

Chapter 651: Tiger or Rabbit

“Qianliang, you...” Zhu Qianlan could only stand there and look at her brother worriedly from afar.

Zhu Qianliang was Zhu Qianlan’s younger brother. He came to Nanjiang City this time to help Zhu Qianlan secure her position.

He had just heard from Zhu Qianlan that Huang Cheng from Hai Run Corporation was out of ideas. He heard from Zhu Qianlan that the person who bought the raw stones at the auction that day was the woman called Jiang Yao. It was also this woman who snatched Huang Chengjing from her, causing Zhu Qianlan to lose face several times with Huang Chengjing.

Only then did Zhu Qianliang bring Zhu Qianlan over. Firstly, he wanted to discuss something with Jiang Yao. He wanted Jiang Yao to name a price and then help tell the public that the raw stones she bought from the market were of top quality. Secondly, he wanted Jiang Yao to leave Huang Chengjing and not compete with Zhu Qianlan for a man.

In Zhu Qianlan’s words, Jiang Yao was a vain woman who only had money in her eyes. She was also an unfaithful woman who was promiscuous even though she was married.

Jiang Yao’s husband, on the other hand, was a poor soldier who did not have the ability to live off women. He was the kind of man who made his wife earn money from other men for his enjoyment.

Zhu Qianlan had reminded him before that the soldier looked scary. However, in Zhu Qianliang’s eyes, a man who relied on a woman to earn a living was merely an ant in his eyes, let alone an ordinary soldier.

Zhu Qianliang despised men who relied on women to make a living. Therefore, Zhu Qianliang had always thought that he was superior to others. If he asked if they minded, it would just be a question of upbringing. However, he was not prepared to wait for their reply.

As one of the male descendants of the Zhu family, Zhu Qianliang had been living in the same city since he was young. Because of Zhu Qianlan and his analysis, Zhu Qianliang even felt that it was their blessing that he could sit with them.

Besides, he wanted to talk to them about money. They should be respectful towards him.

Therefore, Zhu Qianliang would never have dreamed that the man who lived off women would have such a strong temper.

That kick made his limbs go weak.

Zhu Qianliang took a long time to recover from the shock. He stood up from his chair and started to study the man Zhu Qianlan had been talking about.

Zhu Qianliang was more successful than Zhu Qianlan in the Zhu family, not only because he was a man, but also because he was smarter than Zhu Qianlan.

With that kick just now, Zhu Qianliang had reason to suspect that the man was definitely not the man Zhu Qianlan was talking about.

A man who relied on a woman to earn a living would not have such a terrifying aura. He stood there, and with just one look, he could suppress him so much that he could not help but breathe lightly. As he stood there and looked at him from afar, it made him feel that the man was a fierce tiger in a rage, while he was an antelope that had accidentally angered the fierce tiger.

“Sorry, I was rude just now.” Zhu Qianliang stood up and walked back to apologize.

Although he did not know the man’s real identity, Zhu Qianliang was sure that this man was not simple. It was possible that he was a*****, and that was why he had such a violent temper.

In any era, merchants were unwilling to fight with officials. Zhu Qianliang knew this.

Chapter 652: Not Bodhisattva

Zhu Qianliang even guessed that given how protective this man was of his wife’s heart, the relationship between that woman called Jiang Yao and Huang Chengjing was definitely not the messy relationship that Zhu Qianlan had mentioned. Hai Run Corporation was powerful, but Huang Chengjing was a smart person. He definitely did not have the guts to touch such a man’s woman.

Without getting an answer from the two, Zhu Qianliang was even more certain of his guess. How could someone so arrogant be the kind of person that Zhu Qianlan talked about?

At that moment, Zhu Qianliang really hated his biological sister, Zhu Qianlan, to death. It was all her fault for being stupid. She could not even tell if she was a lion or a rabbit. She could only blame herself for being careless. She clearly knew what kind of personality her sister had, yet she still trusted him so easily.

“I don’t have any bad intentions. I just want to ask for Miss Jiang’s help.” Zhu Qianliang spoke again, and his tone was filled with respect and pleading, no longer as arrogant as before.

“I’m not helping you. Scram.” Lu Xingzhi felt that this man called Zhu Qianliang was stupid. Did he, Lu Xingzhi, look like such a nice person?

