

Chapter 759

Seeing Yin Luo entering the elevator, Xiaoye asked Honghong, "Have you seen Miss Yin Luo still carrying a bag of white rabbit toffee in her hand? That's not for the president, right? People like the president won't like it. Eat the white rabbit toffee bar."

Hong Hong thought about the way the president eats the big white rabbit during the day, and shook her head, feeling unbelievable "How is it possible? The president looks so cold, how can he eat the sweets that girls like to eat?"

That's right. Xiaoye was suddenly disappointed. She thought she wanted to understand the president's hobby. You must know that it has been several years since she went to work, and I have never heard of the president's hobbies. "How could the president like this? Yin Luo must have given it to Xiaotian to thank Xiaotian for opening the back door for her. What do they have, otherwise, why would Xiaotian take such special care of Miss Yin Luo?"

Hong Hong looked around. Fortunately, there was no one, so she hurriedly stopped Xiaoye.

Xiaoye didn't agree with him, "It's okay, isn't it just you? And even if someone really hears it, it doesn't matter. Maybe I'm telling the truth?"

Stop talking. Honghong frowned, Xiaoye's open mouth, if she didn't change it sooner, it would hurt her sooner or later.

Yin Luo took the president's elevator to the top floor unimpeded, but this time he did not meet Xiaotian, but another female employee, perhaps also an assistant.

Who are you? Do you have an appointment? Why did you come to the top floor? You still dare to take this elevator? Do you know this is for the president? the female staff member asked fiercely.

There is no appointment. Xiaotian asked me to meet the president directly, otherwise the receptionist downstairs would not let me come up. Yin Luo explained.

But the female staff didn't seem to believe her. The staff saw that although Yin Luo was a famous brand, she had a bag of toffee in her hand. It seemed that she was not a very rich woman, and the clothes might be high imitations.

That's right, you may have been cheated by the hospitality. Since I went to work, only a few people have been able to take the president elevator directly. You sneaked up and didn't want to live anymore. I'll ask the security guard to blast you down.

Wait a minute, can you call Xiaotian? Yin Luo could think of the only way to prove himself.

The staff was stunned. "You...you dare to directly call the name of our assistant to the president. Xiaotian is now sent out by the president. You are really smart. This naturally cannot prove that you sneaked up. I advise you to be the best. Leave as the president doesn't know, or if the president knows about it, the consequences will be beyond your imagination."

Yin Luo was helpless. She was really worried about the staff's IQ. How could she know that Xiaotian was not there in advance?

I'm not leaving, I want to see your president. Yin Luo rascal said.

Oh, I see. The staff suddenly realized, "It turns out that you are trying to seduce the president because of your own beauty."

I don't have one. Does your president still use me to seduce you? It's like a hungry wolf.

The more the staff listened to Yin Luo's words, the more they found it ridiculous and unbelievable, so regardless of Yin Luo's obstruction, they insisted on calling the security guard.

At this time, a magnetic and beautiful male voice said "What's the matter?"

Yin Luo looked up at the place where the sound was coming from, his face was serious, and he was not at all the same as the chief executive who had teased her to coax her to talk to her before. But seeing Yi Yan, Yin Luo still laughed unconsciously.

President, there is a woman who has come from nowhere and sneaked up. I was trying to find a security guard to blast her away. The staff didn't expect the president to come out in person, so he hurried to report to explain and brush up on the sense of existence.

Yi Yan. Yin Luo shouted habitually.

The staff felt that this woman was looking for death. Not only did she rush up to her death, but now she also called the name of the president. You must know that people in the company have always treated the president respectfully, for fear of doing something wrong. And the president has been in a bad mood recently, and now she hits her gun.

I really don't know good or bad, she was kind to her just now.

I thought that Yi Yan could prove himself, but he didn't expect him to pretend not to know himself, and then said to her in a cold voice, "Who gave you the courage to make you so lawless?"

The female employee should say "that is, you are too lawless."

Unexpectedly, Yi Yan scolded a female employee, "Shut up."

Even if she made an unforgivable mistake, only he was qualified to say her in this world, and her woman would not be able to intervene.

Even though she was curious, the female employee obediently shut her mouth and didn't say a word. She still had a bit of vision to work on the top floor.

Yin Luo was a little bit disappointed. He didn't expect that he would be so unwilling to see herself, so she stopped disturbing him. Later, she still asked deadly, "You really want me to go?"

Do you really want me to find a security guard to take you away? Yi Yan asked back.

