

Chapter 641 - Livestream (1)

After her initial panic, Cui Tong also calmed down.

Although she was not considered super famous, she had a lot of experience. It was just that she was suddenly seen without makeup and became anxious.

However, being seen without makeup was not a big problem.

Besides, she looked good even without makeup!

Moreover, after using the acne cream given by Xia Xibei, her face was already smoother and more beautiful!

Thinking of this, she couldn't help but shake her head in triumph.

[This is not the little princess Cui Tong, right? Why does she feel so... Comical?]

[A little goofy....]

[Give me back my Sister Tong!]

[Oh my God, this is too funny!]

The fans were also caught off guard.

They never thought they would see Cui Tong here before, nor did they know what Cui Tong was like behind the camera.

In everyone's mind, Cui Tong was the capricious and delicate young missy, the kind that couldn't be famous despite massive promotion.

Every time she appeared in front of the camera, she was very proud and her makeup was impeccable.

Today, she had appeared on camera without makeup!

Moreover, her character was much different from the one on camera! This was a huge contrast!

Cui Tong looked at the comments and laughter in the broadcast room, pursed her mouth, and said proudly, "What do you mean by comical? I'm a great beauty, okay! The persona of a great beauty must not collapse!"

Everyone almost sputtered. She was so straightforward! Was this really good?

Cui Tong's team had been sending out all kinds of press releases, so everyone knew that she wanted to take on the persona of "the top beauty in the entertainment industry."

However, she was so straightforward that it really surprised everyone.

After she said so, it made a lot of people change their minds about her.

Previously, they thought she was just a petulant and capricious princess, but they did not expect her to be so comical and funny.

The comment section was now full of excitement.

[Sister Tong, who do you think is more beautiful? You or Guo Lingshu?]

[Who do you think is more beautiful? You or XXX?]

[Compared with XX...]

Looking at everyone who posted the same type of comments, Cui Tong hummed and rolled her eyes indecently, "I knew you guys were evil!"

This kind of question, no matter who asked it, could easily be a trap.

However, Cui Tong was fearless and answered anyway, "In my mind, I'm the most beautiful in the world!"

She didn't expect that the picture of her raising her chin proudly would be made into an emoji pack with the words, [IAmtheMostBeautiful.jpg].

This emoji pack would then be reposted everywhere, and she followed it by sending her own emoji pack, which instead changed people's opinion of her and gained her a lot of fans.

Now back to the current live stream.

Instead of being annoyed, Cui Tong's answer made the fans laugh.

Before, she always looked like her eyes were facing the sky whenever she appeared on camera, which was very unpleasant.

Now, such a little complacency was rather cute.

[Then, who do you think is more beautiful? You or Sister Bei?]

Someone continued to make trouble, and everyone posted the same question.

Cui Tong glanced at it, "Of course Sister Bei is more beautiful!"

She pulled Xia Xibei over and the two faced-off on camera. "Look guys, who is more beautiful?"

After saying that, she sighed, "I feel like I've lost. Now I want plastic surgery."

[Hahahahahaha...]

[LOL]

[Hahahahahaha...]

No one expected that Cui Tong would mock herself, and instantly the live stream was filled with laughter.

[Featherfall Mortal Dust rewarded a plane]

"Wow! An airplane!" Cui Tong was shocked. "What is this?"

"Thank you for the plane from Featherfall Mortal Dust!" Xia Xibei said immediately.

Chapter 642 - Livestream (2)

After being educated by Xia Xibei, Cui Tong realized that the livestream could give rewards!

"Wow! How much does this plane cost?"

Xia Xibei thought about it before replying, "I just browsed earlier, it looks like one cost five thousand."

"Wow!" Cui Tong's mouth was open wide with disbelief. "So expensive?!"

Fans were stunned and then amused by her.

She had the nerve to say it was expensive?

She was a pampered rich girl! The clothes she wore and the bags she carried were all at least five figures!

Moreover, her clothes were almost never worn twice.

Such a princess thought this reward was expensive?

"Featherfall Mortal Dust, you are too rich!" Cui Tong repeatedly lamented.

.

After being reminded, there were many more rewards in the broadcast room at once.

Fireworks, bicycles, sports cars, yachts... All swept past the screen.

"Wow!" Cui Tong had the expression of a countryman entering the city. "Can we get money for this...?"

"Yes," Xia Xibei nodded, "But since we didn't sign a contract, we can only get thirty percent at most."

"What about after we sign up?" Cui Tong immediately asked.

"The anchors who sign up should be able to get fifty percent."

"So little?" Cui Tong was instantly disappointed.

"The site has operating costs too."

Xia Xibei couldn't help but flick her forehead.

Cui Tong covered her forehead and glared at her in aggravation.

[I feel like I'm going to fall for them!]

[Mom, this pair is so sweet!]

[I feel like I got the real thing!]

These strange comments popped up in the live room, but they were quickly replaced.

After the two of them talked for a while longer, there was a knock on the door.

It was their two agents.

The agents didn't expect that they would suddenly go live.

If they hadn't seen these screenshots online, they would still be in the dark.

Alerted by their agents, the two had to say goodbye to everyone.

The fans were very reluctant. After all, this was their first time being so close to their idols!

People didn't want to let go of these grounded idols!

Looking at the comment section filled with comments such as "don't go," Xia Xibei could only say, "I will come back to do live when I'm free."

"I will also come!" Cui Tong added.

"Well, gotta say goodbye. Bye!"

"Bye!"

After exiting the live broadcast, Xia Xibei breathed a sigh of relief.

This time the live broadcast went quite well. Although Cui Tong came too, the effect was better.

Originally, there were only her own fans, but because of the addition of Cui Tong, there were many more fans. Some curious passersby also followed in.

The passersby who came were drawn in and stayed.

After her broadcast, viewers could go watch other people's broadcasts.

That turned out well.

Cui Tong touched her face and said thankfully, "Luckily, all the pimples on my face have disappeared. Otherwise, it would be humiliating!"

Xia Xibei looked at her with an expression that was hard to describe.

That was not what she should be worried about, right?

Cui Tong's image had all but collapsed today.

However, that was not a bad thing. At least it let people see her real side.

From the comments just now, it seemed that everyone was quite friendly to her.

The two agents came in with complicated expressions.

"Why did you suddenly do this live?"

This was not Pan Yan's first contact with live broadcasts. After all, there were live radio and television shows.

However, this was not the same as doing a live show on the phone!

"I just downloaded this software, so I tried it out."

Xia Xibei looked innocent. She couldn't exactly say this was her own business, right?

Chapter 643 - Enthusiastic Reaction

Every agent company had a rule that artists were not allowed to do whatever they wanted, and definitely not to take ads privately.

Of course, there was room for manipulation here.

What Xia Xibei did was not a commercial. She did not end up advertising, and she did not get paid, so the company would criticize her at most.

In addition, Xia Xibei did not make any trouble in this live stream, and Cui Tong was there too. They got good popularity and reactions, so the company naturally could not punish her.

However, the one who profited the most at this time was God Luo's Streaming TV.

If it wasn't for Xia Xibei's performance, who would have known about this live streaming software?

It would have taken a while before it slowly became popular.

.

After this live stream, people knew that there were now live tools to interact with their idols up close!

Some fans had already appealed for this online, hoping that their own idols also learned to use this software, allowing everyone to benefit!

Especially if your own idols had been hiding for a while. You couldn't wait for them to hang out in the live room for a long time.

Even if they just watched them eat and sleep, the fans could watch them all day!

This software also had a replay function. Many people went to watch it again, surprised to find that Xia Xibei's makeup-free face was beautiful and Cui Tong was quite comical.

Cui Tong's emoji pack had gone viral online, triggering a burst of laughter.

Cui Tong was confused when she saw her emoji pack, not knowing whether she should be angry or happy.

Finally, watching everyone laughing, she slapped her thighs and sent an emoji out herself.

The fans were stunned when they saw her blog post, then amused by her emoji package.

Soon, this blog post was reposted, triggering a considerable amount of spectators and jokes.

Because of this live stream, both Xia Xibei and Cui Tong's fans had gone up a lot.

The two companies were confused watching this development, as they had never thought of this situation before.

