

Chapter 751: Ended

After saying that, Jin Mingdong patted Lu Xingzhi on the shoulder, smiled at Jiang Yao, and left.

“From what he said, it means that Chen Feibai wasn’t the one who made the big mistake and caused the big fire, right?” Jiang Yao heard the meaning in Jin Mingdong’s words. “But why does old master Chen insist that Chen Feibai did it?”

“During the first round of assessment, the army gave everyone a backpack. Every item in the backpack had their own code name. I’m 40, and Chen Feibai is number 46. At that time, they said that this backpack was the only item given to us by the entire assessment army. They also allowed us to bring all the things we brought with us. Other than the communication items, as long as we brought it with us, we could take it with us to participate in each round of assessment.”

Lu Xingzhi held the lighter in his hand and gently turned it in his palm, “The chief just said that the location of the incident showed that only Chen Feitang and Chen Feibai were in that area. If it wasn’t Chen Feibai who was roasting the fire in the mountain, then it must have been Chen Feitang.”

“That doesn’t seem right!” Jiang Yao shook her head, “It doesn’t make sense. Didn’t they say that old master Chen valued sons over daughters? If Chen Feitang was the one who was roasting the fire, why would old master Chen protect Chen Feitang and let Chen Feibai, the grandson, take the blame for Chen Feitang instead?”

“Wife, you ignored the chief’s words. When you found Chen Feibai, he was already on the verge of death from the fire. He had already undergone surgery for more than three hours and was still in critical condition. You are a medical student. Tell me, what kind of sequelae will be left after severe burns?”

Lu Xingzhi’s voice was very soft, very soft, but there was a hint of coldness in it. He did not really want to ask Jiang Yao, but more like he was talking to himself.

“I once had a comrade who was accidentally burned while participating in an explosion drill. Later, he retired from the army. Because of the large-scale burns, there were many, many scars on his body. Even after undergoing skin grafts and hard work in rehabilitation training, his right hand was still unable to be completely lifted up.”

Jiang Yao was a doctor. Of course, she knew the consequences of severe burns, the unimaginable rehabilitation training, the painful skin grafting surgery, and the sequelae.

“Regardless of whether Chen Feibai can survive or not, his military career is over.” Jiang Yao understood, “Because Chen Feibai has no future to speak of, no matter what the truth is, no matter who did this, in the end, it has to be him. “Because, he has no future to speak of. But, Chen Feitang’s future is still bright.”

“Yes.” Lu Xingzhi nodded. “Old Master Chen only has these two grandchild’s children. Chen Feibai is destroyed, leaving only Chen Feitang as a granddaughter. In the future, the Chen family can only rely on Chen Feitang.”

Therefore, old master Chen just chased these outsiders away. He probably wanted to leave Chen Feibai’s parents to discuss the truth. He wanted to persuade Chen Feibai’s parents to agree to let Chen Feibai take the blame for the sake of the Chen family and Chen Feitang’s future.

“How Innocent is Chen Feibai? As a victim, he is suffering from physical pain and suffering from the tragedy of losing his future. Why should he suffer a grievance that he shouldn’t suffer? This is not fair to him.”

Chapter 752: Exactly how similar was it?

To ask Jiang Yao if she hated Chen Feibai in the past, to be honest, Jiang Yao really hated him. She hated the way Chen Feibai looked at Lu Xingzhi and how he was always at loggerheads with him, she also hated the way Chen Feibai always looked down on others.

However, the incident in Rong County had changed her view of Chen Feibai.

Chen Feibai was a hero. He was a qualified soldier. Even Lu Xingzhi praised him. Why would such a person take the blame for a woman like Chen Feitang?

However, she and Lu Xingzhi were outsiders. They could not interfere with old master Chen’s decision.

“Chen Feibai’s parents might not agree.” Lu Xingzhi patted Jiang Yao’s head. “We’ll see what happens after that. Let’s go arrange a place to stay first.”

Chen Feibai was the only son of Chen Shanhe and Rong Ying. As parents, they should not be able to endure the physical torture of their son and still have to take the blame for the culprit.

The truth of this matter had indeed surprised Lu Xingzhi.

