

## Chapter 721 Blame Comes From the Sky

“Drink the sobering tea and hurry up to shower and sleep.”

Bo Jinchuan inched closer to her, his slightly tipsy expression revealing a hint of laziness and wickedness. He looked straight at her, his dark eyes as deep as an abyss, carrying a fatal attraction.

“Feed me.”

His deep and husky voice made Shen Fanxing blush.

She brought the teacup to Bo Jinchuan’s lips. Bo Jinchuan stared at her and a smile appeared on his face. He lowered his head and took a sip of tea.

“It’s a little bitter.”

This man...

“Bear with it. How can tea not taste bitter?”

“Endure?” Bo Jinchuan frowned. “I don’t want to.”

Shen Fanxing didn’t reply. He seemed to be drunk.

Not long after, Bo Jinchuan said, “Alright, I’ll listen to you. I’ll endure it for a while longer. Go... and drink some warm milk.”

“Do you want milk?”

Bo Jinchuan took the teacup from her hand and took two sips. Then, he slipped his warm hand into her dress.

His large hand caressed her waist with the warmth of the teacup.

“Hey, Bo Jinchuan...” Shen Fanxing pressed his hand, but his palm stopped on her stomach.

“Go and warm some milk. Otherwise, your stomach will feel uncomfortable, okay?”

Shen Fanxing’s heart softened and her eyes reddened.

She reached into her clothes and held Bo Jinchuan’s hand. She was so touched that she didn’t know what to say.

She only wanted to treat this man better.

However, she was a little afraid that she wouldn’t be able to respond to his doting.

“Bo Jinchuan, don’t be so nice to me...”

“Huh?” Bo Jinchuan buried his face in her neck and inhaled her scent.

“I don’t want to be the one suffering...”

If she didn't give as much in a relationship, she wouldn't feel safe.

"Why? You're my wife..."

"I'm not married yet." Shen Fanxing smiled, her eyes moist.

"Soon. The engagement ceremony is already being prepared. When you come back..."

Shen Fanxing was surprised. The engagement ceremony was already being prepared?

"When? Why don't I even know the date?"

"Yes... | won't give you any room for regret."

Shen Fanxing shook her head and said, "No, not in my life."

Bo Jinchuan's low chuckle reached his ears.

They had helped Xu Qingzhi plan her wedding, as well as her wedding gown and headdress. They had thought of every detail.

The popularity of Gu Zeyan acting like a diva had yet to subside. Even though he had apologized, it had happened and it was the truth. It was impossible to eliminate the anger and disdain of the people.

The various advertisers tore off their endorsements and took back the scripts and variety shows they had received.

The number of fans on Weibo plummeted. Gu Zeyan seemed to have fallen into a swamp. The more he struggled, the faster he died.

Hence, she disappeared from all the online communication platforms. She wanted to use time to settle this matter.

Shen Qianrou was innocent this time.

As the saying goes, when one sits at home, the pot falls from the sky.

He was shot even while lying down!

She didn't do anything during this period of time and only waited obediently at home for the award ceremony. In the end, because of Gu Zeyan, she, the former couple, was scolded badly.

Coupled with her previous scandals, someone had summarized them one by one and released a post..

### **Chapter 722 First Impressions Are Important**

The people who were watching the joke went crazy and reposted the comments.

Shen Qianrou was also furious.

"Alright, don't be angry! It's not your fault. When you get the award, this matter will be suppressed. If you go to the Su family tonight, you will really become Su Heng's wife and the young mistress of the Su family..."

Now that everything is developing in a positive direction, why do you care about this now?"

Jiang Rongrong's words made Shen Qianrou's anger dissipate. Grandma was right. She was making things difficult for her by sulking at home.

Her heart relaxed slightly and a smile appeared on her face.

"Grandma is right."

Seeing how beautiful and obedient Shen Qianrou was, Jiang Rongrong felt even more gratified.

"The entire family will send you over today. The relatives and friends of the Su family will probably come tonight. You have to adjust yourself well for tonight's family banquet. It's your first time meeting them officially,

so the first impression is very important."

Thinking of the family gathering tonight, Shen Qianrou couldn't help but feel nervous.

At that time, all the relatives of the Su family would go. Furthermore, she would be the future mistress of the Su family.

How could the most important person be missing in today's event?

"Grandma, Sister is going tonight, right?"

Shen Qianrou asked cautiously as she looked at Jiang Rongrong expectantly.

When Jiang Rongrong heard Shen Fanxing's name, her face darkened.

"Why can't you forget her? Do you think she'll go? Even if she goes, she might cause trouble..."

"But Grandma, Sister is our family after all. We're blood-related. It's not a relationship that can be severed just like that

"Ask her for help? You might as well burn Lan Yun Entertainment!"

"Grandma..."

"Alright, alright. I'll get the butler to inform her. But it'll definitely be for nothing..."

"I'll call Sister later."

Jiang Rongrong said impatiently, "Up to you."

Just as she was helping Xu Qingzhi choose her style, Shen Fanxing's phone rang.

Seeing that it was an unknown number, Shen Fanxing answered without hesitation.

"Hello, who is this?" asked Shen Fanxing casually as she flipped the magazine on the coffee table.

"Fanxing..."

A familiar voice sounded from the phone. Shen Fanxing's hand froze and her face turned cold.

“What’s the matter?”

“Tonight is the day the Shen family sends Qianrou to the Su family. I want to know if you’re coming tonight... to the Su

Shen Fanxing’s eyes were cold as she leaned against the sofa. “What do you think?”

“Fanxing, I want you to come.” Su Heng went straight to the point.

... Sister is very capable. If Sister helps Lan Yun Entertainment in the future, it’ll be much easier for family?”

