

Super Rich Dad Chapter 781-783

Chapter 781

Jiang Hao nodded slightly and then looked at Sally for a moment of silence, and then opened his mouth and said 'Then what are you going to do, really sit back and watch the tiger fight, do nothing?'

For Jiang Hao's question, Sally's heart naturally clear that he wants to join the melee.

This can not say that Jiang Hao is wrong, after all, from his standpoint, as long as the North House Shen family is weaker, he will be more favorable!

But some things are not as Jiang Hao thought, Sally sitting in this position need to consider more things.

Right now the people at the top are really a bit ambiguous about Jiang Hao, the last bloodline of the Shen clan, and they are not seeking to help Jiang Hao.

But there is also no clear instruction to say that regardless of Jiang Hao, just ask yourself to implement the protection of Jiang Hao, other things do not care.

If you use the power at hand to get involved, I'm afraid that before you have time to do anything, the questioning of those at the top will be passed down.

Strictly speaking she does not need to care about those people, but the consequences of doing so will also attract a lot of trouble.

'Do not intend to do anything for the time being, like this slowly watching is not good, I believe that they two sides fighting each other this time, there will not be many people get advantage of.'

The words just fell, the door outside the old black suddenly came in and stood at the door and said in a deep voice, 'Old Chief, Ning Kun came over, need I let him in now?'

Sally nodded when she heard this, then turned her head to Jiang Hao and said, 'Do you want to sit down and have a good chat with him, I think you two should have something in common.'

Jiang Hao snorted and shook his head gently, perhaps there are some things he and Ning Kun do have in common, but definitely not in front of Sally communication exchange.

So after a sip of coffee in his hand, Jiang Hao took the cup in Sally's hand and laughed, 'Forget it, I'll go wash the cup first, then take a little break, you two talk.'

After saying this Jiang Hao turned around and walked out of Sally's office, and Ning Kun also happened to walk in, the two looked at each other and smiled, each with their own agenda.

After Jiang Hao left, Ning Kun saw that Sally was standing on the balcony, so he slowly walked over and laid down on a chair with a comfortable groan.

‘Finally relieved, this period of time can put me tired enough, you do not know, at present the new Cheng Group daily need to deal with the file is almost twenty to thirty pounds.’

Sally looked back a little helplessly at the lazy Ning Kun, where he still has a little elite look.

After shaking her head with a smile, Sally said softly, ‘I’m afraid there are a lot of conflicts within the New Cheng Group, after all, it’s a war with the Shen family, the pressure is just a little too much.’

Ning Kun nodded slightly after hearing this and said in a deep voice, ‘That’s right, but those people have basically been kicked out of the new Cheng Group’s power circle.’

Hearing this Sally faintly froze, the new city group is not compared to the Shen Group or the Lin Group such as the family company.

They are all completely Chen Jingdao single-handedly slowly brought out, this juncture said lifting the words, then how Chen Jingdao in a short period of time to find so many underhand?

Although Ning Kun did not look at Sally, but know what she is thinking in her heart now.

Now lazily continue to say ‘after Ran Sheng came to power, many department heads are directly let Ran Sheng to change, his ability is not much weaker than mine, I actually felt a trace of threat in his body.’

Can make Ning Kun such a scattered fish are feeling threatened, this is let Sally to this Ran Sheng up not a small interest!

‘What about the other side, although I have a copy of Ran Sheng’s information here, but I have not seen him, Chen Jingdao hid him well.’

Ning Kun nodded slightly, then sat up from the chair and lowered his head and said in a deep voice ‘Ran Sheng this person is very capable, I can feel that he must have some unusual secrets.’

After saying this, Ning Kun lit himself a cigarette, faintly stammering.

Sally looked out to the balcony, laughed lightly and said ‘that would be fun, one side is the pride of the North House Shen Qing Shu, the other side is a private Chen Jing Dao Ran Sheng since childhood, I would like to see who is more powerful.’

Ning Kun shook his head with a bitter smile, as far as he was concerned, it didn’t matter much to him who won or lost.

More than these things, Ning Kun was more concerned about what Jiang Hao should do.

‘Is there any news sent from headquarters, now that the target has been found, what should we do next?’

Sally shook her head slightly, for the headquarters side of the idea, Sally for a time also a little imperceptible.

Honestly, at this time Sally also some do not understand what the headquarters intends to use Jiang Hao do, but right now careful protection is certainly right.

Thinking of this Sally sighed and said, 'Right, the headquarters temporarily deployed you to me, in addition to the news received over there, I'm afraid that Shen Tianyang will soon send someone over.'

For Shen Tianyang this person, even Sally are somewhat scornful, the other party holds the overseas Shen family has become a huge force!

