

Chapter 766

Yin Luo was still in the office looking at the files seriously, and suddenly a pair of warm palms covered her eyes.

Yin Luo curled her lips. She had just been too serious and didn't notice it. Now she felt the masculine atmosphere of a man exuding around her. She knew who this person was without guessing.

Only he can enter her office freely and dare to enter without knocking on the door.

Yin Luo pushed away Yi Yan's big palm with his hand, and Yi Yan took advantage of Yin Luo's slender, white hand.

Yin Luo smiled and said, "Why are you here now? You don't work anymore? You are so old and you look like a child."

Yi Yan looked at Yin Luo dozingly. She had just been sitting in front of the computer working, frowning slightly, her eyes looking straight at the files on the computer, a pair of small mice moving slowly and slowly, bowing her head from time to time. Glancing at the paper files on the desk, he looked serious. It's quiet like a sleeping beauty who is beautiful to the sky.

What's the matter? What's in a daze? There's something on my face? Yin Luo asked while looking at the computer, looking at Yi Yan from time to time, seeing him staring at her.

Yi Yan looked at Yin Luo's perfect face carefully, nodded pretending to be serious, and lied to her and said, "Well, it's true."

Huh? Yin Luo put down the mouse with one of his hands and touched her face indiscriminately. She remembered that she hadn't eaten anything just now.

After eating at noon, she also looked in the mirror. So, it's not Yi Yan who lied to her, "No, are you lying to me?"

Really. Yi Yan continued to look at Yin Luo with a serious look, "If you can't see me, I will help you out."

Seeing Yi Yan's sincerity, Yin Luo decided not to doubt him anymore, and stretched out her white face towards Yi Yan.

Seeing that he succeeded, Yi Yan raised the corners of his mouth slightly, stretched out his hand to pin her hair scattered around her ears behind her ears, and then put on his handsome face.

What are you doing? Feeling the warmth on his face, Yin Luo quickly turned away and pushed him farther.

Yi Yan just smiled, "Look, isn't this there?"

You... I didn't expect that she believed in Yi Yan so much. He would lie to her. It's horrible. "You will leave immediately now, and I will call the security guard immediately."

Are you willing? Yi Yan stretched out his broad arms and hugged Yin Luo tightly. There will always be a fresh scent on her body, like milk-flavored body milk, and like her own. As long as you accidentally touch a little bit, you can't help it, and you can't look back.

The Buddha said that the sea of bitterness is boundless, and the back is the shore. But Ruuo is really greedy for one thing, even if it is a sea of bitterness, it is as sweet as a sweetheart. Just like a moth, willing to die tragically by being burned by the fire, but also to pounce on the beautiful and glowing fire. Regardless of the reason, willingly.

You let me go. Yin Luo broke away from Yi Yan's arms. Knowing that he was messing around here, she couldn't work with peace of mind, so she threatened, "If you mess around again, I won't take it at night until I finish my work. You went out to play."

Obviously Yin Luo's threat was useful to Yi Yan, and he didn't make trouble anymore.

Yin Luo looked at the soft sofa on the other side and reminded standing Yi Yan, "Sit there and have a mobile phone first. I will take you out after work hours."

Yeah. Yi Yan obediently obeyed Yin Luo's words, walked to the soft sofa, randomly found a place to sit down, and turned on the phone and looked at it intently for a while.

After Yin Luo watched Yi Yan sit down, his eyes left him and continued to deal with work matters. But just after reading a few lines, her gaze fell on Yi Yan, who was quietly playing with her mobile phone again.

His eyes are very focused, his eyes when playing games are not the same as the eyes when he sees her, it's hard to say what it feels like.

His beard should have not been shaved for a day or two, and a little new black and straight beard has grown. He had just unfastened the two buttons on his shirt, and the muscles on his body were looming at this moment. It's really the kind that looks thin when dressed, and has flesh when undressed. Even his hair, each one is very coordinated, and it's patchwork.

How could such a beautiful man fall into her hands? Fate is really a wonderful thing.

Yi Yan was playing with her mobile phone, and Yu Guang saw that the silly woman was looking at herself idiotically, and Yi Yan hooked her lips helplessly, wanting to see him. He could look good after he went home at night and took off his clothes, but now she is still watching secretly. NS.

Yi Yan pretended to cough twice, and Yin Luo immediately looked at the computer in fright and glanced casually at the files. Yi Yan smiled unconsciously as he watched the movements of this silly woman. He deliberately took the magazine not far away, fanned his face, feeling very hot, then he unbuttoned the third button of his shirt, and finally looked at the phone seriously.

She wanted to see, he let her see enough.

When Yin Luo looked at Yi Yan again, he was finishing the third button, watching him show more and more "meat". Yin Luo closed his eyes immediately, and suddenly felt blushing and heartbeat.