Who would have thought that this kind of live broadcast, which came out of nowhere, would bring such popularity to the two people?

However, they were not fools. They knew how to hold onto such a good opportunity.

Live stream! Make all of your artists go live!

Even Tang Luo was stunned by this development. This was beyond her expectation too!

She originally thought that it would take a little time to get the live streaming platform on track, but to her surprise, it'd only been out for two days and was already this hot!

However, this was all brought about by Xia Xibei and Cui Tong.

If it weren't for their celebrity effect, this new thing wouldn't have been accepted so quickly by everyone.

Since it had taken off, Tang Luo naturally had to firmly grasp the opportunity.

After discussing it with Xia Xibei, she, in her capacity as CEO of God Luo's Streaming TV, reached a partnership with SY Entertainment and started arranging for the artists to go live.

Meanwhile, Nie Zehai's side had also agreed to God Luo's Streaming TV's invitation to stream live the next day.

Nie Zehai had promised to stream live before, only that the time would be pushed back a little. After watching Xia Xibei and Cui Tong's live stream, however, the company immediately decided to move up the time.

This time, Nie Zehai teased the time of the live stream on his blog, immediately making the fans cheer.

Their idol was going to live stream!

In a flash, fans were overjoyed, and many of them downloaded the software, waiting for Nie Zehai's live stream.

Looking at the increase in the number of downloads, and then seeing the upsurge of fans who subscribed, Tang Luo was ecstatic.

Chapter 644 - Buying Gifts Together

Because Xia Xibei was not yet an adult, God Luo's Streaming TV was under Tang Luo's name. When she became an adult, another contract would be signed to distribute the equity.

Due to the strong rise of God Luo's Streaming TV, Tang Luo was quite busy these days.

Every day, in addition to school, she also had to deal with the company's affairs.

Fortunately, she had prepared well before and hired a lot of employees early on. Otherwise, she would have been overwhelmed now.

Moreover, Xia Xibei was now filming in Z City and had no time to deal with all these things, so everything was piled on her head.

By Saturday, Xia Xibei finally came back— she had to come back for the live broadcast of the finale of "Million Dollar Wisdom and Courage."

Xia Xibei was so busy, and the two of them didn't have time to meet..

Tang Luo originally wanted to go to the site to support Xia Xibei. Instead, she received an invitation from Mo Bonan.

"I'm going out with you?" Tang Luo pointed at herself with a surprised face.

"Right," Mo Bonan nodded. "It's my mother's birthday in a few days. Have you prepared a present?"

Reminded by Mo Bonan, Tang Luo finally remembered. His mother's birthday was in a few days! And she really forgot to prepare the gift!

"I'm preparing it."

Although she didn't prepare a gift, Tang Luo still looked sure, not showing the slightest bit of sheepishness.

Mo Bonan sized her up suspiciously,

"What have you prepared?"

"I can't tell you yet." Tang Luo shook her head. "Anyway, you will see when the time comes."

In other words, she had already prepared the gift, so there was no need to go out and buy it.

Although Mo Bonan did not know what was in her mind, he did not let her off easily.

"Then you can go with me to choose it. I don't know what to buy either."

Tang Luo's expression stiffened, not expecting him to have this trick.

"No?" Mo Bonan stared at her, giving her a little pressure.

"Okay," Tang Luo finally nodded.

Since Mo Bonan had asked, how could she refuse?

After the two of them ate breakfast and rested for a while, they set off by car and headed for the largest premium shopping mall.

The Mo family was rich and had whatever Mo's mother wanted, so there was no shortage of items, but the gifts represented their hearts.

However, because of this, it was also quite difficult to buy gifts every year.

Tang Luo followed Mo Bonan and went around the most expensive stores in the mall for a while, unable to find a suitable gift.

After walking for half a day, Mo Bonan looked at the somewhat tired Tang Luo and asked, "How about finding a place to sit first?"

"Good."

Tang Luo immediately nodded her head.

She couldn't figure out why Mo Bonan suddenly got the idea this year to come out and buy gifts himself.

In previous years, he always had his secretary prepare it.

His time was so precious, every minute was worth a lot of money. Why would he waste it shopping?

Mo Bonan was dressed very casually today. He looked young and handsome, not as intense as when he wore formal clothes.

With his wide shoulders, narrow hips, and long legs, he attracted the attention of many people.

As he walked, he almost drowned in the hot gazes coming from the girls.

However, Tang Luo's attractiveness was not bad either.

The two were about half a head apart in height, and the contrast was obvious.

A tall, handsome, sophisticated man and a slim, thin, elegant teenager walking along attracted a lot of looks from girls.

The two of them found a quiet coffee shop near one floor, sat down, and ordered a drink.

The drinks were quickly delivered, but before they drank any, a surprised voice rang out.

"Mr. Mo!"

Chapter 645 - I've Seen You Before

When the two turned their heads to look, they saw a man and a woman hurrying over.

The man was in his forties and had a slightly protruding stomach, but his features were still decent.

The girl next to him was a teenager, about the same age as Tang Luo, with a few similarities in appearance to the man. She was quite pretty.

The two walked over and the man was excited to extend his hand.

"Aye, I didn't expect to see Mr. Mo here!"

Mo Bonan stood up, put on a courteous smile, and extended his hand.

"So it's Mr. Yuan.. What a coincidence."

Mr. Yuan took Mo Bonan's hand and shook it happily.

"Is Mr. Mo here to inspect the mall today?"

The Mo family was one of the shareholders of this mall, so it was normal for them to come here for a "private visit" to inspect the place.

Mo Bonan smiled and said, "I took my brother out for a walk."

"Oh, brother of Mr. Mo..." Mr. Yuan looked at Tang Luo, all smiles. "Hello, hello!"

The other party was so enthusiastic that Tang Luo flashed him a polite smile.

"Hello."

"I forgot to introduce you guys! This is my daughter, Yuan Simeng. Come, Meng Meng. This is Mr. Mo, and this is Mr. Mo's brother..."

"Just call me Tang Luo."

"Oh, Tang Luo," Mr. Yuan laughed. "How old are you, Tang Luo?"

"Eighteen."

"Oops, what a coincidence! Meng Meng is also eighteen this year!" Mr. Yuan was very warm.

"Which month were you born in?" Yuan Simeng looked at Tang Luo, her eyes shining.

"I was born in February."

Although she felt that the other party was coming on too strong, Tang Luo still answered politely.

"I was also born in February!" Yuan Simeng was even more pleasantly surprised. "Which day were you born?"

Tang Luo's expression stiffened slightly. Was this a background check?

After a moment's hesitation, she answered.

"The 20th."

"Oh my! It's fate!" Yuan Simeng was even more surprised.

"Were you also born on the same day?" Tang Luo was also surprised.

"No, I was born on the 21st. Exactly one day apart." Yuan Simeng's eyes seemed to glow.

"Oh, really?"

Tang Luo was a little embarrassed, as she had never talked to anyone about this kind of topic before.

"Huh, I feel like you look a little familiar!" Yuan Simeng was not courteous at all, acting very familiar.

"Is that so?" Tang Luo's smile stiffened.

"Yes! You look familiar!" Yuan Simeng frowned and thought about it, then suddenly realized and clapped her hands. "That's right! I remember now! I saw you on my birthday!"

It was because of the special day that she had a strong impression.

Now Tang Luo was puzzled.

"You saw me on your birthday? "

She never remembered them having crossed paths before.

Yuan Simeng nodded, very sure, "My birthday party was held at Bindu Hotel! I saw you there that day!"

Tang Luo, "??!!!"

Tang Luo's heart shook and she hurriedly shook her head.

"How could that be?! I wasn't even there that day! You must be mistaken."

"I'm not mistaken!" Yuan Simeng shook her head with certainty. "I remember that you were also in the elevator when I entered it that day, and you didn't look very well!"

Yuan Simeng remembered clearly. After all, Tang Luo was quite good-looking.

Such a handsome young guy with a not-so-good complexion... How could she not remember it?

"You were also at the Bindu Hotel on the 21st?" Mo Bonan suddenly asked.

Tang Luo's heart jumped wildly.

She made a thinking face, then shook her head.

