

# Super Rich Dad Chapter 667-668

## Chapter 667

Jiang Hao walked out of the factory and lit himself a cigarette outside the door, then took a deep puff.

After turning his head and glancing inside through the glass window, Jiang Hao cried and shook his head with a smile.

It seemed that all the big families were like this, fighting over the position of an heir. It was like the ancient royal sons fighting for the throne.

Thinking of how Lin Yan had lost both parents since she was a child, and how she had lived with her sister until now, yet she had to be careful of her own uncle.

Jiang Hao's heart couldn't help but feel a little sad, after all, to some extent it seems. After all, in a way, how different was he from Lin Yan?

While Jiang Hao was interrogating Lin Dong, Lin Nan was feeling a bit unsettled at the Lin family residence. It was as if something was about to happen.

He picked up his mobile phone and called Lin Dong, who was being interrogated, and Master Lin, who was watching the phone ring on him.

So he frowned and spoke, 'Speak properly, and perhaps I can spare you for the sake of your smallness.'

After saying this, he gestured for Lin Yan to come forward and take the phone and pick it up, then put it to Lin Dong's ear.

'Hello, who is it?'

Hearing that Lin Dong had answered the phone, Lin Nan sat in his office while looking at the information in his hand and spoke, 'Brat, who else do you think it could be?'

Seeing that the caller was his boss, Lin Dong hurriedly prepared to shout out a warning, but he was covered by Lin Yan's hand over his mouth.

Lin Nan, who didn't notice anything unusual, continued in a deep voice, 'What about the expert I asked you to hire, have you got it yet?'

After saying this, he didn't wait for Lin Dong to answer before he said, 'Qiu Rats and their gang are not very capable people. They can take the blame when the job is done, know what I mean?'

Hearing Lin Nan's words on the phone, Lin Yan and Elder Lin's faces both looked a little uncomfortable.

Especially Lin Yan's entire body felt like it had been drained of its strength and sat down on the ground.

Lin Dong, on the other hand, spoke with a dishevelled and bitter smile, 'Dad, I know.'

After saying this, Elder Lin picked up his phone and hung up, then looked at Lin Dong in silence.

'Is this how uncle also calculates me, is it that I am not as important to you guys as a position?'

Seeing that things had all fallen apart, Lin Dong laughed rampantly twice before shaking his head and saying, 'No, blame me. Blame me for not being as good as you, blame me for not being better than you.'

Elder Lin looked at the sad look on Lin Dong's face, his entire person seemed to have aged ten years.

He turned around in silence and then spoke, 'Yan'er, pick him up and let's go home, I'm a little tired.'

Lin Yan froze as she listened and glanced at Elder Lin before helping Lin Dong up in silence.

Without removing the restraints from him either, she just held Lin Dong with one hand like that. With one hand, he pushed Master Lin's wheelchair with the other and walked out.

Jiang Hao, who was standing outside the door, looked at the two of them in silence for a while and then spoke, 'Are things all clear?'

Elder Lin lowered his head and sighed, 'What a family misfortune. A family misfortune.'

Lin Yan looked at Jiang Hao and woodenly opened the trunk, then threw Lin Dong inside.

Only then did she take Elder Lin and Jiang Hao into the car to go back to the city, and no one spoke on the way. The mood of the crowd was as depressing as if a huge stone was being pressed down on them.

When they got back to the city, Lin Yan drove and stopped in front of the hospital.

Then she hesitated and said, 'Shen Yan, you'd better get out of the car, the next thing is our Lin family's own family matter. You should not get involved in it.'

Jiang Hao looked to i Lin Yan hesitated for a moment before still nodding, and had just opened the car door to get out.

Elder Lin suddenly spoke up, 'No, Shen Yan should go back with us together, after all, you are also considered a victim this time.'

Lin Yan sat in the driver's seat and looked at Elder Lin from the rear-view mirror, as if she wanted to say something else.

However, without even looking at him, he said, 'I'm not dead yet, do you think you're deaf to what I'm saying?'

How could Lin Yan not listen to what the old man said, she just let out a faint sigh and drove Jiang Hao to the Lin family.

As soon as he got out of the car. As soon as they got out of the car, a group of people inside the Lin family hurriedly shouted as if they had gone crazy, 'Master is back! Master is back!'

Grandma Ancestor was inside at this moment, eating fasting and chanting for Master Lin, trying to pray for his blessings.

When she heard the shout from outside. With a smile on her face, she got up and paid her respects to the Buddha statue, then walked out of the room towards the front door.

Lin Yan got out of the car and pushed Elder Lin. Then she gave a wink to Jiang Hao, who then opened the boot in silence and lifted Lin Dong out with a hand.

