

## Chapter 731: Full of Mistakes

After a pause.., Jiang Yao continued, "As for his subordinate, he had touched the anesthetic that I poured into the document bag in a hurry and the silver needles that he hid in the gaps of the document bag after he stabbed Rahl. When Rahl's subordinate took the document bag, he saw that there were water stains on it, so he used his hand to rub it. It was probably around that time that he was also stabbed."

Speaking of which, Jiang Yao spread out her hands, "Because the anesthetic dose was very small, it quickly lost its effect. This is the so-called zombie No. 1, do you understand? "If you don't believe me, then you can send someone to search my luggage, or even my body. "Also, I don't think I need to remind you, right? "I only spent 50 million on that mine, but if there really is a neurovirus in this world, is the value of that virus less than a mine? "Am I stupid enough to expose the zombie virus to protect a mine worth 50 million?"

Jiang Yao's words sounded very reasonable, and for a moment, no one could refute it!

The YN side couldn't because Rahl did say in the transcript that he and his men would be able to move in about half an hour. They went to the hospital for a check-up, but nothing happened. They also felt that their bodies were completely normal, but.., Rahl was absolutely certain that Jiang Yao had this virus on her. The reason why they were so lucky was probably because they were not infected with many viruses, so they were lucky enough to escape.

Regarding Rahl's words, the government's side was inclined to believe it. Regardless of whether the virus number one that Rahl said was so powerful existed, even if it was a virus that only damaged the nervous system for half an hour without leaving a trace.., this also made their government sufficiently terrified and aroused their greed.

They were afraid that this virus would really exist, and even more afraid that this virus could not be controlled in their hands. Thus, they had made a gamble, wanting to try and see if they could take this girl away.

However, the attitude of the Jingdou side was too unyielding. They simply didn't give them a chance to speak to this girl, and they also didn't allow them to get even half a step closer to this girl.

If this girl could display the same fear, terror, and even helplessness when facing so many of them, then they could still believe a little that this girl was just an ordinary merchant.

However, the wise and extremely quick reactions and counterattacks that this girl later displayed, and even ridiculing their government and country in front of them without the slightest hint of cowardice, made their hearts want to take this girl away even more, even if she didn't have anything on her, it wouldn't be bad to take her away and teach her a lesson.

"If you don't believe that a silver needle with an anesthetic has such an effect, you can come and try it. However, let me make it clear first, I don't have any anesthetic on me now. If you want to test it, please get me an anesthetic first," Jiang Yao said, "Our Z country's ancient Chinese medicine is extensive and profound. Although I've only learned a little, I can still show you ignorant people. A government listening to the words of a robber is really unheard of and extremely laughable. The words of a robber are full of

mistakes. It's also worth you going through so much trouble to come all the way here to ask me for the so-called zombie No. 1."

Apparently, no one wanted to be the guinea pig, and the men took a step back at the sight of the chill emanating from the silver needle.

### **Chapter 732: Evidence**

Jiang Yao curled her lips. "Since no one is willing to give it a try, I'll put it away."

After putting away her things, Jiang Yao gently kicked her luggage in front of YN Fang's people. "Search carefully for the things you want! Now that I've explained the so-called zombie number one virus, it's my turn to interrogate them!"

The More Jiang Yao spoke, the more she became intoxicated. This was a group of rare idiots!

Jiang Yao carefully thought about her and Lu Xingzhi's worries on the plane just now. It was completely unnecessary!

Because YN Fang's people didn't have sufficient evidence and weren't well-prepared, they were rendered speechless by her rebuttal with just a few words.

"Your country's Rahl led more than 20 people and robbed me with robbery and knives. Since your official people know about this, if you don't give me an explanation, very well, then I'll also apply for our country's relevant departments to intervene!" After saying that, Jiang Yao lowered her head and tidied up her clothes. "I will wait for your country to give me the result of this matter. Now, since you don't want to ask me, then I will leave. After taking a flight for the whole night, I have to go back and rest."

"Miss Jiang Yao, may I ask where is your husband who is traveling with you?" When the people from YN side saw that Jiang Yao was going to leave, they quickly reacted. Rahl said that Jiang Yao was going with a husband and wife, so why did he only see Jiang Yao at this time.

