

Chapter 741: Occupational disease

Lu Xingzhi said, "The last question is the reason for Chu Sheng's rage. Also, Chu Sheng is not as weak as you think. When she broke free from Lao Wu's restraints, I can tell that she is a martial artist. If I remember correctly, Chu Wei once said that her sister graduated from the Police Academy and was an outstanding student. It was probably because she could not speak, so she did not go to work at the police station in the end."

Jiang Yao was stunned. She looked at Lu Xingzhi and thought that he was a god.

"How do you know so much?" Jiang Yao asked. "Don't tell me you've been paying attention to their table?"

"There are two girls on the table to our right. One has curly hair and the other has straight hair. They come from a good family because the jewelry they wear is not cheap. The first table to enter the restaurant is filled with three men. When we entered the restaurant, we could tell from the shape of one of their lips that they were talking about the size of a female movie star's breasts..."

Lu Xingzhi looked at Jiang Yao's surprised face and her slightly open mouth. She was very cute. Seeing that his eyes were filled with admiration, he smiled in a low voice, "Silly wife, this is an occupational disease. Out of instinct, when we enter an environment, we will first observe the surroundings. Moreover, Chu Sheng's position is quite close to us. If we pay a little attention, we can hear what they are talking about."

"As for what you said about fifth brother and Chu Sheng, I can't analyze this," Lu Xingzhi recalled, "However, I remember that when fourth brother said that Zhan Qiuhe was the most beautiful girl in the world when she smiled, fifth brother refuted him. Fifth Brother said that he had seen another girl who smiled more infectious than Zhan Qiuhe. As for who this girl was, none of us brothers know. Only fifth brother knows."

After a pause, Lu Xingzhi snorted. "Are they blind? The most beautiful girl in the world when she smiles is clearly you."

"I don't really want to fight for this title." This was probably the most beautiful words of love that Lu Xingzhi had ever said. Jiang Yao felt that it was rare for a person like Lu Xingzhi to actually have such a day when he could say such words of love, and he had to be so serious about it.

Hearing this, she was simply elated. After all, no woman didn't like to hear her husband praise her.

Seeing Jiang Yao's Happy Smile, Lu Xingzhi was also a little surprised. He was surprised that women were actually so easy to coax sometimes.

Thinking about it, since she was so happy now, she shouldn't be angry if he asked some questions, right?

Thinking of this, Lu Xingzhi tried to open his mouth to ask, "You just said at the dinner table that if it wasn't for axis, because of the rebellion, you wouldn't have agreed to marry me. Yaoyao, then tell me, what attitude did you have when you married me back then?"

"Didn't I say that?" Jiang Yao exclaimed. Why did she remember that she had said that to Lu Xingzhi?

"You didn't," Lu Xingzhi replied quickly.

Jiang Yao tilted her head and looked at the person on top of her head. She thought about it carefully, and after hearing his affirmative answer, she wasn't sure anymore.

Perhaps, he really didn't?

After she was reborn, Lu Xingzhi had always avoided talking to her about the things that happened during their first marriage. Later on, he probed a little bit, and the conversation between the two of them about the things that happened during that period of time gradually increased. Later on.., after she was honest with him, the two of them only became calm when they talked about the things that happened during their first marriage.

Chapter 742: Your Roommate Hates Me

"It was just like what I said at the dinner table. At that time, I was 17 or 18 years old and didn't know any better. My parents nagged at me every day, forcing me to say that it was for my own good and that you were a good partner. Then, I was forced to betray them. At that time, I married you to prove to them that in their eyes, they were good to me and suited me. In the end, what could they give me? At that time, I was very foolish. I wanted to use my marriage to prove my parents wrong. I wanted to see them regret my unhappiness."

"What about now?" Lu Xingzhi asked.

"Now I feel that my parents are right. You are very good. If I had missed you, I would never have been as happy as I am now." Jiang Yao's smile was like a peach blossom blooming in the spring breeze in March. "You are a good husband!"

Because he was still on the plane, Lu Xingzhi suppressed his laughter. However, it could be seen from the frequency of his chest trembling that his mood at the moment might be better than flying at the height of the plane.

