

## Chapter 661: Ou Luoxi, It Has Been Such A Long Time Since We Last Met

Xia Xiaofu was born to a somewhat wealthy family. Her parents were from the upper class in T City, and she was the only daughter at home. She has been pampered since she was young.

When she was 16, because she was casted by the drama production crew due to her almond shaped face, smooth complexion, and pure aura, she participated in an extremely popular Wuxia drama and was known as the “Fairy Older Sister.”

After that, she did not act too much. She was accepted to the best university in the country and majored in the Chinese language, her favorite. She was honoured with double PhDs. Not only was she the beauty of the school and a talented figure, but her glow as the “Fairy Older Sister” gave her a mysterious and elegant golden halo. She would regularly be invited to international fashion shows and often received invitations from well known directors.

By the time she was 22, everyone looked up to her. The people who were chasing after her could line up to the Huangpu River, but she recently met a boy, Ou Luoxi.

This Ou Luoxi did not even look at her, and he made her feel like a failure.

There was a time during Ning Qing’s production when she had a kiss scene with Ou Luoxi. He was unwilling to cooperate. After that, inside the changing room, she was daring as she kissed him without wearing a top. They acted out a scene that consisted of an inexperienced and blurry first kiss, and now, when Xia Xiaofu thought about it, she felt that her entire face was still burning. How could she...have been so shameless back then.

It was the Oscars prize presentation ceremony today. It was a gathering of many big shots. Because she had acted in Ning Qing’s <Journey of Love>, she and Ou Luoxi were both nominated for Best Actress and Best Actor respectively.

“Goddess Xia, please come over and have a seat here.” The female usher welcomed Xia Xiaofu to the prize presentation hall.

“Thank you.” Xia Xiaofu sat down.

There were other artists whom she was familiar with in the front and back rows. Xia Xiaofu greeted them, but her gaze constantly snuck at the sign placed on the chair by her side. The sign had two big words — Ou Luoxi — on it.

Both of them were nominated because of Ning Qing’s <Journey of Love>, so being seated together was expected.

Xia Xiaofu tugged the hem of her dress with both hands. Why was he still not here?

Ever since they’d kissed in the changing room, she had not seen him.

At this moment, there was a stir that was by the side of the door, and a tall and handsome figure walked over.

Xia Xiaofu cast her gaze to the side to have a look. Ou Luoxi was here.

Ou Luoxi was dressed in a white shirt and a pair of black slim cut trousers. It was extremely formal for an awards ceremony. His hair had volume around his fringe, and he looked both fashionable and handsome.

The female usher's face was red, and she did not dare to look into his eyes. She only lowered her head down as she led him over.

Xia Xiaofu looked at him. His beautiful and sparkling eyes also glanced over at her. Xia Xiaofu's heart leaped, and there was a sweet and beautiful smile on the corners of her lips. She was about to greet him.

But, Ou Luoxi did not have an expression on his face and turned his gaze to the side as he ducked away before he sat down by her side.

Xia Xiaofu: "..."

She was furious as she kneaded her small fists together. What did he mean by this?

After kissing her, he did not even want to acknowledge her now?

That was her first kiss. She gave her first kiss to him, and he did not say anything after that. He also did not take the initiative to contact her, and now, after meeting her, he treated her as a stranger as he glanced at her.

Bad person!

Xia Xiaofu cursed him softly inside her heart.

The person by her side did not say a single word. Although both of them were seated together, they intentionally maintained some distance and did not touch each other, Xia Xiaofu secretly turned her head to look over at Ou Luoxi. This boy was very handsome, and every time she looked at him, she would be captivated.

She was very captivated.

His features were not as masculine and strong as other men, but every stroke and every curve was exquisite and beautiful. He had handsome and good looking brows. His tall nose bridge, especially his light pink thin lips, they were supple and sparkling, and he was totally more beautiful than a girl.

He was the top young star in the country. He lived up to the title completely.

Xia Xiaofu looked at him for a moment, and the anger inside her heart dissipated. Who asked him to be someone without any expressions? He did not smile at anyone either.

Forget it/ He did not do it to her exclusively.

Xia Xiaofu curled her small lotus-like lips before smiling and saying, "Ou Luoxi, how are you? It has been such a long time since we last met."

Ou Luoxi did not bother with her, and he lowered his gaze down to play with the phone in his hands.

Xia Xiaofu did not give up. She took the initiative to get closer. She raised her small head up to look at his phone. She wanted to have a look at what he was doing while he ignored her.

The moment she had a look, he was...playing a game.

"Are you playing Beasts? I know how to play this game." Xia Xiaofu was very excited in an instant as she said, "Aiya, someone is attacking you. Quickly use the tools..."

Xia Xiaofu stretched her small fair fingers out to tap his phone, and she helped him play.

"Look, I defeated the enemy already... Ou Luoxi, what is the name of your account? Let me have a look. After I go back, let's form a team to play together. We can even get married here. I think that it is pretty good for us to get married, and all of them will give us red packets..." Xia Xiaofu spoke as she stretched her hand out to tap his account.

The girl by his side was merry and could not stop chatting. She even pressed his phone as she pleased. Ou Luoxi stood up straight and turned his gaze to the side as he said, "Oy..."

Upon hearing him speak, Xia Xiaofu raised her head up and said, "Ah?"

Her small face was right in front of him. Her small, egg-shaped, palm-sized face... Her skin was fresh, supple, and extremely moist. Her features were delicate and pretty, and her almond shaped eyes were sparkling as they moved around.

Her expression was in a daze. Because she was in an extreme daze, it made the 22 year old girl look cute and innocent, and she blinked her large eyes as she looked at him.

Ou Luoxi looked downwards at her small lips. He did not have an expression on his face as he averted his gaze, and he stared at her hands.

It was only then that Xia Xiaofu realized that her posture was very bad. Her entire being was slanted towards his side, and both of her slim arms were on his elbows. She also had not asked for his approval and ended up using his phone without his permission.

"Sorry." Xia Xiaofu took her hand back like a bolt of lightning.

Ou Luoxi did not say anything.

Xia Xiaofu was awkward as she perspired. Every time she met him, she would always go close to him. Did he have a... bad impression of her?

There were not many female celebrities in the entertainment industry who were clean. It was very easy for others to think of something else.

Xia Xiaofu was very frustrated. The emcee stepped onto the stage, and the awards ceremony was officially beginning.

Without any surprise, the Best Actor and Best Actress awards were presented to Ou Luoxi and her.

Both of them went on stage to receive their prizes separately before they gave their thanks in a speech and went back to their seats.

The other celebrities congratulated them. Xia Xiaofu was polite as she replied to them. Ou Luoxi's expressions were calm, and he received their congratulations calmly. The other celebrities were also not surprised. Everyone knew that Ou Luoxi was someone who did not have too many expressions.

The emcee announced the winners of other prizes then. Xia Xiaofu sneakily told Ou Luoxi, "Ou Luoxi, congratulations."

Ou Luoxi looked at the large screen on the stage and said, "Thank you."

And he did not say anything else.

Xia Xiaofu glanced over at him. Her face was blushing as she said, "Ou Luoxi, actually, you can also congratulate me."

She congratulated him. To be polite, he should also congratulate her. He did not take the initiative, and she had no other choice but to ask for it.

But, Ou Luoxi did not say anything for a long time.

The red blush on Xia Xiaofu's face retreated away. She turned her gaze over to look at him. He was leaning back in the chair. Both of his hands were on his waist as he looked over at the large screen. He raised his head up, and his sharp jaw looked somewhat arrogant.

Xia Xiaofu was extremely angry, and she immediately stretched her foot out to give him a kick.

Ou Luoxi immediately turned his head back and looked at her.

Xia Xiaofu let out a snort. "Hmph!" She turned her head away and left him with the back of her head that looked even more arrogant.

Who didn't know how to be arrogant?

Bad person.

...

After the ceremony was over, Xia Xiaofu accepted a short interview. She took a few pictures, before taking the lift together with her assistant Xiao Li. Xiao Li was happy as she said, "Xiao Fu, you were awarded the Best Actress award today. Everyone is asking for you to organize a celebratory party. Let's go. Let's go and drink!"

Xia Xiaofu pondered for a moment. Her mood was ruined by Ou Luoxi. It would be good for her to go drink and relax. She replied, "Okay, let's go."

Both of them walked over to the private room of the bar.

The private room was filled with staff from Xia Xiaofu's team. Everyone cheered Xia Xiaofu with alcohol. Xia Xiaofu took juice instead of alcohol. She did not know how to drink, but everyone was having a good time.

In the midst of all this, Xia Xiaofu went to the bathroom.

She used some clean water to wash her face. Xia Xiaofu stepped out of the bathroom. She walked along the corridor and planned to bid farewell to the people inside the private room. It was time for her to go home.

But something appeared in her line of vision. A Tibetan Mastiff suddenly appeared in the corridor.

It was Xia Xiaofu's first time seeing a Tibetan Mastiff. The dog was bulky and huge, and it had sharp teeth. Its fur was golden. There was a red metal chain that was on its neck, and the moment she had a look at it, she knew that its owner treated it precious.

Xia Xiaofu was scared, and her legs went soft. She heard that a Tibetan Mastiffs are an extremely fierce animal. A single bite could kill her.

Xia Xiaofu turned around and left. Actually, both the entrance of the private room and the bar was in front, but she did not dare to do so. She was afraid of crossing paths with the Tibetan Mastiff, and she was afraid of getting bitten. She had no other choice but to go back into the washroom.

She quickly headed back, but after she took two steps, she realized that something was not right. The Tibetan Mastiff was following closely behind her.

Xia Xiaofu found that she could not breathe anymore, and she quickened her footsteps.

But, the Tibetan Mastiff also quickened its pace.

Xia Xiaofu could not help herself and shouted out loud, "Ah!".

The Tibetan Mastiff came over, and Xia Xiaofu was shocked as she quickly used both of her hands to protect her own small face. She thought that the Tibetan Mastiff would bite her. The Tibetan Mastiff did bite her, but it only bit the hem of her skirt.

Xia Xiaofu panted heavily. Did her body hurt? It seemed that she was not in pain.

She secretly looked through the weaves of her fingers to have a look. The Tibetan Mastiff bit her skirt and used force to tug it down as if it was having a fun time.

Xia Xiaofu noticed that it was kind of friendly, so she shivered as she negotiated with it. "Don't bite my skirt. I will give you something else..."

"Woof." The Tibetan Mastiff barked at her and continued to bite her skirt.

After that, Xia Xiaofu felt a chill on her leg. Her skirt was ripped by the Tibetan Mastiff.

Xia Xiaofu wanted to cry but did not have any tears. She secretly took her phone out and was preparing to call for help. At this moment, the door of the private room in the front opened up. A tall and lanky figure walked out of the room.

The person scanned his surroundings before looking over in her direction. He pursed his lips before unhappily saying, "Little Fourth, come over!"

Xia Xiaofu raised her head up to look. She was very familiar with that person— Ou Luoxi!

The weight on her thigh went away. The Tibetan Mastiff turned around and ran away in a gust, and it obediently returned back to Ou Luoxi's side.

Ou Luoxi glanced at Little Fourth. Little Fourth barked as if it had been wronged, and he laid down by the side of Ou Luoxi's legs.

Yin Shuiling got what was going on. This Tibetan Mastiff belonged to him!

Ou Luoxi raised his gaze up to look over at Xia Xiaofu. He gently pursed his thin pink lips together before he asked, "Are you okay?"

Xia Xiaofu was not happy as she said, "Have a look yourself?"

He put her in an extremely bad mood, so she came over here to drink and relax. The end result was she was bitten by his Tibetan Mastiff, and she was shocked as she broke out into a cold sweat entirely. Could she be okay right now?

#### **Chapter 662: Xiaofu, Is There A Boy You Like Now?**

After he felt the girl's anger and the fire that was coursing through her body, Ou Luoxi glanced over at her, and he turned around before he left.

Xia Xiaofu was flabbergasted. What did he mean by this?

He was not worrying about her, and he was just leaving?

"Oy, Ou Luoxi!" Xia Xiaofu's eyes were all red. She quickly lifted her slim legs and ran forward. She stretched her slim arms out to block him, and she stared at him with her wet eyes as she said, "Ou Luoxi, your...Little Fourth bit my clothes and damaged them. Have a look yourself. Could you actually plan to leave just like this?"

Xia Xiaofu tugged the hem of her skirt that had been bitten by Little Fourth.

Ou Luoxi looked downwards. She'd changed into a small pink sleeveless shirt. There was a small pink mermaid style skirt on the bottom. She looked like a wealthy girl in her suit, and it made her figure look curvy and attractive.

The pink skirt was very short, Little Fourth had bitten a corner of her skirt, and there was a rip in it. She was agitated as she used her fingers to pinch the damaged part of her skirt and showed it to him. She did not notice that her entire thigh was exposed at all, and the split of the skirt was all open. He could somewhat see a thin strap beneath her safety shorts.

Ou Luoxi instinctively straightened his waist. He had changed into a white checkered round neck shirt. He had a pair of grey baggy pants on bottom, and he looked extremely fashionable.

Because the pants were very baggy, there was a large arc that was propped up inside his pants that could not be seen clearly, but he had a frown on his face and felt very uncomfortable. Her skin was fair,

and she was still wearing high heels. No matter how he looked at her, she looked extremely sexy but off limits.

He forcefully averted his head over to the side before softly saying, "I will get someone to send a set of clothes over for you."

He turned to the side and wanted to leave.

"You are not allowed to leave!" Xia Xiaofu puffed her cheeks up as she looked at him angrily. She went on her tiptoes to block his path. "I don't want your clothes; I want you to apologize."

The girl blocked him, and both of their bodies were against one another. Ou Luoxi had a whiff of the sweet fragrance on her body. Actually, her chest was straightened upright, and that gentle softness was nudging against the material of his upper body.

Ou Luoxi's head felt painful. He was at a loss for what to do. He'd never interacted with a woman before, and the only girl that he interacted with was Ning Qing, but Ning Qing was elegant and graceful. She would not bother him and hang onto him like Xia Xiaofu.

He did not have any experience. He did not know how to interact with her at all.

He was 19 years old when he was first exposed to humans. The first time he did so was in the Ou family. The Ou family, to him, was cold and hurtful in his own opinion. After that, he understood that humans were the most dangerous and cruel species on earth.

He was unwilling to interact with others because if he did not interact with them, there would be no damage.

He did not want to get hurt.

But in his line of vision, this girl had barged inside. She would cry in front of him. She would teach him...how to kiss. She'd even given him a kick today, and now, she was standing in front of him and not allowing him to leave. He was at a loss for what to do.

Especially with his biological reaction, he found it very alien. This kind of feeling was out of his control, and he did not like this feeling at all.

But this kind of reaction has occurred for the second time already.

The first time was in the changing room.

Both of them were frozen, and the door opened. Two extremely drunk men were walking in their direction.

Ou Luoxi had a glance at her thighs before stretching his hand out to hold onto her slim waist, and he pressed her against the wall. He used his body to block her exposed skin.

Xia Xiaofu did not expect that he would take the initiative to hug her, and the boy was very tall. He seemed to be 1.85m, and he pressed himself against her. It was very easy for him to give her a feeling of safety.

Xia Xiaofu's anger inside her heart completely disappeared. She tugged his clothes with her small, fair hand. She was upset as she said, "Aiya, Ou Luoxi, what are you doing?"

At this moment, the two drunk men walked behind them, and one drunk man said in his drunken stupor, "Have a look, these two people's back profile seem to be so familiar. They seem to be...to be...Ou Luoxi..."

"I think you are right. Is he pressing against...Xia Xiaofu?"

"Oh my gosh."

Ou Luoxi heard their conversation, and he looked at Xia Xiaofu's sparkling almond-shaped eyes as he said, "Hug me."

"Yeah?" Xia Xiaofu did not understand what he was saying.

Ou Luoxi lowered his head immediately, and he kissed Xia Xiaofu's red lips.

Xia Xiaofu immediately froze.

At this moment, both men shook their heads, and they swayed from one side to another as they headed towards the bathroom. "I think we have seen it wrong, how could Ou Luoxi and Xia Xiaofu be kissing here?"

"That's right. They are probably an ordinary couple... Xia Xiaofu is the fiancée of the oldest Young Master of the Ou family. A normal man would not dare to hit on her... Furthermore, Ou Luoxi is the Second Young Master of the Ou family, Xia Xiaofu's brother-in-law..."

Both men walked into the bathroom.

Xia Xiaofu heard everything. It was only then that Xia Xiaofu understood why he asked her to hug him, and she knew the reason that he kissed her. Both of them were celebrities. As long as there was a tiny scoop, it would reach the headlines of the entertainment news.

Ou Luoxi debuted as a young, innocent boy. Over the past three years, with his spectacular acting, his exquisite exterior, and his clean private life that did not have any hint of romance at all, he has attracted a large group of fans. There were millions of fans on Weibo who called themselves his harem. The moment he had news of being in a romance, those fans would totally break down.

And she was Ou Ze's fiancée, his sister-in-law. Both of their identities were sensitive and awkward, and now, if the scene was leaked, the impact would be extremely large.

Yin Shuiling felt all of her blood cool down. Between her and him, there were still many problems in reality.

She blinked with her long eyelashes, and at this moment, the gentle warmth on her lips disappeared. Ou Luoxi let go of her.

Xia Xiaofu stood up straight. She stopped throwing a tantrum. Her small face still became hot again. He kissed her, but he was very gentlemanly. He did not take advantage of her and only covered her lips with his.

As her face turned hot, Ou Luoxi walked away.

She thought that he'd really left, but Ou Luoxi only went back to his own private suite, and he came back out very quickly. There was a long thin coat in his hands.

He handed the large coat over to her. It was obvious that he did not speak on a regular basis. His voice was very awkward, but his tone was pure and enchanting as he said, "These are my clothes. You can put this on. Also, I apologize on behalf of our Little Fourth."

Yin Shuiling did not try to be coy. She put on the coat that he handed over onto her before she shook her head. "It's fine."

Ou Luoxi looked at her. He did not say anything further. He turned around and left, Little Fourth wagged its tail as it followed behind him.

Xia Xiaofu sent his sharp, handsome back profile off with her gaze until he disappeared, then she held the coat more firmly against her body. She drooped her head to have a whiff of the scent on the coat. It was very clean and warm.

A hint of a smile appeared on the corners of her lips.

...

Xia Xiaofu returned home. Her mother had yet to go to bed, and she said, "Xiaofu, you are back?"

"Mum, why are you not asleep yet? Where is Daddy?" Xia Xiaofu changed her shoes and walked into the living room as she removed the coat that she was wearing.

"Your Dad went to sleep. I was waiting for you to come back." Xia Xiaofu's mother had a benevolent expression on her face as she looked at her daughter, and she said, "What's wrong with your clothes?"

"Oh. My skirt was...bitten by a Tibetan Mastiff."

"What? Were you injured? Let Mummy have a look."

"I am fine..." Xia Xiaofu shook her head, and when the Tibetan Mastiff was brought up, she thought about the owner of the Tibetan Mastiff. Xia Xiaofu had a bright smile on her face as she said, "Mum, that Tibetan Mastiff was probably...interested in me. If not for that, there were so many people around, it did not choose to bite anyone else, but it wanted to bite me."

Xia Xiaofu's mother looked at the delighted expression on her daughter's face as she said, "Xiaofu, is the coat that you are wearing Ou Ze's?"

"No."

Both mother and daughter sat down on the sofa. Xia Xiaofu's mother softly said, "Xiao Fu, why have you been so weird recently? Tell Mum honestly, are you..."

“Mum.” Xia Xiaofu held onto her mum’s elbow lovingly as she said, “I think I want to break the engagement between me and Ou Ze.”

Her mother was extremely shocked as she said, “Breaking off the engagement? Have you thought about it carefully? Did you bring it up with Ou Ze?”

“I have thought about it carefully. I have also brought it up with him, but Ou Ze always thinks that I am joking around with him. He does not agree to it.”

Her mother let out a sigh and said, “Xiaofu, ever since you were young, Mum and Dad did not object to anything that you have done. We respect you. To be honest, two years ago, when you chose to get engaged with Ou Ze, both your father and I did not really agree to it. Ou Ze is not a simple person, and you are too simple in your thinking. You two are not suited for one another. Actually, your father and I never understood. Our Xia family and the Ou family can be considered to be friends for generations. Ou Ze has wooed you since he was young, but for those ten years, you did not even glance at Ou Ze. You used to ignore him chasing you, when the year you were 19, after you came back from the field trip with your classmates, you suddenly agreed to dating Ou Ze and even got engaged to him. Xiaofu, tell Mummy: what exactly happened during the field trip that time?”

Upon bringing up that field trip, Xia Xiaofu started to reminisce, and she said, “Mum, that time I went on a field trip with my classmates, but in the midst of the trip, we lost our way. My classmates and I were separated from one another. I walked into a forest by myself. At that time, I was so afraid, and a wolf that suddenly rushed over to me. I fell down onto the ground, and my head hit a rock. My head felt blurry. I thought I was going to be eaten, but at that moment, someone rushed over. He chased the wolf away and saved me.

“My wound got infected, and I was having a low fever. I did not know where I was. I was in a blur as I felt someone taking care of me. At that time, I, I...” Xia Xiaofu’s voice started to stutter. Her small face was also red, and she jumped over that part and said, “At that time, I made a decision to marry this person.

“After that my fever subsided, and I could open my eyes. The first person I saw was Ou Ze, and it turned out that it was Ou Ze who saved me. He could sacrifice his own life just to save me, and for those few days, he took care of me. I felt as if I was falling in love, so I agreed to date him, and after that, we got engaged.”

Xia Xiaofu’s mother listened silently. Her own daughter was stuttering during the middle, and she did not probe her further. Something that her daughter could decide to get engaged with Ou Ze in the mere time of a few days, something must have happened, and it was probably something that her daughter found hard to express with words due to embarrassment.

After all, at that time, Xia Xiaofu was only 19 years old.

“Xiaofu, since Ou Ze treated you that well... Over the past two years, we have also seen him treating you extremely well. He cherishes you precious and is afraid that you would be hurt, so why are you breaking up with him right now?”

“Mum, over the past two years, I have always worked hard to find that feeling that I once felt at the start, but I kept searching for it. I worked very hard to like him, but I really do not like him.”

“Xiaofu,” Her mother grabbed onto Xia Xiaofu’s small hand and said, “Have you met someone you like now?”

Xia Xiaofu’s heart skipped a beat. She had not thought about how to tell it to her mother. Her mother was so sharp and said it out loud. She was taken aback and said, “Mum, how did you know?”

Her mother shook her head and said, “You know that you do not like Ou Ze anymore. That is because you have finally known what it is to like, Xiaofu. There’s a boy whom you like.”

### **Chapter 663: He Was Kissed By An Another Girl**

The boy that you like...

Xia Xiaofu buried her small face into the crook of her mother’s elbow. She acted cute as she said, “Mum, I think I have...in fact...fallen in love with a boy, but he does not like me....’

Her mother was surprised. She replied, “There’s a boy who doesn’t like our Xiao Fu?”

“That’s right.” Xia Xiaofu unhappily pouted her small lips as she continued, “He just doesn’t like me. He doesn’t look at me and also does not speak to me. He is cold and arrogant in front of me, but, but I think I am falling in love with him even more though. He has totally stirred up my desire to face this challenge.”

Xia Xiaofu was full of energy as she spoke.

Her mother looked on as her daughter’s face was like a flower in full bloom, and she knew that her daughter truly liked that boy very much. She asked, “What is that boy’s name? Tomorrow, I’ll ask your father to look up his family background. You are the only Young Miss of our Xia family. Dad and Mum would not marry you off to just anyone.”

“Mum, nothing is confirmed between us yet. I will not tell you first. You two should not get involved at this time. Others might think that I can’t wait to marry him.” Xia Xiaofu ran upstairs as she spoke.

Her mother laughed and said, “This child...”

Actually Xia Xiaofu was thinking on her own behalf. Ou Luoxi had a special background. If she told her parents honestly, her parents would probably object.

She would take charge of her own feelings. It was true that there were many problems in reality between her and Ou Luoxi, but these were not too major. The most important thing was...that he did not like her!

No matter what she thought, it was all useless.

Xia Xiaofu was frustrated. Ever since she was young, every boy she's met has liked her. She had never taken the initiative to chase after someone, and now that Ou Luoxi was being so difficult to handle, what did she have to do to make him like her?

Xia Xiaofu went to her room. She lay down on the large, soft bed. She held onto Ou Luoxi's black coat that he'd given her before covering her small face with it. "Hehe!" She was just like a fool as she hugged the coat as she rolled on the bed, and she was secretly delighted all by herself.

...

Xia Xiaofu flew over to Milan to participate in Fashion Week. Many attractive female celebrities walked down the red carpet. Xia Xiaofu was dressed in a sleeveless feather goddess-like dress as she walked down the red carpet. Her makeup was light and exquisite, and she had a special aura to her. Xia Xiaofu easily made a name for herself among the actresses that were dressed in cleavage and back-baring attire.

As one journalist said, there was never a lack of beautiful women, but a woman as pretty as a fairy, Xia Xiaofu was probably the only one in the country.

The number 1 goddess in the country, Xia Xiaofu easily gained the title and never let it go.

She walked down the red carpet. The leading designer of the Fashion Week, Elsa, came over to welcome her personally. "Xiaofu, we welcome you here."

Xia Xiaofu always had a powerful position in the fashion industry. As a woman, to be in her position, she had beautiful features and a curvy figure. Even if she wore a cotton sack, those netizens would loudly scream that she was "so beautiful." She's attended Fashion Week many times, and she was also personal friends with many of the leading designers.

"Elsa..." Xia Xiaofu opened her slim arms up and gave Elsa a friendly hug.

They started to chat with one another. Xia Xiaofu had a look at the red carpet as she asked her, "Elsa, who is the Chinese ambassador of Fashion Week this time? I don't think I've seen the most important guest debut on the red carpet yet." Elsa had a look at the watch on her wrist as she said, "This person will probably be here soon. Xiao Fu, you know him. You worked with one another a while ago, right?"

Just worked with him...

Xia Xiaofu thought about someone in that instant.

At this moment, screams rang out from all directions. A tall and lanky figure appeared on the red carpet.

Xia Xiaofu raised her eyes to look over. She'd guessed correctly; it was Ou Luoxi.

Ou Luoxi was dressed formally today. He matched a white shirt with a black tie and had a pair of black trousers on the bottom. It made his long legs look extra eye-catching.

The moment he appeared, everyone went berserk. Those passionate and cheerful Chinese fans could not stop rushing towards the front. If not for the presence of the security team, the situation would probably be out of control.

Ou Luoxi still did not have an expression on his face. His face looked cold. He took a few steps down the red carpet and would stop to let the journalists take pictures of him. Xia Xiaofu looked at him and could not help but admit that no matter whether it was his exquisite and beautiful face or his long and handsome figure, he did not have a bad angle at all.

The other female celebrities all looked lacklustre after his arrival.

Elsa laughed and said, "Xiaofu, this is the hottest young star in China right now, I have really heard so much about him and nothing can beat seeing him in the face, this Ou Luoxi stole the spotlight of other male celebrities, but he also dominated over the rest of the other female actresses."

"Is Ou Luoxi the Chinese ambassador of Fashion Week this time?" Xia Xiaofu asked her.

"Yeah, we started to invite him last year, and it wasn't until this year that his manager gave a reply. This 22 year old Ou Luoxi, who's been crowned Best Actor twice already, his attitude is just like a superstar."

Elsa's sounded like she was complaining. She probably had to spend a lot of effort to get Ou Luoxi to come. Xia Xiaofu winked cheekily, and she had a smile on her face as she said, "He has no choice, right? He is so famous."

Elsa heard what she said and raised her eyebrows up immediately before understanding what was going on, then she broke out into a smile.

At this moment, Ou Luoxi's red carpet event ended. The organizer of Fashion Week, David, personally came forward to welcome him. David was speaking, and an assistant by Ou Luoxi's side helped him translate.

Elsa held Xia Xiaofu's hand as she said, "Let's go. Let's go over to say hi."

"Okay."

Elsa brought Xia Xiaofu over and said, "David, let me introduce you. This is Xia Xiaofu."

David looked at Xia Xiaofu, and he was immediately alarmed as he said, "Oh, it turns out that it is Goddess Xia. It is a pleasure to meet you. It is a pleasure."

Xia Xiaofu greeted David before raising her gaze up to look over at Ou Luoxi. She had a sweet smile on her face as she said, "Hi, Ou Luoxi. It is such a coincidence to be meeting you here."

Ou Luoxi looked at her calmly. He nodded his head and did not say a word.

Xia Xiaofu was already used to it.

"Daddy..." A young girl dressed in a red dress was extremely excited as she ran over. The young girl held onto David's hand, and her sparkling eyes were bright as she stared at Ou Luoxi. "Daddy, I heard that Ou Luoxi was here. Why did you not introduce him to me?"

The young girl pushed David.

David was extremely loving and broke out into a smile before he said, "Luoxi, this is my daughter. She is your biggest fan. Your posters plaster her room. When she heard that you were coming today, she snuck out of school to come here. Could you give her your autograph?"

The young girl quickly took a pen out from behind her, and she stood by Ou Luoxi's side. Her eyes were extremely innocent as she looked at him, "Ou Luoxi, please give me your autograph; I really like you very very much."

Xia Xiaofu listened to the coy tone of the young girl. She did not know why, but her heart immediately felt uncomfortable.

She looked over at Ou Luoxi and only saw Ou Luoxi looking at that young girl. He did not move, and at this moment, the assistant by his side laughed awkwardly and subtly reminded him, "Luoxi..."

Everyone understood what the assistant was trying to say. This was David's Young Miss.

Ou Luoxi took his hand out of his pocket before taking the pen from the young girl's hand and asking, "Where do you want me to sign?"

The young girl was extremely excited and was about to leap up. She stretched her small elbow out and said, "Sign my elbow. I want to tattoo this signature."

Ou Luoxi did not say anything, and he lowered his head to sign.

The young girl looked at Ou Luoxi's beautiful, exquisite face. She was so smitten that she was about to drool. He was almost done with his signature. The young girl took the chance, and went on her tiptoes to get close to Ou Luoxi's cheek and give him a kiss.

Xia Xiaofu saw the young girl kissing Ou Luoxi, and her irises contracted drastically.

Ou Luoxi froze for a second before turning his gaze over to the side to look at the girl. He still did not have an expression on his face, but his eyes had an unhappy glow in them.

The young girl quickly ducked behind David as she snickered happily.

