

Super Rich Dad Chapter 714-716

Chapter 714

Jiang Hao, who was bearing this pressure, did not know at this time that he had turned into the hope of the entire Lin family, but was concentrating on the map of Beifu City.

It had only just happened, and from the information he had received from Lin Dong's mouth, the other party should also be from the Northern Province.

Since that was the case then Lin Yan would not have been taken much further away. At most, it would be in the suburbs around the Northern Province.

From the location Lin Yan had been kidnapped from Lin Dong's side, the other party should be very clear about Lin Yan's usual activities, so they could intercept Lin Yan so accurately.

After a while of silence, Jiang Hao was able to judge that this matter should be the work of an acquaintance just by relying on a little hint.

And just when he came to this judgement. Old Black also called and sent the call records to Jiang Hao.

Looking at the few call records in his hand. Jiang Hao couldn't help but let out a bitter smile, the phone was a new card and had only called Lin Dong's number.

Now it looked like the other party had come prepared for this matter.

Old Black knew that Jiang Hao must have had some difficulty getting the call records, so he called over again and spoke, 'The old boss has kept quite a few people over here, if you need to, I can disperse all these people.'

Jiang Hao couldn't help but be slightly surprised to hear Old Black's words, after a period of silence Jiang Hao calmly spoke, 'Why should you help me.'

The tone of his voice was very flat, as if he was asking what was good to eat today.

And when Old Black heard Jiang Hao's words, he just gave a light laugh and spoke back, 'Because you are the infamous Shen Yan, who can sell three billion for a single prescription. And make our old boss take it willingly.'

Of course there was another point that Old Black silently added up in his mind, because Jiang Hao looked as if he might become his old boss's boyfriend.

That was the biggest reason, after all, who didn't want to have a good relationship with their future boss.

But Jiang Hao didn't know what was in Old Black's mind, otherwise he would have justifiably told Old Black that he definitely didn't have any slightest interest in Sally!

At this moment, when he heard Lao Hei's words, Jiang Hao just gave a bitter laugh before nodding and said, 'It would be best if this is the case, I believe the Lin family will pay a little bit of the carriage fee for you.'

Old Black laughed lightly twice before hanging up the phone, and then arranged for those people Sally had raised in the Northern Province to start looking for them.

Jiang Hao, on the other hand, told Old Black about the news he had gotten from Lin Dong, but the key issue was that Lin Dong had not said that the person who had kidnapped Lin Yan was Rat.

He was worried that if he did, it might arouse Jiang Hao's suspicion, and it was because he didn't say this crucial information. It caused Jiang Hao and Old Black to hit a lot of wrong places in the North Mansion.

At this time Lin Dong was sitting alone in his office, looking at that mobile phone on his desktop he hesitated for a long time before picking it up and taking the initiative to call Rat.

The phone rang three or four times before Ratzi answered the phone in a leisurely manner, then with a light smile he opened his mouth and asked, 'What is it that you are looking for me, Ah Lin Da Shao?'

Lin Dong had grown a bit of brain after so many things as a manager.

Hearing Rat's somewhat derisive tone, Lin Dong asked in a deep voice with a black face, 'Rat, I consider myself to have brought you up well. Why are you treating me like this?'

Rat sighed lightly after hearing this, then sat down and crossed his legs and held his phone and laughed, 'Of course. Of course you can treat me, but I have to make a living for my men.'

After saying this, Rat thought about the time he had spent in contact with Lin Dong, and to be fair, Lin Dong did treat him well. Lin Dong had indeed done right by himself.

So Rat let out a light sigh and said, 'Young Lin, this is not something I want to do, take my advice, you should give up.'

To Ratty. He had no idea of the importance of the Western Spring Residence.

The game between the upper echelons was just too far away for them, and they were only worthy of being a pawn at the bottom.

Lin Dong, who heard these words, laughed miserably and said, 'Give up? Are you joking with me?'

'You want me to give up on a project worth five or six billion dollars?'

Upon learning this amount, Rat was dumbstruck, and after turning his head to look at Lin Yan, who was still unconscious, he hurriedly asked, 'What's worth five to six billion?'

Lin Dong shook his head with a bitter smile and said, 'Rat, for the sake of the fact that I have treated you well even though we have only been together for a few days, just give Yan back!'

Hearing these words Rat's reply was to hang up the phone. Then he propped his hands on the table as the words Lin Dong said kept reverberating in his mind.

A five or six billion dollar project. And what Chen Ming had just told himself was only a dozen or two billion.

Such a big project if the Lin family really gave it up then it would definitely not be as simple as a few years if he was caught.

After a while of silence Rat put on his mask. Then he walked up to Lin Yan and squatted down to look at Lin Yan.

Just when he thought Lin Yan hadn't woken up yet, he suddenly noticed that the corners of Lin Yan's eyes seemed to have moved.

