

## Chapter 681. He had never been there

Lu Xingzhi had already turned the bottle cap back on. When he heard Jiang Yao's words, he did not know whether to gloat or scold her.

He had already told her not to pick him up on the road. If he could not help it and hugged her and kissed her, she would be unhappy again!

Really..

She was the one who wanted to pick him up. If she was unhappy, she would be unhappy again.

The two of them had been in a good relationship for so long. Other than the time when they parted at the airport, when Jiang Yao hugged him and called him 'Hubby' a few times, he had never heard her call him that. That night in bed, no matter how hard he tried, he could not get her to let go.

He did not expect that she would not be able to hold it in anymore.

"Yaoyao, be good." Lu Xingzhi's eyes darkened. "Shut up. Otherwise, in a few minutes, you might get angry."

Lu Xingzhi swore that he was really holding it in now. That was why he did not stop the car and press her into his arms to kiss her.

She looked at his eyes, hot and crazy. Her voice was filled with excitement and joy. He was really having a hard time holding it in.

"..."

Jiang Yao bit her lip and glanced at Lu Xingzhi.

"I won't hook you, but I have a stomach full of words right now. If you don't let me talk..." Jiang Yao pouted. "I can't."

Then, she quickly followed up and asked, "I'm curious. You seem to be familiar with the terrain of that alley. Have you been there before?"

She had lived in Nanjiang city for so many years. She knew about that alley, which led in all directions. However, she didn't know which road led to which road.

However, Lu Xingzhi had been able to take the car behind him and circle around the alley, finally blocking the road. Jiang Yao was really surprised by this. After all, Lu Xingzhi had only come to Nanjiang city a few times, and.., he was not the kind of person who would go around in circles in an alley for no reason.

"Oh, that alley..." Lu Xingzhi pulled the end of his 'Ah' a little, feeling a little casual. Then, he grunted again, "I haven't been there. Just two days ago, when I was about to buy a house, manager Sun showed me the map of Nanjiang City. I saw the terrain of that alley area and thought that it was quite interesting, so I took a few more glances."

Lu Xingzhi's memory was super good, so in the few minutes when he heard manager Sun mention Wu Qiao Road, he took a few more glances at that area and memorized the terrain map of the alley, he even memorized the route of the alley in his mind.

He was born sensitive to these things, unlike Gu Haoyu, who was a road idiot. He had a talent for knowing the way since he was young, because his memory was also good. Basically, as long as he looked at the map, he could remember the way.

Lu Xingzhi answered casually as if he didn't care at all. This was nothing to him, but Jiang Yao was excited to hear it.

Lu Xingzhi's brain was probably created by the heavens. That was why it was more useful than ordinary people?

He had never been to the area of the alley. He could remember it clearly just by looking at the terrain marked on the map.

Jiang Yao held it in for a long time before she didn't compliment him again.

"Did you hear that shout from the team leader just now?" Lu Xingzhi didn't know what Jiang Yao was thinking. For someone who had been able to remember directions since he was young, it was nothing worth mentioning.

Now, before Jiang Yao could speak again, he suddenly remembered that he had something that he probably needed to explain.

"Are you saying that the team leader called his men to catch me?" Jiang Yao nodded. "I heard him. He shouted so loudly that even deaf people could hear him."

Moreover, her hearing was abnormally good.

### **Chapter 682. There must be no misunderstanding**

"He was trying to create a diversion. He called his men to capture you, but I had estimated the mobility of his men and didn't think that he could hurt you. So, I didn't plan to deal with that person from the beginning. Instead, I put my attention on the team leader," Lu Xingzhi explained, "So, it's not that I don't care about you."

He was afraid that Jiang Yao would have a knot in her heart when she recalled it. She would feel that he had chosen to chase after the team leader at that critical moment. Even if the truth proved that the team leader was scheming, she still felt that he did not care about her enough.

Lu Xingzhi did not want Jiang Yao to have any misunderstanding or misunderstanding about him. Sometimes, many things, if not explained, might really turn from a small misunderstanding to a estrangement. Then, as time passed, it would be magnified little by little.

It was not easy for him and Jiang Yao to have their current integration. He did not want to have the slightest possibility of being frozen back to the beginning.