"My husband who is traveling with me?" Jiang Yao's hand that was carrying the suitcase slightly retracted, "This time, I am traveling with one of the businessmen in Nanjiang City. When I came back, I came back alone. My husband is a soldier. How can he travel with me? Are the people from YN all like this? Once you say it, you will say it. You will do whatever you want. You will speak freely? You Don't even need to speak with evidence?"

"I refuse to answer such an extremely stupid question." Jiang Yao snorted. Then, she looked at Captain Chen and reported her cell phone number, "I'm going back to rest now. If you have any questions about this matter, feel free to call me at any time. I might stay in the capital for half a day before returning to Nanjiang City. After all, I'm still a student and have to attend class."

"Alright, I'll have to trouble Miss Jiang." Captain Chen felt that he was completely useless. It seemed that he had only stopped YN Fang's people from taking Jiang Yao away in the beginning. All of her suspicions.., were all cleared by her glib tongue.

Captain Chen watched as Jiang Yao left in large strides. The corners of his lips curled up slightly as he thought to himself, no wonder the Liang family had to protect such a girl. She was truly a rare and extraordinary woman.

“Alright, What Virus No. 1? I’m sure you all know what’s going on, right? “If you have the time to stay in our country, why don’t you hurry back and deal with the matter of your country’s Laha or Harrah kidnapping our citizens! “They’re really amazing. So it turns out that people from your country can easily rob foreign businessmen with guns.”

Captain Chen looked at the other party with disdain. With a wave of his hand, he led his team back to report.

On the way back, the team members looked confused. “Captain, we’re actually here today to listen to that little girl talk to the people from the YN government, right? Seeing that little girl talk to the other party with the word ‘despise’ written on her face, I feel inexplicably happy!”

“Sigh, that’s right. At the beginning, their people looked like they wanted to interrogate us, and I was shocked. I wondered if our team had encountered a difficult mission!”

### **Chapter 733: Jiang Yao is Fine**

“It should be the YN side’s greed when they heard Virus No. 1. If captain didn’t stop Miss Jiang in time and let her be taken away by their people, the consequences would be unimaginable.”

Captain Chen understood. The YN side’s people were not here for Zombie No. 1, who could destroy a person’s nervous system and turn them into zombies who had sucked their blood. They were here for the unknown virus that could destroy a person’s nervous system for half an hour, however, the other party probably did not expect that the so-called virus that they valued so much would turn out to be nothing more than silver needles and anesthetics.

That was why they said that Z country’s culture was broad and profound. How could these idiots from abroad understand?

Less than 15 minutes after Jiang Yao left the airport, Liang Yueze found her and brought her to a taxi. The driver was surprisingly the fifth son, Chen Xuyao.

“Master, let’s go to the city!” Jiang Yao got into the car and patted Chen Xuyao’s back.

Chen Xuyao burst into laughter. Then, he looked at Lu Xingzhi in the back seat and said with a smile, “Third brother, did you see that? Jiang Yao can still joke with me. So, don’t keep a straight face. Jiang Yao is fine.”

Liang Yueze put Jiang Yao’s luggage down and got into the passenger seat. He turned to look at Jiang Yao and asked, “How’s the situation?”

“It’s probably because time is too tight. YN’s people simply can’t find enough information. These people who were sent here at the last minute probably only read Rahl’s confession. They don’t even know much about what happened at that time.” Jiang Yao looked at Lu Xingzhi, who held her hand tightly as she spoke, then, she gave him a faint smile, then, he said to the people in front of him, “That’s why it’s so easy to deal with them. They even forgot to ask me how one person managed to escape from Raha’s 20-odd people when I rejected the idea of having you xingzhi accompany them.”

“It’s probably because Raha let you go after you successfully threatened them,” Chen Xuyao continued, “This incident was really thrilling but not dangerous. It was so scary!”

“Are you guys going back to Jin city to rest first or what?”Liang Yueze asked.

“We’re going to rest first. We’ll return to Nanjiang City at ten in the morning,”Lu Xingzhi replied.

Liang Yueze nodded and asked Chen Xuyao to drive the two of them to Jin city. Fortunately, there were people cleaning the house there.

