

Super Rich Dad Chapter 777-778

Chapter 777

Although it is said that the Northern Shen family and the overseas Shen family are of the same origin, but after the Shen clan broke up, the remaining branches are basically living their own lives.

They will only work together when faced with one thing, and that is the search for Shang Dian.

This is why Shen Haoting exposed Shang Dian so quickly, they simply would not allow Shang Dian to return to the Shen clan again!

The greed of the human heart has never been hidden, especially so for Shen Tianyang!

In order to find Shang Dian, Shen Tianyang invested nothing less than any family, and even developed the overseas Shen family into the first of the branches under the Shen clan at one time!

It is also because of this that the northern Shen family is so afraid of Chen Jingdao, otherwise they would have already beaten Chen Jingdao down!

Shen Wennian walked to Chen Jingdao's side and sat down, muffled himself a cigarette and took a deep breath and said 'I don't know why you have to go against me!'

Shen Wennian said this, although the tone of voice is very flat, but Chen Jingdao can still hear from his tone of voice a trace of stifled!

After noticing this hint of stifled mood, Chen Jingdao snorted and turned his head to deeply survey Shen Wennian who was sitting beside him.

'If you really don't know, then I'll be happy, but what's the point of you pretending not to know with me?'

After saying this, Chen Jingdao closed his eyes and waved his hand, it was as if he could still see it all now.

Whenever he came back, Chen Mingang would stand at the door in a serious formal dress to greet him, and then match himself home.

By the time it seems now, it seems that everything is gone, everything is gone.

Chen Jingdao also lost the motivation to continue to fight on, for his son revenge has become his lifelong wish!

Thinking of this, Chen Jingdao waved his hand slightly and then looked at Shen Wennian and said 'I just want to hear a fair and reasonable word, who killed my son in the end!'

On this issue, even Shen Qing Shu did not know, how could he know this information, after all, he also did not have private contact with Chen Mingang.

After taking a deep breath, Shen Wennian looked at Chen Jingdao and said with some resignation 'I really don't know about this matter, you can think about it, and what reason do I have to target you.'

For the first time, Chen Jingdao collected a faint smile on his face, looking at Shen Wennian's eyes filled with disgust.

I know that your Shen family is very strong, even stronger than all of our families in the Northern Province!

But you must not forget that this city has never belonged to the family, they belong to the state!

Thinking of this, Chen Jingdao took a deep breath and said 'There are times when I think you all go a little too far, don't forget how old I am now.'

Chen Jingdao's tone was very flat, but his eyes were so cold that it seemed to make people feel the gusts of cold wind.

'That's my only son, my only bloodline, do you understand?'

Shen Wennian looked at Chen Jingdao's eyes and knew that the other party was truly a mad dog at this point!

After slightly shaking his head, Shen Wennian stood up and looked at Chen Jingdao with a frown!

'If this is your declaration of war against my Shen family, then congratulations, you've succeeded!'

After saying this, Shen Wennian turned around and walked towards the door, and just at the moment he was about to step out.

He suddenly hesitated, then continued to speak 'I do not want to be your enemy, not because I am afraid of you, but because I respect you, but this time you really did it wrong.'

Chen Jingdao listened to the words of Shen Wennian behind him and could not help but feel a little confused for a while.

He hadn't returned to the North Mansion in just a few years, so why had the people of the North Mansion changed so much.

Is it because he has changed or the people of the North House have changed, or is it because he is no longer fit to go on.

Thinking about these things, Chen Jingdao took out his cell phone and gave Ning Kun a call.

He did not say much on the phone, first apologized to Ning Kun, and then informed him of the news that the North House Shen family was ready to declare war on the Xincheng Group.

To this news, Ning Kun actually did not have much surprise, just feel a little too fast.

Chen Jingdao has been a good old man all his life, the end of a son, but turned out to be such a fate.

Although openly said that the new Cheng group to their own, but this is the only power he can revenge, and is not so simple.

After taking a deep breath, Ning Kun could only send this message to Sally with a bitter smile, and then packed his things to prepare to leave.

