

## Chapter 691, former proprietress

However, manager Sun probably didn't expect that the person who coincidentally bumped into him would be the proprietress of his restaurant back then!

So, who said that this world was big?

This woman was Zhang Xiqing's cousin. She was the person who fired manager Sun in order to give the position of restaurant manager to Zhang Xiqing back then.

However, Zhang Xiqing was not a talented person who could manage a restaurant. After manager Sun left, Zhang Xiqing took over the position of manager, but she managed the restaurant so badly. In the end, Zhang Xiqing was forced to leave, and Zhang Xiqing's cousin.., it was also this woman, Liao Ting, who was blamed by her husband for the restaurant's business downturn. The couple kept quarreling because of this.

After Zhang Xiqing left, Liao Ting once went to manager Sun to ask him to return to Leah restaurant, but manager Sun directly refused.

Liao Ting was very angry and cursed manager Sun for not knowing what was good for him. She said that if it weren't for manager Sun's daughter's serious illness and the fact that he had made contributions in Leah restaurant, she wouldn't have come to invite him back.

However, manager Sun was unmoved, even when faced with the temptation of her salary increase.

That time, Liao Ting could be said to have parted on bad terms with manager Sun. This was the first time the two of them had met after that time.

Liao Ting seemed to have drunk too much. Even after hearing the apology, she still seemed to be unforgiving. She cursed in a low voice. First, she reached out to pat the wine stains on her clothes. Then, she looked up at the person who had apologized, she immediately snorted coldly.

"So it's manager Sun." Liao Ting directly blocked manager Sun's path, "Manager Sun, I haven't heard any news about your high position recently. Why? You've dirtied the clothes of your former boss's wife, and you just want to apologize and get it over with? My clothes aren't cheap. In this world, how can it be so cheap?"

After hearing that woman's words, Jiang Yao thought to herself that manager Sun was too polite. To such a woman, she should have been the first to speak and asked her why she had eyes.

Back then, when manager Sun's daughter was hospitalized and needed money urgently, Lia restaurant directly fired manager Sun. That was completely disrespectful. Jiang Yao didn't even need to think to know that this kind of person was most likely not a kind person.

Now that she looked at it this way, it really was like that. He had suddenly barged out of the private room and ridiculed people without any reason.

"Manager Sun, I heard that your daughter is hospitalized at the sacred flag hospital. The medical fees there aren't cheap, right? Your Wife didn't go to work to take care of your daughter. Recently, your family must have been crazy poor, right?" Liao Ting shook her coat, only then did she realize that even the dress inside was stained with red wine. She became even angrier, "Tell me, what should I do? You

Hit Me First. You have to pay for my clothes! Let me tell you, my clothes aren't cheap. This coat and clothes are worth a few thousand yuan. This is the first time I'm wearing them today."

Manager Sun's frown was so deep that it could kill a fly. When the waiter not far away saw this, he hurriedly called the person in charge of the floor over, afraid that the matter here would be blown up.

After the person in charge of the floor came over, he glanced at Liao Ting's clothes, then turned his head to look at manager Sun and Jiang Yao beside manager Sun. Although he didn't know Jiang Yao, he knew manager Sun because manager Sun had been treating guests to social events in their hotel recently.

### **Chapter 692: Including Underwear**

As for the female customer, the person in charge of the floor also knew her. She was a customer who had been here a few times, so he quickly said, "This lady, I'm sorry that you had such an unpleasant accident here. How about this, our hotel will pay for the dry cleaning of your clothes?" "You drank a little too much. For your safety, I'll arrange for the hotel's car to send you back, okay?"

To be honest, the person in charge of the floor's arrangement and explanation was very appropriate. Even Jiang Yao could not find any fault with it. If it were any other normal customer, they would agree.

However, Liao Ting had wanted to pick a fight with manager Sun from the beginning. After she heard what the person in charge of the floor said, she immediately turned hostile, "Do I look like the kind of person who is short of your hotel's dry-cleaning money? Let me tell you, this is my and manager Sun's own business. It has nothing to do with you. Get Out of my way and mind your own business."

"How much are your clothes?" Jiang Yao stood to the side and suddenly asked, "A coat, a dress. Of course, if your underwear is also stained with alcohol, you can count it in and give me a price."

Jiang Yao's voice suddenly interrupted Liao Ting's roar at the person in charge of the floor. Her voice was cold, but it was powerful. Liao Ting immediately stopped and couldn't help but glance at her.

Liao Ting felt that she looked familiar and felt like she had seen her before. However, she really couldn't think of where she had seen her before.