The people around the Lin family couldn't help but stare slightly at this scene. Then they looked at Lin Dong in surprise, somewhat unclear as to what had happened.

Grandma, who had walked to the front door, looked at Elder Lin sitting in his wheelchair, so she said with some anger, 'I told you to come back after you recovered, why didn't you listen.'

Master Lin looked over at his grandmother, everyone was getting old after decades of storms.

After slightly shaking his head, Elder Lin spoke in a flat tone, 'I'm worried that if I don't come back, I'm afraid this home won't be my home anymore.'

When Lin Yan stood behind Elder Lin and heard these words, she could not help but look a little gloomy.

Then she looked at her grandmother and said, 'Grandmother, can we go in first and talk about it?'

The old grandmother looked at Elder Lin and then at Lin Yan, her mood slowly changing from joy to a hint of doubt.

It was only after she saw Jiang Hao carrying Lin Dong, who had his hands tied up, that she said in surprise, 'What the hell is going on here, what has happened?'

Only at the moment there was no one who could answer her, as Lin Yan and Elder Lin didn't want to talk to anyone right now and walked straight to the lobby.

Jiang Hao also followed closely behind the two of them, his face flat and with a hint of seriousness.

When they reached the lobby, Jiang Hao put him on the floor and he lay down, as if he were a walking corpse.

The old grandmother, after all, was a little more concerned about Lin Dong and seeing such a situation could not help but ask hurriedly, 'What on earth has happened here, why has Xiao Dong become like this?'

Master Lin looked at his grandmother and spoke in a serious tone, 'Call Lin Nan over to me!'

Hearing these words, the subordinates hurriedly ran to bring Lin Nan over, while the old grandmother looked at Elder Lin with a puzzled expression, not understanding what he was smoking!

‘Old man, what the hell is wrong with Xiao Dong turning out like this, tell me!’

Looking at the anxious old grandmother, a surge of anger surged in Elder Lin’s heart!

‘What’s going on? You’ll know what’s going on if you look carefully at me later, we have two wolves in the Lin family, you tell me what’s going on!’

Lin Nan, who had just walked to the door after receiving news from his subordinates, could not help but almost fall to his knees with a slight weakness in his feet when he heard these words.

Chapter 668

‘Master, grandfather, what’s going on, how did Xiao Dong turn out like this?’

Lin Yan was standing behind Elder Lin. Looking at Lin Nan with a puzzled look at the old man and her, she lowered her head not to meet each other’s eyes.

Elder Lin, on the other hand, was sitting in the hall, looking at Lin Nan with a cold smile.

‘Lin Nan, ah Lin Nan, do you really not know what’s going on here?’

Lin Nan looked at Elder Lin with a puzzled expression. Then he looked at his old grandmother again and said, ‘I really don’t know what’s going on!’

Jiang Hao leaned against the doorway with his arms clasped over his chest, looking at Lin Nan’s sophomoric face and snickered as he spoke, ‘If you didn’t have the evidence. I really wouldn’t have believed that you had anything to do with this.’

The old grandmother stood up with a grim look on her face and looked at Master Lin: ‘Old man, if you don’t give me an explanation for this matter today, we won’t be able to live with this family!’

After saying this, the old grandmother continued angrily, ‘And what did you mean by that just now, what do you mean by a wolf with white eyes? How come I don’t see any wolves with white eyes?’

Elder Lin looked at Lin Nan with a shocked expression and suddenly let out a loud laugh before pointing at him and saying angrily, ‘This is a wolf with white eyes! And that one kneeling on the ground is also a white-eyed wolf!’

As he said this, he took out the mobile phone handed over by Qiu Rats and the one he had retrieved from Lin Dong and placed it on the table.

Then he looked at Lin Nan and said, ‘I’ll give you one last chance, you talk, or you don’t talk!’

Lin Nan looked at the mobile phone on the table. His heart sank to the bottom.

Jiang Hao stood next to him and snorted before stepping forward and speaking, 'Say it, it's better for everyone, your affair has been compromised.'

Hearing these words Lin Nan's face turned blue and fell cleanly to his knees in silence.

The old grandmother saw this scene and faintly froze and hurriedly said, 'What the hell is going on here!'

Master Lin ignored his grandmother and looked at Lin Nan and asked, 'What exactly have I done to you and what exactly has Yan'er done to you that you need to do this?'

After saying this, he dismissed all his subordinates and then turned on the recording of his mobile phone, in which came the voices of Lin Dong and Qiu Rui Zi.

After listening to the recording. The old grandmother looked at the two kneeling on the ground with astonished eyes, as if she didn't even know them!

'Yan'er's father and I have managed to build this family business with great difficulty, but you guys are so good, you sit on your hands all day and are still greedy!'