His mission to come here this time has been completed, the people he should find have also found, there is no reason to continue to stay here.

But when he was leaving, looking at the documents on the desktop, the corner of Ning Kun's mouth could not help but pull out a slightly mocking smile.

On the other hand, after Shen Wennian walked out of Chen Jingdao's box, he directly announced that the party was over.

Since the party was over, the auction naturally came to an end, and the Double Dragon Jade Pendant successfully returned to the arms of the Shen family.

Such an ending made some people couldn't help but breathe a sigh of relief, but they felt some anger.

Their things were successfully handed over, and when the time came for the Shen family, they had recovered what belonged to them again without paying a single price.

This was like a clown for an upper class acquaintance like them to be disdained.

Sally obviously thinks so too, looking at Shen Qing Shu sitting on the chair face are angry a little blue.

She couldn't help but cover her mouth and laugh a few times, and almost couldn't stand up to fall into Jiang Hao's arms.

'Shen Yan, look at Shen Qing Shu's face, I can't even imagine what kind of thoughts he would have in his heart right now.'

For such a result, Jiang Hao really did not expect it, looking at Sally's lightly laughing appearance.

Jiang Hao some helplessly spoke 'Master Chen is still a little too anxious, if a little slower, the Shen family is afraid that this time really medicine to pay the price.'

Hearing these words was going to retort that the Shen family is not short of that little money Sally, suddenly felt the vibration of her phone.

After a period of slight silence, she picked up the phone and took a look, sent a text message.

The content of the text message is very simple, starting tomorrow, the New City Group will start a war with the Shen Group!

Looking at this text message, Sally couldn't help but be a little lost in thought for a moment, but soon thought that Ning Kun's character had already finished coming to the North this time.

So a moment of silence after a slight shake of the head handed the phone to Jiang Hao said 'look, tomorrow will be the real lively time.'

Jiang Hao looked at the cell phone text message for a time can not help but feel some surprise 'Is the Shen family really no longer scrupulous this time?'

Chen Jingdao's person is well known throughout the northern province, if the Shen family really intends to tear with Chen Jingdao, I'm afraid the consequences are not easy to bear.

Not to mention the Shen Tianyang behind Chen Jingdao, he still doesn't know who he will help!

Chapter 778

He had already planned to announce the alliance between the Shen family and the Xue family at the dinner, but he didn't expect to run into such a person as Chen Jingdao to intervene.

At this moment, Shen Qingshu looked at the documents on the desktop, his mind was swollen with pain, he could not remember how many times he had dealt with this since last night.

After a little sigh, Shen Qingshu picked up the file and took a closer look at it, it was some news about the New Cheng Group, the main thing is that the New Cheng Group started to hoard funds.

It seems that the other party is also ready to fight a battle with himself.

While smoking a cigarette, Shen Qingshu pored over the document, just as he was contemplating.

Outside the door Shen Wennian suddenly walked in, looking at his son's somewhat tired appearance.

'Humph, I wonder what kind of madness this Chen Jingdao has drawn, he has to cross us!'

Slightly looked up at his father, Shen Wennian sighed and said, 'I think it's not that he's not getting along with us, but someone is making a mess of it.'

Shen Wennian sat down with a bland expression and looked at his son, it's not that he didn't have such thoughts.

The only one who is slightly more famous, Chen Minggang, is also not a good thing.

If it were not for the contacts his old man had accumulated in the North, I'm afraid that after Chen Jingdao left, it wouldn't take much time for the New Cheng Group to collapse.

After closing his eyes for a moment, Shen Wennian opened his eyes to look at his son and said, 'For this matter, I seem to have heard you say that you got a little news.'

Shen Qingshu nodded and looked at his father with some hesitation, seemingly pondering whether to tell the news.

And Shen Wennian is not in a hurry, his son has grown up after all, some things he himself knows the trade-off.

Shen Wennian is different from many fathers, he pays more attention to cultivating his son's sense of independence, rather than teaching each other to do something by hand.

Although the North House Shen family is a branch of the Shen clan back then, but in the North House reproduction for so many years down, also has its own heritage.