Jiang Yao felt like she was living a dream. She had just gone to YN yesterday. At that time, she only wanted to buy a mine. She really didn’t expect that she would accidentally get a bargain, then, she was surrounded by people like Rahl.

She also did not expect that because of Rahl, she would be pursued by people from YN across the country.

Liang Yueze and Chen Xuyao only sent the two of them downstairs. Lu Xingzhi carried Jiang Yao’s luggage upstairs.

After entering the door, he first bent down to get Jiang Yao’s slippers. Then, he stood there for a few seconds. After Jiang Yao changed her shoes, he led her all the way to the room.

“I’ll go and boil some tea. You lie on the bed and rest for a while.”As he spoke, he turned around and went out of the bedroom to the kitchen.

Before Jiang Yao could call out to him to talk to him, he had already gone out. She stood there helplessly, guessing that Lu Xingzhi was not in a good mood, so she did not chase after him.

Lu Xingzhi went to boil the water, and she went to the bathroom to take a comfortable hot bath. When she came out of the Bath, Lu Xingzhi had not come in yet. She then went out of the door in confusion, and found the person who had said that he was going to boil tea in the study.

He stood in front of the window of the study with his back to her. The cold wind blew in through the wide open window, making even Jiang Yao, who was standing at the door, feel cold. However, he stood there in a thin sweater, completely unaware of it.

#### **Chapter 734: Don’t Apologize to Me**

He was smoking, and the wind sent the smell of smoke to every corner of the study. Jiang Yao didn’t know how long he had been smoking in this position. At this moment, his tall and big body stood in front of the window, looking somewhat desolate.

“Stop.”Jiang Yao walked over, hugged him from behind, and gently leaned her face against his back. “I’m fine, so don’t be unhappy.”

Ever since they separated after getting off the plane, she could feel that his mood was very heavy. Even when they were in the car and holding her hand, his brows were still furrowed and his face was still tense.

“I’m sorry.”Perhaps it was because he had smoked too much, so when he opened his mouth, his voice was extremely hoarse.

No one knew how much he wanted to shoot that person when he saw them touch her.

He watched her hide behind captain Chen with a pale face. He wanted to rush over and hug her to protect her.

Even though he knew that she might be faking it, he was still afraid that she would be afraid.

“This matter, it’s not your fault. It’s not my fault either. If this matter finds its way to us, we won’t be able to avoid it. We’ve picked up a great bargain. So, maybe the heavens can’t stand it anymore and will find something to do with us. However, this matter, it wasn’t a disaster, was it?”

Jiang Yao shook her head gently. “Don’t apologize to me. It’s not your fault.”

“Were you scared just now?” Lu Xingzhi threw away the cigarette butt in his hand, turned around, and hugged her. His chin was gently pressed on her head. She had just washed her hair, and her breath was filled with the familiar scent of shampoo and lemon, it was a scent that belonged to her.

“It was okay.” Jiang Yao avoided her emotions and talked about other things, “But, it was actually so good to see them being beaten up by me! Initially, they wanted to take away what they wanted from me, but Captain Chen protected them, and they couldn’t take me away. In the end, I asked them to punish this person, Rahl, and I asked them for an explanation. They must be very angry now.”

“Yes, I know. My Yaoyao is great!” Lu Xingzhi sounded like he was coaxing a child, and his voice was much gentler.

“Of course! Don’t you see whose wife I am?” Once he was praised.., Jiang Yao was a little proud. However, when the wind blew, she shrank into Lu Xingzhi’s arms. “It’s so cold. Hurry up and close the window! There’s still some time before daybreak. Let’s go back and rest for a while. Didn’t you say that we were going back to Nanjiang City at 10 o’clock?”

Only then did Lu Xingzhi quickly close the window. Then, he carried the person in his arms and walked steadily out of the study room back to the bedroom. He placed her on the bed and covered her with the blanket. Only then did he go to the bathroom to wash up.

In the wee hours of the morning, the two of them greeted the new dawn with extreme intimacy on the bed. They knew that he was in a bad mood, so Jiang Yao did not reject his pleasure. She even used her enthusiasm to welcome his love every time.

He had nowhere to vent his anger. It was better to find another way to vent it on her than to keep it in his heart alone.

He would let her accompany him into his darkness.