At first, when he heard that Chen Feibai had made a major mistake and caused a major fire, he was not actually shocked. With Chen Feibai’s personality, he had always felt that he would one day make something big.

However, in reality, the person who created something big was actually Chen Feitang.

Lu Xingzhi held Jiang Yao’s hand and walked out from an empty corner. After walking for less than two minutes, Jiang Yao was bumped into by a nurse who was walking in a hurry.

“Ah, I’m sorry! I’m Sorry!” The young nurse apologized repeatedly, she raised her head and looked at the girl who had been bumped by her. She was instantly stunned. “Miss Sun, you can’t run around if you’re not feeling well! Why did you run out of the ward again? If anything were to happen to you, it would be hard for US medical staff to answer to you!”

After saying that, the young nurse reached out to pull Jiang Yao back as she said, “Hurry up and follow me back to the ward. Otherwise, when your mother comes and sees that you’ve left the ward, she will scold us nurses for not looking after you properly.”

Jiang Yao was stunned and did not react for a moment. She was really taken two steps by the nurse until her other hand was pulled by Lu Xingzhi. Only then did she come back to her senses.

“Nurse, you’ve mistaken me for someone else. I’m not the Miss Sun that you’re talking about.” Jiang Yao quickly pulled her hand back.

The young nurse heard the voice and realized that something was wrong. She then turned to look carefully at the person she was pulling and scratched her head. "It seems that I've really mistaken you for someone else. Your complexion is much better than hers. You're also taller than her."

The nurse quickly apologized, "I'm sorry, I mistook you for someone else. But you two really look alike at first glance! Are You Miss Sun's sister?"

"I don't know what Miss Sun You're talking about. I'm here to visit the patient," Jiang Yao explained indifferently and then left with Lu Xingzhi.

After leaving the hospital, Lu Xingzhi made a phone call and then took Jiang Yao to a taxi.

In the taxi, Jiang Yao gently touched Lu Xingzhi's arm, "Cheng Jinyan, Huang Chengjing's friend, asked me if I knew Sun Xiaoshan. Now, that nurse recognized me as Miss Sun. Do you think that Sun Xiaoshan that Cheng Jinyan mentioned is the Miss Sun that the nurse mentioned? "I'm very curious now. How similar am I to that Sun Xiaoshan or that Miss Sun?"

"If they are really alike, don't tell me you want to recognize a sister or sister?" Lu Xingzhi carelessly threw a sentence to her.

Chapter 753: No obligations

Jiang Yao blinked and shook her head. "I don't want to!"

"Isn't that enough? What's there to be curious about? No matter how similar they are, it's not you. Isn't there a person in our town who looks very similar to a martial arts star? The world is so big, is there anything strange?" Lu Xingzhi thought, it was most likely that the nurse was blind, which was why she mistook him for someone else.

His wife was the only one in the world. Even if there was someone who looked like her, it was impossible for them not to know the two of them. Jiang Yao was the only one in the world.

Lu Xingzhi brought Jiang Yao to the best hotel in Province A. after checking in, he immediately called Father Liang in the capital to inform him of the situation here.

Father Liang was still working in his office at night. After hearing Lu Xingzhi's words, he was silent for a long time before sighing. "If the old master doesn't resolve this properly, the Chen family might be divided because of this matter."

When Old Master Chen and Old Master Liang were young, they were comrades-in-arms, so the relationship between the two families was decades old. Because of the relationship between the older generation, Father Liang and Chen Shanhe had played together since they were young. They were very familiar with the temperaments of the Chen Brothers, father Liang understood them.

"Old Master was concerned about the future of the Chen family, but he neglected Chen Feibai and the feelings of his parents. Let's not talk about Chen Shanhe and Rong Ying as parents. Take Chen Feibai himself as an example. As long as Chen Feibai is alive, he will not be able to bear the blame. If Chen Feibai is not saved and dies, then Chen Shanhe and Rong Ying will not let their son die in vain and have to bear the blame for the real murderer of their son."

Father Liang said, "Keep an eye on that side for now. I'll give the old man a call and ask him to advise me."

Lu Xingzhi acknowledged and put away the phone. Seeing that Jiang Yao was looking at him, he walked over to Jiang Yao and asked, "Are you tired?"