"Actually, you don't have to explain. I know." Jiang Yao did not have any misunderstanding at all because she knew clearly in her heart how much Lu Xingzhi cared about her.

Seeing that he was really worried, she continued, "I believe in your judgment. You have your thoughts, and I am not a fragile vase."

Lu Xingzhi looked back at the smiling woman beside him. After a while, he relaxed.

She really did not misunderstand. This answer made him inexplicably happy.

"Oh right, how are you going to deal with Zhu Qianlan this time?" Jiang Yao really found it hard to understand why Zhu Qianlan had asked someone to follow her.

Had she done anything to Zhu Qianlan? It seemed like she didn't do anything from the beginning to the end, right?

All this time, it was Zhu Qianlan who did something to her. The only thing she, Jiang Yao, had done was to reject Zhu Qianliang's request for help.

But in fact, shouldn't Jiang Yao reject him? Any normal person would have rejected him, right?

Why did Zhu Qianlan repeatedly use words to ridicule her and even come to Lu Xingzhi to spout nonsense? Did Jiang Yao have to pretend that nothing had happened and help him with a smile? There was no such reason in this world.

"Just because I refused to help her, you want to find someone to kidnap me? To teach me a lesson? A woman like Zhu Qianlan is really unreasonable and unreasonable," Jiang Yao sneered. "She really thinks of herself as a princess and wants everyone to respond to her."

"That's not true," Lu Xingzhi said faintly. "Because I forced her to leave Nanjiang City."

Therefore, Zhu Qianlan was desperate and did such a thing out of anger.

However, Lu Xingzhi did not think that he was wrong, nor did he regret what he did.

He would not be in Nanjiang City for long. Why did he leave Zhu Qianlan in Nanjiang city to make things difficult for Jiang Yao? He even dragged Jiang Yao and Huang Cheng together. This woman was ridiculous and stupid.

His methods had always been swift and decisive.

"What did you do?" Jiang Yao was taken aback by Lu Xingzhi's reply. "I thought Zhu Qianlan was narrow-minded and small-minded. It was only because I refused to help her that she made such a derogatory move."

She didn't know whether to laugh or cry. It seemed that she had misunderstood again.

Although Lu Xingzhi didn't say it, Jiang Yao could guess that if Lu Xingzhi made a move, there wouldn't be much room for maneuver.

Just like Madam Zhou in the capital. If he didn't make a move, Madam Zhou could still use all her strength to jump around. However, once he made a move, Madam Zhou would be directly sent to prison and eventually given up by the Zhou family.

**Chapter 683, how much longer**

Grandfather du wanted to help his daughter, but he couldn't do anything now.

"Are you planning to send Zhu Qianlan to jail as well?" Jiang Yao asked, because they were both attempted kidnappers.

"I won't use the same trick twice. I haven't used the same trick twice." Lu Xingzhi chuckled, "Moreover, those thugs are employees of the Zhu family company. It will be very troublesome to get them to change their statements. If we want to deal with Zhu Qianlan, we have to start from another angle."

The Zhu Family!

Jiang Yao subconsciously thought of the Zhu family. When Lu Xingzhi and director ye separated, he asked director ye for information on the Zhu family. Lu Xingzhi wanted to deal with Zhu Qianlan. Was he planning to start from the Zhu Family?

Jiang Yao hadn't gotten the information on the Zhu family yet. Jiang Yao guessed that Lu Xingzhi hadn't figured out how to operate it yet, so she didn't continue asking.

She turned around and asked about the martial arts that Lu Xingzhi practiced. "When you were in the Military Academy, did you learn about the damage that every part of the human body can withstand? Your attack was very accurate."

He wanted to make people hurt, but he couldn't move, but it wouldn't kill them. The place he found was really accurate.

"Yes, after I joined the army, I also had special training," Lu Xingzhi said. "I learned a fatal move, and I also learned something like capturing."

Every year in the army league, he was the all-rounder champion. There was no exception.

"These thugs today are not evil people. Although they intend to kidnap, they don't deserve to die. They still have families, wives, children, and parents. Therefore, the killing moves I learned need to be changed when I use them on them."