After the passionate embrace, the two of them crossed their necks and fell asleep, just like Mandarin ducks. Even when they fell asleep, they were still like this.

The two of them originally said that they would return to Nanjiang city at 10 o’clock, but because they had indulged too much, it was already 11:30 PM when they woke up.

Chen Xuyao and Liang Yueze’s cell phones were all smashed by Chen Xuyao and Liang Yueze. It wasn’t until 11:30 pm that Chen Xuyao directly rushed from the company to Jin city and knocked on the door loudly.

## Chapter 735: The Brilliant Display of Affection

The two people in the bedroom were woken up by the knocking on the door.

“Take your time. I’ll go open the door. It’s Lao Wu,” Lu Xingzhi whispered to Jiang Yao, who had woken up leisurely. Then, he lifted the quilt and put on his clothes unhurriedly. He turned around and kissed the person who was buried in the quilt, then, he closed the bedroom door and went out to open the door for Lao Wu.

“Yay! You really haven’t gone back yet!” The door opened without any warning. Chen Xuyao’s hand stopped in mid-air as he was about to knock on the door. When he met the cold-faced Lu Xingzhi, he let out a laugh. “Didn’t you say that you were going to return to Nanjiang City at 10 o’clock?”

“I overslept,” Lu Xingzhi answered calmly. Then, he let Lao Wu in. “Wait in the living room. Then, we’ll have dinner together. After dinner, send me and Jiang Yao to the airport.”

Chen Xuyao nodded. Then, he looked at Lu Xingzhi’s neck and smiled meaningfully, “I overslept. Come to think of it, third sister-in-law is pretty fierce. You Two, be careful. Don’t get excited and make a child. Third Sister-in-law is still in school.”

Just as he finished speaking, a pair of slippers came over and slapped on his forehead. Chen Xuyao was stunned. He adjusted his hair and faced Lu Xingzhi, who was standing at the door and looking at him coldly. He was angry but didn’t dare to say anything, it was as if he could see the words written on Lu Xingzhi’s face.

If you don’t shut up, then get lost.

Between the two choices of ‘get lost’ and ‘shut up’, Chen Xuyao rationally chose to shut up.

After waiting in the living room for about twenty minutes, the two people in the bedroom slowly came out. After leaving Jin city, the three of them went to the restaurant together. When they arrived, fourth brother and Liang Yueze had also arrived.

“Third brother and third sister-in-law, you two really made us wait so long.” Zhou weiqi looked at Lu Xingzhi holding Jiang Yao’s hand and walked in with a depressed expression.

When he first saw that the relationship between third brother and third sister-in-law was not very good, Zhou weiqi was worried. He was worried that his third brother’s love would not be accepted by third sister-in-law.

Now, when he saw that the relationship between third brother and third sister-in-law was as good as honey, he was also worried. He watched these two couples loving each other all day long, but he could not describe the bitterness in his heart.

Up until now, his little wife had yet to be married. He still wanted to watch his third brother and third sister-in-law loving each other all day long. Zhou weiqi even felt that one day, he would be provoked by his third brother and become a lunatic.

“Third brother, how did you marry third sister-in-law in the first place?” Zhou weiqi pushed Chen Xuyao away with his butt and sat down next to Lu Xingzhi with a smile. “Teach me a few moves. I’ve been chasing after Zhan Qiuhe recently, but I don’t seem to have made any progress.”

Lu Xingzhi obviously didn't want to answer Zhou Weiqi's question, but Jiang Yao tried her best to hold back her laughter. "He can't answer such a question. Your third brother has a high IQ, but a low eq. This is something that even his sister approves of."

"Then, third sister-in-law, you still married third brother?" Zhou weiqi pursed his lips.

"At that time, as long as I was a little sensible, I wouldn't have agreed to marry him. However, at the age of seventeen or eighteen, it was the time when my character was at its most stubborn and rebellious," Jiang Yao answered very frankly, "So, to put it bluntly, he was a blind cat that met a dead end and successfully married me. As for me, I was also a blind cat that met a dead mouse and married such a good husband."

"Third sister-in-law's display of affection was so brilliant that we were caught off guard." Chen Xuyao smiled. "Third sister-in-law publicly praised Third Brother's excellence as a husband in front of us brothers. I guess third brother must be in a good mood now."