Do not say how scenic the overseas Shen family, but the other side if they come to the North House, maybe who has to rely on who.

After a few moments of contemplation, Shen Qingshu looked at his father as if he had thought about it and said, 'I did get some news before, but this news came from the mouth of a person who had nothing to do with that matter.'

Shen Wennian frowned and nodded slightly and said, 'Who said it, let me hear it.'

While saying this, Shen Qingshu will be the cause and effect of the matter and Shen Wennian carefully told once.

The day he brought Jiang Hao back, he said the words when Jiang Hao was tortured, little by little repeatedly with Shen Wennian carefully said.

After listening to his son's words, Shen Wennian pondered for a moment and said, 'You mean to say that this Shen Yan may have something to do with Chen Mingang's death?'

Shen Qing Shu nodded slightly, organized the documents on the desktop, and then said in a deep voice 'It is very possible, but there is a trouble with this matter, now Shen Yan looks like he has defected to Sally.'

'Hmph, what about her Tianzhu Villa, full of this girl doll not come over to the North House for three years only, I do not believe that she can start much of a storm.'

Although Shen Wennian mouth does not put Sally in the eyes, but the heart remembered Sally's background still have some heart weakness.

I don't know why, but many of the people in power in the North House have put out their fires once things got to Sally, as if Sally was their fire extinguisher.

Shen Qingshu closed his eyes and thought carefully about Jiang Hao's performance that day, and the more he thought about it, the more he thought that Chen Mingang's death was related to Jiang Hao.

After slightly shaking his head, Shen Qingshu simply got up and looked at his dad and said, 'Dad, give me some time in the next two days, I want to go and carefully investigate Chen Mingang's death.'

After saying this, Shen Qingshu, in order to avoid Shen Wennian's disapproval, took the initiative to say his opinion again.

If they did not investigate the matter of Chen Mingang clearly, Chen Jingdao, the old dog, kept watching them, they could not do anything smoothly.

Although Chen Jingdao is not considered a northern family, but by virtue of his people, want to do something, willing to help countless people really!

This time they Shen family rashly declared war with Chen Jingdao, what are the consequences regardless, in case when Chen Jingdao said something to cause others displeasure.

Even if they win the war, I'm afraid the Shen family will not be able to keep the lintel!

Shen Wennian pondered for a moment and then nodded with some difficulty 'Let you go to investigate can be, but if this matter is really the Tianzhu Villa that do, I'm afraid that even if you go to investigate will not find a result.'

On this point, Shen Wennian is very confident, after all, are the people of the North House and how may not be clear Sally's men.

Although Old Black looks like a bodyguard, but he is equivalent to Sally's spokesman in the city, encountering many things are his responsibility to deal with.

Not only that, they do not say to find out Sally's identity, even the identity of the Shen family has not been able to find out until now.

This is why no one in the North House has been willing to make an enemy of Sally, even the Shen family could not find out their details, who dared to take action.

Shen Qingshu closed his eyes and shook his head slightly and said, 'If there is really no evidence, perhaps we can also create some evidence out, no matter what, we have to seal those who want to help Chen Jingdao.'

The meaning of Shen Qingshu's words was that he wanted to forge some evidence to prove that he had nothing to do with Chen Mingang's death through the name of investigation.

Although in fact he did have nothing to do with it, but naive now everyone in the Northern Province thought that Chen Mingang was killed by their Shen family.

So that Chen Jingdao now a white hair to send the black hair position, got a lot of people's sympathy psychology.

When the time comes, if he will be the Shen family declared war on him to spread the news, I'm afraid that before the fight it, their Shen family lintel will be ruined to the ground!

Thinking of this, Shen Wennian nodded and asked in a deep voice, 'Are you sure, if not, it is best not to do this thing.'

Shen Qingshu only smiled slightly at these words, turned around and left.

Looking at his son's back, Shen Wennian's eyes flashed a trace of relief, no matter what, his son has grown up and is able to take up some things.

Just when the Shen family side is ready to act, the new city group president's office, Chen Jingdao is standing in front of the floor-to-ceiling window with his back to Ning Kun.
