

Chapter 721

Shen Cuishan: "..."

She watched her blood gurgling out, and slowly she lost consciousness, but the unconscious Shen Cuishan felt an endless regret in her heart.

I regret why I was so strong on Suzi.

As a result, he took his own life.

Shen Cuishan quickly ran out of blood and died. She died in a place where she opened half a dance hall and half a secret place, which was specially designed to provide a place for men of all walks of life.

It's ironic.

It's very realistic.

Shen Cuishan's dance hall was quickly cleaned up.

Arron hugged Suzi and went out. Behind him, Christopher had almost abandoned the Jiuye, and took the limp Jiuye out like a chicken.

When they went out, they happened to meet fourteen or five men.

"What are you doing! Where's Boss Shen?" one of the men asked.

These people were all found by Shen Cuishan, and they planned to let them fight and then kill Suzi.

Arron's expression was flat as if nothing happened: "Dead."

"Who, who died?" The unpaid man couldn't believe it.

"Shen Cuishan!" Arron said coldly.

These helpers: "..."

The fifteen helpers who came to help Shen Cuishan to tame Suzi were all stunned.

No one of them dared to speak out, and just watched Arron eagerly as she walked out of the Karaoke Hall with her arms around Suzi.

Behind the Fourth Master was the Nine Master who had been stepped on by Christopher just now.

Jiuye has been disbanded like this, who would dare to interrupt?

Suzi got in Arron's car and drove back to the hotel by Christopher.

The only one was still asleep in the hotel, and the husband and wife slid into the car again.

Suzi immediately urged: "Assistant Yan, please drive faster. I was kidnapped by Shen Cuishan. If I am kidnapped by her, I have to watch the excavator all the time. I am afraid of them. Start work. I must hurry up my parents' graves before they start."

Christopher accelerated again.

They arrived in the village where Suzi was in 15 minutes. As she expected, the excavators started to excavate again.

"Wait! Wait a minute! I am a member of this family. I have a household registration. I will give it to you. I have just returned. You must at least let me protect our privacy. It's not too late for you to dig!" Suzi got out of the car and ran forward madly again.

It was the same as she had stopped under the excavator as it was three hours ago.

The excavator stopped again.

Suzi looked at all the staff present and looked at the neighbors around. She shouted and said: "I know you don't want to see me. They all think I am the oil bottle my mother brought here. Okay! I'm a man. Tow the oil bottle, I have nothing to do with this village, and I don't need the demolition money for my old house.

Who do you love to give to whom!

My only purpose now is to lift the graves of my parents, and I take away the ashes of both of them.

From now on, I will never come back again! "

It was very sad, but Suzi didn't shed a single tear.

Yes, she didn't want anything, just begging to lift up the graves of mom and dad and take away the ashes.

However, Grandpa Shen Er next to him asked Suzi incredulously: "Suzi, your father's ashes can be taken away, but did your mother die? When did she die? You didn't bury your mother here. Why? Grave her?"

Suzi's brain exploded.

Then, she murmured: "Second grandfather, what did you say, my mother...didn't die?"

Chapter 722

Grandpa Shen Er looked at Suzi in surprise: "Suzi, don't you think your mother is dead from today morning until now, and you think your mother is buried here?"

Suzi nodded: "Six years ago, Jarod told me that my mother was buried here."

Grandpa Shen Er asked: "Is Jarod the man who came here when your mother first married your dad?"

Suzi nodded: "Yeah."

"That man is not a good thing!" Grandpa Shen Er cursed angrily.

After scolding, he continued: "He said he was your mother's cousin, and he didn't care about your mother when he married your mother here.

Then your dad died, and he didn't even see your dad.

Later, your mother went out to work to help you go to college. At that time, your mother made five to six hundred yuan a month, and she only left one hundred pocket money. Jarod wanted to leave the rest and said yes. For your living expenses!

How bitter your mother is!

However, that Jarod is obviously a decent person with a status!

He didn't help your mother at all!

It's fine if you don't help, but in these five or six years, Jarod has been here three or four times.

Every time, he said viciously that you and your mother had committed a crime and escaped in the big city. He also said that as long as there is news about you, your mother from your hometown, you should notify them as soon as possible.

That Shen Cuishan was specifically in collusion with Jarod's family. "

Seeing Suzi being taken away by Shen Cuishan, Shen Er's grandfather and some well-meaning people in Murakami were very worried about Suzi's fate.

But now they think Suzi is back again, which shows that Shen Cuishan can't do anything to Suzi!

Moreover, Grandpa Shen Er saw a man in a suit and leather shoes next to Suzi. There was a car behind the man, and some entourage. Grandpa Shen Er guessed that Suzi must have come back this time.

Suzi should no longer be afraid of anyone.

Only then did Grandpa Shen Er dare to tell Suzi some bloody truth.

Until now, he was extremely worried and asked Suzi: "Suzi, you really haven't been with your mother? Where has your mother been for so many years? When your mother and your father were married, your father was in poor health. , Can't do physical work. Your mother does all the heavy work at home. She has suffered a lot. People in Murakami think your mother is with you. Where did she go?" Grandpa Shen Er asked worriedly .

Suzi: "..."

Mom is not dead?

No!

The more Suzi thought about it, the more he was afraid, maybe his mother was dead, but the Lin family threw it away, so the bones are not there?

Thinking of this, Suzi felt a terrible hatred in his heart!

"Suzi?" Seeing Suzi's tears, Grandpa Shen Er called Suzi again.

Suzi's laughter is more embarrassing than crying: "Second grandfather, I... have been separated from my mother for eight years, I... I don't know where my mother went, I thought she would be caught Buried here, I..."

She cried and said something.

"Eh..." Grandpa Shen Er was very sad when he saw Suzi crying like this.

Poor child!

She was discriminated against by the villagers since she was a child, saying that she was dragging oil bottles and being a wild breeder.

Finally, she was sent out to study by her mother. She was separated from her for another eight years, and she didn't know her life and death situation.

Why is this child so pitiful?

Suzi cried very helplessly.

When her mother was alive, she could not see her for the last time. Her mother was dead. She thought she would be buried here, but she didn't.

Not unexpectedly!

"It's all my fault, Mom! It's all my fault! I didn't take care of you. I was in jail, and I couldn't come out to take care of you. Then I fled for another six years. I...I've never been able to come back and see you. It's all my fault. Mom, Mom, where are you? Are you dead or alive, Mom..." After that, Suzi couldn't think about it, so he went to The broken tiles of my house ran into it.