Seeing that she was standing with manager Sun, she guessed that she was probably a relative of manager Sun's family, so she had seen her before but didn't remember her.

Seeing the girl standing there looking at her coldly and asking about the price of her clothes, Liao Ting felt that manager Sun's relative was really arrogant.

"Two thousand!" Liao ting snorted, "Since you used to be my employee, I Won't take you for a change!"

Jiang Yao had never paid much attention to the brand of clothes, so when Liao Ting said that the skirt and coat were two thousand, she didn't know whether Liao Ting was telling the truth or not.

However, looking at Liao Ting's expression, she felt that this woman in front of her was really vicious.

Liao Ting knew that manager Sun's daughter was in the hospital, so she thought that manager Sun and his wife were both unemployed and worried about their daughter's medical expenses. Under such circumstances, Liao Ting still had to ask manager Sun for money because her clothes were wet from the alcohol, this woman was truly vicious.

If manager Sun was really as embarrassed as she thought he was today, with 2,000 yuan as compensation, was she going to force manager Sun and his wife to kneel down and beg her? Or was she going to force manager Sun and his wife to give her the money to save their daughter's life as compensation?

With the money to save her life, she didn't know if Liao Ting would have nightmares when she fell asleep at night.

"Two thousand yuan, including underwear?" Jiang Yao asked.

Liao Ting was stunned. She didn't understand why the girl asked so clearly. After thinking for a while, she simply nodded.

Manager Sun didn't quite understand why Jiang Yao asked this question. However, it wasn't his fault at the moment. However, it wasn't the time to argue with a shrew. After all, second young master Gu had already led the way, he was probably waiting in the private room by now.

Two thousand Yuan was a huge sum of money for manager Sun, who had just resigned from Liya. However, it was really nothing to him at the moment.

Manager Jiang had arranged for his daughter to enter the Holy Flag Hospital and exempted him from the medical fees. This was equivalent to removing the heaviest burden on his body. He even gave him a monthly salary and bonus. He could really afford to pay this amount of money.

### **Chapter 693: Et Cetera**

Back when he was a small manager at Leah's restaurant, manager Sun didn't expect that one day, he would work hard with a nineteen-year-old girl. One Day.., he would become the general manager of a group with two secretaries and two assistants.

One day, when he was troubled by the former lady boss, he would still be able to deal with her calmly. He would give her two thousand yuan just like that.

Jiang Yao had given him all this confidence, and now that she was right next to him, he couldn't bring shame to her and Changkang Group.

"It's just 2,000 yuan. I'm now the general manager of Changkang Group, so I can't afford it." Manager Sun took out a stack of cash from his bag and handed it over. "Ms. Liao, please count it."

Manager Sun gave the money very readily. Liao Ting, who had drunk too much, was dumbfounded for a long time.

There was no request that she expected manager Sun to make, nor was there the angry roar that she expected manager Sun to make. Of all the ideas in her mind, there was only one scene where manager Sun gave the money to her so readily.

"Ms. Liao is so happy that she's going crazy. Please help him take it. Count it, is it 2,000 yuan? Otherwise, Ms. Liao will say that manager Sun gave less later." Jiang Yao saw that Liao Ting was stunned and didn't move, nor did she reach out to take the money, she just spoke to the person-in-charge on the side.

In fact, everyone knew that Liao Ting wasn't short of money. Instead, she deliberately wanted to make things difficult for manager Sun, who she thought was too poor to pay.

Seeing this, the person-in-charge quickly took the money in order to settle this matter quickly. Then, he counted the money one by one in front of everyone. After begging, he handed it to Liao Ting, he said, "Madam, I counted it for you. Two Thousand Yuan, not a single cent less. This is Mr. Sun's compensation for you. Please keep it well."

Liao Ting then stretched out her hand to take the entire stack of money with an embarrassed expression. Her expression was not worried, "What Changkang Group's general manager? Why haven't I heard of such a company in our Nanjiang City? A group? Hehe, could it be that you opened a scam company to cheat money to treat your daughter's illness?"

"Please be careful with your words, Madam."

Before anyone else could speak, the person in charge of the floor hurriedly spoke up, "News of Changkang Group. Those who read the newspapers and News Now all know that Changkang Group is a new company with strong financial strength. Manager Sun is indeed the general manager of Changkang Group. Everyone in our hotel knows manager Sun."

"Since you have received the money, please move aside. By the way, if you want to use this trick to cheat money again, please wear your most expensive clothes." Manager Sun was worried that Gu Haoyu and the others would wait inside for a long time, therefore, he was too lazy to waste his breath on Liao Ting.