Shen Fanxing was amused by Su Heng’s request. She suddenly realized that her life had been quite boring recently. She leaned back on the sofa and asked patiently,

“Why do you want me to go? Are you inviting me on behalf of Shen Qianrou? I think she wants me to go... as a loser.”

“No, Fanxing, you’ve misunderstood. I didn’t discuss this with Qianrou. I just felt...”.

### **Chapter 723 Thinking About You**

“No, Fanxing, you’ve misunderstood. I didn’t discuss this with Qianrou. I just felt...”

Su Heng hesitated and Shen Fanxing remained silent.

Before this, she would subconsciously give him a way out. But now... who was he?

Sensing that Shen Fanxing would not give him a way out, Su Heng paused before continuing,

“I asked you to come because I’m thinking for you...”

Shen Fanxing scoffed and said, “Oh? For my sake?”

Hearing Shen Fanxing’s mocking tone, Su Heng fell silent for a while. His deep voice was mixed with helplessness.

“Fanxing, you have to treat yourself as a member of the Shen family. You know that I’ve never thought of hurting you. In the future, the Shen family and the Su family can be considered to be related by blood. For this

international competition... if you and the Shen family continue to interact like this, in the future, once Grandma is forced into a corner, I think with her personality... she will definitely think of ways to make things

difficult for you...”

Although Su Heng was careful with his words, she could still tell.

Before she could continue, Su Heng continued, "You're a member of the Shen family after all. Fanxing, you're very smart. Don't deliberately make mistakes. If Grandma really wants to make things difficult for you, how

do you want me to help you?"

Shen Fanxing smirked and said, "Isn't Shen Qianrou the one managing the company? Why do you have to pin the blame on Jiang Rongrong? How are you going to help me? Do you think that you don't know what to do

between Shen Qianrou and me? You're overthinking. Other than adding insult to injury, what have you helped me with?"

Su Heng's heart ached and his voice was filled with guilt and helplessness. "Fanxing, I..."

"What do you think will change even if I sit calmly with the Shen family now? Everything you said today is based on the fact that the Shen family is too kind and I'm too unreasonable. Su Heng, you've seen how humble I

was to the Shen family. You've followed you for so many years, but you really can't figure out if I'm too unreasonable or if the Shen family can't tolerate me?"

Su Heng's chest tightened. That's right. He had seen Fanxing's compromise in the past. She used to live so carefully in the Shen family. Why had she become enemies with the Shen family now?

After that, his thoughts gradually faded.

It was a fact that Fanxing didn't accept Qianrou.

Su Heng's silence made Shen Fanxing sneer. She could guess what Su Heng was thinking.

He had always believed that the grievances and hurt that Shen Qianrou had suffered were real.

It was because she couldn't tolerate Shen Qianrou that the Shen family couldn't tolerate her.

At least she had a brain. She couldn't even figure this out. She had lived in vain for so many years.

"That's all. We'll talk about the future later. We'll deal with whatever comes our way. You don't have to feel troubled. Continue to be biased towards your fiancée... No, your wife."

Su Heng already knew the answer.

He took a deep breath and said,

"I still hope you can think about it."

Shen Fanxing hung up immediately.

Not long after, Shen Qianrou's phone rang again..

**Chapter 724 Don't Provoke Me**

Shen Fanxing sneered. The couple was indeed telepathic.

“What’s wrong?” asked Shen Fanxing.

“Send me to the Su family tonight. Sister, come back.” Her voice was full of provocation. It was obvious that Shen Qianrou was alone now.

“Do you think that’s possible?” sneered Shen Fanxing.

“Didn’t you say that you have no feelings for Su Heng? What are you afraid of?”

“Don’t provoke me. I naturally have nothing to be afraid of. I just can’t be bothered to look at the faces of your families. You know that it’s a cesspool, but I still stepped in. Are you crazy?”

Shen Qianrou gritted her teeth in anger. “Shen Fanxing, you... you can be smug. You’ll cry one day!”

Shen Fanxing fell silent.

Shen Qianrou frowned and asked, “Why aren’t you saying anything?”

“... I was wondering if I should admire your smug face tonight?”

“Ha...” Shen Qianrou sneered. “So, you plan to come tonight?”

Shen Fanxing thought for a while and said, “No. I’ve already said that it’s a feces pit...”

“Pfft...”

It was rare for Shen Fanxing to be so scheming. Xu Qingzhi, who was engrossed in the wedding magazine, suddenly laughed. Shen Fanxing blinked at her.

Without waiting for Shen Qianrou to continue, Shen Fanxing hung up.

“What are you laughing at?” asked Shen Fanxing as she threw her phone aside.

Xu Qingzhi’s smile didn’t fade as she clicked her tongue in wonder. “A woman who has been nourished by love is indeed different. You’re getting naughtier by the day. With a man backing you up, it’s like you’re playing

with trash, okay?”

Shen Fanxing didn’t retort. “It’s not like you don’t have a man.”

Xu Qingzhi’s face stiffened slightly. She smiled faintly and lowered her head to look at the magazine in her hand.

After returning to the company from Xu Qingzhi’s house, it was already past the time to knock off.

When they left the company, Xu Qingzhi called to ask if the roses for the wedding were red or white. Shen Fanxing pondered as she walked.

“Considering the lighting in the wedding venue and the overall color of your decorations, the red color is too obvious and it might look a little tacky. If it’s white... it will clash with your wedding dress and the color of

the venue. Let's have a champagne color to neutralize it..."

"Okay, I'll listen to you. Champagne then!"

Shen Fanxing said helplessly, "Do you really have to do this yourself? Qingzhi, you just have to be the prettiest bride that day... The Li family won't mistreat you in such a place..."