### **Chapter 736: Quarreling**

"Eat your food." Lu Xingzhi, the good husband, was indeed in a good mood at the moment. His handsome eyebrows and dark eyes were tinged with a faint gentleness.

Seeing that Jiang Yao's smile was already somewhat embarrassed, Lu Xingzhi picked up a piece of braised pork and stuffed it into Chen Xuyao's mouth to shut his noisy mouth.

Zhou weiqi, on the other hand, sat at the side, silently wanting to cry but no tears came. So, he still did not learn anything, and his mouth was forcefully stuffed with dog food, right?

"Oh right, brother haoyu has been in Nanjiang city recently?" Luo Ruoran was drinking her soup while muttering about her recent time, and then she felt a little regretful, "I don't seem to have time to go to Nanjiang city to play with brother Haoyu recently. I wonder how long brother Haoyu will be back this time, and if he will come back to the capital to visit me."

"Second brother should be staying in Nanjiang city for a few more days. Looking at him, he isn't in a hurry to go back," Jiang Yao replied.

"Alright, Brother Haoyu is a workaholic anyway." Luo Ruoran shrugged and looked at Liang Yueze, then at Jiang Yao. She reached out and quietly pointed at Liang Yueze, whispering to Jiang Yao, "He's no different from this person."

"I got home at Eight o'clock Yesterday, and you were still out with the clients. The day before yesterday, I got home at six-thirty, and you were still working overtime at the company. Do you need me to continue moving forward?" Liang Yueze looked at Luo Ruoran indifferently, "It seems that you are very busy every day. You are so busy that you don't even have much time to go home. You actually think of taking time out to go to Nanjiang City, Ha."

Liang Yueze's words ended with a sneer. Even though there was still a sister-in-law between him and Jiang Yao, Luo Ruoran, she could still feel the pressure around Liang Yueze dropping rapidly.

"It's because I'm tired of working every day, that's why I want to go to Brother Haoyu's place to seek comfort." Luo Ruoran didn't know anything. She sighed helplessly and turned to Liang Yueze, "I say, when are you free? Why Don't you squeeze some time to take me out for a trip?"

"To Nanjiang City?" Liang Yueze refused without thinking, "No."

Luo Ruoran choked. "I think you're just annoying to take me out." After saying that, Luo Ruoran buried her head in her food and didn't say anything.

Jiang Yao looked at her with her head lowered. Her eyes turned red bit by bit, but she quickly suppressed it. After more than ten seconds, she looked up again and was back to her usual self. It was that prideful strong woman, Luo Ruoran again, it was as if the scene that Jiang Yao saw just now was just an illusion.

If Jiang Yao hadn't sat next to her, been very close to her, and happened to be looking at her the whole time, perhaps even Jiang Yao wouldn't have noticed the change in her mood in these dozen seconds.

Jiang Yao was a bit shocked, but she didn't show it. She had a feeling that this time, it had only been a short time since she came to the capital. There was something wrong between her eldest brother and sister-in-law.

The other people at the table didn't notice the commotion on Luo Ruoran's side. They were talking about how Jiang Yao bought two mines from Yn.

Jiang Yao was just thinking about what to say to Luo Ruoran when a commotion suddenly came from the seat next to her.

"I say, What's wrong with you, Mute! I just asked you a random question. Why did you throw red wine at me? With your qualities, you deserve to be mute and not know how to speak!"

The commotion behind them was very loud. Even the nearby seats could hear it, not to mention the table across from Jiang Yao.

### **Chapter 737: Nosing Into Other's Business**

Zhou weiqi quickly stood up to watch the show. When he saw the woman in front of him clearly, he turned to Lu Xingzhi, "Third brother! Third Sister-in-law! She's the female boss of the teahouse in the Deep Alley! She's the one who can't speak but has a beautiful smile! She seems to be the elder sister of our class called Chu Something!"

Upon hearing that it was the girl whom she had met once, Jiang Yao turned her attention over and asked fourth brother, "What's going on?"

"It seems that the two of them were introduced on a blind date by someone. That man asked the female boss some questions, which made the female boss so angry that she threw red wine at him. Only then did that man scold her." Fourth Brother began to organize the words that he heard from the people around him, then he said, "A beautiful girl will definitely not do anything wrong. The one who is at fault must be that ungentlemanly man."

