

Super Rich Dad Chapter 671-673

Chapter 671

Faced with the sudden arrival of the Shen family, all the Lin family members were also in their own minds.

Whether they wanted to or not, the Lin family grandmother received the Shen family into the lobby.

Master Lin looked at Shen Wennian and smiled before having his wheelchair pushed up, looking at Shen Wennian and his son, who were dressed in suits.

Looking at Shen Wennian and his son, who were dressed in suits, Elder Lin sighed heartily, 'I haven't seen you for a year. You still look great, poor old man, I'm already in a wheelchair.'

Shen Wennian laughed loudly before looking at Elder Lin and jokingly saying, 'I would like to sit down, but unfortunately I am not given the chance.'

Stopping at these words, Elder Lin smiled and then looked at Shen Qingshu and said, 'Well. A talented man, the young man looks quite spirited.'

At this time, Shen Wennian gave a wink to Shen Qingshu. He then stepped forward and nodded to Elder Lin, 'Hello Elder Lin, my name is Shen Qingshu.'

The old grandmother stood at the side and looked at Shen Qingshu's decent behaviour, so she could not help but say in praise, 'What a nice young man.'

Shen Wennian smiled and then sat down, then looked at Elder Lin and said, 'I have two things to do here today, and you, Elder Lin, are also my elder, so I'll be straightforward.'

Elder Lin and his grandmother looked at each other before looking at Shen Wennian and nodded, 'Go ahead, I'll listen.'

After coughing, Shen Wennian said, 'Firstly, I came to check on your health, and secondly, I came to ask about Lin Yan's marriage to my son, when do you think it will be convenient to get engaged?'

Looking at Shen Wennian's calm and unhurried appearance. Master Lin turned his head and looked at his grandmother.

Then with a bitter smile, he spoke, 'This first one, I will thank you, and then I will talk about this second one.'

As he spoke, Elder Lin used all his brain power to say, 'This second one is a bit troublesome, the marriage contract was made by my in-laws behind my back, and I was not consulted about it, so.'

When he spoke here, Elder Lin unconsciously stopped.

Although the latter words were not finished, both Shen Wennian and Shen Qingshu's hearts could not help but sink.

It was a good thing that we were all businessmen and not yet ready to tear their faces off. It was only the thought of the other party's sudden change of heart that disrupted their deployment.

So Shen Wennian frowned and said, 'But hasn't this matter been agreed before, are you now trying to, break the contract?'

The Lin family was not an ordinary person, so they could not afford to break the contract!

So the old grandmother gritted her teeth and came forward and said, 'I am to blame for this matter, I was so fussy and impatient to arrange this matter that I forgot to consult the child.'

Hearing these words. Shen Qingshu frowned slightly and glanced at Shen Wennian who was sitting next to him.

After a moment of wide-eyed silence between the two fathers, Shen Wennian spoke with a hidden anger, 'What is said is said. A gentleman respects his promises, where are you putting my Shen family in this way?'

After saying this, Shen Wennian added, 'Besides, if the child does not agree, it is fine for us to get engaged first. It's fine if we get engaged first and wait until the two children get along for a long time before getting married!'

The old grandmother almost agreed when she heard this, but Lin Yan, who was standing in the shadows, suddenly rushed out and shouted, 'No!'

Looking at Lin Yan's impulsive appearance, Old Master Lin hurriedly spoke, 'Yan'er. What are you doing out here? Hurry up and get inside!'

Strangely enough, when Shen Qingshu, who had originally thought nothing of the marriage, saw Lin Yan, he was astonished!

In fact, Lin Yan was really good-looking, with big eyes and thin eyebrows and a melon face, a standard beauty.

At this moment, under her hidden anger, she had a unique charm that made people's hearts and minds flutter.

But Shen Qingshu, as the only heir of the Shen family. What kind of beauty had he not seen before, but he was fascinated by this Lin Yan.

So he hastily reached underneath and pinched Shen Wennian. He indicated that he had something to say.