Jiang Yao raised her head and saw the smile on his face. She scratched her head and slowly realized that she might have fallen for Lu Xingzhi's scheme.

It was very possible that she had said these words before, but Lu Xingzhi had firmly said no in order to hear a few words of praise from her.

"You really..." Jiang Yao rolled her eyes at Lu Xingzhi. "If you want me to say nice things to Coax You, just say it directly in the future. Don't bring all the conspiracies you learned in the Army to me all the time."

Even though he had been exposed, Lu Xingzhi still did not hide his smile.

It was good that he and Jiang Yao would always be like this. They were unscrupulous in each other's world. He tried his best to pamper her, and she would always let him pamper her. It was enough for her to pamper him once in a while.

The plane landed in Nanjiang city at the beginning of the night. Gu Haoyu came to pick him up.

As Lu Xingzhi's holiday was almost over, it was already night time, so Jiang Yao did not return to school. Instead, she went straight back to the hotel with Lu Xingzhi.

The two bodyguards that Lu Xingzhi had found for her had also arrived in Nanjiang City. They were two young men who were not very tall. Judging from their age, they seemed to be around the same age as Lu Xingzhi.

“This is Ah Lu. This is da ke. He used to be a mercenary.” Lu Xingzhi nodded at the two of them. “This is my wife, Jiang Yao. She will be your future master.”

“Hello, Madam!” Ah Lu and da ke greeted Jiang Yao.

“In the future, when I’m not around, change the way you address her. You can call her director Jiang. Boss is fine. It’s up to you.” Lu Xingzhi corrected the way they addressed each other and told them to go back to their own rooms.

Gu Haoyu stayed in their rooms for a while. After asking about YN, he told Lin Teicheng that they had already signed the contract. He wanted to leave, but they were already at the door. He suddenly turned around and asked Jiang Yao, “Does your roommate hate me?”

Jiang Yao was stunned by Gu Haoyu’s question. Thinking about how Zhou Xiaoxia and the others called her second brother in private, she shook her head. “No, they think you’re very handsome.”

Gu Haoyu nodded, thought for a while, and explained, “I’m talking about the one called Wen Xuehui.”

“Oh, her.” Jiang Yao remembered Wen Xuehui’s expression when she asked when Gu Haoyu would leave Nanjiang city, so she blinked at Gu Haoyu. “No, why did you suddenly ask that?”

Chapter 743: What did you do

“It’s nothing, I’m going back to my room.” Gu Haoyu pushed the glasses on his nose and replayed Jiang Yao’s blinking action in his mind. Therefore, he would be a retard if he believed her nonsense. That girl called Wen Xuehui really hated him. It seemed.., he didn’t feel wrong.

“Good night, second brother!” Jiang Yao waved her hand at Gu Haoyu’s back like a lucky cat. After Gu Haoyu left, she immediately took out her phone and called Wen Xuehui. When Wen Xuehui picked up the phone, she asked directly, “Did you do something to second brother?”

Wen Xuehui was stunned by Jiang Yao’s question. “How can you say that? What can I do to Gu Haoyu?”

“Is that so?” Jiang Yao was extremely suspicious. If Wen Xuehui hadn’t done something to Gu Haoyu without her knowing, Gu Haoyu wouldn’t have asked her if Wen Xuehui hated him.

Moreover, after Gu Haoyu understood her answer, he didn’t seem surprised at all. He even had a feeling that this was indeed the case.

“Did he tell on you?” Wen Xuehui’s tone immediately changed. “If he really did that, then I would really despise a man like him.”

“No, no, he just suddenly asked me if you really hate him.” Jiang Yao heard Wen Xuehui’s tone, so how could she not figure out what was going on?

She sat cross-legged on the sofa and looked at Lu Xingzhi, who was standing high above her, giving her a sideways glance. After he entered the room alone, she simply let herself go and lay down on the sofa, she comfortably crossed her legs on the back of the sofa and chatted on the phone with Wen Xuehui.

Wen Xuehui didn't resist Jiang Yao's questioning and told her about what happened last night.