David immediately said, "Haha, Luoxi, don't mind her. My daughter is only 18 years old. She likes you, so she kissed you sneakily just now. I will teach her a proper lesson after we get home."

The assistant quickly added, "It's fine, Mr. David. It is also Luoxi's fortune to be liked by Young Miss. It is merely a kiss. It is not something big."

David was satisfied and broke out into a smile as he said, "Luoxi, I am throwing a banquet tonight. Goddess Xia is also around. I will introduce you to some bigshots."

David had wide connections, and the big shots, by his definition, were probably directors and producers known worldwide. If Ou Luoxi had the chance to get to know them, his debut into overseas market was probably going to happen soon.

Xia Xiaofu admitted that this was a very good chance, but was there such a thing as a free lunch in this world?

David's daughter was absolutely smitten with Ou Luoxi, and now that she'd just kissed him, she might pounce onto him the moment the banquet ends.

Xia Xiaofu's heart felt as if it'd been covered in ants, and she felt very uncomfortable. She was always very clear about the under-the-table dealings in the entertainment industry. Not only the female

celebrities, but those male celebrities were willing to do anything to be famous too. To be frank, male celebrities making use of their bodies was something that both parties would benefit from, and the male celebrities were never on the losing end.

Xia Xiaofu looked over at Ou Luoxi. What would he choose to do?

After seeing him get kissed, she was already very angry, and now, if he agreed to attend the dinner banquet, then she would decide not to like him anymore.

He was not worthy of her love.

The assistant was already jubilant as she said, “Mr. David, that’s great news. Our Luoxi will definitely attend this dinner banquet...”

Xia Xiaofu’s entire heart sunk completely. She drooped her small head. Did he agree to attend? At this moment, a pleasant and charming voice rang out in the air. “I have something going on tonight.”

Xia Xiaofu froze before raising her head up to look at him. Ou Luoxi said one sentence. He did not look at anyone. He put one hand in his pocket as he turned around and left.

The assistant and David: “...”

Xia Xiaofu looked at the boy’s lonely but firm back profile. This was her first time thinking that he was so handsome, although he was being arrogant.

...

During the night, there was a lavish buffet spread laid out by Fashion Week for the distinguished guests. Xia Xiaofu was present.

Xia Xiaofu looked at the assortment of desserts and food. She was extremely hungry. She took a plate to pick the food that she liked.

She picked a piece of steak and went back to her seat. She took the fork and knife to slice it up. There were a few young and beautiful Korean actresses seated by her side. The female celebrities were chatting in Korean —

“I heard that the Chinese ambassador for Fashion Week this time is Ou Luoxi. He also appeared last during the red carpet ceremony. Did you all see him?”

#### **Chapter 664: Don’t Cry Anymore**

Xia Xiaofu head ached. Why did everyone criticize her no matter where she went?

He always had the spotlight.

Xia Xiaofu suddenly thought about the time they were backstage during a prize award ceremony. There were a few Korean actresses gossiping about her, and she even got into a fight because of him.

This was expected. Korean and Chinese celebrities could be said to have a close working relationship. There were so many Korean actresses who went through plastic surgery and came to China with a full

face of plastic to earn money. It did not stop there; a celebrity's popularity could be seen in both countries' headlines.

Xia Xiaofu felt uncomfortable, and now, as she listened to those women talking about him, she felt more uncomfortable.

The person she liked, why did so many people like him?

This kind of feeling was akin to her thing being targeted by others.

The few female celebrities were still chatting happily —

"All of us saw it. When he came out, the applause was so loud. Even if we did not want to take note, it would be very hard."

"Ou Luoxi is really so handsome and so beautiful. He looks even better in real life. No wonder there are so many female fans that are crazy over him. He is even prettier than a girl."

"But I realized that his expressions are really cold. He doesn't say anything."

"Did you all notice? There is a translator by Ou Luoxi's side, he is not saying anything and is also not socializing with others... Does he not know how to speak English?"

"I don't think so. Even middle school students start learning English nowadays. What celebrity would not know how to speak English?"

"Bringing up this topic, I think I have yet to hear anything about Ou Luoxi's qualifications. Did he not go to school?" ...

The Korean actresses were surprised, and they were a little mocking as they spoke.

In the entertainment industry, there were many young handsome actors that used their youth and faces, but they could not last long, and only those actors with backgrounds and qualifications would get the respect of others.

People are judgemental.

Xia Xiaofu swallowed the mouthful of beef she was chewing before she looked over at those Korean actresses. She had a smile on her face as she spoke.

The Korean actresses all looked over at her. All of them recognized Xia Xiaofu, and one politely said, "Goddess Xia, what did you say just now? We did not hear it clearly."

"Oh." Xia Xiaofu put the fork in her hand down before she stretched her hand out to flick her long luscious locks as she said, "I spoke in Mandarin. Didn't you all understand me?"

The female celebrities were stumped.

Xia Xiaofu took the fork up and continued to slice her steak elegantly as she said, "I thought that all of you liked to gossip so much because you all were so well educated in many foreign languages. It turns out that you don't even understand Mandarin, so how are you not embarrassed?"

"You!" The Korean actresses had an awkward expression on their faces. They wanted to retaliate, but when they saw the haughty expression on Xia Xiaofu together with her elegant demeanour, they did not know how to do so.

Xia Xiaofu was well known for being extremely talented. Not only that — she was also well versed with many foreign languages. She totally had the right to mock them.

"Hmph, let's go!" The Korean actresses were furious and left in a huff.

Xia Xiaofu sat there elegantly, and she waved her hand, smiled, and said, "Bye bye."

One Korean actress turned her head back to glare at Xia Xiaofu. There was a sinister glow in her eyes. This woman was being way too arrogant. She had to teach her a lesson.

The Korean actress gave an indication to the waiter inside the restaurant using her gaze, and the waiter nodded his head silently.

...

After chasing those women away, Xia Xiaofu's ears felt free and clean now. She was casual and relaxed as she ate her steak. At this moment, a waiter came forward, and he politely said, "Miss, do you want something to drink?"

Xia Xiaofu had a look at the tray that the waiter was holding. There was a glass of red wine on it.

Actually, she really could not drink alcohol. She could not take alcohol at all. She would get drunk, even from red wine, but most women did have an affinity for red wine. Red wine had the benefit of giving radiant skin. There were some times when she could not control herself and took a sip, but it was only in her home, and she would only take a mouthful and go to bed.

Xia Xiaofu started to feel tempted. She stretched her hand out to take a glass of red wine as she said, "Thank you."

"It's nothing." The waiter had a glance at Xia Xiaofu's small, pretty face. He glanced over at her chest before he lifted his heels up to leave.

Xia Xiaofu held her cheeks with a hand and used another hand to shake the glass of red wine. She thought about Ou Luoxi again. Why did he have to look so beautiful?

He was way too eye-catching.

Xia Xiaofu's mind went back to the scene where the girl kissed his cheek. She was still angry. How many young girls have kissed him in total?

Xia Xiaofu shook her small head before she took a small mouthful of red wine. She did not want to get drunk.

...

Xia Xiaofu did not get drunk, but her face slowly got hot. Her head started to feel blurry. Xiao Li sent her over to the hotel, and she took the lift by herself.

She walked along the corridor and brought her small hand to her hot face. She did not know it was her imagination, but she felt that her body was getting more and more hot.

She walked toward her room, and at this moment, she saw an extremely familiar figure. Xia Xiaofu rubbed her eyes. She did not see it wrong; it was Ou Luoxi.

Ou Luoxi stood at the bend in front, and he seemed as if he was unsure which room was his. He was looking at the sign on the wall.

But the words on the sign on the wall were written in English.

Ou Luoxi stood there and looked at the sign for a long period of time.

At this moment, a manager walked over. The manager was a foreigner, and he spoke fluent English. "Excuse me, can I help you?"

Xia Xiaofu noticed the boy straighten his body up before he shook his head.

The manager walked off into the distance.

Xia Xiaofu noticed the predicament and stepped forward. She walked over to Ou Luoxi's side. Her egg-shaped face was extremely red, and her head felt dizzy. Because of this, her elegant aura had a cheeky attractiveness to it as she stuttered, "Oy, Ou Luoxi, are you lost? Do you need me to help you?"

Ou Luoxi glanced over to the side to look at her. He probably noticed that she was not behaving normally. He glanced over at her for two more seconds, but he did not have an expression on his face as he stepped forward.

Xia Xiaofu quickly chased after him and said, "Ou Luoxi, I am really able to help you., as long as you tell me your room number."

Ou Luoxi did not bother with her.

"Oy, Ou Luoxi, after finishing Fashion Week, are you spending time all by yourself in the hotel room? Why are you not participating in the dinner banquet? Is it because you do not know how to speak English, so you feel embarrassed?"

Ou Luoxi paused, but he regained his normality in a second.

"Oy, Ou Luoxi, why are you always ignoring me? What is bad about me? I saw you smiling at Ning Qing. Isn't a friend's friend your friend also? Ou Luoxi, I do not care. I also want you to smile at me."

As she spoke, Xia Xiaofu tugged Ou Luoxi's right shoulder. She seemed to be extremely wronged and puffed her cheeks as she shook his elbow vigorously, and she seemed very childish.

Ou Luoxi quickened his steps and walked over to his room. He took his room card out from his pocket before he opened the door. He removed both of the girl's hands from his shoulders and said, "I am here. You can go back to your own room now."

Xia Xiaofu raised her head up to look at the room number. What? He found his own room?

She raised her heels up to rush towards the room as she said, "I also want to go in."

But she was unable to do so. Ou Luoxi shut the door immediately.

"Ay, Ou Luoxi!" Xia Xiaofu let out a shout. "My finger is stuck in the door."

Ou Luoxi's head hurt. He closed the door. He was extremely clear on whether her fingers were stuck in the gap of the door.

"Where did your fingers get stuck?" he asked her.

Xia Xiaofu used one small hand to cup the pinkie on her other hand. She handed it over to Ou Luoxi to look as she said, "Look, you crushed the door on me. My fingers are all red now."

Ou Luoxi looked at the pinkie that she'd handed over. Her hands were smooth and fair, and there was no sign of a red mark.

He really had not met such a brazen liar before.

He did not move or say anything. He just stared at Xia Xiaofu silently.

Xia Xiaofu noticed that he was not saying anything. She made use of her drunken emotions to start being cheeky. She closed her long eyelashes. When she opened her eyes again, the tears in her eyes flowed down relentlessly. She cried, feeling wronged as she said, "Ou Luoxi, you really closed the door on my finger. Say, what are you going to do now? You can't bully me like this, woo woo.."

Ou Luoxi: "..."

At this moment, there were a few people passing by the corridor. The people heard the sound of sobbing and turned their heads over to have a look. "Eh, that person seems to be Ou Luoxi. Who is that woman? Quick, take your phone out to snap a picture," someone said excitedly.

Ou Luoxi had a frown on his face before he stretched his hand out to pin down Xia Xiaofu's slim shoulders. He dragged her into his room and closed the door.

...

Both of them stood at the corner by the door. Xia Xiaofu lowered her long eyelashes down as she was still sobbing. Ou Luoxi stood in front of her, and he looked at the sparkling tears on her face. He directly said, "What do you want to do exactly?"

Xia Xiaofu stopped sobbing immediately, meaning — Why did you not say this earlier?

She raised her head up to look at the boy that was way taller than her as he stood before her. She pouted her pink lips as she said, "Smile for me to see."

Ou Luoxi: "..."

"You are not smiling right! Woo...woo woo..."

Ou Luoxi quickly admitted defeat and said, "Don't cry anymore."

“Then smile for me to see.”

Ou Luoxi looked at the girl’s sparkling and clear almond shaped eyes for a few seconds before he slowly curled the corners of his lips up.

He smiled.

Xia Xiaofu was immediately extremely delighted. He was normally cold and cool even though he was very handsome and looked better when he was smiling. Because there were two small dimples that were by his cheeks, he looked both gentle and warm when he smiled.

“Is it okay now?” Ou Luoxi stopped smiling very quickly and he stretched his hand out to open the as he said, “Can you go now?”

“Wait a minute.” Xia Xiaofu took her own phone out and handed it over to him as she said, “Press your number in for me. Thank you.”

Ou Luoxi really had not ever met such a girl that knew how to make use of a situation so well, and he did not move.

“You are not giving me your number, right? Then I...” Xia Xiaofu was about to cry.

At this moment, the phone in her hands was taken away by Ou Luoxi. Ou Luoxi entered his phone number before handing it back to her.

Xia Xiaofu was extremely delighted. She hummed out, “Is this real or not? Would you be bluffing me, let me call...”

At this moment, Ou Luoxi opened the door and pushed her out.

“Oy, Ou Luoxi!” Xia Xiaofu did not want to go, but she did not have any time to react. Bang! The door was shut before her eyes.

Xia Xiaofu listened to the melodious ringtone inside the room. She put her phone away. Okay then. She would not bother him anymore because he gave his number to her. Ou Luoxi, wait there. There will be a day when I’ll be able to win you over. Let me see how arrogant you’ll be then.

Xia Xiaofu was merry and hummed a tune as she went into her room.

### **Chapter 665: Can You Stay Behind To Accompany Me?**

Xia Xiaofu opened the door of the room and went inside. She used her small hand to support her forehead. She felt like fainting, and it was also very hot. She used her hands to do the buttons on her shirt.

At this moment. A soft sound rang out from behind her. She was alarmed. She turned around immediately, and the door was locked from the inside. There was a man standing by the side of the door.

“Who are you?” Xia Xiaofu was taken aback as she retreated. “Why are you in my room? What do you want to do?”

The man was a service worker from the restaurant. He got closer to Xia Xiaofu and had a cunning smile on his face as he scanned her curvy figure. "Goddess Xia, I have waited for you for a long time. What do you think a man and woman can do in a hotel room?"

Xia Xiaofu knew that she was in danger. This man was hanging around her room, and he was probably here to force himself on her.

Xia Xiaofu ducked towards the corner of the wall as she said, "Stand back. What do you want? Money? I will give it to you as long as you don't hurt me..." As she spoke she took her phone out and hid it behind her back. Her memory was very good. She could memorize the phone number that she'd just seen and dialed the number.

The man broke out into loud laughter. "Haha! Goddess Xia, I don't want money. I only want...you. I don't know how our Fairy Older Sister, the nation's goddess, looks like lying down in bed without any clothes. Would you be very sexy? I want to have a taste, haha..."

"Shameless!" Xia Xiaofu cursed him. She felt the phone in her hand vibrate, Xia Xiaofu quickly raised her volume up and said, "How did you get inside Room 1803? This is illegal..."

The man quickly realized something was not right, and he said, "What's that in your hand, give it to me!"

The man rushed forward and grabbed the phone Xia Xiaofu was holding in her hand.

Xia Xiaofu loudly shouted, "Ou Luoxi, come and save me, quickly!"

Bang! The man threw the phone onto the ground. He held onto Xia Xiaofu's neck as he pressed her onto the bed. The man's hand was sneaky, and he touched Xia Xiaofu's body as he pleased. "Goddess Xia, even if you scream till you lose your voice tonight, there would be no use. I am advising you right now to be obedient and listen to me. If not, you will have it hard."

Xia Xiaofu opened her mouth and bit the man's hand cruelly. She prayed hard for Ou Luoxi. Come and save me, quickly.

His room was located near hers. He would definitely come over and save her.

The man was provoked. He stretched his hand out to give Xia Xiaofu a slap. He was fierce as he said, "Don't play hard to get when it is easy for you now. You were drugged. I am saving you by doing this. After this, you will feel comfortable and will not be able to leave me."

Xia Xiaofu froze; she was drugged?

No wonder she felt so hot.

She thought about the glass of red wine that she'd sipped in the restaurant. That service worker... That man was the waiter, and she was in his trap.

At this moment, there was a chill on her leg. The dress on her body was ripped away. A rough, dirty hand tugged her underwear, and he was extremely direct.

“Ah!” Xia Xiaofu let out a scream, feeling embarrassed. She quickly used both of her small hands to cover herself up. No one had touched her body before, and at this moment, it was only then that she realized that there was a possibility that she would be raped.

She was shocked as her entire body shivered.

Knock, knock. The sound of someone knocking on the door rang out in the air. A pleasant and charming voice rang out from outside the door. “Xia Xiaofu...”

Xia Xiaofu’s eyes lit up, and she loudly shouted, “Ou Luoxi, Luoxi, come and save me quickly, woo!”

Her lips were blocked. Her underwear was removed, and the man that was pressing onto her removed his trousers and said, “Goddess Xia, don’t waste your energy anymore. I locked the door from the inside already. Nobody is able to come inside. Even if the hotel staff come to open the door, I will have already slept with you. It’ll be too late...”

Too late...

Xia Xiaofu’s ears rang out with these words. The tears in her eyes flowed down her face without any warning.

Was it really too late?

Xia Xiaofu turned her gaze to the side to look at the door of the room. Ou Luoxi, Ou Luoxi...

Bang! There was a massive sound. In her line of vision, the heavy purple sandalwood door was kicked open. The door fell onto the floor with a loud bang. The enormous noise reverberated throughout the entire hotel like an earthquake.

Xia Xiaofu’s irises contracted. She looked at Ou Luoxi, who was outside the door. The man kneaded both of his hands that he’d placed by his side. His right leg hadn’t moved from its kicking position. He lowered his head. That soft fringe covered his clear and sparkling dark eyes, but it was unable to cover the anger emanating from his body.

The man on Xia Xiaofu’s body froze. He was in disbelief as he looked at the door, and he looked over at Ou Luoxi. This door was not something that could be opened just after a simple kick. Who was this person, exactly?

The man was in a daze and saw Ou Luoxi raise his head up slowly. The boy’s exquisite and beautiful features were enveloped in cold air. His dark eyes were like a wolf that was preying on the man at night, and the man felt his scalp go numb.

The things that followed after that, the man was unable to get a clear look at all. He did not know how Ou Luoxi came over with such speech. How did he manage to pull it off? He was already pinned against the floor. He spat out a mouthful of blood.

Xia Xiaofu panted heavily. Her heart was beating so quickly. She did not know whether it was because she’d escaped danger or the kick to the door.

She suddenly thought about the previous time she'd seen Ou Luoxi on set. He blocked the bullets for Ning Qing, and he flew across everyone's shoulders as he took out his military beret. The military beret was only so light, but it actually managed to block the strong gust of wind and forcefully changed the direction of the bullets before he knelt down on the ground with one knee.

That time, he was a hero, Ning Qing's hero...

And it was just because of that time that she secretly fell in love with him....

She liked to spar with words. She'd majored in Chinese in university. Her heart was full of poetry and a far away place. Similarly, a hero lived inside. The love that she hoped for was just like this, and suddenly out of nowhere, there was a person that descended from the skies and forcefully barged his way into her line of vision. He made her fall in love in a heartbeat.

And today, he was her hero.

Xia Xiaofu got up. Her footsteps were a little unsteady. She searched for Ou Luoxi's back profile and flew over. She hugged the boy's waist from behind and said, "Ou Luoxi, hug me."

Ou Luoxi froze for a moment before he turned around. He stretched his hand out to tug the sheets and used them to cover Xia Xiaofu's body before he carried her up into his arms.

The workers in the hotel all heard the commotion and ran over. Everyone saw the door on the floor, and they all gasped. This was... Who did all of this?

"Send this person to the police station." Ou Luoxi addressed them softly before carrying Xia Xiaofu to leave together with him.

...

Ou Luoxi carried Xia Xiaofu back into his room before he put her on the large bed. He asked her, "Are you okay?"

Xia Xiaofu stretched her small hand out to touch her face that was getting hotter and hotter before she raised her head up to look at the boy to say, "I want to take a shower."

Ou Luoxi nodded his head. He turned his body to the side, and he pointed at the bathroom that was behind him.

Xia Xiaofu walked over to the bathroom. She removed her clothes and stood beneath the showerhead as she used the cold water to soak her body.

Although she was not feeling comfortable, she could still control her body. She'd just taken a small sip of alcohol in the restaurant. The drugs were probably not strong. She should be able to overcome the effects after taking a cold shower.

After taking a cold shower for half an hour, she felt much better, but she felt embarrassed. She did not have her clothes here.

Her panties were torn and ripped. She could no longer wear them. He had a look. She could only wrap herself in a towel.

She had no other choice. She wrapped herself in the bath towel, exposing her small, attractive shoulders and both of her slim, fair legs...

She opened the door of the bathroom and walked out. Ou Luoxi was still in the room, probably worried that she would have trouble.

The towel didn't cover much. Furthermore, she did not have anything inside. No matter how daring Xia Xiaofu was, at this moment, she was both nervous and shy. She used her hand to cover the part of her chest that was exposed above the towel, and she secretly raised her head up to look at Ou Luoxi...

Ou Luoxi also had a look at her. Compared to her awkwardness, he was calm and confident. He had a look at her face, his line of vision did not even go over to her body.

He was a proper gentleman.

Xia Xiaofu was a little disappointed. How could he be such...a gentleman?

Although she was afraid of him looking at her, actually, he could look at her.

"If you are fine, I will go. You can sleep here tonight. I will change my room." Ou Luoxi was about to leave.

"Ay, Ou Luoxi, don't leave." Xia Xiaofu stretched her small hand quickly to grab onto the sleeve of his shirt as she said, "Tonight, can you stay behind to accompany me? I am a little afraid. I will have a nightmare."

Ou Luoxi had a look at her small, fair hand that she used to grab him, then he turned around. He sat down on a chair by the side of the bed. He closed his eyes and slept.

Xia Xiaofu climbed onto the bed. She covered her body with the soft, clean sheets.

But she was unable to fall asleep...

She flipped here and there. She chose to sleep on her side and coincidentally faced Ou Luoxi's direction. The room was very quiet. The boy's breathing was very light, and he did not make a sound.

Xia Xiaofu looked at his face carefully. There was an amber lamp in the room. The light shone down on him from above his head. It illuminated his exquisite and perfect features. His soft fringe covered his eyes. His beautiful eyelashes were out of this world. They were curly, thick, and long as if they were drawn out one by one. His skin was fair and smooth, and he looked cute, his nose was sharp and tall, his lips were light pink, and she looked at him and felt as if she was looking at a sand painting.

It was true that he was a handsome young boy, but the martial arts skills that he occasionally showed off were way too powerful, and during those times, he was both dangerous and mesmerizing.

Xia Xiaofu stretched her small hand out secretly, and tugged the sleeve of his shirt.

He'd probably taken a shower a while ago. He was dressed in a new black crew-neck t-shirt and a pair of black casual pants.

Ou Luoxi did not open his eyes, but he said, "What's wrong?"

The girl did not say anything and tugged him again.

It was only then that Ou Luoxi opened his eyes and turned his gaze over to the side to look at her.

Xia Xiaofu waved her hands at him and meant for him to come over.

There was no frustration on Ou Luoxi's face. After all, he was used to having no expression on his face. He stood up, walked over to the side of the bed, and said, "What's wrong? Speak."

Xia Xiaofu looked at him, and her hand started to pull harder.

Ou Luoxi followed the direction of her strength and bent over.

Xia Xiaofu hugged his neck before she kissed his thin lips.

Ou Luoxi froze for a second before he stretched his hand out to press her shoulders in an attempt to create distance between them.

But Xia Xiaofu grabbed onto him firmly and did not let go...

Ou Luoxi did not close his eyes. He looked on as the girl closed her eyes as she kissed him. The palms that he placed on his shoulders used strength, wanting to push him away, but no matter what, the girl was unwilling to let go. She raised her eyebrows up in pain...

As if she felt wronged...

### **Chapter 666: It Is Impossible For Us To Break Up**

He came over specifically to blame the incident on her.

The boy still did not say anything. Xia Xiaofu threw a tantrum by herself, and she felt that she was acting out a solo piece. It was so boring.

Xia Xiaofu was done lashing out. She let go of the boy, and she fell back into the large, soft bed. She waved her hands and murmured, "I am not going to play with you anymore. I am going to sleep now."

Xia Xiaofu closed her eyes, and she fell asleep very quickly.

"Older Brother said, that you are my sister-in-law."

The girl was sleeping, and it was fated for her not to hear these words.

Ou Luoxi lifted his black T shirt up slowly, and his flat and tight waist was exposed, there was a deep tooth mark on his right waist.

No one had touched him before, but he had been bitten by someone.

Three years ago, inside a cave of a mountain, he went to remove the clothes of a girl, and the girl, who was running a low fever, protected herself fiercely. She was unwilling before she opened her mouth to bite him harshly.

...

Xia Xiaofu opened her eyes, and it was already the next morning. She sat up, and the blankets over her slid down. Her fair skin was exposed, and she was extremely shocked. She quickly lifted the blankets up to cover herself.

She had a look around her surroundings. This was Ou Luoxi's room. She still remembered what happened last night. Ou Luoxi had saved her and carried her back here.

After that, she took a shower, and went to bed to sleep?

Xia Xiaofu naturally did not remember how she'd teased Ou Luoxi last night. She lifted the blankets up to look at her body. There were no marks. He had not touched her.

Xia Xiaofu pondered for a moment, and she knew that she was over worried. He was definitely unwilling to touch her.

There was a clean set of female clothing placed on the bed stand. Xia Xiaofu put on the clothes quickly. There was no one inside the room. Did Ou Luoxi leave?

Xia Xiaofu was a little disappointed inside her heart. Out of respect, he should have greeted her, but she did not have any expectations for him now. She washed up simply before she took the plane to fly back to the country.

After getting to the airport, Xia Xiaofu saw a familiar figure, Ou Ze.

"Xiaofu, you are back now?" Ou Ze, who was dressed in a suit, stepped forward, and he kindly took her bag for her and used another hand to cup her shoulders habitually.

Xia Xiaofu ducked towards the side. She was extremely polite as she said, "Ou Ze, why did you come over. Don't you need to go to the office today?"

Ou Ze's hand was frozen in midair, and when he took his hand back, the pampering and loving smile was on his face was still there as he said, "Some subordinates are handling the matters in the company. I should take more time to accompany you. How about that? Did Milan Fashion Week go well?"

"Yeah, it was fine."

"Xiaofu, let's go. I will take you back. There is a dinner banquet at my house tonight. Accompany me to attend the event."

"Dinner banquet? I am not going."

"Why?"

Xia Xiaofu stood up straight, and she looked Ou Ze in the eye. "Ou Ze, we have already broken up. I have already told you this many times. Can't you face reality?"

Ou Ze laughed and said, “Xiaofu, don’t joke anymore, okay? We have already been engaged to one another. You are my fiancée, the Young Madam of the Ou family. Every person in T City knows about this, it is not possible for us to break up.”

Xia Xiaofu was frustrated and said, “Ou Ze, being engaged is not equal to getting married. Two years ago, when we got engaged, I said it back then that if I feel that we are unsuited for one another, you should let me go any time I want. Ou Ze, have you forgotten the reason why we got engaged? Three years ago, I was very thankful towards you for saving me. During that period of time, I was really moved by you. I thought I had found the right feeling, and at that time, you were pressuring me very much, so I agreed to get engaged, but Ou Ze, these two years of interacting with one another, I have realized that I really do not like you, so we should still break up.”

After she was done speaking, Xia Xiaofu turned around and left.

But Ou Ze stepped forward. He stretched his hand out to cup her small shoulder as he said, “Xiaofu, I will say it again: it is not possible for us to break up. We can negotiate about other matters.”

“Ou Ze...”

Xia Xiaofu still wanted to speak, but there was a sudden rustle in front of them. There was a large group of female fans gathered around, and there were a few bodyguards leading the way. Ou Luoxi, who had a cap on his head, exited the airport in a low-key manner.

Xia Xiaofu looked over at the tall, familiar figure. He did not look over in her direction, and he probably did not notice that she was there together with Ou Ze.

“Isn’t that Luoxi?” Ou Ze said by the side of her ear.

Xia Xiaofu moved her body. She wanted to shake Ou Ze’s arms off, but Ou Ze held her tight, and she was unable to break free. There were so many fans here. She was afraid that she would also be identified.

“Xiaofu, don’t continue to throw a tantrum with me anymore. It is my grandfather’s 80 grand birthday celebration today. Our Ou family has organized a banquet in the hotel. When that time comes, you should attend the event with me. Luoxi will also be in attendance.”

“Ou Luoxi will also be there?” Xia Xiaofu was shocked.

Although the Ou and Xia families were friends for generations, it was very rare for Xia Xiaofu to go over to the Ou family as a guest. After they got engaged, she never saw Ou Luoxi with the Ou family. She heard that Ou Luoxi was the illegitimate son of the Ou family and that he’d only lived in the Ou home for a short period of time. After that, he moved out on his own.

How did Ou Luoxi interact with the Ou family behind the scenes?

### **Chapter 667: Luoxi, This Is Your Sister In Law**

Upon hearing Xia Xiaofu bring Ou Luoxi intentionally, Ou Ze’s gaze fell on her face. He nodded his head and said, “Yes, Luoxi will also be attending tonight’s dinner banquet.”

Xia Xiaofu hesitated for a moment and said, “Okay, I will attend it tonight, but I am going to go over together with my parents. I should let Old Master Ou know about the breakup.”

After she spoke, Xia Xiaofu walked away.

“Xiaofu, I will take you.”

“There is no need for that.” Xia Xiaofu left the large airport hall.

Ou Ze’s entire face fell dark. He stood on the spot, and at this moment, his subordinate stepped forward to report, “Young Master, we just got news. Ou Luoxi also participated in Milan Fashion Week, and last night, Miss Xia spent the entire night together with Ou Luoxi in the same room.”

Ou Luoxi heard what the subordinate said and glanced at him. The subordinate retreated back in fear.

...

During the dinner banquet

Xia Xiaofu attended the banquet together with her parents. Old Master Ou’s grand 80th birthday was held in a luxurious hotel. The influential and powerful people of T City were in attendance.

Her parents were mingling. Xia Xiaofu was not focused on the event. She was looking around the venue, searching for a trace of Ou Luoxi.

At this moment, the doors of the main hall opened up, and Ou Luoxi walked inside.

He was dressed in a white v-neck t-shirt. He had a long green overcoat over it. The warm colours reduced his cold aura and made the 22 year old boy look inviting.

There were some times that a person’s clothes could very well reflect a person’s feelings. Xia Xiaofu was pondering. Ou Luoxi still cared about the Ou family inside his heart.

No matter what Ou Luoxi wore, the moment he appeared, everyone present at the event was attracted to him and gasped.

