Chapter 709

After deciding on this matter Lin Dong returned home, Lin Nan was at this moment leisurely watering flowers in his room.

Looking at Lin Dong's angry face as he returned the salute, he could not help but ask with some confusion, 'What, what happened. So angry.'

Hearing his old man's enquiry, Lin Dong then told what had happened at the company, but did not say anything about what had been discussed between him and Rats.

After being slightly silent for a while, Lin Nan glanced at his son somewhat helplessly.

How much weight did Lin Dong really have. Was he, as a father, still not clear?

After a while of silence, Lin Nan then voiced out his worries. Shen Qingshu was, after all, the rival of the Lin family.

Although he had taken a step back on the Xichunju project this time, no one knew whether his concession this time was because he had a bigger plan in mind.

Thinking about the fact that Shen Qingshu had turned to support Lin Dong, Lin Nan said with some concern, 'I advise you to keep your distance from Shen Qingshu, if you get too close to him, something will inevitably happen.'

Although Lin Dong said yes on the surface of his mouth, he scoffed at Lin Nan's words in his heart.

Right now, all Lin Dong could think of was to squeeze Lin Yan out of that seat and then he would sit on it.

For this purpose, he no longer minded that Shen Qingshu was an enemy of the Lin family, and even had a trace of happiness in his heart.

This was because if Shen Qingshu did not start a dispute with the Lin family, he might not have been able to sit in that position for the rest of his life.

Thinking of this, Lin Dong nodded somewhat smugly and then went back to his room to contemplate when he was going to ask Rats to make a move on Lin Yan.

Lin Yan, who was handling things in the company, did not notice Lin Dong's business at all. It was only after Lin Dong had left that she took a deep breath and dialled Shen Qingshu's number.

There, Shen Qingshu originally wanted to have a fight between Lin Dong and Lin Yan, so that those outside would see that the Lin family was in an unstable situation.

Anyway, the pretty words didn't cost anything, just a few optional pretty words could make Lin Yan anxious.

Shen Qingshu felt that the more business like this, the better, because Lin Yan's ability shown in the last incident had already made him feel a little scare.

When he saw the phone call from Lin Yan, a smug smile appeared on his face.

Then he picked up the phone and lazily spoke, 'What is it, does Miss Lin have something to tell me?'

Lin Yan was silent for a while after hearing this, then opened her mouth and said lightly, 'I apologize for what happened last time, because I do not want to be used as a tool for the family just like that.'

Shen Qing Shu snorted and roared, shaking his head and speaking, 'Oh. Isn't that matter already behind us, what do you mean by telling me this now.'

'Let the Lin family go, and let Lin Dong go as well, you know what kind of person he is.'

Shen Qing Shu was slightly surprised in his heart, he did not expect that even in such a situation, Lin Yan was still pleading for Lin Dong.

It was just a pity that it was all too late, the consequences of offending the Shen family were already doomed.

Thinking of this. Shen Qing Shu shook his head somewhat hesitantly before speaking, 'Miss Lin, I don't understand what you mean. If there's nothing else then I'll hang up first.'

As soon as the words left his mouth, Shen Qing Shu hung up the phone, then looked at the phone in his hand and laughed lightly twice.

The more upset Lin Yan was, the happier Shen Qingshu felt.

Now that the Lin family's chaos had become a reality, Lin Dong could push Lin Yan down with a little more effort.

When he thought of this, Shen Qingshu sent a text message to Lin Dong. He reminded the other party of Lin Yan's call to him.

When he received the text message, Lin Dong was considering when to ask Rats to make a move on Lin Yan, but he did not expect that Lin Yan had called Shen Qingshu behind his back.

After a brief look at the time, he informed Ratzi that the sooner he did it, the better.

After he had promised Lin Dong that he would do it, Ratzi had already arranged for his men to prepare for it, and at this moment, he received Lin Dong's notice.

After a slight nod from Rat, he confirmed the matter. The group of people then drove to the entrance of Lin's group company and waited quietly for Lin Yan who was off work.

Lin Yan, who was at Lin's Group, did not expect such a thing to happen at all and left work as usual.

When she walked to the underground garage and just drove out of the company, Rat's men drove into her.