"Last night, I took my dad's car out to look for a high school classmate. When I came back, I suddenly realized that someone was following me in a car. When I took a closer look, I didn't expect it to be Gu haoyu. At that time, I didn't know what he was doing, so I drove him around the North District for more than an hour. He actually followed me for more than an hour."

When Wen Xuehui said this, she laughed like a maniac. "After that, he knew that I had discovered him, so he increased the speed of his car to block me. He asked me, 'aren't we going back to school? Why are we going around in circles?'"

The roads in the North District of Nanjiang City were a little complicated. There were more villages and roads there, so people with poor sense of direction would easily take the wrong road, let alone someone like Gu Haoyu who was already a road idiot.

"At that time, I didn't know anything. I even said that he was too much of a person. I drove my car and rode my wind. It would be good enough if I didn't ask him why he was always following me." Wen Xuehui was laughing so hard that she couldn't even form a word, "I didn't expect him to tell me! He didn't know the way! He didn't know the way! He couldn't find the way back! "Because it was a little late and there weren't many people on the road, he couldn't find the person who asked for the way. He happened to see me and was sure that I was going back to school, so he decided to follow me to school first. After arriving at school, he remembered the way back to the hotel because he had driven that road a few times."

Wen Xuehui hugged her stomach and laughed so hard on the bed in the dormitory that she was almost out of breath, "Jiang Yao, think about that scene. He was almost thirty years old, but he followed me for more than an hour just because he didn't know the way! "He was lost, so he urgently needed me to be kind and guide him back to the city center! "Just thinking about that scene can make you laugh your head off."

Chapter 744: They were trustworthy

Jiang Yao was not surprised at all. Gu Haoyu had always been very honest when it came to the direction-obsessed.

"What happened after that?" Jiang Yao cared about the last.

"After that, I went home and didn't go back to the dormitory." Wen Xuehui's laughter continued, "He followed me to my house downstairs. He probably thought that I just went home to get some things and was going back to school. He waited downstairs for more than an hour until I turned off the lights and went to bed. He was still waiting downstairs. From time to time, he would look up at the window of my room. He was probably wondering why I was still not downstairs. In the end, he called manager Sun from the Leah restaurant to pick him up. Speaking of which, it's really strange. How did Gu Haoyu know manager Sun?"

“You’re really bad.” Jiang Yao expressed her admiration for Wen Xuehui. She would rather get up early and go to school the next day than go back to her dormitory just to torment Gu Haoyu.

One had to know that Wen Xuehui’s home and school were in two completely different directions.

“I originally thought that he could wait until the next morning to follow me to school. I didn’t expect that he would be picked up by someone. Wouldn’t it have worked out this way earlier? He even followed me, causing me to wake up before six o’clock today. I spent most of the day dozing off in class.”

Wen Xuehui grumbled in a low voice. Then, she very appropriately yawned, and her voice gradually became softer. “When are you coming back for class? I Can’t see you. Every time I see the bottom bunk is empty, I miss you. Your Silence is always better than yours.”

“I’ll be able to go back to school the day after tomorrow,” Jiang Yao replied. She talked to Wen Xuehui for a while before hanging up the phone. She sat up from the sofa and looked into the room. She did not hear any movement or see anyone, then, she wore her slippers and walked in.

Lu Xingzhi was also on the phone with someone. However, his voice was very low, as if he did not want her to hear him. When he heard her footsteps, he raised his eyes and looked in the direction of the door. Then, he continued to speak to the person on the phone in YN, “I’ll leave this matter to you. After Tomorrow, there might be no one picking up my phone. You and Ah Jun can make the decision on your own. That’s all for now. I’m hanging up.”

Jiang Yao walked over and placed her phone on the headboard. She asked casually, “Who are you talking to?”

“Karu.” Although he didn’t want Jiang Yao to know what he and Karu had said, since Jiang Yao had asked who he was talking to, Lu Xingzhi still chose to tell Jiang Yao honestly.

He didn’t want her to continue asking, so he first changed the topic and brought up the two bodyguards.

“Ah Lu and DA ke used to be members of the mercenary group. I went this time and spent five million to buy them out of the mercenary group. From now on, you will be their master. The employment contract is ten years and your salary will be paid separately.”