Someone who had just been taught a lesson, how could a simple apology be exchanged for his kind words?

“Sir, why do you call me that? I am Zhu Qianliang, Zhu Qianlan’s younger brother. Previously, my sister had offended Miss Jiang, so I apologize on behalf of my sister and Miss Jiang. This matter concerns my sister’s future. My sister is a lone woman, and it is not easy for her to gain a foothold in a city. Therefore, I beg Miss Jiang to help my sister this once. As long as Miss Jiang is willing to help my sister, you can name any condition.”

Zhu Qianliang was more cunning than Zhu Qianlan. He asked Lu Xingzhi a few questions to confirm his identity. Now that he had a name, it was much easier for him to investigate this person.

“It’s none of my business.” Jiang Yao stood behind Lu Xingzhi and slowly replied, “I’m not a Bodhisattva, so how can I save everyone?”

Lu Xingzhi lowered his eyes and looked at his little wife behind him. The corners of his lips curled up slightly. He liked how his wife could drive people to their graves with a straight face.

Zhu Qianliang didn't know what to say after being choked by Jiang Yao's words. He had said those words because he thought that Jiang Yao was also a woman. Under normal circumstances, women tended to be soft-hearted, so he wanted to make Zhu Qianlan sound more pitiful so that Jiang Yao would feel compassion.

Zhu Qianlan might be dumb, but she was still his biological sister, the sister who had always protected him when he was young.

"Miss Jiang, are you bearing a grudge against my sister for misunderstanding you earlier? Why don't you ask my sister to apologize to you personally?" Zhu Qianliang said, "To Miss Jiang, this favor is just a small matter, but to my sister, it concerns her future life."

"It's no big deal, but that depends on whether my people are willing to do it." Lu Xingzhi's lips twitched as he sneered. "Don't use money to do things. Do my wife and I look like beggars who lack money from your Zhu family?"

Lu Xingzhi's tone wasn't good because he really didn't have the patience to deal with these two siblings.

"If you're done, then hurry up and leave! Don't wait until you really piss me off and come begging on your knees." The threat in Lu Xingzhi's tone was obvious.

Zhu Qianliang knew how to read people's faces. He also knew that if he continued to stay here, he would really anger the other party. Since he still could not figure out the other party's identity, Zhu Qianliang chose to take Zhu Qianlan away safely and left the restaurant.

After they left, the restaurant manager walked over, trembling, and pretended to show some concern.

Chapter 653: I'll Smash You

The atmosphere just now was too scary.

Lu Xingzhi dismissed the restaurant manager with a few perfunctory words. After the two of them sat back down, they lost most of their appetite.

"If Manager Sun was here earlier, he would have come to deal with the situation immediately. That coward just stood there and watched," Jiang Yao mumbled.

Lu Xingzhi was very certain of Manager Sun's ability.

"Are you still eating? If not, I'll send you back to school," Lu Xingzhi asked.

Jiang Yao shook her head. "Actually, I've already eaten enough just now."

Then, the two of them took their things and left their seats. After Lu Xingzhi went to pay, Jiang Yao and Lu Xingzhi left the restaurant.

On the way back to Nanjiang City Medical University, Jiang Yao took out his wallet from the pocket of Lu Xingzhi's jacket. "Look at you, your salary is with me, the other money is with me, and even the real estate is with me. How do you still have money to eat?"

Jiang Yao poked Lu Xingzhi's arm with her finger. "Tell me honestly, did you hide your money?"

With one hand on the steering wheel and the other on the car window, Lu Xingzhi's movements were very satisfying. Jiang Yao's poking motion landed on his tight muscles, and it felt like touching them.

He turned back to look at Jiang Yao, who was flipping through his wallet. He chuckled. "Gray income."

Jiang Yao slapped his arm. "How long are you going to laugh at me for?"

"A lifetime," Lu Xingzhi replied happily.

Jiang Yao pursed her lips and did not say anything. She lowered her head and continued to rummage through his wallet. When she reached for the wallet, she found a hard piece on the back. She turned the wallet over and opened the back layer. She looked at it and reached out to pull out the thing inside.

Unexpectedly, a small red book appeared before her.

It was a marriage certificate.

This man actually hid the marriage certificate in his wallet?