The female employee looked at Yin Luo and laughed secretly. It was another stalker who entangled their president. Although the president had just trained her, he still chased the woman away now? It's just

that she did this all the time before, and the president didn't say anything. I don't know what she did wrong this time.

Maybe he really doesn't want to see himself, Yin Luo smiled weakly, "Then I will leave."

After speaking, she wanted to turn around and leave.

As soon as he turned around, Yi Yan grabbed Yin Luo's wrist tightly and hugged her.

I haven't hugged her for a long time. I didn't want to forgive her easily, but I couldn't control the smell of her. She poisoned him, he was addicted, and he couldn't quit it if he wanted to.

After holding him for a long time, Yin Luo pushed him away. She also felt that she hadn't felt such a sense of security for a long time.

When in the company, she always asks herself to be strong and insist on whatever she encounters, but she will also be greedy for such a strong and powerful embrace.

Yi Yan asked in a reproachful tone, "If I let you go, you can go?"

I listen to you. Yin Luo said aggrievedly, obviously he drove her away, and now he still talks about her.

If you listen to me in everything, Yi Yan sighed as he looked at her, and said helplessly. If she listens to him in everything, then she will not talk to other men casually, eat with other men casually, or ambiguous with other men casually, she can only be his. But if this is the case, she would not be her.

You are too greedy, just buy an obedient wife. Yin Luo retorted.

How can I be willing to replace you? Yi Yan really has no choice but to take Yin Luo. Who makes him like her? Seeing the big white rabbit toffee in Yin Luo's hands, Yi Yan asked, "Did you buy this for me? Did you ask Mom Zhang specifically?"

No, it's not. Yin Luo said, originally bought it for him, but someone told him to treat her that way, so she decided not to give him food.

Seeing Yin Luo's duplicity, Yi Yan approached Yin Luo and wanted to kiss him, but Yin Luo stepped back quickly, indicating that there was someone else in Yi Yan.

Yi Yan looked at it, coughed twice, then stepped forward and directly carried Yin Luo away.

Hey, you let me go. Yin Luo struggled.

Only one female staff member who was stunned was left. What did she just see? God, this must be the most exciting thing she has ever seen in her life. One day the president will treat a woman so tenderly. She must tell other people that they have never seen the president's gentle and domineering appearance. I guess they don't believe it.

And what did the woman just say, change his wife? Is that Mrs. President? She actually has no eyes, but the toffee is also for the president. She has been doing it for so many years, why is she stupid today?

Yi Yan carried Yin Luo to the front door of the president's office. Because he supported Yin Luo with both hands and was afraid of her falling, he kicked the door open with his foot, and then mercilessly threw Yin Luo onto the sofa.

Oh, can you be gentle. Yin Luo complained, rubbing his arm.

Before Yin Luo got up, Yi Yan threw herself down and pressed her under the sofa.

Say, whose woman you are. Yi Yan asked, declaring sovereignty.

Yin Luo glanced at Yi Yan, "Whose woman am I, don't you know?"

Of course I don't know if you have other men, or you let me try? Yi Yan said ambiguously.

I don't want it, you let go. Yin Luo struggled, but could not escape Yi Yan's palm.

Yi Yan didn't care about Yin Luo's refusal. He had been vegetarian for several days, and finally he asked her, "I only ask you one question, are you still mine alone?"

Of course. Yin Luo blurted out, feeling that he was inexplicable at the same time. She has always been his woman, otherwise there will be someone else.

You say I believe it. Even if it is possible to deceive yourself.

Yi Yan lowered his head to kiss, but Yin Luo turned his head away, Yi Yan frowned slightly, straightened her face, and wanted to kiss again. Unexpectedly, Yin Luo turned his head away again.

She said shyly, "Your door is still open."

Yi Yan turned his head, the door was indeed not closed just after it was opened, so he got up and closed the door and locked it again.

Back on the sofa, Yin Luo sat up unbehavedly and was still eating the fruits in his office.

Come to eat fruit, this strawberry is delicious. Yin Luo greeted him, hoping that he would forget what happened just now.

Yi Yan sat next to Yin Luo and hugged her tightly, "But I want to eat you even more now. Why don't you feed me before you eat?"

No. Yin Luo refused.

Yi Yan gave a smirk and threw down Yin Luo who was still eating strawberries, "That's not your responsibility."

Yin Luo still did not forget to finish eating the strawberry just inserted in her hand with a grieved expression.

Seeing Yin Luo eating strawberries, Yi Yan felt that she was really a little fairy, no matter what she did, she was invisibly seduce him and made him horny, but she herself was very happy.

Therefore, he has to punish her well, who makes her look so good? Who asked her to seduce him?