Lu Xingzhi patted the seat next to him for Jiang Yao to sit down. After she sat down next to him, he continued, “Both of them are very good at shooting. Without me around, you can let them guide you. I didn’t tell them about your skills, but there is one thing you can rest assured about. From now on, if you have anything, you can hand it over to them.”

Lu Xingzhi emphasized the word ‘anything’ in order to let Jiang Yao understand that these two bodyguards were trustworthy.

Mercenaries valued credibility the most. That was why Lu Xingzhi had to travel all the way overseas to find these two people.

Chapter 745: Salary of a Bodyguard

Lu Xingzhi knew about these two people by accident. Before they went abroad to join the mercenary group, they were also soldiers of the country. Later, because of some matters, they retired from the army. After that, they went abroad to join the mercenary group to seek a way to make a living.

“Can I ask how much the salary of these two people is?” Jiang Yao asked curiously. The value of a buyout from the mercenary group was five million. This price shocked her.

Jiang Yao had a feeling that she was living in the economic life ten years later. Even before she died, her life had never been more than a million.

Moreover, it was not the era of rapid economic development ten years later. At this time, Father Lu’s salary was only 130 yuan a month. Including bonuses and subsidies, it was less than 150 yuan a month.

On the other hand, Ah Lu and Dake’s net worth was five million yuan. If father Lu was just an ordinary teacher, he would not be able to earn this amount of money in his lifetime.

Putting Father Lu aside, just take Jiang Yao for example. Even if she were to work in a big hospital ten years later, even if she was not squatting in a small hill, she would not be able to earn five million yuan in her lifetime.

“They get an annual salary of five hundred thousand yuan per person a year.” Lu Xingzhi patted Jiang Yao’s head. “When your company is officially established, are you afraid that you won’t be able to pay their salary?”

“Five hundred thousand...” Jiang Yao was still so angry that she pinched Lu Xingzhi’s arm. “You Prodigal! You Prodigal! It seems that I have to use all my strength to order Lu he around in the future! Order him around to make up for the loss!”

“Mm, not bad. You’re starting to have the mentality of a capitalist.” Lu Xingzhi chuckled softly, successfully amused by her money-grubber look.

Jiang Yao was just saying. Looking at her attitude toward manager Sun, Lu Xingzhi was not worried that his wife would do something petty.

“I’ll be returning to the team the day after tomorrow morning. Second Brother will take care of the Zhu family’s follow-up matters. I’ll go look for director ye tomorrow.” As Lu Xingzhi was speaking, the hotel delivery man knocked on the door. He first went out to bring the dinner in, then, he urged Jiang Yao to eat at the table outside before continuing to say to Jiang Yao, “From now on, as the boss of a company, you have to have some pomp and circumstance. You still have to have what you should have.”

So, speaking of which, Lu Xingzhi still had a lot of things to do tomorrow.

Recently, whenever Lu Xingzhi was free, he would teach her many ways to deal with people. He spoke seriously, and Jiang Yao learned even more seriously.

Compared to Lu Xingzhi, Jiang Yao realized her own shortcomings. She really had too much to learn.

“As a boss, there are many things that you just need to instruct and let others do. The people in the opposite business, whether they are rivals or partners, even if you are younger than any of them, there is no age difference in the business world. You can respect them, but you don’t need to be humble and give in to them.”

“I understand that.” Jiang Yao chuckled. “I’ve known that ever since I took over the sacred flag hospital.”

Seeing this, Lu Xingzhi did not continue talking about this point. Instead, he talked about her skills. Last time, he was too pressed for time, so he did not have time to finish. Taking advantage of the time now, he wished that he could stuff everything in his heart into her brain.

“Yes, Lu he can be here. In front of outsiders, you can just maintain your image as a weak female boss. In the business world, you can be tough, but in other aspects, you can be a weak little woman.”

Chapter 746: He was a martial artist

“From now on, Ah Lu and Da Ke will be by your side when you leave the school gate. Their skills were personally assessed by me. They have been in the mercenary group for a few years, and their abilities are not inferior to mine. One of them can even defeat a platoon of troops. Therefore, under normal circumstances, it is enough for them to protect you.”