"Is there something wrong with your brain?" Jiang Yao tossed the marriage certificate in front of Lu Xingzhi. "You didn't leave this at home, but you brought it with you?"

"Yaoyao, take it! Don't throw it around! If you break it, I'll beat you up!" Lu Xingzhi's tone was obviously nervous. "Hurry up and put it back."

Jiang Yao was immediately amused. "You want to beat me up over a marriage certificate? That's great, Lu Xingzhi. You can fly up to the sky and walk side by side with Ultraman!"

This person would never bear to scold her. Just by looking at the marriage certificate, he got anxious after seeing her throw it twice. He even threatened to beat her up if she broke it?

Was he using the marriage certificate as his lifeblood?

Jiang Yao didn't care about Lu Xingzhi's unhappy expression. She took the marriage certificate and looked through it with interest.

When the marriage certificate was signed, Jiang Yao was wearing a very festive red shirt. However, in the photo of the two of them, she was expressionless. As for Lu Xingzhi, although he didn't have any obvious expression on his face, one could tell from his eyes that he was actually very happy.

After they registered, Lu Xingzhi took away their marriage certificates. Jiang Yao didn't even have the chance to touch them, so she naturally hadn't seen their marriage certificates.

It could be seen that Lu Xingzhi had kept the marriage certificate very well. After more than a year, it was still brand new. The red fabric had the words "marriage certificate" printed on it, and the colors of the fabric were embroidered with the words "Rich Peony."

"What about the other one?" Jiang Yao asked casually.

Lu Xingzhi raised an eyebrow. "Why are you asking this?"

Chapter 654: Brought Into the Coffin

“Can’t I just ask?” Jiang Yao realized that ever since she took out the marriage certificate, Lu Xingzhi’s mood had changed. “Why are you nervous? I’m just asking. Do you think I’m going to do something?”

Lu Xingzhi replied with an ‘oh’ before explaining, “There’s another one in the army’s house. I hid it.”

Hid It?

Jiang Yao found it funny. “Where did you hide it? Why didn’t I find it when I was tidying up the house?”

“Why should I tell you?” Lu Xingzhi choked Jiang Yao. “Anyway, it’s hidden somewhere you can’t find it.”

If Lu Xingzhi wasn’t driving, Jiang Yao would have really..

“You hid it so tightly? You want it to be a family heirloom?” Jiang Yao snorted. She put the marriage certificate back in his wallet and put his wallet back in his jacket pocket.

Then, she heard Lu Xingzhi heave a sigh of relief!

So, he was worried when the marriage certificate was in her hands?

Worried about what?

Jiang Yao was a little confused.

“What family heirloom? Why should I pass my things to others? When I die, this marriage certificate will go to the coffin with me.” Lu Xingzhi reached out and changed the wallet into the other pocket.

This action really made Jiang Yao speechless for a while.

Therefore, this guy could give her money, house, car, and stocks. Even the marriage certificate was not willing to let her touch it?

Could it be that he was worried that she would tear the marriage certificate?

“Lu Xingzhi, can I ask you a question?” Jiang Yao suddenly asked and then looked at Lu Xingzhi with a smile.

After she finished asking, she waited for Lu Xingzhi to let her say it. Unexpectedly, Lu Xingzhi didn’t play by the rules. He directly threw out a sentence to shut her mouth.

“No.”

The crisp and clear “No” made her dumbfounded.

“You haven’t even asked me what I want to ask!” Jiang Yao was not convinced.

“I can guess it.” Lu Xingzhi curled the corners of his lips. Just now, he was still talking about the marriage certificate. What he wanted to ask now must have something to do with the marriage certificate.

He was not stupid. Of course, he would not be fooled.

“No, you have to answer.” Jiang Yao was so angry that her teeth hurt. Lu Xingzhi was getting to know her more and more. She did not even need to ask, but he had already guessed it?

"I'm driving. I don't have time to talk to you." After Lu Xingzhi said that, he took back his hand that was propped on the car window and put it back on the steering wheel. He even sat upright, as if he was going to drive properly now.

Jiang Yao sat there. She simply couldn't be bothered to roll her eyes at him.

Then, she simply didn't say anything. She just sat in the front passenger seat, as if she was air.

Lu Xingzhi drove very steadily. Because he wasn't in a hurry, his speed wasn't fast either. After the two of them were silent for more than twenty minutes, the car stopped at the main entrance of the school.