"Yes... This is the only wedding in my life. I'm worried about others arranging it... Instead of being dissatisfied, I might as well do it myself from the start. Besides, I'm happy to do these things..."

Shen Fanxing sighed softly and said, "You're right, but you're pregnant now. Don't force yourself. Your health is more important!"

"Yes, I know!"

"If there's anything else you're unsure of, I'll help you refer to it..."

Shen Fanxing walked out of the building and was about to drive to the carpark when a familiar car stopped in front of her.

The car window rolled down, revealing Jiang Rongrong's cold face.

Shen Fanxing turned her face away, her eyes cold and impatient.

"What are you doing here?"

"Get in the car. I'll send Qianrou to the Su residence tonight."

## **Chapter 725 Entering the Craphole**

"Get in the car. I'll send Qianrou to the Su residence tonight."

"I didn't promise to go."

"Evil creature! Don't be ungrateful. If Qianrou didn't insist on giving you a way out, do you think you would have the chance? Hurry up and get in the car!"

Shen Fanxing sneered and said, "What an honor."

Jiang Rongrong sighed deeply. "Even if you're unwilling, you have to do your best."

"Fanxing, what's wrong? Is it your grandmother..."

"If there's nothing else, you can rest first. I'm hanging up!"

"Sigh..."

After hanging up, Shen Fanxing lowered her gaze to look at Jiang Rongrong. After a moment of silence, she opened the car door and got in.

"Let's go."

Not understanding why Shen Fanxing had changed her mind so quickly, Jiang Rongrong was worried again.

“Let me warn you, Qianrou is being kind this time. Don’t cause any trouble!”

Shen Fanxing asked coldly, “Since you’re so worried about me, why don’t I go?”

Jiang Rongrong glared at her before instructing the chauffeur to drive.

The Su residence was not a small manor.

It had just been renovated in recent years. It was decorated in a European style and looked like a classic castle.

There were already a few luxury cars parked outside. It was obvious that the Su family’s relatives had arrived.

Laughter and joy filled the villa, reminding everyone of how happy today was.

After Shen Fanxing alighted, the car with Shen Qianrou stopped slowly.

The gauze on Yang Liwei’s face was pulled down and the wounds on her eyes and lips were covered by makeup. However, one could still tell that it was a little awkward.

Shen Qianrou was wearing a red dress today. Her long hair was tied up and there were a few pearls on her head. She looked gentle and demure.

“Aiyo, my family sent my wife over!”

A servant was watching the guests at the door. When she saw the Shen family, she hurriedly shouted.

The laughter in the villa stopped abruptly. Not long after, a few people walked out of the villa.

There was a long red carpet from the entrance to the villa. It seemed that the Su family valued and was satisfied with Shen Qianrou.

Su Heng was the first to walk over. When he saw Shen Fanxing, surprise flashed across his eyes.

However, Shen Fanxing merely raised an eyebrow and didn’t look at him.

“Brother Heng...”

Shen Qianrou was angry that the first person Su Heng noticed was Shen Fanxing. She couldn’t help but call out to her.

Su Heng retracted his gaze and smiled at her. Then, he greeted Jiang Rongrong, Shen Defan and Yang Liwei.

She called them Grandma, Dad and Mom.

“Oh, you’ve finally brought your in-law here. Quick, come in.”

Although Cai Jingyi felt a little uncomfortable about Shen Qianrou’s wedding, the arranged dowry was still acceptable. Moreover, she had taken a fancy to Shen Qianrou.

However, before she entered, she couldn't help but feel an indescribable feeling when she saw Shen Fanxing.

In short, there was some awkwardness.

If not for Qianrou, she would be the daughter-in-law of the Su family.

Everyone knew that her relationship with Qianrou wasn't good, but she was actually here this time. Seriously...

It made her feel a little uneasy.

Shen Qianrou held Su Heng's arm as they walked among the relatives. Shen Fanxing followed silently.

When they entered the living room, all the relatives surrounded Shen Qianrou..

### **Chapter 726: Sending a New One**

When they entered the living room, all the relatives surrounded Shen Qianrou.

Shen Fanxing sat on one side of the sofa, her hand on the armrest as she listened to Shen Qianrou's aunt, third uncle and sixth uncle.

"Oh Jingyi, you're really lucky to have such a handsome son and a capable daughter-in-law. Tell me, what did you do in your previous life?"

"Haha, it's indeed my blessing. It's all thanks to my in-laws."

"She's beautiful and talented. She looks good and has a good temperament. I can't find another wife like her."

Some were envious, while others were jealous. When they heard that these people were praising Shen Qianrou, some were jealous.

"However, your reputation hasn't been good recently. Since you've married into the Su family, you should stay away from the entertainment industry in the future... There are so many people staring at you with microscopes. Good news doesn't leave the house, but bad news spreads far and wide. The Su family is one of the richest families in Pingcheng. Don't embarrass the Su family again and be affected by you!"

These words were the most unpleasant thing to hear tonight. Yang Liwei and Jiang Rongrong's faces darkened, and Cai Jingyi was secretly furious and embarrassed.

Shen Qianrou was now the daughter-in-law of the Su family, so she naturally didn't want anyone to embarrass her.

Besides, the one who spoke was her sister-in-law.

"Third Sister, no job is easy. The entertainment industry is indeed a troublesome place, so the reputation can't be linked to the truth. Besides, everyone makes mistakes..."

“Oh, I’m just saying. I heard that the industry is very chaotic. The unspoken rules and business are common.

Coupled with some publicity methods and scandals... Isn’t Gu Zeyan Qianrou’s rumored boyfriend these few days? He’s already the daughter-in-law of the Su family. How can he still be her rumored boyfriend...”