Therefore, her own skills, including the neurotoxins in her hands, were her trump cards under special circumstances. Lu Xingzhi had told her everything, and she could not expose her skills unless she had no other choice.

“Take Huang Cheng as an example.” Although Lu Xingzhi did not like that Huang Cheng was thinking about his sister, he recognized Huang Cheng’s way of concealing his personal strength, “If I didn’t tell you today, you silly wife wouldn’t have known that Huang Cheng was a martial artist!”

Jiang Yao shook her head. “He’s a martial artist?” She felt that a child like Huang Cheng should be a well-off and well-educated person.

“A few days ago, when he was helping to move supplies in Rong County, I could tell that his muscles were tight and his arms were very strong. His footsteps were still steady and powerful even when he was carrying such heavy objects. One look at him and I could tell that he had been training regularly. Judging from his muscle lines, it was not as simple as just fitness. He must have learned martial arts before. Later, I noticed that there was a cocoon between his thumb and forefinger. It was just that he paid special attention to his maintenance, so I couldn’t tell if I looked closely. Therefore, I guessed that Huang Chengjing’s marksmanship should be pretty good. At least, he has been training all year round.”

In the end, Lu Xingzhi snorted, “That day in Ruan Yongjun’s courtyard, I casually swindled him and asked him to help me introduce some soundproof decoration materials. He gave me a lot of professional advice. Do you believe that the Huang family also has a shooting practice room?”

Jiang Yao nodded her head vigorously. Lu Xingzhi observed a person very carefully. He had analyzed and tested Huang Cheng’s results, and she believed him a hundred times.

That was why she was shocked. If Lu Xingzhi had not told her that Huang Cheng was a martial artist, she probably would not have noticed him in her lifetime.

Jiang Yao told herself in her heart that she had to learn from Lu Xingzhi in the future. She had to learn to observe different people and analyze a person with her eyes.

That night, after dinner, the two of them went to bed very early. Probably because they had been tired for two days, the two of them lay in bed and hugged each other. Not long after, they fell into a deep sleep until the alarm clock woke them up the next morning.

Lu Xingzhi did not let Jiang Yao follow him. Instead, he went out alone with Gu Haoyu. Jiang Yao and manager Sun brought Lin Teicheng and the others to visit their future residences in Nanjiang City. Of course, they were also accompanied by Ah Lu and Da Ke.

The changkang group's construction site was still in the state of preparation. Therefore, Lin Teicheng and the others' residences were temporarily in urgent need of solution. In the past few days, manager Sun had also gone to many places and listened to the opinions of a few people, in the end, he found a few places for Lin Teicheng and the others to choose from.

When Jiang Yao met Ah Lu and Danke in the room yesterday, she had thought that their personalities were relatively quiet and silent. It was not until they were together with the five people who were not much older than them that Jiang Yao realized that.., ah Lu and Danke were still very talkative.

Chapter 747: Back

Almost every one of them answered Lin Teicheng's question seriously. They would tell everyone in the car about their daily lives as mercenaries, as well as some of the things they had seen and heard in foreign countries over the years, even Jiang Yao was fascinated.

The place manager Sun found was not far from where Jiang Yao and Lu Yuqing would live in the future. It was only a fifteen-minute walk, and they were two streets away from each other. After confirming where Lin Teicheng and the other two lived.., manager Sun simply brought Jiang Yao to the small foreign building. He pointed out the location to Jiang Yao and told her that the very warm-looking house would be their future home.

Lu Yuqing returned to the hotel in Nanjiang City in the afternoon. When she went to Rong County, she was the only one staying in the hotel. When she returned, the entire floor was almost filled with Jiang Yao's people, seeing Jiang Yao leading a group of people to look for her, she stood at the door of the room and was stunned for a few seconds. For a moment, she didn't come back to her senses.

"Sister, let me introduce you to Lin Teicheng. This is his wife, Hong Ke. Beside him is little an, little yuan, and then wild monkey."

As Jiang Yao said this, Qiong Hui jumped. "Director Jiang, why are you like this too! I'm Not Wild Monkey!"

