

# Super Rich Dad Chapter 644-646

## Chapter 644

Early the next morning, Jiang Hao had just gotten up from bed to wash up when suddenly Nurse Xiao Li came running over in a hurry.

‘Brother Shen, Miss Lin is waiting for you right outside. Why did you only get up?’

Looking at Xiao Li’s anxious look, Jiang Hao was slightly stunned and surprised as he said, ‘Coming so soon?’

After washing up, Jiang Hao changed his clothes and then walked out to find Lin Yan leaning against the car waiting for him leisurely.

After seeing Jiang Hao come out. Lin Yan smiled and said, ‘I’m afraid you’ve just woken up, haven’t you?’

Jiang Hao rolled his eyes at Lin Yan’s gloating, then opened the car door and got in, saying, ‘I said you couldn’t have come a little later. I haven’t even woken up yet.’

Lin Yan shrugged, then got into the car and smiled, ‘The reason I came to pick you up so early is because I had some things to do this afternoon, something happened at the company and I had to go take care of it.’

Jiang Hao looked at Lin Yan curiously and had the intention to ask what was going on, but was worried that he couldn’t say anything because of the secrecy, so he stopped.

Lin Yan saw that Jiang Hao didn’t ask so she didn’t say anything and drove the car to take Jiang Hao to his home.

Jiang Hao and Lin Yan went around the city twice and then waited until the Lin family had been there for more than an hour. I don’t know why, but both the Lin family and the Xue family live somewhat far from the city.

It was as if the rich people felt that it was only classy to live a little further away from the city. And those who struggled wanted desperately to live in the city centre.

Thinking of this Jiang Hao shook his head with a bitter smile, then got off the car and looked at the door and spoke, ‘I didn’t see that your Lin family was quite low-key, living in such an isolated place.’

Lin Yan rolled her eyes and got out of the car, then carried her things and said, ‘What are you looking at? Let’s go and hurry inside, Bebe also wants to see you, she was chanting to me yesterday.’

Jiang Hao shrugged his shoulders, then followed Lin Yan and walked in.

On the way, the Lin family’s servants looked at Jiang Hao curiously, and such looks made him a little uncomfortable.

When they arrived in the living room, Lin Dong and Lin Nan both looked at Jiang Hao with a slight stare.

It was Lin Nan who spoke first, 'Xiao Yan. Who is this guest?'

Lin Yan glanced at Lin Nan and was about to speak when Jiang Hao suddenly stepped forward and put the gift he was carrying on the table.

Then he spoke, 'Hello hello, I'm Shen Yan, please take care of me when we first meet.'

Lin Nan didn't care much about things other than the company, so he didn't react much to hearing Jiang Hao's name.

Lin Dong, on the other hand, looked at Jiang Hao and said, 'Shen Yan? Isn't it the Shen Shen who has recently gained fame in the Northern Province?'

Jiang Hao was a little surprised to hear this and glanced at Lin Dong, 'Hmm? I don't dare to say that, those are just blackmail, it's not that amazing.'

After saying this, Jiang Hao looked at Lin Yan and said, 'That, Xiao Yan. Grandpa is somewhere, I'll go up and take a look.'

This was the first time Jiang Hao had learned to call her by her nickname. And the two of them, Lin Dong and Lin Nan, heard that Jiang Hao dared to call Lin Yan by her nickname.

A feeling of amazement surfaced in their hearts, this man in front of them, he wouldn't have something with Lin Yan, would he?

Lin Yan looked at Jiang Hao and faintly froze, then a blush appeared on her face and said, 'Grandpa is upstairs. You can come up with me.'

Jiang Hao nodded before speaking to Lin Nan and Lin Dong, 'So what, I'll go up to see Master Lin first, and then come back down later for a chat.'

Lin Dong, the second generation ancestor, looked at Jiang Hao and smiled before saying, 'Okay, you can go up first. Little Yan, take care of the guests.'

After saying that, Lin Dong watched Jiang Hao go upstairs and then spoke to Lin Nan, 'Dad, do you think this kid has something to do with Lin Yan, this is the first time she has brought a man home?'