Shen Qianrou’s expression changed and she couldn’t maintain her smile.

“Third Aunt, I used to be classmates with Gu Zeyan. It’s inevitable for us to say a few more words when we meet in the industry. It’s all groundless rumors...”

“That’s right, that’s right. Third Aunt, this was written by the reporters. Besides, Qianrou’s presence in the entertainment industry is beneficial to the Su Corporation.”

A sharp voice sounded. Without looking up, Shen Fanxing could tell who it was.

That’s right, Lin Feifei was a relative of the Su family.

“Feifei!”

Shen Qianrou’s tone was full of surprise. They had barely met since the school’s anniversary celebration.

“Yes, Qianrou... No, Sister-in-law, long time no see...”

Lin Feifei smiled in response to Shen Qianrou.

Shen Fanxing sneered inwardly. Back at the school’s anniversary celebration, Shen Qianrou had pushed the blame to Lin Feifei in front of so many people. It wasn’t that Lin Feifei didn’t know about it, but now, she acted as if nothing had happened and was still so close to Shen Qianrou.

Brainless.

She had no idea what Shen Qianrou had done to her.

Lin Feifei was wearing a tight-fitting dress. Her long hair draped over her shoulders and her waist swayed as she walked, making her look more sexy.

Upon closer inspection, she seemed to have lost a lot of weight.

Raising an eyebrow, Shen Fanxing didn’t pay much attention to her. Although what happened back then had something to do with her...

Wasn’t she the one who deserved it?

When Lin Feifei saw Shen Fanxing, her eyes were filled with hatred.

Although there was no concrete evidence to prove that Shen Fanxing was the one who schemed against her that night, Shen Fanxing should have suffered everything. In the end, she became a b\*tch who was mocked by everyone.

She was banned by the live-streaming platform and grounded in her own villa by her father. She was specially watched by others. Other than having three meals a day, she had to sleep.

After she was finally released, her previous fans found her and threw money at her to have sex with her. They even followed her, forced her, and blocked her...

They even followed her, forced her, and blocked her...

All of this was because of Shen Fanxing.

This damn woman.

His vicious gaze landed on Shen Fanxing. In the end, Shen Fanxing sat there alone, looking aloof and aloof. It hurt her eyes.

Her unique aura always annoyed her.

Women had always rejected the same sex.

It made no sense, but it was true.

Shen Fanxing was detestable, especially by women.

Lin Feifei crossed her arms and stood in front of Shen Qianrou. She stared at Shen Fanxing arrogantly and snorted.

“Third Aunt, Qianrou has been in the entertainment industry for so many years. She has accumulated some popularity. Not long ago, she participated in the International Fragrance Competition. The judges have high praises for her. This year’s champion is almost confirmed to be Qianrou. After receiving the award at the award ceremony, Qianrou’s reputation will definitely explode and her net worth will naturally rise. The Su Corporation didn’t expect to obtain the right to develop the champion’s work. Coupled with Qianrou’s endorsement... Think about how the Su Corporation will look like then.”

When the few of them heard that, they exclaimed in admiration.

The work of a world champion was personally designed and endorsed. It was self-produced and sold. There was no need to mention how much endorsement and copyright fees were missing. Just the profits alone were enough to make people jealous for the rest of their lives.

Their sighs and envy made Jiang Rongrong and Yang Liwei proud, and their chins were raised.

Qianrou had always been their pride. Not only was she obedient, sensible, and understanding, but she was also multi-talented. All these years, other than the recent incidents, she had never disappointed them.

After the award ceremony, she would become famous.

How many people in the world could achieve the glory and wealth she brought?

Cai Jingyi was overjoyed.

If she married Shen Qianrou, the Su Corporation would benefit the most.

She could imagine what a grand scene it would be now.

How much had the Su Corporation improved?

The relatives were full of praises for Shen Qianrou. The more they looked at her, the more they wanted to drag her back home.

Shen Qianrou blushed at the compliment, but she felt smug.

She looked up at Shen Fanxing, who was on the sofa. She was fiddling with the glass of water in her hand,

her slender fingers tapping lightly on the transparent glass. There was a smile on her lips, but it looked sarcastic.

She frowned. Seeing her nonchalant yet confident expression, she hated it from the bottom of her heart...

### **Chapter 727: All Trash**

She frowned. Seeing her nonchalant yet confident expression, she hated it from the bottom of her heart.

Lin Feifei didn't like her either. She crossed her arms and sat down on the sofa. She crossed her legs and sneered at her.

"Sister Fanxing, I heard that you participated in the International Fragrance Competition. How many points did you get? What's your ranking? Do you have a plan?"

All the gossips in the room looked over.

"There's no need to talk about the score. As for the ranking..."

She looked up at Shen Fanxing and said calmly, "Of course I have some confidence."

"Pfft!"

Lin Feifei snorted coldly and said, "So what if you're capable? You're representing Zhi Qin Cosmetics this time. You're completely opposite of the Su Corporation! Sister Qianrou's results this time might be the champion. So what if your ranking is high? Sister Fanxing... admit it, you've lost again! You've lost to Qianrou again!"

Lin Feifei's last sentence was said through gritted teeth.

It was the same every time. She seemed to be more willing to laugh at her than Shen Qianrou.

Shen Fanxing's smile widened and she finished the water in one gulp.

Then, she said casually, "Nothing is certain."

Lin Feifei was so angry that her teeth softened.

Every time he met a wall with her, he would punch cotton.

"I really want to see how pathetic you were back then! I hope you'll be as calm as you are now!"

“Feifei, stop talking. ..