Obviously, Ning Kun also feel some tricky on this matter, after hearing Sally's words his eyebrows are entwined.

'Wait, you don't want me to go around with Shen Tianyang's men again, right? Hey, hey, hey, I just finished a mission, can't you give me a break?'

Sally looked helplessly at Ning Kun and did not speak, while the latter was quickly defeated under the attack of her eyes.

Knowing that he was powerless to resist, Ning Kun was quite angry and threw his cigarette on the ground, and then hatefully stomped it out with his foot.

'Sorry, littering in my mansion is to deduct wages.'

Expressionlessly watching Ning Kun stomp the cigarette out, making a starry black spot on the clean white marble floor, Sally spat out without hesitation.

Ning Kun, who just got his hands on more than eighty million, took out the card in his arms and threw it to Sally with great disdain, and at this moment, he suddenly had the illusion that he was the boss.

'Even if you want me to go bayoneting with the Shen family, you should at least deploy some manpower to me, otherwise how am I going to get around them by myself?'

After happily collecting the bank card, Sally smiled and looked at Ning Kun and said, 'Of course, there are fifty people from the headquarters, although they just came out of the beast camp, but it's enough to do a little thing.'

Hearing the people who just came out of the beast camp, Ning Kun up and down a shiver, seems to recall what bad memories.

'People who just came out of that place? Are you sure they won't scare the people on the street away when they walk down the street?'

Sally heard a bitter laugh, it is not impossible.

The reason why the beast camp was called the beast camp was because the people who came out of there basically could no longer use the word human to describe them.

Chapter 782

The training they received in the beast camp is simply more savage than the beast ten times, there was once an inside joke about them.

A person who just left the camp wanted to go outside to buy a fruit, but the other side thought he was here to rob the money, and did not dare to accept the money!

Because of this joke, all the people who finished training from the beast camp had to be forced to hold for a period of time, so that the other side completely calm down and not to do something out of the ordinary.

It is also because of this reason that many people who are spilled out, even if they are more anxious to use people do not want to use people from the beast camp, because it is too easy to be exposed.

At this time, Ning Kun is holding such a thought, he looked at Sally bitterly smiled and spoke 'I said can not use that group of new eggs ah, I feel better alone.'

Sally rolled her eyes and walked into the office, then walked out with a document and smashed it on the body of Ninken helplessly said, 'It's not up to you, you should have been in charge of bringing people this year.'

A deep sigh roar, Ning Kun had to stand up and salute Sally, and then smiled bitterly and said 'Okay, since you have said so, what else can I do?'

After saying this, Ning Kun intended to leave, after all, although this period of time is acting, but he did spend a lot of time to seriously deal with the affairs of the New Cheng Group.

Otherwise, when he was leaving, Ran Sheng would not have seen Ning Kun off with such reverence.

Thinking about it, Ning Kun suddenly froze and looked at Sally and said 'By the way, there is something I want to ask you, see if you can give me a special recruitment quota?'

Ning Kun is known throughout the Bureau of cold-hearted, there was a time his team members in less than two meters from him was shot.

As a result, he acted as if he didn't know the other party and just sat there watching them die slowly.

Since that incident, Ning Kun can't find teammates at the headquarters, no one wants to team up with such a cold-blooded guy.

Sally also felt some helplessness about this, the only thing that can make people feel relieved is that he is responsible for his subordinates.

Before Ning Kun had a famous saying has been hanging on the mouth, we when the head are not on, then those below when the little brother dare to rush?

This may be easy to say, but in the face of some situations, most people are sending their own little brothers to die, rather than leading the charge!

Sally looked at the back of Ning Kun slightly silent for a while, and then said in a loud voice 'you stand, wait!'

Hearing the voice from behind, Ning Kun froze and then slowly turned around and looked at Sally with some confusion.

'What is it, Missy, what else do you need to order?'

'Since your identity has been exposed at Chen Jingdao during this time, then remember to mask when you go on missions in the future, and there is one more most important thing I forgot to mention.'

Ning Kun slightly with your head nodded, looking at Sally's fussed look quite a bit puzzled 'What else is going on, you talk to me instead.'

Sally clasped her hands in front of her chest, smiled at Ning Kun and then said, 'About Chen Minggang's thing you keep an eye on it these days, I received a tip that someone intends to re-investigate the Chen Minggang thing.'

For Chen Ming just that thing, whether it is Ning Kun or Sally heart know, if this thing once by Chen Jingdao learned.

I'm afraid that the consequences will be the Xue family, the Shen family and Chen Jingdao and their three families together against them!

So Ning Kun after hearing this news face also collected a smile nodded and said 'you do not worry, I will keep a good eye on this period of time, if there is really any accident, I will make up in time.'