Old Master Ou was seated on the wheelchair as he received other’s well wishes. Ou Ze’s mother, Chen Ni, was decked out lavishly in jewellery as she socialized around with the other rich ladies. Everyone looked at Ou Luoxi and stopped talking.

Ou Luoxi did not reciprocate their gazes. He walked over to Old Master Ou before he handed him a present. His facial expressions were very gentle as he said, “Grandpa, happy birthday.”

Old Master Ou did not have a pleasant expression on his face. He was not even willing to glance at Ou Luoxi at all. He waved at the butler and frustratedly said, “What are you frozen there for? Accept the present quickly.”

“Yes, Sir.” The butler stepped forward to accept the present and handed to the helpers. The helper took Ou Luoxi’s present and casually threw it into the pile of presents without a care.

The atmosphere was a little awkward. At this moment, a rich lady by Chen Ni's side said, "Madam Ou, is this Little Young Master Ou? He looks so beautiful."

"That's right." The rich ladies all agreed.

"Hah," Chen Ni laughed coldly, her cruel and cold gaze landed on Ou Luoxi, and she examined him carefully. "Yes, this is the Little Young Master of our Ou family, Ou Luoxi. Our Luoxi has been beautiful since he was young. He inherited his good looks from his own mother. Nobody knows this, but our Luoxi's biological mother was an opera performer. She was extremely famous as a young star. She mesmerized so many men. Look, my husband is one of her admirers."

The rich ladies did not expect that Ou Luoxi had such a background. In the circle of wealthy people, the most important thing was bloodline. Those mistresses and illegitimate children were the number one enemy of these rich ladies, and they hated these people to the max.

The rich ladies' gazes changed immediately. Someone mocked Ou Luoxi as she looked at him. She laughed and said, "I really could not tell that Little Young Master Ou had such an amazing biological mother."

"That's right. At that time, my husband was entirely enchanted by her until he lost his own soul. My Ou Ze was only five years old. My husband did not even want his own son anymore. He started a family together with her outside. Ay, it was a real pity. There was a time when my husband went on a vacation together with her. The moment the car crashed on the highway, my husband decided to protect her with his body, and everyone knew the result of it. My husband passed away, and my father lost a son in the midst of his life. He was unable to take the blow of it and was immediately paralysed."

The rich ladies were immediately agitated as they said, "Heavens really do not have any eyes. The vixen that seduced another person's husband did not die. She is living well and healthy; this is totally unacceptable!"

Chen Ni had a calm expression on her face as she said, "At that time, she was already three months pregnant. Because my husband passed away, she lost her source of income. Although she found another old man to be together after that, what man would like a pregnant woman? She had a pitiful life. She gave birth to our Luoxi but lost too much blood in the process and died."

Chen Ni spoke and was about choke up with tears.

"Mrs. Ou, I think you are way too kind. My Luoxi? He is not a child that you gave birth to. In my opinion, sons live up to their mother's background. Don't invite trouble into your home."

They chatted happily with one another. They chatted as they looked at Ou Luoxi mockingly. It was as if they were going to stare through Ou Luoxi's bones with their gazes alone.

Xia Xiaofu looked at Ou Luoxi in the distance. He stood amid the crowd. It was as if he could not hear and see the people mocking him with their gazes, and he had a cold expression on his face.

This matched his normal character. It was as if he could not be tamed by anyone. He was unable to be attacked at all, but Xia Xiaofu knew that he also had a heart and was also made out of meat. How could he not hurt?

His parentage and background were not something that he could choose. No matter who was right or wrong in the grievances between the previous generation, how old was he back at that time?

Ning Qing said that he was in a swaddle as he followed the flow of the river, and he floated away. He was rescued by a nun from a temple. The eight years that he spent in the temple were the happiest years of his life, but the happy times always felt so short. The temple met with trouble. He saw the nun that brought him up collapse into a puddle of blood before his own eyes. After that, he was caught by human traffickers, and he was sold to and owned by someone for half a year.

There was a time where he took the chance to escape. He escaped into the depths of the mountain. From the first moment he'd started to stay inside the depths of the mountain, it lasted for ten years, and during the entire time, there was only a wolf that accompanied him. He even forgot how to speak human language anymore.

And it was a boy from such a pathetic background. He did not have any obligation to be the one who bore the brunt for the grievances between the previous generation, and similarly, he also did not have the obligation to be judged by others' gaze and comments.

Xia Xiaofu was about to step forward. Those people were going overboard!

"Xiaofu..." Her mother held onto her slim arm and said, "Don't interrupt another family's matter. Don't worry about them."

"Mum..." Xia Xiaofu was about to shake her mother off.

"Mum." Ou Ze appeared and said, "Mum, it's Grandpa's grand 80th birthday today. Why are you bringing these sad matters up?" As he spoke, Ou Ze was extremely courteous before he patted Ou Luoxi's shoulders, and he said, "Luoxi, you are here?"

Ou Luoxi looked at Ou Ze and greeted him. "Older Brother."

"Good younger brother, let's go. I will introduce you to some people." Ou Ze brought Ou Luoxi away.

The people that were waiting for good drama left.

But the rich ladies by Chen Ni's side did not go away. "Madam Ou, why is Young Master Ou treating Ou Luoxi so well?"

Chen Ni was satisfied as she looked at her own son's back profile. She let out a sigh, and said, "I also do not know. My Ou Ze is too kind and too benevolent. Ou Ze brought Ou Luoxi back from the depths of the mountain."

"What? The depths of the mountain?"

"That's right. Ou Luoxi was in the depths of the mountain and spent ten whole years with a wolf, Ou Ze brought him back, and he did not have any clothing on his body. He used two leaves to cover himself. We spoke to him, and he even called out with a 'woof.' It was such a joke. After that Ou Ze hired a teacher to teach him to speak and write words.

The rich ladies all laughed and said, "Haha, we really did not think that Ou Luoxi was a wolf child. In my opinion, don't teach him anything. He is suited to live in the depths of the mountain."

“That’s right. Humans are humans. A beast would forever be a beast. It is still Young Master Ou who is so talented. He is so popular and well known as the successor of the Ou Corporation, and he is also the good son of yours, Madam Ou.””

Chen Ni quickly broke out into a smile.

Xia Xiaofu heard the conversation that these people were having very clearly. Her small hands were clenched into tight fists by her sides. It turned out in the end, good reputation and compliments were only left for both Chen Ni and Ou Ze.

Xia Xiaofu never liked the Ou family, especially Chen Ni. She was way too overbearing. Also for Ou Ze, the businessman features on him were too apparent. If not for Ou Ze saving her back in the past, she would not have agreed to get engaged to him.

Her mother went to socialize with other people. Xia Xiaofu was angered as she stood on the spot, and at this moment, her shoulders were cupped by one arm. Ou Ze’s voice rang out in the air, “Xiaofu, come over. Let me introduce you. This is Luoxi, my younger brother.”

Xia Xiaofu did not have any reaction. The moment Ou Luoxi appeared in her line of vision, the boy’s clear, dark, and sparking eyes were focused on her.

“Luoxi, this is Xiaofu. She is your sister-in-law,” Ou Ze continued..

After that, Xia Xiaofu heard Ou Luoxi say three words, “Sister-in-law.”

Xia Xiaofu: “...I...”

Ou Luoxi looked over at Ou Ze and said, “Older Brother, I have something else to attend to. I must make a move.”

“The dinner banquet is starting soon. Eat first before you leave.”

“No thanks.” Ou Luoxi shook his head before he turned around to leave.

...

She watched the boy’s back profile disappear in her line of vision. Xia Xiaofu shook Ou Ze’s hands off her shoulders immediately. She was cold as she looked at Ou Ze and asked him, “What do you mean by this?”

Ou Ze touched his chin and broke out into a laugh as he said, “Xiaofu, what do you mean?”

“You’d better stop pretending! Ou Ze. I am in the entertainment industry. You worked together with your mother to act out a show during the banquet today. Did you think that I could not tell? Also, I have already broken up with you, and you still asked Ou Luoxi to address me as sister-in-law. Don’t you think that you’re going overboard?”

The smile on Ou Ze’s face disappeared as he said, “Xiaofu, who is the one that is actually going overboard? What is wrong with me asking Luoxi to address you as sister-in-law. Why are you being so agitated?”

“Ou Ze, did you know this? It has been so many years that I could not understand why I liked you at the start. It was all because of your character and behaviour . I cannot understand it. If not for you saving me three years ago, I would not even spare another look at you!”

Xia Xiaofu shook her sleeves and left.

Ou Ze looked at her beautiful back profile, and he had a sinister gaze in his eyes. That time three years ago again!

If she found out that it was not him three years ago, how would she react?

### **Chapter 668: She Felt Bad For Him**

Xia Xiaofu headed towards the door. Her footsteps were very hasty, but because she wanted to chase after Ou Luoxi, she was uncareful and crashed into a worker.

“I am sorry.” Xia Xiaofu apologized.

“It’s okay.” The service staff member had a very low cap on his head. He did not look at Ou Luoxi, and he held a tray of red wine as he walked over to Senior Ou’s side.

Xia Xiaofu found this worker’s behavior odd. She had a better look at the worker. She took in a breath of cold air and said, “Grandpa Ou, be careful!”

Xia Xiaofu let out a scream.

The worker had hidden a sharp knife underneath the tray of red wine.

This shout alarmed everyone present. The staff member stood before Old Master Ou, and he pushed the tray of alcohol, before taking a knife in his hand as he was about to stab Old Master Ou.

“Ah!” Upon looking at the knife, the guests present were all alarmed and covered their ears as they ran away frantically. Everyone was running off for their lives, and the entire scene was so chaotic.

Xia Xiaofu rushed towards Old Master Ou’s side, but she was really unable to get there in time. The sharp knife was quickly thrust towards Old Master Ou’s chest.

At this critical moment, Xia Xiaofu felt a shadow weave through the guests that were running away as he came over, and the sharp knife was grabbed. The staff member was kicked in the stomach and immediately fell to the floor.

Xia Xiaofu took large breaths of air as she panted. It was Ou Luoxi.

Ou Luoxi had come over.

Ou Luoxi held the knife in one hand. The sharp blade of the knife injured his skin, and his right hand was momentarily covered in red blood.

Xia Xiaofu looked at the drops of red blood that was on the floor, and her legs went soft immediately. "Luoxi..." She was about to step forward.

At this moment, those guests that were running for their lives had calmed down. They stopped running, and they all pretended to care for Old Master Ou as they gathered around him. "Old Master, how are you feeling right now? Did you get frightened just now? Do we have to call a doctor?"

Ou Ze also ran over. He lifted the collar of the service worker and threw him towards Old Master Ou before loudly saying, "Someone come over. Get someone to drag him away. I will question him later personally."

"Yes!" There were a few bodyguards dressed in black that ran in quickly.

Ou Ze knelt down in front of Old Master Ou on one knee amidst the crowds. He had a serious yet nervous expression on his face as he said, "Grandpa, are you okay? It is probably an assailant sent over by a competitor in the industry. I will have a plan to make him speak later. I want to see who has such guts to harm my grandfather."

Old Master Ou was visibly frightened. His face was pale. He patted Ou Ze's hand and said, "Ou Ze, Grandpa is fine. Did you get injured?"

"I am fine, Grandpa."

The grandfather and grandson pair were caring for one another. The guests were all around them. Xia Xiaofu went on her tiptoes to search for Ou Luoxi. When the guests all rushed over just now, he was directly pushed towards the back.

Xia Xiaofu saw Ou Luoxi, Ou Luoxi left from the back of the crowd, and he exited the large doors of the main hall.

Xia Xiaofu only felt her heart was pulled. It was in so much pain, his injured right hand was kneaded into a fist as he drooped it by his side. The sleeve of the green knitted sweater was very huge, and it perfectly blocked his injury from view. It was obvious that he was the one who'd saved Old Master Ou, but everyone present on the scene did not even glance over at him, and there was also no one that cared about him. His back profile looked so long and lonely.

"Luoxi..." Xia Xiaofu lifted her heels and chased after him.

...

Xia Xiaofu ran into the corridor and already did not see any sign of Ou Luoxi around. She took the car keys out from her bag and immediately went down to the basement carpark. She took her phone out and dialed Ning Qing's phone number. "Hello, Ning Qing, can you send Ou Luoxi's address to me?"

Ning Qing's text message came back very quickly. Xia Xiaofu passed by a pharmacy and bought some medication, and she drove over to Ou Luoxi's villa.

Ou Luoxi was a famous celebrity. The villa that he was living in could be considered to be a luxury villa. It was European in design. There was a large lawn in front of the villa, and it was vast and expansive.

Xia Xiaofu parked the car on the lawn before she walked over to the main doors of the villa, and she pressed the doorbell.

No one came out to open the door.

Xia Xiaofu continued to press the doorbell.

Still, no one answered the door.

It was already nine o'clock at night. In autumn, the sky went dark very early. There was a cold breeze in the air. Xia Xiaofu was still dressed in a sleeveless evening gown, and she was shivering in the cold.

She sat down on the steps in front of the villa. She hugged herself with her slim arm, and she took her phone out to give Ou Luoxi a call.

The melodious ringtone reverberated through the living room. Ou Luoxi was standing in the living room inside the villa at that moment. There was someone by his side. It was Ou Ze, who was dressed in a suit.

Both of them stood before the French windows. Ou Ze used an index finger to lift the corner of the curtain to have a look, and he saw Xia Xiaofu, who was seated outside the door at this moment.

Xia Xiaofu was calling someone. Ou Luoxi's phone was ringing. Ou Ze had a cold and sinister smile on the corners of his lips.

"Luoxi, have you been interacting with Xiao Fu closely recently?" Ou Ze asked him.

Ou Luoxi looked through the French windows to look at Xia Xiaofu, who was outside the door, and he did not say anything.

Ou Ze was used to his silence. This did not affect what he wanted to say. "Luoxi, do you know who Xiaofu is? She is my fiancée. She is also your sister-in-law. Between a woman and a man, especially between a brother-in-law and sister-in-law, both of you should maintain an appropriate distance. If not, others would misunderstand."

Ou Ze placed one hand in his pocket. He used another hand to pat Ou Luoxi's shoulders as he said, "Luoxi, I do not know if you have learned this yet, some women, you are unable to touch them. Humans are different from beasts. Beasts...can have complicated relations, but humans cannot do so because humans find it...dirty!"

"Luoxi, I believe you are not someone like that. Your mother has harmed the entire Ou family, but I am still treating you as a younger brother. Otherwise, I would not have brought you back from the depths of the mountain. Luoxi, you would not be so cruel towards your Older Brother, right? You would not harm our Ou family again, right?"

Ou Luoxi did not have any expression on his face. He moved his thin, light-pink lips as he said, "I know."

"Ha, haha..." Ou Ze applauded, and he squinted his eyes up as he said, "That's good then. I just knew that Luoxi, you would be my good younger brother forever. Oh right, there is something. Older Brother has been negotiating a business deal recently. The opposing company's President Fang is a little hard to settle. He admires the fame that you have Luoxi; he is your fan. Tomorrow night, he wants to have a meal with you. Luoxi, for Older Brother, for our Ou family, you definitely have to turn up."

Ou Luoxi nodded his head.

Ou Ze was satisfied as he withdrew his gaze. He looked over at Xia Xiaofu who was sitting on the steps. The girl had already stood up and driven away.

“Luoxi, Older Brother will leave then.” Ou Ze turned around.

As he spoke, Ou Ze seemed to remember something. He looked at Ou Luoxi’s right hand and said, “Luoxi, how is the wound on your hand? Do you need Older Brother to get a doctor for you?”

Ou Luoxi’s hand was not bandaged for the entire time. The red blood was all dried up, and he shook his head as he said, “I am fine. It’s a small injury.”

“That’s good then.” Ou Ze opened the door of the villa. His subordinate drove a luxury vehicle over, and someone opened the back door of the car. Ou Ze sat inside, and the luxury vehicle cruised off into the distance.

...

After the world regained its silence, Ou Luoxi moved his body. He lifted his long legs and was about to open the door before he stood at the steps that Xia Xiaofu had just been seated on.

There was a small bag that was placed at the corner of the steps. Ou Luoxi squatted down and opened the bag to have a look.

The bag was filled with medication.

Ou Luoxi stretched his hand out to touch the medication. He touched it carefully thrice before he held the bag in his palms. He turned back to go inside the villa.

He took his phone out. He had a voice message.

Ding! He pressed on the button to open the message. Xia Xiaofu’s gentle and moving voice rang out in the air as she said, “Hello, Ou Luoxi, did you not go back home? I just came over to your house, but you were not around. I placed some medicine at the steps of your home.

“Ou Luoxi, no matter what anyone else thinks, you are the best inside my heart. You cannot choose your own mother, so you don’t have to feel guilty. There are many things on earth that are unable to be controlled, as long as we stay true to ourselves, everything will be fine.

“Ou Luoxi, take care of the injury on your hand well. I saw you bleeding so much just to save Old Master Ou. I gotta go. Good night.”

The girl’s voice disappeared.

Ou Luoxi put his phone away, and at this moment, Little Fourth wagged its tail as he slowly walked over from the balcony. “Woof!” It let out a bark towards Ou Luoxi, and its sparkling eyes were looking over at the medicine that Ou Luoxi was holding in his hands.

Ou Luoxi stooped down to touch Little Fourth’s head and softly said, “Someone gave me this.”

“Woof!” Little Fourth barked again.

Ou Luoxi patted its head before he shook his. "You cannot. You cannot like her."

"Woo." Little Fourth was immediately listless and curled up by the side of Ou Luoxi's legs.

Ou Luoxi ruffled the soft fur on Little Fourth's body. His mind went back to think about that small, egg-shaped face. Maybe she would never find out. The first time he met her was when she was 19.

At that time, she was lost in the depths of the mountain. His lone wolf had a whiff of a human's scent and rushed over to pounce on her. Her forehead had hit a rock and she fainted immediately. He'd worked hard to communicate with the lone wolf before he rescued her.

He brought her over to a cave, and during those few days, she was running a low fever. Her body was very cold. He lit a bonfire before he moved his hands to remove the clothes on her body. He wanted to hug her and give her warmth, but she protected herself fervently and even bit him.

Although she'd bitten him, she fainted again very quickly. He removed the clothes that she was wearing and hugged her in his embrace tightly, and they spent a few nights like this.

She was the first person that he'd seen in those ten years.

Similarly, she was the first girl that he'd seen in his entire life.

He remembered her deeply.

After that, he left the cave to search for food. When he returned, he saw that she was awake, and Ou Ze held her in his arms. At that time, her face very red as she stretched her slim fair hands out to hug Ou Ze's neck, and Ou Ze kissed her hair.

Ou Ze brought her away.

After that, Ou Ze came looking for him. His lone wolf died due to illness, and he went out of the depths of the mountain with Ou Ze and returned back to the Ou family.

He always remembered her.

Ou Luoxi had a lonely smile on his face. He could not. She belonged to Older Brother. He could not...

...

The next day, Xia Xiaofu was not concentrating fully. She could not stop checking her phone, waiting for Ou Luoxi to reply, but he did not do so.

Xia Xiaofu was furious and clenched her teeth. Did he dare to ignore her even further?

Even if he did not like her, he should also give her a reply based on respect, right?

At night, her assistant, Xiao Li, and a few young ladies from the makeup team dragged her to a dinner. Xia Xiaofu was feeling bored, so she agreed to it. The group of people went to a hotel and reserved a private room.

Halfway through dinner, Xiao Li stood up and said, "Xiaofu, I have to go to the bathroom."

"Okay okay. Go quickly." Xia Xiaofu waved her hands.

After around ten minutes, Xiao Li returned back.

Xia Xiaofu was drinking juice. Others teased her and said, "Xiao Li, what did you go to do? You went to the toilet for ten minutes. We were preparing to catch you back here."

Xiao Li quickly placed her finger on her lips as she shushed them with a "shh!" before she secretly said, "Do you know who I saw just now?"

"Who? Say it."

"Ou Luoxi."

"What?" Everyone was excited.

Xia Xiaofu's small hand that was holding onto the glass of juice also froze, and she turned her gaze to the side to look at Xiao Li, who was by her side.

Xiao Li's face was very excited. She lowered her volume and said, "Ou Luoxi was in the neighbouring private room just now. Just now when I passed by, a service worker was serving food inside. I glanced inside the room, and Ou Luoxi was having a meal together with the president of some company."

"I don't think that's right, Ou Luoxi eating a meal with a President. Is it just two men alone?"

"It is just two men. Let me tell you all, I know that President. I heard my best friend say that this President has very weird taste. He likes to play around with the young handsome actors in the entertainment industry."

"Oh my gosh!" Everyone widened their eyes and gasped, "Then Ou Luoxi's together with that President?"

"I cannot speak recklessly regarding that, but I saw that the President's gaze was fixed on Ou Luoxi. It was just as if he hated that he could not rip his clothes off."

This topic made everyone excited. Everyone was discussing with one another excitedly as they said, "I have long heard that Ou Luoxi seems to have accompanied others to drink. The price of him going to accompany to drink is way higher than those top actresses."

"But that isn't too weird. Ou Luoxi looks so beautiful. Those Presidents and Big Bosses who like men would all like looking at him. A person like Ou Luoxi, he is totally their target."

Everyone was chatting merrily with one another. There was a sudden slap! Xia Xiaofu hit the table.

Everyone was instantly silent.

"Xiaofu, what's wrong?"

Xia Xiaofu did not have a good expression on her face as she looked at the group. "How many rumours in the entertainment industry are true? In the future, don't discuss this type of topic. It is not for you all to debate on what kind of person Ou Luoxi is. Be careful. If it leaks, all of you guys will find yourselves in trouble."

Everyone was instantly afraid and said, "Yes."

"I am done eating. I will be leaving now." Xia Xiaofu took her bag as she stood up to leave.

As the door of the private room shut, everyone was discussing among themselves, "What is wrong with Xiaofu today? We have been working with Xiaofu for the past three years. I have never seen Xiaofu throw a tantrum before."

"That's right Xiaofu seems not to like us discussing Ou Luoxi."

...

Xia Xiaofu was walking down the corridor. She found that private room, but there was already no one inside, and the service worker was clearing the tables.

Xia Xiaofu quickly took the lift and went to the basement carpark. She searched around frantically for Ou Luoxi.

As she expected, in a parking lot, in front of a luxury car, a President in his forties, he had a gentle and refined expression on his face as he politely opened the door of the front passenger seat, and Ou Luoxi was about to get inside.

Xia Xiaofu had a look, and she felt an unfriendly chill. She'd seen many cases where men opened doors for women, but it was really her first time seeing a man open the car door for another man.

She quickly went over and said, "Ou Luoxi, stand right there."

Ou Luoxi saw this familiar figure, and he slowly stood up straight. He turned his gaze to the side to look over at Xia Xiaofu who was running over to him.

### **Chapter 669: Ou Luoxi, You Are Not Allowed To Leave**

"Ou Luoxi, where are you heading right now?" Xia Xiaofu stopped herself in front of Ou Luoxi and stabilized herself. She looked over at the president before she looked over at the boy's exquisite and beautiful face again.

He wore a blue crew-neck t-shirt today. He matched it with a pair of black slim-cut pants. He had a pair of soccer boots on his feet. No matter what he wore, he looked fashionable and eye-catching.

Ou Luoxi glanced over at her for a moment. The girl had an anxious expression on her face. She stared at him with her almond shaped eyes and still appeared to look angry. It made the special aura that she looked even more coy and feminine. Ou Luoxi slightly pursed his light pink lips and did not reply to her.

At this moment, the right hand that he'd placed in his pocket was grabbed by a small, soft hand. The girl tugged onto him and dragged him along, "Ou Luoxi, follow me!"

Ou Luoxi did not have his guard up, and he was really tugged away for a few steps.

"Miss Xia, what do you mean by this?" The President stepped forward quickly to block Xia Xiaofu's path.

Xia Xiaofu's palm-sized face instantly became cold. She had a forceful cold smile on her face as she said, "Don't you have eyes to see? I want to bring Ou Luoxi away with me."

The President had a reserved smile on his face as he said, "This would not work. I have agreed with Luoxi, we will go back to the hotel room together."

Xia Xiaofu heard him mention the hotel room and was about to vomit before she said, "Why would you bring him to a hotel room? Two grown men in the same room? Aren't you afraid of what gossip others might stir up? You cannot bring him away. If you are so capable, bring me away instead!"

"Miss Xia, you..."

"Xia Xiaofu!" Ou Luoxi heard what she said and took his wrist back, and he was slightly unhappy as he spoke.

"Shut up!" Xia Xiaofu turned her head and growled out at Ou Luoxi. She was so furious that her eyes were all red. "Ou Luoxi, do you know what you are doing? Who asked you to have a meal together with a man? This man has bad intentions and wants to make use of you. There would be nothing good from getting a room with this guy. Do you really not know, or you know what is actually going on but you have silently consented to it?"

Ou Luoxi looked at Xia Xiaofu who was emotional and upset, and he slowly raised his handsome eyebrows.

At this moment, the president said, "Luoxi, Miss Xia is not behaving normally today. Let's go then."

Ou Luoxi did not have an expression on his face. He paused for two seconds, and he bent his waist down to step inside the car.

But his shirt was tugged powerfully by a small hand. The girl's helpless sobbing rang out from behind him. "Ou Luoxi, you are not allowed to leave with him."

Ou Luoxi did not turn his head back. He took his hand and placed it behind him, and he tidied his shirt.

He tidied his shirt, but his hand was tightly held by hers as she said, "Ou Luoxi, are you really leaving together with this man? Are you really unwilling to leave together with me? Could I actually not be comparable to a man? The last time, there were a few people who said that you were kept by a man. I stepped forward and fought with them. I knew that you were not."

The tears in Xia Xiaofu's eyes flowed down relentlessly. She used one small hand to wipe her tears messily. She choked up and said, "I have grown up until this age and have yet to meet an enemy in love, and now, you are making me have one. Furthermore, this enemy of mine is not a woman, but a man. If you dare to leave, I will not like you anymore. I don't want you anymore."

The girl's words were like a feather that gently brushed across Ou Luoxi's heart, and many ripples appeared on the surface.

But...

Ou Luoxi got into the car and closed the door.

“Miss Xia, goodbye.” The President was in a very good mood as he waved his hands towards Xia Xiaofu. He sat in the driver’s seat before he started the engine, and the luxury car flew off into the distance.

Xia Xiaofu stood on the spot. Her vision was blurry as she watched the luxurious vehicle leave. Woo woo, bastard!

She cursed Ou Luoxi in her heart thousands of times.

She could not believe that Ou Luoxi was such a person, but the things that he did today really hurt her heart. What was he doing?

Xia Xiaofu wiped her tears with force. She really did not want to like him anymore.

She was already so old now and had always been the goddess in men’s hearts, and even Ou Ze satisfied all of her requests. Her life was peaceful and smooth, and it was never troubled.

But ever since the moment she met him, she was extremely troubled.

She fought with others because of him. She could not accept others speaking bad about him, and today, she even tried to snatch him away from another man... These were such unbelievable matters.

But he did not cherish her at all.

He did not bother with her.

He did not like her.

She was really a big fool who was creating entertainment on her own!

Xia Xiaofu took a breath through her nostrils before she turned around and left. She really did not want to like him anymore. She would let him to hang out with the predator then.

...

Inside the hotel room

The President removed his suit jacket. He looked at Ou Luoxi, smiled, and said, “I will go and take a shower first.”

“Didn’t Older Brother say after having dinner, he asked me to come over to the hotel room to take the contract? Where is the contract?” Ou Luoxi asked him directly.

“Oh, the contract is already on the way here. My secretary will come over later, Luoxi, wait a moment.”

Ou Luoxi did not have an expression on his face. He was calm and nodded his head before he said, “Okay.”

The president went into the washroom to take a shower.

Ou Luoxi stood up tall and straight before the windows. The spring breeze blew over and messed the dark hair covering his forehead. The neon lights of the city illuminated his face completely, and every curve on his face was just as if it had been painted by an artist.

The president tied a bath towel on his waist as he stepped out of the bathroom. He saw the beautiful young man standing before the windows. He placed both hands in his pockets. The youth's skin was fair and smooth with a tinge of pink. His skin was above the level of a girl, the president looked over at the youth's body. He was handsome and attractive, full of the freshness of youth.

The president went over to the spot where Ou Luoxi was standing before stretching his hand out slowly, wanting to embrace Ou Luoxi in his arms.

But he was unable to hug him. He stretched his arms out and his wrist was firmly grasped by two fingers. Ou Luoxi did not use much strength, but the President was in so much pain that he broke out into a cold sweat. "Sii!" He took in a breath of cold air.

Ou Luoxi turned around. He pushed the president a few steps away from him before he let go. He placed his right hand back into his pocket, and his expression on his face was normal before he asked, "What are you trying?"

The President was in so much pain as he held onto his own wrist as he said, "Ou Luoxi, what do you mean by this? When you came over, didn't Ou Ze explain it clearly to you?"

Ou Luoxi had a small stream flowing from his dark eyes. The water flowing in the small stream was clear and glistening. It was untouched and unpolluted from the matters of earth as he said, "What do you mean?"

"Hah!" The President laughed coldly and said, "What I mean is that I made a transaction with Ou Ze. I gave Ou Ze business, and Ou Ze asked you to come over to sleep with me. Ou Luoxi, you are pretending right now, right? The things that even Miss Xia understood, would you not know about it?"

Ou Luoxi looked at the president for a moment before he walked away.

"Ay, Ou Luoxi..." The president chased after him quickly, wanting to pull Ou Luoxi's arm back as he continued, "If there is anything we can discuss with one another, as long as you accompany me for a night, you can tell me every requirement that you want..."

Bang! The president's left chest was dealt with a huge blow.

The president was in so much pain that tears flowed down his face. He paused on the spot as he panted. There was no one in front of him anymore. Ou Luoxi did not even turn his head back just now but took his hand back after punching him.

...

Ou Ze was in the study room inside the Ou family home when he received a call from Ou Luoxi. "Hello, Luoxi, have you settled the matters regarding the contract?"

"No, Older Brother. I gave that person a punch."

"What? Luoxi, you are mad."

"Older Brother, in the future, for these matters, don't look for me." Ou Luoxi hung up immediately.

Hearing the dead tone on the phone, Ou Ze was so angered that he threw the phone against the floor.

Ou Ze's aide, Fu Gui, quickly stepped forward to pick the phone up off the floor. He had an awkward smile on his face as he said, "Young Master, what is wrong now? Who made you angry?"