"No, you must be mistaken. I met with my classmates at the amusement park that day. How could I have been at the Bindu Hotel?"

Chapter 646 - Being Found Out

Tang Luo was so sure that she finally made Yuan Simeng doubt her memory.

"Really... Then I must be mistaken. Sorry."

"It's okay," Tang Luo laughed. "There are so many people in this world, and there are quite a few that look similar. Maybe that person looked quite similar to me. That's why you mistook him."

"Maybe."

.

Yuan Simeng was a little embarrassed. However, she quickly pulled herself together.

"By the way, are you done with your high school exams too?"

"No, I'm not a senior until next semester. I did an extra year before that."

"Oh, ok! Where are you studying now?"

"Qing Ye High School."

"I have friends at Qing Ye High School! It's a place for top scholars! You must be a top scholar too!"

"I'm okay."

Mo Bonan watched the two people chatting back and forth, his mood turning a little bit worse.

Mr. Yuan looked at his daughter and Tang Luo chatting, smiling happily.

"Aye, our Meng Meng just likes to make friends. With young people, there is a common topic, whereas we have a generation gap with them."

The "not-young" Mo Bonan didn't have much to say.

If you followed the saying that there was a generation gap of three years, there was indeed a very deep and long generation gap between him and Tang Luo.

However, he was also a young man!

As he listened to the two "young people" chatting so enthusiastically, Mo Bonan's face became grim and he forgot what Yuan Simeng just said.

Fortunately, Tang Luo did not lose her mind. After chatting for a while, she hurried to find an excuse.

"Um, we still have things to do today...."

"Oh, oh right! We have to go shopping too!" Yuan Simeng also said. "How about this? Let's exchange contacts!"

Although Tang Luo was hesitant, she nodded.

Yuan Simeng immediately took out her phone and happily exchanged numbers.

"Then I'll talk to you again when I get back!"

She was overjoyed. She liked slim and elegant guys like this.

As for the tall, dark-faced Mo Bonan on the side, she instantly excluded him.

He was not her cup of tea.

Watching the two exchange numbers, the temperature around Mo Bonan decreased by a few degrees.

Only after the father-daughter duo had left did he look at Tang Luo.

"You like her a lot?"

"No." Tang Luo was confused. "What makes you think so?"

"Didn't you guys have a good conversation?"

"She asked me, and of course I had to answer. It's only polite."

Tang Luo was innocent.

Mo Bonan looked at her bewildered expression and could only hold back the frustration in his heart.

After the two finished their drinks, they looked at each other speechlessly. After resting for a while, they got up and continued walking.

Halfway, Mo Bonan suddenly asked, "Have you been to the Bindu Hotel?"

Tang Luo's footsteps stalled, her face stiffened, then she quickly returned to normal and shook her head.

"No. Why would I go there?"

Since she said no, Mo Bonan did not continue to ask.

Seeing that Mo Bonan didn't pursue the question, Tang Luo let out a careful sigh of relief.

He definitely wouldn't find out!

The two of them shopped for another two hours before they finally bought the right gift.

By the time Tang Luo returned home, she was almost ready to collapse.

The physical fatigue was only part of it; her mind was the most tired!

She regretted it a little. Why did she go out today?!

If she didn't go out, she wouldn't have met Yuan Simeng, and then she wouldn't have been in danger of being found out!

After rolling around on the bed for a while, she stopped, grabbed her phone, looked at the time, and immediately sat up with a flip.

It was time for the live broadcast of the finale of "Million Dollar Wisdom and Courage!"

She hurriedly turned on the live broadcast just in time for the commercials.

After the commercials, it was finally time to get down to business.

Chapter 647: Live Broadcast

The final competition of "Million Dollar Wisdom & Courage" was a big deal because of the two special contestants in this competition— Xia Xibei and Xia Qinghan.

Both girls were beautiful and conversation-worthy, both were in the entertainment industry, and they had grudges and feuds... There was so much to talk about!

When the previous episode of several shows had been shown together, it generated so much heat for their program team.

After the last show aired, many viewers still had doubts.

After all, Xia Xibei's performance made no sense, which made many people doubt the authenticity of the program team.

Since they were suspicious, they came to find out!

Moreover, Xia Xibei was now emerging too quickly. Her rising popularity was blocking the paths of many people.

In this case, besides her fans, there were many people who wanted to see her real strength.

If she was faking it, her reputation would be all but ruined!

Many people were foolishly waiting to catch her in the act.

Thus, this live broadcast of the final attracted a lot of viewers.

When they saw the popularity of the live broadcast, the program team was overjoyed.

When they were preparing for this show, they didn't think it would have this kind of popularity.

They had very few advertisements before, but now that the show was hot, they had many more advertisements, which was really awesome.

They were also a bit nervous. If Xia Xibei did not perform well, it would really smash their show's brand.

However, after some initial worries, they calmed down once again.

They were at the end of the show. So what if they were criticized? They'd already gotten fame and fortune anyway.

Only Xia Xibei would be worse off if she didn't perform well today.

As for Xia Qinghan... There were quite a few people who followed her, but there was no comparison to the fans who supported Xia Xibei.

Xia Xibei's popularity was growing so fast that Xia Qinghan simply couldn't catch up.

Although Xia Qinghan had advanced in "The Strongest Female Group," it was not the final. There were still 50 contestants at the moment!

With so many contestants, the attention she received was naturally spread out and not powerful enough.

Even though they found a lot of people to do online promotions, they couldn't overdo it. If they over-promoted her, it'd attract haters.

Looking at Xia Xibei on the news every day with a bunch of fans following her, Xia Qinghan was gnashing her teeth.

This time in the final, she would definitely reveal Xia Xibei's true colors!

Unlike Xia Qinghan, Xia Xibei was very calm.

She had been very busy these days.

Every day when she was on set, besides observing the other actors' performances, she also used her cell phone and a small notebook to study.

The program team gave a general range of questions, but they would not say the specific topics, so it was up to the contestants to learn.

This was the same as a teacher taking out a thick book and saying they'd highlight the key points, but the whole book was highlighted!

It took a lot of time and effort for Xia Xibei to write down all the key points.

She also used a refreshing elixir, which was not easy to make, so that she could perform better.

After preparing well, she didn't need to worry about this competition at all.

“Welcome to the finale of ‘Million Dollar Wisdom and Courage!’ This competition...”

The host came out with a smile on his face, and after saying the opening remarks and rules, the group of contestants finally made their appearance.

Looking at the beautiful and confident Xia Xibei, the audience at the show gave the loudest applause.

Song Jiaren, Yu Ziqi, and others desperately shook their flags and banners.

“Competition officially starts!”

Chapter 648: Running and Answering

In this final, there were ten contestants.

There was only one part of the competition, and all of them were fill-in-the-blank questions.

To add to the fun, the contestants would stand on a sliding track and run while answering.

In other words, this competition tested not only the players’ intelligence, but also their physical strength.

The program team explained it this way— this was truly “Million Dollar Wisdom and Courage.”

In addition to wisdom, there must also be courage!

So, the runners were standing ready on the track in comfortable shoes, a buzzer answering machine in the middle at the front.

In the live stream room, everyone was already talking about the competition.

[The program team’s operation is really crazy! Is this a way to run the contestants to death? But why am I so excited?!]

[I think the IQ of the contestants will be lowered if they run too hard!]

[Nice game! The program team is even better than I thought! How can they come up with such tricks?]

[I don’t know how long they’ll be able to do this, there’s a lot of weak students here! Is this gonna kill them?]

Of course, the program team was not so ruthless.

At the beginning, the track was at a mid-range speed, which was equivalent to jogging.

If one's physical strength was not enough, one could adjust it to be a little slower.

However, if one's speed was slow, one's score would be reduced accordingly.

The score obtained at slow speed could be as little as one-third of that at a fast speed.

Therefore, the players would not slow down until the last moment.

They planned to get enough points early on and slow down later.

Regardless of what everyone had in mind, they had to do their best when they got on the track.

"Please listen to the first question: What material were the earliest tools used by humans made from?"

Ding!

"Stone!"

Immediately after the host's words, the bell rang, and along with it the answer.

“Correct!”

In the live stream room, everyone was instantly excited.