Today was his bad luck. He just spent money to get rid of the disaster. In the future, when they were in Nanjiang city, he would have many opportunities to take revenge.

Liao Ting had no choice but to move aside. She thought manager Sun couldn't afford to pay, but manager Sun had given her every penny. She ridiculed manager Sun's identity as an empty shell, but the manager of the hotel's floor explained it clearly for manager Sun.

Liao Ting hadn't paid attention to any news broadcasts in the past few days, so she didn't know that Nanjiang City had an additional changkang group. She was thinking about the Changkang group and wanted to investigate it later, but when she heard manager Sun ask her to move aside.., she could only grit her teeth and move aside.

"Wait!"

"Wait!"

Suddenly, the two of them shouted at manager Sun, who was about to walk forward.

#### **Chapter 694: I Don't Want It Anymore**

As soon as Jiang Yao finished speaking, she looked at the other person who had spoken just now in surprise. She then noticed that Gu Haoyu had somehow turned back and stood not far away to watch. The other voice just now was Gu Haoyu's.

Gu Haoyu listened at the side for two minutes. He didn't speak until manager Sun walked toward Jiang Yao and was about to leave. He didn't expect that Jiang Yao would also open her mouth at the same time.

He smiled at Jiang Yao and walked over. He was wearing an exquisite suit with his hands casually inserted into the pockets of his suit pants. He stood in front of Liao Ting and spoke in a warm voice.

"Since manager Sun has already given you two thousand Yuan, the clothes on your body already belong to manager Sun. Now that you have taken the money, please take off your clothes and give them to manager Sun. How You Want to deal with this broken clothes is up to manager Sun. However, I think that manager Sun won't give you the clothes you bought with two thousand Yuan after you made things difficult for manager Sun just now so that you can continue to use the same trick to bump into other people and earn another two thousand yuan."

Gu Haoyu's words were unpleasant to hear. First, he asked Liao Ting to take off her clothes after receiving the money, and then he used his words to mock Liao Ting for using such a method to cheat money.

"Don't talk nonsense. who cheated money! who cheated money! He just dirtied my clothes. Is it wrong for me to ask him to pay for it?" Liao Ting's face turned green, she yelled sharply, "Who are you again? Who are you to meddle in other people's business?"

"Unfortunately, I'm the second brother of the boss of Changkang Group, and manager Sun is the general manager of Changkang Group. Since it's my family's subordinate's business, I'm naturally in charge of it." Even though Gu Haoyu was talking, he still had a smile on his face, people who didn't know him would think that he was talking to someone about old times or something.

He said it very righteously. Jiang Yao was the second brother's wife, and the third brother called him second brother. Didn't Jiang Yao also call him second brother?

"Alright, whatever you say. However, you accepted manager Sun's 2,000 yuan. This is obvious to everyone. The money and goods are settled. Naturally, the clothes on your body belong to manager Sun. Of course, this also includes the underwear that you admitted to including just now. Therefore, Madam, please take off your clothes that no longer belong to you."

After Gu Haoyu finished speaking, he stood there as if he was waiting patiently for Liao Ting to do what he said.

Jiang Yao stood to the side, her heart bursting with joy.

Gu Haoyu was really bad to the core of her heart! She had thought the same from the start! That was also her plan. Therefore, she had repeatedly asked Liao Ting if the two thousand Yuan included lingerie.

This kind of vicious woman really didn't want to give her too much face.

Seeing this..., Jiang Yao waved at the person in charge of the floor and said, "Go and find something for your guest to wrap herself in. Tablecloths, curtains, anything is good. Then, arrange for your hotel's people to send her home. After she returns home, you can ask the driver to take back your hotel's things. However, let me remind you, the tablecloths and curtains that this kind of woman has worn are all the same. If they haven't been sterilized layer by layer, don't take them out and use them."

As soon as Jiang Yao finished speaking, the people beside her took in a deep breath. Only then did they realize that the words of that gentle-looking man were not a joke. Every word they said, they really wanted to force him to leave the hotel naked with his clothes on.

The onlookers were stunned for a moment. They were probably really shocked. It was originally a small matter that could be settled with an apology, but now it had become like this.

"I don't want this money! I don't want this money!" Liao Ting came back to her senses after a long time and was scared to tears, she hurriedly stuffed the money back into the hands of the person in charge of the floor. She pushed away the people around her and limped away in her high heels, crying all the way.

