defeat him, otherwise he will be able to Dongshan as long as he has a little chance It's up again. "

He has been fighting with Jin Zhengting for many years, and naturally he has some understanding of Jin Zhengting's ability. This is also a lesson he has learned many times. That's why he decided to put all his eggs in one basket and defeat Jin Zhengting completely.

"I see. I'll do it right away."

Long Jiu nodded to agree. In this respect, she has no opinion, so she chose to follow Huo Tingchen's plan.

"In addition, you have to inform Xu Zheng to put pressure on Zhao Tongxin company to seize the catering market as much as possible. At this time, I don't want Jin Zhengting to notice our actions and arouse his vigilance."

Huo Tingchen's eyes flashed and said that the victory seemed to be in front of him. He must have a good plan.

"Yes."

"Also, call Xu Ting, and I'll leave the treasure to her. At present, there are not many people I can trust, only you and her, but you have to stay with me, so I can only let her go to Southeast Asia."

"All right."

Long Jiu agrees and goes out of the office. She is quite efficient. Before long, Xu Ting knocks on the door and walks in. It's quite different from the past. Her face doesn't have that kind of innocent and pitiful expression, but is shrouded in a thick and gloomy atmosphere. It can be seen how hard Jin Zhengting hit her at yesterday's gambling stone meeting.

"Mr. Huo, are you looking for me?"

Xu Ting's voice is also a little hoarse, obviously not very emotional. Huo Tingchen knows that it's also because of Jin Zhengting, but it's just an opportunity for him to take advantage of Xu Ting.

"I have something for you to do, but it's very confidential. Don't let anyone know. Do you have confidence?"

Huo Tingchen looks at Xu Ting with a gentle smile on his face. He knows that Xu Ting now has no choice but to advance and retreat with him, so he leaves such an important thing to her.

Xu Ting nodded: "Mr. Huo has something to do. I'll do it well, as long as it's good for the group."

Her subtext is that as long as she is dealing with Jin Zhengting and Zhao Tongxin, she will do it. This attitude is what Huo Tingchen wants to see most, so he smiles a little, and there is a flash of light in his Phoenix eyes.

"You should know about the treasure. Now I've got the password, which is 16655. I've got the way to open the treasure. Input the odd and even numbers of the password separately, and you can open the treasure safely. I've decided to let you take someone to open the treasure, and then transport it back safely. I'll tell you the specific location of the treasure. How about this task Can it be done? "

Huo Tingchen carefully looked at Xu Ting's reaction. She almost didn't think about it and said, "I know this treasure is related to the current situation. I will do it well. Thank you for your trust."

"That's good. You can rest assured that with this treasure, we will be able to defeat Jin Zhengting smoothly. At that time, whether it is Jin Zhengting or Zhao Tongxin, it's up to you to deal with it."

Huo Tingchen knew what Xu Ting wanted most, so she immediately offered benefits. When Xu Ting heard him say that, her dim eyes immediately became excited: "when do I start?"

"Of course, it's getting better and better. I think it's the best time to start now, because our every move may be monitored by Jin Zhengting, so we must finish it before he responds."

Huo Tingchen's heart is also very anxious now. He just wants to erase the Jin family from the riverside as soon as possible to repay the hatred that has been suppressed in his heart for so many years.

"I'll get ready in a minute."

Xu Ting can't wait. Yesterday, Jin Zhengting's attitude towards her made her completely give up her heart. She hated Jin Zhengting from love, and she hated Zhao Tong to the bone. Now that she has an opportunity to beat them by herself, Xu Ting doesn't want to let go. "I'll send someone to help you finish it. You'll also be told about the details of the treasure. You just need to transport the treasure back safely as soon as possible."

Huo Tingchen said with a smile that only winners can have.

President's office.

Jin Zhengting and Zhao Tongxin sat on the theme, and several core members of the group were present.

Rong Lei first said: "boss, according to the latest news, Xu Ting has quietly taken a group of Huo Tingchen's men to Southeast Asia. It seems that she wants to start with those treasures. It can be said that our plan has been half successful."

"Zhengting, this time Xu Ting is more or less unlucky. Is it too much for me to design her like this?"

It's hard to change the nature of kindness. Zhao Tongxin thinks that it's not suitable for this kind of intrigue and often bloody business.