Jiang Yao shook her head. "Will Chen Feibai's matter affect you? After all, in name, Chen Feibai is a soldier in your company, and you are Chen Feibai's company commander."

"I'm his company commander, not his father." Lu Xingzhi snorted. "I haven't been able to control him in the past. The Army can't blame me for his matters."

Chen Feibai had joined the army. He had taught him everything he needed to. Putting aside the fact that Chen Feibai was a victim of the fire, even if Chen Feibai really was the person who had committed a major mistake, what did it have to do with him?

He was Chen Feibai's company commander. However, Chen Feibai had his back to the entire Chen family. Everyone in the army knew that Chen Feibai had been a little troublemaker ever since he joined the army.

Jiang Yao leaned on Lu Xingzhi and sighed indiscernibly. "I thought that I had changed Chen Feibai's death and that his life would change in the future. I didn't expect that there would be such an unsolvable disaster waiting for him."

"It's not your fault." Lu Xingzhi was afraid that Jiang Yao would think too much, so he comforted her.

Jiang Yao looked up at him and pouted. "It's not my fault. I can save him once, but I can't save him for the rest of my life. Besides, I'm not a bodhisattva. Don't tell me I have the obligation to save all living things?"

Lu Xingzhi was speechless after hearing Jiang Yao's retort. He was afraid that she would think too much. So, it was unnecessary.

However, this was also good. Jiang Yao was right. She was not a bodhisattva, so she had no obligation to save everyone.

Because they had rushed to province A without eating, Jiang Yao and Lu Xingzhi arrived at the hotel at this time. Their stomachs were in a mess. When they heard Jiang Yao say that she was hungry, Lu Xingzhi called the room service and asked the service to deliver a light supper.

Chapter 754: Pampering You isn't enough

Province A was Jiang Yao's first visit in two lifetimes. Province A had a military district, so it was obvious that province A's economy was developing well. As the capital city of the province, compared to Nanjiang City, it was also bustling.

Jiang Yao drank porridge with a spoon in one hand and supported her head with the other. She watched as Lu Xingzhi finished peeling the eggshell of the tea-leaf egg and placed the pockmarked egg into her bowl. She clicked her tongue to express her dislike.

“Whether it’s beautiful or ugly, it doesn’t affect its taste.” Lu Xingzhi took out a piece of paper to wipe his hands clean and picked up the chopsticks to add a side dish to her bowl. “Don’t just eat the porridge, eat something else.”

Jiang Yao scooped the egg out of the porridge with the spoon and lowered her head to take a bite. Seeing that he didn’t even take a bite, she felt a little helpless. As long as it was two people eating alone., Lu Xingzhi would always take care of her like a three-year-old child.

“Lu Xingzhi,” Jiang Yao called out to the person in front of her very seriously. “Your wife is nineteen this year, not three.”

“So What?” Lu Xingzhi did not mind. “Usually, we spend a lot of time apart and a short amount of time together. When we are not together, even if I want to take care of you, I can’t.”

Jiang Yao held the spoon in her mouth and looked carefully at Lu Xingzhi from head to toe. Suddenly, she smiled and said, “Yeah, I feel a sense of resentment from young master Lu.”

Lu Xingzhi couldn’t help but smile when Jiang Yao teased him.

“Distance creates beauty. Maybe it’s because we keep a distance, so I’m beautiful everywhere you look at me now. “If we get together every day, you might get bored of looking at me everywhere,” Jiang Yao said matter-of-factly. “I’m quite worried that I’ll follow you in the Army after I graduate. What if I Turn Old and you don’t like me anymore?”

Lu Xingzhi didn’t know where to start to refute her. It wasn’t because he thought what she said made sense, but because he had a few words in his heart to refute every word she said, so he didn’t know where to start.

“It’s not because I like you because you’re beautiful.” Lu Xingzhi thought for a moment and snorted. “You can try. If you’re with me every day, do I find you annoying?”

Jiang Yao touched her face. She felt that Lu Xingzhi’s words were not very reliable. She always felt that all love at first sight was based on appearance.

Love at first sight? Wasn’t it based on appearance?