### **Chapter 695: Chief Jiang Was Wise**

"Mr. Sun, I'm very sorry to have brought you so much unhappiness. From now on, our hotel will promise you that we will never allow that lady to come in again." The floor manager looked at the money in his hand with difficulty. He didn't know whether to return it to manager Sun or something else.

For a person like him, two thousand Yuan was a huge sum of money. However, for a big figure like the general manager of a group, two thousand Yuan was really nothing.

The money that he had given out was stuffed back. He was quite afraid that the other party would be angry and feel ashamed.

However, he had no choice but to face the young girl who came in with manager Sun. Her words just now were really too vicious, directly scaring away the unreasonable guest until he cried.

There was also another man in a suit. Hearing that he claimed to be the second brother of the boss of Changkang Group, the person in charge of the floor had to work even harder to gain a good impression in front of this person. He was afraid that because of what had just happened, this man would not like their hotel, if Changkang Corporation refused to host banquets in their hotel in the future, then this person in charge of the floor would probably have to do his best.

"Leave the money for later," Gu Haoyu continued, then said to Jiang Yao and manager Sun, "Let's go."

As soon as the three of them entered the private room, they found that the people inside all had a strange look on their faces. After Jiang Yao sat down, she kept feeling that Qiong Hui had been secretly looking at her. But when she turned back to look, he quickly turned his face away, he pretended as if nothing had happened.

"If you have something to say, just say it." Jiang Yao poured a cup of tea for Qiong Hui and handed it over. "Do you think that I don't know that you were spying on me just because I didn't catch you spying on me?"

"Director Jiang is wise!" Qiong Hui smiled and took it over, while at the same time, she flattered him. "I secretly ran out just now. I heard what director Jiang said to that woman."

"Boss Jiang was venting for me just now. I'm really sorry. Because of my personal matter, Boss Jiang and everyone waited for me for such a long time." Manager Sun was afraid that these newcomers didn't understand Jiang Yao's personality, so he quickly explained, "Our boss Jiang is very protective of his own people. Just like Young Master Gu, he protects his own people. In fact, just now, I was very touched."

“This is the first time I’ve seen a boss protecting his employees and his son!” Qiong Hui nodded repeatedly and added, “Just now, I saw that woman was scared to tears and ran away after returning the money. I almost couldn’t help but clap my hands! Our President Jiang is too handsome!”

Qiong Hui was definitely a very simple-minded boy. Although he was four years older than Jiang Yao, because of his upbringing, he had not come into contact with many people in society. In the past, the only people he had come into contact with... were the seniors of the previous research institute. However, they were not friendly to people like him. The boss did not respect them much.

Before he was twenty-two years old, Qiong Hui lived on campus. Because he was always the youngest in the class, he was always taken care of by his classmates. After graduating, he entered the research institute and was taken care of by his senior brothers and sisters like Lin Teicheng, in fact, his life had always been very simple. He did not need to face too many worries.

The only worry was that the boss was not friendly. Therefore, he thought that all the bosses in the world were probably like that. The nature of a businessman. To them, the employees were just slaves who would create profits for them.

And just now, he had witnessed Gu Haoyu and Jiang Yao’s protection of manager Sun with his own eyes. Therefore, when he returned to the private room, he shared the matter with his colleagues in the private room. Before he had the time to discuss it, the people outside came in, so, he couldn’t help but keep looking at Jiang Yao, the boss who was younger than him.

“I thought you were going to say that it was cruel for me to let a woman walk out of the hotel naked,” Jiang Yao laughed softly, “That woman has a cousin. Previously, she did a lot of despicable things to deal with me. Before manager Sun followed me, he was her employee. When manager Sun’s family was in the most difficult time, he mercilessly fired manager Sun. The reason was that he wanted manager Sun to make room for her good cousin.”

#### **Chapter 696: There Was Nothing To Be Said**

“This kind of boss is normal,” Qiong Hui muttered. “Just like my former boss, he’s a wolf.”

Jiang Yao didn’t say anything. So, did this youth’s focus have to be so bizarre?

So, Qiong Hui didn’t pay any special attention to what she said to Liao Ting?

She was still thinking about how to explain it so that her new friends wouldn’t misunderstand her as a sinister woman.

In the end, it was a waste of time. They didn’t pay any attention to it.

Liao Ting’s dilemma with manager Sun was just a small episode in tonight’s dinner. After that, everyone enjoyed the dinner together.

Gu Haoyu was very good at talking and adjusting the atmosphere. With him around, the laughter on the table continued throughout the night. After dinner, lawyer Jiang gave the contract to Lin Techeng and the others, telling them to go back and read the contract properly. After signing it..., they could call him directly.