An elderly granny beside him stood up and pulled the female boss out. She said angrily, "What a good girl!" "Miss, you are such a good child. Don't waste your life on such a man. Hurry up and go home. Don't sit with such a man and eat with him."

The old lady's seat was quite close to the table of the female boss in the Deep Alley. The old lady probably heard the movements of the female boss's table very clearly. Therefore, the anger on the old lady's face was particularly obvious.

The female boss in the Deep Alley pulled her hand out of the old lady's hand without leaving a trace. She gave a sign of thanks, took her bag, and turned around to leave. However, she didn't expect that the man would be so persistent and actually hold her back, she questioned, "What do you mean? You want to leave just like that? You're the only mute. If it wasn't for your good looks, do you think I would be willing to go on a blind date with you? With your temper of attacking at the slightest disagreement, it serves you right that you still can't get married!"

"This man's words are so unpleasant," Jiang Yao frowned and whispered to Lu Xingzhi.

Zhou weiqi saw this and jumped over the partition to the opposite table. He grabbed the chopsticks on the table and hit the man's hand that was grabbing the girl's wrist. The man let go of his hand in pain and scolded angrily, "Who are you? Do you want to be a hero and meddle in other people's Business?"

"Little Sister! I'm Chu Wei's classmate! Don't worry, I'll protect you and never let this grandson Touch You!" Zhou Weiqi's blood was boiling, he couldn't stand seeing this weak female boss being bullied. Moreover, this girl was his classmate's sister. Since he had met her, he would definitely help her.

Zhou Weiqi's sudden appearance not only scared the man, but also the female boss in the Deep Alley. However, she quickly recognized Zhou Weiqi as a guest who had come to her teahouse. When she heard the name of her family, the female boss heaved a sigh of relief, she gave Zhou weiqi a grateful smile.

Jiang Yao also walked out at the right time and stopped beside the female boss. "Do you remember me? I went to your teahouse. My friend and I are at this table. Come and sit with us for a while."

Zhou weiqi started to fight without any reason. With just a few punches, the man was beaten until he ran away without even settling the bill.

When Jiang Yao saw Zhou weiqi solve the problem so violently, she looked at the female boss worriedly and asked, "If he runs away like this, will he come and find trouble with you in the future?"

The female boss in the deep alley smiled lightly and shook her head. Then, she took a pen and paper from her bag and lowered her head to write. A few seconds later, she handed the notebook to Jiang Yao.

### **Chapter 738: Was That You?**

My name is Chu Sheng. Thank you and Your Friend for your help. Don't worry, that man won't come and find trouble with me. I'm deeply sorry for disturbing your meal.

The girl's handwriting couldn't be described as delicate and pretty. Instead, it gave off a feeling of grandeur.

Jiang Yao recalled that up until now, the girl had never shown any signs of panic or sadness. It could be imagined that this girl was quite daring.

"You're too kind." Jiang Yao returned the notebook to her.

Chu Sheng did not write anymore. Instead, he smiled at Jiang Yao, revealing her two sweet dimples. Then, he signaled her to leave.

Zhou weiqi jumped back after the fight and asked casually, "Do you want me to send you off?"

Chu Sheng shook his head and refused. Then, he turned around and prepared to leave.

However, no one expected that Chen Xuyao, who had been silent all this time, would suddenly reach out and grab Chu Sheng. He suddenly asked, "Is it you?"

It was just a short sentence. However, the people who heard it felt that Chen Xuyao had used all his strength to ask this question.

The veins on his hand that was grabbing Chu Sheng bulged. It could be seen how much strength he had used to pull Chu Sheng. His other hand was propped on the table. His entire body was still sitting in the same position. However, his eyes.., were filled with gloom.

This was the Chen Xuyao that Jiang Yao had never seen before, the other Chen Xuyao who seemed to have suddenly escaped from the sunlight and fallen into the Devil Path.

Chu Sheng was shocked. She snapped back to her senses and quickly shook off the man who had suddenly appeared out of nowhere and asked a question. Then, she looked at the people beside her with a puzzled look. She saw that they were the same as her and had a puzzled look on their faces, she then shook her head at the man who was sitting and said with her lips, "Sir, I don't know you." Then, she turned around and left.