Shen Qianrou suddenly spoke up. Her voice was gentle and timid.

“Sister, I’m sorry to talk about this.”

Shen Fanxing looked up at the few people present. Their eyes were full of disdain and disdain.

She sneered and bent down to pour herself another glass of water.

“What’s there to apologize for? Isn’t that why you called me here?”

Shen Qianrou’s face stiffened. “Sister, what are you talking about... I... I really didn’t mean to say that...”

“That’s right, Fanxing. Qianrou wasn’t the one who mentioned this just now. However, you don’t have to feel embarrassed. After all, the results of competitions aren’t absolute. If you can’t do it this time, you can continue to work hard in the next...”

Cai Jingyi’s words were already biased towards Shen Qianrou.

“Yes, I don’t think it’s a big deal either. Victory and defeat are common in war. If you lose, you lose. If you lose with your own ability, that’s also your own ability. But even if you lose, it’s not your own ability. That’s really... no different from making up the numbers, right?”

As she spoke, she looked at Cai Jingyi and Shen Qianrou.

Shen Qianrou’s expression changed slightly before she regained her confidence and composure.

Shen Fanxing narrowed her eyes and stared at Shen Qianrou for two seconds. Then, she frowned and shifted her gaze elsewhere.

The few of them had no idea what Shen Fanxing meant and how to respond.

“What are you talking about?”

Su Heng and a few older men walked down the stairs. His voice was low and gentle. He was tall and slender, and he was handsome enough to drive women crazy.

When she walked down the stairs slowly, she exuded a noble and gentle aura.

After all, Shen Fanxing wasn’t a random man.

There was a reason why she could accept Su Heng so easily.

“Uncle, Uncle, Uncle... Brother Heng...”

Shen Qianrou greeted him sensibly before walking towards Su Heng shyly.

Shen Qianrou’s thoughtfulness and obedience satisfied Su Heng. He smiled gently at her and allowed her to hold his arm.

“Aiyoyo, look. The man is handsome and the woman is beautiful. They’re really compatible. I’m so envious.”

“Yes, he’s really pleasing to the eye. I’m not praising myself, but Old Lady Shen, Old Lady Shen, it’s your blessing to have a man like Su Heng as your son-in-law!”

Jiang Rongrong smiled sincerely and nodded repeatedly. “You’re right. It’s our Shen family’s blessing. Qianrou is blessed to have found such a young master for our family.”

Through the crowd, Shen Qianrou’s gaze landed on Shen Fanxing again, only to realize that her attention was elsewhere.

Shen Fanxing was playing with her phone with her head lowered.

Bo Jinchuan asked, “Where is the cesspit?”

Shen Fanxing asked, “What cesspit?”

Bo Jinchuan replied, “The pregnant woman said that you went to the cesspool.”

Shen Fanxing couldn’t help but smile at Bo Jinchuan’s words.

It wasn’t even ten words. It was full of criticism.

Shen Fanxing replied, “The Su family.” Bo Jinchuan:

Shen Fanxing replied, “Su Hen\$ family.”

Bo Jinchuan didn’t reply.

Shen Fanxing didn’t mind. Then, she saw a message in the group chat.

She clicked on it and saw a notification under the group name.

Shen Fanxing didn’t have many friends in the past. Other than her colleagues and clients, she didn’t have many friends in the company’s official chat group.

Other than knowing that it was a communication tool, she was not familiar with anything else.

She vaguely understood the nature of this chat and clicked on it out of curiosity.

Yin Ruijue’s irritable voice sounded from the phone.

“F\*ck, you only woke up now. I’m a birthday girl. Why did you let me sleep in the private room?”

Shen Fanxing was so shocked that she almost dropped her phone.

Everyone in the room looked in her direction.

Their expressions varied, but there was no lack of shock.

“Did your mother give birth to you? How many days do I have to give birth to you? Your birthday will be over after midnight! I didn’t let you sleep on the streets!”

“Sigh, my head is about to explode!”

Shen Fanxing felt awkward and wanted to end the call. Shen Qianrou’s voice sounded. “Sister, those people are...”

“Friend.”

Shen Fanxing realized that her phone had gone silent.

“Friend? Birds of a feather flock together. Listen to what those people said just now. Their mouths are full of

nonsense. How low! However, it’s rare for you to make friends.”

Shen Fanxing’s face darkened and her voice turned cold.

“Lin Feifei, there’s a limit to your sarcasm. I can’t be bothered with you, but don’t push your luck. Who do you think you are?”

‘You...’

Lin Feifei stood up abruptly and said, “You... Shen Fanxing, I think you’re here to cause trouble, right? So what if they’re Low? Am I wrong? What kind of decent person can you befriend? They’re all trash!”

### **Chapter 728: Hold It In**

Shen Fanxing stood up as well, exuding a cold aura. Her powerful aura made everyone feel suffocated.

“Take back what you just said!”

“So what if I don’t take it back? Can you hit me?”

Shen Fanxing threw her phone on the coffee table and took two steps towards Lin Feifei.

“You do deserve a beating. I’ll say it again, take back what you just said!”

“I...”

In the end, Lin Feifei gave in and took two steps back, but she refused to give in.

“Enough!”

An angry shout suddenly sounded. Jiang Rongrong’s dark and angry voice sounded. “Don’t overdo it. This is the Su family’s house. Look at the situation clearly!”

“What occasion? Do I have to ‘hold it in’ just because there are many people in the Su family?”

“Shen Fanxing!”

“I’m here! Don’t try to warn me. Today, you blocked me at the entrance of my company and asked me to come. You have to think of the consequences. It’s rare for me to give you face today, but someone seems to dislike our rare peace today!”