So he spoke in a cold voice and tried, 'Miss Lin. Since you've woken up, don't pretend, we won't think anything of you.'

Lin Yan knew that she could not go on, so she opened her eyes and looked at Rat, who was crouching in front of her, and was silent.

Rat and Lin Yan stared at each other for a while before they couldn't help but sigh a little, 'It's really worthy of being our number one beauty in the northern province, even the way you frown makes people so heartwarming.'

This was said with all sincerity by Rats, but he was also aware that if he dared to touch her, the consequence would be another mouthful of sacks under the North House River.

After laughing bitterly to himself, Rats looked at Lin Yan and asked, 'How much money has been invested in your family's Xichunju project?'

Lin Yan's eyes flashed with a trace of doubt when she heard this, and when Rats saw that she had not opened her mouth, he wanted to know the truth about this matter.

So after a period of silence, he took out his mobile phone and gave Lin Yan the text message on it and said, 'You have to think carefully, we are the only ones who can help you now.'

Lin Yan looked at the text message on which Chen Ming had just masterminded things, so she looked at Rat incredulously and asked, 'Are you guys planning to swallow the Lin family's Xichunju project?'

As she said this, Lin Yan was amused and angry at the same time.

A group of unworthy hooligans dared to covet the Lin family's West Spring Residence project, which had been heavily funded by the Lin family, and I'm afraid that this was the first thing the Lin family had encountered in the Northern Province.

With a deep sigh and a roar, Lin Yan looked at Rat with some sympathy and said, 'Perhaps this is the only thing you've done right in your life, but you're being taken advantage of, right?'

‘Oh? Why would you say that, couldn’t it be that I did it only because I wanted to?’

Chapter 715

‘Pfft, a five or six billion dollar project, do you know how big it is?’

After saying this, Lin Yan disdainfully looked at Rat with a hint of mockery flashing in her eyes and said, ‘Just an uncouth person like you. I’m afraid I won’t dare to think about it for the rest of my life.’

The few people following Rat heard this and looked at Lin Yan with some annoyance and shouted, while Rat knew that Lin Yan was telling the truth despite his face being a bit unpleasant.

At first he thought that Chen Minggang was just a small fight, and that it would not affect him.

But after hearing Lin Yan’s words, Ratzi’s back was drenched in cold sweat. If a project of this magnitude really involved him, several lives would not be enough.

The thought of this made Rats look at Lin Yan with a cold look in his eyes. Then he gagged Lin Yan.

After walking out of the rotten building, he took out his mobile phone and called Chen Minggang and said, ‘Chen Shao, you seem to have made a bit too much of a mess this time, right?’

Chen Minggang was slightly stunned when he received the call from Rat, and then thought that the other party might have sensed something.

So with a light laugh, he said, ‘What, are you afraid now?’

‘As much as I hate to admit it, it’s not bad, I’m really a bit scared now, this time things are a bit too big for me to take on.’

Rat was a gangster alright, but he was definitely not the kind of gangster who carried his life around and sold it whenever and wherever he wanted.

Money is earned to enjoy. Not for looking at.

Chen Minggang snorted and looked at the document in his hand and said, ‘Don’t you think it’s a little late to start being afraid now, regretting things only after they’ve been done?’

After saying this, Chen Minggang hung up the phone, once a person like Rat was forced into a desperate situation, he would not back down.

Right now, Rat’s only way was to follow himself, not to fall out with himself, so Chen Minggang was not worried at all that Rat would do something that would make him lose his mind.

But what he never expected was that the mobile phone Rat used to call him was the same one he used to call the Lin family.

Old Black knew that this time something was not simple, so he had been monitoring the phone number given out by Jiang Hao.

When he found out that something new had happened, Old Black contacted Jiang Hao at the first opportunity. Then he sent him Chen Minggang's phone number and said, 'This is the latest call record.'

Looking at the phone number above, Jiang Hao tried to dial it.

Chen Minggang sat in his office and watched his phone ring again, and it was an unfamiliar number, so he was slightly puzzled but picked up the phone and said, 'Hello.'

When he heard the voice, Jiang Hao closed his eyes and thought for a moment, and said softly: 'Hello, congratulations on winning the first prize of our company. You only need five thousand eight hundred and eighty-eight to receive a car worth two hundred thousand dollars!'

Chen Minggang looked at the phone number on his mobile phone with black lines and said helplessly, 'What I hate the most is you scammers. There is no technical content at all.'

Chen Minggang then hung up the phone, but just as he hung up, he thought of a problem.

No one dared to disclose his phone number, so how did this scammer get his number?

As he thought of this, he sensed that something was wrong and dialed the number that Jiang Hao had just called. But all he heard was that the number you have called was switched off.

After a period of silence, Chen Minggang called Rat again to be on the safe side, and just as he got through, he spoke directly, 'Which phone did you just call me on?'