However, seeing how serious Lu Xingzhi’s retort was, she responded with an “OH” and lowered her head to eat.

“You don’t believe me?” Jiang Yao could tell from her “Oh” that she didn’t believe him at all.

Lu Xingzhi felt that she had to believe his words. Therefore, he put on a very serious expression and looked at Jiang Yao, he explained again, “A person’s life is very short. Even if we live together, other than the time we sleep at night, other than the time I work and train during the day, and other than the time I go out on missions, the time we can spend together in a year is very short. Even if we live to be a hundred years old, how long would it add up to? “This little amount of time is not enough for me to spoil you. How can it be enough to annoy you?”

Jiang Yao felt that Lu Xingzhi had become more and more eloquent recently.

Earlier, Lu Yuqing had said that he had low EQ, and father and mother Lu had said that he was emotionally retarded. But now, these words that stirred up her heart, didn't he just say them out loud?

Chapter 755: His girl

"Your lips are smeared with honey." Jiang Yao smiled coquettishly, but she was really very happy in her heart.

This kind of mood was like being thrown into a paradise of happiness bubbles.

Just like when she was young, her family was very poor. One day, she casually muttered as if she was eating milk candies. Then, the next day, when she came home from school, she found out that her father had specially gone to the town to buy half a catty of milk candies for her. When her eldest brother came back, he also brought two for her, when her second brother came back, he also secretly stuffed a small handful of milk candies into her pocket.

The food that she had wanted to eat yesterday was stuffed into her pocket today. It was a sense of happiness that she was held up by the whole world, a sense of satisfaction that she was doted on by everyone.

Seeing that her smiling eyes seemed to be able to bloom a flower, Lu Xingzhi was finally satisfied. It was good that his little wife believed him.

He stretched out his long arm and ruffled her hair. He said in a low voice, "You can tie your hair now. I like the way you tie your high ponytail, and I like the way you tie your two braids."

Back then, when he said, "I like the way you grow your hair," she did as he wished and helped him grow his long hair back. Until now, she seemed to have gradually returned to the way she looked when he first met her.

Not only did she look like him, but the smile on her face was also the same — the same joy, the same happiness.

Zhou weiqi said that Zhan Qiuhe was the most beautiful girl in the world when she smiled. Chen Xuyao said that Zhan Qiuhe was not, and Zhan Qiuhe was at most second.

Lu Xingzhi deeply agreed. The most beautiful girl in the world when she smiled was clearly his Jiang Yao.

When he first saw her, her smile was like a net that encircled him.

He still remembered the first time he saw Jiang Yao. At that time, he knew that this girl must have been pampered by her family. Therefore, her smile was as dazzling as the sun in the sky. Her smile.., had a magical power that made everything in the world pale in comparison.

Her smile would make him have an impulse to protect her. At that time, he thought that this girl was suitable to smile so happily for the rest of her life. It was as if she was born to be pampered.

Around eleven o'clock, Lu Xingzhi called Chen Shanhe to ask about Chen Feibai's condition. After learning that Chen Feibai had already left the operating theater and entered the observation period, Lu Xingzhi comforted Chen Shanhe over the phone.

After breakfast the next day, Jiang Yao and Lu Xingzhi went to the hospital again. They thought that Chen Feibai would not wake up so soon even if he was resuscitated since his injuries were so serious. However, when the two of them arrived at Chen Feibai's ward., Chen Feibai was awake. Moreover, he was being sedated by the doctor.

"What happened?" As a doctor, Jiang Yao's first reaction was to run over to ask about the situation. Perhaps her voice was too fierce, the nurse beside her subconsciously opened her mouth to reply, "I don't know what kind of emotional disorder the patient had when he woke up."

After the nurse finished answering, she realized that she actually didn't need to explain to Jiang Yao. However, since she had already said it, she couldn't take it back. She could only stand by the side and wait for the doctor to finish administering the tranquilizer to the patient.

"In this situation, administering the tranquilizer to him will only bring harm to his injuries, but it won't do any good!" Jiang Yao frowned. "He is still in a critical observation period, and his life is still in danger. Have you thought about the consequences of recklessly administering the tranquilizer to him?"