Jin Zhengting gave her a warm smile: "Tong Xin, you don't need to be so kind. In this world, you don't want to hurt others, but others just want to hurt you, so it's not too much to make any counterattack when you have to. Moreover, Xu Ting has done a lot of things I can't tolerate over the years, and this result is her own fault. It's over. "

His words make Zhao Tongxin feel at ease for a while. Although she doesn't like it, it's the rule of the game after all. The rule is very simple and cruel, that is, the strong win, the defeated die.

"Boss, I have contacted Xu Zheng. In the next week, he will make a situation of failure in the competition, so as to confuse Huo Tingchen and attract Huo Tingchen's capital to the catering industry. However, we are not able to swallow Huo Tingchen all at once."

Shaoyuan ponders that she knows how huge Huo Tingchen's capital is, so even if Jin Zhengting group has all the financial resources, it is unlikely to make a large-scale acquisition after Huo Tingchen's economic collapse. She thinks that once Huo Tingchen goes bankrupt, she must seize the fruits of the victory as soon as possible, although they and Xu Zheng are now together. Cooperation has begun, but after all, Xu Zheng is a potential opponent.

"Don't worry about this. When Huo Tingchen's commercial building collapses, naturally someone will come out to clean up the mess, and it won't be cheap to Xu Zheng."

Of course, Jin Zhengting knew that she meant to be on guard against Xu Zheng, but from his attitude, he

didn't care about Xu Zheng at all.

He has never been an arrogant person. The reason why he has such an attitude proves that he has made plans for the next step.

"Zhengting, what are you going to do?"

Lu Zhanyan asked whether he had a long-term vision and looked at the problem from the perspective of the whole situation. He is not particularly clear about Jin Zhengting's layout.

"It's very simple. Just let Xu Zheng contain part of Huo Tingchen's capital and relieve some pressure on my side. Huo Tingchen's capital invasion will definitely make all-round investment in all industries along the river. Although I withdraw the capital now, the capital is very sufficient, and there is no resistance from those grassy consortia. When Huo Tingchen just starts to invest. When I was investing, I would have a tit for tat confrontation with him. With our advantage as a local enterprise, we could defeat him in a short time. "

Jin Zhengting had planned everything for a long time, but he didn't say it in public, because he would still have some reservations before the group's traitors were found out.

"It's a good plan, but I don't know if we can restrain Huo Tingchen's capital invasion and how much Cheng's assets are. With the current strength of the group, unless Tong Xin can contain a large part of his capital, I can realize this plan."

Cheng Mohan says faintly that he has found the problem in this plan. Of course, it's not that Jin Zhengting's plan is bad, but that such a big plan can only be realized with the same huge capital. At present, unless Zhao Tongxin can attract at least one third of Huo Tingchen's investment, Zhao Tongxin will be under too much pressure. It's too big.

"Zhengting, you can rest assured that although there may be a lot of pressure in the early stage, Xu Zheng will cooperate with us after all, so he will not oppress us too much. I think I can stand it."

Zhao Tongxin immediately understood Cheng Mohan's meaning. She believed that she could do it, because she was in charge of the company. Now she is on the right track. She is willing to use this opportunity to test whether her company can withstand the impact of foreign capital.

Jin Zhengting's eyebrows wrinkled. He looked at Zhao Tongxin with a complicated look. From his eyes, he could see the tangled and unwilling mood.

"Zhengting, you have to believe me. I've never let you down, have I?"

Zhao Tongxin's face bloomed a confident smile, she gave Jin Zhengting an unprecedented happiness.

## **Chapter 623**

For several days in a row, Huo Tingchen's capital transfer was exceptionally smooth, and almost no resistance was encountered, which also made Huo Tingchen more sure that Jin Zhengting had reached the end of the storm.

He is very comfortable reclining on the sofa, tasting a glass of bright red wine, his mood is very happy.

"Brother, everything is going well now, but Xu Zheng seems to be in some trouble. He has called several times in a row. It seems that as you analyzed, Jin Zhengting has put all his bets on Zhao Tongxin. We don't have to pay attention to Xu Zheng. Let him and Jin Zhengting bite the dog. Let's take advantage of it?"

Long Jiu nestles up to him and says to Huo Tingchen with a smile that everything is so smooth, which makes her feel relaxed.