Sally nodded and then watched Ning Kun leave, then stood on the balcony to enjoy the afternoon sun.

Jiang Hao stood outside the door waiting for Ning Kun to come out, after seeing Ning Kun Jiang Hao slightly measured him, and then opened his mouth and smiled 'always wanted to say thank you, but never thought I could meet you like this.'

Ning Kun looked at Jiang Hao and smiled faintly and said, 'There are only two people in the North House surnamed Shen that I can look at.'

Jiang Hao nodded slightly and looked at Ning Kun waiting for him to make a long speech.

'This first is Shen Qingshu, although it seems some dude, can be ruthless and spicy, can play with him really not many people.'

Jiang Hao carefully contemplated the scene where he first met the youngest of the Shen family, the first meeting left a reflection to Jiang Hao, indeed some people in the taste of the dragon and phoenix.

'What about the second one, who is it?'

Ning Kun looked at Jiang Hao and smiled and said, 'The second is you Shen Yan, but unfortunately, you are not the Shen family, I can not help even if I am accustomed to you.'

Jiang Hao laughed out loud at his words, and immediately felt that the Ning Kun in front of him looked much smoother than before.

After the two laughed, Jiang Hao walked with Ning Kun inside the villa and said, 'According to your judgment, who has a better chance of winning this time, the Shen family or Mr. Chen?'

After all, Ning Kun is a person who is close to Chen Jingdao, and he does not think much of Chen Jingdao in fact.

Although the Shen family was at a temporary disadvantage, there was a saying that a thin camel is bigger than a horse!

If the Shen family really intends to play with Chen Jingdao, then it is not certain who will win or lose.

In addition, there is also Shen Tianyang in the side of the eye, shooting out of the people will soon be the road, this Ning Kun's heart is a little uneasy.

After a long time of silence, Ning Kun looked at Jiang Hao some hesitation, 'this period of time you better not go out often, so as not to be seen by Shen Qing Shu,'

Jiang Hao listened and smiled, after all, he is just a doctor, even if the Shen family how urgent it is not to start targeting themselves in the hospital, right?

Although the heart is so thought, but when things come to a head some things have to be prevented, more importantly, this time Shen Tianyang is likely to send people over to help, Jiang Hao must avoid suspicion a little.

Thinking of this Jiang Hao sighed deeply and said, 'Okay, I will try to minimize going out during this period.'

Ning Kun looked at Jiang Hao seemed a little reluctant look smiled and said 'This is also for your safety, after all, last time you tied so much help, and almost had an accident, we are supposed to.'

After hearing these words Jiang Hao was about to open his mouth to excuse himself, the phone at his waist suddenly rang!

Jiang Hao hurriedly picked up the phone and said 'Hey, what's up?'

At the other end of the phone, President Jiao was looking at a list of medical records on the desktop.

'That, Shen, I do not want to disturb, but the hospital has a difficult patient, see if you can come back to ah?'

Jiang Hao looked at the phone silent for a while, Ning Kun also rolled his eyes at this.

Just said to minimize going out, but did not expect the hospital to call so quickly!

Jiang Hao hung up the phone and looked at the phone and smiled bitterly and said 'I also want to minimize going out this time, but it looks like the hospital side does not give me the opportunity ah.'

Ning Kun looked at Jiang Hao and laughed lightly twice, and then watched Old Black send Jiang Hao away from the Tianzhu Villa.

After Jiang Hao left, Sally wandered out and then looked at Ning Kun and said in a deep voice, 'How about it, you didn't reveal your side, right?'

Ning Kun faintly shook his head, about the identity of Jiang Hao this issue, not only between him and Sally chatted.

I'm afraid that the people at headquarters have also studied it many times, but never issued instructions down, he also had to remain silent on this matter.

After a light sigh, Sally looked at Ning Kun and said, 'In that case, you can stay with me during this period.'

Ning Kun nodded slightly, the beast battalion's manpower is also afraid to come over soon, they are almost the same type as the rapid response team, the latest will not be more than twelve hours after receiving the notification order will arrive.

Thinking of this Ning Kun knew that soon a big event was going to happen in the North, so he turned around and went back to the guest room to sleep at ease.

But standing outside the Sally is looking at the outside of the heart of thought, the current situation in the North House complex, the situation is also a bit turbulent.

The Shen family and Chen Jingdao a war without smoke and mirrors is being fought in the mall, the two stock markets are three changes a day, which makes Sally such people who have seen more can not help but feel a little surprised.

Thinking about the big data she saw before, Sally looked up at the sky, this time Chen Jingdao senior really seems to be planning to bite the bullet.