"Yes, yes, you have parents. You're a domesticated monkey!" Jiang Yao quickly corrected herself, "Sister, I was wrong just now. It's not a wild monkey, but a domesticated monkey. I like to call him Qiong Hui. He graduated with a doctorate at the age of 22. My whole life, I've worshipped such people!" Beside Qiong Hui were the first-class bodyguards hired by Xing Zhi and Gao Xin. On the left was Ah Lu, and on the right was da ke. Other than being in charge of protecting our safety, we were bored. We could even get them to tell us stories to pass the time!"

Ah Lu and Da Ke, who were treated as storytellers, twitched their lips slightly. They did not know whether they should defend themselves or protest. After they had thought of an excuse, they looked up and saw Lu Xing Zhi and Gu Haoyu walking over, the two of them chose to shut up tacitly.

“Yaoyao.”The group of people were tall, short, fat, and thin. Lu Xing Zhi’s gaze landed on the woman who was smiling and talking to Lu Yuqing while hugging the woman who was slightly fatter than the one who had just arrived in Nanjiang City.

That was her wife.

“Sister, have you seen the one beside Xingzhi?”Jiang Yao heard the voice and looked at Lu Xingzhi. Only then did she remember that there was another gu haoyu that she had not introduced.

“I have seen every single one of Xingzhi’s brothers in the capital. This is the only one among the five of them who wears glasses. If I remember correctly, he is the second in rank. I think his name is Gu Haoyu.”There was another reason why Lu Yuqing remembered this Gu Haoyu clearly, at first, she and her mother thought that Gu Haoyu and Luo Ruoran were a couple. In the end, Lu Xingzhi said that Luo Ruoran was going to marry Liang Yueze on the National Day.

Lu Yuqing had even wondered if Liang Yueze had snatched the second brother’s sweetheart away? If that was really the case, how could these brothers be so close?

However, reality proved that she was overthinking things.

Gu Haoyu knew that Lu Yuqing had returned today. When he walked up to her, he followed Lu Xingzhi and greeted her as sister, “Sister Yuqing, Long Time No See.”

Lu Yuqing’s expression did not change as she agreed to address her as Sister Yuqing. In any case, Lu Xingzhi had four brothers with foreign surnames, so she had four brothers with foreign surnames.

Chapter 748: Something happened again

Jiang Yao Glanced at Lu Yuqing and then at Gu Haoyu. She also felt that she had overreacted just now. Lu Xingzhi’s elder sister, as Lu Xingzhi’s brothers were close to each other, it was only normal for her to call Lu Xingzhi elder sister. Otherwise., she couldn’t call Lu Xingzhi’s elder sister by both her name and surname, right?

“How are things going today?”Jiang Yao hugged the cat and slowly walked to the side of Lu Xingzhi. He would be returning to the team tomorrow, and she hadn’t seen him all day. Thinking about it, it was quite pitiful.

“It’s all done.”Lu Xingzhi reached out to pick up the cat in Jiang Yao’s arms and threw it into an’s arms. He said in a low voice, “Don’t hug it so easily. Be careful not to be spoiled by you. You need to be hugged everywhere you go.”

“Mimi would never do that. Mimi is very obedient!”An mustered up his courage to defend Mimi who could not speak. She looked at her boss’s man and thought to herself, young master Lu clearly did not like it when boss Jiang hugged other things, he would not be happy even if it was just a cat.

Most likely, her director Jiang could only carry him, young master Lu, in his arms. This way, young master Lu would be satisfied everywhere.

Because Lu Xingzhi was returning to the team the next day and Lu Yuqing happened to be back from Rong County, Jiang Yao’s original intention was to have a lively dinner with everyone. However, she did

not expect that before dinner, Lu Xingzhi received a phone call, he immediately broke all the arrangements.

When he picked up the phone, Lu Yuqing and Gu Haoyu were in the room. Seeing Lu Xingzhi turn around with a heavy expression and ask Jiang Yao to help him pack his things, Gu Haoyu asked with concern, "Did something happen to the army?"

"It should be said that something happened to the Chen family." Lu Xingzhi suddenly felt a headache. "Or it can be said that something happened to Chen Feibai."