After dinner, everyone walked out of the shop. Gu Haoyu, lawyer Jiang, and manager Sun went to the parking lot to drive. Jiang Yao waited at the door with Lin Teicheng and the others while talking to Lin Teicheng about the contract.

“Take the contract back and read it slowly. If you have any objections, feel free to mention it. My invitation to you is very sincere, and I really look forward to your joining Changkang Group. I promise you that in the future, Changkang Group will have other research teams, but I will never interfere with your research projects.”

As Jiang Yao spoke, she observed the expression on Lin Teicheng’s face. She could tell that Lin Teicheng was the core of this small team, and everyone trusted him.

“Okay!” Lin Teicheng nodded in agreement.

Jiang Yao could tell that Lin Teicheng wasn’t being perfunctory, so she smiled. Just then, a car drove over. Jiang Yao glanced at it, and since it wasn’t one of her people, she thought it was a guest of the hotel, so she moved aside.

Surprisingly, it was Zhu Qianliang who got out of the car, and Zhu Qianliang was obviously coming for her. He must have been looking for her, and then rushed over when he received the news that she was here.

“Miss Jiang!” Zhu Qianliang was indeed coming for Jiang Yao, for his stupid sister, Zhu Qianlan.

Zhu Qianliang received the news in the morning and knew that Zhu Qianlan had sent thugs from the company to kidnap Jiang Yao and her husband. That really scared him silly.

He went to the police station, but he didn’t see anyone, so he was stopped outside. Therefore, he searched for people all day.

When he went to Nanjiang Medical University, the doorman didn’t recognize him and didn’t let him in. He said he was looking for Jiang Yao, and the doorman asked him to call to confirm, but where did he get Jiang Yao’s number?

Therefore, when he received the news that Jiang Yao was here, he immediately rushed over.

“Miss Jiang, I’m really sorry about what happened to my sister. She was so mad that she did such a thing. Miss Jiang, can you please give my sister a chance and let her go this time?” Zhu Qianliang was really anxious, if his sister was locked up in her hometown in Ping Cheng, it would be easy to get her out. However, this was Nanjiang City!

“I have nothing to say to you two siblings. She is going to kidnap me. Why should I forgive her?” As soon as Jiang Yao took a step back, Lin Techeng immediately stood up and shielded Jiang Yao behind him. He stretched out his hand, he stopped Zhu Qianliang, who was closing in on them step by step.

When Little Yuan and Qionghui saw this, they stood in front of Jiang Yao with their chests puffed out. There was a wall of people in front of Jiang Yao. Hong Ke and little an stood on the left and right side of Jiang Yao. They were also trying to protect Jiang Yao nervously.

## **Chapter 697: We Will Protect You**

“Don’t be afraid. We will protect you and won’t let this man get close to you,” Hong Ke said to Jiang Yao in a low voice. At this moment, in her heart, Jiang Yao was probably a 19-year-old girl and not director Jiang.

These five people’s subconscious actions made Jiang Yao feel a little touched.

“Did you hear that? Our CEO Jiang said that he has nothing to say to you. Don’t bother our CEO Jiang!” Lin Teicheng pushed Zhu Qianliang. “If you continue to pester our CEO Jiang, we will call the police!”

Of course, Zhu Qianliang wouldn’t force himself at the entrance of the hotel where people were coming and going. Being blocked by others, he could only look at Jiang Yao unwillingly, but he couldn’t get any closer.

“Miss Jiang, do you have to be so heartless?” Zhu Qianliang said, “If you show mercy today, our Zhu family will owe you a favor. As the saying goes, leave a line in life so that we can meet each other in the future. In this world, there are no eternal enemies, right?”

“Your sister kidnapped someone, and you still have the right to say that people are heartless? If you do something wrong, you have to pay the price. This is the philosophy!” Qiong Hui retorted.

At this moment, Gu Haoyu drove over and stopped behind Zhu Qianliang’s car. He listened to Zhu Qianliang’s words and sat in the car. He did not get out of the car. Instead, he stepped on the accelerator and rammed into Zhu Qianliang’s car. Zhu Qianliang’s car was knocked forward a few meters, he took Zhu Qianliang’s place before he stopped and slowly got out of the car.

“Zhu Family? Since when did a young master son of the Zhu family, who doesn’t even know his rank, represent such a big Zhu Family? As far as I know, even your father, Zhu Shisan, doesn’t have such a big face to represent the entire Zhu family, right?”