At this point, Elder Lin coughed twice and his face turned saucy red!

Seeing this, Jiang Hao hurriedly went forward and administered two needles, and only then did Elder Lin's pallor stabilise, before looking angrily at the two.

'Do you guys know how much Yan'er has suffered this time to hold up this family. How dare you guys pay someone to kidnap Yan'er?!'

The old grandmother looked incredulously at Lin Dong and Lin Nan, seeing that the two of them had no intention of defending themselves at all. She almost fainted.

Luckily, Jiang Hao was close enough to help the old grandmother sit down, and then hurriedly administered two more stitches to the old grandmother.

Lin Nan knelt on the ground with his head bowed, and after listening to Elder Lin's words, he suddenly looked and laughed coldly twice.

'Yes. The Lin family owes its current foundation to you all, but didn't I contribute, I'm just getting back what I deserve!'

After saying this, he reached out and pointed at Lin Dong, 'Doesn't my son have the right to inherit. Do you really expect this stinking woman to hold up this family?'

Lin Yan jerked her head up to look at Lin Nan, as if she couldn't believe that the words she had just said came from him!

'Uncle, what did you just call me? Stinky woman?'

Ever since she was a child, Lin Yan had always been very respectful of the elders in her family, and even at her saddest times she had never overstepped the mark by half.

When Lin Nan had pushed her hard, she had endured it even though she was very helpless.

But what she got in return was Lin Nan's remark that she was a stinky woman and that he didn't even see Lin Yan as his niece!

Jiang Hao's face sank even as he stood at the side, were it not for the fact that he was now in the Lin family. If it wasn't for the fact that this was a family matter of the Lin family.

If it wasn't for the fact that this was a family affair, Jiang Hao would have had the heart to kill him based on Lin Nan's words alone!

When he thought of Lin Yan's decision to marry Chen Minggang for a mere 50 million. Jiang Hao was furious when he thought that Lin Yan had almost married that bastard Chen Minggang for a mere 50 million!

At this moment, Master Lin reached out with a fierce hand. He slapped his hand on the table and glared at Lin Nan!

'What did you just say! Say it again if you dare!'

Lin Nan knelt on the floor and looked at the old man, not daring to open his mouth to say another word. He could only lower his head and stare viciously at the ground.

'Where were you when our Lin family was fighting for their lives, if it wasn't for old grandmother's opening up, do you think you could have entered this family of ours?'

After saying this, Elder Lin ordered someone to go to the study and take out the account book, then viciously threw it in front of Lin Nan.

'Look for yourself at the good deeds your precious son has done, embezzling a whole forty million dollars! Do you think we don't know if you don't say anything?'

Elder Lin looked at Lin Nan and took a deep breath before slowly saying, 'I was thinking of letting Lin Dong go to detention for a few points to calm down in peace, and this money would be considered as buying him a lesson, Yan'er even pleaded with me.'

At this point, Elder Lin slapped his hand on the table in anger and shouted, 'And look what you've done!'

The old grandmother looked at Lin Nan with a sad expression and spoke with tears in her eyes, 'You are a family, why did you do this?'

Jiang Hao sighed as he looked at the two men in silence, this was the great family of the world.

After everyone had been silent for a while, Elder Lin looked at his old grandmother and asked, 'What to do about this matter, you see what you can do.'

The old grandmother gritted her teeth, got up and took out the family tree she had been carrying with her and handed it to Old Master Lin.

Then she looked at the two people kneeling on the ground and said, 'I'm old, I can't see through some things anymore, so you can make up your mind how to handle it, I'm tired.'

After saying this the old grandmother left, and as Lin Nan watched the old grandmother hand the genealogy to Elder Lin, a hint of a bad feeling grew stronger and stronger in his heart!

'Grandmother! Grandmother I was wrong, grandmother don't give up on me! I beg you grandmother!'

Lin Dong also came back to his senses at this time, watching as Elder Lin slowly opened the family tree, he spoke with a trembling voice, 'No, you can't do this, you can't!'

Looking at the two excited people, Elder Lin opened the family tree and then turned to the page of Lin Nan's father and son.

He then spoke, 'From today, Lin Nan and Lin Dong are expelled from the Lin family tree, and from now on, have no more involvement with the Lin family!'

As soon as the words left his mouth, Elder Lin tore off that page and then viciously threw it in front of Lin Nan's father and son.

'I won't call the police on this matter, so the two of you should take care of yourselves, someone, throw the two of them out!'

After saying this, Elder Lin ignored the pleading voices of Lin Nan's father and son in the slightest and turned his head to look at Lin Yan and said in a low voice, 'I'm a bit tired, push me away.'