Lu Xingzhi's attacks were indeed vicious, but they were not so vicious that they could kill someone.

The methods he had learned in the military academy and the army were used to deal with vicious criminals and vicious people. However, they were not used to deal with ordinary people. Although he was cold-blooded.., he was not a cold-blooded person. This was the reason why he didn't attack those people ruthlessly.

However, if any of the people who tried to kidnap Jiang Yao today were bad people, they would not be able to get anything out of him today.

"Of course." Jiang Yao's lips curved into a light smile. The man she fell in love with was an extremely wise and rational man.

Lu Xingzhi had probably spent all his patience on her in this life.

All his stupidity in this life had probably been put to good use by her.

How fortunate that she was such a beautiful exception in his life.

The two of them drove straight from the alley to the airport. This time, Lu Xingzhi obviously sped up the car.

They had thought that Gu Haoyu would be able to arrive no matter how lost he was due to the delay in their journey. They had not expected that when Jiang Yao and Lu Xingzhi reached the airport entrance, they would give Gu Haoyu a call. Only then did they know that Gu Haoyu was still on the road.

Jiang Yao unkindly laughed out loud on the phone and asked, "Second brother, do you need me and Xingzhi to pick you up?"

"No need, it'll be quick. Ten minutes at most." Gu Haoyu hung up the phone after saying that. He was probably already used to Jiang Yao's mockery, so his tone didn't change in the slightest, and there wasn't any displeasure in it.

"How long did second brother say?" Lu Xingzhi stopped the car and turned around to look at Jiang Yao

"He said ten minutes," Jiang Yao replied.

### **Chapter 684, team**

Lu Xingzhi led Jiang Yao out of the car and placed his hand on her head. He was probably afraid that she would hit her head on the roof of the car. Then, he continued, "I estimate that it will take at least 15 minutes."

Lu Xingzhi chuckled. "There is still a fork in the road. He will probably be delayed for another three minutes."

Jiang Yao was laughing so hard that her eyes almost formed a line. For some reason, she really wanted to see how Gu Haoyu looked when he was lost. She really wanted to see how he would ask for directions with that harmless face of his.

Lu Xingzhi said 15 minutes, and sure enough, Gu Haoyu arrived in about 15 minutes.

Once he got out of the car, he still smiled warmly at Lu Xingzhi and Jiang Yao's teasing faces. He even asked in a decent manner, "Have you waited long?"

"I haven't waited long." Jiang Yao shook her head. Originally, she wanted to mock him a little more, but when she saw his smiling face, she could not bring herself to say those words.

Therefore, besides asking for directions, Gu Haoyu's refined appearance could probably stop others from mocking him.

The plane wasn't delayed. The three of them waited at the airport for more than ten minutes before they picked him up.

In a team, five people arrived first. Although they had heard from Gu Haoyu that their future boss was a very young woman, before they met Jiang Yao, they couldn't believe that it was a girl who was only a freshman.

"This is your future boss, Jiang Yao." Gu Haoyu introduced both parties. After introducing Jiang Yao, he introduced the two oldest people in the team, "This is Abbott..."

“What Abboitt? Those are foreign names that were given to cater to the foreign devils’ preferences overseas. After returning to our own country, of course we have to call back our own names! Hello, director Jiang, I’m Lin Teicheng.”

Lin Teicheng directly interrupted Gu Haoyu’s words, then smiled and extended his hand towards Jiang Yao, “When my father gave me this name back then, he hoped that I would become a particularly honest person in the future. In the future, I will leave this honesty to director Jiang and the Changkang Research Institute!”

“Director Jiang! Brother Teicheng is the best at Flattery!” A slightly younger boy on the side winked at Jiang Yao and made a face.

“Go away.” Lin Teicheng pushed the boy behind him and pulled his wife over, he continued to introduce, “This is my wife, Hong Ke. Beside my wife is our team’s beauty, Xiao An. Beside Xiao An is a handsome gentleman called Xiao Yuan. Beside Xiao Yuan is a wild monkey called Qiong Hui.”

“This is a personal vendetta!” Qiong Hui was furious when she heard Lin Teicheng’s introduction. “How can I Be a wild monkey? I have parents. No matter what, I’m still a family member!”

