

Chapter 771

Chen Meng, who was originally smiling, heard her daughter's words, and the smile on the corner of her mouth instantly froze, and decisively refused "No, absolutely not, they are already married, so don't think about it. Please search on Baidu (web)"

What's wrong with getting married? You can break up when you fall in love, and you can get divorced when you get married. Besides... Yin Hui hesitated for a while, and then summoned the courage to say it. "

Don't mention it. Chen Meng immediately slapped the table with his hands, looking a little unhappy. Originally, she had already endured enough because of this junior's infamy, but now she brought it up again, and everyone would be unhappy, "Anyway, you have to listen to me about this, don't you know?"

But mother... Yin Hui was obviously unwilling, so why did that little bitch have such a good husband and forbid her to snatch him?

Enough, there is no discussion about this matter. Chen Meng said solemnly, in other matters, she can indulge her, but this matter...cannot. Then she brought Yin Hui's bowl of noodles and walked out of the room, closing the door heavily.

Yin Hui in the room felt that her mother was very inexplicable, and it was obvious that her conditions in all aspects were much better than that of the little bitch. Why doesn't she even have the right to fight for, why should she take away the good? She is not reconciled and will not let go easily.

Chen Meng, who left Yin Hui's room, took the bowl and put it into the kitchen, and sighed. Just now Yin Hui was right. She asked Yin Hui's father to cheat when her father was still married to Yin Luo's mother, otherwise Yin Hui would not be born.

But just because she was a junior, she understands the disadvantages of destroying other people's marriages. She has suffered enough infamy and wronged all these years. Therefore, she did not want her daughter to set foot on her path again. Because she was not born well before, she has no other choice.

But her daughter is different. She is in very good condition now. She wants a face, money and money, so he should be able to marry a good family with integrity. There is no need to look at the face of the old man every day like she is now. The daughter she gave birth was also scolded as a wild species by others behind her, and she was often pointed and pointed.

Therefore, now her daughter must not follow her old path, her daughter must marry gracefully and will love her and will not let down her good family. Then she will be satisfied.

While thinking about things seriously, Father Yin suddenly ran to the kitchen and patted her on the shoulder. Chen Meng quickly reacted and asked "What's the matter? It scared me to death."

Although Father Yin was fierce towards Yin Hui on the surface, he always scolded her for things she could not do well. But she was his daughter after all, and she did this for her own good. Is there a father in the world who doesn't really care about his children?

How did you talk to Huihui in the room just now? Father Yin showed his concern for her when he was not in front of Yin Hui.

Chen Meng also understood that Father Yin still cared about Yin Hui, but men were not good at communicating or expressing their emotions. Therefore, misunderstandings on certain things are always getting bigger and bigger. But Huihui's temperament is not willing to listen to some difficult things, so the two of them are always in conflict. Fortunately, she will help them reconcile in the middle.

Chen Meng turned to face Father Yin and said, "Huihui is fine, and you are so, how can you like to talk about children? How old are you? Isn't it unavoidable for children to make mistakes when they are playful? Who is in this world? Did you make a mistake?"

Look, I just asked, you just said so much, I can't say you, but my daughter must not be like this in the future, nothing can be said about it. Father Yin knew that Chen Meng could only talk to her daughter. Tell her more about her education. After all, Huihui is also his daughter, and he is also very concerned.

Chen Meng was dissatisfied with Yin's father, thinking that it was all his mistakes when he was looking for Yin Hui every day. People are not gods and can't make mistakes. Say a few words with your daughter if you are disagreeable and kind, do you care about her?"

It's the same daughter. Look at the family. Now I am the president of the Yin Group. I am married to a good husband like Yi Yan. I have a good career and love. Look at our daughter. There is no harm if there is no comparison, Yin Father thought about Yin Luo, she was indeed successful now.

Hearing that Yin's father praised Yin Luo and belittled his daughter, and thought that the old man gave the company directly to Yin Luo, without any shares of Huihui, Chen Meng became even more angry. "I don't want Huihui to join the company, right? Because of your dad? It's not because you are not in charge and you can't give our daughter anything."

Seeing that Chen Meng was really angry, Father Yin quickly calmed down the anger in his heart. It was because he was sorry for her. Since marrying her, he kept her looking at the face of the old man, and after all the grievances, she did it for him. There are many, many.

He stepped forward and wrapped her slender arm around her. It is the most troublesome for women to get angry, especially for women like Chen Meng, it is more terrifying than the sun coming out from the west.