With that, her sharp and cold gaze landed on Lin Feifei again. She quickly took two more steps towards Shen Qianrou.

“Feifei, apologize quickly!”

At this moment, Su Heng strode over and glared at Lin Feifei.

“Cousin?! How can you help her?”

“Because you’re the one who did something wrong first!”

Lin Feifei was furious. It was embarrassing for her to admit defeat now.

“Alright, Fanxing, Feifei was in the wrong just now. I apologize on her behalf. Let’s eat first. We can talk after dinner...”

Shen Fanxing narrowed her eyes, annoyed at her lack of manners.

After being with these people for a long time, it was inevitable that they would be enlightened.

She seemed to understand why the person beside Shen Qianrou was so outstanding.

However, she was the one who suffered in silence.

“Mrs. Su, I’m sorry. It doesn’t even take three seconds to apologize. If you don’t want to say it, then wait.

With so many uncles and aunties around, I can only trouble everyone to wait with her.”

“Shen Fanxing, don’t go overboard!”

“Huh?” Shen Fanxing looked at her casually, her eyes filled with coldness. The oppressive aura made the atmosphere tense.

“Feifei! Apologize now!” Su Heng suddenly shouted angrily, his expression turning frosty.

“Cousin!”

“Feifei.”

Shen Qianrou walked over and held Lin Feifei’s arm affectionately. She said softly,

“Feifei, you went overboard just now. How can you say that Sister’s friend is... How can you say such a thing in front of so many elders? No one will be willing to hear it... Apologize to Sister first...”

Shen Qianrou didn’t deny Lin Feifei’s words. She only emphasized that she didn’t want Lin Feifei to embarrass the Su family.

Everyone present could tell what she meant. Su Heng frowned and glanced at Shen Qianrou.

Shen Qianrou looked at Lin Feifei reproachfully, obviously trying to coax her.

Shen Fanxing was her sister. Her words sounded like she was belittling Shen Fanxing, as if it wasn’t a big deal.

It was as though she was saying, “My daughter is a jerk. Don’t stoop to her level.”

Lin Feifei felt better after she belittled Shen Fanxing.

“Forget it, forget it. I really shouldn’t have said those words in front of so many people. Alright, I apologize!”

‘I’m sorry, alright?’”

An ambiguous apology.

The main point wasn’t that she should apologize for insulting her friend. Instead, it was because of Shen Qianrou’s provocation.

Shen Fanxing glared at Lin Feifei coldly and asked, “What are you sorry for?”

How could she not see through Shen Qianrou’s schemes?

Since she could tell, how could she let her off?

‘You...’

Before the smugness on Lin Feifei’s face dissipated, her face darkened at Shen Fanxing’s words.

Shen Qianrou frowned and said, “Sister, Feifei has already apologized. Today... can we forget about it...”

“What do you mean? Do I have anything to do with you?”

Shen Qianrou’s face darkened and she glanced at Su Heng, who was beside her. She bit her lips, looking aggrieved.

Su Heng moved his lips. “Fanxing...”

Shen Fanxing continued coldly,

“Don’t you want to be a good person? Then do it to the end. Why is she apologizing to me?”

Shen Qianrou stood rooted to the ground, feeling helpless.

“Shen Fanxing, you’re pushing your luck! Don’t push your luck!”

“Lin Feifei!” Su Heng shouted angrily again. “If you continue causing trouble, scam back to your villa!”

“Cousin!”

“Do you think the confinement period is too short?”

“You... you’re too much! Get this straight, Qianrou is your wife now. You’re protecting another woman in front of her, and... and you don’t even recognize your family. What do you take Qianrou for?”

“Get lost!”

Su Heng didn’t say anything else and ordered with a livid face.

His tone brooked no argument.

Seeing that the atmosphere had turned awkward, Cai Jingyi spoke again with an ugly expression, “Can you stop fooling around? Don’t you know what day it is today? Do you know your place?” Jiang Rongrong’s face darkened.

She glared at Shen Fanxing and chided, "Are you done? Don't you think you're a joke?"

"I don't think so! I'm not the one who made this a joke. If the troublemaker and sh\*t stirrer don't think of themselves as a joke, why do I think so?"

A troublemaker and a troublemaker?

Who else could it be but Lin Feifei and Shen Qianrou?

Shen Fanxing didn't know if she could pry open Lin Feifei's mouth, so she could only return the favor.

In short, it was impossible for her to suffer.

"Birds of a feather flock together. I'll return the same to you. It's not surprising that you and Shen Qianrou can become friends."

Her words did not make anyone happy at all.

These were obviously not nice words.

"Alright, alright. Hurry up and eat. How old are you? You're still like a child. Do you have to fight to vent your anger?"

At this moment, a voice sounded. Shen Fanxing looked up and the coldness in her eyes faded.

Su Kong was Su Heng's grandfather. He had treated her well before.

"Grandpa!"

Shen Qianrou shouted, her pale face looking awkward..

### **Chapter 729: Kind Suggestion**

Shen Qianrou shouted, her pale face looking awkward.

Su Kong nodded lightly and his gaze landed on Shen Fanxing. He smiled kindly.

"Fanxing, long time no see."

Shen Fanxing pursed her lips and said, "Grandpa Su..."

Grandpa Su?

Su Kong paused. She had called him grandpa previously.

Seeing her cold and distant expression, he sighed helplessly and waved his hand. "Let's go to the restaurant to eat."

With Su Kong's appearance, the atmosphere eased, but it also became a little tense.

After all, he was the head of the family.

Shen Fanxing had to give Su Kong face.

Besides, she didn't seem to be at a disadvantage in this matter.

She picked up her phone and checked the call status again. The group call had ended.