Gu Haoyu’s attack just now had directly knocked Zhu Qianliang’s car off the road. He was really crazy to the extreme. Zhu Qianliang didn’t know Gu Haoyu, but when he heard him directly reveal his identity., Zhu Qianliang immediately didn’t even have time to think about the matter of his car being knocked down.

“Who are you?” Zhu Qianliang looked at the man in front of him. He was really sure that he had never seen him before.

“People like you don’t have the right to know who I am.” Gu Haoyu glanced at Zhu Qianliang. His eyes were as cold as ice blades.

However, when he turned around to look at Jiang Yao and the others, he saw another face. “Jiang Yao, get in the car.”

This time, it was that gentle gentleman again.

After Gu Haoyu got in the car, he turned around and asked Jiang Yao, “Xing Zhi is not here. Are you going back to your school?”

“Yes.” Jiang Yao nodded.

Gu Haoyu thought for a moment, then took out his phone and called manager Sun. He said, "Give your car to Lin Teicheng. Come to my place and accompany me to send Jiang Yao back to her school."

"How pitiful. You've already walked back and forth twice, yet you still can't remember the way." Jiang Yao smiled.

Gu Haoyu looked at Jiang Yao. His expression didn't change at all. It was as if he wasn't the one being ridiculed. He was extremely calm.

Jiang Yao curled her lips. To be honest, ridiculing someone like Gu Haoyu was really boring. That was because he would not give you any reaction that you wanted.

"Actually, I can drive myself back to school." Jiang Yao thought for a moment, she said, "In that case, you and manager Sun don't have to run back and forth. You just came back from abroad. You probably haven't rested well after the jet lag for the past few days. I'll drive myself back. You can go back and rest earlier."

"No, Lao San isn't here. I have to protect you for him." Gu Haoyu's reply was especially serious. "Otherwise, if he comes back and finds out that you're missing a hair, he'll fight me. To be honest, I can't beat him now."

### **Chapter 698: He Was So Free**

"..."

Besides listening quietly, what else could she say?

"In fact, every morning when I wake up, I find that I have lost a lot of hair." Jiang Yao chuckled and followed up with a very cold sentence. Then, not surprisingly, the atmosphere became cold until manager Sun got into the car, she could also feel that the atmosphere in the car was strange.

"What's wrong?" Manager Sun sat in the back seat of the car with a confused look on his face. He thought to himself, it can't be that Boss Jiang and young master Gu are quarreling, right? It shouldn't be? The temperaments of these two people didn't seem like they would quarrel?

"It's nothing," Gu Haoyu said. "You and Jiang Yao change seats. You sit in the front and show the way."

"Why don't you change to manager Sun to drive?" Jiang Yao suggested kindly.

"There's no need," Gu Haoyu directly refused.

Jiang Yao had no choice but to get out of the car and switch seats with manager Sun. Then, she let Gu Haoyu drive her back to school safely under manager Sun's stuttering directions.

Jiang Yao swore that Gu Haoyu's driving speed must be an implicit expression of his dissatisfaction with her suggestion of manager Sun driving.

Gu Haoyu was a man with a bad sense of direction, but also a strong desire for control. Therefore, even if he couldn't recognize the road, he still liked to control the steering wheel in his own hands.

Therefore, compared to Gu Haoyu, who was a moving contradiction, Jiang Yao felt that her Lu Xingzhi was much cuter. Jealousy was basically nothing!

When Jiang Yao returned to the dormitory, she saw all the girls standing on the balcony chatting and laughing. When she walked over and heard them, she realized that they were talking about Gu Haoyu.

“Didn’t you call him iceberg? Why are you still paying so much attention to him?” Jiang Yao threw her backpack back onto the bed and asked as she joined the team that was looking at the buttocks of the car.

“Although your second brother Gu has an iceberg in his heart that hasn’t melted for thousands of years, he is really good-looking. When I saw the way he smiled when he was talking to you just now, my God, he is so charming,” Zhou Xiaoxia sighed, “We were jealous of you just now. He smiled more sincerely to you and your husband.”

“Yes, he is protective of his own shortcomings. My husband and his brothers all have the advantage of being protective of their own shortcomings. To their own people, it is like a spring breeze blowing on their faces. To outsiders, it is like an autumn breeze sweeping away fallen leaves.” Jiang Yao explained helplessly, “Before I got familiar with him, I didn’t expect him to be such a person who is hot on the outside but cold on the inside.”

“Isn’t Gu Haoyu working abroad? Why is he so free? He stayed in Nanjiang City for a few days?” Wen Xuehui asked.