[Wow! Sure enough, the first one is Sister Bei! Sister Bei is awesome!]

[Sister Bei is so great!]

[It's just the first question. There are still a lot of questions left!]

[Oh, just wait for Sister Bei to hit you in the face!]

At the scene, the other contestants looked at Xia Xibei with more vigilance.

Xia Qinghan was running while being more aware.

She didn't expect Xia Xibei to move so fast!

The question had only just come out when Xia Xibei rushed to the front with her long legs and snatched the answer machine.

The others hadn't even reacted yet!

Xia Xibei, who had answered correctly, returned to her original position and continued running with no change in her expression.

“Please listen to the second question: What age does ‘know the life of God’ refer to-”

Before the question was even finished, a ding was heard.

“Fifty years old!” a pleasant voice sounded.

It was Xia Xibei once again!

“Correct!”

“What are the seven heavenly bodies-”

Ding!

“Sun, moon, metal, wood, water, fire, and earth!”

“Correct!”

“The seven emotions refer to-”

Ding!

“Joy, anger, sorrow, fear, love, hate, and desire!”

“Correct!”

...

Fans, both live and in the live stream room, were dumbfounded.

Xia Xibei was too fast!

The host had just asked the question, and she was already rushing up!

What a speed! Wasn't she tired?!

And she got it all right!

The audience at the show applauded ecstatically after they got over their shock.

If not for what they said before, they might have stood up and screamed.

The expressions of the other players were also wonderful. Was Xia Xibei on drugs? Couldn't she leave a little room for everyone else?!

Chapter 649: Not Giving Others a Chance

In the time that followed, everyone saw what “crushing the whole field” meant!

When the moderator had just said the question, Xia Xibei immediately rushed up and pressed the answer buzzer first.

After a few questions, only the host and her voice echoed throughout the place.

The viewers in the live stream room were stunned.

[What the- This is too much! Can't you give others a chance to show off?!]

[Sister Bei's reaction speed is really awesome! This is like her own show!]

[It feels like this race is set up for her! The others can't outrun her at all!]

[I can hear the others crying!]

[Have you all forgotten Sister Bei's previous performance in "Full Steam Ahead?" It was obvious then that she was as strong as a monster!]

[Oh my God, did the program team mean to do this! It's like giving Xia Xibei the opportunity to perform!]

In fact, the questions read out by the host were not too difficult. Some of them could be answered by everyone, so top scholar level contestants could definitely answer them..

The problem was that this competition system was not reasonable!

It was practically tailor-made for Xia Xibei!

No one could catch up to her! Her two legs seemed to be much longer than those of others. When she took a step, she ran directly to the front, and the other runners could only paddle with their short legs, unable to catch up!

This was simply too much bullying!

Other players were already sweating, but Xibei was still so calm and relaxed. Her physical strength was simply excessive!

“Next question...”

“Please listen to the question...”

Ding!

Ding!

....

“Correct!”

“Correct!”

As time went on, everyone’s expressions became more complicated.

At the competition, the moderator read the questions much slower.

He was trying to give the other players a chance to react, but unfortunately, Xia Xibei didn't give the others a chance at all.

The director and staff of the program were also looking at each other.

They had imagined many possibilities, but who the heck thought of this situation?!

They didn't even think about turning this game into a special show for Xia Xibei!

“Who the hell came up with this idea?!”

The director slapped his big, bald head and looked around with an upset face.

The others looked innocent.

“Director, this seems... To be something you brought up yourself, right?”

The director thought about it, and it did seem to be his idea!

1

This was embarrassing.

He was just trying to set up a little resistance for the contestants to distinguish themselves from other similar shows!

Well, the runners did feel the resistance, but Xia Xibei didn't seem to be from this world. She didn't feel any resistance at all!

If she wasn't running, everyone would really think she was walking on flat ground. Otherwise, how could she be so relaxed?

However, at this point in time, the rules set before couldn't be changed, right?

They went to look at the comments in the live stream room again, only to see a bunch of [Good game!] swiping past.

Although the situation caught the crowd off guard, it must be said that the audience was still tuning in with enthusiasm!

After all, no one had ever seen such a scene before.

Watching Xia Xibei crush the whole field was quite sensational!

Fortunately, after Xia Xibei got 20 points, she finally slowed down.

“... the Four Gentlemen of Chinese Painting are?”

“Plum, Orchid, Bamboo, and Chrysanthemum!”

“Correct!”

When one of the contestants grabbed the answer buzzer and answered it successfully, he was still in a bit of a trance.

He actually got the chance to answer the question?!

Chapter 650: Is She a Robot

The player was in such a trance that he forgot to walk and almost fell down.

Luckily he reacted just in time to straighten his body. Otherwise, it would have been embarrassing.

The other spectators were also bewildered.

Previously, when Xia Xibei controlled the whole game, everyone forgot about the existence of the other contestants.

Now, there were other contestants who answered the question before Xia Xibei?

Could it be that Xia Xibei finally came across a question that she couldn't answer?

However, the difficulty of that question just now was too low. Even a junior high school student could answer it, so it was unlikely.

Was she tired of running?

Everyone looked at Xia Xibei in unison.

Well... Her pace was as calm as ever and her expression was as subdued; she did not even have that many drops of sweat.

It was impossible for her to be tired.

Then... Only the fact that "she'd found her conscience" could explain it.

Next, the "conscientious" Xia Xibei stopped frantically answering. When she encountered a simple question, she would give up the opportunity.

Because of her concession, the others finally had the chance to answer some questions.

Only, those were very simple questions. Even if the answer was correct, there was not much sense of achievement.

Meanwhile, Xia Xibei specifically picked difficult questions to answer.

[LOL! This is brutal!]

[Sister Bei played this hand really well! It feels like the others are going to collapse.]

[I can't help but cry for the others, this is too much bullying!]

[What are all these questions? How can I not understand? I feel mentally challenged...]

After twenty minutes, many players could not handle it anymore and asked to reduce the speed to a brisk walking pace.

However, to everyone's surprise, Xia Xibei's speed remained unchanged.

Seeing her relaxed look and the thin layer of sweat on her forehead, no one had anything to say.

[Sister Bei's physical strength is simply unbelievable!]

[If it was always at this speed, I can also run an hour. But with speeding up and slowing down, and then also testing reaction speed and intelligence too... This is simply insane!]

[Don't you think the program team is the most insane?!]

[The program team is fierce!]

People were telling their friends online, and there were more and more viewers entering the live stream.

They had watched so many shows, but this was the first time they had seen such a salacious operation!

Was this still a quiz show? Not a sports event?

Of course, the most amazing was Xia Xibei.

The others seemed to be on the verge of breaking down, but she managed to stay so relaxed. She was simply not human!

By the time more than a hundred questions were asked, it was already two hours later.

Everyone looked at the track Xia Xibei ran at the same speed as before, falling silent.

[Damn, this is not human!]

[This physical strength... She is doped up, right?]

[She's an alien, right?!]

By the time the game was in its final stretch, there were already a lot of conversations on the microblog.

#XiaXibeilsNotHuman

#XiaXibeilsaRobot

#XiaXibeiDoesNotMakeSense

These were trending on many hot searches and topic lists.

Everyone clicked in and took a look, going into the live stream room. Then, in unison, they came out on their knees.

She was not a person at all!

Who the hell could keep running at such a speed for two hours?!

If it wasn't for the sweat on Xia Xibei's face, everyone would really think she was a tireless robot!

By the time the game was over and she stopped, everyone was still in a bit of a trance.

Was it finally over?

In the end, Xia Xibei won with a terrifying score of 69 points.

Due to the midway speed drop, the other nine contestants had a combined score of fewer than 30 points.

That night, the whole blogosphere was discussing "Million Dollar Wisdom & Courage."

Chapter 651: It Doesn't Make Sense

Before the live broadcast of "Million Dollar Wisdom & Courage," no one could imagine that the final result would be like this.

Everyone thought that Xia Xibei would win the championship, but they never thought that the result would be so incredible!

At the end of the race, the other runners' faces were grim and their legs were weak.

Even if the speed was lowered in the middle, after almost two hours of walking, whose legs wouldn't be weak?