"Can you drive in?" Lu Xingzhi asked the person beside him.

Jiang Yao heard his words, but she only smiled at him. It was clear that she did not speak.

Lu Xingzhi snorted. How could he not know what Jiang Yao meant?

He drove the car over and asked the security guard at the gate. The security guard recognized Jiang Yao's car and knew that it belonged to a student of the school, so he let her pass.

Lu Xingzhi drove the car to Jiang Yao's dormitory building with ease and said, "It's your dormitory. Are you going to not talk to me for the whole day?"

Jiang Yao nodded and looked at Lu Xingzhi with blinking eyes.

Chapter 655: Can You Do It

"Just do it as hard as you can!" Lu Xingzhi surrendered. "Go ahead."

Jiang Yao smiled smugly. HMPH, I'll see how far he can go if he wants to be awesome with me!

"Let me ask you, which is more important, me or the marriage certificate? You actually said that you wanted to beat me up for the marriage certificate just now?" After Jiang Yao said that, she threw Lu Xingzhi an expression that said, "Think carefully before you answer me."

"Both are important." Lu Xingzhi answered a little helplessly. He knew that the question that she was holding back was definitely not easy to answer.

If he said that she was important, what was waiting for him would definitely be the result of the marriage certificate in his wallet in her hands.

After answering, Lu Xingzhi leaned over and untied her safety belt. He raised his hand and patted her head. "I was just trying to scare you. How could I really beat you up?"

"I was just perfunctory," Jiang Yao muttered.

However, she didn't really want to die. She didn't have to choose between two questions. She just saw how precious Lu Xingzhi's marriage certificate was and thought it was very funny, so she deliberately teased him.

Although the answer to this question wasn't particularly satisfying to her, she didn't persist in asking.

She knew clearly in her heart that the marriage certificate was so important to Lu Xingzhi because the wife on the marriage certificate was her, because the person who married him was her.

His attitude towards the marriage certificate was nothing more than his attitude towards him.

In fact, Jiang Yao was already very shocked when she took out the marriage certificate from his wallet. When she noticed his attitude towards the marriage certificate, her heart was even more turbulent.

Lu Yuqing was right. In fact, she really did not fully understand Lu Xingzhi's love for her.

Lu Xingzhi watched Jiang Yao go upstairs from Jiang Yao's dormitory before he drove away from the school. He first went to Wu Zhong's place to visit Wu Zhong and Chen Zhibin, and then went directly to look for director Ye, whom he had dealt with the last time he was here.

Lu Xingzhi went to look for director ye because of Zhu Qianlan. He had a good eye for people. Zhu Qianlan was an idiot, but Zhu Qianlan's younger brother, Zhu Qianliang, was not. With Zhu Qianliang's help, Zhu Qianlan might not have to leave Nanjiang city in the end.

However, his wife hated Zhu Qianlan, so Zhu Qianlan must not stay in Nanjiang city to hinder his wife's eyes.

"Young master Lu specially came to find me today because of this matter?" After Lu Xingzhi finished explaining his purpose of coming, director ye heaved a sigh of relief. He was really afraid that it would be the same as last time. He did not know who was the blind one who provoked Lu Xingzhi to come and interrogate him.

"Can it be done?" Lu Xingzhi asked faintly.

"Of course it can be done for such a small matter." Director ye nodded. "If I can't even do such a small matter, then my position will be wasted."

"If Zhu Qianlan and Zhu Qianliang don't know what's good for them, then tell the Zhu family's company to get out of Nanjiang City. I, Lu Xingzhi, owe you a favor for this matter." Lu Xingzhi left after leaving these words.

What Lu Xingzhi wanted was for Zhu Qianlan to leave Nanjiang city so that Zhu Qianliang could not interfere and help Zhu Qianlan. Although director ye did not understand how Zhu Qianlan had provoked young master Lu to personally come and deal with her, since that woman had offended someone, then wait for her path, the only way was to leave Nanjiang City.

Just as Lu Xingzhi left the police station, chief ye arranged for people to go to the Zhu family's raw stone trading center. Then, he sent another department to the Zhu family's jewelry company in Nanjiang City and stayed there for half a day.

Chapter 656: Who Exactly Did He Offend?