Lin Nan looked at Lin Yan's back and pondered slightly for a moment before muttering, 'If there really was some kind of relationship, I would feel a little safer in my heart instead.'

Saying this, he picked up the black tea on the table and sipped it before continuing, 'Once a woman has a man she likes, then there is basically no threat.'

After hearing this, Lin Dong's face became somewhat meaningful for a while: 'I'm afraid that she might have sensed what we were thinking. So that's why she found a shield.'

Lin Nan smiled after hearing this and looked at Lin Dong without saying anything, just shutting his mouth with a gesture from his eyes.

The two men looked as if they were planning something. Mysterious and secretive.

And after Jiang Hao went upstairs, he looked at Lin Yan and frowned, 'Just now the two people downstairs were your uncle and Lin Dong?'

Lin Yan's face was slightly dull as she said, 'Well. It looks and feels pretty good, doesn't it?'

Jiang Hao shook his head and spoke with a flat expression, 'These two people seem to have ghosts in their hearts. You'd better be careful in the meantime.'

Jiang Hao didn't know why he had said that, he just intuitively thought that there was something wrong with Lin Dong.

Chinese medicine was all about seeing and hearing, and after seeing a person more often, one could naturally tell the good and bad of that person through their facial features.

Although it is not 100% accurate, it is possible to make a basic judgement.

Although Lin Dong's face was handsome, there was always a hint of evil in his eyes, which made Jiang Hao feel very uncomfortable.

After hearing Jiang Hao's words, Lin Yan only laughed bitterly twice and spoke, 'They think of something against me every day, I'm already used to it.'

After saying these words, Lin Yan walked to the door of the study and then knocked on the door.

After hearing an invitation to enter from within the room, she then pushed the door open and walked in and spoke, 'Grandpa, I'm back.'

Jiang Hao cautiously walked in and looked at Elder Lin who was sitting in front of the desk and reading a newspaper, he nodded and spoke, 'Hello, junior Shen Yan.'

Master Lin looked at Jiang Hao and froze slightly, then smiled and nodded, 'Shen Yan, well, I really didn't expect to see the famous Shen Shen Shen in my home, please have a seat.'

Jiang Hao pushed his hand and sat down and said, 'No, I'm not afraid, it's just some small skills.'

While pouring tea for Jiang Hao and Lin Yan, Elder Lin smiled and said, 'I'm seventy-five years old this year, my body is still relatively strong, but I have some old problems that I can't get rid of.'

After saying this, he gestured slightly to drink the tea and said, 'Yesterday when my old ailment came on, Xiao Yan said that she would hire a doctor for me, but she didn't expect to invite you over.'

Jiang Hao picked up his tea after hearing this and took a sip, smiling bitterly, 'I haven't been in the Northern Province for long, so how come it seems like everyone knows me.'

Lin Yan smiled and looked at Jiang Hao and spoke, 'You think that flag I sent is just a flag, all right, you take a good look at it for my grandfather, I'm going to the company.'

Chapter 645

Jiang Hao shook his head slightly as he watched Lin Yan leave, then looked at the desk with a bitter smile.

Elder Lin smiled at Jiang Hao and spoke, 'Xiao Yan has always been like this, don't be offended, the company has been quite busy this time, it's been hard on her.'

Jiang Hao was a little surprised and glanced at Elder Lin, it didn't seem right to say this to him!

Only after noticing this did Jiang Hao realise. Master Lin's eyes gradually became a bit strange, as if he was looking at his son-in-law!

After realising this, Jiang Hao hurriedly opened his mouth and asked, 'Cough, cough, that, Mr. Lin, ask if there's anything uncomfortable about your body recently?'

After Master Lin briefly described his ailments carefully. Jiang Hao nodded and then recorded these down.

Then he looked at his book and said, 'Don't worry, I'll prepare the medicine and have Miss Lin send it over.'

Jiang Hao's tone was a little heavier when he said Miss Lin, trying to take this opportunity to hint at the other party. He didn't have that kind of relationship with Lin Yan.