Ou Ze placed both hands on his waist as he paced around in the study room. He had a sinister expression on his face as he said, "Who else could it be? Isn't it just that Ou Luoxi? Who did he think he was? He really thought that he was a human, and he actually dared to hang up on my call. He also did not consider who brought him back from the wolf cave back then. He is such an ungrateful bastard!"

"Young Master, Ou Luoxi dared to hang up on you. Could he not be willing to do the thing tonight?"

"Hmph." Ou Ze laughed coldly and said, "Did he think that I invited him back to be the Second Young Master? If not for the fact that he is somewhat attractive, and he might be able to bring some joy to the big bosses in the future, would I bring him back?"

Fu Gui froze. When Young Master brought Ou Luoxi back home, he was also puzzled for a long period of time, but now he understood. Young Master was training Ou Luoxi up to be a...plaything for other men.

Fu Gui really admired Young Master's foresight and quick thinking, and now those big bosses did not lack beauties and or any premium items, the taste buds of the big bosses were getting more and more unique. It was easy to find beautiful women, but it was extremely difficult to find beautiful men.

Fu Gui thought about Ou Luoxi's exquisite and beautiful face. He could not help but click his lips together. Tsk tsk. Young Master had good foresight!

"Fu Gui, since Ou Luoxi is not accepting the easy way out but wanting it the hard way, find an opportunity and drug him. Find some men and make him understand."

"Young Master, I am afraid this is not possible."

"Why?"

"Young Master, you forgot something. Three years ago, you brought Ou Luoxi back to the Ou family, and at that time, you ordered me to put some opium in Ou Luoxi's food, wanting to let him get addicted to it so that he would be under your control. A normal person would be unable to resist the power of opium, but Ou Luoxi was not affected by it at all. Even the doctors said that his body type was not like a normal person's. It was probably due to the ten years in the depths of the mountain when he ate wild berries and all sorts of wild grass and medicine that made him naturally immune to all sorts of drugs."

Ou Ze froze for a moment, and he quickly recounted that matter before he said, "Then look for some people directly..."

"Young Master, that is even worse."

Ou Ze had a sinister expression in his eyes as he looked over at Fu Gui.

Fu Gui was afraid and lowered his head down. "Young Master, you forgot again. Ou Luoxi practices martial arts. His skills can defeat any group of people we hire. Furthermore, there are people who Young Master Lu and Major General Zhou put around Ou Luoxi. If we want to attack him, that is...totally impossible."

Bang! Ou Ze was so livid that he kicked and overturned the chair by his side.

He'd brought Ou Luoxi back, and at that time, he only knew that Ou Luoxi looked beautiful and exquisite. He did not know that Ou Luoxi was well trained in martial arts. There was a time when Young Master Lu and Zhou Yao came over to the Ou home as guests, and both of them felt that Ou Luoxi was just like an old friend of theirs and treated him as their own brother.

These developments were unexpected. In the past three years, Ou Luoxi gained the title of Best Actor twice, and this was totally not something he could control. He had long predicted that this Ou Luoxi would escape from his control sooner or later.

And now, it turned out to be true.

Ou Ze's hands that were by his sides were tightly kneaded into fists. His eyes had a sinister and sharp glow. He could not believe that he would not be able to face Ou Luoxi sooner or later.

Back then, when he decided to bring Ou Luoxi back home, he just wanted to make use of Ou Luoxi. Since Ou Luoxi was unwilling to be made use of, then he would end Ou Luoxi personally.

Furthermore, the relationship between Ou Luoxi and Xiaofu now...

Ou Ze curled the corners of his lips up into a cold smile. Let's see as we go then.

...

Xia Xiaofu did not contact Ou Luoxi for a few consecutive days. She had already thrown this person out of her world.

That day, Xia Xiaofu went to take pictures for a cover of a corporate magazine. Someone that pulled the large glass doors open. Xia Xiaofu and Xiao Li walked inside together.

Xiao Li was holding on to some sample poses in her hands, and Xia Xiaofu lowered her gaze down to have a look.

At this moment, the sound of screams came into her ears. Xia Xiaofu raised her eyes up to have a look. A group of people had come in from a different entrance on the other side, and Ou Luoxi was protected in the middle of the group.

Ou Luoxi was also turning his gaze to the side at that moment, and both of their gazes crashed into one another.

They had not met for a few days. Xia Xiaofu was still beautiful and lovely. She wore a simple white v-collared shirt and had a pair of tight skinny jeans on. Her small shoulders bore a mustard jacket. She looked very fashionable, but when she wore it, she had a different aura on her.

Her small face had a big pair of sunglasses on it. Her long hair ended above her waist. Even though she was wearing a jacket, her back profile or side profile could not hide her curvy and svelte figure.

Ou Luoxi noticed that all the men passing by the main lobby could not help but stare at her.

"Luoxi, the lift is here." Ou Luoxi's manager, Ah Ye, pressed the button of the lift. Everyone walked inside, and they were all waiting for Ou Luoxi.

Ou Luoxi lifted his long legs and also walked inside.

At this moment, Xia Xiaofu and Xiao Li also arrived at the foot of the elevator. There were five or six people in the lift. There was enough space. Ah Ye looked over at Xia Xiaofu and politely said, "Miss Xia, let's go up together then."

"Sure." Xiao Li was about to walk inside.

But Xia Xiaofu curled the corners of her lips up. She was polite but cold at the same time as she said, "There is no need for that. You all can go up. We are not going in the same direction."

One of Xiao Li's feet was still inside the lift. She turned her head back to look at Xia Xiaofu. She did not know whether to go in or to head out.

Ou Luoxi looked at Xia Xiaofu, who was outside the lift. She did not have too much of an expression on her face due to the sunglasses, but there was something. She definitely did not hit him in the eye.

At this moment, the petite figure disappeared from his line of vision. Xia Xiaofu already turned around and left.

"Xiaofu, wait for me." Xiao Li chased after her quickly.

The doors of the lift closed. Ah Ye found it weird and said, "What is wrong with Miss Xia? She seemed to be avoiding us on purpose."

Someone laughed and replied, "Maybe she is really heading to a different place."

Ou Luoxi leaned back against the lift. Both of his hands were inside his pockets as he lowered his gaze down to look at his feet without saying a single word.

...

He went upstairs, and at the door of the makeup room, there was staff that tried to communicate with Ah Ye. "We are really sorry. The makeup room is too full today. We don't have any extra space inside."

Ah Ye raised his eyebrows up immediately and said, "What is exactly going on now? Didn't we reserve one room ahead of time? Do you know who my Luoxi is? Are you able to compensate for delaying one minute of his time?"

The staff member naturally knew Ou Luoxi, and he was already sweating profusely from head to toe, drenched in cold sweat.

"Forget it." Ou Luoxi spoke.

Ah Ye glanced over at the staff member before he looked over at the makeup room by his side as he said, "Whose makeup room is this? Did the person arrive already? Let me go inside to negotiate with them and see if we can squeeze out some space."

The staff member looked towards the back and said, "This makeup room belongs to Miss Xia. Miss Xia is here now."

Everyone turned back and they saw Xia Xiaofu and Xiao Li walk over from the other end of the corridor.

“Miss Xia.” Ah Ye stepped forward immediately and said, “Our Luoxi’s makeup room had some problems. I do not know if we are able to squeeze with you, Miss Xia has also just worked together with my Luoxi before. You can be considered to be friends.”

### **Chapter 670: Touch Me**

Ah Ye spoke very politely. Actually, the celebrities in the entertainment industry would try to maintain a friendly stance among each other privately. With an extra friend, there would be an extra path. It was not something big for two of them to share the same makeup room, and Ah Ye believed that Xia Xiaofu would agree to it.

Xia Xiaofu stretched her hand out to remove the sunglasses that she was wearing, and her exquisite and mesmerizing features were exposed together with her bright and wandering almond shaped eyes. She looked towards Ah Ye, smiled, and said, “It is no problem for us to squeeze for a while, but we are filming the cover of a magazine today, we might be changing many different sets of outfits, and I do not know whether it is convenient.”

Xia Xiaofu rejected them subtly.

Ah Ye’s facial expressions froze. “This...”

“Do you have a temporary resting room? We don’t need the room to be big. As long as we can do makeup inside, it would be fine.” Ou Luoxi looked at the staff member and softly asked him.

The staff member pondered for a moment and said, “There is one room, but it is not in good condition...”

“It’s fine.”

“Okay, Mr. Ou, please come this way.” The staff member led the way.

Ou Luoxi walked away. When he left, he brushed past Xia Xiaofu’s side, and neither of them looked at the other.

Ah Ye trailed after him quickly.

Xia Xiaofu did not hesitate and pushed the door of the makeup room open before sitting down on the chair to get her makeup done.

Xiao Li felt that Xia Xiaofu was acting weird today. She hesitated for a moment before she said, “Xiaofu, what’s wrong? Actually, squeezing in the same makeup room is fine. In the entertainment industry, it is better for us to deal with one minor matter rather than having more problems. Ou Luoxi is so popular. If this matter gets leaked, they would definitely say that you are trying to be a diva. Ou Luoxi’s fans would definitely eat you up.”

Xia Xiaofu's face was expressionless. She looked at her reflection in the mirror before raising her hand up to tuck the strands of hair by her cheek as she said, "Doesn't he have a mouth? He needs someone else to say everything for him? I don't want to see him!"

Xiao Li was flustered. What Xiaocu meant was...Ou Luoxi did not speak with her?

Xiao Li let out a shout inside her heart. Oh my gosh, why do I feel some strong emotions coming from Xiaofu?

...

Ou Luoxi sat down on the chair, and the makeup artist was styling his hair.

Ah Ye was extremely furious as he said, "What does this Xia Xiaofu mean exactly? She has been in the entertainment industry for so many years now. She probably knows the tools of the trade. I don't see her clashing with others on a normal basis. She could be considered to be polite to everyone she met, but today, she actually offended us right in our faces. I think she is looking down on us."

Ah Ye had been working with Ou Luoxi for the past three years. He had never been slighted before, and no matter where they went, they were treated well and politely, so Xia Xiaofu's treatment was especially off-putting.

"That's right, Older Brother Ah Ye. Do you need me to tip off a journalist?"

Ah Ye looked at Ou Luoxi secretly.

Ou Luoxi looked through the mirror and also looked at Ah Ye. The expression in his eyes was very plain and could be considered to be very icy cold.

Ah Ye's heart was thumping quickly. He waved his hand quickly and said, "Get out of here. What about tipping off? If we wage war with Xia Xiaofu, only others would benefit."

The subordinate left in a hurry.

Ah Ye looked over at Ou Luoxi again. Ou Luoxi lowered his head and looked at the magazine in the subordinate's hand as if he were not that one who looked at Ah Ye just now.

Ah Ye murmured inside his heart. When he was talking about Xia Xiaofu with the other subordinate just now, the unhappiness and chill in Ou Luoxi's eyes was so obvious. That was obviously...a man's way of protecting a woman.

Luoxi and Xia Xiaofu....

...

Ou Luoxi came here to take pictures for his promotional posters. As he walked towards the filming studio, Ou Luoxi passed by Xia Xiaofu's filming location. He turned his gaze to the side to have a look. Xia Xiaofu was taking photographs with an extremely popular A-list star in the country.

Ou Luoxi stopped in his tracks and stood outside to have a look.

Xia Xiaofu stood on a ladder, and the handsome male celebrity held her soft waist. Both of them looked extremely intimate as they struck a pose.

The photographer made a hand gesture and said, "Both of you, please look here."

Upon hearing that, Xia Xiaofu and the male celebrity looked towards the direction that Ou Luoxi was standing in.

Both of them saw Ou Luoxi. The male celebrity's lips were curled up into a smile as he nodded his head towards Ou Luoxi. Xia Xiaofu's gaze scanned his face before she cast it away.

"Please be more intimate with one another. Look one another in the eye and appear to be in love with one another."

After that, Ou Luoxi saw Xia Xiaofu stretch her small hands out and hug the male celebrity's neck directly. She curled her small lily lips, and she had a bright smile on her face as she looked at the male celebrity.

The male celebrity was a little dumbfounded. Although he was also an A-lister, he had the popularity and the skills, but this was his first time that his partner was a natural beauty like Xia Xiaofu. He was flustered, and he felt a little reserved.

Upon seeing Xia Xiaofu cooperate, the male celebrity also had a bright smile on his face, and both of them looked at one another lovingly.

"Okay, very good."

The photographer complimented them and immediately took the pictures. Snap!

After the shutter sound rang out in the air, Xia Xiaofu quickly let go of the male celebrity's neck, and she turned her gaze to the side to look at the door. Ou Luoxi had already left.

He'd left a long time ago, and she saw it from her peripheral vision the entire time.

He only stopped for a brief moment and glanced at her.

"Miss Xia..." The male celebrity wanted to start a conversation with Xia Xiaofu.

But it was as if Xia Xiaofu did not hear him at all and followed Xiao Li to the makeup room to change her clothes.

The male celebrity felt awkward as he paused on the spot.

...

Ou Luoxi shot the promotional posters. He was used to having no emotions on his face and always had the same expression, and he shot the promotional posters in one shot.

After he was done taking the pictures. The journalists that were waiting for him all rushed over. They wanted to interview him. Ah Ye, the bodyguards, and the members of the staff all blocked the journalists from doing so, and they said, "It is time for an interview now. If there are any questions, you can raise them up one by one. Don't be too agitated."

“Ou Luoxi, Ou Luoxi,” the journalists loudly shouted out.

Ah Ye turned his head back to have a look. They were originally slated to accept an interview from the journalists. Even if they did not do an interview, he should also stay behind to allow the journalists to snap a picture, but Ou Luoxi had already turned around and walked away.

Ah Ye: “...”

Ou Luoxi walked towards his own resting room. He walked past a bend in the corridor and saw a couple quarrelling with one another —

The man grabbed the woman’s elbow, and his entire face was red as he shouted out, “What do you mean by this? Yesterday night, I saw you together with a man on the streets, and both of you were holding hands with one another. You were even hugging one another as you were kissing.”

The woman used force as she shook off the man’s hand, and she said, “Yes, you did not see it wrong. I did hold hands and kiss another person, and that man is my boyfriend.”

“Boyfriend? What am I then? In these past six months, you trailed behind me all the time, and you always said that you liked me. You said that you wanted to chase me, and now, you are in a relationship with another person?”

“Yes, I did try to woo you before, but you did not agree to it at all. You would not even bother with me normally. I do not like you anymore. I also do not want to woo you anymore. Similarly, you also do not have any right to worry about my life.”

Ou Luoxi stopped in his tracks. He heard the contents of what the couple was quarrelling about, and his facial expressions were blurry.

“Luoxi, Luoxi...”, Ah Ye chased after him.

Ou Luoxi turned his body to the side to have a look. “What’s wrong?”

“Luoxi, it is not something wrong with me, but there’s something wrong with you today. I called you so many times, and you did not hear it at all. You seem to be soulless.”

“I am fine. I am probably just...feeling unwell. Clear today’s schedule.” Ou Luoxi lifted walked forward and went into his resting room.

Ah Ye looked at the youth’s tall and handsome figure. He found it weird. Luoxi would usually not fall sick. Why would he fall ill today?

Ah Ye did not say anything, and he turned back to handle the mess left behind.

...

Xia Xiaofu followed Xiao Li and went back into the makeup room. There was a row of clothes hung on the hangers inside the makeup room. Xiao Li used her fingers to pick a nude coloured silk nightgown as she said, “Xiaofu, Older Sister Shi strongly recommended this piece of clothing. Older Sister Shi said that your image has always been that of a fairy. Trying out a daring and sexy image occasionally might result in an unexpected result.”

Xia Xiaofu sat down on the chair to have a look. She was not very interested and said, "I don't want to."

Xiao Li nodded her head. She knew that Xiao Fu has never liked to dress up sexy. She had her own principles.

Xia Xiaofu was a Young Miss from a rich family. She had both the visuals and the wits to rely on to sustain herself, so she chose to go into the entertainment industry because of her own interests, and money was really secondary to her.

She was only doing something she liked to do, and she was extremely cool.

Xiao Li stood behind the chair and helped Xia Xiaofu style her hair, "Xiaofu, I heard a secret from my best friend today."

"Huh?" Xia Xiaofu hummed out.

Xiao Li lowered her volume down and said, "A few days ago, didn't we see Ou Luoxi accompanying a senior President to have a meal? After the meal, Ou Luoxi went into a hotel room with that senior President."

Xia Xiaofu froze.

"But after ten minutes, Ou Luoxi exited the room, and I heard my best friend say that the senior President was given a harsh lesson, and he ended up in a very pathetic state."

"What?" Xia Xiaofu raised her head up in shock as she said, "Ou Luoxi beat that President up?"

"That's right." Xiao Li nodded her head.

Xia Xiaofu felt her blood that had cooled down boil up again. That day, Ou Luoxi had gone into the president's car, and she thought that Ou Luoxi was giving in.

But Ou Luoxi did not!

Then why did he still have to go into a hotel room with that senior president?

Xia Xiaofu bit down on her lower lip before she said, "Xiao Li, I am hungry now. Stop filming now. Help me order a meal."

Xiao Li had a look at the time and said, "Okay."

Xiao Li walked out of the room.

Xia Xiaofu quickly stood up from the chair. She was elated as she spun around a few times. She was a little at a loss for what to do now, and it turned out that she misunderstood him.

What was she going to do now?

Did she have to go and see him now?

...

Ou Luoxi sat in the resting room, and he held his phone in his hand as he played a game.

Maybe he was too focused on playing his game, or maybe he was not focusing at all, but he did not notice when the door opened.

When he sensed it, he felt a finger push his shoulder. He did not turn his head back, and he was cold and lazy at the same time. He only played with the phone in his hand, and the people that were working with him knew that he was trying to say — If there is anything you have to say, say it then. If there's nothing, then leave.

Nobody said anything, but his shoulder was poked by that finger again.

Ou Luoxi fluttered his long, curly eyelashes before he turned his head around.

Xia Xiaofu was standing behind him.

Ou Luoxi had long guessed that the person that was standing behind him was not his staff, because his staff would not touch his body on their own accord, but he did not expect for the person to be Xia Xiaofu because she was treating him very coldly today.

Looking at the girl's small, exquisite face, Ou Luoxi's eyes could not help but brighten up immediately.

The boy sat down, and the girl was standing up. Xia Xiaofu saw him stare at her for the first time. Her full face was a little red, and she pouted her small lips as she unhappily said, "What are you looking at me like this for?"

He would only glance at her normally, or he would be normally unwilling to even look at her.

Ou Luoxi quickly retracted his gaze and looked elsewhere. Behaving like that made him seem embarrassed and clumsy as he said, "I didn't. I just did not expect..."

He did not expect her to come over.

He thought that she would treat him like how she did today from now on.

Xia Xiaofu looked at him. The fringe covering his forehead was already curled up into waves, and it drooped down with a side parting on his forehead. He looked fashionable and handsome, and at this moment, Xia Xiaofu also reflected deeply on her part. There were so many men on earth, and she had to fall in love with him at first sight. She thought that it was maybe because she did so because of his looks. His strong eyebrows made him look masculine. His lips were a delicate shade of light pink. He was even more beautiful than a woman, and his entire being was perfect.

"What did you not think of? You're surprised that since I said that I wouldn't like you anymore, I am back here liking you again?" As she spoke, Xia Xiaofu still felt extremely wronged. Her tone could not help but be a little brazen as she said, "Let me ask you: did you sleep with that senior President or not?"

Her brazen attitude was just like a wife out to catch her husband cheating on her.

Ou Luoxi looked extremely obedient, and he lowered his gaze down as he shook his head and said, "I did not."

The corners of Xia Xiaofu's lips immediately curled up into a smile, but she forced out a cough before she controlled herself and said, "Why did you not sleep with that senior President? The senior President

had brought you into the room already, and it was so obvious that he wanted to sleep with you. You'd already followed him inside but did not allow him to sleep with you in the end. Were you playing around with him?"

Her tone made it seem as if she were laughing at him for being in that predicament.

Ou Luoxi did not say a single word.

He'd gone to get the documents for Older Brother's sake and did not go there to sleep with anyone.

Xia Xiaofu looked at him as he did not say a single word, and she was extremely jubilant. She stretched her hand out to touch his lips as she said, "What did you apply on your lips? Lipstick?"

After she touched him, Ou Luoxi retreated.

"Don't move!" Xia Xiaofu pressed his shoulders down immediately, and she clicked her lips as she said, "Tsk ts, girls wear lipstick, but why are you?"

Ou Luoxi raised his head up to look at Xia Xiaofu. Male celebrities all had to apply some lipstick when they went to film movies, advertisements, or when they attended events, and she should know this point well.

But when she said it aloud, it was just as if he were doing something embarrassing.

Xia Xiaofu touched his soft lips and was in an extremely good mood as she said, "Ou Luoxi, my legs are sore now."

"Huh?"

Xia Xiaofu climbed onto his lap before sitting down.

Ou Luoxi froze. A fresh sweetness slowly spread out through his nostrils. The girl did not weigh anything at all, and when she sat down on his lap, she was both soft and gentle, and it made him feel uncomfortable.

He used both hands to quickly pin down Xia Xiaofu's waist, and he wanted her to get down.

Xia Xiaofu used both of her small hands to hug his neck as she complained, "Ou Luoxi, you touched me."

Ou Luoxi felt it was as if his hand was electrocuted. Her waist was so slim, and both of his hands were able to cross with one another as he said, "I did not." He let go of his waist and denied the accusation.

Xia Xiaofu noticed the boy's ears were all red, and it was probably because of her bullying him.

She was bullying him.

She'd climbed onto his lap on her own and ended up accusing him of touching her.

Xia Xiaofu suddenly felt that this kind of feeling was just like a *déjà vu*. Had she already bullied him till his face got red before?

"Ou Luoxi, did you know that the Senior President wanted to sleep with you?"

Ou Luoxi looked at the girl's charming almond-shaped eyes. His body was still frozen, and he shook his head honestly.

Xia Xiaofu knew that he did not know about it. She still remembered that time in the changing room. He had a reaction when he was inside, and at last, he was so stupid that he told her about it, and it was her who had made him feel uncomfortable.

He said that it was the first time that he felt uncomfortable.

He felt uncomfortable, and he also did not know what to do after that.

He was so foolish, and he was so foolish that he did not know how to even kiss.

Him being like this really made him seem like he really did not know...the matters between a man and a woman.

### **Chapter 671: Let's Date Officially**

How should she teach him?

Xia Xiaofu's almond shaped eyes were sparkling as she looked at him. She softly said, "Ou Luoxi, pull my zipper down."

She wore a long styled casual coat. The hem of the coat covered the tops of her thighs perfectly. She did not have any clothing on her thighs. Both of her long, fair legs were extremely eye-catching, and there was a pair of stilettos that a man could not resist on her feet.

Xia Xiaofu was an intelligent woman who knew how to show off her feminine charms.

Ou Luoxi looked at her in a blur as if he did not understand what she was talking about, and it seemed that he was...embarrassed. He was unwilling to take action.

"Aiya, why are you so naggy? You are a man. What are you afraid of? Could I actually...force myself on you?" Xia Xiaofu spoke and held his hands up as she placed it on the zipper on her chest.

Ou Luoxi's ears were really getting redder and redder. He had not interacted with a girl before, and he did not receive an education about that. The Chinese books were extremely conservative and traditional in that aspect.

He also did not know if other girls were just like her. She sat on a man's lap and even asked the man to remove her clothes.

The girl was rushing him. Ou Luoxi fluttered his eyelashes before pulling the zipper.

She wore clothes underneath. It was that nude coloured silk nightgown that Xiao Li had recommended.

The thin strap of her clothing was on her fair and smooth shoulder. The silk wrapped around her curvy figure. Because she was seated cross legged, the hem of the nightgown was curled up very high.

As for how high it went up to, Ou Luoxi did not see it.

He briefly looked at her body before he quickly averted his gaze.

At this moment, Xia Xiaofu took her small fist and hit his shoulder with it. Her voice was extremely sweet as she said, "Oy, where are you looking? Others all want to have a look but are not able. I am letting you look for free."

Her sweet and coy voice was just like a young girlfriend who was acting cute to her boyfriend. Ou Luoxi felt thirsty, and he swallowed his saliva.

He did not duck away because she was seated on his lap and made it seem that she was taller than him, so his gaze was at the level of her chest. He was totally unable to avoid looking.

At this moment, both of his hands were grabbed by a pair of small, soft, and boneless hands. This time, she lead him to place his hands onto the top of her thighs, near the hem of her nightgown.

"Ou Luoxi, lift it up to have a look." She hugged his neck once again, and her sweet and fragrant breath was spewing on his handsome face.

"Don't..." Ou Luoxi rejected her weakly.

Xia Xiaofu looked at the boy's fair and rosy reserved looks and felt that there was a tiny beast pressing on his heart, and there was definitely a day that the tiny beast would escape, and she would pounce on him.

He was naturally someone who made others want to pounce on him.

"Ou Luoxi, are you going to lift it or not? If you do not lift it up, I will lift yours then." As she spoke. Xia Xiaofu moved her hands to go closer to his pants.

"Xia Xiaofu!" Ou Luoxi quickly grabbed onto her hands. She seemed to have a special liking for his pants. She always wanted to touch him there.

Xia Xiaofu saw his face that was forced red. The 22 year old boy was extremely innocent. He did not know anything at all. The moment she teased him, his face would turn red. After she teased him and made him anxious, he would even glare at her.

No matter how she looked at it, it made her heart itch.

"Then are you going to lift it or not?" Xia Xiaofu asked him for the last time.

Ou Luoxi's exquisite and beautiful face was already completely red. He moved his hand and lifted the hem of her skirt up.

He looked at it briefly, and the corners of his eyes were extremely crimson red.

He straightened his back, and his entire being was as stiff as a rock.

Xia Xiaofu hugged him immediately. She buried her entire small face onto his broad shoulder and said, "Did you see it or not? This is the difference between a man and a woman. When a man and woman sleep with each other, they can do a very happy thing.

"But a man cannot be together with another man because both of your bodies are the same. If you two sleep together it would be very difficult, and it would be very easy to catch diseases. If others find out about it, they would laugh at you. This is very shameless. Now, there are many perverted men around with extreme tastes, and you look so beautiful. All of them would prey on you. Don't be tricked by them."

Ou Luoxi did not dare to move. His hands were still tugging onto the hem of her skirt. His fingers unintentionally touched the smooth skin on her thighs, and there was a moment that he really wanted to touch her.

But, he did not do so.

"Ou Luoxi, tonight, I want to move to your house and live there."

Ou Luoxi's irises contracted, and he quickly let go of her skirt, pushing the distance between both of them further apart. He was in disbelief and looked over at the girl before he asked her, "What did you say?"

Xia Xiaofu had an extremely sweet smile on her face. She used one small, fair finger to draw circles on his chest. She was cheeky and fluttered her eyelashes as she said, "I said that I want to move over your house to live with you. You already saw every part of me. You don't know this, right? After a man looks at a woman, he has to take responsibility. You saw it all. In the future, I will be yours."

Ou Luoxi was entirely stumped, and he was in a daze as he stared at Xia Xiaofu.

Xia Xiaofu's smile got even sweeter as she said, "Ou Luoxi, although I am engaged to Ou Ze, he has not looked at me yet. Now that you have looked at me, Ou Ze would definitely not want me anymore. This is perfect because I also do not like him. I have broken up with him already.

"Ou Luoxi, I have something to tell you. I've liked you for a long time already. From now onwards, let's date officially."

Ou Luoxi wanted to speak, but: "Shh!" Xia Xiaofu used one finger to block his lips and said, "Ou Luoxi, you only need to nod your head now. I do not want to hear anything else from you. If you dare to shake your head, then I might be unable to control my own lips. I would probably scream for help very loudly or say that I was molested. When that time comes, if you do not want me, you would also have to want me, so be good. Let's not make the situation awkward. You have to listen to what I say, okay?"

Ou Luoxi: "..."

He suddenly thought of something. There was no such thing as a free lunch on earth, and she created a trap for him to jump into.

"Luoxi, since you are not saying anything, then I will treat it as you have already agreed." Xia Xiaofu climbed down from his lap and was extremely satisfied.

She tidied her clothing as she said, “Luoxi, the meaning of us dating officially is that I will be your girlfriend in the future. We have to be honest towards one another, and you can only have me. Similarly, I can only have you alone. You are not allowed to look at other girls, and you are also not allowed to smile at other girls. Also, you are also not allowed to touch them physically.

“But both of us are celebrities, so we can date in secret first. When the time is right, we can announce it to others. Also, don’t forget this: I will go over to your house tonight.”

Xia Xiaofu gave Ou Luoxi, who was almost completely frozen, a peck before she turned around and opened the door. Then she walked away with large strides.

She was in a good mood. That was such a joke. How could she not be able to win over Ou Luoxi.

Ha.

Haha.

...

At night, Ou Luoxi was in the villa. Ding Dong! The doorbell of the villa rang out in the air.

Ou Luoxi walked over to open the door, Xia Xiaofu, who was smiling like a blooming flower, was standing outside the door.

“Hi, Luoxi...” Xia Xiaofu stretched her hand out to wave at him before waving at the people in the back. “Move my things inside quickly. Please be careful and gentle with the items.”

Ou Luoxi looked behind her. There were two movers behind Xia Xiaofu, and they held a large box in each of their arms together with luggage.

Ou Luoxi: “...”

Xia Xiaofu walked into the living room. She directed the movers to place the things down. She was extremely confident in her demeanour, and she looked like the owner of the place.

The movers left. Xia Xiaofu looked over at Ou Luoxi and said, “Luoxi, where is my room?”

As she spoke, Xia Xiaofu’s face was slightly red. She lowered her gaze down to look at the carpet beneath her feet and said, “I will say this first: although I have moved over to live here, we cannot sleep together with one another...”

After she spoke, she did not get a response.

She raised her head up to look. Ou Luoxi was tall as he leaned against the side of the door. He looked over at her, and all of his expressions were saying —I do not understand anything you are talking about.

Xia Xiaofu: “...” He was totally a wooden block!

“Luoxi, let’s not stand here anymore. Where is my room?”

Ou Luoxi moved his body and lifted his long legs apart to head upstairs.

“Ay, Luoxi, my things. I am unable to carry them.”

Ou Luoxi turned his gaze back to look at her. The girl was shy as she stood there. Her almond-shaped eyes were extremely frail and weak as she looked at him, meaning — help me.

Ou Luoxi did not have an expression on his face. He bent his waist down and took her luggage and bags into his hands.

Xia Xiaofu had originally wanted to share the load with him, but his hands easily carried everything. He wore a light blue v-collared sweater, and the sweater's sleeves were half rolled up. When he carried the items, the muscles on his arms were even more apparent, and he was full of masculine charm.