Shen Wennian felt it and turned his head to look at Shen Qingshu with some confusion, as father and son had been together for years and knew each other's temperament well.

Just by looking at the way Shen Qingshu looked at Lin Yan. Shen Wennian already knew what he was thinking.

So Shen Wennian let out a laugh and then collected his anger, looked at Lin Yan and smiled, 'Why not?'

Lin Yan took a look at Shen Qing Shu's piggy look. Gritting her teeth, she spoke, 'No means no, I am now the general manager of the Lin Group, I can't marry!'

When Shen Qing Shu heard this, he looked at Lin Yan and said courteously, 'I'm also the manager of the Shen Group now, so it's a good match.'

Lin Yan looked at Shen Qing Shu and froze, then turned her head to look at Elder Lin, hoping he could say a few words for her.

The old grandmother said, 'I think it's quite appropriate, it's indeed a good match.'

Master Lin could not bear it any longer and turned his head to look at his grandmother in amazement.

But the old man didn't know that his grandmother had fallen in love with the boy from the first moment she saw him.

He was so well-mannered, polite and courteous, and what was more, he had a beautiful face!

Although he was a little less handsome than the doctor who was close to Yan'er, he was still a standard handsome man.

Moreover, he was the only heir of the Shen family, the only heir, what a rare opportunity!

As long as Lin Yan was married to him, she would become the main mother of the Shen family!

If the two families joined forces, who else could stop them in the Northern Province?

The old grandmother's heart felt a surge of excitement at the thought of this, and even the look in her eyes towards Shen Qingshu became a little more fiery.

Shen Qingshu was frightened by the old grandmother's eyes, then looked at Lin Yan and laughed, 'You say yes, why not.'

Looking at Lin Yan's embarrassed look, Shen Qing Shu couldn't help but open his mouth and laugh, 'If you are reasonable, then I will leave this matter at that.'

When he said this Shen Qingshu didn't even bother about what his father meant, although he had great respect for his father, he had slowly taken over the affairs of the family.

So when he was outside, the words he said basically also represented the words that Shen Wennian said.

The more he looked at his daughter-in-law, the more comfortable he became.

These qualities are very rare in a man, let alone in a woman!

If he had such a woman as his daughter-in-law, and if she supported Shen Qingshu well in the future, he would not worry that his son would not be able to expand the Shen family.

Thinking of this, Shen Wennian looked at Lin Yan with a more and more favourable look.

Lin Yan looked at the eyes of the old man and the young man looking at her, her heart really wanted to cry without tears.

He said he would put off the engagement, but the more these two people looked at him, the stranger he looked.

Chapter 672

If she didn't say something, her grandmother would have to agree to the marriage!

Lin Yan hurriedly said, 'I already have someone I like, and I have a child with him!'

Hearing these words, the whole hall was shaken to the core!

Master Lin even looked at Lin Yan viciously and angrily and said, 'Who is it! Which little son of a b*tch did this!'

The old grandmother also looked at Lin Yan with a horrified expression, 'You! How could you do such a thing. How dare you!'

After saying this, Lin Yan herself was shocked, what had she said!

But the Shen family's father and son's faces sank, and Shen Wennian looked at Lin Yan and then at Elder Lin. He closed his mouth and was silent.

How much Shen Qing Shu had liked Lin Yan before, how angry he looked at Lin Yan now. He already regarded Lin Yan as his own!

Right now, when he suddenly heard Lin Yan say such words, how could he not be annoyed in his heart.

After taking two deep breaths, Elder Lin forced himself to hold back his anger and spoke, 'Who the hell is it, tell me who did this!'

Lin Yan looked at Elder Lin and surveyed the faces of everyone, then she spoke stiffly, 'It's Shen Yan!'

After saying this she could not stand it any longer, so she turned around and fled in a panic.

Shen Wennian watched Lin Yan leave, then with grim eyes he looked at Elder Lin and spoke, 'Elder Lin, the reason I respect you so much is because you are an elder, but don't think you can fool me like this just because you are an elder!'