What he fears most is that women are angry and crying. So, he hurriedly coaxed her, "Okay, it's my fault, right? I'm not in charge of the company now, but I promise you that the company will have a share of our daughter in the future. . And I will pay attention to it in the future and try not to blame her. Okay."

Chen Meng was no longer so angry when she heard that Father Yin had compromised with her. He still loves her, otherwise why admit his mistake so quickly. And every time they quarrel, he admits his mistakes first.

Being held by Father Yin, Chen Meng felt a lot better. She said with some satisfaction, "This is pretty much the same. Yin Luo and Huihui are both your daughters. You have to treat each other fairly, not favoring one another. The old man is already partial. I went to Yin Luo. If you don't like Huihui anymore, what do you ask Huihui to do in the future?"

No, no. Father Yin said softly, coaxing Chen Meng, the jealous woman is best coaxing, only a few promises, even if these are not true, "The old man has already turned his heart to the bottom I went there, so of course I have to love Huihui more. This is fair, right?"

Chen Meng nodded with satisfaction after listening to Father Yin's words. Her Huihui is still loved by her father, "This is the same."

Father Yin hugged Chen Meng tightly, lowered his head and kissed Chen Meng's black hair, "It's not too early to wait for Huihui, why don't we go back to our room to rest?"

Devil. Chen Meng smiled and gently pushed Father Yin with his fist, and said shyly.

Although Chen Meng is now more than 40 years old, she pays attention to maintenance after so many years of money. For women, the face is the most important thing, so she still looks like a person in her 30s.

Therefore, Father Yin still has some interest in her. Chen Meng was happy when he saw the coaxing, and Father Yin picked her up in the way of a princess and walked into the room.

...

After hammering his neck and yawning, Yin Luo walked out of the car and finally got home. It's probably already early in the morning. The strange thing is that it was so late today, and she was so sleepy that she didn't fall asleep.

After parking the car, Yi Yan followed Yin Luo upstairs.

It was early in the morning, and there was silence in the villa, and Zhang Ma should have fallen asleep long ago.

Pushing open the bedroom door, Yi Yan found that it was empty and there was no figure of Yin Luo, so she should be taking a shower in the bathroom. Quietly approached the bathroom door and pressed the doorknob with luck, and it turned out to be... it was really not closed.

As a result, Yin Luo's spring was over, and Yi Yan was able to see everything.

Yin Luo hurriedly pulled a towel to block the important parts, then quickly closed the bathroom door, and then locked it.

Yi Yan was smiling secretly outside. She was shy just now, she was really cute.

Inside, there was Yin Luo's curse, "You bastard."

She was too sleepy just now, just wanting to feel washed and asleep, so she didn't remember that the door was unlocked and she was taken advantage of by him. It's all right now, she's not sleepy at all from the fright, this bastard.

I haven't seen you anywhere? Why are you shy? Yi Yan put his hands in his pockets, leaning against the bathroom door and said with a smile.

Hurry up and get out. Yin Luo's voice came from inside. The bathroom door is not made of solid wood, and the figure inside can be vaguely seen. He stays here and doesn't leave, how can she take a shower?

It's too early now, and Yi Yan doesn't tease Yin Luo anymore.

After a while, Yin Luo had finished washing and came out wrapped in a bath towel. For this man who had been in bed several times, Yin Luo was not so shy anymore, and there was no problem walking around in front of Yi Yan in this way.

It is Yi Yan who is sad, and God knows how boiling his heart is when he sees her dressed like this?

I hurried to the bathroom and took a cold shower. When I came out, I saw Yin Luo changing her clothes and clothes again.

Hearing the movement, Yin Luo hurriedly wrapped himself in a quilt, why did he take a bath so quickly?

Yi Yan curled her lips with a smile, walked over to Yin Luo, raised her chin, and asked in a low voice, "Woman, did you deliberately seduce me? You want it?"

I didn't. Surprised, can you go to the bathroom and let me finish changing my clothes. Yin Luo wanted to get away from Yi Yan's hands, but his hands were holding the quilt, in order to prevent his naked body from being exposed. . She is afraid that if she moves, the consequences will be even more serious.

She just wanted to change her pajamas. She didn't expect that he would come out so fast this time and just happened to bump into her to change clothes. This was really an accident.

What do you mean? Yi Yan asked back? Which big bad wolf will give his prey a chance to escape?

Seeing Yi Yan refused to let him go, Yin Luo simply stopped moving. The big deal is that they stayed in a stalemate all night. Anyway, she is not too sleepy now, and she should be able to hold it for a while.
