

## Chapter 772

Yin Luo clung to the quilt like a life-saving straw, not giving Yi Yan a chance. Asked Baidu to search (web) and then she tried to discuss with Yi Yan, "You see it's so late now, everyone is sleepy, and will have to go to work tomorrow, and it's not suitable for two-person sports. You have to be so stubborn, not for yourself. Do you suffer? You are the only one who suffers in the end."

Yi Yan thinks about it, too, it's so late now, and he wants her to sleep well, so he won't bother her. But she provoked him step by step. Therefore, he naturally can't let her go now. She asked for everything.

He slowly leaned against Yin Luo's ear and said softly, "It's a big deal, as your husband, I will ask you for leave tomorrow, and we will linger for a day. No matter how bad I am, I will not make you feel better."

You... Looking at this caressing man, Yin Luo really wanted to beat him up, but she couldn't do anything about it now. In the comfortable thin quilt, coupled with the soft lighting, and the stalemate between her and the man, Yin Luo felt that she was about to meet Zhou Gong.

Yin Luo was very helpless. She was principled about this matter. She didn't want to but didn't want to. She threatened, "If you don't leave again, I will go to your company tomorrow to make a big fuss, let your company staff know that you have married a woman like this. Fierce wife."

Yi Yan looked at Yin Luo tenderly, "Okay, I can't ask for it. Let the employees of my company see how beautiful and smart I am married, a woman who cares so much about me and cares about me."

Yin Luo was surprised by Yi Yan's sudden love story, why did he suddenly praise her? Do you want her to compromise? She will not change her decision.

Pretty and kind is true. Wang Po Yin Luo sold melons, boasting herself. But if it's other things, forget it, "It's just that I don't care about you, I don't care about you."

The mouth is hard. Yi Yan stretched out her big palm and scratched the bridge of her tall nose. She would not fight back only when she was so bullied by him when she was powerless and powerless.

Yi Yan didn't tease her anymore. It's not early anymore, and they will indeed have to work early tomorrow. He also didn't want her to be so tired, so he could only wrong himself temporarily.

He stood up, a little further away from Yin Luo, and demanded, "You come to my company to find me after work tomorrow at noon, and I will let you go right away. Huh? How about this deal?"

Yin Luo thought for a while, the deal seemed to be a good deal. If I went to his company to find him at noon tomorrow, at most noon would be a meal, and he would treat him, and she would not suffer.

And now, she really couldn't hold on anymore. She had known that she hadn't been shopping with him for so long, which made her very uncomfortable now. Yin Luo nodded sincerely, and repeatedly promised, "I promise you, you go quickly! Do you know I'm sleepy..."

Considering Yin Luo, Yi Yan didn't struggle too much, so he strode to the bathroom and closed the bathroom door.

Hearing the sound of the bathroom door being locked, Yin Luo stretched out his head and looked at the bathroom door, and it really was closed. So Yin Luo dared to let go of one of his hands and used it to wear clothes. But the other hand still grasped the thin quilt tightly, and if Yi Yan suddenly came out, she would have a defense.

In other words, she was really worried about Yi Yan. Don't look at him being very serious and unsmiling every day. But facing her time, he always has a stomach of bad water, so she has to guard against Yi Yan.

Fortunately, Yi Yan never showed up during Yin Luo's change of clothes, otherwise, they might be able to make trouble until the early hours of the next day.

After changing into pajamas, Yin Luo stretched out and lay on the big bed comfortably. Pressing on the soft big bed is like pressing, very soft. After lying down for a while, Yin Luo's upper eyelid missed the lower eyelid very much. The two eyelids seemed to escape her control and hugged together forever.

Originally, Yin Luo wanted to see when Yi Yan could persist. She seemed to underestimate Yi Yan. She didn't expect that she didn't call him. He really stayed in there obediently. It's not easy, and deserves praise.

Yin Luo didn't make her feel sad anymore, she was so sleepy, and she still wanted to test Yi Yan.

Cough cough. Yin Luo coughed twice, and then called Yi Yan over, "I'm fine, you can come out."

After a while, there was the sound of unlocking from the bathroom, followed by the sound of the doorknob turning, and then it was like a model on a catwalk. Inside came out a good-looking, handsome model who returned the long model. He seemed to have just washed his face, without wiping it with a towel, and the water droplets dripped dripping from his handsome face with rhythm.

The moment he walked out of it, he really looked like a very temperamental male star with many fans.

Fortunately, Yin Luo was still reserved, and rushed over without being directly unable to control it. Looking at such a handsome Yi Yan, Yin Luo suppressed the joy in his heart and asked, "You are a little different today, so you didn't break your promise and wait for me to call you obediently."