"What happened to Chen Feibai?" Jiang Yao quickly packed Lu Xingzhi's limited luggage and walked out of the room when she heard Lu Xingzhi's words. Then, she asked, "Could it be that he went missing in some accident or something?"

Jiang Yao thought, Chen Feibai wouldn't be so unlucky, right? She had helped him escape a disaster. Could it be that he was so unlucky that something like this happened again?

"It's more serious than his disappearance," Lu Xingzhi took his luggage and explained, "Because of a major mistake, he caused a major forest fire and burned half of the mountain. He was also badly burned and sent to the nearest hospital for emergency treatment. The medical conditions of the local county-level hospitals were limited, and he was urgently transferred to a provincial-level hospital for treatment. So far, he is still in danger."

One major mistake, one major fire, and one was still in danger. Wasn't this chain of events worse than missing?

"Are you going back to the team or something?" Jiang Yao held Lu Xingzhi's hand and said, "If you're going to Chen Feibai's place, I can go with you. Maybe I can help."

Lu Yuqing was about to say what Jiang Yao could help with when Gu Haoyu spoke first, "Let Jiang Yao go with you. As for the Chen family, I'll try my best to help."

"I'm going to the hospital where Chen Feibai is now. If you're sure you want to go, then go and tidy up your clothes. Chen Feibai is currently at the provincial hospital in a province. We'll wait on the roof. The Chen family's helicopter will come and pick us up later."

Lu Xingzhi did not like Chen Feibai normally, but Chen Feibai was from the Jin City Army after all. He was also one of Lu Xingzhi's subordinates. Since such a big incident had happened, he naturally had to rush over to investigate the situation.

Chapter 749: A major mistake

Lu Xingzhi and Gu Haoyu both agreed to let Jiang Yao go with them. Although Lu Yuqing was puzzled, she didn't say much. She stuffed the fruit biscuits on the table into their hands and said, "Take advantage of the time to eat something to fill your stomach. I'm afraid that you might not have time to eat when you get there."

"Thank you, Sister." Jiang Yao put the biscuit into her bag, then took the apple to wash and dry it before handing it to Lu Xingzhi, asking him to eat some too.

Even though he was full of worries and didn't have much appetite right now, it was his biological sister and daughter-in-law's intention. Lu Xingzhi also took it and swallowed it like chewing wax.

The two of them went to the roof and waited for a while before a military helicopter stopped on the roof of the hotel. Only when they boarded the helicopter did Jiang Yao realize that it was not old master Chen who was already sitting inside, but Chen Feibai's parents.

After Lu Xingzhi went up, he first helped Jiang Yao sit down. Then, he greeted Chen Feibai's parents and asked, "Is old master already here?"

Chen Feibai's father, Chen Shanhe, nodded. "The old man and my elder brother and sister-in-law happened to be near Province A, so they rushed over. Xiao Ying and I rushed over from the capital."

The Xiao Ying that Chen Shanhe referred to was his wife, which was also Chen Feibai's mother. She was a woman who dressed meticulously and did not even have messy hair. However, her current expression was clearly flustered.

Nanjiang city was still some distance away from province A. Although the two provinces were in the south, there were still a few provinces between them.

The helicopter landed on an empty space in the Provincial Hospital of Province A. Lu Xingzhi first jumped out of the helicopter and pulled Chen Feibai's mother down. Then, he carried Jiang Yao in his arms and waited for Chen Shanhe to come down, the four of them hurriedly went downstairs with the people that old master Chen had arranged to wait here.

At this time, Chen Feibai was still in surgery. Everyone was waiting outside the operating theater. Old Master Chen, Chen Feitang's family of three, the chief, and a few soldiers that Jiang Yao had met before.., one of them was the person who had pulled her to stop the fight in a hurry the last time. He seemed to remember that his name was Jin Mingdong.

"Dad, how long has the surgery been? What did the Doctor Say?" Chen Shanhe asked. His voice was stiff. If he had not endured it, perhaps his voice would have trembled when he spoke.

A few days ago, when Chen Feibai was washed away by the flood and his whereabouts were unknown, everyone thought that he was doomed. Later, he was lucky. He only suffered minor injuries and was saved.