Meanwhile, Xia Xibei looked as if nothing had happened. Everyone was in awe.

She was not just a top scholar; she was a freak!

She seemed so slim and pretty, like she needed to be taken care of, so why would she have such horrific stamina?!

Even many men and women who went to the gym regularly felt their legs go weak.

Even if they tried it themselves, they could not handle it!

Originally, they had thought that the program team played hard enough.

But who would have thought that Xia Xibei was even more ruthless than the program team?

For a while, Xia Xibei got even more fans, and many of them called her the “Goddess of Learning.”

She wasn’t just good-looking, she was also a top scholar!

This time, there were so many topics. In addition to some basic topics, there were many questions that no one had ever heard of.

However, those questions just gave away points to Xia Xibei.

What was truly scary was her unreasonable physical strength!

Damn, how could there be such people in this world? Did anyone else have to live?!

When Xia Xibei took first place, she made a celebratory post.

[Got first place.]

Cui Tong immediately made a retweet.

[In awe! @XiaXibei Got first place.]

Nie Zehai followed suit and retweeted too.

[Please grant me endless physical strength! @XiaXibei Got first place.]

With these two leading the way, others also retweeted.

[Worship top scholar, never fail a test! @XiaXibei Got first place.]

Soon, Xia Xibei's post was retweeted 100,000 times and it continued to grow.

Such a volume of retweets made other people's eyes go red.

Even second and third-tier stars didn't always have this kind of popularity!

Xia Xibei's career luck was just amazing!

While some people rejoiced, some people were naturally sad.

Xia Qinghan's room was a mess, with glass shattered all over the place.

Her expression was hideous, her eyes red, and she was about to go crazy.

Today's game became Xia Xibei's special game, and she didn't even have a chance to perform!

She only got five points! Five!

Compared to Xia Xibei's 69 points, that was not even a small fraction!

How could such a huge contrast not drive Xia Qinghan crazy?

Crack!

She smashed a cup on the ground fiercely, and the crisp sound rang out as if it had been smashed on Xia Xibei's face.

Xia Xibei's star was rising and she had nothing!

Now everyone was talking about Xia Xibei, and she was the nameless one!

Actually, no! There were people talking about her too, but they were all using her as a comparison, mocking her like crazy!

"Hanhan."

A knock was heard on the door and Bai Meixue's worried voice called out, "Open the door!"

Bai Meixue shouted outside for a while before the door was opened.

Looking at the mess inside, Bai Meixue's heart jumped and she hurriedly grabbed Xia Qinghan.

"Are you okay?"

Xia Qinghan drew her hand back, "I'm fine."

How could she be okay?

She was getting pissed off!

"Don't be angry..."

"I'm not angry!" Xia Qinghan shouted, her expression turning fierce. "I just want to kill her!"

Bai Meixue hurriedly closed the door behind her, her heart hurting.

"Hanhan, the one who laughs until the end is the winner."

Xia Qinghan gave her a look.

“But I want to laugh right now.”

“I have good news on my side,” Bai Meixue said immediately.

Chapter 652: You Are the Lead

“Good news?” Xia Qinghan froze for a moment. “What good news?”

“I have a new drama for you.”

Xia Qinghan was shocked.

“A new drama?”

“Right.” Bai Meixue was in a good mood. “It’s an idol drama, and you’re playing the female lead.”

Xia Qinghan’s eyes widened, “Really?!”

“Right,” Bai Meixue nodded. “Guess who the male lead is?”

Seeing her mysterious look, Xia Qinghan forgot about the unpleasantness that had occurred just now and couldn't help but start guessing..

“Give me some hints first.”

“He's a popular heartthrob.”

Xia Qinghan's expression stiffened with a bit of disgust as she asked. “It isn't Nie Zehai, is it?”

Nie Zehai's popularity had continued to rise.

The previous incident with Gu Qiang brought him more popularity, and after being “abused” in such a manner, the fans had become more supportive of him.

Now he often appeared in front of the audience and continued to show his face everywhere.

It could be said that he was the hottest heartthrob nowadays.

“It's not him,” Bai Meixue shook her head. “Much younger than Nie Zehai.”

Although Nie Zehai was considered a young man, the entertainment industry was full of artists much younger than him.

Nie Zehai was almost 27-years-old, and there were younger actors.

Xia Qinghan thought for a while, finally hesitating.

“Could it be... Shi Shuhang?”

“Yes!”

Xia Qinghan was immediately shocked, “It’s really him?!”

Shi Shuhang was a young heartthrob who had not debuted for long, and was only in his early twenties.

He was previously a supporting actor in a movie for young people, and because of his handsome looks and likable persona, he managed to gain many fans.

Moreover, Shi Shuhang was supposedly from a rich family.

Goodlooking, good character, good family... He was a proper male god. How could the fans not be enthusiastic about him?

Now their company was preparing to make an idol drama, and Shi Shuhang was the male lead.

“As the female lead, you can start some relationship rumors with Shi Shuhang...”

“Aunt Xue!” Xia Qinghan’s cheeks reddened slightly and she pouted, “I have a boyfriend!”

Bai Meixue glared at her. “It’s just for you to hype! It’s not like you’re really with him. This is all the usual strategy.”

In the entertainment industry, in order to make themselves or their work hotter, stars would pull others along to create hype.

The love life of stars was always a great concern for fans.

As long as they hyped it, popularity and attention would naturally come.

Everyone understood this kind of set-up.

As for things like the other party having a boy/girlfriend, that was even easier.

Anyway, they would not admit anything, and fans would be left to speculate.

“Besides, who says that if you are rumored to be together, you must be together?” Bai Meixue gave her a lesson. “Anyway, you just deny it, and other people will deal with the rest of the matter.”

Being lectured by Bai Meixue, Xia Qinghan just remembered the news she had read before.

It seemed that this was indeed the case.

It was rare for a star to not be rumored.

However, this also depended on the situation.

If the other party already had a public other half, then you could not do so.

Otherwise the couple rumor would not work, and you could be treated as

a homewrecker.

“This time, the new show is very well funded. There is a lot of thought put into it, and it’s ready to be a hit.” Bai Meixue said mysteriously. “And this show is invested in by Shi Shuhang’s family!”

Xia Qinghan’s eyes widened.

“What?!”

“This is basically tailor-made for him. Don’t you think it’ll be hot?”

Xia Qinghan couldn’t help but nod. If this was really the case, when the time came, with all the publicity and Shi Shuhang’s popularity, the show would definitely be a hit!

Chapter 653: Xia Xibei Is Nothing

Bai Meixue was very confident.

“Don’t worry, this show will definitely be a hit!”

The best screenwriter and director, an unlimited budget, all kinds of veteran actors and actresses... It was awesome to think about!

That was why she worked so hard to get Xia Qinghan the job of the lead actress.

“Just do well at the recording now, and after that, you can enter the cast... When this drama starts, you will definitely be famous! By then- Hah! Xia Xibei is nothing!”

When she said so, Xia Qinghan also felt a sudden burst of pride.

“Yes! I will definitely be famous!”

With such good resources, how could she not become popular?

However, after being happy, she couldn't help but frown.

“Um... Xia Xibei won't come to make trouble?”

She couldn't help but think of their many previous encounters.

She went to the audition for “Hongyan Chance” and Xia Xibei was there, then she was robbed of the Queen of the Animals role.

After that, she tried to join the cast with her own capital and was rejected too!

She went to “Million Dollar Wisdom and Courage” and Xia Xibei also came along, stealing first place.

She went to “Full Steam Ahead” and Xia Xibei came again and took all the attention.

Other than “The Strongest Female Group,” where she crushed Xia Xibei, she had never won!

How come she had so many encounters with Xia Xibei?

If this new drama was interfered with by Xia Xibei once again, then...

“Don’t worry, there won’t be a problem.” Bai Meixue was confident. “This time, she can’t stir the pot. You are already locked in as the leading lady, so there will definitely be no problem!”

Speaking of that, Bai Meixue showed a mocking smile.

“Of course, there are still some roles that have not been set. If Xia Xibei is willing, I have no problem with it.”

The biggest part and the best female lead had fallen into Xia Qinghan’s hands, and the rest of those roles combined were not as much as the female lead’s role.