“Alright, I’m just a monkey.” Lin Teicheng shrugged.

Just by introducing herself, Jiang Yao felt that this was a very interesting team and a very cohesive team.

Among the five people in the team, the oldest was Lin Teicheng. He was 34 years old this year, and Hong was his wife. Jiang Yao had read the information, and Hong Ke was also 32 years old this year.

These five people were all from the same school and under the same professor. They could be considered fellow disciples and siblings. The youngest was the Wild Monkey Qiong Hui that Lin Teicheng had mentioned. He was only twenty-three years old this year, he was a very powerful prodigy and genius. He was admitted to university at the age of sixteen and graduated with a doctorate at the age of twenty-two. It was simply a miracle in the world of top students.

### **Chapter 685, the most generous boss**

“On behalf of Changkang Corporation, I welcome all of you to join us. I look forward to seeing all of you create a new miracle for this world!” Jiang Yao shook their hands one by one. This welcoming speech might sound very official, but.., it was from the bottom of Jiang Yao’s heart.

“The hotel has been booked for all of you, and the accommodation has already been arranged for all of you. Right now, Changkang Corporation has just started construction, so all of you still have quite a long time before you can start working. During this period of time, you can choose to go home to visit your families or travel around. You can do whatever you want! And, it’s paid!”

Jiang Yao was very generous to the people she valued, “Later, I will ask the lawyer to give you the special employment contract. After you confirm that there are no problems, you can sign it. After you sign it, the contract will take effect, and you will become the first batch of permanent employees of Changkang Group. Once the contract takes effect, you will start to enjoy the salary paid by the group.”

“This is really exciting news.” The surprise on Hong Ke’s face could not be hidden. “We have the most beautiful female boss in the world, and the most generous boss in the world!”

“Hahaha, you can talk! However, there is no bonus!” With a good temper, Jiang Yao spoke more casually. She teased them along the way, causing them to burst into laughter.

“Boss, aren’t you going to introduce this handsome guy next to you?” Hong Ke looked at Lu Xingzhi, who was beside Jiang Yao. “This handsome guy is your boyfriend, right?”

Before Jiang Yao could speak, Lu Xingzhi spoke first, “He’s my husband. He’s married.”

As he spoke, he quickly took out his and Jiang Yao’s marriage certificate from his wallet. After displaying it for two seconds, he put it back and hid the wallet properly.

In an instant, out of the group of people, only Gu Haoyu acted very normal. Even Jiang Yao was at a loss whether to laugh or cry because of his arrogant manner.

It turned out that there was another use for carrying a marriage certificate with him. From time to time, he would take it out to prove her identity as his wife.

After receiving the people, Lu Xingzhi and Gu Haoyu discussed for a while. First, they brought everyone to eat the specialty breakfast in Nanjiang City. Then, the group of eight departed from the airport and headed straight back to Nanjiang City’s downtown area.

None of Lin Teicheng’s group of five had ever been to Nanjiang City. The other four were still fine, at least they had lived in China when they were young. However, for people like Qiong Hui, who had been born and raised abroad, it was their first time returning to their parents’ home country. Everything was new to them.

As Lin Teicheng’s group of five had to catch a flight in the middle of the night, they returned to the hotel to rest after breakfast. Lu Xingzhi drove Jiang Yao back to school. When he returned to the hotel., he saw the person sent by director ye to deliver the information to him in the hotel lobby.

After thanking him, Lu Xingzhi took the things and went to look for Gu Haoyu.

After entering Gu Haoyu’s room, he was not in a hurry to look at the information in his hands. Instead, he asked, “How many times did you take the wrong path this morning?”

“Twice. Why?” Gu Haoyu was making tea. He bought the tea leaves from the teahouse on the first floor of the hotel. Drinking tea was his hobby. However, unlike Liang Yuekai, who did not really pursue tea tasting, Gu Haoyu only made tea by boiling water, he casually threw the tea leaves in.

Therefore, the tea made by Gu Haoyu didn’t taste good. In the eyes of those who loved tea, it was a waste of good tea. However, for Lu Xingzhi, it was enough to quench his thirst.