But I don't know if it was an illusion or what, but Elder Lin was deaf to this point, still looking at Jiang Hao like he was his son-in-law.

'Dr. Shen is from outside, right, where did he work before?'

Jiang Hao looked at Elder Lin and nodded slightly before saying in a deep voice, 'I was working over in Chujiang before, but I was transferred here for some personal reasons.'

After hearing this answer Elder Lin looked at Jiang Hao for a few moments and laughed, 'No wonder I hadn't heard of you before, so you're someone from Chujiang.'

After saying this, Elder Lin laughed and said, 'Someone said before that Chujiang is a great place, I used to be a bit unconvinced, but now it looks like I have to believe it, hahaha.'

Jiang Hao waved his hand with some embarrassment and then said, 'No, no, there are many great people in the northern province, it just happens to be the right time.'

After saying this, Jiang Hao looked around and planned to get up, but to his surprise, a delicate female voice suddenly came from behind him.

‘Grandpa, Grandpa, I heard that Dr. Shen is here, right?’

After saying this, Lin Beibei jumped and ran in, then jumped into Elder Lin’s arms as soon as she could and pouted.

Master Lin was seventy-five years old and was hugging Lin Beibei, his face smiling like many old chrysanthemums.

‘Look, this is Dr. Shen, do you remember?’

Lin Beibei turned her head to look at Jiang Hao after hearing these words and spoke in surprise after a slight survey, ‘Dr. Shen, it’s really you!’

After saying this, Lin Beibei hurriedly stood up straight and then gave a respectful salute to Jiang Hao.

‘Bebe, thank you so much for saving Dr. Shen’s life, a small woman is not talented, so I have no choice but to give my body in return!’

Elder Lin’s face instantly darkened when he heard this, looking at Jiang Hao as if he was a fierce tiger that was hungry to the core!

Jiang Hao’s forehead instantly dripped with cold sweat: ‘Cough, Lin, Miss Lin. Where did you learn that from?’

Lin Beibei smiled playfully at Jiang Hao and then said, ‘It’s on TV, it’s said that you have to give your life to your benefactor.’

After hearing this, both Elder Lin and Jiang Hao sighed in relief, then they looked at each other in silence for a long time and burst out laughing.

When they had finished laughing, Jiang Hao looked at Lin Bebe with a bitter smile and said, ‘Don’t do this casually in the future, and don’t learn everything from the TV.’

After hearing this, Lin Beibei looked at Jiang Hao curiously, ‘Did I learn something wrong, did I do something wrong?’

After saying this, Lin Beibei’s little face scrunched up and she looked at Jiang Hao with a look of resignation that really hurt anyone who saw her!

Master Lin hurriedly hugged Lin Bei Bei and said, ‘No, no, you are so smart, how could you possibly learn wrong? It’s just that you’re still young and not suitable to learn these things.’

As he said this, Elder Lin also glanced helplessly at Jiang Hao before continuing to say to Lin Beibei, ‘Beibei. You go back to your room first and listen to me.’

Lin Beibei looked at Jiang Hao and then at Elder Lin before nodding and saying, 'Oh, okay, then I'll go to my room first, goodbye grandpa.'

Little kids are like that, saying the wind is the rain.

Once it was over, she bounced off again. And Jiang Hao looked at her back and shook his head with a bitter smile, 'She looks quite well physically now.'

Elder Lin nodded before speaking, 'Well, it's also your fault, helping Bebe to condition her body and cure her illness, you're the only one who has done that.'

Jiang Hao smiled before getting up and arching his hand, 'That's all for today then, I'll have Miss Lin bring it to you after I've gone back and prepared the medicine, I'll take my leave now.'

Elder Lin looked at Jiang Hao and nodded with a sigh, 'A few days according to this then I'll trouble you. Come back and play next time.'

Jiang Hao nodded and then left the study, stepping out and just closing the door behind him when this little devil girl, Lin Beibei, scurried out again.