Moreover, Xia Xibei would not be willing to submit to Xia Qinghan.

After all, those were all supporting characters, and most of them were villainous!

Bai Meixue wasn’t worried about that at all.

“Right!”

After being told so by Bai Meixue, Xia Qinghan’s mood suddenly improved, and her smile became even brighter.

“I don’t mind if she wants to be in the female supporting cast!”

Speaking of which, the two of them looked at each other and smiled, their previous bad mood suddenly swept away.

As Bai Meixue had said, the one who laughed until the end was the winner!

Their path to stardom had just begun. What did it matter if Xia Xibei was one step ahead?

She just needed to become the female lead. Once the show became a hit...

Xia Qinghan’s mood finally got better.

Just when she was happy, her cell phone rang.

It was a call from Qiao Haoming.

On the phone, Qiao Haoming said that in a few days it’d be summer vacation, and he would come over to see her.

This was really good news!

Two good messages in quick succession practically made the corners of Xia Qinghan's mouth curl up to her eyes, and the hurt caused by the previous live stream had long since disappeared.

What was Xia Xibei good for?

Meanwhile, Xia Xibei, who was being antagonized by Xia Qinghan and Bai Meixue after the competition, was picked up by her friends to celebrate her victory.

In the Yuhai Pavilion restaurant, in their private room, Song Jiaren held up her glass and laughed loudly, "Congratulations to our Sister Bei for winning the championship!"

"Yeah!"

Yu Ziqi and others followed her action and raised their glasses, everyone having a rowdy time.

However, everyone drank beverages which did not contain alcohol.

That was what Xia Xibei asked for.

She could never get drunk, even with a thousand glasses, but she didn't like to drink. Besides, friends hanging out together didn't need this.

After the celebration, just after returning home, Pan Yan brought her more good news.

He had helped Xia Xibei get a role in an idol drama.

Chapter 654: Female Lead and Female Supporting Role

These days, Pan Yan had been very busy running around.

Xia Xibei was so amazing. He couldn't let Xia Xibei lose from his own hands, right?

Moreover, most of the resources Xia Xibei had were ones she had fought for on her own. As a manager, he was a bit ashamed of not having helped.

So, these days, he was also helping Xia Xibei to find resources.

He had finally negotiated a role.

With his current strength, that was pretty good.

"It's Ruixing Entertainment's opening year drama, and it's well configured in every way," Pan Yan said to Xia Xibei. "But... There is one thing that is not too good."

“What?”

“You are the... Female supporting role.”

“A female supporting role?”

“Right,” Pan Yan nodded, a little helpless. “The female lead already has a candidate. I can only get you the supporting role.”

“You are talking about Ruixing Entertainment’s opening year drama?” Xia Xibei suddenly asked.

“Right,” Pan Yan nodded. “It’s a modern campus romance.”

“Who is the male lead?”

“Shi Shuhang.”

Xia Xibei raised her eyebrows in surprise, not expecting Pan Yan to have helped her get this drama.

Pan Yan’s strength and vision were pretty awesome.

This idol drama called "Garden of Youth" was really a big hit, with the male lead and male supporting characters all becoming hot.

Especially the male lead Shi Shuhang. Due to this drama, he jumped in popularity, becoming the male god in the hearts of many young girls.

The handsome and affectionate male supporting character also became popular, as did the funny and interesting supporting characters.

It could be said that almost all of the male characters in this drama became popular.

The female characters, on the other hand, were far less popular than the male actors.

Later, someone analyzed the situation.

The reason for this was because the female characters were not considered likable and colorful.

The female lead wavered between the male lead and the male supporting role, which was not a problem. After all, this was the usual formula in a drama.

However, the female lead looked ordinary, and her acting skills were too exaggerated. She was not like the female lead, seeming more like mentally challenged.

Xia Xibei remembered that this actress was widely panned, and soon there was no trace of her.

A few years later, someone edited a clip with all kinds of awkward acting, and this actress's performance stayed steady at number one, giving countless people goosebumps.

Xia Xibei knew that this actress was also a rich family's young lady. She was the female lead, and she wanted to use this drama to enter the entertainment industry.

It was a pity that her acting skills were really too crummy, and her face was too thin. After this drama, the reaction was so embarrassing, she could only leave the entertainment industry.

In fact, her situation was similar to Cui Tong's, but Cui Tong's acting skills were far better than hers.

Of course, with this rich young lady's situation, even if she didn't mix with the entertainment industry, she was still living quite well.

The outstanding female character here was the female supporting role, played by Xia Qinghan.

Yes, Xia Qinghan was the supporting actress in this drama.

This female supporting role was a goddess to the male lead. She was beautiful, educated, and sensible, which made her unforgettable.

To be honest, Xia Qinghan's acting skills were not great, but because of the female lead, she stood out.

Xia Xibei did not expect that this role would fall into her hands.

What about Xia Qinghan?

“Do you know who the female lead is?” Xia Xibei asked.

“I don’t know this for now,” Pan Yan shook his head. “However, it’s already decided over there.”

So there was no need for her to think about the female lead.

Xia Xibei saw what Pan Yan meant and couldn’t help but smile.

“Is there a script?”

“Yes,” Pan Yan nodded. “I sent it to your email.”

“Okay.”

Chapter 655: Face Gets Better

Xia Xibei shook her head speechlessly after reading the script.

The female supporting role was a goddess to the male lead. She was elegant and noble, talented and beautiful...

If she stayed cold and aloof, it would have been okay.

But later on in the show, the female supporting role also liked the male lead and fought with the female lead, so her demeanor was not the same. Her persona had collapsed.

If they wanted to make the character likable, she should not have “come down to earth.”

Unfortunately, it was not up to her to decide.

In the beginning, this role was likable because of the counterpoint of the female lead.

However, Xia Xibei did not know whether the same person was still playing the female lead, so naturally she did not know how it would turn out.

If the female lead had been a different actress, the drama would have been better, but relatively speaking, the portrayal of the supporting actress would not be good enough.

Xia Xibei hesitated, but still decided to take the role.

Although the role was a bit unpleasant, as long as she played it well, she could make it excel.

The next day, Xia Xibei and Pan Yan boarded a plane and returned to Z City.

She had not finished filming her part yet.

Just after she returned to the set, she was greeted with everyone's congratulations.

"Congratulations!" Cui Tong was the first to pop up. "Beibei, you were so good!"

They had watched the live broadcast last night and were stunned by Xia Xibei.

This was too awesome!

"How did you manage to run for so long?"

Cui Tong was full of incomprehension and admiration.

If it was her, she would have collapsed after half an hour at most.

Xia Xibei was amazing! Running for so long, but still energetic!

Sure enough, it was Sister Bei!

“Exercise more often,” Xia Xibei said with a smile.

“But no matter how much I exercise, I can’t match your physical strength!” Cui Tong pursed her lips.

After chatting for a while, Cui Tong happily pointed at her face. “Look!”

“See what?” Xia Xibei froze for a moment.

“Can’t you see? My face is much lighter!” Cui Tong was smug.

“Didn’t you put on any foundation?”

“No!” Cui Tong hummed. “I’m not wearing any makeup today!”

Her skin had changed noticeably after she used Hongyan Youth for a few days.

The acne marks and spots on her face had disappeared, and her skin was much paler.

It was not as good as Xia Xibei's porcelain skin, but it was so much better than before!

She was so happy and pleased that she didn't wear makeup and came to the crew to show off after just a minimum skincare routine.

Originally, the other people in the crew were a bit standoff-ish to her. After all, no one wanted to offend such a pampered young lady.

However, because of the previous live stream, after everyone saw her comical side, they found her much cuter.

The atmosphere in the cast was now a lot better.

Today, when they saw her arrive plain-faced, everyone came over and watched for a while.

They had to admit that her skin was really much better than before. The effect was visible to the naked eye!

"The others even asked me how on earth I did it!" Cui Tong was very proud of herself.

"Did you tell them?" Xia Xibei asked.

“Yes, I said that I used Hongyan Youth!”

“Very good,” Xia Xibei patted her head with satisfaction. “Not bad.”

With Cui Tong as advertising, it would definitely attract a lot of customers.