Calm down, she has been the president for so many years, what big scene hasn't been seen? It's just showing some flesh.

And he finally sat there quietly without disturbing her, so she couldn't delay work because of this. After making up his mind to work hard, Yin Luo closed his eyes and wanted to glance at Yi Yan, telling himself to calm down and not be affected by other things.

Seeing Yin Luo looking at the computer seriously, Yi Yan raised his sexy thin lips. This woman, by looking at her expressions and movements, you know she must be very entangled. Obviously she was attracted by his figure, but she couldn't look at it when she got off it. It was really embarrassing for her.

Knowing that she still had a job, Yi Yan didn't do anything anymore, only seriously dealing with the files he hadn't finished after leaving work early. Well, next time you can move a computer to this company, if you have files that need to be processed on the computer, come here and work with Luoluo. It feels good.

Yin Luo, who had calmed down, has been working hard, trying to ignore the big man Yi Yan.

Feeling that the time is almost up, Yi Yan returned the interface of the phone file to the desktop and checked the time. The time now is eleven minutes past the off-duty time. This woman doesn't even know that she's off work every day.

She picked up the pen and signed her name on the white file in a few seconds, the font, it was past. Watching her rub her neck from time to time. Yi Yan feels distressed. With a job, he doesn't care about his body? The body is the capital of the revolution.

In the future, he will often call her when she is off work to remind her that she can't fight like this.

Although he used to be like her, he had time and even lived in the company for several days, but now the company has become formal. As for other things, everything has just begun.

Standing up, Yi Yan walked to Yin Luo and reminded her, "Luo Luo, I'm off work, turn off the computer."

After speaking, Yi Yan stretched out his hand to press the switch button of the computer. Yin Luo took away his hand and hurriedly stopped him, "No, if you lose my files, I will never finish with you."

Don't save it now? Yi Yan warned, it seems that in the next second he will press the shutdown button and disappear Yin Luo's baby files.

Don't— Yin Luo widened his eyes and looked up at standing Yi Yan, begging him like a little white rabbit about to be caught by a big bad wolf, "Give me two more minutes? Huh? Okay?"

Yi Yan looked at Yin Luo bitterly, and said word by word, "Do you know that your time is mine now? You are wasting my time. Are you okay? There is no room for negotiation."

Stingy. Yin Luo glanced at his mouth, rolled his eyes towards Yi Yan, with a reluctant expression on his face.

But Yi Yan gave Yin Luo three seconds "3...2..." without telling any emotions.

Yin Luo believed that Yi Yan absolutely did such a wicked thing, so he hurriedly saved and closed the file before Yi Yan finished counting.

Finally, Yi Yan turned off her computer without mercy. Her poor computer can only see you tomorrow.

After bidding farewell to her computer, Yin Luo decided to avenge her computer, and she wanted to let Yi Yan eat it to death.

When I went downstairs with Yi Yan, the company's employees were almost gone, and the sky outside was also dark. Out of the company,

Yin Luo asked Yi Yan to drive in the parking lot while she waited for Yi Yan at the company gate.

Looking up, the sky is already black. Whether it is sunny or overcast in the city, it is destined to not see many stars. Only two or three stars are seen now. Now they may be only a thousand miles apart, but in fact they must be far apart. Without company, they must be lonely.

Compared with the silence of the sky, the world is still very lively. Even though it is very late now, there are still groups of people wandering in various streets many years ago. Dim yellow street lights, white car lights, and various advertising lights illuminate the world. The night, for them, is the hustle and bustle. According to the words of those young people, the night has just begun.

Yi Yan drove the car to Yin Luo and found that she was still in a daze, not knowing what she was thinking.

Luoluo? Yi Yan was afraid that Yin Luo was shocked, and shouted softly.

Hearing her name, Yin Luo looked at the place where the sound originated. It turned out that it was Yi Yan who came, and she recovered.

Seeing that Yin Luo had been looking at the sky just now, Yi Yan joked, "What? Do you want the stars in the sky? Do you want me to pick them?"

You better save the time, I have seen a cow flying in the sky. Yin Luo knew that Yi Yan could not take off the stars in the sky and persuaded him.

Then she walked to Yi Yan's side, knocked on the glass of his car and said, "You come down, I'll drive."

Thinking of Yin Luo inviting him to dinner, he didn't know the way, so he obediently opened the door and got out of the car, leaving Yin Luo the driving position.

Yin Luo drove into the car and steadily drove towards the destination.

When he reached his destination, Yin Luo found a parking spot and got off the car, and Yi Yan followed.

Yi Yan looked around with his hands on his hips and asked strangely, "Are you sure there is a hotel nearby?"