Anyone with a discerning eye would know that this was the Zhu family's problem. Someone was trying to mess with the Zhu family behind their back.

For the entire afternoon, Zhu Qianliang and Zhu Qianlan were exhausted from dealing with the situation. After they finally sent these people away, Zhu Qianliang called Zhu Qianlan to speak alone in the office.

“Previously, Dad said that you must have offended someone in Nanjiang city, which is why there was a problem with the raw stone transaction this time. Now, the company has come to these departments to investigate this and that. Zhu Qianlan, think carefully. Who exactly did you offend?”

In his anger, Zhu Qianliang didn't even call her sister. Instead, he called her by her first name, “When we were at home, Dad and mom said that if you don't control your temper, you won't be able to achieve great things. I say, Zhu Qianlan, can't you let dad, Mom, and Me, as your younger brother, save you some trouble?”

“How would I know who I've Offended?” Zhu Qianlan's heart was filled with anger and she didn't know who to vent it on, “I've been in Nanjiang City for so many years, and my temper has always been like this. I've always been fine, but who would have thought that I've been so unlucky recently! It's all because of that Jiang Yao! Ever since she appeared, nothing good has happened! That Jinx!”

Zhu Qianlan gritted her teeth and cursed, blaming all of her recent displeasure on Jiang Yao. After all, ever since she appeared, nothing had gone smoothly for her!

Zhu Qianliang found a key point in Zhu Qianlan's cursing, “You're saying that these things only happened after you and Jiang Yao had a feud? “SIS, when did you and Jiang Yao get to know each other? “How did you offend her? “When do you think you can be smarter? “Jiang Yao's husband is obviously not an ordinary person. How did you say that he's a poor soldier who lives off women?”

Zhu Qianliang suspected that Zhu Qianlan was really unlucky because she had offended Jiang Yao. If Jiang Yao's husband's identity was not simple, it would be really easy for him to deal with a brainless person like Zhu Qianlan.

Moreover, it was also a coincidence. They had an unpleasant conversation in the restaurant at noon, and in the afternoon, trouble started to happen at the company.

It was really too much of a coincidence to call it a coincidence.

“I think that Jiang Yao's husband is a poor soldier! You didn't see how he looked in his military uniform. His beard was messy, and he looked like a poor man!” Zhu Qianlan was also unconvinced, “Didn't you ask someone to investigate the identity of Jiang Yao and her husband?”

“It's been an afternoon, and there's still no news. It's probably not easy to investigate,” Zhu Qianliang said. “If Jiang Yao's husband is really the second generation of a high-ranking military official, our people might not be able to find out his identity.”

Thinking of this, Zhu Qianliang decided not to sit still and wait for death. If this continued, how would the Zhu family company have any reputation and credibility in Nanjiang City?

“I'll go there personally.” After Zhu Qianliang said that, he picked up the car keys on the table and thought to himself, the people who went to the raw stone trading ground today were people from the Public Security Bureau. They went in to investigate in the name of causing trouble and gambling. In the afternoon, there were some tax bureaus., the Bureau of Industry and Commerce and the fire

department came over to investigate. Therefore, he decided to go to the Bureau of Industry and commerce to get some information first.

Jiang Yao returned to her dormitory. The girls in the dormitory didn't have lunch breaks. Until now, the topic of their conversation was still dinner.

After Jiang Yao went in, she greeted a few people. Before she could resist the teasing of these girls, Jiang Lei's call came in.

Jiang Yao called Jiang Lei when she was in the hotel at noon. However, Jiang Lei didn't have a cell phone, so she called the landline in the office of Jiang Lei's factory. She asked the person who answered the phone to tell him to call her back when Jiang Lei was free.

Chapter 657: I'll Tell You This Too

Jiang Lei knew that Jiang Yao had a cell phone, but he didn't call her often because he was afraid that it would affect her classes. When he suddenly received a call from Jiang Yao, he thought that Jiang Yao was looking for him for something important.

"My colleague said that you called me at the Office at noon? Is it something important?" Jiang Lei was a little worried when he asked. "Are you not used to being alone in Nanjiang City?"

"Does it have to be something?" Jiang Yao smiled gently. "I'm quite good in Nanjiang City. I'm not not used to it. My classmates and friends are very friendly."

Jiang lei replied with an "OH" and subconsciously said, "So you don't have enough pocket money?"