At this moment, Shen Qing Shu also looked at Elder Lin and his old grandmother with angry eyes. But it was to keep his mouth shut, as he was not qualified to intervene in such matters right now.

The old grandmother took two deep breaths and then avoided Shen Wennian's gaze, lowering her head and saying, 'This, this, we didn't expect this either, who would have expected such a thing to happen!'

Master Lin, however, looked at Shen Wennian with an undaunted expression and said, 'Would you believe me if I said that I only found out about this today?'

Shen Wennian laughed coldly and then slapped the table, then got up and said angrily, 'It seems that there is nothing more to say today, Qing Shu, let's go!'

After saying this, Shen Wennian led Shen Qingshu to leave. As he walked to the door, Shen Wennian turned around and looked at the Lin family.

Then he spoke to Shen Qingshu, 'You like her a lot, don't you?'

Shen Qing Shu nodded silently, then looked towards the door of the Lin family with some anger.

'In that case, I'll let you have the power, do whatever you want!'

As soon as the words were finished, Shen Wennian turned around and got into a limousine and left, leaving Shen Qingshu standing alone at the entrance of the Lin family.

After standing at the door in silence for a long time, Shen Qingshu took out his mobile phone and called Lin Yan and slowly spoke, 'Actually, I always had your phone number. It's just that I didn't want to call it.'

Lin Yan was silent on the phone for a long time, then her voice was hoarse as she spoke, 'I'm sorry.'

Shen Qingshu snorted and looked up at Lin Jia and said coldly back, 'Don't worry. I will make you change your mind about what happened today, I want you for sure!'

After saying these words Shen Qingshu viciously slammed his phone on the ground and then turned around to leave.

At this moment, the Lin family was in a state of turmoil. Master Lin blamed his grandmother for not speaking up at the critical moment, but he even encouraged Lin Yan to marry him!

After leaving the lobby, the first thing Old Master Lin did when he returned to his study was to call Lin Yan over.

He looked at Lin Yan who was standing below. He said with a burst of anger, 'Even if you don't agree to this marriage, why did you say something like that?!'

Lin Yan was somewhat afraid to look up at Elder Lin, so she could only whisper, 'I'm still worried that even if you guys knew I had someone I liked, you wouldn't care about my feelings.'

After saying this, Lin Yan dropped two tears and said, 'Ever since I was little, have you and grandmother ever cared about my feelings?'

Hearing these words, Elder Lin could not help but be silent for a moment.

Lin Yan was right, she had never cared much about her feelings since she was a child. It was only recently that she had grown up over the years.

That was why he had gradually started to notice Lin Yan, otherwise I was afraid that things would have become even worse.

Thinking of this, Elder Lin sighed lightly and said, 'But you can't say that no matter what. Let me ask you, are you pregnant with someone else Shen Yan's child?'

Lin Yan hesitated for a moment when she heard this. Then she gritted her teeth and nodded and spoke, 'Yes, I am indeed pregnant with his child. I've always liked him!'

Lin Yan was serious about this last statement as she raised her head to look into Elder Lin's eyes and spoke, 'I like Shen Yan!'

Looking at Lin Yan's look of not turning back until she hit the south wall, Elder Lin laughed bitterly and helplessly, 'I feel that I've spent money on treating a disease, but I've even gotten my own granddaughter involved?'

After shaking his head slightly, Elder Lin said, 'It's alright, it's better this way, although that Shen Yan's identity is a bit suspicious, he doesn't have any malice towards our Lin family.'

At this point, Elder Lin let out a deep sigh and said, 'Whether you are pregnant with Shen Yan's child or not, let's use him to deal with the Shen family for the time being.'

Lin Yan, who had expected Elder Lin to be very angry, couldn't help but look at Elder Lin unexpectedly when she heard this.

'Weren't you going to have him thrown into an oil barrel and poured with cement then sunk into the sea, how come all of a sudden, just like that?'

Elder Lin looked at Lin Yan and shook his head, then spoke helplessly, 'Things have gotten this far with you, what other ideas can you think of now besides this way of dealing with it?'