Xia Xiaofu felt so awesome inside her heart. He had the looks, and he also had the strength. She'd found a treasure.

She was merry as she followed him over.

She went into the room. Xia Xiaofu was even more satisfied. The room was bright and broad. The design inside was also very warm.

Xia Xiaofu opened her luggage and slowly unpacked her things.

Ou Luoxi stood by the side of the door to look at her. The girl took a pink sheet out and hung it on the bed before she asked, "Luoxi, does my bed look good?"

Ou Luoxi did not reply to her. The girl also did not expect him to reply. She took out a handmade wind chime that was made out of seashells. She hung it up on the railing of the balcony, and the autumn breeze was gentle as it blew over. The pleasant sounding chime rang out throughout the entire room, and she asked him, "Luoxi, does this sound good?"

She started to pack her clothes again as she said, "Luoxi, my clothes are pretty, right? I have good taste."

The bright lights shone down on her curvy figure as she was busy here and there. It was obvious that she was someone who was very good at tidying up her room. The girly things were not expensive, but they were extremely exquisite, just as if she had found a treasure and brought it back. A girl like this really knew how to enjoy life.

She was in a very good mood. She was chit chatting happily as she chatted with him and even hummed out a happy melody. She really treated this place as her own home now.

Xia Xiaofu was done tidying up and she turned her head back to look over at the door. "Luoxi.."

Ou Luoxi had already left.

Xia Xiaofu looked at the room that she'd tidied up herself and was extremely satisfied. She clapped her hands and also went out the door. When she headed down the stairs, her tone was coy as she said, "Luoxi, I have not had my dinner yet, I am a little hungry. Let's go out and eat, or should we call for delivery?"

There was no one around in the living room. Xia Xiaofu found it weird and wondered where he ran to, and at this moment, she had a whiff of the fragrance of a meal. Her almond-shaped eyes sparkled brightly, and she went on her tiptoes to quickly run towards the kitchen.

As expected, Ou Luoxi was in the kitchen. The boy was tall as he stood before the counter, and he used his right hand to hold onto the spatula as he stir fried the vegetables.

Xia Xiaofu took two steps forward, and there were three exquisite plates placed on the countertop containing sweet and sour pork ribs, braised eggplants, and also stir fried fresh wild vegetables. They were normal homemade dishes, but they looked and smelled great. Xia Xiaofu was about to salivate.

Xia Xiaofu looked over towards Ou Luoxi's hands. There was a portion of steamed fish head with preserved chillies. The small bits of tofu were bubbling by the sides of the fish head as if they were premium grade lamb fat.

Xia Xiaofu quickly swallowed her saliva before she broke out into laughter. "Haha. Luoxi, I know that I am living in your home, so you are extremely happy, but you are being so polite. You prepared so many dishes to welcome me. Don't worry, I will definitely eat two bowls of rice later. I will not disappoint your good intentions."

Ou Luoxi did not say anything.

Xia Xiaofu was already extremely excited inside her heart. Ou Luoxi actually knew how to cook?

Ou Luoxi knew how to cook!

The cold and normally chic looking boy was actually so good at cooking, and she found it hard to believe.

She just had a look. This villa was tidied up very cleanly. It did not have a speck of dust at all. This showed that he was someone who liked to be clean. Furthermore, he also did not have a maid. He lived here alone, and this showed that his quiet and private life was organized very well.

Xia Xiaofu looked over at Ou Luoxi, they all said that men who knew how to cook were the most handsome, and he was definitely one of them. He was so handsome that she was entirely dazzled.

Xia Xiaofu was feeling extremely pleased inside her heart. "Woof woof!" Little Fourth came over from the balcony and pounced on Xia Xiaofu.

"Ah!" Xia Xiaofu let out a scream feeling frightened. She quickly ducked behind Ou Luoxi and said, "Don't bite me..."

Ou Luoxi blocked her. He lowered his gaze down to look at Little Fourth. He raised his eyebrows up, meaning — You cannot.

"Woof woof..." Little Fourth barked at Xia Xiaofu again, meaning — Then why is she inside my home?

Ou Luoxi wanted to speak, but at this moment, the girl behind him boldly snuck her small head out and followed his posture. She stretched her small, fair fingers out to point at Little Fourth and stuttered out, "I, let me tell you, you cannot bite me. In the future I...I will be your Mama. You have to listen to me..."

"Woof!"

"Ah!"

Xia Xiaofu jumped back, and she hugged Ou Luoxi's waist tightly.

Ou Luoxi raised his eyebrows up. He looked over at Little Fourth and said, "Go! Otherwise, you are not allowed to eat dinner tonight."

Little Fourth was a food lover. It heard Ou Luoxi speak like that, and it had no other choice but to wag its tail as it walked out.

After the danger was gone, the girl was still hugging him tight. Ou Luoxi turned around and stretched his hands out to pull her small hands away before moving two steps towards the side, and there was a distance between them.

Ou Luoxi turned his gaze over to the side to look at her. Xia Xiaofu's tiny face was a little pale. She was probably really afraid. Normally, girls would be afraid of the Tibetan Mastiff as it was naturally an animal that was cruel and fierce. Furthermore, Little Fourth had bitten her skirt before. She was traumatized, and it would be weird if she were not afraid.

He switched the fire off and went to take a bowl as he said, "Don't be afraid, Little Fourth doesn't bite others. He is only...wondering why there is a stranger in the house..."

"I got it." Xia Xiaofu nodded her head. She had a glance at Little Fourth, who had already walked back to the balcony, before she smiled and said, "Oy, Ou Luoxi, does Little Fourth...like me...very very much?"

Ou Luoxi froze upon hearing what she said. He turned his head back to look at Xia Xiaofu. "What?"

Like...

He thought that she would think that Little Fourth did not like her.

A normal girl who was bitten two or three times would think that the animal did not like her, but she was different. She thought that the animal liked her.

"Could that not be right? If Little Fourth does like me, why does it pounce me every time he sees me? Little Fourth seems to be a male. Opposite sexes attract, right? Haha." Xia Xiaofu squinted her sparkling almond shaped eyes as she broke out into a sweet smile.

### **Chapter 672: I Definitely Did Not Ask Little Fourth To Remove Your Pants**

Ou Luoxi glanced over at her. He did not say a single word, and he went over to serve the fish.

"Luoxi, you don't have to worry. Since Little Fourth is your...family member, I will guarantee that I will interact with it well in the future. No matter what, you are its daddy, and we are dating one another. That means that I am its Mama now. In the future, the three of us will be a happy and blissful family..."

The girl was chatting nonstop by the side of his ear. Although they had not interacted with one another much in the past, Ou Luoxi realized that she was extremely bright and cheery. She was a girl with a positive outlook, and there was a youthful and bright energy that came out of her nonstop. Her smile was very contagious.

"Luoxi, actually I, do have some love for small animals, but when I was 19 years old, I was frightened by a wolf, so I was a little afraid when I saw Little Fourth."

Ou Luoxi's long eyelashes froze. What she was talking about was the lone wolf that he'd lived with for 10 years when he was in the depths of the mountain.

"You saw a wolf?"

"Yeah, that's right. I went on a trip with my classmates that time, and I ended up getting lost in a large mountain, and after that, a wolf pounced on me. Ou Ze saved me... Actually, I could be considered to have grown up together with Ou Ze, but I do not like the Ou family too much. I also do not like Ou Ze for having that businessman aura to him. Ou Ze wooed me for many years, but I never agreed to it. After that, it was because Ou Ze saved me, I spent a few days together with him in a mountain cave, and those few days, I thought I found a kind of feeling on him, so I agreed to getting engaged with him, but after getting engaged, I realized that he did not change at all. I had the wrong feelings."

Those few days...

All of the scenes of what happened between him and her in the mountain cave three years ago clearly flashed through his mind. That was his first time that he saw a human, a girl, and she looked so beautiful.

She was running a low fever and constantly complained about feeling cold. He lived inside the mountain cave and did not have any cotton blankets or clothes, so he moved his hands to remove her clothes and wanted to use his body to give her some warmth.

He had not studied before. He was also not educated. In his very very distant memories, when he was very young, and his mentor that was just like his father used a calligraphy brush to teach him how to write, the mountains were quiet and empty without any women. He did not know there was a difference between men and women, and after he removed her outer clothing and saw her small singlet, she was running a low fever and was extremely unwilling to let him remove it, and she even bit him.

And at last, he did not remove her small singlet, but she was almost completely naked, and she had a small singlet and a pair of white coloured underwear. He did not remove it. He instinctively realized that she would be unwilling, and he hugged her just like that as they slept for a few days.

And in the past few years, he always remembered the feeling that he felt as he hugged her. She was really so soft and so warm. This was not a feeling that he could get from being together with a lone wolf. This kind of feeling belonged to a person, and this kind of feeling made his heart pound and made him feel regretful.

"Those few days...what felt wrong?" Ou Luoxi asked softly.

Xia Xiaofu pondered for a moment and said, "Ou Ze back then, his embrace was very warm..."

After some time, Xia Xiaofu was unwilling to continue. She secretly looked at Ou Luoxi's facial expressions. She observed whether he was unhappy or not, and she was afraid that he would get jealous.

There were some things that she was unable to say out loud. She also did not dare to tell him. She was afraid that he would despise her. Although she was very clean, she was still seen by Ou Ze, and Ou Ze also hugged her.

The clean and pure body that she'd kept for 19 years was forcefully removed of the clothing that she wore in the mountain cave. During those few days, she had a low fever the entire time, but there was one night where her face and ears were all red as she woke up in the man's embrace. She found herself buried in a very warm embrace, and she did not know anything about being bashful and hugged that person's waist.

The 19 year old girl did not know anything about love, and at that moment, she felt her heart thumping very quickly as it was about to burst out of her body. She knew that she'd fallen in love already, and she fell in love in a heartbeat.

And after she woke up, she saw Ou Ze. Ou Ze hugged her as he kissed her hair. She stretched her small hands out obediently to hug his neck, and she agreed to Ou Ze's proposal in the hospital.

But after that, she could no longer find that feeling that she felt when she'd fallen in love on Ou Ze, not even once.

She even suspected that those few days were all just her imagination.

Ou Luoxi did not say anything more, and he served the fish head steamed with pickled chillies on the dining table.

"Luoxi, let me help you." Xia Xiaofu ran up to help him serve the fish. He prepared all the dishes for dessert, and she did not do anything at all. She felt embarrassed.

Xia Xiaofu was running in a hurry, and she stretched her hand out to snatch the plate, but her small fair fingers were scalded by a little bit of fish soup. "Sii." She let out a shout and said, "It's so hot."

Ou Luoxi quickly put down the plate, and he stretched his hand out to hold her small fingers as he brought her over to the sink. He switched on the tap and used cold water to rinse her fingers.

The hot and cold temperatures interacting with one another made Xia Xiaofu feel a little uncomfortable, and she shrunk back.

But her small index finger was pinned down by the boy's fair left hand, and he said, "Don't move. After using some cold water to rinse it, it will get better when you apply some medication later," he said.

Xia Xiaofu looked at the side of his exquisite and beautiful features. Her heart felt sweet again, and her heart was beating quickly. Things were bad, the feeling that she'd felt over those few days in the past, she found it on him now.

That time in Ning Qing's drama production set, it could be considered to be her first time that she met him formally, and it was just as if she fell in love with him from the first second she saw him.

She did not know whether things in life could be summed up to fate.

“I do not know how to cook. I wanted to help you serve the dishes but scalded my own hand. Would you think that I am very foolish?” she asked him.

Ou Luoxi did not say anything.

Xia Xiaofu continued to talk to herself. “I am not foolish at all. On the contrary, I am very smart. Although I do not know how to cook, I know how to tidy up the house and do chores. I still know how to sew clothes and knit sweaters. I know how to do many things.” She pouted her small red lips as she spoke brightly.

Ou Luoxi still did not say anything.

Xia Xiaofu bit down on her lower lip as she asked him, “Luoxi, why did you name Little Fourth like that? Did... Young Master Lu, General Zhou, and you are three brothers, so you named him Little Fourth? But similarly, what will you call your baby in the future, Little Fifth or Little Sixth?”

Ou Luoxi heard what she said and paused for a moment, and he turned his head slowly to look at her.

They were very close to one another. The moment he turned his head around, both of their faces were very close as if their breathing was connected with one another. As she looked into the man’s clear and sparkling eyes, she noticed that he was a little confused, and Xia Xiaofu softly explained, “Baby is your baby in the future. In the future, there will be a woman...who will give birth to a baby for you.”

Xia Xiaofu spoke as her small face turned red.

She felt embarrassed as she lowered her eyelashes before she raised her head up to peek at him. Ou Luoxi was looking at her quietly, and his gaze was warm and gentle.

Xia Xiaofu was a little mesmerized by his exquisite and beautiful outlook. This kind of topic made the atmosphere awkward, but this kind of atmosphere was very suitable...to kiss right?

Xia Xiaofu could not help but curl the corners of her lips up before closing her eyes.

She was waiting for him to kiss her.

But after five seconds, ten seconds passed, and there was a gust of cold wind that brushed past her. “Have your meal.”

Ou Luoxi turned around and headed out of the kitchen.

Xia Xiaofu opened her eyes suddenly: “...” There were three black lines across her forehead.

Wooden stick!

He did not know how to do it although she’d sent herself to him.

Xia Xiaofu ate her dinner happily before she went to sleep. She had a good night of sleep without any dreams, and she woke up at 7 in the morning.

7 o' clock in autumn was still very early, but last night she'd eaten the dinner that Ou Luoxi prepared, and this morning, no matter what happened, she could not sleep in. She planned to show off her skills. After all, she still knew how to make some porridge.

She went to the bathroom to brush her teeth and wash her face before she changed her clothes. Xia Xiaofu tidied the room up, and went over to the balcony to open the windows.

The air outside was very fresh. She stood on the balcony as she stretched. She figured that Ou Luoxi was probably still not awake yet.

Xia Xiaofu was about to turn around and head out of the door, but at this moment, she saw a large and small figure appear on the lawn downstairs. She looked over in that direction, and the green patch of grass that was full of autumn dew had two figures running around on it — Ou Luoxi and Little Fourth.

Actually, a Tibetan Mastiff was not good at running about, but Little Fourth could be considered quick. The moment she saw, she knew that it was due to training in the long run, but no matter how quick Little Fourth was, it was not as quick as Ou Luoxi was. Ou Luoxi ran two rounds, and Little Fourth only completed one round. Little Fourth felt embarrassed and barked out loud, "Woof woof!" From the angle that Xia Xiaofu was standing in, she could see a gentle and loving smile appear on the corners of Ou Luoxi's lips.

Xia Xiaofu was in a daze as she looked on.

After a few minutes, the person and the Tibetan Mastiff finished their running and ran inside the villa. Xia Xiaofu hurriedly opened the door to walk out. Ou Luoxi had already gone upstairs.

The boy wore a white t shirt together with a pair of black casual pants. The morning run made him sweat from head to toe. The fringe above his forehead was all wet and stuck onto his forehead, and it made him look extra beautiful and handsome.

Xia Xiaofu waved her hands out quickly and said, "Hi..."

Ou Luoxi glanced at her. He did not have any expression on his face as he brushed past her before going into his own room.

Xia Xiaofu felt like a failure. Why did he treat Little Fourth so well, but he was so cold towards her?

Could she actually not match up to Little Fourth?

Xia Xiaofu took two steps to walk over to his room. The door was not shut tight. She used both of her small hands to perch herself by the gap of the door to look, and secretly had a look inside the room.

Ou Luoxi stood by the side of the bed with his long legs, and he turned his body to the side. He removed the drenched white shirt.

Xia Xiaofu's irises widened. It was the first time she saw his naked body. His body was really so tough. He looked slim when he was dressed, and after he removed his clothes, he was tough and muscular. His sun-kissed skin tone on his muscles, and his six pack on his stomach... He had a perfect mermaid figure, and especially after he exercised, his chest was still pumping quickly...

Xia Xiaofu bit her lower lip. She could not persist like this anymore, and her legs went soft.

She thought about the moment that he brushed past her side. She had a whiff of the smell on his body. It was a green and fresh natural scent. It was mixed with a healthy hot burst of energy that came out after the man exercised, and it was very pleasant to the nose.

Xia Xiaofu felt a little drunk.

At this moment, Xia Xiaofu's pants were suddenly bitten. She lowered her gaze to have a look. She noticed that Little Fourth was biting her pants as it glared at her, and while it looked at her, it was tugging her pants down.

She was afraid that Ou Luoxi would realize it. Xia Xiaofu quickly let go of her small hand and took two steps back. Her hands were up in the air as she surrendered and softly said to Little Fourth, "You cannot rip a hole in my pants, okay?"

Little Fourth looked at Xia Xiaofu and naturally did not say anything.

Xia Xiaofu used her small fingers to point towards Ou Luoxi's room as she said, "Little Fourth, be good, okay? You are not allowed to bite Mama, okay. If you want to bite, go and bite your Daddy's pants, okay?"

This thought made Xia Xiaofu a little excited. She just had a look at Ou Luoxi's body, and his lower...she still had not seen it yet.

"Little Fourth, go inside quickly. Go inside to bite your Daddy's pants." Xia Xiaofu spoke as she gestured towards it, and she continued, "You bite your Daddy's pants and use some strength to pull it down. The deed will be done after that."

Little Fourth's large round eyes whirled around before it let go of Xia Xiaofu and dashed into Ou Luoxi's room.

Xia Xiaofu was secretly elated inside her heart, and she perched herself by the side of the door to have a look.

Little Fourth dashed into the room, and as she expected, it really bit Ou Luoxi's pants as it was about to pull them down, but it was not successful because Ou Luoxi realized what it planned to do very quickly, and he raised his eyebrows as he looked at Little Fourth.

"Little Fourth!"

"Woof woof!" Little Fourth bit down on Ou Luoxi's pants before it turned his head to look over at Xia Xiaofu. "Woof woof!"

After that, Ou Luoxi raised his head up to look over at Xia Xiaofu.

Xia Xiaofu had never done something bad before, and now she only felt guilty. She was frightened and closed her eyes before she shook her head just like a rocker. She loudly said, "No, I definitely did not ask Little Fourth to remove your pants. I did not want to look at you!"

Upon speaking, everyone present, including the Tibetan Mastiff, immediately went silent.

The silence was just like death.

It took Xia Xiaofu a few seconds before she realized what she had said. She actually said what she was thinking inside her heart honestly out loud?

She opened her eyes quickly, and she was in a daze and was embarrassed as she looked at Ou Luoxi, who was inside the room.

Ou Luoxi did not have an expression on his face. He had a look at the girl who was standing by the side of the door. Today, she wore a thin white sweater. She wore marine coloured overalls adorned with red hearts. Her long hair was tied up in a ponytail, and this kind of pure and attractive look made her look young and youthful.

“Prepare to have breakfast,” he said plainly before turning around to go into the bathroom to take a shower.

Xia Xiaofu let out a huge breath of air. She was really too foolish, and she was almost on the brink of tears due to her own foolishness.

She also had to thank him. She had to thank him for not making the atmosphere even more awkward.

Xia Xiaofu looked at Little Fourth, before she placed her hands on her hip as she said, “Little Fourth, you betrayed me!”

Little Fourth already knew that his Mama was greedy for his Daddy’s beauty, and towards her embarrassing behaviour, Little Fourth was arrogant as it shook its tail and left an image of its beautiful round butt for Xia Xiaofu.

Xia Xiaofu: “...”

...

Xia Xiaofu wanted to prepare breakfast, but Ou Luoxi had already prepared breakfast before his morning exercise. He made millet porridge that was very fragrant together with two exquisite dishes, boiled eggs and sandwiches. The dishes that he prepared were all very nutritious.

They ate breakfast silently, and the people from the production set came over to pick Ou Luoxi up.

“Luoxi, you can go. I will wash the dishes later. I do not have any work today. I will just stay at home.”

Ou Luoxi was worried as he looked at Little Fourth.

“Luoxi, hand Little Fourth over to me, I will take good care of it. You can go and get busy quickly. Come back early tonight.”

Ou Luoxi stood up and held his own coat as he went out the door. Xia Xiaofu stood by the side of the French windows as she sent him off in the car with her gaze.

Ou Luoxi left, and Xia Xiaofu went to wash the dishes. She was in a very good mood. After she was done washing the dishes, she ran over to talk to Little Fourth. Little Fourth was throwing a tantrum and did not bother with her.

This did not affect Xia Xiaofu’s good mood. A Tibetan Mastiff raised by an arrogant person would also be arrogant. She did not find it weird, in the afternoon, Xia Xiaofu took her bag and was about to head out

the door as she said, "Little Fourth, I'm going out to buy some groceries. You stay at home obediently and wait for me to come back."

Little Fourth was originally laying down lazily on the carpet. The moment it heard that Xia Xiaofu was about to head out, it stood out quickly and barked, "Woof woof!"

Xia Xiaofu understood what Little Fourth was trying to say, and she said, "Do you want to go with me?"

"Woof woof."

Xia Xiaofu suddenly remembered that Ou Luoxi usually brought Little Fourth with him everywhere. Little Fourth was also always cooped up at home and felt bored. She nodded her head and said. "Okay, Mama will bring you out, but you have to be obedient, okay? You have to listen to what I say."

"Woof woof."

### **Chapter 673: Little Fourth Is Lost**

She held onto Little Fourth as she headed out.

...

Xia Xiaofu did not dare go to the big supermarket. She was afraid that others would recognize her and stir up unnecessary trouble, so she wore a cap and sunglasses and drove to a smaller and more secluded supermarket. She parked the car and brought Little Fourth in to buy groceries.

There was a promotional event by the door of the supermarket. There were many people gathered around. Xia Xiaofu saw a doll that was very beautiful. She squeezed forward and asked, "How much is this?"

"This is not for sale..." The salesperson explained the sale to Xia Xiaofu.

Xia Xiaofu listened to her very seriously. In her mind, she bought the promotional item before hugging the doll in her embrace feeling satisfied.

"Let's go, Little Fourth, let's go into the supermarket." Xia Xiaofu headed inside the supermarket.

But Xia Xiaofu had yet to step inside the doors of the supermarket and realized that something was not right. "Little Fourth?" She turned her small head around and looked around. Where was Little Fourth?

Xia Xiaofu was shocked and broke out into a layer of cold sweat. She quickly removed the sunglasses that she was wearing as she shouted, "Little Fourth? Little Fourth!"

She was dead. She had been too focused on the doll, so she lost Little Fourth.

Xia Xiaofu ran out quickly and went to search for it. "Little Fourth, where are you? Come out quickly. Don't scare Mama."

She looked for it for more than one hour. The sun had already gone down, but she still could not find Little Fourth.

Xia Xiaofu stopped in her tracks and took her phone out of her pocket. Her small hands were shaking as she dialed Ou Luoxi's number.

Ring ring. Ou Luoxi's pleasant and pure voice came out from the other end. "Hello..."

Xia Xiaofu's face was pale. Her eyes were red rimmed. She held onto her phone before softly saying, "Hello, Luoxi, I am sorry, I think...I created trouble."

"What?"

"I brought Little Fourth out shopping, but the moment I turned around, I lost Little Fourth."

"What are you saying? Little Fourth is lost?" Ou Luoxi's voice became anxious as he continued, "How did you lose Little Fourth? Why did you have to bring it out? Since you brought it out, why did you not look after it properly?"

This was the longest sentence that she'd ever heard from Ou Luoxi. Xia Xiaofu could not help herself. The tears in her eyes flowed down immediately. She felt very bad inside her heart, and she felt very guilty.

There were so many bad people outside nowadays, and a Tibetan Mastiff was worth so much money. If Little Fourth were caught by some bad people and was sold off or killed, what was she going to do?

For the rest of her life, she would not forgive herself.

She also did not have the face to see Ou Luoxi anymore.

She covered her small mouth before she softly sobbed. "I am sorry... I am really so sorry..."

Ou Luoxi, who was on the other end, heard her crying and was silent for a few seconds before he softly asked, "Where are you right now?"

Xia Xiaofu scanned her surroundings. She already walked over to a small alleyway filled with potholes. There were no road signs in the vicinity, and she did not know where she'd walked to.

Ding, ding. Her phone had a notification; her battery was going to run out soon.

"Luoxi, don't be angry. I will definitely find Little Fourth. If I am unable to find Little Fourth, I will not go back anymore."

"Xia Xiaofu, tell me your current location right now..."

He had yet to complete his sentence, and Xia Xiaofu's phone already shut off automatically.

...

Xia Xiaofu put her phone back into her pocket. She wiped her tears from her face and continued to look for Little Fourth.

"Little Fourth, Little Fourth..."

Xia Xiaofu walked over to a shop selling dog meat. There was a big cage in front of the shop. There was a Tibetan Mastiff lying down inside the cage. Xia Xiaofu's heart thumped and skipped a beat. She looked at it carefully and was immediately elated. It was Little Fourth.

She found Little Fourth.

Xia Xiaofu was extremely emotional. She wanted to call out to Little Fourth, but Little Fourth looked sickly as he lay down inside the cage, and there was an electric shock stick beside the cage.

Xia Xiaofu instantly realized that Little Fourth had been electrocuted, so it was caught and placed inside the cage. This shop was selling dog meat, and the owner of the shop definitely wanted to kill Little Fourth and eat it.

Xia Xiaofu scanned her surroundings. It was pitch black all around, and there was no one around. She could not ask for help, and furthermore, her phone battery was flat. She was unable to call the cops. Xia Xiaofu pondered for a moment and decided that she had to be witty.

"Boss." Xia Xiaofu walked into the shop.

The owner of the shop was a bald man in his forties. The moment he saw Xia Xiaofu, his eyes lit up, and he almost started to salivate. In this poor village, the owner had not seen such a beautiful woman like Xia Xiaofu in his entire life, and she was just like a fairy.

The shop owner quickly stepped forward and said, "Miss, what do you want to eat?"

Xia Xiaofu looked over at Little Fourth. Little Fourth had also heard her voice and also looked over at her. "Woof..." Little Fourth used its claws to grab onto the cage. Its eyes were extremely pitiful as it looked at her.

"I want to have a bowl of...noodles."

"Sure Miss, what meat do you want to add? We have everything here: dog, mutton, pork meat. Dog meat is our speciality."

Xia Xiaofu stretched her fingers out to point towards Little Fourth as she asked, "What is this? Why do I think that it looks like a Tibetan Mastiff? Kill it. I want to eat the meat of a Tibetan Mastiff."

"This..." The owner of the shop was in a dilemma as he continued, "This Tibetan Mastiff is very expensive. Today, just to catch it, it took a lot of effort. I want to sell it for a good price..."

"Okay, stop talking. You just want money, right? Here. This is for you." Xia Xiaofu put her wallet out and placed it on the table.

The owner of the shop opened the wallet. There was a thick stack of red notes inside, and there seemed to be five or six thousand dollars.

"Okay, Miss. Please wait a moment. I will kill this beast right now..." The owner put the money away and bent down to open the cage.

Xia Xiaofu was nervous as she looked at the owner's movements. The moment the door of the cage opened up, Xia Xiaofu stood up and loudly shouted, "Little Fourth, run away quickly!"

Xia Xiaofu dashed out of the room.

Little Fourth pounced on the shop owner and also dashed away quickly.

“Stop right there. Both of you, don’t run” The shop owner’s face turned black, and he took the electric shocker in his hand as he chased after them.

Xia Xiaofu and Little Fourth ran to the small road that was filled with potholes. She had a joy that was akin to surviving after death. She glanced over at Little Fourth. Little Fourth barked at her. “Woof!”.

Xia Xiaofu quickly broke out into a smile and said, “You don’t have to thank me.”

She took this woof as Little Fourth’s way of saying thanks.

She ran for some distance and realized that she was lost. There was a barrier in front of her. After crossing over the barriers, they would reach the main road. There were not too many people on the street, but there were cars around.

“Little Fourth, go over quickly.”

This was not something hard for Little Fourth. Little Fourth used strength with its claws, and passed over the barrier in a swift movement.

Xia Xiaofu was in a daze with her legs. Little Fourth passed over very easily, but what was she going to do?

Xia Xiaofu quickly climbed onto the barrier. She had always been feminine and never tried doing such a thing, and she was a little clumsy in her movements.

It was at this moment that the owner of the shop ran over. He latched onto Xia Xiaofu’s clothes and dragged her down. The owner of the shop was livid as he said, “It turns out that you are a cheater! There has yet to be anyone who dared to swindle me. Today, I will let you see how professional I am.”

As he spoke, the owner of the shop touched Xia Xiaofu’s small face and said, “Tsk tsk, it is really so smooth. I will let that Tibetan Mastiff off, but you, I would not let you go. Come. Let me sleep with you. After we are done, I will bring you back and make you my wife.”

The shop owner dragged Xia Xiaofu over to a nearby shrub.

Little Fourth, who was at the barrier, saw that Xia Xiaofu had been caught, and he immediately crossed over the barriers again. “Woof woof!” Little Fourth immediately went to bite the thighs of the shop owner.

“Little Fourth, run away quickly. Don’t worry about me anymore!” Xia Xiaofu shouted out loudly.

The owner called out in pain, his thighs were bleeding after getting bitten, and he shouted, “Beast, it is your death day today!” The owner of the shop raised his electric stick and adjusted the power to the maximum before pressing it in Little Fourth’s direction.

“Little Fourth!”

If he managed to hit Little Fourth with it, it would definitely die. Xia Xiaofu called out painfully, and she couldn't breathe.

At this extremely critical moment, the hand of the shop owner was pinned down.

The shop owner was alarmed. He struggled around and wanted to move, and that fair hand seemed not to be using any strength at all, but the owner of the shop was unable to struggle.

Xia Xiaofu raised her head up to look over. "Luoxi!"

"Woof woof!" Little Fourth was even more excited as it barked out loudly.

Ou Luoxi easily restrained the shop owner. His wrist moved, and the electric prod in the owner's hand changed directly. The electric prod immediately shocked his stomach.

"Ah!" The shop owner let out a shout before he collapsed onto the ground as his mouth started to foam, and he fainted.

Xia Xiaofu had escaped from danger, and she collapsed down onto the ground. She used her small hand to touch her own chest before she took large breaths of air.

She had yet to pant for a moment, and she felt a pair of eyes look over at her. She raised her head up to look and only noticed that Ou Luoxi's hands that he drooped by the sides of his hands were kneaded tightly into fists, and his face had a sinister expression as he looked at her.