Glancing at it, she turned off the screen and threw it into her bag.

Without further ado, the group of people walked towards the restaurant.

What she didn't know was that the group chat had exploded.

Xu Han said, "Why do I feel like our sister-in-law is being bullied?"

Shang Qiqi said, "And it's a siege!"

Yin Ruijue asked, "Damn it, why is Sister-in-law at the Su residence?"

Lu Shaoqian asked, "Which Su family?"

Li Tingshen replied, "The Su Corporation, Shen Fanxing's ex-fiancé."

Everyone was speechless.

Shang Qingmo said, "I think I heard someone calling us trash!"

Yin Ruijue said, "Let's go! Everyone!"

Shen Qianrou was still bothered by the obvious difference between her and Shen Fanxing.

She felt a little uneasy.

Su Kong had his eyes on Shen Fanxing from the start. She was his favorite granddaughter-in-law. It was his idea to suggest Su Heng and Shen Fanxing's engagement.

In his eyes, he was probably unhappy with her interference.

Su Kong and Jiang Rongrong naturally said the most. After all, they were of the same generation and had common topics.

Moreover, they were in-laws now. No matter what she thought, she had to put up with it on the surface.

Throughout the meal, Shen Fanxing acted as though she was in harmony with him. She pretended to be affectionate, but she went against him. She had seen everything that was common in the business world. After dinner, the group gathered in the living room again. It should be time for them to bid each other

farewell.

Shen Fanxing had eaten a lot tonight.

It wasn't that she was greedy for the Su family's food. It was just that there were too many people in this family. As a bystander, she treated the food as melons.

"From the looks of it, Qianrou's work this time shouldn't be bad. Why don't we start producing the product now? When Qianrou wins the award, we can take advantage of the popularity to release the new product?"

Cai Jingyi looked at Su Bing-you and said. Although she usually didn't ask about the company's matters, she felt that this suggestion was not bad.

"The results of the competition are not out yet. It's too early to start the production. Anyway, there are still a few days. There's no hurry!"

Before Su Bingyou could speak, Su Kong's voice sounded.

And he looked a little unhappy.

'Grandpa, why do we have to wait for the results of the competition? Qianrou is also very confident. The score this time is very high and she has already crushed her senior, Michelle. That senior of hers has been the world champion for two consecutive years. Do we still have to wait for the results of the competition?

Moreover, even if Qianrou isn't the champion, she will definitely be in the top three. But no matter what, the collaboration between the Su Corporation and the Bo Corporation is set in stone. The earlier the production, the less time it takes to save is directly related to the sales volume!

"If we're late, the popularity will drop. And while we're waiting, we'll definitely lose a lot of customers..."

Lin Feifei's words made sense and a faint smile flashed across Shen Fanxing's eyes.

At this time, these rights were still very important.

For example, she didn't need to ask anyone. If she said that she wanted to start production, no one would stand up and reject her.

Su Kong frowned and looked at Su Heng. "Su Heng, what do you think?"

Su Heng nodded and said, "I think it's better to start production early. What Feifei said is within the scope of consideration."

Su Bingyou nodded in agreement.

Su Kong frowned and pondered for a while before looking up at Shen Fanxing, who had remained silent.

"Fanxing, what do you think?"

Shen Fanxing sat at the side and looked at everyone.

Everyone looked at her with different expressions.

"Fanxing has worked at the Su Corporation for more than three years. Every decision she makes has unique insights. Why don't you tell me if the Su Corporation wants to enter production in advance?"

Shen Fanxing scanned the crowd before her gaze landed on Su Kong's face.

Su Kong looked at her with a sincere gaze. He really wanted to consult her opinion.

Su Kong used to be sincere towards her.

After her mother left, Su Kong showed her more concern.

Back then, not many people had treated her sincerely. Other than Grandpa, Qingzhi, Su Kong, and Su Heng, who had been by her side.

Although they didn't interact much, a few words of concern back then was enough for her to remember this kindness.

No one would easily forget the person who had given them warmth during their most difficult times.

She was not a heartless person.

"Grandpa, why are you asking her? She's the enemy of the Su Corporation! What good opinion can she give?" Lin Feifei was the first to object to Shen Fanxing's suggestion.

Even Jiang Rongrong said,

"In-law, Fanxing's position is a little awkward. You, Bingyou, Su Heng, and everyone here don't have to listen to her opinion..."

"That's right, Grandpa. There are so many people in our family. Why do you have to ask her? You should ask Cousin-in-law!"

Lin Feifei fiddled with her nails as she expressed her displeasure towards Shen Fanxing.

Shen Qianrou smiled and glanced at Su Kong. He didn't even look at Lin Feifei. Instead, he looked at Shen Fanxing, his attitude unchanged.

A malicious glint flashed across his eyes. Shen Qianrou was the one who brought glory to the Su family. Why did she have to give Shen Fanxing's opinion?

Seeing the determination and trust in Old Master Su's eyes, Shen Fanxing paused again. She frowned and pondered for a while before saying slowly,

"I suggest... not putting it into production in advance."

Lin Feifei sneered and said, "Grandpa, you're not even pretending anymore. You obviously can't bear to see us doing well."

"Why?" Su Kong continued.

Shen Fanxing retracted her gaze and placed the cup to her lips to hide the deep meaning in her eyes..

### **Chapter 730: Kindness**

Shen Fanxing retracted her gaze and placed the cup to her lips to hide the deep meaning in her eyes.

"Why... do you want to bite off more than you can chew? Isn't that a reason?"

Su Kong narrowed his eyes, wanting to see the expression in Shen Fanxing's eyes. However, Shen Fanxing had deliberately concealed it, so he had no way of knowing.

