

Chapter 760

You let go, can we not be here? Yin Luo struggled. Although the office door here is not glass, it is soundproof enough, but Yin Luo has shadows.

“No discussion.” Yi Yan dragged Yin Luo’s head and kissed her lips carefully and tenderly. This woman really has the ability to hold him in his hand for fear of falling, and holding it in his mouth for fear of melting. He has never taken a person so seriously, so afraid of this person being hurt.

While kissing, there was a knock on the door suddenly, followed by Xiaotian’s voice, “President, I’m back, here are files for you. President? Are you there?”

The struggling Yin Luo was still yelling, and immediately shut up. Damn, if Xiaotian heard this, it would be easy to misunderstand. Although this misunderstanding seems to be true.

Feeling Yin Luo’s embarrassment, Yi Yan took out his cell phone and called Xiaotian.

Xiaotian was very curious when he received the call from the president. It is obvious that the president should be in the office at this time, so why call him? But not daring to think too much, Xiaotian immediately connected the phone.

President, you... Xiaotian asked suspiciously.

Yi Yan quickly commanded, “Let all the staff on the top floor go down to work first. Without my instructions, they are not allowed to come up, including you. You should go to the elevator to guard and no one is allowed to come up.”

Huh? Xiaotian was stunned in an instant. What and what happened to this? What happened to the president today? If he hadn’t confirmed the president’s phone number, he really suspected that today’s president is not the real president. It’s so wicked.

Ah what, don’t you understand? Do as I said, within a minute, I will have no one on the top floor. Yi Yan ordered.

Oh. Only for a minute, Xiaotian hurriedly issued the president’s order to let all the employees go downstairs first. Although all the employees were evacuated without knowing the reason, they were forced to follow the order given by the assistant to the president.

There were more than 20 employees standing in the hall downstairs, and those who didn’t know thought they were punished for doing something wrong.

The female employee just thought of what she had just met and knew why the president had issued such an order. Unexpectedly, the president, such a president who seems to be an abstinence department, would turn into a hungry wolf when he met the president’s wife.

The female employee couldn’t hide things, and immediately showed off like some of her good friends, “Hey, do you know why the president wants us all down?”

One of the very gossip friends couldn't wait to know the cause of the incident, and asked in confusion, "I don't know, the CEO has always focused on work. Is there any special reason this time?"

Although another friend usually only likes house, he is not very talkative, and even less like to talk about it, but at this time he is full of interest. "You hurry up, I really want to know the truth."

The female employees explained to them what they had just encountered, "It was because the wife of the president came. I thought that the wife of the president sneaked in, and then the president came. Damn, it's really powerful to protect his wife."

People who love to talk about gossip feel that it's unbelievable "Really? The president is such a cold-hearted person. I thought he was married as a marriage. He had no feelings. I didn't expect that they really had love before? Could it be that the president wanted to seduce her and seduce her family. Do people love her?"

The nonchalant friend said idiotically, "I shouldn't, wow, if I could also have a boyfriend who is as tall, rich and handsome as the president, and who is as domineering as his wife and protects his wife."

The female staff member denied, "You don't want to think about who the president is? Does he still have to seduce someone in his current position? They must be true love."

When several people were talking about it, Xiaotian suddenly came over and coughed two serious coughs. They were so frightened that they didn't dare to speak out.

What did you just say? Xiaotian seemed to hear the president or something. Maybe they were talking about the president letting them down. He also wanted to know.

The female employees thought that Xiaotian was going to blame them for talking about the president and the wife of the president, and they quickly lowered their heads, "We...we didn't say anything, we just talked."

Chat? I even chat during working hours. Do you still want this month's salary? It is said that Xiaotian's trick of paying fines is also learned from the president, which is simply unsatisfactory.

It's our fault, can you accommodate it? the female employee asked.

Xiaotian asked, "You tell me first what you were talking about?"

We... Anyway, the female employee had to tell Xiaotian the truth of the matter. "It is the president's wife who is here. I just saw the president carrying the president's wife into the office. So the president must be with the president's wife. Together will let us down."

It turned out that the president was hiding in the Golden House, no wonder he locked the door today. It's not surprising that the president does this. He knows how much the president cares about his wife.

Xiaotian warned, "This is the last time I saw you talking about the CEO, otherwise, next time it won't be as simple as one month's salary, have you heard?"

Okay, we know, we will definitely not commit it again. The female staff member quickly assured.

Xiaotian reminded, "That's right, I can see the president's wife in the future, you know?"

I know. The female staff nodded. Actually, without Xiaotian, they also know what to do and what not to do. After all, they have been working in the company for so many years.

