

Chapter 757

"Dad!" The man yelled clearly: "You can trust Suzi to me, I will take care of her forever."

Hearing the man's promise, Suzi was stunned.

Once upon a time, she suffered so much in order to have a home for herself.

I can make my daughter no longer want to be so displaced.

Now, she finally achieved her wish.

And is with the one she loves.

And their common children.

She can finally say in front of her father: "Dad, we are a family of three. Dad, you don't have to worry about me being bullied by others. I am very happy now."

Thinking of what he has now, Suzi feels that the pain he has suffered and the pain he has suffered are all so worthy.

People often say, how can you see a rainbow without experiencing wind and rain?

She thought that in her future life, whether it was good or bad, whether Arron could get Gasing Island or not, she Suzi would be on the same boat as her man.

Life and death together!

After the ashes of her father were buried, Suzi went to work as usual the next day. The difference is that she drove to work by herself.

After breakfast, Suzi had to drive the only one to the kindergarten before going to the company.

However, when she came out of her community and was about to turn, she would subconsciously take a look, hoping to see the female tramp.

If she sees it, she will definitely get out of the car, catch up with the tramp, and take a look at it to see if it's her mother. However, Suzi saw nothing.

She couldn't help but feel melancholy in sending the only one to kindergarten along the way.

When he arrived at the company, he stopped the car and Suzi went upstairs with a bag to enter the company.

In just three days, she felt as if she had been away for a long time. She loves her job very much and prefers architectural design. Therefore, when she stepped into this office again, she felt very cordial.

Put down the bag and start busy working.

"Suzi, you are finally back." Song Zhuoer asked.

Suzi laughed and said, "What is it that I am finally back? I have only been away for three days, okay?"

"Although you have only left for three days, our company has received a big order in these three days. It is a group of connected villas. We need to work out as soon as possible, and this group of connected villas, every tenant The details of the requirements are different, but there must be similarities and similarities. This is not a small challenge. "It is the director who speaks.

The director came to Suzi with a pile of documents in his hand: "Suzi, as soon as you come to work, I will come to you. It's really hard for you. Let me show you the preliminary information."

"Hmm!" Suzi nodded excitedly: "I'm motivated again, Director, I'll look at these materials right now."

With the new order, Suzi became more motivated. Due to the rush to work, she didn't even go to the cafeteria to eat at noon. Instead, she ordered takeaways to the office to eat and work.

So she didn't have time to talk to Galia and Rayna.

Mainly because they were still talking on the phone the day before yesterday, there was nothing important.

Until after get off work in the evening, Suzi wanted to go upstairs to take a look at Galia and Rayna. However, she and her colleagues were already too late to discuss work matters. If she did not pick up the only one, the kindergarten would close. After Suzi got off work, he drove to the kindergarten to pick him up. On the way back, the children were chatting all the way to their mother about funny things that happened in the kindergarten.

When she was about to get home, Suzi received a call from Galia's. She immediately apologized and said: "Yan Niu'er, I'm sorry, my sister is too busy today and didn't eat lunch with you."

At that end, Galia sighed heavily: "Suzi..."

Here, Suzi suddenly braked, and then hurriedly shouted out of the car window: "Who...you...wait a minute, don't you go..."

Chapter 758

"Mom, what's the matter with you?" The only young adult Shen looked at Suzi worriedly.

Suzi turned around and said anxiously: "The only one, behave well, mother get off the car." Yubi, Suzi drove the door and got out of the car. Because Shen Soli was sitting in the car, she didn't dare to leave, so she could only helplessly. Watching the tramp woman in ragged clothes ran away quickly.

Within a minute, the stray woman disappeared without a trace.

Suzi came back into the car very lonely. Behind him, Shen only sitting in the children's seat looked at his mother caringly.

Suzi gave his daughter a reluctant smile.

At this time, her cell phone was still in the call.

"Hey, hello, Suzi, what's the matter with you Suzi, Suzi..." On the other end, Galia shouted anxiously, she was worried about Suzi.

Suzi picked up the phone and replied listlessly: "Galia, are you off work?"

This is a question.

She had already got off work, picked up her daughter, and arrived at the door of the house again.

Galia asked over there, "Suzi, what's the matter with you, what happened?"

Suzi shook his head: "No."

"You have to die of me! Hurry up! Suzi! Have you regarded me as a friend!" Galia was originally a little pepper character.

Suzi nodded: "Yeah."

"What's going on! Say it!" Galia anxiously guessed: "Is it not going well for you to return to your hometown this time?"

Suzi shook his head: "No, I went back to my hometown very smoothly. My father's ashes have been brought back, and they were buried yesterday. Also, my mother... is not dead."

Suzi longed for this.

So, she said it out of her mouth.

Galia comforted Suzi happily over there: "This is a good thing. Why are you unhappy?"

Suzi: "I miss my mother..."

Galia: "..."

After a long while, she said softly: "Hug, dear."

Suzi: "Thank you dear, eh, what are you calling to find me?"

At the other end, Galia smiled and said, "Actually, there is nothing wrong. That is the first day you came to work at the company today. You are busy and I am busy, so I don't have time to go and see you, so I call you at this time."

"Well, it's okay." Suzi smiled: "Then I hang up?"

"Bye."

Suzi really didn't want to chat with Galia on this road, her mind was still looking for her mother.

Back to the community, Suzi's cell phone rang again before she stopped the car. She picked it up and saw that it was Arron calling, and she immediately connected: "Arron?"

"Where is it?" At the other end, the man's voice was exceptionally gentle.

At this moment, Arron was sitting in the most high-end club in Nancheng, and sitting with him in a large box were several of his brothers.

Seeing Arron speaking so softly, several brothers were stunned at the same time.

They were dumbfounded and watched Arron and Suzi talking on the phone.

Here, Suzi immediately apologized and said: "I'm sorry, Arron, are you already home, are you waiting for me and the only one to eat? I remember you told me that you can't let the one hungry, I And the only one will come up right away."

"I'm not at home." Arron said.

"Huh?" Suzi was startled.

In the four or five months since she and Arron were married, Arron has rarely been away from home.

She is really not used to him not eating at home for dinner.

"You...Where have you been." Suzi's tone was slightly agitated.

"A while ago we opened a family banquet in the old house. My brothers were all out of town. We got together today. It was the clubhouse last time. It was a long-term private room where we and I met together. You. Now bring the only one here."