“What are you saying? If all businessmen are as timid as you, there’s no need for you to stay in the business world anymore! If you have your own selfish motives, don’t spout nonsense!”

Jiang Rongrong chided in a low voice, not hiding her disgust for Shen Fanxing.

Shen Fanxing didn’t have much of an expression as she sipped her water calmly.

“...Fanxing is right. Why don’t we make plans after the award ceremony?”

Su Kong pondered for a moment before coming to this conclusion.

“Grandpa!” Lin Feifei shouted. “How can you listen to her! Cousin dumped her. She’s trying to revive the family!”

“Shut up!” Su Kong suddenly shouted in a low voice. He finally shifted his gaze to Lin Feifei. “Do you think you’re not embarrassing enough? Before you speak, think about how much you’ve smeared our family’s reputation! If I were you, I would tuck my tail between my legs. You’re good. You can show off everything!” Su Kong had a dignified aura. Although he didn’t smile in the past, he didn’t make things difficult for others.

Very few people had ever seen such anger.

Lin Feifei shrank her neck in fear. When she reacted, her eyes turned red.

“Grandpa, are you despising me? I’m a victim too...”

“Dad, you... what are you doing? Feifei is your biological granddaughter. She’s already suffering enough, yet you still want to pour salt on her heart...”

Lin Feifei’s mother, Su Lian, couldn’t help but say something.

Su Kong’s expression darkened. “She brought this upon herself. If they didn’t think of harming others first, how could something have happened?!”

The word “them” made Shen Qianrou freeze. She looked up at Lin Feifei.

She was worried that Lin Feifei would tell Su Kong about what happened at the school’s anniversary celebration.

If Su Kong had concrete evidence and knew that she was involved in the plan, then her days in the Su family...

“Grandpa...”

Su Heng suddenly said in a calm voice, “Let’s not talk about this matter anymore. Regarding the discussion just now, I also think it’s better to put Qianrou’s work into production in advance. Even if Qianrou can’t win

the championship this time, it’s still a work that has received a high evaluation from international judges...

What do you think?”

Perhaps due to Shen Fanxing's presence, Su Heng's words were neutral and humble.

Indeed, he was different. Compared to the entire family, Su Heng's temperament and speech were the most stable and convincing.

She was different from the others.

Su Kong looked at him with satisfaction and relief.

But Fanxing's suggestion...

He didn't think that Fanxing would take revenge on him.

Even if she hated the Su family, she wouldn't say this openly.

He knew that Shen Fanxing's suggestion was sincere.

Sensing Su Kong's gaze, Shen Fanxing smiled nonchalantly.

"The suggestion is mine. As for whether to accept it or not, it depends on the Su Corporation's decision maker."

With that, she looked at Su Heng and said calmly, "I suggest that we don't go into production. Of course, this is the Su family's business. You're the decision-maker, so you should decide everything. Interests are important, so don't consider other factors."

Shen Fanxing emphasized her opinion once again. She didn't mix any other factors and it showed that she didn't have any other thoughts.

To be honest, be it the Su family or the Shen family, since they trusted Shen Qianrou unconditionally, she had expected the impact after the award ceremony.

The consequences were not something they could easily bear. If they were to invest their financial resources in production now, it would only cause the Su Corporation to sink deeper. Although she was happy to see it happen, she still had to return Su Kong's favor.

In short, she had good intentions for tonight's suggestion.

If they still trusted Shen Qianrou, then she...

He had done his best.

However, Su Heng thought that Shen Fanxing was worried that his guilt would affect his decision.

He smiled at Shen Fanxing, grateful for her understanding.

Shen Fanxing raised an eyebrow in confusion.

"Alright, you're in charge of the company now. You should make the decision yourself."

Su Kong spoke again, leaving the matter to Su Heng.

Su Heng nodded, seemingly not considering Shen Fanxing's suggestion.

Lin Feifei raised her eyebrows proudly and said, "I believe that in the future, the Su Corporation will definitely become better and better in the hands of Cousin-in-law and Cousin! It will become an iconic company in the world!"

"Feifei, don't put the blame on me. It's very stressful!"

"What's the big deal? You have the ability. Believe in yourself!"

"Ha..." sneered Shen Fanxing coldly. Her voice was soft and full of sarcasm.

Lin Feifei glared at her.

Shen Fanxing placed the cup on the coffee table and stood up.

"The ceremony is considered completed. If there's nothing else, I'll leave first."

As she spoke, she walked towards the door.

Su Heng stood up hurriedly and chased after Shen Fanxing.

Shen Qianrou hurried out, afraid that Su Heng and Shen Fanxing would have any interactions.

Lin Feifei followed closely behind.

Since the guests were leaving, Cai Jingyi and the rest of the family had to stand up to send them off.

Hence, everyone went to the door.

"Fanxing, you didn't drive, right? Let me send you..."

"Brother Heng..." Shen Qianrou chased after him.

Lin Feifei also spat out a mouthful of disgust and disdain.

"Cousin, you don't have to worry about this! She has so many friends. Why don't you queue up to pick her

Jiang Rongrong took a deep breath and said, "Who knows what kind of friends she has? How can they enter the Su family just like that? I wonder who they're dealing with all day... Since they're here together, let's go together. Let the chauffeur send you back."

Shen Fanxing frowned and said, "Director Jiang, Lin Feifei has a cheap mouth. She has lived decades less than you! What about you? Are you taking advantage of your seniority? You have to see if she gives you face! Otherwise, aren't you asking for trouble?"

Jiang Rongrong almost fainted. In front of so many people, and in-laws at that, she was treated so disrespectfully by her own granddaughter. She was even embarrassed. Her face was filled with anger...
