

## Chapter 757

So, you know. I asked Baidu to search (web) and it was all calculated by my sister. At that time, Yi Yan was already very drunk and it was normal to think of her as you.

Hearing this, the heavy stone in Yin Luo's heart seemed to have disappeared. Whether it is true or not, Yin Luo thinks she is willing to believe it, but "your sister worked so hard to separate me from Yi Yan, why are you betraying her and telling me the truth?"

I'm righteous killing off my relatives, okay? Seriously, my sister likes Yi Yan. I don't support it. I don't want her to make mistakes and play with those scheming. I will tell you what I should tell you. As for what I should do, it depends on you. That's right. By the way, Yi Yan was in a bad mood that time, it seems it was because of you.

After telling Yin Luo the truth about the matter, Gu Yan left. If he did so, he wouldn't be upset to Yi Yan. After all, Gu Xiaoer used him to do this thing.

If this matter is as Gu Yan said, then she misunderstood Yi Yan and didn't believe him, so she should ask her to apologize. Yi Yan shouldn't ask Gu Yan to lie to her.

She used to leave work at 12 o'clock, but today she left at eleven o'clock, and the employees were shocked when they passed the place where they worked. Their president used to leave late, and now they leave work early. There must be something. It's urgent.

Yin Luo came to the front desk of Yi's Group. The front desk was a pretty girl.

Beauty, I want to find your president. Yin Luo said.

The lady at the front desk smiled at Yin Luo with a marked smile and said, "Miss, do you have an appointment?"

No. Yin Luo said, but she didn't want to use the identity of the president's wife.

Miss, you can't see our president without an appointment, please forgive me.

Okay, then. Yin Luo thought for a while, then said, "Do you have the phone number of Assistant President Xiaotian? I can talk to him."

The other reception lady was not as friendly as the one just now. She directly said, "This lady, tell you the truth, there are too many people in the president who want to see us, but if everyone asks for this request like you, We still don't work, let's go quickly, don't let me call security."

Yin Luo ignored the arrogant receptionist. Instead, he said to the receptionist just now, "Beauty, please call me, let me talk to him."

Honghong, don't listen to her. The arrogant receptionist also encouraged the receptionist who wanted to call Yin Luo.

Xiao Ye, I'll still find her, it's okay. Hong Hong checked after speaking, "Okay, I'll connect you to it."

Thank you. Yin Luo thanked.

After a while, the call was answered, and Yin Luo picked up the phone, "Xiaotian, this is Yin Luo, I want to see your president."

Okay, our president would definitely like to see you, I'm on the top floor, you can see it when you come up. Xiaotian agreed.

Yeah. Then tell the receptionist. Yin Luo gave Honghong the phone after speaking, and Honghong showed Yin Luo the way after listening.

Xiaoye quickly apologized when he saw this, but he didn't expect this distinguished guest who was really the president. "I'm sorry, this lady, I just missed it."

Yin Luo ignored her, the dog bit you, do you want to bite her too?

After Yin Luo got on the elevator, Xiaoye asked Honghong scaredly, "Honghong, she won't go to the president to report on me, right? I can't live without this job, what should I do?"

It's okay. Honghong comforted Xiaoye, "She is not like that kind of person, you don't want to do this again, sooner or later there will be problems."

Oh, I also think she doesn't really know the president, and wants to pester him, so I want to solve unnecessary troubles for the president.

After Yin Luo took the exclusive elevator to the top floor, he saw Xiaotian at a glance. He came here specifically to pick up Yin Luo.

Mrs. President, I may have to ask the President first. He just lost his temper. I'm afraid you will go directly... So, you have a rest there now. Xiaotian brought Yin Luo to the lounge first. Go to the president's office.

Cautiously opened the door, a lot of files smashed up as soon as I entered, and the man said coldly, "The file is so small that everything goes wrong, how did you do it?"

Yes. Xiaotian didn't dare to say anything, knelt down to pick up the files.

Yin Luo didn't know when he followed and said, "Xiaotian, you can go out first, I'll come."

Seeing Yin Luo, Xiaotian was like seeing a rescuer, thank goodness she came, and finally she could not be so depressed anymore.

Unexpectedly, the president said, "Xiaotian, you stay and you go out."

That you represents Yin Luo. What to do, it's terrible, Xiaotian is wondering whether he wants to go out or stay. On one side is the president, and on the other is the wife of the president. Although he should listen to the president, he doesn't know what to do in this situation.

It's okay, Xiaotian, you go out first. Yin Luo said again, and Yi Yan didn't say anything anymore.

Upon seeing this, Xiaotian walked out cautiously and closed the door.