Chapter 756: Take the blame

The Doctor was furious when he was questioned by Jiang Yao. He thought that Jiang Yao was also the patient's family member, so he straightened his back and said directly, "Didn't I ask you to be his family member? In the two minutes when the patient slowly woke up, what did you say to him that made him so agitated? Looking at his posture, if he had been able to get off the ground just now, he would have jumped down from the window just now! You family members don't take the patient's life seriously. If something happens, you will only blame us doctors! Did we doctors let you stimulate the patient's emotions? Did you also know that the patient is still in critical condition? Since you all know, what did you do just now? Did you not sedate him and let him strip off his equipment and continue to struggle under the bed in anger? "Are we going to let him clench his fists and hit himself?"

After scolding him, the doctor immediately chased everyone out of the ward. "During the period when the patient is still in critical condition, family members are not allowed to visit the patient in this ward!"

This was because he was afraid that the patient's family members would aggravate the patient's condition.

After being scolded by the doctor in such a direct manner, Chen Feitang's parents' expressions did not look too good. Chen Shanhe's face was even darker as he clenched his fists tightly. Meanwhile, Chen Feibai's mother, Rong Ying, had not been seen for just one night, however, she looked haggard as if she had become another person.

"All of you, get lost! All of you, get lost!" Rong Ying suddenly shouted. Then, she covered her face and squatted at the corner of the wall, crying.

This time, she was not going to Jiang Yao and Lu Xingzhi. Instead, she was going to Chen Feitang's family of three.

"Little brother, we..." Chen Feitang's father, Chen Shanjin, was full of guilt. He stood there. He did not know whether to leave or not.

“Big Brother, you can leave. I don’t want to see anyone in your family right now.” Chen Shanhe turned around, bent down, and hugged his wife. He wanted to comfort her, but he realized that he could not say a word of comfort after opening his mouth.

When Chen Feitang saw this, he had no choice but to pull her parents away and leave for the time being.

Once the family of three left, only Jiang Yao and her husband, Chen Shanhe, and his wife were left in the corridor. The sound of Chen Feibai’s mother breaking down became the only sound in the entire corridor for a moment.

Even as an outsider of the Chen family, Jiang Yao felt a twinge of sadness in her heart as she listened to her mother’s crying.

“Uncle, how is Chen Feibai’s condition?” Lu Xingzhi went up to help the two of them up. Seeing this, Jiang Yao hurriedly ran up to help and helped Chen Feibai’s mother to a chair.

“He hasn’t passed the critical period yet. The Doctor said that the burns are too severe. Even if he passes the critical period and performs all kinds of treatments later on, he will still be disabled.” When Chen Shanhe said this, a grown man choked up, “Just now in the ward, my eldest brother told me that Feibai, the child, had made a mistake in Chen Feitang’s place. Feibai, who woke up at some point, heard it, so he lost control of his emotions.”

Chen Feibai’s mother burst into tears again. “Even though he couldn’t speak, I could see that he wasn’t willing! He wouldn’t be willing even if he died! He was using his death to tell us that he wasn’t willing to take on this mistake for Chen Feitang!”

“Yes, he is a child of the Chen family. For the past twenty years, he has enjoyed the wealth and honor brought to him by the Chen family. He wants to make a contribution to the Chen family. This is what he should do. But, why? Why should he make such a huge sacrifice? He is a victim. Why should he suffer the consequences of his own actions? Why?”

Chapter 757: Stepping on him to rise to power

“My son is lying in there in pain, wanting to die. Why is Chen Feitang, the main culprit, doing nothing? Why is Chen Feitang stepping on all of my son’s Pain to rise to power? “From now on, my son will be a cripple who has suffered the consequences of his own actions, while she, Chen Feitang, will be able to rise step by step and become a descendant who brings honor to the Chen Family?”

Chen Feitang’s mother’s voice was full of complaints, each sentence striking the hearts of those listening.

Jiang Yao had a vague feeling that after she and Lu Xingzhi left last night, old master Chen had even put pressure on the couple after he told them the truth, forcing them to accept old master Chen’s decision.