"Luoxi, I... I am sorry," she stuttered.

"What is the point of saying sorry right now? Xia Xiaofu, do you actually have brains? Did you know how dangerous this man was? If I would have come a little later..."

Xia Xiaofu pouted her small lotus-like lips. She hugged her kneecaps as she buried her small face inside. She was unhappy as she murmured, "I know."

He was normally silent and did not speak much, but now, he was so good and fluent when he was criticising her. It was so dangerous just now. Her legs were still shaking, and all he could do was chide her.

"Woof woof!" Little Fourth was extremely unhappy as he barked at Ou Luoxi, then he walked over to Xia Xiaofu's side. He nudged her with his body as if he were saying — I am on your side.

Xia Xiaofu had a sweet smile on her face before she stretched her small hand out to touch Little Fourth's head.

Although it was dangerous, she'd made a strong friendship with Little Fourth in this dangerous episode. Ha!

Ou Luoxi looked at the girl and Little Fourth from above. He controlled the anger in his heart before he said, "Let's go. Let's go back home."

"Oh." Xia Xiaofu replied before raising her head up to look at Ou Luoxi. She was very pitiful and felt wronged as she said, "My legs are soft. I can't walk. I want to rest for a while longer."

Ou Luoxi bent over and picked her up.

Xia Xiaofu quickly hugged his neck before burying her small face under the collar of his coat. She curled the corners of her lips up as she smiled secretly, then she said, "Actually, I can walk on my own."

Ou Luoxi lowered his gaze to look at her. Her low ponytail was a little loose right now. There were a few strands of hair stuck on her exquisite cheeks, and there was some black soot on her cheeks, but her eyes were the only thing that were sparkling even brighter than a pearl. She looked like a cute and cheeky kitten.

"Don't you just want me to carry you?"

Xia Xiaofu bit down on her lower lip. She'd said that her legs were soft, and she did in fact want him to carry her, but he was such a wooden person. How did he become wise to her needs now?

She knew that he was just pretending to be dumb.

"Then do you know what I am thinking about right now?"

Ou Luoxi did not have an expression on his face, and he did not reply to her.

Xia Xiaofu hugged him tight. She had a satisfied smile on her face as she said, "I am thinking...my hands are so cold."

She snuck one small hand into his coat. He wore a thin sweater underneath his coat. The material was very soft. She placed her small hand over his heart.

Ou Luoxi: "..."

...

Both of them walked over to a bus stop together with Little Fourth. The bus that came here could bring them directly to the city. Because it was the last bus, there were many people on it.

Ou Luoxi put Xia Xiaofu down before bringing Little Fourth onto the bus, and both of them stood by the side of the windows.

Xia Xiaofu was surrounded by men on her sides. These men had not seen such a beautiful woman like her before, so their eyes were all fixed on her, and she did not know if they were doing it on purpose or not. Those men were all trying to nudge her.

It was the first time that Xia Xiaofu took a bus. As for these men, she found them frustrating, and she did not like them.

At this moment, a muscular arm held onto her slim waist. Her entire being was brought against a warm chest. She lifted her head up to have a look. Ou Luoxi leaned against the windows of the bus, and he pulled her directly into his embrace.

Little Fourth took the chance and parked himself in front of them before fiercely glaring at those men who did not have good intentions.

The men did not dare to provoke a Tibetan Mastiff, and they all stepped back.

Xia Xiaofu was protected like this, and she felt very blissful. The bad smell on the bus was replaced by the clean and pleasant scent of Ou Luoxi's body, and he did not take his hand back the entire time. He hugged her like that. Both of them faced one another, and their bodies were almost stuck to one another.

"Why did you not drive over?" she asked him softly.

Ou Luoxi was tall with his long legs as he casually laid back. He said, "I asked you where you were, but you did not say anything. This place is all full of small roads. It is not easy to drive here, so I ran over."

Xia Xiaofu heard the concern and worried feelings in his voice and she said, "Luoxi, you could not see me. Were you shocked? Were you afraid? Did you feel very nervous and worried about me?"

Ou Luoxi glanced over at her, meaning — What do you think?

He turned his gaze over to look outside the window.

Looking at his arrogant demeanour, Xia Xiaofu broke out into a sweet smile. She stretched her small hand out to tug the clothing around his waist as she said, "Luoxi, you like me!"

It was not a question but an affirmation.

Ou Luoxi did not reply to her.

At this moment, the bus made an emergency brake. Because of his habit, Ou Luoxi's body bent forward slightly. Because both of their bodies were very close to one another, the moment he slanted, both of their faces were stuck to one another.

Xia Xiaofu looked at the thin lips that were 0.1mm away from her lips. His lips really looked very good. They were light pink in colour and were even more attractive than jelly.

She went on her tiptoes and kissed his thin lips sneakily.

Ou Luoxi froze for a moment. His breathing and senses were all full of the softness and fragrance of her lips. He swallowed his saliva and was thirsty.

Xia Xiaofu's small hand tugged his waist and used strength, and she pulled his body over to hers. Her small face was red as she softly said, "Luoxi, kiss me."

Ou Luoxi straightened his waist, and he looked at the small, exquisite, egg-shaped face that was enlarged in front of him. She was both shy and expectant as she looked at him. Her almond-shaped eyes were spinning around, and she was full of charm.

Ou Luoxi looked downwards to look at her red lips. He still did not know that this was the hot attractiveness between a man and woman. He only found it to be hot, and this kind of feeling was like he was going out of control.

He was unwilling to react. Xia Xiaofu tugged him again. Her small face was so red, almost the same shade as blood as she said, "Don't you know how to kiss me? Aiya, it is just...French kissing, right?"

**Chapter 674: Don't Move**

The black shadow in front of her came close, and Ou Luoxi lowered his head.

Ou Luoxi really wanted to kiss her, but when both of them were about to kiss one another, he saw a young girl in his peripheral vision, and she was extremely curious as she stared at them.

Ou Luoxi's ears were a little red, and he withdrew his hand before standing up straight.

Xia Xiaofu had already closed her eyes and was waiting for him to kiss her, but his body left hers, and she opened her eyes to look at him. He was already leaning against the window of the car as if nothing had happened, and he turned his head to look outside the window.

Xia Xiaofu: "..."

She was extremely furious. If he did not want to kiss her, then he shouldn't have come and flirted with her. Bastard. After flirting with her for a while, he left her hanging.

"Hmph!" She stretched her leg out to give him a harsh kick.

Many foot marks appeared on his clean pants.

Ou Luoxi: "..."

...

The people in the bus had already gotten off when their stops came. There were many empty spaces in the bus. Xia Xiaofu was furious as she found a seat in the last row to sit down.

After a while, Ou Luoxi sat down by her side.

Xia Xiaofu snorted out again and forcefully turned her head to the side. She faced the outside of the window before closing her eyes and sleeping, and she did bother with him anymore.

Ou Luoxi's forehead had beads of cold sweat on it. He did not kiss her, so why was she so angry?

He turned his gaze to the side to look at her. The girl fell asleep very quickly. Her small head was shaking as she leaned against the window. In her sleep, she felt that her sleeping position was very uncomfortable, and she raised her eyebrows.

Ou Luoxi had a light smile on his face and was at a loss. He stretched his hand out to place her small head on his shoulder.

The inside of the bus was quiet. Ou Luoxi tried hard to remain unaffected by whatever was going around him, but his attention was focused on the wet warmth on his neck, and her breathing could be felt on his skin.

Ou Luoxi thought about her small lips. Her lips were so tiny, and when she pouted them up as she felt wronged, she looked extremely cute.

He felt thirsty, so he turned his head to the side to lower his gaze down to look at her small face. Because she was sleeping, her small, mesmerizing face was tinted with a layer of pink.

Ou Luoxi's head was getting hot, and he pressed his body down and kissed her red lips.

He did not need her to teach him. She'd kissed him for the first time inside the changing room that time, and he remembered all of the steps.

Xia Xiaofu was sleeping, and after she was bullied, she moved her small head away.

Her lips moved away. Ou Luoxi opened his eyes slowly and looked at her sleeping figure that did not know anything. His face felt a little hot, and he sat up straight, then looked in front of him.

"Woo..." Little Fourth, who was squatting down by his side, rolled its eyes at Ou Luoxi, meaning — Don't act anymore. I saw everything.

Ou Luoxi: "Cough cough."

The bus drove for some distance. Ou Luoxi clenched his hand and let go before he clenched it again. He could not control himself in the end, and he turned his gaze over to the side before he kissed Xia Xiaofu's small lips again.

"Woo..." Little Fourth barked again, meaning — You kissed her again.

Ou Luoxi's fair skin was all tinted in a light red shade, and he used one hand to cup Xia Xiaofu's face.

Xia Xiaofu felt itchy as she let out an "Ooh," and Ou Luoxi swallowed his saliva.

Ou Luoxi let go of her and sat up straight. He felt satisfied, but at the same time, he did not feel satisfied. This kind of taste made him want even more, but she was sleeping, and he did not dare to be reckless. This was already good enough.

"Woof..." Little Fourth lazily wagged its tail and looked at its Daddy.

Ou Luoxi looked at him, and he was sitting upright as he seemed to send Little Fourth a message — I did not do anything.

...

Xia Xiaofu slept very well for a night and woke up naturally the next day. When she thought about the previous night, she felt extremely embarrassed. She was already taking the initiative so obviously and had asked him to kiss her, and he actually would not kiss her.

Getting rejected in such a manner really hurt her pride.

Xia Xiaofu stood in front of the mirror to have a look at herself. She looked very beautiful and fairy-like. She was still the goddess in the heart of every man. Why was she not attractive in front of Ou Luoxi at all?

Or, was he just pretending?

Xia Xiaofu was very frustrated.

That day, she returned to her room. She opened a Word document on her notebook, but “Ssss.” Her notebook had a black screen, and it was ruined.

Xia Xiaofu did not know how to repair a computer, and it was already late at night. She had no other choice but to repair it tomorrow. What was she going to do with the work that she had to complete?

Oh, she could go borrow a computer from Ou Luoxi.

Xia Xiaofu got down from the bed and ran out of the room, before she knocked on Ou Luoxi’s door.

“Come in.”

Xia Xiaofu pushed the door open and went inside. Ou Luoxi was lying against the head of the bed to read a book. His right leg was long as he bent it, and his handsome features were extremely beautiful and exquisite.

“Luoxi, can I borrow your notebook?”

Ou Luoxi raised his gaze up to look towards the book shelf, meaning — Help yourself.

“Luoxi, thank you.” Xia Xiaofu sat down on the chair before she opened his notebook.

His notebook was very clean. There were no documents or private data on it. Xia Xiaofu felt that for the first time in her life, if he was not that truly clean person, it would be so great if he was just pretending all this while.

Xia Xiaofu quickly let out a smile. She stretched her hand out to open his large palm up as she said, “Am I a girl then?”

“Yes.” He nodded his head.

“Am I pretty then?”

“...You are.”

“Then am I the most beautiful girl on earth?”

Ou Luoxi’s fair skin was tinted with a light shade of red. He looked at the girl underneath him, her thin eyebrows. She had an egg-shaped face, her lips were red and had a row of white teeth behind them, and she looked entirely attractive and beautiful...

He did not know whether she was the most beautiful girl on earth or not. He only knew that she was the most beautiful girl in his eyes.

Ever since the moment he met her, he thought this way.

“Yeah.” He nodded his head.

It was only then that Xia Xiaofu felt happy. She hummed out loud and said, “This is more like it. I have forgiven you now.”

Ou Luoxi got off of her and maintained his position as he leaned against the headboard to read, and he flipped the pages of the book in his hands.

Xia Xiaofu climbed to his side, and she had a look at the title of the book. It was some sci-fi book. It was a book that the boys would like, and she did not like to read this genre.

“Luoxi, don’t read anymore. Let’s have a chat.” She tugged the corner of his shirt.

Ou Luoxi did not move.

Xia Xiaofu removed her shoes and sat down by his side. She used her elbow to push him before stealthily saying, “My phone has a very good resource inside. Do you want to have a look?”

“What resource?”

“It is just that...” Xia Xiaofu used her gaze to look at the notebook in the distance.

Ou Luoxi supported his forehead. His gaze went towards Xia Xiaofu, and he said, “You watch these things when you have free time?”

“Aiyo,” Xia Xiaofu felt embarrassed as she covered her face, and she said, “I do not watch these shows frequently. I’ve just watched them in the past. What generation are we in right now? If girls do not get education in this aspect, it would be very easy for us to lose out in the future. Furthermore, I entered the entertainment industry so many years ago. If I had been silly and did not know a single thing, wouldn’t I have been taken advantage of by those men? I watched one or two in secret, and what do you think? I am sharing it with you now.”

Ou Luoxi turned his body to the side, and said, “I do not want to watch it. You can go now.”

Was he chasing her away now?

Xia Xiaofu moved, and knelt down on the bed. She used her small fair hands to roughly shake the man’s elbow, and she said, “Why are you so conservative? Have a look at yourself. You don’t even know how to kiss. What would you do if you were taken advantage of by others in the future? Ou Luoxi, I am doing this for your own good. I am teaching you right now.”

He was never taken advantage of by others in the past because he never allowed others to come close to him, so she did not need to be worried.

He was taken advantage of before by one person, and this person was brazen and all confident right now as she coaxed him to watch those sorts of videos with her and even branded it as doing it for his own good.

He really has not met a girl like her before. Didn’t the books say that girls were all reserved and shy?

Where did her reservedness and shyness go?

“Ou Luoxi, did you listen to me carefully? You are not allowed to read. Give the book to me.” Xia Xiaofu stretched her hand out to snatch the book in Ou Luoxi’s hand.

Ou Luoxi only raised his hand up and did not allow her to get it.

But Xia Xiaofu not easily dissuaded, she climbed onto Ou Luoxi before she used all of her strength to snatch the book away from him.

“Give it to me. If you do not give it to me, then I will tickle you.” As she spoke, Xia Xiaofu went to tickle Ou Luoxi.

But Ou Luoxi was not afraid of getting tickled, and he did not move a single inch at all.

Xia Xiaofu was really furious as she said, “I am going to kiss you now.”

She turned her small head like a piglet as she kissed his entire handsome face messily, and she even kissed his ears.

Ou Luoxi turned his head to duck away. Xia Xiaofu used her small hand to turn his head back and opened her mouth to bite him.

Her bite was a little powerful. After she let him go, she tasted a slight hint of blood in her mouth.

Xia Xiaofu straightened her body up, and she bit Ou Luoxi until he bled.

At this moment, the exquisite youth was already bullied by her as he was underneath her body. His dark hair was a little messy, and his light pink lips were stained with a little fresh blood. It made him look extra attractive.

Xia Xiaofu’s senses all came flooding back to her. What was she doing right now?

Didn’t she say that her notebook was broken, so she came over to borrow his?

How did she climb onto his bed and even started bullying him?

Xia Xiaofu suddenly felt extremely embarrassed, and she realized that inside her heart, the evil urge to wreak havoc was getting more and more out of control.

“Hah, haha, sorry...” She was awkward as she laughed for a moment, then she climbed off of his waist.

## **Chapter 675: It Turns Out That He’s The One Who Saved Me**

...

Xia Xiaofu was in a cold war with Ou Luoxi for a few days. She intentionally did not speak to him, and he was just like his normal self. He did not have an expression on his face and also did not take the initiative to speak to her, and the more Xia Xiaofu thought about it, the angrier she got.

That night, Xia Xiaofu did not return to the villa. She returned back to her parents’ home for the night.

She thought that if she did not return at night, he would be worried for her, or he might text her or give a call to ask about her, but the next morning, Xia Xiaofu did not get a single message from him.

And after two more days, Xia Xiaofu could not stand it anymore, and she returned to the villa.

He did not come and coax her. It would be okay if she found an opportunity to patch up, right?

Xia Xiaofu returned to the villa. The villa was all dark. There was no one around, “Ou Luoxi, Little Fourth...” Xia Xiaofu searched the entire villa a few times, but she did not find anything.

Where did Ou Luoxi and Little Fourth go?

Xia Xiaofu looked at the large villa that was empty and silent, the tears in her eyes flowed down immediately, did he go out, why did he not inform her when he went out?

What did he mean by this?

Where should she go to look for him?

Xia Xiaofu raised her eyelids up to stop the tears that were welling up in her eyes. She took her phone out to dial Ning Qing's number. "Hello, Ning Qing, can you help me find out where Ou Luoxi went?"

Ning Qing's voice came from the other end and said, "Xiaofu, what's wrong? Isn't Luoxi at home? He normally stays at home when he's not on set."

"A few days ago, I fought with him, and I went back to my parents' place to stay. When I came back today, he and Little Fourth were not at home."

Ning Qing laughed and said, "You guys fought? With Ou Luoxi's character, he is just like a lake that is unable to be disturbed. It is only you who could throw a rock at the surface of the water and make him express his emotions."

Xia Xiaofu did not say anything.

"Xiaofu, wait a minute. I will go over to the study to ask my husband if he knows where Luoxi went."

"Okay."

After waiting for two minutes, Ning Qing came back and said, "Xiaofu, my husband said that Luoxi brings Little Fourth on an autumn vacation around this time every year. Luoxi probably went to Qi Tai Mountain.

"Qi Tai Mountain?" Xia Xiaofu repeated this name a few times inside her heart before she said, "Ning Qing, thank you."

After hanging up, Xia Xiaofu headed out the door. She went into her car before keying Qi Tai Mountain into the navigation system. The route was calculated, and Xia Xiaofu stepped on the accelerator as she headed for Qi Tai Mountain. She went to search for him.

...

On the road to Qi Tai Mountain, Xia Xiaofu looked out the window. Why did she find this place so familiar?

She drove on for a distance. Xia Xiaofu stepped on the brakes to park the car. She opened the door and had a look at the forest that did not end the entire way here. She remembered this place; she's been here before!

Three year ago, she went on a spring vacation with her classmate, and she lost her way in the end, but she was saved by Ou Ze.

She was definitely not wrong because Xia Xiao felt hot. The climate here was just like springtime, but it currently was late autumn in T City.

Xia Xiaofu was a little puzzled. Qi Tai Mountain?

Ou Luoxi actually had come to Qi Tai Mountain.

How did he know about this place?

Xia Xiaofu suddenly remembered that he lived in the depths of the mountains before he turned 19 years old? Then...which mountain did he grow up on?

Xia Xiaofu quickly took her phone out of her pocket, and she dialed Ning Qing's number once again.

"Hello, Ning Qing, I want to ask you something. Do you know which mountain Luoxi lived on for ten years?"

"Xiaofu, Luo Xi lived on Qi Tai Mountain for ten years. In the past, Qi Tai Mountain was called Heng Tou Mountain, and two years ago, the government changed its name, so Qi Tai Mountain can be considered Luoxi's hometown."

"What?"

"Xiaofu, what is wrong?"

"Ning Qing, there's something I never told you, but three years ago, I went on a spring vacation to Heng Tou Mountain with my classmates. I lost my way in the depths of the mountain, and there was a wolf that was about to pounce on me. Someone came over and saved me. I always thought that the person who had saved me was... Ou Ze."

The conversation between two intelligent people stopped at this point. Ning Qing listened to her and did not say anything more.

Xia Xiaofu's emotions were a little messed up. She clutched her phone in her hands and murmured to herself, "I do not believe in so many coincidences on earth. I always thought that it was Ou Ze who saved me, and during those few days, I found a feeling that I have yet to feel ever before from Ou Ze, but after that, I was unable to find that feeling from Ou Ze anymore. Those few days on Heng Tou Mountain, I always thought that it was all like a dream.

"Ning Qing, ever since the first time I saw Ou Luoxi, I was unable to my own heartbeat. My eyes always followed him around. This kind of feeling of falling in love with my heart and made me feel as if I was back at that time three years ago. I have a voice inside my heart, and he is the person whom I have always been searching for.

"Ning Qing, if it was Ou Luoxi who saved me. This bastard, what did he do to me exactly?"

...

At Qi Tai Mountain

There was a bonfire party held during the night in the mountain. A few young mountain boys and girls were dressed in pretty costumes as they danced a passionate dance. There were many delicious foods being grilled above the fire.

Ou Luoxi and Little Fourth sat in a secluded corner, but no matter how secluded the corner was, it could not block the interested gazes that the young girls shot at him.

There were many different foods on Ou Luoxi's wooden table that had been brought over by the young girls. He did not have an expression on his face as he nodded his head to express his thanks. "Thank you."

Ah Ganli noticed that Ou Luoxi was very cold and did not give up. "Older Brother Luoxi, let's go and dance."

The other girls all gathered around and agreed. "That's right, Luoxi, Ah Ganli is the prettiest girl in our village. There are many people who want to dance with her, but Ah Ganli is only inviting you to dance."

No matter what they said, Ou Luoxi sat there and did not move an inch, and he looked at the campfire in front of him.

Little Fourth was perched by Ou Luoxi's side. He squinted his eyes and glanced over at Ah Ganli. He shook his tail arrogantly, meaning — What a beautiful girl. Don't make a fuss anymore; everyone scatter.

Ah Ganli was a little disappointed.

At this moment, the girls by Ah Ganli's sides pushed her and said, "Luoxi, don't sit down anymore. Everyone knows the feelings that our Ah Ganli has for you. You two are a match made in heaven."

Ah Ganli was pushed over towards Ou Luoxi. "Ah!" She let out a shout as she fell down by the side of Ou Luoxi's hand.

In a short moment, Ah Ganli was so close to her crush. Her small face was red, but the culture here was very open. The girls were passionate and open-minded. Ah Ganli grabbed Ou Luoxi's wrist. "Older Brother Luoxi..."

Ou Luoxi glanced over at Ah Ganli and wanted to take his own hand back.

But the moment he glanced over, he saw someone in the distance away, and he froze entirely.

Xia Xiaofu was here.

Xia Xiaofu stood on the spot. Her small hands that she'd drooped by her sides were tightly kneaded into fists. Her eyes were red rimmed as she stared at Ou Luoxi, and Ah Ganli that was by his side.

She looked furious and wronged.

The moment Xia Xiaofu appeared, it attracted everyone's attention. The handsome youths looked over at her in awe. Ah Ganli's older brother, Ah Tongmu walked over first and said, "Beautiful lady, where did you come from?"

Ah Tongmu followed her gaze and looked over at Ou Luoxi, as he said, "Luoxi, do you know this lady?"

Ou Luoxi did not have the chance to say anything. Xia Xiaofu spoke first. She clenched down on her teeth and angrily said, "I don't know him!"

"Oh, everyone is a guest here. Beautiful lady, can I invite you to dance?" Ah Tongmu bent over and stretched one hand out towards Xia Xiaofu in a gentlemanly manner.

"Sure." Xia Xiaofu gave her small hand over to Ah Tongmu and said, "Are we just going to dance without any music?"

"This..." Ah Tongmu was put on the spot.

"Older Brother," Ah Ganli said loudly. "You can ask Older Brother Luoxi to use the bamboo leaves to play a song, Older Brother Luo Xi can play really melodious tunes."

Ah Ganli plucked two bamboo leaves and handed them over to Ou Luoxi.

Ou Luoxi looked at the bamboo leaves before he raised his head up to look at Xia Xiaofu, and he noticed the girl was kind of smiling but not smiling as she looked at him.

Both of them thought about the time during the Lu Corporation dinner banquet. She was playing with water by the side of the fountain, and there was a melodious melody that rang out from the forest.

At that time, she did not find that person, but there were two leaves that had been left on the ground.

That person was him!

Ou Luoxi lowered his beautiful eyes, and in his peripheral vision, all he could hear was the sound of everyone cheering. Xia Xiaofu swayed her small, slim waist and moved around as she stood near the middle of the campfire and danced with Ah Tongli, and everyone was chatting merrily.

Ah Ganli was also by his side as she talked nonstop and said, "Older Brother Luoxi, this Older Sister is so beautiful. Where did she come from? She is just like a fairy. My Older Brother definitely likes this beautiful older sister. My older brother is the strongest warrior in this land, and only the most beautiful older sister can match my older brother."

Ou Luoxi placed two pieces of bamboo leaves by the side of his mouth, and he gently blew a merry tune.

He raised his head up to look at Xia Xiaofu. The red fire of the campfire reflected on her small, tender face. She was dressed in a spaghetti strapped long dress as she danced beautifully, and she was so stunning and eye-catching amidst the crowd.

He liked eye-catching ladies.

But he could not afford an eye-catching lady.

...

After finishing the dance, there was a layer of fragrant sweat on her forehead. Ah Tongmu handed a handkerchief over, smiled, and said, "Beautiful lady, it is late. Would you stay here for the night? I live nearby. There are many empty rooms in my house; you can stay in my home tonight."

Xia Xiaofu did not reply to him immediately. She turned her gaze to the side and looked at Ou Luoxi who was at one side. After he heard what Ah Tongmu had said, Ou Luoxi stood up and stared at them.

Xia Xiaofu knew that he was nervous now.

### **Chapter 676: Liking**

Xia Xiaofu had a bright smile on her face and looked over at Ah Tongmu as she said, "Sure, I would have to trouble you then."

Ah Tongmu's eyes were all lit up as he said, "That's great, beautiful young lady. Follow me."

Xia Xiaofu stretched her hand out to tuck the strands of hair behind her ear as she said, "I suddenly remembered that I have something I left inside the car. I have to go back to the car to get it. Get busy first, I will meet you guys here later."

"What did you forget to bring along? I will go along with you."

"There is no need for that, thank you." Xia Xiaofu lifted her heels and left.

...

After shaking Ah Tongmu off, Xia Xiaofu headed in the direction of the forest, and after taking two steps, she heard the sound of footsteps ring out from behind her. Her slim wrist was pinned down after that.

Xia Xiaofu's lips were curled up into a light arc, but it disappeared quickly. She turned around to coldly look at the boy behind her before frustratedly saying, "Let go."

It was Ou Luoxi.

Ou Luoxi had chased after her.

Little Fourth stood in the distance as he looked at both of them, and it was just as if it was standing guard for them.

After looking at the girl for a moment, Ou Luoxi let go of her hand.

Xia Xiaofu was furious, she was totally livid, she asked him to let go, and he really did so. Dumb fool. He was totally dumb!

How did she fall in love with this person?

She lifted her slim legs apart before she turned around and left.

Ou Luoxi trailed behind her and said, "Do you really want to live in Ah Tongmu's home?"

"Why do you care about me?"

“The culture is very liberal here. If a girl agrees to live in a boy’s house, that means that both of them will sleep with one another at night.”

What?

Xia Xiaofu was shocked. This kind of folk culture was way too liberal.

But she grunted as she said, “Then do you have a girl inside your house? I saw that the girl was hugging your elbow tight and did not let go. I think both of you slept with one another a long time ago right.”

Ou Luoxi did not say anything.

Xia Xiaofu stopped in her tracks, and she clenched her small fist as she glared at him fiercely. “Ou Luoxi, have you really slept with other girls before?”

Ou Luoxi looked at her, and her eyes were all red. Her glistening tears were rolling from her eyes like if he really said that he’s slept with someone else, she would start crying immediately.

“Ou Luoxi, say something.” Xia Xiaofu took two steps forward to hit him. The tears in her eyes flowed down relentlessly as she said, “Bastard, say something. Have you actually slept with someone else before?”

Ou Luoxi allowed her to hit him as she liked. The tears from her eyes flowed down onto his palm. They were both wet and hot, and all of a sudden, his heart felt very painful.

“I have not,” he replied.

It was only then that Xia Xiaofu stopped hitting him. She drooped her small head down as she wiped her tears away before she raised her head up to look at him, and she said, “Then do you want me to stay at Ah Tongmu’s house tonight?”

She handed the decision over to him.

Ou Luoxi looked at the girl’s bright, almond-shaped eyes as he shook his head. “I don’t want you to.”

Xia Xiaofu bit her lower lip, and she slowly curled the corners of her lips up into a smile. She’d only been waiting for him to say that.

“I will give a call to...Older Brother later. I will ask Older Brother to take you back...”

Xia Xiaofu was frozen entirely. She fiercely looked at Ou Luoxi’s beautiful face, and her eyes were little in a blur and in pain as her entire body was shaking before she growled, “Ou Luoxi, I wooed you and came all the way here. I did not come here for you to push me towards another person. You are a coward and have been one since the beginning of it all. I really look down on you!”

Xia Xiaofu covered her mouth and quickly ran away.

Ou Luoxi stood on the spot, and he closed his eyes forcefully as he exhaled. I am sorry...

“Woof woof!” Little Fourth was barking at him.

Ou Luoxi opened his eyes, and he followed the direction that Little Fourth was looking in. There was a wooden sign with some words on it — Danger ahead! No trespassers!

Ou Luoxi was alarmed. It was the deeper end of the mountain, so she would definitely get lost.

“Little Fourth, let’s go quickly.” Ou Luoxi lifted his long legs apart as he ran forward.

...

“Xia Xiaofu, Xia Xiaofu!” Ou Luoxi tried hard to search for Xia Xiaofu. He’d grown up in the depths of the mountain. He was very good at navigating, but three years ago, the government did planning and replanning works here. Still, this was not a problem for him.

But the depths of the mountain were very large. The sky was so dark right now. Xia Xiaofu had headed in all on her own, and she might meet with some wild beast or bad people. It was very dangerous.

Ou Luoxi was anxious and felt guilty inside his heart. He should not have said those words to provoke her just now.

Where was she right now?

“Woof woof!” Little Fourth ran all over the place to sniff for Xia Xiaofu’s scent, but he did not pick up any clues.

Ou Luoxi searched for over an hour, and a bolt of lightning appeared in the sky. It was going to rain soon.

Ou Luoxi was so anxious that his eyes were all red. Where should I look?

Suddenly his mind clicked, “Little Fourth, come with me quickly!”

He turned around and ran towards the mountain cave from three years ago.

He ran over to the entrance of the mountain cave. The mountain cave had already collapsed and turned into a barren piece of land. The wild grass by the side had already grown crazily until it was already half of the height of a human. Ou Luoxi’s hope that he held inside his heart sunk down. She was not here.

Bang! The heavy downpour started to come down.

Ou Luoxi stood on the spot for a few moments. He prepared to go to another spot to look for Xia Xiaofu, but at this moment, he heard a very soft cry, and his ears moved before he headed towards the sound.

After taking a few steps, he saw a girl sitting in the middle of the wild grasses. The girl hugged her kneecaps tight as she curled up, and she was lying against the rock that fell out from the cave as she sobbed out softly.