Huo Tingchen thought about it and shook his head: "no, I have decided this matter. I want to keep a supportive attitude towards Xu Zheng. Jin Zhengting is very smart. He has realized that it is impossible for him to compete with us from other industries, so he will try his best to keep a place in the catering industry, so I will never give him this opportunity."

"Having said that, but Xu Zheng just got billions of capital, how can he not hold on for a week, showing a one-sided trend?"

In addition to disdaining Xu Zheng's performance, long Jiu has only doubts. During the period of cooperation with him, Xu Zheng's performance is obvious to all. In such a short period of time, Zhao Tongxin squeezed him to ask them for help, which is obviously not his consistent style.

Huo Tingchen didn't think so. He said faintly: "in fact, this problem is still very simple. Jin Zhengting has a good feeling for Zhao Tongxin, so he won't see Zhao Tongxin's efforts fail. Moreover, Zhao Tongxin continues to take care of the company when she is pregnant. I think Jin Zhengting will be very moved. He won't let Zhao Tongxin's dream die, which explains why It's hard to see why he's divested in a lot of industries. "

Long Jiu nodded thoughtfully: "I see. What you mean is that Jin Zhengting concentrates all the funds in Zhao Tongxin's company. So even if Xu Zheng is much stronger than before, he can't resist Zhao Tongxin. That's why."

"Yes, I think Xu Zheng is also under great pressure. After all, he relies on one company to fight against Jin Zhengting's whole group. But that's good. It proves that we can inject capital into various industries in Jiangbin to replace Jin Zhengting's position. But Xu Zheng, we should not give up, because Jin Zhengting has put all his eggs in one basket Put it all into the catering industry, and we'll fight him there. "

Huo Tingchen confidently said that he had determined Jin Zhengting's goal, so he was not willing to give up the chance to face Jin Zhengting, because he knew his winning rate would be 100%.

"How much should we invest in Xu Zheng?"

Huo Tingchen's brow wrinkled, he thought carefully, asked: "you immediately check, we have no risk in the situation, the capital injection into all industries required proportion is how much."

Long Jiu agreed, got up and went to the computer, carefully looked up the information Huo Tingchen needed, a moment later said: "about 65% of the total capital we have."

"That is to say, we still have one third of the capital in our hands. Let's inject all the capital into Xu Zheng's company. I must let him win Jin Zhengting."

His decision seems to be very right, but from the moment he made it, he was doomed to failure.

Tianhong catering company.

Xu Zheng, Cheng mobing and Lu Moyan are in the office discussing the next strategy.

"Huo Tingchen has divided one third of his total capital into the name of our company, which shows that he has been cheated. Can we fight back now?"

Lu Moyan was a little excited when he heard the news. After all, he asked Xu Zheng to make up his mind.

"Don't worry. When Jin Zhengting does it, we'll do it. If we don't synchronize, it's easy to be defeated by Huo Tingchen. If he finds out our intention, all the previous efforts will be wasted."

Xu Zheng shows his consistent calm. He has a good grasp of the situation and knows that he has no ability to compete with Huo Tingchen, so he chooses to continue to endure for a period of time.

"How do you plan to use the funds that Huo Tingchen gave us?"

The questioner is Cheng mobing. Now Huo Tingchen has started capital transfer. Now Jiangdong is in a state of capital vacuum. She really wants to go back to Jiangdong because there are lots of opportunities there. From this point of view, she also wants to end up losing Jiangbin as soon as possible.

"Of course, it's for you. Now Jiangdong has no leader. We have a lot of investment opportunities. This fund is what you need most. Moreover, I bought you a ticket and you will fly back to Jiangdong tonight. I believe that with your ability, you can revive the Cheng family soon."

Xu Zheng light said, he Huo Tingchen support to his money did not have any interest, because he knew Cheng mobing more need."Xu Zheng, won't you go with me?"

Cheng mobing is moved and wants to cry. She knows that Xu Zheng is sincere to herself, which is

different from those men before. However, they get along well with each other, and she is still reluctant to leave all of a sudden.

Xu Zheng light smile: "Mo Bing, here things are not over, how can I go, and if I go, will cause Huo Tingchen doubt, so Jiangdong there first hard you, and so on after the end, I will go to Jiangdong to find you."

"Don't you want to realize your dream?"