After all, if a well-informed lady like Cui Tong recommended it so sincerely, how could others miss it?

“Oh yes, I also introduced them to the slimming and weight-loss pills!” Cui Tong added. “They all said they wanted to buy them!”

In the past few days, everyone was curious about Cui Tong’s change.

She didn’t hide it and recommended what she ate and used now.

Chapter 656: The Second Installment

Sure enough, with Cui Tong’s referral, the rest of the actors in the crew quickly sought her out.

Although these things were very expensive, it was not difficult to afford with their income.

The most important thing was that with Hongyan Youth and these slimming pills, their effect was visible!

Before, when Cui Tong just joined the cast, she looked as if others owed her millions. When it came time to eat, her face was even more unpleasant to see.

She also liked to wear thick makeup, which made her look even more unapproachable.

Now she was particularly generous when she ate, ordering a bunch of rich dishes, which made other people's eyes go red.

It was not that people couldn't afford to buy such food. They just couldn't eat it!

1

Every day, as they watched Cui Tong and Xia Xibei gorge themselves on food and drinks, their bodies looking better and better, everyone felt like they were going to blackout.

After several days, they just couldn't help themselves and asked Cui Tong about it.

Only then did they know that there was a magical treasure!

So, even if the slimming pills cost 10,000 yuan a piece, they did not flinch.

They also wanted to eat and drink with abandon!

However, they were more surprised that these things came out of Xia Xibei's hands.

Some people went to the website of the Drug Administration to check and indeed saw the registration of these drugs, immediately relieved.

But what made them speechless was that they couldn't buy these things in the stores outside!

They could only hope that Xia Xibei would come back soon.

Only after sending another person away did Xia Xibei breathe a sigh of relief.

"OMG! Everyone is so rich."

She had expected this kind of scene, but when people really flocked to her, she realized that she had underestimate the demand!

In this circle, where one's face and body ruled, who couldn't afford to spend money on themselves?

Xia Xibei, in her capacity as a middleman, registered what everyone needed and the quantity, sending the information to Huo Zijun for delivery from his side.

After sending the message out, Xia Xibei took out her phone, looked at the time, and couldn't help but raise her eyebrows.

The second installment of "The Strongest Female Group" was on.

Xia Xibei clicked on the TV in her room, which was connected to the internet, and tuned into the episode.

This time, it was fifty players being cut down to twenty-five.

Fifty beautiful girls formed a group of three, four, or five people respectively.

This time they competed in dancing.

Beautiful girls sweating and moving to fast songs, dancing feverishly... It was wonderful.

Xia Xibei watched the beautiful girls dancing on the TV, her hands and feet following the movement.

When she got to the judges' commentary, she sped past it.

Xia Qinghan performed in the middle of the show and still had the central position in the team.

She danced quite well, and after it was over, the judges gave her high marks.

Oh yes, this judge was Yan Junhong— the one who eliminated Xia Xibei before.

Yan Junhong said, “Xia Qinghan’s movements are very sharp, and her posture is also very standard. It can be seen that she has a foundation in dance, and her sense of rhythm is also very good...”

A teacher added, “She learns very fast. It took her only three or four times to completely master a dance!”

Hearing the judges’ compliments, Xia Qinghan’s face turned red and she could only keep bowing her head in thanks.

Watching the judges praise Xia Qinghan, Xia Xibei revealed a sarcastic smile.

She continued to watch, fast-forwarding from time to time.

The show was two hours long, but the real performance time was just over forty minutes.

After skimming the show, Xia Xibei took out her phone and made a post, followed by a link to the live stream.

[Want to dance for everyone.]

Chapter 657: Livestream Dancing (1)

This post by Xia Xibei immediately made the fans rejoice.

They were still in an ecstatic mood after seeing her kill it in the competition the night before.

It was a pity that Xia Xibei didn't say anything else after her celebratory post, and didn't give an interview to reporters. Everyone was disappointed.

Now she finally opened a live stream, so everyone got excited and immediately clicked into the live stream room.

The number of downloads for God Luo's Streaming TV was now very high, and it was very popular.

There were many more anchors on it, and there were various kinds of live streaming content.

Two days ago, Nie Zehai made a live stream.

The enthusiasm of the fans almost broke the live stream room.

Luckily, Tang Luo was prepared and didn't let the fans' enthusiasm crash the app.

Millions of fans swarmed into the live stream room, bustling with activity and rewarding gifts all over the place.

The final amount of the rewards was a lot.

However, Nie Zehai donated all of that bounty and got more fans as a result.

In addition to Nie Zehai, there were quite a few artists who also broadcasted live here.

Several artists who were not very popular before managed to attract the attention of the audience because of their interesting live streams.

Fans edited their performance in the live stream and shared it widely on the Internet, successfully attracting many more fans.

With such a good track record, how could others miss it?

As a result, more and more artists were coming to God Luo's Streaming TV and its popularity was growing.

Other companies certainly saw the benefits of live streaming software and were beginning to develop their own live streaming platforms.

However, God Luo's Streaming TV was already ahead. Even if they also developed their own version, they couldn't catch up for a while.

As one of the shareholders of God Luo's Streaming TV, Xia Xibei's net worth was now different too.

However, no one knew her relationship with God Luo's Streaming TV, only that she had advertised for it.

It had to be said that the advertisement was really well done.

Due to this, Pan Yan received many invitations from advertisers.

It was a pity that those products were not very compelling, causing Pan Yan to refuse them all.

Although the price they offered was not low, Pan Yan was not a short-sighted person. He would not let these short-term benefits harm Xia Xibei's long-term interests.

Xia Xibei also agreed with Pan Yan's approach.

Not bad for an agent she had picked out.

Xia Xibei entered the live stream room with a smile. In just two minutes, more and more fans entered the live broadcast room.

[Sister Bei, are you going to dance? Looking forward to it!]

[Dance dance dance! I want to see it!]

[Sister Bei is a great dancer! I want to see it!]

[Sister Bei's fans are already at one million. Are there any benefits for us?]

The screen was full of "want to see," so Xia Xibei's smile was even brighter.

"Well, I have a million fans on the micro blog now, so it is really time to give everyone benefits. So, I decided to dance for everyone!"

The live broadcast room began to applaud.

[What dance is Sister Bei going to do?]

Someone noticed the TV screen next to Xia Xibei; the image on it was a bit familiar.

[Isn't this the latest episode of "The Strongest Female Group"? Is Sister Bei watching it too?]

Everyone knew that Xia Xibei had been eliminated, but why was she still so concerned about this show? Wouldn't she feel bad?

If it was them, they would have pretended the show didn't exist afterwards!

"I think the dance here is quite good, so I just learned a little." Xia Xibei looked at the camera with a big smile. "This is the first time I learned to dance along, so I hope I won't do too bad."

When everyone started to understand, they were stunned.

Chapter 658: Livestream Dancing (2)

Did she want to dance?

She was going to do the dance from "The Strongest Female Group"?

Was she kidding?

This episode of “The Strongest Female Group” had only been online for less than an hour.

One hour! Some people hadn’t even finished watching half of the show!

Before this, the official blog of “The Strongest Female Group” had also released some footage, but there was no complete dance footage.

In other words, Xia Xibei could only learn the dance in this single hour.

Which dance did she learn in this hour...

Some people had a vague guess— she was trying to irritate Xia Qinghan, right?

After all, Xia Qinghan had made it to the final round while she was eliminated, which felt very unpleasant indeed.

Could it be that she had learned the dance that Xia Qinghan had danced?

But she shouldn’t just be playing like that, right?

Xia Xibei placed the phone not far in front of her, facing the TV and herself, while she stood next to it with her back to the TV.

She clicked on the music and the familiar sound started to play.

Then, everyone noticed that she started dancing to the music.

[...]

[!!!!]

[!!!!!!]

[Oh my god!]

[Hell!]

The live stream room was full of ellipses and exclamation points because they found that Xia Xibei's movements were the same as those of the players on TV!

Every movement, every turn, every step of the rhythm... It was exactly the same!

When the camera turned to some of the dancers who were not very good and whose movements were not too standard, her movements became even more beautiful and sharp!

Steady and powerful movements, clean turns, enchanting and feminine twists... They were all the same!