And at the same time as the turmoil on this side of the North Mansion, Shen Tianyang, far away in Chujiang, was closing his eyes and enjoying the massage of a beautiful woman.

A man beside him was bending down and respectfully spoke 'News has come from Mr. Chen, saying that his son was killed by the North House Shen family, and now the North African Shen family has declared war on him.'

Shen Tianyang lying on the massage bed closed his eyes and nodded, then some languidly opened his mouth and said, 'North Province Shen family? Is the person in charge that bad old man Shen Wennian?'

The subordinate nodded slightly and respectfully said, 'It is Shen second uncle, should we send someone over to persuade the two families, after all, there are more important things to do right now.'

Hearing these words, Shen Tianyang closed his eyes and pondered for a moment, he was in fact too lazy to take care of these matters.

Although the northern Shen family had cooperation with him, but that was only when the Shen clan was targeted, now well.

To put it bluntly, everyone has an idea that they would rather be the head of a chicken than the tail of a phoenix, so although the two families are nominally the Shen Clan, they have not actually been in contact for some time.

‘Forget it, for the time being, do not bother with these things, I would like to see if Shen Wennian will come to my door and beg.’

The words just fell Shen Tianyang snorted, if Shen Wennian really begged to his head, then maybe he can take this opportunity to subdue the North House Shen family.

As for Chen Jingdao’s side, it’s just a dead son, the big deal is to send him to accompany his own son, anyway, he has lost his use value.

After a slight nod of satisfaction, Shen Tianyang opened his eyes and looked at his subordinates and said in a deep voice, ‘What happened to the things I asked you to do last time?’

The subordinate hastily lowered his head and did not dare to look at Shen Tianyang, and spoke with a trembling voice ‘The news that has been found out so far is that the target has escaped to the Northern Province, but the specific news has not yet come through.’

‘Since we already know that the target has fled to the North, why don’t we send people to chase it, but continue to waste time in Chujiang?’

Since that incident happened in Chu Jiang last time, many of his men were a bit worried if they rashly went after Jiang Hao.

Will the end be as miserable as that father and son, which led many people to hold a near indifferent mentality to this news.

Shen Tianyang walked so many years of business, and how would not know the thoughts of these people’s hearts, had to increase the temptation to their interests again and again.

Otherwise, I’m afraid that these people will fall apart in a moment, which is why he was so anxious to find the reason for Shang Dian.

As long as we find Shangdian, all problems will be solved.

Some people say that Shen Tianyang regards money like dirt, that is because Shen Tianyang knows that as long as Shang Dian is found, the money is just a number.

‘At present, how many second level martial artists are there under our sect, go down and give me a count, we haven’t counted many casualties after the great war in Xieyang Valley.’

The subordinate nodded slightly and then hurriedly retreated, although Shen Tianyang did not explicitly say anything, but he more or less guessed a little.

It looks like Shen Tianyang is planning to start sending people to the North Mansion, or else he wouldn’t have made such a big deal of consolidating the numbers.

This matter quickly spread down, many people who have a heart have also passed this news back to their respective people, including Sally’s people.

Shen Tianyang’s words went down less than a day, and soon someone revealed the news to Sally.

After calling Ning Kun, who was training people in the villa’s grass field, Sally returned to the office and threw the small note on the desktop and said in a deep voice, ‘It looks like Shen Tianyang can’t sit still.’

Ning Kun picked up the note and took a look, only to see that it was written on the news that Shen Tianyang’s subordinates had begun to check the manpower.

After a long time of silence, Ning Kun frowned and said, ‘Does the headquarters know about this news?’

Sally gently shook her head and said, ‘I don’t think so, I’ve always been in charge of intelligence, you know this, I’m afraid that only the old man will receive this news from the headquarters.’

Getting this answer, Ning Kun closed his eyes and pondered for a moment, if Shen Tianyang’s staff to the North, I’m afraid that the first to visit them.

The reason is simple, they have always stood in opposition to those of Shen Tianyang’s staff, and only when the Shen clan was still around, they did not clash.

Now Shen Tianyang on the throne showed too much aggression, which led to the increasingly obvious hostile relationship between the two sides.

Lightly sighing a roar, Ning Kun bitterly smiled and spoke ‘Before I still feel that these fifty people from the beast camp are a bit redundant, now it seems that I hope that the headquarters side can give me another fifty people.’

Sally faintly glanced at Ning Kun ‘now is the time to joke, the important thing is that the headquarters side of Jiang Hao has not yet a clear instructions.’

After a long silence, Ning Kun lit himself a cigarette and said somewhat sadly ‘I’m afraid that if we continue to delay, I’m afraid Jiang Hao they will never be useful again.’