Her eyes were twinkling as she sized up Jiang Hao: 'Dr. Shen looks really handsome, right, can I ask you something?'

Jiang Hao nodded and said, 'You, just let you go back to your room and deliberately blocked me at the door, didn't you?'

After saying this, Jiang Hao then spoke with his hands on his chest, 'Alright, ask away and see if it's inconvenient for us to talk.'

Lin Beibei looked at Jiang Hao's smug look and spoke up as a human child, 'Doctor Shen, do you like my sister?'

Jiang Hao pondered for a moment and then murmured, 'I guess so. Your sister is pretty and she is very capable and can make money.'

Lin Beibei laughed grimly twice after hearing this and said, 'In that case, would you be my brother-in-law, Dr. Shen? When the time comes, if I have any discomfort, I can also look for you ah!'

Jiang Hao faintly froze after hearing this, and then poofed out a loud laugh.

While laughing he walked past Lin Beibei and laughed, 'You ah. Looking small, you're really a human child, I'll go first.'

After saying this, Jiang Hao waved his hand without looking back and left the Lin family.

On the other hand, Lin Yan sat in the president's office looking at the financial report on the desktop with a shocked expression!

‘It’s only been three months, and the net profit has disappeared by nearly twenty million, with a deficit of eight million!’

After saying this, Lin Yan looked at the finance manager below and pointed her nose and scolded angrily, ‘How do you all work! You’ve been allocated so many accountants, and you can’t even calculate such a small amount of money?’

That manager looked at Lin Yan’s furious expression and faintly froze. Then he said with a black face, ‘We have also worked very hard during this period of time, and have verified so many places without finding the direction of this money circulation.’

Hearing these words, Lin Yan’s head began to ache again.

Chapter 646

After a slight hesitation, Lin Yan looked at the account book in her hand and couldn’t help but ponder.

In just two quarters the company had lost nearly 30 million dollars, which was not a small amount for the company.

Moreover, as the end of the year was approaching, the move to return the funds was underway. If this matter was exposed at this critical moment.

The consequences of the stock market decline would be good, but if the board of directors were to shake up.

Not to mention her, even grandfather may not be able to carry the load.

The company’s main business is to provide a wide range of products and services to the market. No one can go home!’

After saying these words, Lin Yan sat down on a chair and rubbed her temples with a headache. This matter could not be concealed, and an explanation had to be given.

No wonder the people who had come to investigate this matter before had all given up in the end, who would have the guts to miss out on a huge sum of thirty million dollars.

Lin Nan might have such guts, but he has always regarded the company as his personal property, so he should not do such a thing.

And Lin Dong, who is his son anyway, should also be closer to him as far as ideas are concerned.

Apart from these two people, I am afraid there are not many people who can use such a large amount of money.

When Lin Yan was having a hard time with the money, the phone on her hand suddenly rang. The phone in her hand suddenly rang.

When she took out the phone and saw that it was Jiang Hao calling, Lin Yan picked up the phone and said in a deep voice, ‘What’s wrong?’

Jiang Hao was on his way to the hospital at the moment, and when he saw Lin Yan pick up the phone, he smiled and said, 'Nothing much, I just want to talk to you.'

Hearing this, Lin Yan couldn't help but sigh and said, 'Please, I'm very busy and annoyed right now, don't come over at this time, okay?'

Hearing Lin Yan's impatient tone, Jiang Hao couldn't help but faintly stare and then asked with concern, 'What's going on?'

As far as he was concerned, Lin Yan was relatively calm about everything in his impression.

Although he had seen before that Lin Yan seemed to be troubled by something. However, he did not ask about it.

Now that he saw that Lin Yan could not support herself any longer, Jiang Hao asked a question with concern.

And after hesitating for a moment Lin Yan spoke directly, 'I've told you, don't tell anyone.'

Jiang Hao nodded slightly and took the phone and asked with concern, 'What's going on, talk to me, maybe I'll have a solution.'

With that, Lin Yan hesitated for a moment and then briefly described what had happened at the company during this time.