Before Jiang Yao got married, Jiang Lei and Jiang Jie would give her pocket money when they came out to work. They would let her buy whatever she liked in school. Sometimes, when she went to the county town and saw beautiful clothes, they would also buy them back for her.

When the three siblings were still studying, Jiang Jie and Jiang Lei doted on their younger sister the same way. Usually, they would deduct some pocket money from their elders, so they would not spend it recklessly. They would save it and wait for Jiang Yao's birthday, they would buy some small gifts for her.

It was probably because they were used to receiving pocket money from their elder brother to their younger sister. Therefore, Jiang Lei subconsciously felt that his younger sister might have used up all her pocket money from studying.

After he finished asking, he only realized that his sister had already married.

"What's so funny? Don't think that you're embarrassed to ask me for money just because you're married. Even if you're 70 or 80 years old, you're still my sister. As long as I can afford it, I'll still give it to you," Jiang Lei explained, "If you're embarrassed to ask for it from the Lu family, it's the same as telling me. I've recently changed jobs and my salary has increased quite a bit."

"Jiang Lei, at this time, you're especially like a competent brother," Jiang Yao teased before explaining, "It's not that I'm short of money. Lu Xingzhi's entire fortune is in my hands. But if second brother is short of money, you can tell me. In the past, you and Big Brother doted on me. Now, it's my turn to properly show filial piety to the two of you."

After chatting with Jiang Lei for a while, Jiang Yao finally got to the point, "Today, Xiaoxiao called me and said that you're always bullying her. Jiang Lei, You're a man. Why are you always bullying a little girl? Can't you give her some leeway? She said that if you continue to bully her, she's going to perish together with you."

"What Jiang Lei? You're being rude again! Also, Lu Xiaoxiao is still a little girl, right? If I remember correctly, she's older than you, right? and she still looks like she hasn't weaned yet. She came to you to complain? If she's capable, I'll teach her a lesson!"

Jiang Lei felt a stomachache when he heard Jiang Yao call his name. When he heard Lu Xiaoxiao come to complain to Jiang Yao, he felt even more troubled. "He didn't go to the Lu family to spout nonsense, did he? He didn't go to Lu Xingzhi to complain, did he?"

"No, Xiaoxiao isn't that kind of person," Jiang Yao quickly said. "She's just angry that you kept bullying her, so she called me directly."

"Second brother, you can listen to me call you second brother if you want, but there's a sentence that I have to tell you even if it's unpleasant to the ear. ". Although Xiaoxiao was usually noisy, she didn't know how to lie and wouldn't play tricks on people for no reason. She didn't have any grudges with your girlfriend, so there's no need to frame your girlfriend."

"She also told you that?" Jiang Lei was slightly angry.

Chapter 658: Spare Tire

"She did say that, but she was just being kind. Second Brother, Mom and Dad don't really like you. Think about it. How many times have mom and dad mentioned that they wanted you to settle down with her? Which of them did she agree to? She always said that she was still young."

"To be honest, do you also think that she's still young? Your sister is younger than her. I've been married for more than a year! She just doesn't want to marry you and wants to keep you as a spare tire. This kind of woman's character isn't very good."

Jiang Yao's words were not polite at all, "She keeps saying that she's still young. If there's a rich boss who wants to marry her now, see if she still refuses. See if she still wants to talk to you! "!" "Jiang Lei, I'm not happy about it. You're my second brother. Why do you have to be a spare tire for a woman like her? "Why do you have to pour out your heart and lungs to her? She doesn't take you seriously and is still looking for someone else? "

The More Jiang Yao spoke, the angrier she got. She finally understood the reason why Lu Yuqing didn't like her back then.

"Jiang Lei, You are my second brother. In My Heart, in this world, there aren't many men who can compare to you! Why do you have to support a woman who doesn't take you seriously? How is she worthy of you? "

How could a woman like that be worthy of Jiang Lei hurting his feelings for someone like her?

“Alright, this is my own matter. You’re a married daughter. It has nothing to do with you.” Jiang Lei was not happy to hear that. After all, she was his girlfriend. When he heard his sister talk about her like that, he was not very happy either.

Afraid that Jiang Yao would continue, Jiang Lei quickly changed the topic. “You sure know how to talk. Then tell me, in this world, who can compare to me? Since Young, have I treated you well?”