Ou Luoxi looked at her. The heavy downpour drenched her body entirely. Her hair was all wet and fell down on her face. She looked pitiful and dishevelled. She was crying because she felt very upset. Her small shoulders were frail as they shuddered. She looked extremely pitiful, and everyone who saw her would want to come forward to give her a hug.

Ou Luoxi slowly stepped forward, before he stooped down in front of her. He propped both of his hands to block her forehead, stopping the rain from falling down on her.

His heart felt as if a large hand was kneading it. He was in so much pain that he was about to suffocate. A long time passed, and he found his own voice again. "What are you doing...here?"

Xia Xiaofu still maintained the position as she buried her small head into her kneecaps. She did not raise her head up, and she cried as she said, "I really wanted to come over here to have a look. I wanted to give the person who saved me three years ago my thanks. I missed him. I missed him very very much... Over the past three years, I've missed him every day..."

Ou Luoxi's throat felt bitter as he said, "I am...sorry."

"Hah!" Xia Xiaofu laughed softly and said, "You don't have to apologize to me. You did not do anything wrong because the person who saved me three years ago was not you at all. The person who saved me has already disappeared with this cave..."

"If it was you who saved me... Some time back, I told you that it was because Ou Ze had saved me that I got engaged with him. You would not have stayed silent the entire time. You would not have misunderstood me all the time like that... If it were you who saved me, you would not have chosen to ignore my presence all this time, and furthermore, you would not bear to push me to another man..."

"Don't you like me? Liar. You obviously like me very very much. You never forget me... Last year, because of you, I fought with a few Korean actresses backstage, and you passed by coincidentally. Actually, whether you were there coincidentally or not, you are clear about that inside your heart... Also that time during the Lu Corporation banquet dinner. I invited you to dance, and you were unwilling to do so, but when I ran outside to the fountain outside, you chased after me again. You secretly played a tune for me..."

"How can you be like this? While you like me, you pretend not to like me at the same time. While you kiss me, you are also pushing me over to Ou Ze at the same time. In your eyes, what do you see me as? Do you and your brother treat each other politely while trying to share?"

Xia Xiaofu started to cry even more loudly. She cried as she let out all the grievances that she had inside her heart. She choked up quickly, and it made her unable to catch her breath.

"I am sorry, Xiaofu..." Ou Luoxi pinned her shoulders down and wanted to pull her into his embrace.

"Don't touch me!" Xia Xiaofu struggled and did not allow him to hug her. Her tears flowed down and blurred her vision while she stared at him. She chided him and said, "Three years ago, why did you not ask for my consent to remove my clothes? Who allowed you to hug me and sleep? Didn't you know what that means for a girl? Bastard Ou Luoxi, I am yours. Do you know that I belong to you?"

"Xiaofu..."

"How could you give me to another man? Men in China can be gracious with anything, but it is just their own woman that they cannot give up on! What are you going to do if I really get married to Ou Ze? What if Ou Ze behaved just like you and removed my clothes and hugged me to sleep. What are you going to do? Bastard, you can even bear with this..."

Xia Xiaofu was extremely emotional as she scolded him, but in the next second, her small lips were blocked. "Woo!"

Ou Luoxi kissed her harshly.

Xia Xiaofu tried to struggle, but she was unable to break away. The youth's powerful shoulders pinned her body down, and he protected her in his broad embrace as he kissed her forcefully.

Xia Xiaofu wanted to scold him. Did he know how to kiss or not? Both of their teeth were clashing against each other, and she was in pain.

"Woo!" She clenched her small fist up as she hit him before pushing him away forcefully.

Ou Luoxi panted as he looked into her eyes and at her red lips.

"Let me ask you one last time, Ou Luoxi: do you like me or not?"

Ou Luoxi pursed his light pink lips, and he did not say anything.

Xia Xiaofu was immediately dejected as she let out a snort. "Hmph!" She pushed him away, and stood up on her own.

But because she'd been seated for too long, it made her legs numb, and she was about to fall.

At this moment, her small waist was pinned down, and she was being carried in his arms.

"Ou Luoxi!"

"I like you," Ou Luoxi said softly.

A sweet smile quickly appeared on her face. He's finally admitted that he likes her.

It was so hard for him.

She used her small hand to hit his chest before hugging his neck tight as she said, "Ou Luoxi, I also like you."

Ou Luoxi had a small smile on his face, and his small dimples that were on his cheeks were visible at times. He looked extremely beautiful.

Xia Xiaofu raised her head up to kiss the corners of his lips before burying her head into his embrace.

...

When Xia Xiaofu was placed back down, she was already inside a house. She had a look around her surroundings. This was a wooden house in the mountains. It was decorated with wooden chairs and tables. Although it was simply furnished, the environment was quiet and pure, and it was generally clean.

She walked over to open a window. The fresh air from outside came in, and there was a lamp placed along the corridor. The amber yellow light made the light shower outside look blurry, and the entire landscape was beautiful.

She turned her head back to ask him, "Luoxi, do you live here?"

"Yeah." Ou Luoxi nodded his head, and he took a bucket of clean water and a clean towel in his hands, as he said, "I will go and get some hot water. The wooden tub to bathe is there."

Bathe?

It was only then that Xia Xiaofu lowered her gaze to have a look at herself. She only wore a spaghetti strap dress, and the dress was already completely drenched and was stuck on her body, and her curvy figure was accentuated greatly with the fit of the dress.

Xia Xiaofu's face turned red quickly, and she used her small hands to cover her chest up.

Ou Luoxi took a pail of hot water and placed the towel on the chair. He walked out and said, "You can go and take a shower. I will stand guard outside."

"Oh."

Because the room was small, the wooden bucket to take a bath in was just divided by a folding screen. Ou Luoxi took a cold shower outside. When he entered the house, he heard the sound of water flowing from behind the folding screen. His heart was tickled just as if there were ants biting it.

Ou Luoxi turned his gaze over to the side to look over. There was a shadow on the folding screen. Her hair was all down, and she stretched her slim, snow-white arms out as water droplets flowed down. Her skin was smooth and fragrant.

Ou Luoxi swallowed his saliva and quickly averted his gaze before he turned around and walked away.

He just headed out of the house, and saw Ah Tongmu rush over in a hurry. "Luoxi, did you see that beautiful lady? She is missing. I searched for her for a long time and could not find her."

"You don't have to continue searching for her. She is my girlfriend."

"What?"

Ou Luoxi did not say anything else, and his attitude was cold.

Ah Tongmu had a look at the tightly shut door and asked, "Is she in your house?"

"Yeah." Ou Luoxi nodded his head.

Ah Tongmu felt defeated, and he turned around and left.

Ah Tongmu was gone. "Ah!" Ou Luoxi suddenly heard Xia Xiaofu scream from inside the house.

He quickly rushed into the house, "What's wrong?"

Xia Xiaofu, who was inside, turned her body to the side as she lay down on the bed. She only wore a pair of pink underwear, and everything else he saw was her silky white smooth skin. It made his throat go dry.

She grabbed onto his black t shirt as she covered her chest with it, and Little Fourth was tugging the shirt in her hands.

She did not bring a change of clothes over, so she borrowed a t shirt from him, but Little Fourth was snatching it away from her.

Upon seeing him come in, Xia Xiaofu was even more frantic. She tried hard to snatch it away from Little Fourth, and her eyes were sparkling as she looked at him and asked, "How did you get inside?"

Ou Luoxi averted his gaze and did not look at her before he lowered his gaze to look over at Little Fourth. The expression on his face was serious as he said, "Little Fourth, let go."

"Woof!" Little Fourth barked out loud before it used strength. "Ah!" Xia Xiaofu let out a shout because her chest felt a chill.

Little Fourth held the shirt in his mouth before he ran out of the room.

Ou Luoxi looked at the girl.

Xia Xiaofu used her small hands to cover her chest, and her small fair face was all pink. Her long hair covered her small shoulders and some of her bare body, but Ou Luoxi still could see the snowy white skin that was peeking out through her fingers, and it made his heart tingle.

"You... what are you standing there for?"

"Oh." Ou Luoxi turned around and immediately ran outside. His voice was extremely hoarse as he said, "Wait a moment. I will go and get the shirt back."

Xia Xiaofu looked at the boy's tall figure, and her small face was steaming with hot vapour. She was extremely embarrassed.

...

Ou Luoxi came back very quickly, but he did not go inside anymore. He stood before the folding screen and said, "I took the shirt back. I will put it here, you...should quickly put it on."

He left.

Xia Xiaofu waited for him to leave before she gently got off of the bed, and she put on the black t-shirt. The t shirt was very long, and it ended beneath her thighs. This attire made her legs look fair and long, and she was extremely eye-catching.

"I am done," she said towards the door..

### **Chapter 677: An Incident Occurred**

The door was pushed open. Ou Luoxi walked inside. The boy did not look at her, but he lowered his head as he took the water and wooden bucket out and said, "Sleep in the bed tonight."

"Where are you going to sleep then?"

"I will sleep on the floor."

Xia Xiaofu did not say a single word. She could not ask him to sleep together with her, right? These words, she could not say them out loud; she was a lady after all.

...

After everything was arranged properly, Xia Xiaofu slept on the bed. She flipped her body and looked at Ou Luoxi who put a mat on the ground to sleep. The boy closed his eyes, and it seemed as if he was already asleep.

“Luoxi,” she called out to him.

Ou Luoxi did not respond.

The environment in the mountains was extremely quiet. It was so quiet that Xia Xiaofu could hear the sound of the wolf howling outside the house. She’s been traumatized in this regard and was very afraid.

She sat up in bed before she slept by Ou Luoxi’s side.

Ou Luoxi placed his right arm on the back of his head and used it as a pillow. He heard movement and fluttered his long eyelashes. He did not open his eyes as he asked her, “What’s wrong?”

“I...think I heard the sound of a wolf howling. Are we safe sleeping? Everyone says that there are many beasts and insects in the mountains. I am very afraid of pests, especially...snakes.”

“We are very safe here. We are very high up. The beasts are unable to come up here. Repellant is released every hour. Bugs would not dare to come close. Don’t be afraid.”

“Oh.” Xia Xiaofu was relieved, but she was still afraid of sleeping by herself, she pouted with her small pink lips and obediently lay down by his side.

Both of them were silent for a few moments. Ou Luoxi opened his eyes, and he turned his gaze over to the side to look at the girl. The girl wore a black shirt, and the wide collar of the shirt exposed her beautiful and attractive collarbones. Her hair covered half of her exposed pinkish-white face as she looked cheeky, and anyone who saw her would be unable to avert their gazes.

The night was very cold. She did not have any blankets on her, and it made her look extremely pitiful. Ou Luoxi fumbled around and gave half of his blanket to her.

After getting a source of warmth, Xia Xiaofu opened her eyes. Ou Luoxi’s face was right in front of her. She bit her pink pouty lower lip before taking the initiative to move over, and she nested her head onto his shoulders.

Ou Luoxi froze. He opened his left shoulder and took her into his embrace.

Woo... His embrace was so warm...

Xia Xiaofu felt her entire body go soft, and she went even deeper into his embrace.

Ou Luoxi stared at the ceiling. He did not dare move about recklessly, and his nostrils had a whiff of the fragrance on her body.

“Luoxi, three years ago, thank you for saving me.”

Ou Luoxi stretched his tongue out to lick his dry pink lips. His voice was very hoarse as he said, “You don’t have to thank me. Three years ago, the wolf who attacked you was actually not...bad, it had simply picked up the scent of a human...”

Xia Xiaofu sat up slightly. She looked at Ou Luoxi and asked him, "Luoxi, did you live with that wolf for ten whole years?"

Ou Luoxi looked at her. Her eyes did not have a mocking disposition. She was not looking down on him. Her eyes were sparkling brightly as she looked at him. She was a little curious and felt bad for him.

In the past three years, he'd not brought up the life that he had in the mountains. He always remembered that he was brought into the Ou family when he was 19 years old. Everyone in the Ou family would cover their mouths and laugh at him secretly. All of them judged him behind his back.

There was a time when he caught the flu and was running a fever. He was all alone in a room, and no one took care of him. No one had bothered to bring him food. He was in a blur for a few days before he opened his eyes. He was hungry, and he opened the door to look for food.

There were a few maids eating inside the room. He passed by the door and looked at the food that they were eating. One of them held a bowl and put it on the floor to call him like a dog, and she asked him to climb over to eat it. Those people said that he was not a human. They had said that he was a beast brought up by a wolf...

From that day on, he understood. The human world was totally different from the one in the depths of the mountain. There were so many faces of human beings, and they secretly plotted behind each other's backs...

"Yeah." He nodded his head.

"Then after you left the mountain, what happened to that wolf?"

"It died due to sickness."

"What?" Xia Xiaofu was extremely alarmed, and she had an extremely upset expression on her face. She raised her eyebrows and murmured, "It is so pitiful. It raised you, but it died because of sickness."

This was still the first time that someone was upset because of his wolf. No matter what the people on earth thought, the wolf would forever be his family in his mind.

Ou Luoxi's entire heart was extremely soft. He looked at the girl's small egg-shaped face, and her exquisite features were extremely delicate.

Xia Xiaofu was perched on his chest, and she changed the topic and said, "Luoxi, that day, you... Why did you have...to remove...my clothes? You even hugged me to sleep for a few days right?"

Ou Luoxi's face was a little red, and he replied, "You were running a fever, and you kept saying that you were very cold."

"Even if I said that I was cold, you still should not have done that... You did that to me, and I lost my own heart like that.."

"You bit me."

"Did I bite you? Where?"

Ou Luoxi lifted the corner of his t-shirt up and said, "Here."

Xia Xiaofu lowered her gaze to have a look. There was a deep scar on his waist from her bite.

She was in an extremely good mood. It turned out that three years ago, she left a mark on his body. He belonged to her, and he was unable to run away.

Xia Xiaofu bent her body down and kissed the mark.

After she kissed it, she felt the boy's body stiffen suddenly, and her gaze went over for a moment.

"Little Fourth..."

"He's fine. He is sleeping."

Ou Luoxi's voice was already barely audible. His throat felt dry and bitter. His thin lips were moist and sparkling, and even the light pink colour turned into a sensual shade of red.

Xia Xiaofu looked at him, and her eyes were about to turn red. They all said that women were godly things, but she felt that Ou Luoxi was godly instead.

The night was still very long.

...

They stayed in the mountains for a few days. They were sweet and lovey-dovey for those few days, and their gazes were unable to be torn from one another.

That day, they drove back to T City. They went into the villa. Little Fourth wagged his tail as it entered his cage on the balcony. Ou Luoxi went into the kitchen to prepare dinner.

Xia Xiaofu took a strawberry and placed it into her mouth to chew it, and Ou Luoxi looked at her and asked, "Is it sweet?"

"It is, have a try." Xia Xiaofu took the initiative to send her small lips over.

"Is it sweet?" Xia Xiaofu had an extremely sweet expression on her face as she asked him.

"Have a taste?" Ou Luoxi put down the vegetables and pinned her soft waist down to bring her into his embrace before kissing her lips.

Xia Xiaofu went on her tiptoes to hug his neck.

Little Fourth walked around for a lap. He came back and noticed the two people in the kitchen, but after the past few days, he was already extremely used to it now.

Little Fourth barked before it got bored and lay down on the carpet.

Xia Xiaofu was kissed by him and she was totally lost, and she said, "Don't."

Ou Luoxi let go of her lips and nudged her nose, with his gaze bright and sparkling as he looked at her.

"This... I want to leave this for...my husband."

She said husband extremely sweet and coyly. Ou Luoxi heard it, and his entire body tightened up as he asked, "Who is your husband?"

Xia Xiaofu used her fingers to draw circles on his chest as she said, "I don't know. Whoever marries me. That person would be my husband."

"How would someone marry you?"

"Luoxi, would you marry me?" Xia Xiaofu was excited as she looked at him.

Marry her...

Ou Luoxi knew what that meant. In the books, they said that it was a contract to be together for a hundred years.

He did not dare to think about it.

"Luoxi, I am a clean girl. You've seen my body, and I also allowed you to kiss me. These past few days, the parts...that you should touch, you've touched. I am yours now. In the future, would you take responsibility for me?"

If she wanted him to take responsibility, he would definitely do it all the way.

Ou Luoxi wanted to nod his head.

At this moment, a melodious ringtone rang out. It was Xia Xiaofu's phone.

"I will go and take the call."

"Okay." Ou Luoxi let go of her.

Xia Xiaofu went over to the living room to pick the call up. Xiao Li was on the other end. She'd just picked up the call, and Xiao Li's voice was extremely anxious as she said, "Xiaofu, my ancestor, where have you been the past few days? I called you, and your number was not in the service zone. I was so anxious."

The signal was bad in the mountains. Did the phone call not connect? Xia Xiaofu did not notice it, and in the past few days, all she did was spend time with him.

"Xiao Li, what's wrong?"

"Xiaofu, there's trouble. There's big trouble!"

"What?"

"Xiaofu, while you've been gone, some online account leaked a photo of you and Ou Luoxi. He said that you and Ou Luoxi were dating in secret, and you have already moved over to Ou Luoxi's home and have started to live together with one another. Xiaofu, we did not know anything about this at all, so when it was leaked, our PR team was at a loss for what to do, and I was also unable to contact you. We were unable to take any action. Our fans and Ou Luoxi's fans started to fight with one another. Some people said that you took the opportunity to seduce Ou Luoxi, and some said that Ou Luoxi did not match your level. Ho on Weibo and have a look yourself. Both of your comment sections are flooded right now, and in the past few days, loyal fans have turned into anti-fans, and many have quit being fans."

Xia Xiaofu's expression changed. She and Ou Luoxi were people in the spotlight. Every action of theirs would be seen by numerous fans. This was a big problem that she'd been worrying about, so she did not plan to announce her relationship immediately.

She originally planned to date in secret first. Everything was planned for the long run, and now everything was ruined. Her relationship was leaked.

"Xiaofu, Ou Luoxi always had the image of being a clean and innocent young handsome boy, and you are also the Nation's goddess. The halo above your head is to signify that you are a fairy. Now that your relationship has leaked, this is a huge blow to your fans, and this matter has become very serious."

"Xiao Li," Xia Xiaofu pondered for a moment before she said, "I am really dating Ou Luoxi now. We are serious about it."

Xiao Li, who was on the other end, immediately went silent.

After a long period of silence, Xiao Li said, "Xiaofu, where are you right now? I am already driving and am on the way to pick you up. This period of time is very critical. Separate from Ou Luoxi for a few days. Every entertainment news reporter is trying to get a shot of you two. You have to move out."

"Okay." Xia Xiaofu nodded her head, and she hung up.

Ou Luoxi walked out of the kitchen. He looked at Xia Xiaofu, who was in a daze, and asked her, "What's wrong? What happened?"

Xia Xiaofu forced a small smile and said, "Nothing's wrong." She took her bag and said, "Luoxi, my parents called me and asked me to go back for a bit. I gotta go."

Ou Luoxi did not expect her to leave, and he froze instantly.

Xia Xiaofu stepped forward, and she went on her tiptoes to kiss his lips before she said, "Luoxi, wait for me to return."

She turned around and stepped out through the main doors of the villa.

...

Ou Luoxi found out about this matter quickly. His manager, Ah Ye, handed the headlines of the entertainment news over for him to see and said, "Luoxi, the matters between you and Goddess Xia have already alarmed the entire entertainment industry. Goddess Xia's PR team has maintained their silence over this matter, so we also did not reply to anything, but after these few days, the matter is getting worse and worse. Yesterday, Goddess Xia appeared at the airport. Some sources said that our fans dashed forward and splashed acid towards Goddess Xia's face, and they even loudly chided her for being shameless..."

Ou Luoxi's expression changed drastically. "How is she? Did she get injured?"

"The bodyguards blocked the acid, but at that time, the situation in the airport was way too chaotic. Goddess Xia seemed to have hurt her ankle and was sent over to the hospital."

Ou Luoxi stood up, took his car keys, and headed out.

“Luoxi, where are you going?” Ah Ye asked him while standing behind him.

Ou Luoxi did not say anything, and he headed towards the door.

“Luoxi, you won’t be able to get out now. There are journalists outside of your villa right now. You won’t be able to go over to the hospital because your presence would definitely attract a large group of journalists. The situation over at Goddess Xia’s location is very bad. If you go now, you would be making it worse for her.

### **Chapter 678: What Do You Possess To Be Competing With Me?**

Ou Luoxi froze completely.

Ah Ye let out a sigh and said, “Luoxi, are you really dating Goddess Xia? No wonder I always felt that there was something weird going on between you two. The relationship between you two never seemed normal.”

Ou Luoxi did not say anything.

Ah Ye continued, “Luoxi, I will tell you honestly now. Although news of your relationship has leaked, we won’t have a big problem on our part, but Goddess Xia’s side is in a total mess. Goddess Xia has always had a pure image. She is just like a fairy, the photos of her going into your villa were leaked this time, and everyone is gossiping about Goddess Xia cohabiting with you before marriage, Our fans cannot accept the fact that you are taken already, and they have been attacking Goddess Xia on a personal basis through many channels. Almost all comments are attacking Goddess Xia alone.

“Based on what I know, Goddess Xia’s schedules and movie roles have all been paused now. There are many sponsors involved in financial disputes, and her team is in a complete mess right now.”

Ou Luoxi had a serious expression on his face. It was only at that moment that he understood why she’d left in a hurry that day.

Ah Ye stepped forward, and he handed some documents over to Ou Luoxi. He lowered his volume to say, “Luoxi, have you two offended some people recently?”

“What do you mean?”

“These are the pictures of the acid attack in the airport. I sent someone to check on this fan. This fan is not our loyal fan. This fan only appeared after the news of your relationship had leaked. Everything seems to be very abnormal. The leak of the photos gave us a strike, and everyone is suspecting the authenticity of the photos and at the same time. Our fans have been fighting with Goddess Xia’s fans. The moment war breaks out, we will be unable to do anything at all.”

Ou Luoxi looked at Ah Ye and said, “Are you saying that there might be someone behind all of this?”

Ah Ye nodded his head and said, "Yes, I suspect that there is someone behind the scenes controlling everything, and this person is using all of his resources to bring Goddess Xia down."

...

Ah Ye left, and Ou Luoxi changed into a casual outfit before putting on a cap. He jumped down from the window on the second floor and avoided the journalists who were waiting for him, then headed out.

With his skills, no matter how many journalists there were, he was able to get away smoothly.

After reaching the hospital, he went up to the 8th floor, and he headed towards the VIP suite.

After walking over to the bend, Ou Luoxi saw a familiar figure there. It was ....Ou Ze.

He stopped in his tracks.

Ou Ze was dressed smartly, and Xiao Li was standing by his side. She said, "President Ou, I really have to thank you so much today. If you had not appeared in time and sent security guards to shoo the journalists away, I don't think Xiao Fu would have been able to get into the hospital."

"Xiaofu is my fiancée. Taking care of her is what I should do. While this all happened, I was on a business trip overseas, and I came back today and found out that Xiaofu was in trouble. You don't have to worry. With me around, no one would dare bully Xiaofu."

Xiao Li's facial expressions were a little stiff. After all, Xia Xiaofu's relationship with Ou Luoxi has leaked...

Ou Ze was Ou Luoxi's brother.

Ou Ze was very relaxed, and a bodyguard walked over to place a thermos cup into his hands. He politely nodded his head at Xiao Li as he said, "Xiaofu is probably hungry now. I have asked the aunty back home to cook some porridge for her. I will go inside now to feed her now."

"Okay." Xiao Li nodded her head quickly.

Ou Ze held the thermos and went into the hospital ward.

Xiao Li looked at the door of the hospital ward in front of her, and to be honest, she was biased towards Ou Ze. In her eyes, no matter how beautiful Ou Luoxi was, that did not translate into a meal on the table. In a woman's life, the most important thing was to look for a strong man she could rely on, and in this aspect, Ou Ze was a hundred times stronger than Ou Luoxi.

Xiao Li turned around and headed straight in front of her.

After taking two steps, Xiao Li saw Ou Luoxi.

Xiao Li covered her mouth as she widened her eyes. She was nervous as she had a look around her surroundings, and she did not see any paparazzi around. She quickly ran forward before she lowered her volume to ask, "Ou Luoxi, why are you here?"

Ou Luoxi looked towards the hospital ward.

Xiao Li moved her body immediately to block Ou Luoxi's sight. She placed both of her hands together and begged him, "Ou Luoxi, are you here to visit Xiaofu? Could your manager not have told you already? You shouldn't come out right now. My Xiaofu is already in a big mess. Don't make it worse."

Ou Luoxi raised his eyebrows up and said, "Is her leg alright?"

"Ou Luoxi, Xiaofu does not need you to worry about her right now. You only need to distance yourself from her, and it will turn out well, or maybe you could be just like your Older Brother President Ou. He has great contacts and power that can help Xiaofu handle and suppress this matter. If you are unable to do so, if you can only secretly make your way here when Xiaofu is injured and ask if she is fine or not, then I think you do not need to appear before her. A man who is unable to protect his woman, what is the use?"

Ou Luoxi's hands by his sides were silently clenched into fists.

At this moment, the sound of footsteps rang out in the air. "Xiao Li, Xiao Li..."

Xiao Li leaped up immediately, and there was a room by her side. She did not care what room it was at all, and she stretched her hand out to push Ou Luoxi inside as she said, "Shush, I am begging you not to say a word. If others see you here, it's likely that more people will throw acid at Xiao Fu again."

Ou Luoxi did not say anything, and he obediently stood inside.

Xiao Li closed the door, and at this moment, someone walked over. "Xiao Li, who were you speaking to you just now? I thought I saw someone..."

Xiao Li quickly stepped forward to pull the person away and said, "What person? You saw it wrong. Let's go."

...

This room was a room for rubbish, and there were 10 rubbish bins placed together with blood stained gauzes and some dirty liquid; it was extremely unsightly.

Ou Luoxi always liked to be clean, but he did not walk away. He stood in the small spot silently and did not utter a single word.

His fringe covered his eyes, but his fringe was unable to hide the sadness inside his eyes... He was helpless, and he could do nothing right now. He could only hide here and not let anyone realize that he was here.

Xiao Li was right. He could not help her, and he was unable to protect her. He could only add on to the mess.

After time passed by minute by minute, after it was quiet outside, the sky was dark already. It was nine o'clock at night. Ou Luoxi stretched his hand out to open the door and walked out.

There was no one in the corridor, and he took one step after another as he walked over to the hospital ward.

He stretched his hand out to place it on the door handle. He wanted to go inside, but he stood in the rubbish room for a long time. Although he despised the scent on his body, he did not open the door.

He raised his head up and looked through the small glass window on the door. Ou Luoxi looked inside the room. There was a beautiful girl lying down on the clean white bed, and Xia Xiaofu closed her eyes as she slept. Her face was pale, and she looked sickly.

Ou Luoxi's heart slowly became soft. The corners of his lips were curled up in a gentle arc, and his fair fingers climbed onto the small glass window as he slowly traced over her features.

Sorry...

He could only say sorry...

She once scolded him for being a coward, and he was really a coward.

In the books, they said that marriage was between two people that came from similar backgrounds that matched one another. He never dared to want her, and that was because he knew that he could not match up to her.

He'd only lived in civilization for the past three years. He did not even know what he wanted from this place. Other than filming dramas, he was only willing to stay inside the villa and be together with Little Fourth. Actually, he was not happy at all, and he felt that he was just like a zombie without a soul.

He'd never thought about having her before. She had forced herself into his embrace, and he was entirely enchanted with her. He could not control it anymore. He really needed her.

What did he have to deserve her?

He was worth nothing.

At this moment, a voice rang out by his side. "Luoxi."

Ou Ze was here.

Ou Luoxi slowly took his hand back. He did not look over at Ou Ze, but he was calm as he said, "It was you, right?"

"Yes." Ou Ze nodded his head.

He was the mastermind behind it all.

"Why?"

"Hah..." Ou Ze laughed softly and said, "Luoxi, you asking me this question is really very funny. Xiaofu is my fiancée. She is your older sister-in-law, and you are the one who snatched her away, but you are actually asking me why I am taking her?"

Ou Luoxi shook his head and said, "It was me who saved her three years ago."

"But I knew her ever since I was three years old!" Ou Ze was extremely emotional as he growled, "Xiaofu is mine. I always thought that Xiaofu would be my wife. I was by her side for so many years, and just

because you saved her coincidentally that one time, you want to snatch her away? Luoxi, aren't you being too naive?"

Ou Luoxi raised his handsome eyebrows and did not do anything else.

Ou Ze controlled his anger before he stretched his hand out to pat Ou Luoxi's shoulders as he said, "Luoxi, I told you a long time ago that there are some women who do not belong to you. Don't daydream anymore. Did the matter this time help you understand what is truly going on? What could you offer Xiaofu? What do you possess to be competing with me?"

Ou Ze lifted his heels and left.

...

After one month, because of both parties' silence, this matter slowly subsided. Although they still had to deal with the fallout, everyone had already started shifting their attention elsewhere.

Ou Luoxi attended a dinner banquet that day. He walked into the banquet hall and saw Xia Xiaofu at first glance. Xia Xiaofu was dressed in a beaded sleeveless dress. She held a glass of red wine in her hand as she conversed with a foreigner.

The bright lights shone down from the top of her head, and she was so beautiful that it made anyone fall in love with her.

Ou Luoxi was quiet as he looked at her, and after she finished speaking to the foreigner, she was about to turn around. Suddenly, a fat upper level staff member walked over and said, "Goddess Xia."

Xia Xiaofu did not have any good feelings for this person, but she curled her lips into a smile as she bantered with him. "President Wei."

President Wei's sly gaze was completely stuck to Xia Xiaofu's body. He opened his arms out and wanted to hug her as he said, "Goddess Xia, it has been so long since we last met. I missed you so much."

Xia Xiaofu quickly turned her body to the side, and she was nimble as she averted his attempt. "President Wei, I have something else to attend to. I must make a move."

Xia Xiaofu left.

"Goddess Xia, wait a moment. I hear that you have too much time on your hands nowadays. There is no one looking for you to film advertisements or dramas, but I happen to have a famous period drama in my hands. I can make you the female lead in this drama." President Wei spoke as he stretched his hand out to pat Xia Xiaofu's butt.

Xia Xiaofu's facial expression changed drastically, and she was extremely cold as she looked at President Wei and said, "What do you want?"

"Goddess Xia, don't pretend anymore. You are in a slump right now. You've turned from a fairy into a...vicious woman. You are already not worth any money. Why do you want to be together with Ou Luoxi? Doesn't he just have a handsome face? When you were together with Ou Ze, nobody dared to touch you, but after getting together with Ou Luoxi, there are now many who would dare to do so.

