

Chapter 676

Wow...

Seeing this scene, the two brothers Cai Guofu were extremely excited.

They didn't expect that under the reward, their four bodyguards were so powerful that they could kill Lin Fan in almost minutes.

Especially when they saw that Lin Fan didn't even react at all, as if they were scared and stupid, they were even more happy.

Succeeded!

At this moment, the two of them seemed to have seen the miserable scene of Lin Fan being pierced through his neck by four daggers, splashing blood.

"Die! Hahaha, this bastard is finally dying!" Cai Guoquan in the wheelchair was shaking with excitement.

It's just when his smile is strongest.

Bang bang bang bang!

The four dull voices resounded suddenly, and then the two brothers Cai Guofu saw that their four bodyguards seemed to be hit by a train, and they all flew back.

Crackling!

All fell to the ground severely.

One by one he vomited blood continuously, but the bones all over his body were almost shattered by life.

how can that be!

The two brothers Cai Guofu almost suspected that they were dazzling at this moment.

Especially, when they looked at a tower-like man who bounced back his bodyguard, the eyes of the two almost fell out.

now!

In front of Lin Fan, there was an extra person who didn't know when. , He is... King Kong.

“Jin... Mr. King Kong! Why are you, why...” The two brothers Cai Guofu were dumbfounded.

They never thought that stopping their bodyguards and saving Lin Fan’s people would be their number one master in Yunhai.

However, this does not stop.

Da da da!

Just after King Kong appeared, footsteps reverberated densely.

Then under the incredible sight of the two brothers Cai Guofu.

Fei Lao, Qi Lao and other giants came together.

Underground giants such as Hutou and Crazy Wolf stepped out.

...

Ten people!

Twenty people!

Thirty people!

Looking at the big brothers and giants, the two brothers Cai Guofu turned pale with fright.

Because they were stunned to discover that everyone who came here was all their big names, and they were also the guests at the dinner tonight to welcome Grandmaster Lin.

A trace of bad feeling began to appear in the hearts of Cai Guofu and the other two, making them tremble and panicking.

This is more than that.

Lin Fan didn’t seem to be surprised by the appearance of King Kong and others.

He deeply kissed Bai Yi’s forehead, and then said to her:

“Wife, you go outside and wait for me!”

"I'm dealing with some things now!"

Huh?

Bai Yi was taken aback, especially looking at King Kong and the others, a strong worry flashed on her pretty face.

However, before she waited for her to say anything, the aunt Shen Yuzhi, who followed the crowd, hurried forward, took Bai Yi and walked out of the box.

Until then.

In the entire box, only Lin Fan was left from Jiangshi, and the rest gathered all the upper-class bosses in Yunhai City.

Chapter 677

"Jin... Mr. King Kong, Mr. Fei! You, aren't you up there preparing to meet Grandmaster Lin? Why are you here?"

An embarrassed smile appeared on Cai Guofu's face.

He was forcibly suppressing the panic and shock in his heart.

Cai Guoquan, who was next to him, didn't think too much. Instead, he saw King Kong and others coming. As soon as his eyes rolled, he provoked the discord and said:

"Mr. King Kong, Mr. Fei! Have you seen this kid? He is A person from Jiangshi, but he doesn't even look down on the big guys of Yunhai!"

"He interrupted my limbs and humiliated us Yunhai people. Please Mr. Fei to be fair to me!"

Wow...

Cai Guoquan said.

Layers of cold sweat broke out on the foreheads of Fei Lao, King Kong and others.

then!

These dozens of big brothers and giants, under the unbelievable sight of the Cai Guofu brothers, they swept across Lin Fan and bowed deeply:

"I'm guilty, please punish Grandmaster Lin!!!"

Dang This trembling voice resounded in the box.

The two brothers Cai Guofu felt as if their heads were struck by lightning, making them completely confused.

What did they hear just now?

Lin...Master Lin?

how can that be.

A trace of seeing a ghost appeared on the faces of the two brothers Cai Guofu. At this moment, they once again looked at the densely packed Yunhai city leaders who bowed and apologized to Lin Fan.

boom!

Their scalp almost burst.

"He... he is Great Master Lin? The terrifying existence of the three tricks to abolish the blood wolf? How is this possible!"

Cai Guofu was frightened.

He only felt that a trace of strength in himself seemed to be taken away from him, causing his legs to soften.

With a puff, he fell to the ground.