“Xingzhi, Big Brother, father and I are ranked ahead of you. You can reluctantly rank behind them.” Jiang Yao was very honest.

“PFFT, it’s really the water splashed by a married daughter. You’ve only been married for more than a year, and your husband is already more important than the brother who brought you up! As expected, girls are extroverted! Lu Xingzhi and father, fine, I won’t fight, why should Big Brother Rank ahead of me?”

“Because Big Brother won’t fight with me! Every time you fight with me, you won’t let me!” Jiang Yao replied matter-of-factly, “Between Big Brother and you, of course, I have to put Big Brother ahead. Oh, right, when are big brother and sister Wang Xian getting married? Have you discussed the date?”

“These two days, Mom and dad are discussing the date with the Wang family. What mom and dad mean is to set it at the time when you can go home during the winter vacation. We’ll see when it’s a good day and let Big Brother marry big sister-in-law.” After Jiang Lei said that, he sighed.

These two days, he had helped Jiang Jie prepare some things for an official marriage proposal. In fact, Jiang Lei’s heart was full of envy. He also wanted to marry his partner into the family as soon as possible. Unfortunately, his partner had big ideas and was not as docile as big sister-in-law.

“Big Brother and big sister-in-law, I’m not worried at all. Big Sister-in-law is a very nice person in the future. After entering the family, she will definitely be filial to father and mother. I’m just worried about you! “Jiang Lei, I’ll bet with you. If you can marry someone like you in this lifetime, I, Jiang Yao, will write my name upside down for you to see! “! “You Cuckold. If you love her, then you can continue to wear it. Anyway, the words we say to you are all honest and harsh.”

Jiang Yao really wanted to take the winter vacation earlier and go back to meet Jiang Lei’s girlfriend, but now, she couldn’t do anything through the phone.

“You should think about your girlfriend’s stupidity. I Won’t talk to You Anymore! “

Chapter 659: From Then on, the Emperor Would Not Attend Court Early

It was impossible to persuade her, so Jiang Yao simply did not waste her breath on Jiang Lei and hung up the phone. She would rather go back and chat with her roommates.

After making a phone call, Jiang Yao went back. All the young ladies in the room laid out their clothes, each of them choosing what to wear at night.

“That’s scary. Are you guys going on a blind date together? Let me say it first. It’s just me and my husband tonight. None of his comrades are here!” Jiang Yao stood at the door of the balcony with a confused look on her face, then, she called out to Wen Xuehui, who was fiddling with her dress in front

of the dressing mirror, "A friendly reminder. Today's weather is slightly cold. If you wear it like this, it will get cold!"

"Who's going on a blind date? We're not in such a hurry to get married like you!" Zhou Xiaoxia said, she shook the clothes in her hands and asked Jiang Yao which one looked good before she explained, "Wen Xuehui is right. We're here as one of your family members. We can't Embarrass You!"

"It's such a pity. You're already married! We won't be able to have your wedding!" Lin Qiaoyu asked with a smile, "How about this dress of mine? My mom said that I look great in this dress, so I'll wear this dress tonight. I won't embarrass you, right?"

"You guys are dressed so beautifully. What if my husband and I only treat you to a roadside stall?" Jiang Yao looked helpless.

"Eating at a roadside stall is still eating. It's also your couple's treat. Since we're going to appear, we have to dress appropriately," Chen Siyang replied.

Wen Xuehui regretfully put down the dress in her hand and then turned around to look at Jiang Yao, "Just based on your brand-name clothes, driving a private car to and from school every day, and the way you use your phone, if you dare to invite us to eat roadside stalls with your husband, I will beat you to death!"

"That's right! Stingy people can't be brought to our family! Our requirements aren't high, so we can't have roadside stalls. Even if we want to eat Yangchun noodles, we have to have a small street stall!" Li Yi said.

"Okay, okay, then you guys take your time to dress up." Jiang Yao facepalmed. Anyway, her mouth couldn't beat the other mouths. "After dinner tonight, I Won't go back to the dormitory. My husband and I will stay in a hotel."

"I knew it! Really, the lotus tent is warm for the night. From now on, the King doesn't go to bed early." Wen Xuehui whistled at Jiang Yao. "I'm really afraid that your small waist can't stand your husband's big body."