When Rat heard this, he froze slightly. Then he looked at the phone and a cold sweat instantly seeped from his head and said, 'This, this.'

'Let me ask you, is the phone you used the one you used to call the Lin family?'

Rat nodded after a period of silence and said, 'Yes, I was scared just now, so I didn't notice and used this phone to call you.'

After receiving this answer, Chen Minggang was instantly furious: 'You piece of shit, what can I expect you to do?'

After saying this Chen Minggang took a deep breath and continued, 'Throw this phone away immediately, and never, ever contact me on the same phone that you used to call the Lin family!'

As soon as the words left his mouth Chen Minggang hung up the phone. He then looked at his phone and fell into silence, his only worry now was that the call records would be pulled out.

After a while of silence, Chen Minggang thought of the call he had just made. Without hesitation, he took out the card in his mobile phone, broke it and threw it out.

He also asked someone to cancel his number, fearing that someone would find out that he was in contact with Rat.

Just as Chen Minggang was preparing to deal with this matter. Jiang Hao, however, carefully recalled Chen Minggang's voice, he always felt as if he had heard it somewhere before.

Only after recalling it for a long time did Jiang Hao remember. The person who spoke on the phone was probably Chen Minggang, the youngest of the New City Group!

After a slight bitter smile, Jiang Hao wrote Chen Minggang into his book, then called Old Black and said, 'Old Black, I want to meet Chen Minggang of Xincheng Group, is there any way?'

Hearing Jiang Hao's words, Old Black was silent for a moment and then said, 'New City Group has a little business with us, but it's not up to the level of Chen Minggang, so there's some trouble.'

After saying this, he didn't wait for Jiang Hao to say anything before he continued, 'But my old boss must have a solution, should we talk to her?'

Jiang Hao hesitated for a moment before shaking his head and saying, 'OK, but I'll go over and talk to your boss.'

After saying this, Jiang Hao hung up the phone and then walked out of the small hotel and rushed to the Tianzhu Villa.

The security staff inside the villa were already very familiar with this person who was somewhat close to their boss, and some of them even greeted Jiang Hao when they saw him coming.

Jiang Hao also didn't have the same sense of shock that he felt when he first saw the villa, and even felt that the place was a bit silly.

After walking to the first floor of the villa, Sally was sitting at her desk looking at the computer as usual, and when she heard the knock on the door, she didn't even look back and said come in.

Jiang Hao walked into the office and smiled bitterly at Sally and said, 'You seem to be so busy all the time in my image.'

When she heard Jiang Hao's voice, Sally turned her head in disbelief and then said with surprise, 'Why are you here? Look, I added a sofa to the office, you can sit down and talk to me now.'

Jiang Hao laughed lightly twice, he never thought that she would take to what he said the first time he saw Sally.

So after shaking his head Jiang Hao watched Sally get up and then sat on the sofa together and spoke, 'Although I know it's a bit wrong, but there's something else I need to trouble you with.'

Chapter 716

Hearing this, Sally looked at Jiang Hao helplessly and said, 'Couldn't you simply come over to see me, I would be happier that way.'

Jiang Hao smiled awkwardly, frankly speaking he was not much of a people person and would only contact his friends when something came up.

At this moment, he looked at Sally's rather sultry expression. Jiang Hao embarrassedly said, 'Well, I will come to see you more often in the future, after all, such a big house is a bit uninteresting when it is empty.'

At these words Sally laughed lightly and poured a cup of tea for Jiang Hao before asking, 'Tell me, what is the reason for coming to see me today? It's not still that friend of yours, is it?'

What had happened to the Lin family, Sally had already understood after seeing the call records that Old Black had pulled out.

The person who could make the Lin family so silent and make Jiang Hao run around so much about it. I'm afraid it was only Lin Yan.

The titular Miss Lin family was kidnapped, and this matter smelled strange in Beifu.

Jiang Hao looked at Sally and hesitated for a moment before speaking, 'You really did guess, I have someone I suspect, but I can't be sure, so I want you to ask the other party to come out and meet.'

Sally leaned back on the sofa after hearing this and looked at Jiang Hao with some surprise, she was considered a powerful party in this part of the Northern Province, which was also related to the business she was in.

No matter how many big families there were in North Province, they were only in North Province, and there was still a big gap compared to her, so the number of people she could invite was too small to be true.

Thinking of this, Sally hesitated for a moment before asking, 'Who would you like me to invite out for a meeting?'

'Chen Minggang of the New City Group. I want to meet with him, this matter is likely to be related to him.'

After saying this, Jiang Hao looked at Sally with a glowing expression and spoke, 'Just now Old Black gave me another call record, and the phone number on it is his, so I want to meet with him.'

Sally looked at Jiang Hao with some difficulty after hearing this and fell silent, the reason why she had always occupied a powerful position in the North Mansion.