When she had finished, Lin Yan leaned back in her boss chair and spoke with a headache, 'Now it's almost the end of the year, and the company's funds flowed back only to find a deficit of nearly thirty million.'

After saying these words. Lin Yan said with some distress, 'If this matter is not investigated and understood, the board of directors will definitely take advantage of the situation.'

Jiang Hao slightly hesitated for a moment. He then opened his phone and looked at it carefully before he couldn't help but say back, 'So, what do you plan to start with?'

Lin Yan briefly told Jiang Hao about her intentions before continuing, 'Anyway, you may not be able to help me with this matter, but thank you for being willing to listen.'

After saying this. A person suddenly came into the office and said, 'Mr. Lin, everyone from the Ministry of Finance is already in place, and this year's large and small investment books have also been brought up.'

After hearing this Lin Yan nodded and then spoke, 'Alright. Without further ado, I'm going to start working now.'

Jiang Hao hung up the phone after nodding, he wasn't worried about Lin Yan.

He was not worried about Lin Yan. He could still take out a deficit of 20 to 30 million at any time, but he was just a bit worried that he might not be able to stay in BeiFu after taking it out.

The company's main focus was on the development of a new product, the new product, and the new product.

After all of them agreed in unison, they opened their computers and began to calculate the financial records for the whole year.

Just as Lin Yan's side began to take stock, Lin Dong was looking at the gambling records inside a hotel. Lin Dong was looking at the betting board inside a hotel and shouted excitedly, 'Big! Big! Big!'

The dice cup opened, two, three, three small. A handful of Lin Dong's output had gone for a whole 200,000 plus!

The crowd looked at Lin Dong's somewhat demoralized face and couldn't help but smile slightly as they spoke, 'Young Master Lin looks like he has a bit of bad luck today.'

Lin Dong lit himself a cigarette and then reached out to loosen his tie. He then looked at the dealer and said, 'Tell your boss to bring me another two million in chips, hurry up!'

At this moment, Lin Dong looked like a gambler who had lost his eyes. He didn't care about anything as long as he could win.

The lotus officer looked at Lin Dong with some difficulty and then said, 'Young Master Lin, I am not saying anything, you should go back today.'

When Lin Dong heard this, he slapped his hand on the table and said angrily, 'What, you think I can't get it out, get out, let your boss come and talk to me!'

As soon as the words left his mouth, Chen Minggang's voice suddenly came from behind Lin Dong: 'Why do you have to do this, young master Lin, it's just a few hundred thousand chips, why are you so angry?'

After saying this, Chen Minggang came up to the dealer and said flatly, 'Go get two million chips and let Young Master Lin have a good time until he is happy.'

After crossing his legs and lighting himself a cigarette, Lin Dong looked at Chen Minggang and nodded, 'That's right, that's what makes me a friend of Lin Dongming.'

Here Lin Dong paused, then looked at the lottery official and said, 'Look at you, you are short-sighted, my Lin family will care about this mere few million!'

Chen Shao laughed and then sat beside Lin Dong and said, 'That's true, but Lin Shao, look at you, you owe me almost 10 million.'

'No, why are you panicking? It's only 10 million, do you believe I can give it to you with some random tricks?'

Lin Dong held the chips in his hand and looked at Chen Minggang with a gloomy and uncertain expression.

The company was already being investigated for deficits, and it was because of this that he had wanted to use gambling to turn back his capital.

The more he gambled, the more he lost. Not only did he not get his capital back, but he now had another seven to eight million.

Thinking of this, Lin Dong looked at Chen Minggang with a gloomy expression and said, 'I say, young Chen, do you not believe me?'

Chen Minggang smiled faintly and looked at Lin Dong with a smile without saying anything, but his eyes carried a hint of gloom.

'I'm afraid I don't need to tell you what I am, I'm afraid I don't need to tell you what I am, Lin Shao you can play, but if you can't get the money when the time comes, don't blame me as a brother for not being mean enough!'

As soon as the words left his mouth, Chen Minggang dropped two million in chips and left!