After hearing Xu Zheng finish, Lu Moyan also asked with some doubts. He didn't know why Xu Zheng was willing to give up the opportunity to challenge Jin Zhengting. Although from the emotional point of view, he didn't want Xu Zheng to do so, Xu Zheng's decision still made him curious.

Xu Zheng smiles faintly. His eyes look at Cheng mobing with a gentleness he has never seen before: "I used to be a famous playboy, but now I can't play any more. I feel very tired, so I just want to find a new environment and start a new life with the people I like. But before that, it's better to solve the problems in front of me, such as If Huo Tingchen doesn't die, he will seek my revenge sooner or later. I don't want to spend the rest of my life in unrest. "

Cheng mobing's eyes were full of moving looks. For the first time, she said in a very sincere and gentle voice, "Xu Zheng, I will wait for you."

Xu Zheng did not speak, just a faint smile, all in silence.

Looking at their love, Lu Moyan's heart seems to have a thorn. He thinks of Qian Yuanyuan again. Although they have misunderstandings, he still wants to save her.

At this time, Lu Moyan's mobile phone rang. He picked it up and saw that it was Qian Yuanyuan.

"Hello, Yuanyuan."

Qian Yuanyuan on the other end of the phone was silent and said, "if it's OK today, let's meet. I have something to tell you."

Lu Mo Yan's eyes a Leng, his heart had a kind of bad feeling, but he still nodded: "good, half an hour later, we meet at the same place."

Half an hour later, in the cafe where they met, Lu Moyan saw Qian Yuanyuan and Lu zhanyan. Sooner or later, the three people's problems will be solved.

"There was a delay on the way. Aren't you in a hurry?"

Lu Mo Yan said with a relaxed face. After sitting down, the three people began to be silent.

Finally, Qian Yuanyuan took the lead in breaking the silence: "Mo Yan, I call you out this time to say something to you."

Lu Mo Yan's bitter smile: "I know that you are going to break up with me, because your heart has always been the shadow of zhanyan, am I right?"

"Mo Yan, I didn't mean to get involved in your feelings."

Lu zhanyan was afraid of his brother's misunderstanding, so he quickly explained. As soon as he spoke, he was stopped by Lu Moyan: "brother, Yuanyuan, I've been thinking about it for a long time these days. In fact, my distrust of Yuanyuan proves that I don't love her enough. And I know that you are the ones who love each other the most, so I'll write it off. Now I just want to bless you. "

he said faintly, took off the wedding ring on his finger, gazed at it for a moment, and then put on a relaxed expression: "although I married Yuanyuan, I feel that I am the third party. Now I feel much more comfortable. Brother, what I want to tell you is that I am leaving Jiangbin, and Xu Zheng and Cheng mobing are going to jiangdongkai Innovative career, I think it's more pleasant to cooperate with them, so I may not be able to catch up with you to attend your wedding. That's it. I have to leave in advance. "

"Mo Yan."

At the moment when he turned around, Qian Yuanyuan called him gently. There were tears in her eyes. Although she always loved to talk, she had feelings for Lu Moyan after all.

"Two people who are not suitable will not be happy together. Let's not force each other. I will remember your good. That's enough. Take good care of ourselves in the future."

Lu Moyan took a deep breath and wiped away the tear, but his mood was more relaxed than ever, because he could really put it down. Sometimes, when he really loved someone, he would let her go to find her own happiness.

Qian Yuanyuan doesn't belong to him, but to Lu zhanyan, so he let go naturally. When he went out, he was more natural and unrestrained than when he came.

"Yuanyuan, I'm sorry."

Lu zhanyan really didn't know what to say. He had to express his apology to her. It was because of him that the current situation was created.

"If it's useful to apologize, what do you want the police to do?"

Qian Yuanyuan gave him a white look: "if you really feel sorry for me, chase me again, but this time you can't give up halfway like last time."

**Chapter 624**

Lu zhanyan raised his head in surprise and looked at Qian Yuanyuan: "what did you say?"

Qian Yuanyuan's face showed a faint smile: "these days I also want a lot, since I haven't got the happiness I want, why can't I give myself a chance to pursue happiness? People always have to look forward, although it's not very fair to Mo Yan, but there is no absolute fairness in feelings, don't you think?"

Lu zhanyan's eyes became firm. He extended his hand to Qian Yuanyuan: "Yuanyuan, I will never lose you this time."