Lu Xingzhi replied with an “OH”. If he were to make fun of him, he wouldn’t be able to describe Gu Haoyu’s face.

### **Chapter 686, how to deal with it**

“How are you going to deal with the Zhu Family?” Gu Haoyu poured a cup of tea for Lu Xingzhi. He glanced at the folder that Lu Xingzhi had casually placed on the table and guessed what was in it. He urged, “Aren’t you going to take a look?”

“Of course, why not?” Lu Xingzhi took out the information and scanned through it. The information of everyone in the Zhu family, including the businesses and relationships of each branch, was clearly marked, even the wife and the brother-in-law who had an unspeakable relationship were included.

It could be said that the information sent by director Ye was quite detailed. To be able to send this information in such a short period of time, it was obvious that director Ye had this information in his hands from the beginning and not in a rush to investigate it.

“This Zhu family is really interesting.” Lu Xingzhi casually threw the folder in his hand to Gu Haoyu. “Take a look.”

What Lu Xingzhi meant by interesting was that this family that had been thriving for a hundred years was very dirty in private.

Unlike the Huang family, which had produced civil servants from their ancestors, the Huang family had a deep heritage. Even though the Huang family had abandoned their writings and went into business after the changes of the times, the heritage of the family was still there, the civilization and culture of the entire family was still there.

The Zhu family’s ancestors were merchants from the start. However, the Zhu family’s ancestors were good at management. The changes of the times and the repeated reforms of history did not make the family fall into decline.

The Zhu family had flourished for a hundred years and had its own clan. The Clan Head’s clan was in Ping City in Province A. every branch of the Zhu family was complicated. It was no different from the alley he had bypassed in the morning.

At least every path in the alley was clear and bright. However, Lu Xingzhi did not know how to describe the Zhu family.

“This Zhu Qianlan’s status in the main family is not necessarily high.” After Gu Haoyu finished reading the information, he smiled lightly, “In ancient times, although she was the daughter of the direct line of descent, Zhu Qianlan’s grandfather was not the current head of the Zhu family. He was not the person in charge. Zhu Qianlan’s father was also not the successor that the current head of the family thought highly of. He was just a person with a title but no real power.”

The current family head of the Zhu family was Zhu Qianlan’s third grandfather, which was also Zhu Qianlan’s grandfather’s third brother. Zhu Qianlan’s grandfather was ranked fifth in his generation. Although he was the child of the first wife, he was not the eldest son of the direct line of descent, therefore, he did not have the qualifications to inherit the position of family head at that time.

When it came to the generation of Zhu Qianlan’s father, there were even more children. Zhu Qianlan’s father was ranked thirteenth in the family, not to mention the generation of Zhu Qianlan and Zhu Qianliang. It was estimated that.., the current family head might not even remember all of his descendants.

Zhu Qianlan’s advantage in the Zhu family was that Zhu Qianlan’s grandfather and the current family head were siblings. Therefore, Zhu Qianlan usually had more power in the Zhu family compared to the other families.

“It’s easy to say, easy to say, easy to say, not easy to say, not easy to say.” Gu Haoyu put the information in his hand to the side. “What do you want to Do?”

“I want to deal with Zhu Qianlan, not the entire Zhu family. Why should I deal with the entire Zhu Family?” Lu Xingzhi was very clear about his own purpose, “After all, the Zhu family is not a small family like the Zhang family. If I deal with the entire Zhu family now, you’re right. It Won’t be easy. Moreover, if the Zhu family retaliates, with my current ability, I might not be able to protect Jiang Yao and my family. So, why should I take this risk?”

### **Chapter 687, there was a reply**

From the very beginning, Lu Xingzhi had wanted to deal with Zhu Qianlan.

This was why he had asked Chief Ye to take Zhu Qianlan away first, but he was not in a hurry to make a move. Instead, he had investigated the Zhu Family First.

He had heard Jiang Yao mention that the Zhu family had special prestige in their hometown, and it was a hundred-year-old family. He saw Zhu Qianliang. From Zhu Qianliang’s words and actions, he could tell that the Zhu family was not simple.

After such an investigation, the results were indeed like this.