Chen Shanhe and his wife Rong Ying thought that it was probably Chen Feibai's life-and-death disaster. If he survived the disaster, he would definitely have good fortune. However, they did not expect that such a thing would happen again in just a few days.

Each and every one of them was scarier than the last. Each and every one of them was more serious than the last.

"It has been more than three hours and we are still not out of danger." Old Master Chen's tone was very heavy. He only had one grandson, and now, there was such a big problem.

"What is a big mistake?" Lu Xingzhi walked over and asked. His face was terrifyingly gloomy, and his tone was extremely heavy. "Who can tell me what happened?"

“A big forest fire was caused by improper use of fire.”The bureau chief saw that no one answered, so he continued, he replied, “At that time, the GPS showed that only Chen Feitang and Chen Feibai were in that area. After the accident, they sent people to put out the fire, only to find Chen Feibai lying there on the verge of death from the fire.”

Chapter 750: Whose fault was it?

The bureau chief sighed, “After the incident, it was discovered that there were traces of a fire over there. It was speculated that the fire was caused by the wind blowing on the sparks and burning the dry grass at the side. The autumn in province a was dry and there had not been any rain for more than a month. Every part of the mountain was filled with withered yellow grass. Once there were sparks, once it burned, it would burn in patches.”

“Since Chen Feitang and Chen Feibai are both in that area, why are you so sure that Chen Feibai did it? Is it because Chen Feibai was burned unconscious and Chen Feitang is fine?”Lu Xingzhi hit the important point directly, “Under normal circumstances, only the person who made this mistake would react immediately and have the time to escape from the fire. On the contrary, those who don’t know the reason would not have the time to escape, right?”

Lu Xingzhi’s retort shocked everyone. The bureau chief also had this kind of doubt in his heart. However, when he was about to investigate this matter, old master Chen said that this matter was Chen Feibai’s mistake. There was no need to continue investigating, due to old master Chen’s face, he could only give up. He only thought that Chen Feibai might have woken up midway, so he told him what happened.

“Company commander Lu is right.”Chen Shanhe immediately stood up. “Logically speaking, only the person who used fire would be the first to notice the fire and have the time to escape.”

“Enough! I’ve already said that it was Feibai who did it. What’s there to doubt? The mountain is covered in withered grass. With sparks flying everywhere, he wouldn’t even have the time to react before he was surrounded by a ball of fire!”Old Master Chen scolded Chen Shanhe in a low voice, then, he turned to Lu Xingzhi and the others and said, “All of you go back first. We don’t need you here for the time being.”

This meant that he wanted to drive them away.

“Then we’ll go first. If there’s anything, call the command center.”The chief glanced at the pale old man Chen, then gave Lu Xingzhi and the others a look before they left the hospital.

Because the chief still had urgent matters to attend to, he left in a hurry. Lu Xingzhi’s comrades, however, walked together with Lu Xingzhi and Jiang Yao.

“You guys go back first. I have something to discuss with company commander Lu.”Jin Mingdong, who had dragged Jiang Yao to mediate the fight, called out to his other comrades. Then, he gestured for Lu Xingzhi and Jiang Yao to go to the side to talk.

The three of them went to an empty corner. Jin Mingdong took something out of his pocket. Jiang Yao took a look and saw that it was a lighter. There was a number written on the lighter: 46.

“Chen Feibai’s code name is 46,”Jin Mingdong said, “I saw Chen Feibai take out this lighter from his bag before we set off. Before Chen Feibai set off, he reminded me that the climate here is dry and that we must not use fire in the mountains. “After Chen Feibai’s accident, I specially went back to the dormitory

and found his lighter. So, company commander Lu, there must be some inside information about this matter. "..."

Before the mission, Jin Mingdong lived in the same dormitory as Chen Feibai. Therefore, he knew better than anyone whether this matter was Chen Feibai's mistake.

"A person who will remind me that I can't use fire in the mountains and even put the lighter in the dormitory, what conditions does he have to use fire? How many people would knowingly commit such a crime?" Jin Mingdong handed the No. 46 lighter to Lu Xingzhi, "Chen Feibai is from your Jin City Army, and he is also a soldier under your company commander Lu. It is best for Your Army and you to settle his matter."