But Qian Yuanyuan gave him a white look: "look at your impatient appearance. Do you want to hold my hand? Now is not the time. It depends on your future performance."

Lu zhanyan always had a silly smile on his elegant face: "OK, I'll see my performance in the future."

Just as he was about to take his hand back, Qian Yuanyuan's hand had been put into his palm: "remember, this is your last chance."

Lu zhanyan said with a smile: "although my ability to grasp the opportunity is not as good as Zhengting, I will hold you firmly in my hand this time."

When two people look at each other and smile, a feeling of long absence rises in their hearts, which may be the happiness of people who love each other after setbacks and finally hand in hand.

In the president's office, Zhao Tongxin nestles next to Jin Zhengting, and his bright eyes are full of happiness.

"I'm in a good mood today. Why?"

Jin Zhengting asked with a smile. When he was with her, he would always unconsciously put a smile on his face, because he really felt that kind of light happiness.

"Because today I convinced Yuanyuan to give zhanyan a chance. I know that she has feelings for Mo Yan, but I always think that she is the happiest with zhanyan."

Zhao Tong said faintly that although she knew that it was unfair to Lu Moyan, there was no right or wrong about the feelings, only suitable and unsuitable. She thought Lu Moyan would understand, and she knew that Lu Moyan had real feelings for Qian Yuanyuan, so he could figure out who could give her happiness.

Jin Zhengting gently stroked her hair: "I know, you want everyone around you to be as happy as you, right?"

Zhao Tong's eyes narrowed, her hand gently stroked her abdomen, soft voice said: "yes, our little guy will be born in a few months, I hope when he was born to this world, he will only feel the happiness around him."

There was a trace of tenderness on Jin Zhengting's handsome face: "don't worry, he will be surrounded by happiness, but before that, I want you to feel the feeling of happiness first."

Zhao Tong blinked his beautiful eyes and asked, "I'm already very happy now. As long as I have you by my side, every day is happy."

"This is not enough. In a few days, after the collapse of Huo Tingchen group, I will give you a late wedding. I want to prove to everyone that you are the happiest person in the world."

Jin Zhengting's eyes become extremely gentle, and Zhao Tong's heart suddenly vibrates. She has been waiting for the wedding for a long time, but before Huo Tingchen is eradicated, she doesn't want to consider this problem. Jin Zhengting also knows about this matter. When he puts it forward at this time, it means that it won't be long before he starts a final blow to Huo Tingchen.

"Zhengting, I love you."

In his affectionate eyes, Zhao Tongxin's voice full of happiness is extremely gentle.

Jin Zhengting raised her mouth slightly and gently embraced her in his arms. Like every hug they had experienced, the feeling of happiness lingered around them.

Just as their lips were about to touch each other, ready to start a deep kiss, the knock on the door sounded out of place.

Jin Zhengting didn't want to pay attention to it, but Zhao Tongxin gently pushed him: "Zhengting, business matters, we still have a long life in the future."

"All right."

Jin Zhengting said, kissing her lightly on her forehead, but holding her hand didn't mean to let go. He said faintly to the door, "come in."

It's Rong Lei and Xu Yanke who come here. These days, as long as there is Rong Lei, there will be Xu Yanke's voice. It has become a small tail of him.

"What's the matter?"

Jin Zhengting knows that when they come to his office at this time, there must be something important, because they are responsible for monitoring Huo Tingchen's actions.

"Boss, Huo Tingchen has transferred one third of his assets to Xu Zheng. It seems that he wants to fight with us in the catering industry."

Rong Lei put a document on his desk: "in addition, according to the latest news, Huo Tingchen's remaining assets have all started to expand in Jiangbin. However, the marketing department of the group has made an analysis. He just started to expand his capital, which has reached the limit of expansion. That is to say, we can completely defeat him from any industry, If the estimate is good, he has been completely deceived." Jin Zhengting frowned slightly: "is there any news from Xu Ting?"

"Brother, in Southeast Asia, we have evacuated all the people guarding the treasure. At this time, Xu Ting should have been there. As soon as they arrive, our people who stay there can watch them at any time."

Xu Yanke is also starting to help Rong Lei share the work now, and he is doing very well.

Jin Zhengting just nodded: "well, I hope Xu Ting doesn't open the treasure, but the explosive magazine, otherwise it's really hard to say."