“I only deal with Zhu Qianlan, not the entire Zhu family,” Lu Xingzhi said, “The Zhu family has so many daughters and granddaughters. It’s just a mere Zhu Qianlan. The Zhu family wouldn’t do anything extraordinary for a mere Zhu Qianlan. If the Zhu family is smart, they should know that a stupid woman like Zhu Qianlan who can’t bring benefits to the family is not worth it.”

Most importantly, such a large family was not as united as it seemed on the surface.

“You have an idea?” Gu Haoyu pushed up the glasses on his nose bridge and smiled. “Tell me about it.”

“I’m going abroad.” Lu Xingzhi did not plan to tell Gu Haoyu in detail. “There are still three days left for the holiday. There’s still time.”

“With your identity...” Gu Haoyu originally wanted to say that with Lu Xingzhi’s identity, how could he leave the country?

But halfway through his words, he retracted his words and smiled. “Is it dangerous? Do you need me to go with you?”

Other people might not be able to leave the country, but Lu Xingzhi really had a way to do so.

“There’s no need. It’s not like we’re going to war.” Lu Xingzhi shook his head. “We need to find two bodyguards for Yaoyao.”

“Bodyguards?” Gu Haoyu was stunned for a moment, but when he thought about the capital and the incident this morning, he understood. “It should be.”

Since Lu Xingzhi himself had said that there was no need, then there was no need for him to worry too much.

After Jiang Yao went back to class, she was thinking about what she had said to President Wen last time. There was already a research team here, and President Wen would recommend a few more people, and the core members would be almost complete. After that, there would be some ordinary employees like assistants.

Jiang Yao thought about it and felt that as a student of Nanjiang Medical University, she should do something that would help the employment rate of the school's students. She could hire these employees with secondary positions from the school's fresh graduates and interview them to sign contracts first, after the Changkang group was built, these graduates would just graduate.

After the afternoon classes ended, Jiang Yao went to President Wen's office alone.

At this time, President Wen had just finished eating. The aroma of the food in the office had not dissipated. Seeing Jiang Yao come in, President Wen smiled very happily.

"It just so happens that I was planning to look for you later." President Wen pulled out a chair placed in the corner and pushed it in front of Jiang Yao, "I went to ask about the matter you asked me about the last time. They replied to me the day before yesterday, saying that they are very interested in changkang group."

Previously, Changkang group did not have any reputation. To be honest, many people were very hesitant and even refused outright.

After that, the flood disaster in Rong County made Changkang group's reputation in Nanjiang City. The group that had just been registered had actually become the first company in Nanjiang City to fight against the flood and provide disaster relief, continuously sending supplies to the front line.

The Nanjiang Morning Post here in Nanjiang City had followed the report for several days. In addition, the government had publicly announced the results of the bidding. This made everyone realize just how deep the financial resources of this newly registered group were.

### **Chapter 688, find a bodyguard**

The person who had rejected principal Wen earlier had taken the initiative to call again, saying that he wanted to meet the boss of the Changkang Group and then consider whether he should join the Changkang Research Institute.

Talented people, those who had some ability, were more or less arrogant. Jiang Yao understood this point.

"Sure. Before my husband leaves, make an appointment for everyone to meet." Jiang Yao nodded and agreed before continuing, "I came to the principal this time to discuss with you. Changkang group wants to hold a campus recruitment event. Changkang pharmaceutical and research institute need talents in various positions. Therefore, I want to recruit new graduates from the school. This way, after the graduates here graduate, they can directly take up positions at Changkang Group. Their jobs will be decided in advance, and they will have more time to focus on the graduation assessment."

"That's fine!" Principal Wen couldn't find any reason to refuse. "This is a good thing! I'll draft a document and submit it to the relevant departments for approval. After the approval, we can start organizing this campus job fair!"

This was a good thing for the school. Principal Wen couldn't wait to announce this news.

As long as he established a long-term cooperation with Changkang Corporation, it would be very beneficial to the recruitment of students in Nanjiang City.

"By the way, my old friend's daughter has recently returned to Nanjiang City. When you're done here, can you set a time for the two of you to meet?" Principal Wen didn't forget about his old friend's daughter. It was only because he knew that Jiang Yao had been very busy recently, that was why he didn't ask Jiang Yao about the meeting.