When Lin Yan got out of the car to check, three men got out and carried her to the car, then closed the door and left.

Lin Yan's head was covered with a black bag as she sat in the car, so it was impossible to see clearly what was happening.

But the sensitive Lin Yan calmly spoke up and said, 'Who are you?'

All she got was a low chuckle from a man: 'Miss Lin, I advise you to stay quietly for a while. We won't hurt you.'

After confirming that the other party knew who she was, Lin Yan's heart calmed down instead.

'If you guys do this. The Lin family will not let you go!'

'It doesn't matter, we just need you to stay quietly for a while. That will be enough.'

After saying this, the man took advantage of Lin Yan's inattention and struck her with a hand slash to the back of her head and knocked her out.

The crowd then got a little nervous. They knew what they were doing, and they knew who they were tying up!

The man driving the car saw that the job was done and sent a text message to Rat, then drove the unconscious Lin Yan to a place Rat had chosen to hold her.

When he received the confirmation of his men's success, Rat hurriedly packed up his things and then called Chen Minggang before leaving.

His business was done, and right now he had better choose to hide, or else he would easily be targeted by some people with an agenda.

No one would believe that the Lin family had no tricks up their sleeves to make them stand out in the North.

As he was leaving, Rats sent a message to Lin Dong, telling him that the job had been done.

After receiving the message from Rats, Lin Dong nodded slightly and told Rats to hide, and that he would arrange for Lin Yan to be released when he got up there.

Immediately afterwards, Lin Dong told Lin Nan about the incident, and Lin Nan looked at Lin Dong in surprise when he knew what his son had done.

'Do you know what you have done?'

As he said this, he felt as if he didn't even recognise his own son a little.

Hearing these words Lin Dong nodded with a sinister face and spoke, 'I know, so what, I just want to climb up!'

After saying this, Lin Dong continued to speak, 'Now that the news of Lin Yan's kidnapping has not yet come out, we have to prepare to take over right away, and you also have to discuss with the old grandmother to help me take over as the general manager!'

Chapter 710

The matter had come to this, Lin Nan had to try his best to make this matter good afterwards.

After a moment of silence, Lin Nan said in a deep voice, 'But I'm afraid it's a bit difficult to support you to take the position of general manager, after all, you're still too young. And you're also being pressured a bit hard by Lin Yan in the company.'

Lin Dong frowned and then sobered up a bit, so he shook his head and said, 'It doesn't matter, I'll support you up if it really doesn't work!'

This was not a difficult task for Lin Nan, after all, he was the one who sat in that position before.

The Lin Group was already having a hard time this time. If suddenly the disappearance of the general manager's department was revealed.

If the disappearance of the general manager's department were to be revealed, those who had managed to re-establish a relationship with the Lin Group would easily leave again.

By that time, the company would not have recovered. It would simply be a second time to hit hard.

The company's business is not just a business, it's a business.

On the other hand, the news of Lin Yan's accident soon reached the Lin family.

Master Lin had a dark face and called Lin Dong and his son over directly, and also informed his grandmother.

Looking at the family sitting in the living room in silence, Elder Lin looked at them all with a black face and said, 'Yan'er was kidnapped on her way home, and the other party has not contacted us yet.'

When she first heard about this, her grandmother looked at Master Lin with a shocked expression and said, 'What! How dare someone lay hands on someone from my Lin family?!'

Lin Dong also looked at Elder Lin in mock surprise, but did not speak up.

Elder Lin did not suspect that it was Lin Dong's father and son who had done this, but sneered with a black face, 'Fine, now my Lin family has become someone who can step on anyone, right!'

After saying this, he slapped his hand on the table, 'If this goes on, I'll have to carry two paws when I go out. Do I need to take two cars with me before I dare to go out?'

Lin Dong and his own senior looked at each other, then stood out and said respectfully, 'Senior, how do you plan to deal with this matter?'

'How else can I handle it, right now the other party hasn't even called, I can handle it like this!'

When the old grandmother heard this, she said with some heartache, 'I don't know how much money I'll have to spend to settle this matter this time.'

Master Lin gave his grandmother a surprised look, this Lin Yan had been kidnapped, and she still had time to worry about money!