"Zhengting, you have always been very lucky, and this time is no exception. I believe your judgment is very accurate."

Zhao Tongxin gently told Jin Zhengting that she always believed in this man.

"Well, let's not talk about this for the time being. It's time to talk about your business. When are you going to get married?"

Jin Zhengting took a look at Rong Lei and Xu Yanke and asked faintly.

Compared with Xu Yanke, Rong Lei seems to be a bit awkward. He doesn't know how to answer this question. Fortunately, Xu Yanke has already thought about it: "brother, we plan to get married after this matter is over."

"Yan Ke, what kind of wedding do you want?"

Zhao Tong Xin asks with a smile that Xu Yanke's personal problems have been solved, which also reassures her as the wife of the Jin family.

"Rong Lei and I have discussed this issue for a long time. We don't want everyone to know about it, and we all hope that only the two of us can do it at the wedding."

Xu Yanke looks at Rong Lei gently. At this time, her look is very similar to Zhao Tongxin. Maybe they are very similar in appearance, and they are all happy, so they have the same look.

"Just the wedding of the two of you?"

Jin Zhengting asks emphatically that he has no dissatisfaction and respects Rong Lei and Xu Yanke's choice, but he feels that he has wronged his most loyal assistant and his sister.

"In fact, just the two of us are enough, as long as we can be happy together, we really don't care about those formal things."

Rong Lei said in a low voice, his eyes looking at Xu Yanke are also full of gentle happiness.

"Well, Rong Lei and Yan Ke, since you insist on it, just do it according to your ideas. I have nothing to give you. This is the equity certificate of the catering company. From today on, the catering company is the industry of both of you."

Zhao Tongxin takes out a stack of stock ownership books that have been prepared for a long time from the table and puts them in the hands of Rong Lei and Xu Yanke.

"Boss, Miss Tong Xin, we can't accept such a valuable gift."

As soon as Rong Lei wants to refuse, Xu Yanke grabs him: "Hey, do you want to drink the northwest wind after you and I get married? What's more, I don't want the things from Zhao Tong's heart. It's true."

Although she said so, but look at the eyes of Zhao Tong Xin has no hostility, she faint smile: "Hello, thank you."

"We've been fighting for so long. Now that we're married, do you know how to be polite to me?"

Zhao Tong heart teases to Xu Yan Ke to say, looking at them can be happy, she is also very happy.

"Well, a few years is nothing. The days after that are still long. Anyway, I just don't like you."

Xu Yanke said with a small mouth, her heart is now filled with happiness.

"I don't like you either. Let's look at each other. You're right. There's still a long way to go in the future to see who can win."

Zhao Tong said that no matter how the relationship between her and Xu Yanke changes, it can't change the fact that they are the natural enemies of life.

"I just remembered that there was a man who didn't like both of us. Are we going to mourn her?"

Think of the tragedy Xu Ting is going to experience, Xu Yanke's heart has no reason for a burst of pleasure.

Zhao Tong Xin's eyes flashed for a while, her look gradually dim down: "although to Xu Ting, we can't

use any kind of means too much, but we still think it's too cruel."

"People like her, if they don't get rid of their roots, will be a threat not only to you, but also to my unborn nephew, so they'd better let her die."

Xu Yanke seems indifferent. After all, she used to be a killer.

This time, Rong Lei doesn't oppose Xu Yanke's violence. He wants to stand with the girl who is about to become his wife: "Miss Tong Xin, what Yan Ke said is right. We must use extreme means to deal with this kind of person, otherwise she will be as haunted as Huo Tingchen."

Zhao Tong Xin nodded, feeling a little better at last. He felt his hair caressed by Jin Zhengting.

"Tong Xin, you've done the right thing. This kind of haunted person has to be haunted. This time it's Xu Ting, next time it's Huo Tingchen."

## **Chapter 625**

"What?"

Huo Tingchen suddenly bounced up from the sofa, with a very frightened expression on his face, looking at the Dragon nine with almost the same expression.

"There's no mistake, brother. When Xu Ting opened the treasure, she touched the explosive detonator. She and our men have been broken to pieces."

"How can this be possible? Is there a mistake in Jin Ying's news?"

Huo Tingchen doesn't care about Xu Ting's life and death. He is more concerned about Jin Ying's wrong news.