"Ah! Wen Xuehui, how can you say such embarrassing things?" Zhou Xiaoxia scolded in a low voice from the side, and then said, "You're just worrying blindly. Jiang Yao's husband dotes on her, so he will definitely come gently."

"... " so, were these really a group of unmarried and pure girls?

Jiang Yao held her forehead again and changed into a new coat. Then, she sat on the side and watched the group of girls rummaging through the shelves to find the most appropriate clothes for them.

When she watched from the side, she really wanted to talk to Lu Xingzhi. At night, she could just bring a group of gorgeously dressed friends to eat at roadside stalls.

After Lu Xingzhi left the police station, he went straight to manager Sun. When Jiang Yao praised manager Sun, Lu Xingzhi also agreed with manager Sun's ability.

As a local of Nanjiang City, manager Sun must have a better understanding of the economy in Nanjiang City. Therefore, before he decided to buy a house, he needed to find manager Sun to understand some things.

Chapter 660: Discussing Buying a House

First of all, he had to see where Changkang Group's company address was. Only then would he be able to buy a house halfway, so as to avoid finding a bad location. It was either Lu Yuqing who would have trouble going to work in the future, or Jiang Yao who would have trouble going to school in the future.

He didn't know where the Qi family had heard the news that Lu Xingzhi had come to Nanjiang City again. While Lu Xingzhi was talking to manager Sun, the Qi family had called Lu Xingzhi and said that they wanted to make an appointment to treat Lu Xingzhi and Jiang Yao to a meal.

Lu Xingzhi perfunctorily rejected them. He had only been in Nanjiang City for a few days, so he did not have the energy to deal with the Qi family. However, Lu Xingzhi guessed that the Qi family might have heard the news from director Ye.

After Lu Xingzhi hung up the phone, manager Sun showed Lu Xingzhi the map of Nanjiang City and placed it in front of him.

He said, "The land of Changkang Company is here, and President Jiang's school is here. If you buy the house here at Wuqiao Road, there is a fast lane that is almost completed. In the future, president Lu will only need to drive 20 minutes to go to work, and president Jiang will only need to drive half an hour to go to school. There is no need to take a detour."

Manager Sun was referring to Lu Yuqing. He asked, "Young Master Lu, how big do you want to buy?"

"At least five rooms in a small loft. It can't be too small. If there's a villa, we can take a look." Lu Xingzhi still didn't know how much money Jiang Yao had left after investing in Changkang to buy a house, he also didn't know what the housing prices in Nanjiang City were like. If the villa wasn't too expensive, he could borrow some from his eldest brother and second brother. Otherwise, he could borrow some from his family.

If the housing prices were expensive, then he could only consider the small jump story that had at least five rooms. One would be used as Lu Yuqing's study, one would be Lu Yuqing's room, one would be his and Jiang Yao's room, and one would be renovated into a shooting training room, the other room would be reserved for his parents back home.

If Lu Yuqing also stayed in Nanjiang City, his parents would definitely come to Nanjiang city often when they were free. Therefore, they had to reserve a room for them.

After manager Sun heard this, he immediately fell silent. He thought to himself, how different is the small loft with five rooms from a single-story villa?

The economy of Nanjiang city was not as prosperous as that of Jingdou. The houses here had not entered the real stage of sale. The houses in the city now required five rooms, or they were old small courtyards, or they were new houses that had just been built in recent years.

As for the old small courtyards, manager Sun did not need to ask much to know that young master Lu would never accept them.

Because that kind of house was dirty and old, young master Lu would never agree to let President Jiang and president lu live in that kind of house.

If he bought that kind of small courtyard, he could demolish it and build it again. The money he spent on it wouldn't be much cheaper than buying that kind of single-family villa. Moreover, he would need to spend time to build the house, and it would take a lot of time and effort to renovate it from the inside out.

"Young master Lu, there are many single-family villas in this area. I can ask someone to find out who is going to sell the houses here recently," manager Sun answered decisively.

Lu Xingzhi grunted in gratitude. Just as he was about to speak, his phone suddenly rang. He looked and saw that it was a call from Gu Haoyu who was overseas.

"Third brother, you are in Nanjiang City right now, right?" At this moment, Gu Haoyu was pushing his luggage and standing in the airport lobby of Nanjiang City.