The doctor gave Chen Feitang the result that he would become disabled. Jiang Yao was not surprised at all when she saw Chen Feitang’s condition just now. Chen Feitang was lying on the bed, and his entire body was almost bandaged into a mummy. With Chen Feitang’s degree of Burns., he would indeed be severely disabled.

The major joints would contract because of the scar, which would affect the function of the joints. As a result, there would be different degrees of impairment. Even if Chen Feibai could withstand all the pain of later recovery in the future, it would be impossible for him to recover back to his original state.

How could a young man who used to be arrogant and insufferably arrogant bear the result of becoming a cripple?

How could such a proud and aloof person be willing to take the blame for Chen Feitang that did not belong to him in the first place?

All of this was indeed unfair to Chen Feibai.

The hospital was worried that the family members would agitate the patient again, so the hospital banned family visits. Lu Xingzhi brought Chen Feibai's parents to the hotel to rest for the time being.

The Time Jiang Yao went in in the morning was too short, so she did not have time to react and have the medical system scan Chen Feibai's condition. Over here, the hospital had issued a ban, she could not find the time to visit Chen Feibai again to scan his condition and apply the right medicine to the system. Therefore, she could only wait at the hotel with Lu Xingzhi.

After Lu Xingzhi returned, he had to return to the temporary command center in the small county to report. After settling Chen Feibai's parents down, he called Ah Lu and Da Ke and asked them to come to Province A to protect Jiang Yao, then, he hurriedly told Jiang Yao a few words and asked her to help take care of Chen Feibai's parents. Only then did he rush back to the command center to report back to the team.

That night, Ah Lu and da ke arrived. Once the two of them arrived, they guarded Jiang Yao's hotel entrance like door gods for 24 hours a day. In the end, Jiang Yao couldn't stand it anymore and asked the two of them to take turns guarding, otherwise, if they continued to stand guard for a few days, she might have to send the two of them to the hospital for first aid.

According to Jiang Yao, the security in this hotel was pretty good. The two of them didn't need to stand guard at the entrance and stayed in the room. They could just wait for her to go out and call the two of them. However, Ah Lu and Da Ke didn't agree.

When Jiang Yao accompanied Chen Feibai's parents to the hospital, it was already three days later. Unlike most burn patients who would be unconscious for a long time, Chen Feibai woke up especially early.

However, for a burn patient, waking up early was not a good thing. If he woke up early, he would have to endure more physical torture and pain.

When Jiang Yao and Chen Feibai's parents arrived at the hospital ward, Old Master Chen happened to come out of the ward alone. After not seeing him for a few days, old master Chen did not look too good. He looked tired and sad.

Chapter 758: Jiang Yao, I hate you

The grandson that he loved the most and cherished the most. Looking at him lying on the hospital bed, as his grandfather, how could he not feel sorry for him?

What made him even more miserable was that because of his decision, Chen Feibai looked at him with hatred in his eyes.

His words had stopped Chen Feibai from making a fuss, but it made Chen Feibai hate him. He hated his grandfather, and perhaps, he hated this world as well.

"I've told him myself. He's still awake now. You guys should go in and see him." Old Master Chen's voice was filled with fatigue. "This matter ends here."

After he finished speaking, Old Master Chen realized that Jiang Yao had been standing behind him. He paused for a moment before speaking again. "Good wife, Old Liang said that your medical skills are very good. Feibai, he..."

"Old Master, I can only say that I will do my best." Jiang Yao did not wait for Old Master Chen to finish speaking before she spoke.

It was not because of anything else. It was because Chen Feibai was once a hero who fought against the flood. It was because of the look in Chen Feibai's eyes when he was lying in the flood that morning. He was clearly very desperate, but he was unwilling to give up fighting.

In this world, no one had ever been able to shock Jiang Yao with their eyes. Chen Feibai was the only one.

"Okay." Old Master Chen nodded. The words of thanks turned into a sigh. He knew in his heart that this was most likely the case. What miracle could there be?

Old Master Chen still had a lot of things to do. Jiang Yao watched Old Master Chen leave before turning around to return to the ward. This time, the first thing she did was to have the system scan Chen Feibai's condition. She looked at the open eyes on the hospital bed, no matter what his parents said, Chen Feibai ignored them. Jiang Yao sighed lightly. It was indeed very serious.