"There is only one possibility, that is, Jin Zhengting has seen through Jin Ying, so he deliberately lures us to open the treasure."

Long Jiu is calmer than Huo Tingchen at this time. She soon thinks that Jin Ying has been exposed, and they are schemed by Jin Zhengting.

Huo Tingchen felt a lot of fear at this time. If he went there in person this time, his end would be the same as Xu Ting.

"What you said is reasonable. I also feel that there should be something wrong with Jin Ying. However, according to the feedback from Xu Zheng, Jin Zhengting has really withdrawn capital from various industries. Is this also a kind of illusion?"

At this time, Huo Tingchen's forehead has been in a cold sweat, because he thought that if Jin Zhengting deliberately conceals his strength and lures him to force capital into all industries, the consequences will be really unimaginable, because he now has no liquidity to control. At this time, if Jin Zhengting suddenly works hard, he will be dead No ability to fight back.

At this time, the telephone of the president's office suddenly rings. Long Jiu goes to answer it. With only a few words, her eyebrows wrinkle. Obviously, she has heard very bad news.

"What's the matter?"

Huo Tingchen asked eagerly. The last thing he wanted at this time was to hear bad news.

"Jin Zhengting has made a move. His first target is the real estate industry. Because of his relationship, our real estate stock has dropped by 100%, which means that in the real estate industry, we have gone bankrupt. I think it won't be long before Jin Zhengting starts from other industries, and we will soon be defeated."

Long Jiu's voice is extremely depressed. She has figured out that all this is Jin Zhengting's plan, and they are led by Jin Zhengting's nose.

"Don't worry, we still have Xu Zheng. His company has considerable strength. I believe he will be able to fight against Jin Zhengting."

Huo Tingchen pinned his last hope on Xu Zheng, which is ironic.

"We have been cheated by Xu Zheng and Cheng mobing. They have transferred all the capital of the company to Jiangdong. Now their catering company is just an empty shell, and it's an illusion that it's hard for Zhao Tongxin to turn over. It's just for us to see that he is colluding with Jin Zhengting."

"No!"

Huo Tingchen roared angrily: "it's impossible. Where did Jin Zhengting get so much capital to mop up the stock market? I don't believe it. It's absolutely not true!"

"Brother, calm down. Let's think of other ways. Besides dealing with us economically, Jin Zhengting will come after us soon. It's better to stay away from him now."

Long Jiu is acutely aware that Jin Zhengting will not give up. After all, the feud between the two sides is too deep.

Huo Tingchen's eyes became red. He took out a gun from his coat pocket and said: "go? I have lost to him too many times, so I will never lose to him again this time. If he wants to come to me, I will wait for him here! "

"You don't have to wait, because I've come."

Huo Tingchen's blood red phoenix eyes look at the door of the office. Jin Zhengting's figure of Wei'an is reflected in his pupils.

When he saw Jin Zhengting, his pupils suddenly contracted: "Jin Zhengting!"

"Well."

Jin Zhengting answered lightly, ignoring the gun in Huo Tingchen's hand.

"I still don't understand. Where on earth did you get so much capital to beat me in less than a day?"

Huo Tingchen is unwilling to ask, but his eyes are staring at Zhao Tongxin beside Jin Zhengting. He is waiting for an opportunity. As before, as long as he can control Zhao Tongxin, at least he can retreat completely. Now that he calms down, he is most concerned about his own survival.

"In fact, I really don't have the strength to sweep the stock market in a short time. Thanks to the help of a friend of mine, he completely knocked you down the first time."

Jin Zhengting looked at Huo Tingchen with a smile in his eyes and said that his body moved towards Zhao Tongxin intentionally or unintentionally. Of course, he knew what kind of idea Huo Tingchen was making.

Huo Tingchen's pupil suddenly contracted, he asked coldly: "who is it? Is there such a character in Jiangbin? I don't believe it, I absolutely don't believe it!"

"You are a frog in the well."

Jin Zhengting and his party separated a road. Ke Jingteng stood in front of Huo Tingchen gracefully. "Ke Jingteng? How can you have so much energy? You are still cheating me

Huo Tingchen doesn't believe that a doctor in a hospital has so much capital. It's obvious that Jin Zhengting is playing tricks on him. That's why he is so angry.