In the entire dormitory, Wen Xuehui was the only person who would not call Gu Haoyu second brother in private. Ever since she came back from dinner that day, Wen Xuehui had not mentioned this person. This was the first time, and she used her full name.

Jiang Yao glanced at Wen Xuehui and thought to herself, so Gu Haoyu’s merciless words that day probably hurt Wen Xuehui’s little self-esteem as a girl.

“He came back to help me with some matters. He won’t be back so soon,” Jiang Yao replied.

“OH.” Wen Xuehui raised her eyebrows and did not continue to ask. That sentence just now was purely a casual question, because when she saw the man downstairs who was still smiling and correcting her for calling him Gu Haoyu that day at the wine table with a serious expression.., wen Xuehui’s first reaction was that she didn’t like this person, and she hoped that this person would leave Nanjiang city as soon as possible.

Jiang Yao didn’t know what Wen Xuehui was thinking, nor did she know when Gu Haoyu would probably return abroad. Just as she was thinking about how to explain things to Wen Xuehui, Huang Chengjing’s call came in.

Huang Chengjing had been in Rong County for the past two days. After he found out that Lu Xingzhi and Jiang Yao had returned, he was even more happy to stay in Rong County and couldn’t bear to come back. Until now, he had rushed back in the middle of the night because he had something to do.

“Director Jiang, I just received news that YN has a mine to sell. Now, I am rushing back to Nanjiang City from Rong County. I am preparing to take a plane from Nanjiang city to YN. I would like to ask if you are interested in joining me? “I remember that you said that you also wanted to open a jewelry company. If you really have such an idea, I suggest you buy a mine yourself and hold the raw stone in your hands. It is better than anything else.”

## Chapter 699: Go To YN

Huang Cheng actually thought that since he had the mine, when the company needed to use the raw stone resources, he didn't have to beg people, and he didn't have to spend a lot of money to buy it.

"To be honest, I'm tempted!" Jiang Yao was indeed tempted, but, "But I don't have a passport or anything.

"That's easy to do. I'll get my assistant to go to the school to look for you. You give him your ID card and these. I'll get someone to get them for you immediately. We might set off at midnight, so there's still a lot of time to prepare," Huang Cheng said, "Don't worry about the safety. I'll bring my bodyguards."

"Okay! I'll wait for you at the Hotel!" Jiang Yao agreed immediately.

Buying a mine meant that she had money!

The system gave her these eyes and gave her this extraordinary ability. If she bought a mine, even if she couldn't start a jewelry company right away, it wouldn't be a loss. If she ran out of money in the future., it would be a quick thing to dig up a batch and sell them.

However, Jiang Yao did not know when Lu Xingzhi would be able to call her. Before she left, she had to at least inform him.

Huang Chengjing's assistant arrived very quickly. Jiang Yao had just tidied up her clothes when he arrived. Jiang Yao gave him her ID card and left the school in his car.

The first thing she did when she returned to the hotel was to knock on Gu Haoyu's room and tell him that she had returned to the hotel and was going abroad in the middle of the night.

Gu Haoyu had just come out of the shower. He probably didn't expect that the person who knocked on the door would be Jiang Yao, whom he had just sent back to the school with great difficulty, so he came out in a bathrobe. When he opened the door, he saw that it was Jiang Yao. He said, "Wait two minutes." Then, he slammed the door shut.

A few minutes later, after he was dressed, he came out to open the door again.

"Didn't you go back to school? Why Are You Back Again?" Gu Haoyu's hair was still dripping with water. It could be seen that he was in a hurry to get dressed. Jiang Yao looked at him and didn't know whether she should apologize or not.

"I had to go abroad in the middle of the night, so I wanted to come over and tell you," Jiang Yao explained. "I went out with Huang Chengjing, the general manager of the Hai run group. We were going to Yn. It was too late at night, so the school didn't allow us to go out, so we decided to wait at the hotel first."

"Where are you going to look for the raw stones?" Although GU haoyu had never been in the jewelry industry, he knew that YN was rich in minerals. Jiang Yao suddenly wanted to go there in the middle of the night, so she could only go for the raw stones.

Jiang Yao nodded and didn't say that she wanted to start a jewelry company. At the moment, she wasn't sure if she had enough money to start a jewelry company, so she could only put it aside for now.

“I’m waiting for Xingzhi’s call. If I set off on a plane and my phone doesn’t work, Xingzhi should call you. At that time, help me tell him.” This was the purpose of Jiang Yao looking for Gu Haoyu, “Huang Cheng actually brought his bodyguards, so there shouldn’t be any danger. Moreover, I have the ability to protect myself. Xingzhi knows this.”