Apart from the fact that she was indeed stronger than all the families in the Northern Province, one of the biggest keys was that she never got involved in the affairs of these families in the Northern Province.

Looking at the slightly eager look in Price Good's eyes, Sally spoke with some hesitation, 'I'm afraid this matter is a bit troublesome, I think, you should be able to understand.'

Jiang Hao looked at Sally after hearing these words and also fell silent. This wasn't a difficult truth to understand.

Once Sally got involved in these matters, it was likely that the pharmaceutical company in her hands would be suppressed by all sides.

Watching Jiang Hao lower his head, Sally sighed and spoke, 'I'm sorry, Shen Yan, this matter is really a bit troublesome, I don't suggest you continue to pursue it.'

After saying this, Sally let out a bitter smile before continuing, 'First, Miss Lin was kidnapped, and it was in the North Mansion. Now it involves the New City Group's eldest young man Chen Minggang, things are already getting bigger and bigger.'

Jiang Hao lifted his head to look at Sally after hearing this and said in a deep voice, 'Lin Yan was my friend. I've lost friends before, and now I don't want to lose them.'

He then got up and shook his head before opening his mouth and smiling, 'I'm sorry for troubling you this time, I'll go back first and think of something else. Don't send it off.'

Sally sat on the sofa and looked at Jiang Hao's back for a while in silence, she also wanted to help Jiang Hao, but there were still some things that she had to take a stand on.

Even though she had some good feelings for Jiang Hao, she watched him do this for another woman. She always felt a little sour in her heart for some reason.

After walking out of the Tianzhu Villa, Jiang Hao stood on the street in silence for a while. Apart from Sally, who else could help him see Chen Minggang now.

As he was thinking about this, suddenly the old man of the Lin family called.

Jiang Hao looked at the number and hurriedly picked up and asked, 'Hello, Mr. Lin, what can I do for you?'

Old Master Lin sat in his wheelchair for a while before speaking, 'I heard that you are a friend of Shen Yan?'

Jiang Hao hesitated slightly, then thought that Elder Lin was also protecting himself. So he nodded and spoke, 'Yes.'

'In that case you know about my family Yan'er, right? Give me a call if you need any help.'

Jiang Hao hesitated for a moment before smiling bitterly, 'In fact I need help right now. I want to see Chen Minggang, the youngest master of the Xincheng Group.'

Elder Lin took a deep breath before saying in a deep voice, 'Good, when.'

‘The sooner the better. I can get there anytime.’

After looking at the time, Elder Lin pondered for a moment and spoke, ‘Fulin Building in the east of the city. The first floor, third seat you go sit there and wait, I’ll have him come and have a meal with you.’

Jiang Hao nodded after hearing this and said, ‘Okay, I’ll go there.’

After saying that, he hung up the phone, not caring what methods Elder Lin would use to get Chen Minggang to come and have dinner with him.

He didn’t care what methods he would use to get Chen Minggang to come to dinner with him.

By the time Jiang Hao arrived at the Fulin Building, it was almost dark, so Jiang Hao walked to the door of the first floor’s three-seater box and sat down, then closed his eyes and quietly waited for Chen Minggang.

After almost twenty minutes, there was a sound of footsteps outside the door and the door of the box was opened.

When Chen Minggang saw that it was not Elder Lin inside the box, but Jiang Hao, he could not help but feel slightly stunned.

He then let out a light laugh and said, ‘Funny, I thought it would be Master Lin sitting here.’

Jiang Hao opened his eyes and looked at Chen Minggang, smiled and said, ‘Since you’re here, sit down, I’m not here to mess with you today.’

Chen Minggang walked into the box and sat down, looking at Jiang Hao disdainfully, ‘Even if you want to mess with me, then you have to have the capital to do so, do you think you can do it now?’

Jiang Hao raised his eyebrows, picked up a bottle of wine and poured a glass for Chen Minggang before speaking, ‘You’re right, but I think I might actually have the qualifications.’

After saying this, Jiang Hao smiled sorrowfully at Chen Minggang before continuing, ‘You have Lin Yan in your hands, don’t you?’

Chen Minggang was about to pick up his glass of wine when he heard Jiang Hao’s words, he paused in his movements and then looked at Jiang Hao with a funny face and said, ‘You suspect that I did this?’

Jiang Hao carefully observed the expression on Chen Minggang’s face and said, ‘Did you not do it? Then why do you know about it?’

‘Come on, don’t think that the Lin family’s affairs can be filled with many people, after all, they are all from the Northern Province, who doesn’t have a few eyes and ears inside their homes.’

After saying this, Chen Minggang looked at Jiang Hao with a contemptuous face and said, ‘Originally I thought it was Master Lin who invited me to dinner today, so I purposely prepared a little something I wanted to give him.’