Yi Yan still had a cold face, "Yin Luo, do you think I care about you so much, that's why you use it to do whatever you want? Do you think I dare not do anything to you?"

That thing was my fault. Yin Luo picked up the files on the ground one by one, sorted them and placed them on Yi Yan's desk, and then took the initiative to admit the mistake, "I didn't believe you. You were drunk in KTV that day, and it was not intentional. I misunderstood you."

Then what? Yi Yan asked.

What he really cares about is not her misunderstanding him, but she and Lu Shuchen, which man can not care that his woman is related to other men?

Yin Luo didn't understand Yi Yan's meaning, and continued, "Then, to make up for my mistake, I decided to invite you to dinner at noon today. You see, I came here before I finished my work."

Are you just eating with a man like that? Yi Yan asked.

Yin Luo felt that Yi Yan was a little weird today. "What do you mean? Of course I won't just eat with men casually. I want to eat with you."

Yi Yan smiled, the smile was still a bit cold, "That's right, you are not casual to eat with him."

Yin Luo was inexplicably confused by Yi Yan today, "What the hell do you mean? Why are you so yin and yang today? Is there anything we can say clearly?"

Nothing to say, let's go. Yi Yan closed his eyes. He was actually afraid, afraid that after he said it, she would directly showdown with him. What would they do then? He never cared about a person like this, even if she betrayed him, he didn't want to let her go.

Even though she had wronged him before, she had already admitted her mistake to him. Yin Luo didn't understand why he refused to forgive himself. She doesn't know what he is hiding from her, why can't two people say it together, does it mean that he has to go on like this before he thinks it is a good way of life?

On the other day, Yi Yan didn't look for her when he first came back. What did he experience before calling Gu Yan to drink?

Yin Luo didn't want to think about it anymore, and sighed, she left the president's office.

Seeing Yin Luo coming out, Xiaotian immediately greeted him. "Mrs. President, are you and the President reconciled?"

Yin Luo shook her head, she also wanted to make up.

Ah... Xiaotian showed a desperate expression, "The President's wife can't save us either."

I can't help it. Yin Luo shrugged.

Xiaotian comforted, "It's okay, Mrs. President, the President was always like this before, always insisting on going his own way, don't mind, maybe it will be fine in a few days."

It's okay. She wouldn't mind. As for Yi Yan, what's your love?

Although Yin Luo said so, she went back to Pin Yinyuan at noon to consult Zhang's mother.

Yin Luo sat on the sofa and asked Madam Zhang as if he wanted to discuss major issues, "Madam Zhang, how do you think Yi Yan would be in a better mood? Or if someone makes a little mistake, what would happen to him? Can I forgive her?"

Young Master, he is quite stubborn.

You're right. Before Madam Zhang was finished, Yin Luo agreed with her a hundred.

Zhang Ma continued, "And the things she believes will not change. Normally, he doesn't like to talk. Except for his friends and people who are familiar with him, he is cold to everyone else."

Yin Luo nodded earnestly. He hadn't realized that he was such a person before, but she was only willing to believe that this man was a weird man until she saw him tantrum at Xiaotian.

But, I have been taking care of him since he was young, knowing that when he was young, he liked to eat toffee when he was upset, and it is still the same now. Zhang Ma continued to explain to Yin Luo.

Really. Yin Luo couldn't believe it. A cold person like him would still like to eat toffee. Well, next time she will try to see if it works.

Generally yes, young grandma can try. Zhang Ma suggested.

Um.

In the doll store, Lu Shuchen specially selected the doll for Yin Luo, which was the gift he wanted to give her. He remembered that before the engagement, Yin Luo liked dolls the most.

Take out the biggest doll in your store. Lu Shuchen asked.

Okay. Seeing that Lu Shuchen was a rich man, the waiter happily led Shuchen to see Lu Shuchen.

The largest doll in their shop is two meters long. The waiter said, "Sir, these are the largest dolls in this store. They are about two meters long, because dolls that are too big are not easy to store or hold. These few Among them, the cheapest is 10,000 for this big brown bear, and the most expensive is designed by this famous designer, made of special fabrics, and 500,000. If you want it, you can make it cheaper."

Lu Shuchen looked at the appearances of these few, but was not satisfied, so he asked, "Can you customize it?"

This should be ok, but it must be a lot more expensive to order. The waiter explained.

Price is not a problem. Lu Shuchen said relaxedly. Indeed, for a company's chief executive, the price of a doll is not a problem.

Okay, then sir...

At this time, Lu Shuchen's phone rang suddenly, and when he turned on the phone, it was Lu's father calling.