What? Do you want me to come out and do something? Yi Yan approached Yin Luo, supporting her chin with his hand, making another squirming gesture.

No, I'm sleeping. Yin Luo shook him away, pulled the quilt away, covered himself, closed his eyes, and ignored him.

Yi Yan looked at Yin Luo and shook his head, and walked to the place Yin Luo had left him on the other side to lie down.

Yin Luo slept with her back to Yi Yan. She just closed her eyes and fell into a sweet dream for a while. Yi Yan stretched her arms around Yin Luo and began to fall asleep.

It was a bit late tonight, so both of them slept very quickly. The room became quiet and silent for a while.

It was Yin Luo who woke up first in the morning. She only slept for four or five hours today and she was quite sleepy. Somehow, she woke up naturally without warning. She was clearly sleepy and her eyes

were dry and uncomfortable. Now that he woke up, Yin Luo didn't want to sleep anymore, lest he would fall asleep later, and later he would not be able to get up when he woke up.

Part of Yi Yan was tossing about her sleep so late yesterday, so since she woke up, she wouldn't make Yi Yan feel better.

Seeing the man still asleep, his closed eyes appear to have longer eyelashes and his facial features are almost perfect. Falling asleep like a child, she suddenly didn't want to disturb the peace.

However, Yin Luo has always had a grudge that must be avenged, so she will end the grudge against him today.

Ahem-get up, it's ten o'clock. Yin Luo shook the man's arm, and the man woke up immediately.

He turned over, face up, even if he heard Yin Luo calling him, it was ten o'clock, he still closed his eyes for a while, and he could see that he was really quite sleepy.

After a while, he fumbled for the phone on the bedside table, smoothly pressed the phone's switch button, and then opened his eyes.

At five thirty-five, this woman really knows how to play.

Seeing how Yi Yan was scammed by him, Yin Luo accidentally laughed and said, "Are you surprised or surprised?"

This dead woman, he never thought that she would lie to her in this regard, so he believed her easily. However, now I am happy to know that there is no more than ten o'clock in the next five o'clock. But this still couldn't hide his anger when Yin Luo lied to him. If it were him, he wouldn't be willing to wake her up, and she just woke up herself in deep sleep so mercilessly, whether she didn't care about herself at all.

It's really a pleasant surprise. Yi Yan was sleepy at first, but after this incident, his sleepiness disappeared.

When Yin Luo was eating, he was close enough to Yi Yan. He grabbed Yin Luo's wrist and pulled her standing on the soft bed. Then he held down her two thin necks of hands and moved her. Immobile.

Yi Yan stared at Yin Luo squintingly, feeling as if he was about to do something bad. "Since it was your own cause, I can't sleep now. It's still a long time now. Do you think we should What do you do? Otherwise, there are still a few hours before work, what should you do if you are lonely?"

Yin Luo shook his head and said with a bitter smile, "No, no, I won't be lonely. You see you wake up so early now, the food in your stomach should have been digested long ago, are you hungry? I'll give it to you. Go cooking."

Yin Luo wanted to struggle to get up, but her strength was simply incomparable to Yi Yan's, and even a single move was considered difficult for her now, let alone getting up.

Yes, I'm hungry, but you are what I want to eat more. You feed me, eh? Yi Yan's mouth was close to Yin Luo's ears, speaking softly, seducing her.

I think it's more practical for you to eat. I can't feed you enough. Yin Luo turned his head away, not wanting to see the beastly inflammatory disease.

Yes. Yi Yan looked at Yin Luo under him and smirked twice. "Your little body can't feed me enough. It doesn't matter. If you don't have enough to feed once, you can feed it twice, and if you don't have enough to feed it twice, you can feed it three times. Until I'm fed. Huh?"

I don't want it. Yin Luo protested. It hasn't been long since work hours. In addition to cooking and eating, if she promises him at this time, she will be late if she can't keep it. As the president of the company, she should play a leading role. Not for him, not always late for personal matters.

Although she is managing this company, the company is now completely on track. Even if she doesn't come all day, no one dares to say anything. But as a president, what she has to do is self-discipline, which is responsible for the company and herself. Therefore, she can no longer bring up a bad head, and she must not be late.

Yin Luo said aggrievedly, "You clearly said yesterday that I would go to your company to find you today, and you would let me go, and you would turn back."

Woman, would you still make trouble unreasonably? Yesterday was talking about yesterday's affairs. Does it have anything to do with today? Besides, he just didn't watch him change his clothes when he said yesterday that he just didn't watch him change his clothes. He looked serious and threatened, "Luo Luo, I'll give you one more minute. Think about whether I'm wrong. You are wrong. But there is punishment.