After they left, Zhou weiqi patted Chen Xuyao's shoulder. "Old five, what happened to you? You gave that female boss a fright just now."

After a few seconds, Chen Xuyao finally reacted. He shook his head and said, "Nothing much. You guys eat. I remembered that I still have something to do at the company. I'll leave first."

Without giving everyone time to react, Chen Xuyao got up and left.

"Did Laowu eat something wrong? I almost thought he was possessed by a ghost." Zhou weiqi sat back in his chair and muttered.

Luo ruoran nodded and agreed, "I was also shocked."

Jiang Yao also had a deep feeling about this. When Chen Xuyao pulled the girl named Chu Sheng, his expression really made Jiang Yao feel very scared.

"Sit down and eat." Liang Yueze pulled Luo Ruoran back to the chair and filled a bowl of soup for her.

Luo Ruoran rolled her eyes. "Will you die if you don't yell at me for a day?" But she still sat back down obediently. She took the Soup Liang Yueze handed her and drank two mouthfuls before putting it back.

Liang Yueze acted as if he didn't hear her. He sat there and poured some fruit juice for Luo Ruoran with a natural expression. Obviously, this was the normal way for couples to get along. Both of them were used to it.

After dinner, Zhou weiqi sent Lu Xingzhi and Jiang Yao to the airport before returning to Jin city.

Because she slept until noon in the morning, Jiang Yao was in high spirits after boarding the plane. She sat in the first-class cabin and nestled in Lu Xingzhi's arms as if she had no bones. He seemed to be resting with his eyes closed. She wanted to speak, she did not know if it would disturb his rest, so before she spoke, she raised her hand and waved it in front of his eyes.

### **Chapter 739: No Fighting**

"What are you doing?" Even with his eyes closed, Lu Xingzhi could accurately grab the hand that was causing trouble in front of him. He opened his eyes and kissed her hand on the side of his lips. "You look energetic?"

"I slept for a long time in the morning." Jiang Yao nodded and smiled. "Do you have a pair of eyes on your eyelids? That's why you know what I'm doing without opening your eyes."

"I didn't fall asleep." Lu Xingzhi chuckled. "This is the most basic vigilance of a soldier."

Seeing that she was really in high spirits and did not have the state that she should have had after being tormented by him this morning, Lu Xingzhi thought that it seemed like he could let go of her in bed in the future.

"Do you feel that there's something wrong with big brother and sister-in-law when we came back this time? They seem to have quarreled?" Jiang Yao asked.

"They won't quarrel," Lu Xingzhi said with certainty. "Big Brother's temper isn't the kind of person who would quarrel with sister-in-law."

Lu Xingzhi was very sure about this. Liang Yueze and him weren't the kind of people who would quarrel with their wives. To be honest, one reason was that their personalities weren't the same, and two reason was that they couldn't win if they quarreled.

How could people like Lu Xingzhi and Liang Yueze, who usually didn't like to talk, quarrel?

Their personality had always been that if they could solve something with their hands, they shouldn't use their words. Because, if they did, it would take them at most five minutes to solve it. If they used their words, it might take them more than two hours to solve it.

Jiang Yao felt that it was true. Liang Yueze really didn't seem like the kind of person who would argue with a woman at the top of his voice.

"When we were eating just now, perhaps you didn't notice that when sister-in-law lowered her head to eat, her eyes were red and she seemed to be very uncomfortable. However, she hid it very quickly." Jiang Yao sighed, "Actually, sister-in-law's temper of enduring the pain and not letting anyone find out about it is the most difficult to resolve when she encounters a problem. If she doesn't let anyone find out, no one will know. If no one knows, no one will be able to persuade her. She will forever hide and suppress it. One day, she will explode."

Speaking up to this point, she pushed Lu Xingzhi. "When you go back, tell brother to pay more attention to sister-in-law's emotions."

"It can't be that serious?" Lu Xingzhi frowned at Jiang Yao's words. Jiang Yao didn't know, but Lu Xingzhi knew that Liang Yueze had been in love with Luo Ruoran for at least ten years.

Therefore, Lu Xingzhi felt that Liang Yueze had finally married Luo Ruoran, so there shouldn't be any problems with his relationship with Luo Ruoran.