“Let me know before you set off. When the time comes, see if I want to go with you.” Gu Haoyu guessed that Lu Xingzhi was probably rushing to YN as well.

Although Jiang Yao didn’t know what Gu Haoyu meant, she still agreed and went back to her room.

Because she had to leave in the middle of the night, Jiang Yao took a shower and went to bed early. It wasn’t until 11 o’clock that she received a call from Lu Xingzhi.

“I’ve already found two bodyguards for you. They will go to Nanjiang city after the formalities. I’m going to Yn to do something. After I’m done, I can go back tomorrow.” Lu Xingzhi had been busy all day, even the two bodyguards that he chose for Jiang Yao were personally assessed by him.

### **Chapter 700: Be Good and Be Obedient**

After finishing his business here, Lu Xingzhi immediately found a place with a good signal and called Jiang Yao who was far away in Nanjiang City.

Although they had just parted not long ago, Lu Xingzhi was eager to hear her voice.

Jiang Yao was stunned when she heard Lu Xingzhi say that he was going to Yn. Only then did she realize why Gu Haoyu had said that he would tell him when she was about to set off. He would then decide whether he wanted to go with her or not.

That was because Gu Haoyu must have guessed that Lu Xingzhi was going to Yn.

“Why are you going to Yn?” Jiang Yao was surprised. “What a coincidence. I’m going to YN tonight at midnight.”

“I’m here to blow up the mountain. Why are you here? The security here is not as good as in the country. Don’t come here.” Lu Xingzhi’s tone changed immediately. “Didn’t I tell you that I’m going back to accompany you tomorrow? Don’t come.”

“You’re allowed to blow up the mountain, but I’m not allowed to buy a mountain?” Jiang Yao snorted. She would never believe that Lu Xingzhi would really blow up the mountain. Judging from his tone, it sounded like he was going to set off a string of firecrackers.

“Good, be obedient.” Lu Xingzhi’s tone was a little helpless. Now that he was not in front of Jiang Yao, he really did not know how to comfort her.

“Huang Cheng and I went to buy a mine. We kept the initial capital of Changkang Group. I still have a large amount of capital to work with. If I leave it in the bank, I can’t make money. If I go to buy a mine, I can open my own jewelry company. Even if I don’t open it, I can open up the ores and sell them one by one. It’s also very profitable. God gave me this ability. If I don’t make good use of it, it will be a loss!”

Jiang Yao really didn’t mind having a lot of money now. Changkang Corporation needed money, the research institute needed money, and the orphanage that she wanted to invest in needed money.

She didn't want to have no money in the future. Lu Xingzhi, who had never been worried about money, in the future, besides working hard in the army, he also wanted to earn money for her to spend.

She didn't want to be Lu Xingzhi's burden.

"Okay, then I'll wait for you at the airport after I'm done. I have an acquaintance here. If you want to buy a mine, I'll help you ask around." Since he could not persuade her, Lu Xingzhi simply agreed. It was just as well. He was also here. At worst, when the time came.., she just needed to stay by Jiang Yao's side and protect her.

After getting Lu Xingzhi's answer, Jiang Yao heaved a sigh of relief in her heart. She was quite afraid of hearing that Lu Xingzhi would not allow her to go abroad. If Lu Xingzhi resolutely refused, she really did not want to go against his wishes and make him angry.

After all, she really did not know why Lu Xingzhi went to YN. However, just as Lu Xingzhi had said, YN was not a small country with good public security. She was afraid that Lu Xingzhi's mood would be affected because of her matter, it would affect his judgment and how he handled things.

After hanging up the phone, Jiang Yao did not go over to knock on Gu Haoyu's door. Instead, she gave him a call and told him that she had contacted Lu Xingzhi. She did not need him to accompany her to Yn at night, then, she temporarily entrusted Mimi to Xiao An, who liked small animals a lot, to take care of her.

The airport at midnight in Nanjiang city was much quieter than during the day. Many people who came early were lying on chairs in the waiting hall with their heads tilted to the side, sleeping soundly.

Jiang Yao and Huang Chengjing had actually come at the right time. When they arrived at the airport, it was the time for ticket inspection. The flight to YN was not a direct flight. Yn was just one of the transit stations. Huang Chengjing had actually booked the entire first-class cabin with a large sum of money, there were only ten people in their group.

One of Huang Chengjing's assistants, one of his lawyers, and the rest were bodyguards that Huang Chengjing hired from God knows where. Or perhaps, these people were originally from the Huang family.