Goddess Xia, you've served both the Ou brothers. You must be very good in bed. How about this: accompany me to play around tonight, and I can guarantee that you will benefit."

"Shameless!" Xia Xiaofu took the glass of red wine in her hand and splashed it directly onto President Wei's face.

"You!" President Wei raised his hand up and was about to give Xia Xiaofu a slap.

Ou Luoxi, who was standing in the distance, had one of his hands in his pocket. He noticed that President Wei was about to strike her, and he quickly took his hand out of his pocket.

"Xiaofu." Ou Ze walked over.

Ou Ze stretched his hands out and cupped Xia Xiaofu's small shoulders before he intimately asked, "Xiaofu, I have searched for you for a long time now. It turns out that you've been chatting with President Wei here."

As he spoke, Ou Ze looked over at President Wei and said, "President Wei, it has been such a long time since we last met."

President Wei saw Ou Ze, and his expression changed drastically. He immediately looked embarrassed and shy as he laughed awkwardly. "Haha, it turns out that it is President Ou. It has been such a long time."

Ou Ze drank some red wine from the glass in his hand and said, "President Wei, what were you chatting about with my fiancée just now?"

"No, we were not talking about much." President Wei stretched his hand out to wipe the beads of cold sweat from his forehead and said, "I only noticed that Goddess Xia has been a little idle recently. I was looking for her to film a drama, but since Ou, President Ou is here, I will make a move."

President Wei left quickly after he spoke.

Ou Luoxi watched what was going on, and his hand that was drooped by his side was placed back into his pocket. He felt helpless and mocked as he laughed at himself before he turned around to leave the banquet hall.

...

After President Wei left, Xia Xiaofu immediately shook off Ou Ze's hand, and she took two steps away to create some distance as she asked, "Why are you here?"

"Xiaofu, I am here to protect you, of course." Ou Ze raised his eyebrows up.

"Hmph." Xia Xiaofu laughed coldly and said, "Are you really here to protect me? You should have arrived a long time ago, and you obviously knew that President Wei would have bad intentions towards me. If you truly wanted to protect me, would you have waited until President Wei insulted me and was about to give me a slap before appearing? Ou Ze, you are way too scheming."

Ou Ze drank the remaining of the red wine in his glass down, he was relaxed as he looked over at Xia Xiaofu and said, "Xiaofu, I am scheming because you are not being obedient at all."

Xia Xiaofu laughed and said, “Why, do you want to buy me? Over the past few days, you would appear by my side nonstop and would care and worry about me. You seem to really care about me. Hah, if you really care about me, then help me bury this issue. Don’t you have the power to do so? Are you planning to wait till I have no other choice but to come and beg you?”

Ou Ze noticed her intelligent manner. He was straight to the point as he said, “Xiaofu, let’s get married. As long as you are willing to get married to me, I will clean up this mess for you, and you can exit the entertainment industry and focus on being my Mrs Ou.”

“I am sorry. I am afraid that you would be disappointed.”

“Xiaofu...”

“Ou Ze, over the past few years, although I’ve disliked you for being so businesslike and calculative, at the very least, I thought that you were an honest person, but you’ve really disappointed me. Three years ago, the person that saved me was Ou Luoxi, and you actually pretended to be Ou Luoxi and cheated me of my feelings. You even convinced me to get engaged to you. You are a totally shameless and selfish person, and I would never marry you.”

“Xiaofu, don’t be silly anymore. If you get together with Ou Luoxi, what can Ou Luoxi give you? Ou Luoxi is a wolf child. He has not adjusted to this society yet. For example, how has he helped in this debacle? Could you actually give the rest of your life to a person like him?”

#### **Chapter 679: Sorry, We Do Not Match Each Other**

Xia Xiaofu laughed coldly before she said, “You don’t have to worry about who I marry in the future. No matter how much power and status you have, no matter how much I can rely on you, I am not willing to marry you. Goodbye.”

Xia Xiaofu walked away.

...

After exiting the banquet hall, Xia Xiaofu went over to the bathroom. She took her phone out and wanted to call Ou Luoxi.

She was very busy recently and did not have much time to contact him.

But he was also good. He had not contacted her, either.

Xia Xiaofu knew that their leaked relationship status had brought him much trouble. She could understand him, but privately, he did not even send her a single text message, and she still felt a little uncomfortable inside her heart.

She found Ou Luoxi’s number and dialled.

A robotic female voice rang out from the other end — Sorry, the number that you have dialled is currently connected with another call.

Who was he calling?

“Xiaofu.” Xiao Li was outside the room looking for her.

Xia Xiaofu quickly put her phone away. She switched into work mode as she replied, “I am here.” She opened the door and headed out.

At this moment, Ou Luoxi was inside the car, and he was in the middle of a call with Lu Shaoming.

Two days ago, Ning Qing gave birth to Little Qin Wen. She was in the middle of her confinement period, so Ning Qing did not know of anything that was happening in the entertainment industry. Everyone had a common understanding and allowed the new mother to rest well.

“Hello, Older Brother, can I ask you for some help?”

“Speak.”

...

After another month went by, the hottest news in the entertainment industry was about another rumour of Ou Luoxi that was leaked. He had been interacting very closely with the main singer of a Korean girl group member, An Feier, lately.

Xia Xiaofu’s troubles had left her but were now Ou Luoxi’s. All of his fans could not believe that he had entered a new relationship so quickly, but on the contrasting side, Xia Xiaofu was all over the place trying to patch things up. She was doing it extremely low key, and when she was occasionally caught on camera by the entertainment journalists, her face would be pale as she hurried around. It largely made everyone pity and worry about her. The netizens all stood by Xia Xiaofu once again, and they chided Ou Luoxi for being cruel and a playboy.

One day, Xia Xiaofu was inside the office. She looked at the newspapers that were stacked up on the table. All of the headlines were about Ou Luoxi having an intimate dinner together with An Feier, including pictures of both of them heading over to the hotel together.

Xia Xiaofu deeply furrowed her eyebrows.

Xiao Li was in a very good mood. Over the past month, the troubles for the PR team were gone completely. Xia Xiaofu regained the glamour of being the Nation’s Number 1 Goddess. She had a smile as she said “Xiaofu, what are you looking at? I heard a good friend of mine say that Ou Luoxi might be really dating An Feier now. An Feier worked hard to debut in the Korean entertainment industry. She looks pretty, and my good friend said that she saw An Feier holding on to Ou Luoxi’s elbow as she kissed his cheeks before her own eyes.”

Xiao Li’s best friend was a mysterious person. She could get first hand information about every single bit of gossip in the entertainment industry. She did not need to doubt the authenticity of the news.

But Xia Xiaofu did not believe it. She stood up and said, “I’m out of here.”

“Ay, Xiaofu, where are you going to?”

“I am a little tired. I am going home to sleep.”

...

Xia Xiaofu did not go back home. She drove back to Ou Luoxi’s villa.

She had not come back for a long time. The villa was pitch black. There was no one around. Xia Xiaofu took the keys out from her bag, but after trying for a moment, she was unable to open it.

The lock was already changed.

Xia Xiaofu was extremely disappointed. She held her keys and took her phone out to call Ou Luoxi, but the call was unable to connect.

Where did he go?

Xia Xiaofu opened her browser to search for news about him. He was filming in Europe at the moment.

Xia Xiaofu quickly called Xiao Li and said, “Hello, Xiao Li, help me book a flight to Europe.”

...

Xia Xiaofu flew over to Europe the next afternoon. She rushed over to the production group that Ou Luoxi was in. Because she was old friends with the assistant producer of the drama production staff, the assistant producer helped her to open the backdoor and allowed her to come inside.

After arriving on set, the director shouted, “Cut! Okay, this scene has been completed successfully. Everyone, quickly grab your dinner. After eating dinner, let’s film the second scene as soon as possible.”

Everyone slowly started to scatter.

Xia Xiaofu stood at a secluded corner to secretly look inside. She saw Ou Luoxi. They had not seen each other for many days. Ou Luoxi did not change too much, and he was still that beautiful youth who was silent and quiet.

Xia Xiaofu’s small hand firmly grabbed the door handle. Her eyes were a little moist, and the moment she saw him, she finally realized how much she missed him.

She really missed him so much.

After almost everyone left, Xia Xiaofu wanted to go inside, but at this moment, a lithe figure appeared. “Luoxi.”

Xia Xiaofu’s pupils contracted. It was An Feier.

Ah Ye and some other staff members were all by Ou Luoxi’s side. They all saw An Feier and instinctively walked away. It was very obvious that they were used to her coming over to visit him on set. An Feier held a bento box in her hands, and she had a sweet smile on her face as she said, “Luoxi, it is time for you to eat dinner. I have prepared a loving bento for you.”

She was standing some distance away. Xia Xiaofu could not see the expression on Ou Luoxi’s face too clearly. Even if she could see it clearly, he probably had the normal look that he always had — expressionless.

An Feier opened the bento box up before using a spoon to pick a small cherry tomato, and she placed it by the side of Ou Luoxi's mouth and said, "Luoxi, eat some fruit before having your meal."

Ou Luoxi paused for a few seconds before slowly bending over. He opened his mouth and ate the small cherry tomato that An Feier fed him.

"Luoxi, does it taste good?"

"Yeah."

Both of them continued talking, but Xia Xiaofu could not hear them clearly anymore. She fiercely bit her lower lip until blood appeared, but she did not feel any pain.

Any amount of pain could not match the pain inside her heart. It was as if her heart was broken into pieces.

He was actually being so intimate with another girl behind her back.

...

After filming the scene, it was already eleven at night. Ou Luoxi went back to his own room.

He opened the door of the room and walked inside. Ou Luoxi's footsteps were a little slower, and he was always very sensitive to a stranger's scent. His instincts told him that there was someone in the room.

At this moment, a pair of slim arms wrapped around his strong waist. Someone hugged him tightly from behind.

Ou Luoxi froze entirely. He was not unfamiliar with this kind of feeling at all, and he knew who it was.

Xia Xiaofu.

She'd come over.

"Luoxi." Xia Xiaofu placed her small face on his broad back as she nudged him, and she was acting cute to express her longing. She was letting him know.

The lights were off. It was so quiet that they could hear each other's heart beating. Ou Luoxi stood there for a moment before stretching his hand out to touch hers.

Her hand was a little cold, but her skin was very smooth, and the feeling of her hand was very nice.

He used his fingers to caress her hand for a moment before holding onto her small hand, wanting to pull her away.

The moment she realized he was trying to pull her away. Xia Xiaofu was just like a small bunny as she used both of her arms to hug him with all of her strength. "Luoxi, we have not contacted each other for such a long time now. Luoxi, since this is the case, even though everyone is telling me that you have fallen in love with another person, I still do not believe this.

“Luoxi, do you think I do not know what you are trying to do? You were at the peak of everyone’s attention and chose to leak the relationship with An Feir. Actually, you just wanted to divert everyone’s attention. You wanted to shoulder all of the gossip, and you hope for me to be well.

“Luoxi, you are really so foolish.”

Ou Luoxi raised his handsome eyebrows up slightly before pushing her small hand away.

This time, Xia Xiaofu did not persist.

Ou Luoxi turned around slowly. On this silent night, his dark eyes were clear and sparkling like a pearl. There were no impurities. He looked into Xia Xiaofu’s eyes before saying with much difficulty, “I think, that both of us...are not suited for one another. I am so sorry...”

“What do you mean? What do you mean by being unsuitable for one another?” Xia Xiaofu was a little emotional. She’s already had this bad premonition for a long time. “Luoxi, speak clearly. Do you not want to be together with me anymore? But you obviously like me. Because of me you were even willing to be close to An Feir. Luoxi, did Ou Ze say something to you? Don’t listen to his nonsense...”

“Xiaofu.” He interrupted her and nodded his head. “Yes, I like you.”

If Xia Xiaofu were to hear his confession during a normal day, she would be over the moon, but now, after hearing it, her entire body turned icy cold.

“I do like you, and I did intentionally become close to An Feir. I wish you well, but I have realized that we are not suited for one another. Being together with you, I have faced many problems in reality. I do not like the mess and chaos of this world at all. I only want to live a peaceful life. We...should...break up.”

Xia Xiaofu felt as if as a bucket of cold water had been poured down from the top of her head. Her face was pale as she shook her head. “You... Do you think that I have turned into your burden now? No, I am not. This time was only an incident. Luoxi...”

Xia Xiaofu stretched her small hand out and held Ou Luoxi’s muscular arm as she said, “Luoxi, I have thought about it. I do not want to act anymore. What about being the Nation’s Goddess? I do not care about that at all. I am not going to act anymore, and in the future, there will be no one to pressure us. Let’s date freely and get married...”

Ou Luoxi gently removed her small hand from his arm. His throat was dry, and it made his voice sound a little hoarse as he said, “Sorry, I think that I still do not know...what love is. You’re the one who came over to be by my side, and you asked me to kiss you, hug you. During this period of time that I was together with An Feir, I realized...that there is no big difference...”

Xia Xiaofu never knew that a boy like Ou Luoxi would also say such cruel and direct words. He has cruelly stepped on her pride and dignity.

Her entire body was shaking as she said, “Say it again.”

Ou Luoxi looked into her eyes and said, “I do not want to owe you, so I made use of An Feir to get away from you. In the future, we will not owe each other anymore. It was you who took the lead to provoke me. I admit that you are very beautiful. The things that you wanted to do with me, I admit that I liked

them, but together with An Feier, I also can do the same thing. Since any girl is fine, then I do not want to shoulder too many things because of you. I also do not need you to give up things because of me. I want to look for a...simple girl."

Slap! Xia Xiaofu raised her hand up to give Ou Luoxi a slap.

Ou Luoxi was slapped harshly, but he did not move. The girl's voice sounded very disappointed as she said, "Ou Luoxi, I think I was blind to like you!"

Xia Xiaofu turned around and left.

The quiet room became stressful. Ou Luoxi silently stood on the spot all by himself. His hands that were drooped by his sides were tightly kneaded into fists, and he closed his reddened eyes slowly. Sorry...

He was really sorry...

Although, I like you.

...

Xia Xiaofu went out of the hotel to go to a bar. She sat at the bar and loudly said, "Give me a cocktail, the stronger the better."

"Okay." The bartender nodded his head.

Xia Xiaofu was about to explode in anger. She could not drink alcohol. She gets drunk the moment she drinks a little bit, but today, she just wanted to drink. She wanted to get drunk.

Only after getting drunk would she not think about that irritating person. She would not think of the hurtful words that he'd just said to her.

The cocktail came. Xia Xiaofu raised the glass up and downed it all in one gulp. Her throat was fierily hot, and her tears fell down her face, but she covered her eyes and said, "Give me another."

There were two foreign beauties who were already half drunk by her side. The beautiful girls noticed that Xia Xiaofu was covering her eyes and was both crying and laughing at the same time, and they asked, "Pretty girl, what's wrong?"

"I just broke up." Xia Xiaofu answered honestly and continued, "I got dumped."

"Meh." The foreign beauty was unimpressed as she waved her hand. "So what if you got dumped? This is nothing big. There are so many men on earth. If he does not cherish you, then look for a better one tomorrow and show off to him!"

"That's right, he doesn't cherish me, I am not going to cherish him anymore, coward, scaredy cat." Xia Xiaofu trashed him before downing the cocktail in one shot.

The effects of the strong alcohol came immediately. Her small fair face became red, and she used both of her hands to hug the cocktail glass. She lowered her gaze to look at the sparkling counter top. Her eyes were all blurry. The tears in her eyes flowed down immediately like a small child as she cried loudly. "But, but I just like him. I just like him only... I do not want anyone else. I just want him."

“Why are you crying again?” The foreign beauty handed her a tissue before saying, “You look so pretty. Why do you like to cry so much? Come, tell us. Why did that man not want you anymore?”

Xia Xiaofu loudly cried and said, “He said that I was too complicated. He had to be burdened greatly after being together with me... He said that he wanted to find a simple girl...”

“He said that I’m the one who took the lead...and sent myself to him. I allowed him to kiss me, hug me, and sleep with me. The feeling of being together as a man and woman was very good, but he also could experience it with other girls... He said that I was no different from others...”

“Bastard!” The foreign beauty was half drunk as she hit the table. “Who is this man? He is so arrogant, and he is complaining after he got the upper hand.”

“But, a girl who takes the initiative to chase the other party is really the one who loses out in a relationship...” Another person said.

“Since you would lose out, beauty, sleep with him tonight, and after everything is done, see what he’ll say.”

Xia Xiaofu spat the mouthful of alcohol out. She widened her eyes and said, “Wha....what? I, I do not dare.”

“Aiyo, why would you be afraid? Let me ask you: Do you like him?”

“I do.”

### **Chapter 680: Go And Buy The Medication When You Have Time**

Xia Xiaofu was really captivated by him. She felt drunk as she thought about Ou Luoxi’s face; he was so handsome!

And also his lips. He once took the initiative to kiss her before. Xia Xiaofu’s entire body shuddered, and it felt as if she was electrocuted from head to toe.

Was she captivated?

She was!

Was she tempted?

She was!

Did she want to own him?

She did!

Xia Xiaofu downed the entire cocktail in her hand, and she slammed the cocktail glass down on the counter harshly before she stood up and said, “I am leaving now.”

She headed out confidently.

...

Ou Luoxi took a shower before he lay down in bed, but he was unable to fall asleep. He had a look at the time and it was already midnight. The sky was way too dark. Where was she right now?

She was a girl. Would she be in any danger?

He pondered for a moment. Ou Luoxi was about to sit up, and he wanted to go outside to have a look.

But he had yet to move when the soft sound of the door opening rang out in his ears, and the door was open.

The girl had left, and he hadn't locked the door from the inside.

Who was it?

Ou Luoxi lay down quietly in bed and gently closed his eyes.

The sound of footsteps rang out by his ears, and it sounded as if the person was being soft on purpose. The person was behaving suspiciously, but the sound of the footsteps seemed to be unsteady, and the person seemed to be tumbling from side to side.

Ou Luoxi fluttered his long curled eyelashes. Was it...her?

At this moment, a part of the bed sunk down. Someone sat down, and a small, soft hand caressed his face. The strong scent of alcohol overwhelmed him, and his lips were blocked.

Ou Luoxi opened his eyes, and before him was an enlarged version of her exquisite egg-shaped face. Xia Xiaofu — it was really her.

He stretched his hand out quickly to push her as he asked, "What are you doing?"

Upon seeing him want to move, Xia Xiaofu climbed onto the bed quickly before sitting down on his waist to press him back down. Her small lips were in a little pout, and she was half coy and half displeased as she slurred, "Don't move!"

"Did you drink?"

"Yeah, I drank. I drank so much. It is all because of you that I got angry. You are not allowed to move. Otherwise...I will punch you!" Xia Xiaofu raised her small fist up before cupping his handsome face as she nudged his thin lips. She was honest as she said, "I want to make you see how pro I am tonight. I want you to cry...underneath me!"

She kissed him as she pleased, and Ou Luoxi started to pant. His entire body was stiff and frozen. There were some things that he did not need back when he did not know about them, but now that he sort of knew the feeling, he kind of missed it. They'd not been together for almost half a year now, and when their bodies were rubbing against one another, there were sparks in the air.

He used two hands to support her soft waist, and he wanted to push her away as he said, "Xia Xiaofu, you are drunk."

She was also drunk the last time. She'd hugged him as she attacked him, and this time, she was even more drunk when she entered his room to get on him.

He also knew that if he allowed her to do as she pleased, he would be taking advantage of her when she was vulnerable.

"Don't push me." Xia Xiaofu was unwilling and swayed her small waist about as she said, "Ou Luoxi, I am not drunk. I am very awake right now. I like you." As she spoke, she bit his ear and said, "Tonight, I will make you my...husband."

Her sweet and coy tone when she said the word "husband" made Ou Luoxi's blood rush. He shut his eyes as his curled long eyelashes fluttered, and he swallowed his saliva. His voice was all hoarse as he said, "We...cannot..."

"What can we not do? Ou Luoxi, I like you. Do you know how much I like you? You said that you did not want me anymore and just dumped me like that. Who do you think you are? I did not agree to this!"

"I..."

Xia Xiaofu did not let him speak and blocked his thin lips.

She seemed like a wild girlfriend at that moment with her behaviour.

Ou Luoxi struggled in the beginning, and he was in a big dilemma at the moment as he thought about how to fight, but with a bang, his entire mind exploded.

He flipped his body and pinned her down.

Xia Xiaofu was kissed by him, and her entire face was crimson red. Her small hand followed the perfect curves on his waist as she went downwards.

Ou Luoxi froze entirely. His eyes were all red as he stared and asked her, "What are you doing?"

"Wooden fool, I will teach you some things today." She firmly curled her hands around his neck.

...

It was two in the morning, and Xia Xiaofu slept in a daze.

Ou Luoxi hugged her, and both of them were all drenched in sweat, just as if they were two fishes in a net. They did not have any clothes on and were only covered by a blanket. The clothes were all scattered on the carpet and on the bed stand, and there was a scent inside the room that had yet to dissipate.

Ou Luoxi did not feel sleepy. He had a look at the small face of the girl in his embrace. Her face was still very red. It was just like a red apple. He bent over and gave her a kiss.

The girl that was so daring that she dared to seduce him still had tears in the corners of her eyes. It was because of the pain, and it was also because she could not take it. He could hear the sound of her soft whimpering, and she called his name again and again.

Ou Luoxi had never been treated like this by anyone before, and it was the first time that he truly understood the matters between a man and a woman.

He used his fingers to graze her small smooth face. What should he do with her?

It was six in the morning when Xia Xiaofu's phone vibrated. The girl in his embrace fumbled around before her entire body relaxed as she went closer into his embrace, and she was extremely exhausted.

Ou Luoxi was afraid that he would wake her up, so he took her phone to have a look. There was someone calling her, and the caller ID showed — Mummy.

Ou Luoxi sat up quickly. He was too nervous and did not think about it too much, and when he realized it, he had already used his fingers to slide the button the screen, and the call was connected.

"Hello, Xiaofu..." Xia Xiaofu's mother's benevolent voice rang out from the other end.

"Hello, Aunty..." Ou Luoxi spoke as he had a look at the girl who was in deep slumber, and the expression on his face was a little unnatural.

He did not have such an experience in his life before. He'd just slept with someone else's daughter and received a call from her mother, so he was slightly unprepared.

Xia Xiaofu's mother on the other end froze for a moment, and she did not say anything.

"Xiaofu is at my place. She is sleeping right now... Do you need me to wake her up..." Ou Luoxi spoke extremely honestly.

"There is no need for that. I am in the lobby. Come down. Let's meet one another," Xia Xiaofu's mother directly said.

The call was disconnected. Ou Luoxi was silent for a few seconds before he stood up.

The moment he stood up, his small pinky was wrapped up with the girl's soft and boneless hand. Xia Xiaofu, who was sleeping, tugged him, and she pouted her red lips as she murmured, "Don't leave... Luoxi, don't leave."

She did not want to let him leave.

The girl was blurry and soft as she spoke, and it made Ou Luoxi's entire body go soft. He bent over and kissed the girl's forehead as he said, "Be good. I'm going out. I will come back later."

It was only then that Xia Xiaofu let go of his hand. She buried her small face into the pillow deeply, and there was a sweet and beautiful smile on the corners of her lips.

Ou Luoxi felt bad as he ruffled her hair.

...

When he arrived at the hotel lobby, Xia Xiaofu's mother was seated in a secluded corner as she drank tea.

Ou Luoxi stepped forward and bent over politely to say, "Aunty, how are you?"

Xia Xiaofu's mother looked Ou Luoxi in the eye before she smiled. She was friendly as she pointed at the sofa seat by her side and said, "Take a seat. Let's have a chat."

"Okay." Ou Luoxi was obedient and sat down.

"Xiaofu told me before, that there was a boy whom she really liked. Is this boy you?"

Ou Luoxi's exquisite features were gentle as he said, "Yeah." He nodded his head. He probably...was the one that she was referring to.

"At that time, Xiaofu said that you did not like her, but do you like her now?"

Xia Xiaofu's mother was a professor at a university. She had a scholarly vibe to her. She was good with people, and she had a gentle gaze as she looked into Ou Luoxi's eyes. She spoke to Ou Luoxi as an elder would.

Ou Luoxi was still very nervous, and there was a layer of cold sweat on his palms as he said, "I like her."

"Since both of you like each other, then as Xiaofu's mother, I have two questions that I want to ask you."

"Please do, Aunty."

"You are Ou Ze's biological younger brother. If Xiaofu gets together with you, how are you going to explain the relationship between the three of you to others? How are you going to make the entire Ou family accept Xiaofu's presence?"

Ou Luoxi froze. He had not thought about this question before.

Xia Xiaofu's mother saw his expression and understood everything. She continued, "Other than filming dramas, do you have any investments in other projects? There are so many actors that are banking on their youth. The moment they lose their youth, acting is not enough to sustain expenses after that."

Ou Luoxi pursed his light pink thin lips and said, "Sorry..."

Xia Xiaofu's mother shook her head and said, "You don't have to apologize because you did not do anything wrong to me. Xiaofu is already so old now. The decisions that she has made in her life, her father and I have never stopped her before. We respect her, and similarly, we also believe in her taste, but..." Xia Xiaofu's mother words became sharp as she said, "Marriage is an important matter in life. As parents, we cannot stand aside as spectators."

"The two questions that I asked you, the first question, actually I just wanted to ask you whether you've thought about a future while being together with Xiaofu. It is very obvious, that you have not. The second question, I am asking you about the plans that you have for your life, but your facial expression seemed unsure."

"Our Xia family can be considered a prominent family. We do not have any material requirements for our future son-in-law, but he has to be a good man. A truly good man would need to be responsible. He has to know how he is going to spend the rest of his life, and he has to know how he would give his future wife a home. All men have children, and when that time comes, he is a father, and he is the pillar of the family; he does not live for himself alone."

As she spoke, Xia Xiaofu's mother looked at Ou Luoxi and said, "Our Xia family can also be considered to be friends with the Ou family for generations. I have also heard some stuff about you, but I need you to believe me when I say that I definitely have not looked at you with biased eyes. You are a good child, but you are only just a child, and right now, we are unable to discuss anything at all because you have not even thought about how you are going to live your own life."

As Xia Xiaofu's mother spoke so seriously to him, Ou Luoxi could not retaliate.

Because everything that Xia Xiaofu's mother said was right.

He really did not know what he needed in his life.

There were some times that he also did not know why he would...be born on this earth, and it was obvious that he never accepted love in this world.

But he met her.

Every day that he had her in his life, he was very happy...

Just now, inside the room, the last moment that he wanted her, she cried out loudly, but she hugged him and did not allow him to leave. She asked him, Ou Luoxi, can you be my husband?

Okay.

He told her inside his heart, okay!

It was suddenly at that moment, he felt that he was wasting so much time in this world for so long, and it was all because he was waiting for her. He did not want anything at all, and he only wanted her.

But he only knew that he was being selfish.

Because he was unable to give her anything.

Other than his heart.

In all of the complicated matters on this earth, his heart was not worth anything.

Xia Xiaofu's mother made a conclusion and said, "I am very sorry. With you being in this state, I am unable to hand my daughter over to you."

Ou Luoxi stood up slowly, and he bowed down to Xia Xiaofu's mother before he looked stiff and lonely as he headed back.

At this moment, Xia Xiaofu's mother also stood up and said, "Where are you going?"

Ou Luoxi had a look at the path in front of him. He could go upstairs from here, he could go back into the room. She was still inside the room, and he'd told her that he would come back in a bit.

His throat felt bitter as he said, "I want to go back and get....my...phone..."

"The sky is about to break in a moment. After the sun rises, ask your assistant to get it. There are many journalists here, and the matter that happened some time ago better not repeat again."

Ou Luoxi's entire face became dark, but he did not bear to do so. He looked at the path in front of him before he turned around and said, "Aunty, goodbye."

He headed out through the main doors of the hotel.

...

Xia Xiaofu opened her eyes, and it was already extremely bright. It was around nine in the morning. She had never slept until very late in the morning, so she quickly got out of bed.

But the moment she moved, she raised her eyebrows up. "Sii!" She was in great pain.

Her entire body was in pain...

She could kinda tell something was up. She covered her face. Last night, what happened last night?

She quickly recounted what happened. He'd wanted to break up with her yesterday. She was very angry. Other than going to the bar to drink, she ended up drunk in the end, and after that...there seemed to be someone who taught her...and forced himself...

And after that, she...

Xia Xiaofu had a look at this room. Her heart was thumping quickly like a drum. This was really Ou Luoxi's room.

Oh my god, she...

Xia Xiaofu moved her hand and lifted the blanket on her body. Her fair white skin was all covered in kiss marks. The snowy white bed sheets had one spot stained with a patch of maroon red that was dried up...

Everything was telling her that she'd really slept with Ou Luoxi last night.

It took Xia Xiaofu a long time to accept this fact. She was both surprised and alarmed before feeling shy and sweet. That was the boy she liked. She was a willing party, and she did not regret it at all.

But where was Ou Luoxi?

"Luoxi..." Xia Xiaofu called out to him, and no one responded to her. She moved her legs and got out of bed, "Luoxi..."

Last night, he did not use any contraceptives.

He must have rushed over to the set to film. Xia Xiaofu's small face was crimson red as she went into the bathroom. She had a look at herself in the mirror, and her expression was relaxed. She looked a little attractive.

She took her phone out to type a message — [Luoxi, did you go to the set?]

[Yeah, that...last night.... When you have time, can you go and buy some...morning after pills? I am afraid that I might be pregnant...]

After sending the two texts, Xia Xiaofu waited for a moment. He did not reply at all, and she drooped her long eyelashes down slightly as she pouted her red lips. Her heart felt uncomfortable as she felt wronged.

But her tone was still relaxed. [Luoxi, I am so hungry. I want to eat breakfast... I want milk and sandwiches for breakfast. Send them over to the room, I will be waiting for you, okay?]

Ou Luoxi still did not reply to her. Xia Xiaofu placed her phone down to take a shower before she washed her face and changed her clothes, and at this moment, the doorbell rang. Ding!

Xia Xiaofu froze before quickly smiling. She just knew that he would not ignore her. He only had a cold character and did not like to reply to text messages, but he cared for her very much inside his heart.

Furthermore, she was his woman now.

Xia Xiaofu stood before the mirror as she spun around. She confirmed that she did look beautiful before she went on her tiptoes as she ran over to the door to open it.

She was smiling brightly like a flower as she opened the door, and she sweetly said, "Luoxi, you are back."