After slightly shaking his head, Elder Lin gestured for Lin Yan to exit, then took out his phone and looked at Jiang Hao's phone number for a moment of hesitation.

'I think I, Lin Hengyuan, have been in the business world for decades and have never come across anything, but this is the first time I have dealt with such a matter!'

After a slight hesitation, Elder Lin still made that call.

Leaving aside what Elder Lin told Jiang Hao for now, Lin Yan pushed out from Elder Lin's study in a trance.

Then she leaned against the pillar in front of the door in silence for a long time before she came back to her senses and accepted the fact.

That was that Elder Lin had agreed to let Jiang Hao be her boyfriend, no, to be her fiancé!

Thinking of this Lin Yan's heart cried out: God, I haven't even confessed to Shen Yan yet, why have things turned out like this!

After viciously hitting the pillar with her hand, the intense pain made Lin Yan turn back to Shen, then crouched on the ground with her hands on her head.

She felt she no longer had the face to stand in front of Jiang Hao, why would she do such a shameful thing ah, to say behind Shen Yan's back that she was pregnant with his child!

Chapter 673

Lin Yan's face burned when she thought about it, but now things had turned out this way.

After hesitating for a while, Lin Yan immediately left the house and drove to Jiang Hao's place, wanting to unify with him.

But she didn't expect to arrive at the hospital entrance. Jiang Hao called.

Looking at the phone number on her mobile phone, Lin Yan hesitated for a while before she finally mustered up the courage to pick up the phone and said, 'Hello?'

Jiang Hao was in a complicated mood at the moment, as he was peacefully doing his own thing at the hospital. How did he suddenly and inexplicably become someone else's son-in-law?

That was even better, he and Lin Yan were clean and innocent friends. How come all of a sudden he had knocked up someone else's belly?

But after listening to the words of Elder Lin on the other end of the phone, Jiang Hao took two deep breaths and finally asked for leave to talk to Lin Yan about the matter.

This is what happened when Jiang Hao called as soon as Lin Yan arrived at the hospital entrance.

'Lin Yan, is it convenient for you now, how about we find a place to sit down?'

When Lin Yan heard this, she laughed bitterly twice and spoke back with a dry mouth, 'Yes, you, that, I'm right in front of your hospital. Come out, I'll wait for you.'

After saying that, Lin Yan hung up the phone in a panic, as if it wasn't a phone, but a hot potato!

Jiang Hao looked at the phone and shook his head helplessly before calling nurse Xiaoli and saying, 'Xiaoli, I'm going out for a while, call me if there's anything wrong.'

Nurse Xiaoli looked at Jiang Hao and nodded and smiled, 'Got it, our great doctor Shen!'

After saying that, she took the initiative to fill in the leave slip for Jiang Hao, and then stamped it herself and it was counted.

At present, Jiang Hao was a big hit at the hospital, and many people wanted to be seen by him. However, Jiang Hao was limited to seeing only ten patients a day.

So he was not particularly busy, and basically finished in the morning, and then just sat in his office and lazed around, or instructed others in the art of acupuncture.

The dean also expressed silence about this, as long as Jiang Hao could bring such a fame effect to the hospital, even if he slept every day, dean Jiao did not bother.

After changing his clothes and walking out the door, Jiang Hao saw Lin Yan's car.

So he walked over and knocked on the driver's window. Lin Yan sat inside the car and hurriedly lowered the window and looked at Jiang Hao somewhat awkwardly, not knowing what to say.

It was Jiang Hao who took the initiative to smile and spoke, 'Open the door.'

Only then did Lin Yan react. Then she hurriedly opened the car door for Jiang Hao to sit up.

'Let's, this. Where to go and sit?'

As soon as Jiang Hao got into the car Lin Yan felt a little uncomfortable all over, so she awkwardly opened her mouth and asked, but didn't even dare to look at Jiang Hao.