Thinking of the president's wife coming again without giving up, Xiaotian was happy. The president's wife and the president should be reconciled now, and the president's violent temper should also be changed, and the company's employees will have a good life again.

A few hours later, Xiaotian finally received a call from the president, and all employees returned to their posts.

In the president's office, Yin Luo had a flushed face and peeled a big white rabbit toffee into Yi Yan's mouth.

Yi Yan chewed, looking at Yin Luo with an ambiguous expression, "It's delicious, would you like to try it?"

No. Yin Luo refused decisively.

By the way, it happens to be Sunday in three days. I'll accompany you to go shopping and watch movies. Yi Yan looked at Yin Luo seriously, hoping that her answer would not disappoint him.

Huh? It was Lu Shuchen's wedding three days later, and she promised Yun Xiaoyin to go. Wouldn't it be Yi Yan who knew something and said that deliberately?

What's wrong? Yi Yan asked Yin Luo pretendingly, he was really looking forward to it.

Yin Luo looked at Yi Yan, and he didn't seem to know it. Also, he is a president who occupies half of the city, a busy man, how could he care about this matter. Moreover, as far as Yin Luo knew, Yi Yan and Lu Shuchen had no business dealings either.

This matter must not be let Yi Yan know, otherwise, he is so jealous, I am afraid it is not easy to coax.

I... Yin Luo retorted, "I have something to do with the company that day, I'm afraid I can't be with you, or next week..."

No need. A hint of disappointment flashed through Yi Yan's eyes, but it was fleeting, and he looked at Yin Luo affectionately.

It's also possible that something is really going on in her company, not necessarily, she will attend Lu Shuchen's wedding.

Her chief executive has been so weird recently, and now he looks a little unhappy again.

Who told her to have agreed to Yun Xiaoyin? If she had known that Yi Yan wanted to be with her, she would definitely not agree to Yun Xiaoyin. If she doesn't go, Yun Xiaoyin must think she is scared.

Don't be angry, I'll feed you another candy. Yin Luo immediately peeled another big white rabbit toffee to Yi Yan.

I'm not angry. Yi Yan hugged Yin Luo, as long as she was obediently in the company that day.

At this time, the office door rang again, and it was Xiaotian again.

Come in. Yi Yan regained his seriousness.

Xiaotian took the file and asked “this file...”

Just put it on the table, I’ll watch it later. Yi Yan ordered.

Xiaotian froze, the president, he would tell him when he would look at the files. If it had been before, he would have said with a bitter face, let it go. Then, there is no more.

What’s the matter? Yi Yan asked, looking at Xiaotian who was staying there.

It’s okay, it’s okay, I’ll go out now.

After speaking, Xiaotian quickly walked out the door, and then closed the door.

I was so touched, the president would never ask him if there is anything else, he would say directly and seriously, and go out if nothing is wrong.

The eyes of the previous president can kill people, but now, when I look at the president’s wife, it is simply affectionate, which makes people envious.

The president who has met the president’s wife is really considerate, so I hope that they will always be kind and kind and be a couple of gods and goddesses.

Three days later.

The wedding of Lu Shuchen and Yun Xiaoyin is all ready. Although there are only three days to prepare, after all, the Lu family is also everyone, and everything is well prepared.

Yin Luo came at a suitable time, and when the wedding began, he did it in an inconspicuous place.

After all, Yun Xiaoyin was also her friend who was good before but betrayed her, and Lu Shuchen was the man she was almost engaged to, so she should have witnessed this wedding. Her former good friend looked beautiful in front of others. Smiled.

She is an unidentified person. Even if she depends on Lu Shuchen now, she will still face the superficial flattery of relatives and friends in the future, but she will spit on the ground behind her back. In the future, her in-laws will not be everyone, but most people will dislike her. It’s okay if Lu Shuchen likes her, I’m afraid that Lu Shuchen doesn’t really like her, so the future will not be easy.

However, this is her own choice.

She didn’t hate them, on the contrary, she was also grateful to Yun Xiaoyin. If it weren’t for her, she wouldn’t know Yi Yan, and she wouldn’t be able to see Lu Shuchen’s true face. So as long as she doesn’t mess with her anymore, she will bless them well.

She watched them make some lasting vows to each other, watched them exchange rings and kiss each other.

This wedding is destined to be a wedding without too many blessings. Most people in the Lu family dislike Yun Xiaoyin, and most of them are blessings on the surface. Who knows what they are really thinking in their hearts? On the other hand, Yun Xiaoyin would not call too many family members who could not get on the stage. They were not real relatives, and most of them were just jealous.