With the current medical standards, Chen Feibai's disability was set in stone.

Because of the matter that Principal Wen had asked her to do, Jiang Yao had been specializing in post-burn treatment in the system for the past few days. She had made some progress, but it seemed that it would not be of much help to Chen Feibai in such a serious situation.

"Why isn't he talking? Is it so serious that he can't even speak now?" Chen Feibai's mother asked with a worried face as she waited for Chen Feibai's reply for a long time.

"His throat isn't injured. If he's awake and doesn't speak, it means that he doesn't want to speak," Jiang Yao said. After all, Chen Feibai was a soldier. In the face of a sudden fire, he had to make some emergency measures. Otherwise, such a serious forest fire..., how would he have the time to send him to the hospital for emergency treatment?

Jiang Yao's voice finally made Chen Feibai, who had been lying there without even moving his eyes, react. His eyes moved and then fell on Jiang Yao's body.

Just when everyone thought that he would still not speak, he suddenly opened his mouth.

"Jiang Yao, even if you want to scold me for being unreasonable, I still want to say that I hate you."

A sentence that came without warning stunned everyone.

"I hate you for saving me that morning. Look at me, look at how I am now. It would have been better if I had drowned in the flood that time. That time, when I died, I left cleanly. I, Chen Feibai, am a great hero that the people of Rong County will remember. Perhaps, the people of Rong County will also remember me as a hero. The child that I saved will also remember me for the rest of my life. I am alive now, but I am living a very painful life."

"Jiang Yao, my life is worse than death, so I hate to let me live these days of you."

Chapter 759: First meeting

Jiang Yao stood there, speechless.

"If I had known this would happen, I would have broken your leg and made you lose the chance to participate in the second round of the selection." Jiang Yao's smile was not pretty, "I clearly hate you so much. Back then, when I saved you, you were on the verge of death and didn't know where you were going. Why didn't you use your official position to seek personal revenge and break one of your legs to vent your anger?"

If only she had been a little more narrow-minded back then.

"That's right, Jiang Yao. Do you know what I thought when I first saw you?" Chen Feibai chuckled. Without waiting for Jiang Yao to ask, he continued to speak, "Back then, when I knew that Commander Lu's precious wife was coming to the army, I rushed over to take a look. I thought, just how capable is this commander Lu's precious wife to be able to make Hades Lu so precious?"

Chen Feibai seemed to be immersed in his memories, "To be honest, when I first saw you, I was very disappointed in you and commander Lu. I felt that commander Lu was blind to like a woman like you who looked like a delicate and delicate person who could be blown away by the wind. At that time, I felt that you weren't worthy of an expert like commander Lu. In my heart, I even felt that Chen Feitang was worthy of Commander Lu."

"Later on, I gradually realized that I was the one who was blind. That's right. How could a woman like company commander Lu Be a woman with nowhere to go? "You probably wouldn't know, right? "That day, I struggled in despair again and again. I was hesitating whether to continue or give up. When you suddenly appeared in my eyes, you were like a God who had descended from the sky. You didn't lie. At that time, I even thought that you were really a god, and there was a white light above your head."

At this point, Chen Feibai did not speak anymore. He was immersed in his memories. In his mind, the image of her risking herself to save him surfaced. That image was still very clear. It was so clear that he could even tell which part of her face was sweat and which part was rain, it was as if he could still feel the temperature of her palm when she grabbed his hand.

It was very hot, very hot.

Chen Feibai's words fell into the ears of the two parents, Chen Shanhe and Rong Ying. They were inexplicably flustered. They did not know why, but Chen Feibai's words made them feel like they were his last words, in order to not leave with regrets, he was desperately trying to say everything that he wanted to say.

“Feibai, I only have one son. I beg you, no matter what, just live on.” Rong Ying cried so hard that she couldn’t speak. “If you can’t be cured in China, I’ll take you overseas.”

“Chen Feibai, if you’re tired, just rest. Don’t hold on any longer.” Jiang Yao could see that Chen Feibai had been holding on and didn’t want to rest, so she couldn’t bear to persuade him.