After looking at his grandmother with disappointment and shaking his head, Elder Lin let out a deep sigh and then said, 'Forget it, I'll handle this matter myself. You guys go down!'

Old grandmother Lin Dong and Lin Nan looked at each other before they understood each other's meaning.

Lin Nan then stood out and spoke respectfully to the old master, 'This Yan'er has been kidnapped, but the company still has to do things, what about the general manager?'

'Yan'er has been kidnapped, can you only see that seat in your eyes at this time!'

The old grandmother stood out to protect Lin Nan's body at this time, and stared at Elder Lin!

'What, isn't it right to say, the more this time the more someone needs to stabilize everyone's emotions inside the company!'

After saying these words. She turned her head to look at Lin Nan and said, 'You were in charge of the general manager position before, so it's fine to leave it to you this time. I'm also relieved inside.'

Master Lin looked at the hall full of people with disappointment, his hand trembling as he pointed at them and spoke, 'One of you is Yan'er's old grandmother and the other is Yan'er's uncle, and this is how you treat her?'

Lin Dong did not dare to look up into Elder Lin's eyes. He could only lower his head, his hands trembling slightly.

Looking at the silence of the crowd, Elder Lin took a deep breath before sighing, 'It's just that, since all you have in your eyes is that position. It's just for you!'

As soon as he finished speaking, Elder Lin pushed his wheelchair and left, while Lin Dong's father and son stood in the lobby looking at Elder Lin's back with embarrassment on their faces.

After Master Lin had completely left, the old grandmother glanced at Lin Nan with deep meaning in her eyes and said, 'Tell me honestly, did you plan this incident?'

After hearing this, Lin Nan shook his head and said, 'No, no, absolutely not me, how could I possibly do such a thing!'

The old grandmother looked deeply at Lin Nan for a few moments before nodding reassuringly and saying, 'That's right, even if you were given ten guts, you wouldn't be able to do such a thing.'

The words just fell. The old grandmother sat down and sighed somewhat helplessly, 'But if it wasn't done by our own family, it would be a bit troublesome if it was really done by outsiders.'

And at that moment. On the other side, after Rat had hidden, he gave Chen Minggang a call and then gave him their location.

After receiving the news, Chen Minggang quickly drove over. It was in an abandoned and dilapidated building on the outskirts of the city.

When Rat knew that Chen Minggang was coming over, he waited in front of the building early.

When he saw young Chen's car driving over, he threw away the cigarette in his hand and said. He threw away the cigarette in his hand and hurriedly went up to open the door for him.

As soon as he got out of the car, Chen Minggang asked, 'Where is he being held?'

'In a renovated place on the fifth floor, where we purposely use to hold people, and this place is secluded and there are no monitors or other things.'

Hearing this Chen Minggang nodded in satisfaction and looked at Rat, 'You haven't let me down after all, looks like I didn't trust you for nothing.'

As he said this, Chen Minggang walked ahead while asking, 'How much did that idiot Lin Dong give you this time?'

When Rat heard this, he laughed dryly and then said with some embarrassment, 'He gave five million dollars and asked us not to touch Miss Lin.'

Chen Minggang laughed sorrowfully and then said, 'Of course you can't touch her, but if I do, there's no problem, hahaha!'

After walking upstairs, Chen Minggang saw four or five people standing respectfully in the hallway, and when they saw him coming, they saluted in unison.

Chen Minggang nodded in satisfaction and casually spoke, '100,000 for each of you, as your hard-earned money this time.'

Hearing that they had received 100,000 yuan in just a short while, the crowd was as happy as idiots.

After Chen Ming was led to the door of the room where Lin Yan was being held, he looked inside through a small opening used for feeding.

Seeing Lin Yan lying motionless on the bed, he looked at Rat in some confusion and asked, 'What's going on here?'

Seeing this, Rat went up and leaned over the mouth and looked at it, then spoke with some embarrassment, 'Maybe the men pushed a little too hard, causing her to still be asleep right now.'

After saying this he saw that Chen Minggang was a bit dissatisfied, so he hastened to say, 'It doesn't matter, it's just a bit more sleep, there won't be any problem!'