"Anyway, remember to tell Big Brother. When I saw sister-in-law forcing herself to be by my side today, my heart ached just looking at her." Jiang Yao pushed Lu Xingzhi, who didn't seem to take her words to heart, "Big sister-in-law, who is usually a carefree girl, seems to be happy forever. She always smiles in front of others. People like her are the best at hiding their thoughts. If they hide it, they won't be discovered. Therefore, when others see her, they think that she will always be happy."

Lu Xingzhi was speechless after hearing Jiang Yao's words. It seemed that in his eyes, Luo Ruoran was really the kind of person who didn't seem to have any worries like Jiang Yao said. Therefore, when he heard Jiang Yao say that Luo Ruoran's eyes were red at the dinner table., Lu Xingzhi felt that Jiang Yao must have misunderstood. Perhaps it was just her eyelashes falling out of her eyes.

"Once I get off the plane, I'll talk to Big Brother." Only then did Lu Xingzhi put this matter in his heart. He could understand the feeling of carefully protecting a hard-won relationship, so he naturally didn't want big brother and sister-in-law's relationship to go wrong.

#### **Chapter 740: There are still times when you can't figure it out**

Lu Xingzhi patted Jiang Yao's head when he heard her grunt in his arms. "Don't be like sister-in-law. If there's anything I do that makes you unhappy, you have to tell me. Don't hide it in your heart."

"Don't you have sharp eyes? There are times when you don't know what I'm thinking." Jiang Yao looked up at Lu Xingzhi curiously. "Sometimes, I even suspect that you have telepathy with me."

This sentence made Lu Xingzhi very happy. He curled his lips and lightly pecked her lips. "There are still times when you can't figure it out."

After all, he was a human, not a god. He did not have the ability to read minds. Occasionally, there were times when he could not see through her. That was why he wanted to give her a shot in advance.

Jiang Yao was stunned for a few seconds by his sudden attack. Then, she covered her lips with her hand guiltily. Her eyes darted around the people around her. After making sure that no one was paying attention to her, she reached out and pinched his waist, "Be careful. Don't keep touching me outside! Why didn't I notice that you have such a hobby before?"

"You have to pay attention to your identity when you wear the military uniform. Now that I'm wearing my own clothes and taking off the military uniform, I'm just an ordinary man. It's not illegal for me to kiss my own wife." Lu Xingzhi's hand slid down her shoulder and landed on her slender waist, he placed it gently so that she could rest comfortably on his body. He did not intend to extend his hand to stop the hand on her waist, allowing her to be happy.

“Tell me, what happened to Laowu at noon?” Jiang Yao felt that it was a pity when she thought of the girl called Chu Sheng, “That girl is so beautiful. It’s a pity that she can’t speak. However, she also looks like someone from a scholarly family. However, she can’t speak. How could she not marry and end up on a blind date with that kind of man? “I don’t know what that man said to her that made her so angry.”

“The two of them sat down. The man asked Chu Sheng what her name was. The second question was to ask Chu Sheng what major she studied in university and why she didn’t go to work and chose to open a teahouse in a small alley. The third question was to ask Chu Sheng whether she rented the courtyard of the teahouse or if it was her own house. The fourth question was to ask whether Chu Sheng was born with the inability to speak or if there was an accident later on. The fifth question was to ask whether Chu Sheng, who was mute, would inherit it from her children.”

“As a blind date, the first and second questions are quite common.” Even ordinary friends would sometimes ask these questions, so Jiang Yao didn’t feel that the first two questions were wrong, but the latter questions..., began to show that man’s qualities.

Asking these questions aggressively to a girl who couldn’t speak, in fact, if he wanted to know whether the girl’s inability to speak was inherited or an accident, he could have gone to the introducer to understand..., it was really rude to ask such questions in front of the girl.

“There’s still the sixth question. That man asked Chu Sheng to open his mouth and make some sounds. He wanted to know if Chu Sheng could not make any sound, or if he could make some syllables but could not speak. Chu Sheng rejected him and asked the seventh question. That man said that if Chu Sheng could not make any sound, he might not like it because he liked women who could make noises. Then, Chu Sheng splashed red wine all over his face.”