Outside the ward, Lu Xingzhi, who was wearing a military green uniform, signaled Jiang Yao to go out. He was travel-worn, so it was not suitable for him to enter the ward. He was afraid that he would infect Chen Feibai inside.

“When did you arrive?” She hadn’t seen Lu Xingzhi since he left that day. She didn’t know what he was busy with. After so many days, the two of them had only talked on the phone once.

“I just got here. I came here for a meeting. When I found out that he was awake, I took some time to come and see him.” Lu Xingzhi took off his hat and took out a handkerchief to wipe his sweat. It seemed that he had a limited time, so he rushed here in a hurry. Perhaps there was a traffic jam on the way, he got out of the taxi and ran over. That was why he was so hot and sweaty in this weather.

Chapter 760: Aren’t you a doctor?

“How’s the situation inside?” When Lu Xingzhi asked this question, his eyes were fixed on Jiang Yao. It could be seen that although he was worried about Chen Feibai’s situation inside, he missed his little wife even more.

Thinking about it, he felt sorry for Jiang Yao. Jiang Yao came to province with him, but he returned to the team the next day, leaving Jiang Yao alone. She was lonely and had no one to accompany her. She even had to help him take care of Chen Feibai’s parents.., she helped him take care of Chen Feibai’s side.

“The results from the hospital are out. The burns are serious and will leave him disabled,” Jiang Yao said helplessly, “However, the most important thing now is not Chen Feibai’s physical illness. Right now, the most important thing to worry about is his mental illness. Chen Feibai’s mental state is now very serious. The most important thing now is to find a psychiatrist for him.”

“Aren’t you a Doctor?” Lu Xingzhi was stunned. “You can’t Cure Him?”

Lu Xingzhi’s expression was that if even Jiang Yao couldn’t cure him, then Chen Feibai was most likely really done for.

“I’m a doctor, but I’m not a psychiatrist. Other than physical illness, mental illness can also occur. This requires a psychiatrist to treat mental illness, such as Chen Feibai’s current condition,” Jiang Yao explained patiently, “Logically speaking, a patient with severe burns like Chen Feibai would normally be in a coma at the initial stage. Even if he wakes up midway, he should only be awake for a short period of time. However, when old master Chen came, Chen Feibai woke up. After talking for so long in there, he said that he was still awake.”

“What does this mean? Chen Feibai is a soldier. He has extraordinary...”

“A soldier is also a human!” “Could a soldier be a transformer?” “Could it be Ultraman?” Jiang Yao interrupted Lu Xingzhi’s disapproving words. “A person needs to drink water when he is thirsty, eat

when he is hungry, and rest when he is sleepy. This is normal!" "But Chen Feibai is holding on. He is fighting against his own body. He is using this method to pursue death. Do you understand?" "He is trying his best to exhaust every bit of his body's functions. He is waiting for death. He is risking his life. Do you understand now?"

Lu Xingzhi wanted to say that heart disease was nothing more than a heart attack?

But clearly, he felt that it was a good thing that he did not say those words. Otherwise, Jiang Yao would probably give him a disdainful look.

Alright, after hearing Jiang Yao say so much, Lu Xingzhi still felt that what mental illness? This was just being spoiled!

"Wait for me here, I'll go in and take care of him!" Lu Xingzhi turned around and went to ask the nurse for a sterile gown.

Jiang Yao cried out a few times behind him but was unable to stop him. helplessly, she could only watch as Lu Xingzhi changed into a sterile gown and entered the ward. Then, she watched as he exchanged a few words with Chen Feibai's parents before Chen Feibai's parents left the ward, lu Xingzhi was left alone to speak to Chen Feibai.

Jiang Yao stood outside and could not hear the voices inside. She simply sat on a chair beside Chen Feibai's parents and waited.

It was only at this moment that Chen Shanhe finally took a good look at Jiang Yao. This was the girl who had saved his son's life previously, but he had never had the time to personally thank her.

"Little girl, your name is Jiang Yao, right? You Are Xingzhi's wife?" Chen Shanhe called out to Jiang Yao, "Don't take Feibai's words to heart. He is actually grateful to you. It is because he is feeling bad that he said those words about hating you. No matter what, you have saved Feibai, so you are our family's benefactor."