"Alright, I'll remember this in my heart." Jiang Yao had indeed been studying the medical skills for treating burns in the system these few days. Other than the surgery and skin grafting, there were also some studies on topical drugs. However, she hadn't seen anyone yet, she wasn't sure how serious the burns were.

Not long after leaving the principal's office, Jiang Yao received a call from Lu Xingzhi. It wasn't a big deal. He just told her that she didn't need to go to the hotel to accompany him tonight. He was at the airport now and was preparing to go abroad.

"Suddenly go abroad? Because of a mission?" Jiang Yao's first thought was that he was carrying out some mission. Otherwise, how could a soldier like Lu Xingzhi go abroad just like that?

"No, it's a private matter," Lu Xingzhi explained and said, "Wife, transfer some money into my account. Be safe, transfer 10 million over first."

"Are you going to buy me a mountain of gold?" Jiang Yao blurted out.

"On the contrary, I'm going to blow up a mine," Lu Xingzhi replied seriously.

No matter how serious Lu Xingzhi was, Jiang Yao didn't believe him. It wasn't like she couldn't take out 10 million now. Therefore, she didn't plan to care about why Lu Xingzhi wanted such a large sum of money.

She was just curious. "With your current identity, can you leave the country?"

"With a fake identity, I can go anywhere. Where can I not go?" Lu Xingzhi looked at the id in his hand. All the information on it was true, but the photo was fake. It had been replaced by his, "I have to find two capable bodyguards for you this time. I'm not at ease with others going, so I decided to go there myself to choose."

"Bodyguards? Why are you looking for bodyguards for me all of a sudden?" Jiang Yao stomped her feet, "You know that I have the ability to protect myself. During that period of time, you taught me in the army, and I already know how to do it myself. Besides, I still have some strange medicine with me, and I haven't had the chance to try it yet!"

### **Chapter 689, don't expose yourself**

"Daughter-in-law, remember, don't reveal your ability to protect yourself unless you have no other choice. This is your trump card." Lu Xingzhi's tone became serious. "Do you know why I didn't let you get out of the car this morning?"

“Because you feel that with you around, you would lose face if you let me do it,” Jiang Yao said frankly.

“No.” Lu Xingzhi directly denied it, “Because, your abilities only need to be known by your own people. You Don’t need outsiders to know you like the back of their hand. When it comes to outsiders, you need to be inconspicuous. You only need to be the weak woman in the eyes of others who can not withstand a single blow. Wife, you’re the same as second brother. You have a look that can easily deceive others.”

“This isn’t a compliment, is it?” Jiang Yao mumbled.

“It’s a compliment. This is your and second brother’s natural advantage. Second Brother is refined, while you are gentle and charming. In the eyes of others, second brother is a spring breeze, but in reality, he is an ice sculpture. In the eyes of others, you are a weak willow, but in reality, you are a dodder, strong and powerful!”

Hearing this, Jiang Yao seemed to understand what Lu Xingzhi was trying to say.

“Only when I am weak enough in the eyes of others will they look down on me when they are dealing with me, right?” Jiang Yao said, “For example, in the case of Zhu Qianlan, she thinks that I am an ordinary woman and you are just a poor soldier. Therefore, she found four thugs to deal with us because she thinks that it is enough for four people to capture two of us.”

“Okay, continue.” Lu Xingzhi held his phone as he stood in the airport of Nanjiang City. There were people coming and going here, and it was noisy and noisy. However, his entire attention was on the phone.

“If Zhu Qianlan didn’t have such a misunderstanding, if she didn’t have such a preconceived contempt, if she knew that I was skilled from the start, or if she knew that you were skilled from the start, then she wouldn’t have hired four thugs to deal with us. She might have hired fifty, a hundred, or even someone from the underworld who specialized in doing these things. If that was the case, we wouldn’t be able to deal with her so easily today. In fact, she might even get away with it.”

This was what Jiang Yao understood from Lu Xingzhi’s words. At this moment, she finally understood that Lu Xingzhi was truly a man of foresight. He could think of far more and more comprehensive things than she could.

Just from the time he was discovered and followed, his mind had already come up with so many plans.

