

Chapter 743

However, the man in front of him treats his wife as gentle as the wind in spring, like the bath water that is not higher than forty degrees.

For a moment, when Xu Haili even forgot that she was in a life and death situation, she was only thinking that she and her husband Zhang Song had been married for seven or eight years, and her husband had never treated her like this.

The good man in front of him is really enviable.

Whoever marries such a man is really soaked in a honey pot.

Not only Xu Haili was stunned, but the crowd behind her were also stunned.

After witnessing the words and deeds of Arron and his daughter, they confirmed one thing, that is, Arron, the current head of the Nancheng Fu Group, he is really terrified.

There is no false transmission on the Internet.

At this time, Arron had arrived in front of Suzi, with one arm around Suzi: "What? Are you afraid to eat with so many people? The eldest princess of our family has always been calm and humiliated?"

Suzi smiled and nodded: "I can eat, let's go husband, let's go in for dinner."

"Hey, please..." Xu Haili, who was sitting on the ground, yelled beggingly. She expected Ai Ai to look in sharp contrast with just now.

Arron looked back at Xu Haili and then at Zhang Song: "Mr. Zhang, your wife?"

Zhang Song: "..."

This D*mn b!tch!

He is a dignified college student who originally had a great future. At his speed of promotion, he might be promoted to Kyoto one day!

It's all right now, it's all in the hands of this stinky lady! Zhang Song came to Xu Haili with a furious expression, and kicked Xu Haili's stomach fiercely: "You damned woman!"

"Aw..." Xu Haili almost passed out in pain.

"Mr. Zhang..." Christopher yelled behind him: "It must be wrong to beat people in this large court. Besides, this lady is also your wife. As a husband, how can you beat your wife like this? You have to learn from our Fourth Master Fu, you see, how much do we know how to care for Madam Fu?"

Zhang Song: "No...that, Assistant Yan..."

Christopher sneered: "Since it's your wife, let's come in for dinner together. Our meal was originally a light meal, so why are you so particular about it? You say yes?"

Zhang Song: "..."

He wants to escape!

You want to leave this troubled girl here alone, and then run away without a trace with her son!

However, he has no chance.

He had to obediently scoop up his wife, and then walked back into the private room again. At this time, Xu Haili was already limp like a prisoner rushing to the execution ground.

Coming to the private room, Arron, Suzi, and the only three of Shen's family sat down first. The others didn't dare to say anything, and they warmed up: "Everyone is casual. Very friendly person."

None of the people present were fools. They didn't offend Arron. At this moment, let's take a good meal with the family of three.

Only Xu Haili, she sat slumped at Suzi's feet, afraid to speak or cry. It was embarrassing to the point that there was a crack in the ground wishing to get in, like a pug.

At this time, someone suddenly broke in outside the private room.

After that, a very coercive voice broke through the door: "Who! Who dares to bully our family Lili, don't you want to live anymore!"

Chapter 744

As soon as the sound fell, two people broke into the room.

One man and one woman, dressed very expensive.

They are all in their fifties.

When Suzi saw the man and the woman, his face was immediately filled with anger and contempt.

That's right!

Those who broke in were Xu Haili's parents, Xu Yudong and Liao Fanzhi.

Xu Yudong has not retired yet, but his position is no longer as important as before. He is now engaged in logistics, but even so, his connections and influence in Xiaocheng are unmatched. Xu Yudong is not only in Xiaocheng.

He can cover the sky with one hand, even in the city, in the provincial capital, he can talk.

If not, how could Xu Yudong's daughter have had three or four fetuses at a young age and barely graduated from junior high school, but could get the best position? And being able to marry college graduates can have such a noble status?

Just kidding!

When he Xu Yudong is a vegetarian!

It can be said that no one dares to touch him Xu Yudong in this small town shit on foot!

But just half an hour ago, his daughter's classmate, the high school teacher, sent a picture to Xu Yudong. In the picture, his daughter Xu Haili was kneeling consciously.

The high school teacher used to look so proud and proud that he never bought Xu Haili's account, but he was used several times by Xu Haili's wrists, and he did not obediently become a dark prostitute for Xu Haili. Now this is a high school. Teacher, in private is the prostitution of many men's playthings, a dog beside her daughter.

Not even a dog.

This high school teacher is very loyal to her daughter, so Xu Yudong and his wife are convinced of the pictures she sent.

And the high school teacher also said to Xu Yudong: "Uncle Xu, Xu Haili's mobile phone was taken away. This is a group of barbarians from outside. You don't know Haili's background at all. You can save Haili soon. Otherwise, Haili might be taken to another place by this group of people..."

When Xu Yudong and his wife saw it, they became angry.

They didn't stop, and immediately ran over with their carts.

When I came to this hotel, I saw the high school teacher and a waiter in the hotel waiting for him. The waiter said graciously: "Uncle Xu, they are in that box. You can go in by yourself."

If the language was necessary, the waiter returned automatically.

Xu Yudong and Liao Fanzhi and his wife broke in.

The couple didn't take a close look at the faces of the people present because they felt sorry for their daughter.

They are also careless.

Because it was all familiar with a glance, Xu Yudong ignored it.

He just roared: "Are you all vegetarian? Just watched Haili being bullied?"

After this sentence, Xu Yudong saw his daughter kneeling, and he was a little familiar.

Where did this woman seem to have met?

"Don't be unharmed, Xu's father and Xu's mother." When Xu Yudong was searching in his mind, Suzi had already got up to say hello to Xu Yudong and Liao Fanzhi.

Her tone was very plain.

Xu Yudong patted his forehead and remembered it!

It's her!

Xu Yudong scolded angrily: "Suzi!"

Suzi nodded: "I am Suzi."

"You! Little b!tch! b!tch! I heard my daughter say that you dropped out of school at a young age, and started to be a b!tch when you were a teenager in the South. Can you still count the number of times you sold it for so many years? You made money? Do you think you are powerful? Little b!tch! I told me that in our small county, in our eyes, you will always be a b!tch! A b!tch! You actually bullied my daughter. Got it! You are tired of life and crooked you!"

Xu Yudong usually doesn't talk like that.

In the end, he is also a person with a face, but at this moment, seeing his daughter kneeling like a dog, he feels distressed, and angrily has long since died of reason.

It is so easy for a person who has lost his mind to make mistakes.