And Cai Guoquan in the wheelchair next to him, after seeing the scene where Fei and the others bowed to Lin Fan, his body shivered, and a trace of urine flowed out from under his crotch.

Was scared to pee.

It's over.

Before they had spent a lot of money to buy an admission ticket to the party, in order to see the grandmaster Lin's demeanor, and even hope to have a relationship with the other party.

What made the two of them dream of was that they not only had been enemies with Grand Master Lin, but even wanted to kill each other.

This...

Cai Guofu and the other two only felt their scalp exploded, and boundless fear enveloped them for life.

“Master Lin, brother Cai Guofu belongs to our Yunhai city. We also just learned that their brothers are actually wolf ambitions and want to disadvantage you and your wife!”

“This matter, all of us Yunhai are all guilty. Please Master Lin Punishment!” At this moment, Old Fei looked at Lin Fan again, full of guilt.

Chapter 678

after all.

It has only been two days since Lin Fan came to Jiangshi, but there were already several unsightly things that provoke this great god.

This makes all the big guys in Yunhai City panic and uneasy.

The underground giants such as King Kong and Hutou looked at Cai Guofu with murderous expressions, and said grimly:

“Master Lin, as long as you have a word, we will now chop up these two chopped pieces. Dog!”

Wow... the words were cruel and vicious, and it made the two brothers Cai Guofu almost paralyzed.

just.

“This matter has nothing to do with you!” Lin Fan’s voice was indifferent, his eyes turned, and he stared at Cai Guofu, with a grin:

“It’s related to them!”

Puff!

When this sentence fell, Cai Guofu was struck by lightning, and he knelt down to Lin Fan involuntarily.

“Lin ..... Linda Zong division, I ..... I do not know who you are, ah, you old large number of adults, forgive me this time, I Cai Guofu even when cattle and horses, but also willing to repay your Grace!”

Afraid Up!

At this moment, Cai Guofu was completely scared. After all, not only Lin Fan, but also any one of Fei Lao, Qi Lao and others, could easily make their brothers bloody the streets.

Talking.

Cai Guofu seemed to have thought of something. He quickly took out two cheques from his arms and handed them to Lin Fan:

“Master Lin , this is a 150 million cheque, as I am paying you! In addition, I You can transfer the Blue Ocean Building and all the properties of our brothers to you. I only ask you to spare our brothers!”

A check of 150 million!

All industries.

I have to say that Cai Guofu is very courageous. In order to save his life, he is even willing to give all of his own.

However, Lin Fansen smiled:

“Okay! In that case, I can’t kill you!”

What!

Lin Fan’s words stunned the Cai Guofu brothers and Fei Lao and others.

They didn’t expect that Lin Fan was so easy to talk, even willing not to kill them.

At the moment, Cai Guofu was extremely ecstatic. He knelt on the ground and knocked his head at Lin Fan as if pounding garlic:

“Thank you, Grand Master Lin , Thank you, Grand Master Lin!” As he knelt and thanked, he gave the two checks respectfully. Handed it to Lin Fan.

Lin Fan smiled faintly, then took the check and put it in his pocket.

Elder Fei, who was next to him, also winked at the people behind him, and someone immediately walked out, and in just one or two minutes, he brought a thick contract.

Asset transfer commitment letter.

As long as the words are signed on this and there is also the testimony of Fei Lao and others, then all the properties under the names of the Blue Ocean Building and the two brothers Cai Guofu will be owned by Lin Fan.

See this scene.

The two brothers Cai Guofu, no matter how unwilling they were in their hearts, they could only bite the bullet and sign on them.

Chapter 679

When everything is done.

Lin Fan accepted the asset transfer undertaking, glanced faintly, and nodded in satisfaction.

“Lin...Mr. Lin, can we go now?” At this moment, Cai Guofu didn’t dare to face Lin Fan again.

He was afraid of this demon, so he changed his mind and started killing his brothers again.

“Go?”

Lin Fan smiled and nodded faintly:

“Of course! When you get to hell, remember to apologize to your four assassins. After all, they died a bit miserable!”

What!

Lin Fan’s words were like a burst of thunder, causing the faces of the two brothers Cai Guofu to become pale and bloodless.

hell?

Lin Fan is going to... kill them?

“Mr. Lin, you...you can’t do this, you just promised it personally. As long as we hand in the check and all the properties, we can bypass us and not die!”

“Now that our brother has signed it, you can’t go wrong!”