He coaxed her to stay in the car and did not let her get out. It was not because of his chauvinism, but because he was using another method to let her have another trump card to protect herself.

If she followed him to make a move today, it was very likely that the news of her skill would spread. The next time, if someone wanted to plot against her, they would not arrange for a few people so rashly.

“Yes.” After listening to Jiang Yao’s words, Lu Xingzhi smiled gently. He was happy. His woman was not stupid. A Little Bit was enough.

“Yaoyao, you are young and you have encountered few things. There are many things that you need to learn,” Lu Xingzhi said, “This time, I’ll find two mercenaries from the foreign mercenary group to be your bodyguards. In the future, when I’m not around, they’ll be responsible for protecting you. Unless it’s a

last resort, you can't reveal your abilities. If there's danger, they'll attack. You'll be their master, and you'll only be responsible for commanding and giving orders."

### **Chapter 690, sense of superiority (ticket request)**

Since it was almost boarding time, Lu Xingzhi couldn't say too much to Jiang Yao. "I have another purpose for this trip. I want to bring you back a special handgun that can pass the airport's train station security checks."

"There shouldn't be any danger when you go out this time, right? Will your phone work?" Jiang Yao was worried about Lu Xingzhi's safety.

"There's no danger. Once I get off the plane, I'll buy a new phone card at the airport there. I'll call you again when the time comes." After Lu Xingzhi finished speaking, the voice urging the passengers to board the plane came from the radio, "I'm boarding the plane. Wait for me in Nanjiang City. If you hurry, you should be back by tomorrow morning."

One morning and one night should be enough time for her to finish her work and catch the plane back to Nanjiang City.

"Okay," Jiang Yao answered before hanging up.

Holding her burning phone, Jiang Yao couldn't calm down for a long time.

Just to find bodyguards for her, he had to rush out of the country.

Because he cared about her safety, he didn't trust anyone to do this. Only the candidates he had personally assessed would be safe by her side to protect her.

Although Lu Xingzhi told her not to go to the hotel at night, Jiang Yao still asked manager Sun to take her to the hotel in the afternoon after school. She specially booked a restaurant to treat Lin Teicheng and the other three to a meal, manager Sun, the general manager of Changkang Group, and lawyer Jiang were also with her.

Jiang Yao handed over the special contracts for Lin Teicheng and the others to lawyer Jiang. After the establishment of Changkang Group, lawyer Jiang officially became the lawyer responsible for some of the legal work of Changkang Group, he was also the only lawyer in the group's legal department at the moment. These few days, he was so busy that his feet didn't touch the ground.

Gu Haoyu first brought Lin Teicheng and the others to the private room. Because Jiang Yao was talking to manager Sun along the way, she didn't walk quickly and gradually fell behind.

"I'm planning to hold a campus recruitment fair at Nanjiang Medical University. You'll have to be responsible for this when the time comes. However, it seems that there's no one in the company who can be in charge of personnel matters now. Changkang group has nothing to do with sacred flag hospital, so the people from sacred flag hospital can't be used either." Jiang Yao looked at manager Sun, "Do you know any talents in this field? Hire Gao Xin!" "If it really doesn't work out, when the time comes, ask Lin Teicheng and a few others to help you with the interview. For the pharmaceutical factory, look for CEO Lu. Oh right, when will CEO Lu be able to return from Rong County?"

“About two more days.” Manager Sun smiled bitterly. “There are really too few employees in our company.”

“Isn’t this just the beginning? Don’t worry. Soon, as the general manager, you will be able to enjoy the feeling of being superior to everyone!” Jiang Yao patted manager Sun’s shoulder, “I’ll give you two assistants and two secretaries. You can choose your own people. I trust your judgment.”

“Then I really have to thank you, manager Jiang!” Manager Sun was delighted. The power that Jiang Yao gave him was really unprecedented in history.

As the two were talking, a woman suddenly walked out of a private room. She held a wine glass in her hand and bumped into manager Sun. The woman screamed, and the wine in her glass.., splashed on the pure white coat on her body.

“I’m sorry.” Although it was the woman who suddenly walked out of the private room and bumped into him, manager Sun was a man and took the lead to apologize. At the same time, he asked with concern, “Miss, are you okay?”