At this moment, it was as if she was dancing on stage wielding charm, eyes full of temptation and exuding a steady stage style.

This- This- This... This was too amazing!

She had mastered others' dance moves!

How long had it been before she'd already memorized all the moves?!

[What a brain! It's too scary!]

[Sister Bei's movements are even better than those of the contestants!]

[Hell, why would Sister Bei be eliminated? Is the program team blind?!]

[I'm kneeling! The show has only been out for an hour, right? Sister Bei already learned all their dances?]

[Maybe she just learned the first song!]

Before this statement was refreshed, Xia Xibei had stopped and then fast-forwarded the progress bar to the intro of the next song.

"It's pretty fun, I'll keep dancing."

After saying that, the music continued and she continued to dance.

[...]

[...]

[So masterful!]

In front of the screen, the fans kneeled down, their knees broken.

How on earth did she remember these moves?!

Regardless of how she remembered them, her movements were just too good to look at.

The contestants in the show were actually not that bad, but compared to her, they were instantly overshadowed.

While the TV set was big, everyone's eyes still stayed on her.

The charm she exuded when she danced was unstoppable!

And even though she was not performing on stage, her expression and smile were just as impeccable!

As dance after dance passed, everyone was once again shocked to discover that Xia Xibei not only had an amazing memory, but her physical strength was also really awesome!

Although they had already seen her terrifying physical strength in last night's live broadcast, seeing it again today, everyone felt stunned.

Her face didn't even change after several dances!

Chapter 659: Livestream Dancing (3)

It was only when Xia Qinghan's dance appeared that it dawned on everyone— Xia Xibei was really on a collision course with Xia Qinghan!

This idea was finally affirmed when Xia Xibei didn't skip the judges' commentary.

The fans' expressions twisted as they listened to the judges' comments.

[The movements are standard? Do you want to see Sister Bei's posture?!]

[How in the world can this person say that? Are you sure Xia Qinghan is a good dancer?]

[It looks like none of Xia Qinghan's group is performing well, so that's why it seems like she's doing really well. But isn't this just picking the taller one out of shorties?]

[What do you mean by strong learning ability? Look at our Sister Bei! She is a real genius!]

[I was wrong, I was really wrong! I was doubting Sister Bei's memory before, but today, I'm convinced!]

[Sister Bei's memory is already awesome! It's only been an hour and she's been able to learn so many dance moves! Who can compare?]

[Sister Bei is really fierce!]

[I think this judge was definitely bribed. Otherwise, how could he eliminate Sister Bei before?]

[I originally thought that when they eliminated Sister Bei, that the others must be more incredible. But now... hah! Sure enough, corruption is everywhere!]

[This Yan Junhong is blind, right?!]

[Poor Sister Bei... She was eliminated by these scum!]

For a while, the live stream was filled with solidarity with Xia Xibei and condemnation and contempt for Yan Junhong and Xia Qinghan.

In just one hour, Xia Xibei was able to replicate all these dances, and her movements were even better than those contestants, who had practiced for days.

So fierce, so good, but she was eliminated?! To say that there was nothing fishy here was hard to believe!

Xia Xibei didn't bother to pay attention to the comments in the live stream and continued to dance.

After two more dances, she finally stopped, wiped the thin layer of sweat off of her forehead, and came up to the camera.

“I danced a lot, and it feels good! How was it? Did I dance well?”

[Of course, it was good!]

[Awesome!]

The words “Thank you Cui Tong for sending two fireworks” floated over, and the special effects of the fireworks popped up in the live stream room.

[Wow! It’s Cui Tong!]

[Sister Tong is here too?]

[Sister Tong is so generous! She sent fireworks!]

Fireworks were the largest gift in God Luo’s Streaming TV, each one worth at least tens of thousands of yuan.

Generally speaking, only tycoons would give gifts like this.

Looking at the sky full of fireworks, Xia Xibei froze for a moment, then laughed.

“Sister Tong, you are too rich! How can I return this favor?”

[Give her yourself!]

Immediately a comment jumped out.

Xia Xibei smiled but before she said anything, there were fireworks blooming again.

“Thank you to ‘Man on the Bridge’ for sending ten fireworks.”

[Holy cow! Another tycoon!]

[Amazing, they’re all tycoons!]

[So rich! Take me partying, tycoon dad!]

With such a lead, there were more gifts in the live stream room.

By the time Xia Xibei ended the live stream, there were already more than a dozen fireworks, plus more things like luxury cars and planes.

Just after the live stream ended, the door rang.

It was Cui Tong, who had an indignant look on her face.

“Who dares to steal my thunder?!”

She would have sent more gifts if her manager hadn’t stopped her.

That “Man on the Bridge” was so annoying!

Xia Xibei could only shrug her shoulders and say nothing to the angry Cui Tong.

However, a new round of discussion sprang up online.

This time, “The Strongest Female Group” was mocked by everyone.

Chapter 660: Really Humiliated

Previously, when Xia Xibei was eliminated in the first phase of “The Strongest Female Group,” people were puzzled.

In the beginning, people thought it was a joke!

However, Xia Xibei had really been eliminated, and there was no way for people to let her go back.

Although Xia Xibei didn’t lose anything later and did well in other shows, the fans were still a little upset.

As upset as they were, they could only endure it.

Unexpectedly, Xia Xibei slapped Xia Qinghan’s face!

This face slap was so hard that the other party didn’t even have the strength to fight back!

In fact, Xia Xibei didn’t say anything. She just danced for an hour and left the rest to the fans.

Xia Xibei’s live clip was cut and quickly shared online.

There were many marketing accounts following the commotion.

“The Strongest Female Group” had spent a lot of effort and money on promotion before. Even those who didn’t watch the show would have seen some clips on their homepage and have some brief understanding of some of the contestants.

Now, taking advantage of this trend, Xia Xibei immediately triggered a lively discussion.

[The program team’s face is going to swell, right? Hahahahahaha... Who told you to eliminate our Sister Bei?!]

[Feel heartbroken for the program team... The best contestants were eliminated, hah!]

[I’m impressed with Xia Xibei. This is really a head-on confrontation! It’s so cruel!]

[Xia Xibei is going head to head with the show! Isn’t she afraid that people will get angry?]

[What do you mean by annoyed? Sister Bei has already been eliminated, and she just danced. Is that a problem?]

[Yes! Sister Bei just danced, what’s the problem? Even if there is a problem, it’s because she danced so well.]

[Yesterday, I thought Xia Xibei’s performance was too exaggerated and wondered if questions had been leaked. Today I realized that it’s not her; it’s that I’ve seen too little. There are really geniuses in the world!]

[Sister Bei is simply unbelievable! When she was live streaming, the show had only been online for an hour! She watched the dances at most once! One time! Just once! Yet she was able to replicate it exactly. Who is as good as her? She is not a top scholar, she is the god of learning!]

[I repent! I was suspicious of Xia Xibei's unreasonable performance in the show yesterday, but now I know that she had been holding back!]

[I don't think that Sister Bei is confronting the show. She's slapping the face of a certain contestant and a certain judge.]

[Can a certain contestant compare to Sister Bei? She can remember a dance after three or four dances, but our Sister Bei remembered it in one go! Sister Bei is truly the best!]

[Does a certain judge's face hurt? Didn't you say that Sister Bei wouldn't be popular? So what is the situation now?]

[When I compared Sister Bei's moves with a certain contestant's, I almost died laughing! Where does someone get the nerve to compare with Sister Bei?]

[In the first installment of the show, if not for someone's mistake, Sister Bei would not have made a mistake. Now I think... Maybe there was something...]

[I'm afraid to think about it! Is it the show or someone else?]

[It's definitely someone else! The crew is good.]

Under the guidance of interested people, everyone blamed it on Xia Qinghan and Yan Junhong.

As for the program team, it was bad to fight openly. After all, Xia Xibei still had to stay in the entertainment industry.

Xia Qinghan and Yan Junhong were frantically mentioned by online fans to come out and fight with Xia Xibei.

Xia Qinghan had just logged onto the microblog site when the servers crashed.

By the time she saw the mentions, her eyes went black and she almost died of anger!

That damn Xia Xibei!