"Ke Jingteng is indeed a doctor, but he has another identity, that is, the son of the Minister of finance. Everyone knows that the minister's surname is Chen, but Ke Jingteng follows his mother's surname."

Yang ziye smiles and pats Ke Jingteng on the shoulder: "I've been hiding my identity for so long, so I'm really a person who can keep secrets, right?"

"Huo Tingchen, are you convinced now that Ke Jingteng has no strength to deal with you?"

Lu zhanyan holds Qian Yuanyuan's hand and says disdainfully to Huo Tingchen.

"Brother, don't talk to him, just kill them."

Xu Yanke hates Huo Tingchen to the bone. She and Rong Lei are already eyeing him.

Huo Tingchen cold smile: "very good, Jin Zhengting, I admit I lost, this time I am convinced, but you did not laugh to the end."

Before his words fall, long Jiu, who has been standing behind him, suddenly moves. The target is Zhao Tongxin. She has a tacit understanding with Huo Tingchen. She knows that as long as she controls Zhao Tongxin, she can reverse the extremely passive situation.

But as soon as long Jiu moved, there were three more people around him. Shaoyuan, Rongqi and Xiaoma, the three core members of Zhao Tongxin's team, immediately surrounded long Jiu. Long Jiu chose to fight to death in a desperate situation. Just as she took out her gun, a few clear shots rang. She had fallen into a pool of blood and ended her evil and short life.

"Huo Tingchen, you have a chance. I can gamble with you to see whether your gun is fast or mine. How about that?"

Jin Zhengting looked at Huo Tingchen with disdainful eyes and said faintly that he maintained this kind of sufficient self-confidence at any time.

"OK, let's play the last game, but I promise it will be me who will win this time."

Huo Tingchen's eyes had never left Jin Zhengting's hand, but Jin Zhengting's eyes were very indifferent, and their momentum was high and low.

Two people stand for a long time, Huo Tingchen suddenly shot, but his muzzle is not aimed at Jin Zhengting, but aimed at his temple, with a shot, his people have fallen back.

Before he died, Huo Tingchen still gave a little smile and said intermittently: "Jin Zhengting, I finally won you this time."

Jin Zhengting looked at Huo Tingchen's corpse. There was no expression on his face, but there was a touch of melancholy in his eyes. Zhao Tongxin naturally knew what he was doing, and gently took up his arm and nestled beside him.

Jin Zhengting light smile for a while: "Tong Xin, your mind has been, we should go to prepare for the wedding?"

Zhao Tong Xin warm smile: "in fact, the wedding you have already given me."

"Where is it?"

"In my heart."

Three days later, the already noisy city of Jiangbin suddenly became more lively, because today is the wedding day of Jin Zhengting, Jin and Zhao Tongxin, so it's naturally very grand.

After Huo Tingchen's incident, Jiangbin returned to the previous order, and Huo Tingchen's assets were returned to the Cheng family. So Cheng Mohan and Cheng mobing Xu Zheng are in Jiangdong, and they can't come to participate in the investment.

Although Jin Ying betrayed Jin Zhengting, she was his own sister after all, so she was sent to the psychological rehabilitation center where she was treated for her mental illness. Gu Chen was with her all the time. Maybe they would also spark some love.

Lu Mo Yan has been rarely seen. It is said that he is busy with his work, but he has put aside his past affairs and is full every day.

Since Qian Yuanyuan and Lu zhanyan have continued their relationship, they have not gone out drinking with Yang ziye so much that he yells at the bar every day when the boring days will be over.

Xu Yanke and Rong Lei get their marriage certificate. They don't hold any wedding. As they say, as long as they are together, it's enough.

Shaoyuan and Chen dongyiru are also very happy because of their past love. They only worry about Rong Qi's life occasionally.

This time, Ke Jingteng, who made the most efforts, was afraid that his identity would be exposed, so he lived in the hospital and concentrated on medical research, which was also his lifelong pursuit.

As for Jin Zhengting and Zhao Tongxin, they went to Southeast Asia for a holiday after a make-up wedding, and they went there for a year. When they came back, they already had a lovely baby.

Their favorite thing to do is to take their baby to the seaside for a walk, and walk side by side under the caress of the sea breeze, leaving a series of footprints behind, which are the marks they walked together.

Every time Zhao Tong Xin would ask: "Zhengting, do you love me?"

"I love you."

"How long will you love me?" "Forever."