Cai Guofu panicked completely, and a trace of despair filled his face.

He doesn't want to die.

Even if he loses everything, he still has the opportunity to make a comeback, wealth, beauty, status, all of which he said cannot be abandoned.

however.

After hearing this, Lin Fan smiled even more gloomily:

"You should remember it wrong, I said, I didn't kill you, it's because you kind of bugs are not qualified to die in my hands! "But this doesn't mean that others can't kill you!"

Wow...

As soon as these words came out, the two brothers Cai Guofu were frightened.

Not only that.

They were amazed to see that as soon as Lin Fan's words fell, King Kong, Hutou and other underground fierce bigwigs all surrounded them.

Huh huh!

A shimmering dagger appeared in the hands of King Kong and others, their expressions were so cruel and ferocious.

"Remember, entertain them! There are 206 bones in a person's body, so cut them into 206 segments!"

Lin Fan's voice was cold and indifferent.

But this sentence fell.

Let everyone burst their scalp.

Cut it into 206 segments!

So spicy!

So cruel!

What is even more frightening is that these cruel words, spoken from Lin Fan's mouth, are just like killing two ants and reptiles, so easy, simple and indifferent.

"No..."

Brother Cai Guofu was completely scared to pee.

But before they begged Lin Fan for mercy again, they saw King Kong and an underground tycoon rushing up with a ferocious face.

Huh huh!

The dagger flickered coldly.

Blood spattered everywhere.

Chapter 680

In the corridor outside the box.

Bai Yi and her aunt Shen Yuzhi stood quietly by the window, waiting for Lin Fan and others to come out.

However, in the process of waiting, Bai Yi was stunned to hear, and there were a series of calls of 'Master Lin'.

"Auntie, have you heard that someone is calling Grandmaster Lin?" Bai Yi's eyebrows just frowned.

Among them, there is no great Master Lin.

After all, she knew that Grand Master Lin was the terrifying existence who saved Zhang Yichen.

They are hermits and masters.

How could it appear here.

What's more, in the entire box, only Lin Fan's surname is Lin.

Hearing Bai Yi's words, aunt Shen Yuzhi's mouth twitched fiercely.

She wanted to tell Bai Yi that your husband Lin Fan is Grand Master Lin, but when the words came to her lips, she could only swallow them back.

“Bai Yi, you must have heard it wrong! Where did someone call Master Lin, I didn’t hear it at all!”

Aunt Shen Yuzhi replied with embarrassment.

Didn’t you hear?

Bai Yixiu frowned a little deeper, and immediately suspected that she was a little auditory hallucination.

But at this moment.

Ahhhhh!

A scream of screams and screams continued to come from inside the box.

In this voice, there are deep fear, despair and boundless regret, as if the owner of the voice is suffering unimaginable torture.

“Auntie, this scream seems to be from the two brothers Cai Guofu! Lin Fan wouldn’t do anything to them, right?”

“Furthermore, the two brothers Cai Guofu are from Yunhai. I am afraid that Fei and the others will stand on the side of Cai Guofu and it will be against Lin Fan!”

Bai Yi’s pretty face was slightly pale.

Just heard this.

Aunt Shen Yuzhi even shook her head and said with a smile:

“Bai Yi, don’t worry! No one can hurt Lin Fan!”

What!

Bai Yi was taken aback for a while, she looked at Shen Yuzhi’s self-confident appearance, and she was a little dazed.

She didn’t understand that her aunt had just met Lin Fan the next day, how could she have such confidence in Lin Fan.

Just when Bai Yi was thinking about it.

Da da da!

I only heard the sound of footsteps, and then I saw Lin Fan walk out of the box.

Not only him, but also Fei Lao, Qi Lao and other giant figures in Yunhai City. They followed Lin Fan, as if the stars were holding the moon, which made Bai Yi even dreaming.

“Lin...Lin Fan, are you okay?”

Bai Yi quickly greeted him and looked at Lin Fan up and down. After making sure that he had not suffered any harm, Bai Yi was slightly relieved.

At the moment she wanted to ask about what the two brothers Cai Guofu had done to them, but thinking that Fei Lao was waiting for the Yunhai people beside her, she could only shut her mouth and stopped asking.

“Wife, don’t worry, I’m fine!”

Lin Fan smiled slightly, then rubbed Bai Yi’s hair and said with a smile:

“This time, our Yunhai’s purpose has been completed, and we can leave tonight.”