Jiang Hao turned his head to Lin Yan and smiled bitterly before saying, 'I read on the internet that a cafe on New Town Road looks very good. Let's go there and have a seat.'

Hearing this, Lin Yan was surprised and said, 'I heard that the dessert at that cafe is also very good, okay, okay, okay, we'll go there now!'

Looking at Lin Yan like a little girl, Jiang Hao smiled and shook his head before closing his eyes and pretending to sleep.

When we got to the cafe. Jiang Hai took Lin Yan up to the first floor, sat down and ordered some dessert, then looked at Lin Yan and said, 'What do you think?'

Lin Yan faintly froze at these words and said, 'What do you think?'

As soon as the words were out of her mouth, Lin Yan regretted it, what else could Jiang Hao mean by asking this?

So she blushed and lowered her head and said weakly, 'I... I really had no choice at that time, so I just... just did it.'

Jiang Hao looked at Lin Yan's shy look and shook his head helplessly, 'But is it really useful for you to pull me out as a shield like that?'

When Lin Yan heard this, her eyes instantly reddened, then she flopped down on the table and ate her dessert one by one.

Jiang Hao didn't mean to blame Lin Yan for saying that. He was just a little worried that she had ruined his reputation.

It wasn't like he cared about anything anyway, and right now even this identity was a fake. What did he have to be afraid of.

Seeing that Lin Yan's mouth was covered in cream from eating, Jiang Hao took a tissue and wiped the corner of Lin Yan's mouth for her, 'I didn't mean anything else. I just don't want to ruin your reputation.'

Lin Yan's heart shook as she watched Jiang Hao's actions, then slowly lifted her head to look at him as she heard those words.

'I. You're not angry?'

'What am I angry about, you're not even afraid of a girl doing this, what do I have to be afraid of as a big old man.'

After saying this Jiang Hao shrugged his shoulders and said, 'I don't believe does that whatever Shen Qing Shu can still eat me.'

Hearing this Lin Yan snickered, then shook her head and said, 'I wouldn't eat you, I'm just worried that he might do something small to you.'

Jiang Hao smiled and flexed his arm to show off, 'It's not like you haven't seen my skills before, do you think I could possibly be scared?'

Lin Yan shook her head with a bitter smile before falling silent, in fact she had doubted on her way here that grandpa would tell Jiang Hao about this directly.

Right now, it seemed that there was at least one thing grandpa hadn't made clear, and that was that he really and truly liked Jiang Hao.

Thinking of this, Lin Yan took a deep breath before looking at Jiang Hao and spoke, 'Shen Yan, can I trouble you with one thing.'

Jiang Hao nodded before tasting a mouthful of dessert with a spoon, then nodded in satisfaction and said, 'This dessert is indeed good, it's great.'

'Be my fiancé!'

'Pfft! Cough cough cough, what, that, I didn't hear you too clearly just now, what did you say?'

Lin Yan somewhat helplessly pulled out a tissue, then wiped her face and spoke, 'I said, be my fiancé.'

Jiang Hao covered his mouth and looked at Lin Yan in astonishment, 'Are you crazy? Come on, there's no need to play this big, is there?'

Lin Yan leaned over the table and said, 'I don't want to play this big, but this is how it is, if the Shen family doesn't see us engaged, they won't stop.'

In fact this was just an excuse, Lin Yan's heart just wanted Jiang Hao to be her fiancé!

Jiang Hao looked at Lin Yan helplessly, then shook his head and said categorically, 'No, I'm still a young grass, I can't act out a scene and break your hand like this.'

After saying this, he wiped the corner of his mouth and continued, 'If I become your fiancé, how will I be able to pick up beautiful women in the future?'

Hearing this, Lin Yan looked at Jiang Hao angrily and said, 'Are you still a friend, are you going to watch me get ruined!'

After saying this, Lin Yan's eyes couldn't help but redden, this was the first time she had been rejected like this!

Jiang Hao looked at Lin Yan for a moment, then sighed after a moment of silence, 'Alright, alright, then I'll be your fiancé for now, alright?'
