

Chapter 784

I don't want to pay attention to you. Please search on Baidu (web) Yin Luo pulled out Yi Yan's tightly grasped hand, then turned over and turned his back to Yi Yan, "I... I feel a little sick and tired today. , I want to sleep now."

Yi Yan looked at the woman on the bed, maybe she was really tired today. Seeing that she was willing to cook for him and wanted to give him a surprise, he let her go today, but he could not hide in the fifteenth day of the first day of the new year.

Yi Yan leaned over and kissed Yin Luo on the back of the head, and then looked at Yin Luo who was sleeping with her eyes closed. Knowing that she could not fall asleep in such a short time, she said, "Okay, I will let you sleep, but I hope When I get up tomorrow, what I will see is the same as before, okay?"

Yin Luo's eyelashes trembled a little while listening to his words, but did not answer. Even if he wants to harm her and seize her company, it is the grandfather's hard work. As long as he gives her a piece of tenderness, she will fall into it. Even if the rose is thorny, even if it touches her, she will be bruised all over her body. Still can't help wanting to have this beauty, she can't give up this gentleness.

But his status and wealth are already so, why is he still ambition? Is power, status and wealth so important in the eyes of their men?

Maybe someone like Yi Yan who is cold and bloody is not worthy of feelings. She said that he was such an unsmiling president who didn't dare to look at him, but his eyes were tender when he looked at her. It turns out that they are all false and lies.

Since Lu Shuchen betrayed her, she should understand that men have nothing good.

Seeing that Yin Luo was unwilling to answer, Yi Yan had to lie in bed and sleep. Hopefully, tomorrow morning, he will see a happy, optimistic one, she is still his alone.

This night, Yi Yan was restless in his sleep. He wanted to habitually hold Yin Luo to sleep, but he felt that she was a little strange to him just now. Seeing her sleeping so soundly, I was afraid that it would disturb her sleep. So he always feels that he feels uncomfortable wherever he puts his hands, and habit is really not a good thing.

The next day, while Yi Yan was asleep, he habitually rolled over and hugged Yin Luo's sleeping side, but when he hugged, he was empty. Yi Yan slowly opened his eyes, and sure enough, she was not there.

Strangely, she usually wakes up quite late. It's still early today, and she is no longer there. Is she deliberately avoiding him? Still something? For example, does she want to make him breakfast again? Well, this possibility is quite big.

After washing up, Yi Yan ran into Zhang Ma when she left the bedroom door.

You're back, Madam Zhang. Yi Yan greeted Madam Zhang, and then asked, "Young lady, is she downstairs?"

Yes, Master. Madam Zhang smiled and nodded towards Yi Yan. They didn't interrupt her yesterday. They should be playing pretty high, but why did they wake up so early this morning? Moreover, the young grandma didn't seem to be very happy.

Regardless of Zhang Ma's age, she is still quite fashionable, and she probably knows all these things or new stories about young people.

Yi Yan looked down from upstairs, did not see Yin Luo, and then asked, "Then is she cooking in the kitchen?"

This...Master, my grandmother may have been a little tired yesterday, so I sat on the sofa and didn't cook for you. I have almost cooked the meal. You can come down to eat after you wash it. Zhang's mother also didn't quite understand. , This young grandma got up so early today, she was just sitting on the sofa and playing with her mobile phone. She didn't mean to cook for the young master. Could it be that the young master did not do well enough to provoke the young grandma?

The disappointment in Yi Yan's eyes flashed by, "Okay, I see, let's go down for dinner."

After speaking, she had to go downstairs, but Zhang Ma stopped Yi Yan. Zhang's mother thinks that the young master is a man after all, so she can't help being careless in some places, so she sometimes unknowingly makes her unhappy. She is also an old man, and she has experienced a lot of this kind of things, and she is more experienced. So I wanted to ask the young master to find out what happened to these two people.

Master, what happened to you and grandma? She doesn't seem to be happy.

Speaking of Yi Yan, she was also very confused. It was just a moment when she changed something wrong. "We didn't have anything. Last night she went upstairs first, and then I went up. In the end, she seemed to be wrong."

That's it. Madam Zhang thought for a while, and then asked, "You are a big man, and you may be a little careless in doing many things, but you don't realize that you may unknowingly make the young grandma unhappy. You are careful. Think about it, was there anything yesterday that made her unhappy?"

Yi Yan recalled carefully, if Luo Luo was easily unhappy, then everything he did would seem to provoke her a little. But he has been with her for so long, he clearly knows her character, she is optimistic, and will not care about trivial matters.

I don't know, let's go to dinner first. Yi Yan really doesn't understand women's thoughts, and he has never seen other women before. Besides, in the past, other women tried their best to please him, but he still felt disgusted and didn't want it at all. Yin Luo was the only woman who could embarrass him.

Okay, Master. Mom Zhang followed Yi Yan downstairs.

After going to the kitchen to bring all the food, Zhang Ma called Yin Luo over to eat. Yi Yan was already seated at the dining table. Yin fell to the dining table. She wanted to sit next to him as before in order not to arouse his suspicion. But when she thought that he was cheating on her before, she did. Some are unbearable.

She still sat across from Yi Yan, and when Yi Yan saw it, she moved to the other side and sat with Yin Luo.

Seeing Yi Yan's arrival, Yin Luo wanted to move to the other side to sit, but was pinched by Yi Yan's wrist.

Yin Luo shook off Yi Yan's hand in pain. She believed that Yi Yan could do it. If she moved her position again, he would definitely follow along. Helpless, Yin Luo had no choice but to sit still.

Anyway, I have lived with him for so long, and there is no problem after a while. Seeing people's hearts for a long time, waiting for a long time, she can definitely find his wolf ambition and grasp his handle. But now we need to take precautions before they happen, and Grandpa's heart shoes must not be destroyed in her hands.

Come on, young grandma eat more. Mom Zhang gave Yin Luo some food while winking at the young master, hoping that he could coax young grandma. Women need to be coaxed when they are angry, and the relationship between the young master and the young grandmother is so good, it must be the kind of quarreling at the end of the bed.

Yi Yan looked at Madam Zhang and realized what she meant, and hurriedly gave Yin Luo some vegetables, saying "Yes, if you look thin, you should eat more."

Yin Luo looked at his bowl full of vegetables, picked out the Yi Yan folder on top, and put it in the Yi Yan bowl and said, "You have put too much for me and I can't finish it. Don't waste it. That Zhang Mom, you eat too. I'm not an outsider. Don't worry about me, I will do it myself."

Yes, young lady. Madam Zhang replied.

Yin Luo generally eats less, so he finishes breakfast very quickly. Seeing Yin Luo got up, Yi Yan felt chased and said, "I will send you."

No, in fact, although our two companies are close, it's not easy. Moreover, I don't have a car. I can do it myself. Yin Luo refused, thinking that Yi Yan was so good to him, all for the sake of For her company, she decisively rejected Yi Yan's kindness. She didn't want to rely on him even when she knew that Yi Yan was pretending to her, it might even be... sentimental.

Before figuring out the ins and outs of the matter, now I probably know that the paternity test should be true, just for Yi Yan's purpose... Although it seems obvious, she can't just convict a person without evidence.

So in this special period, she shouldn't indulge herself. If she is always alert, the person who wants to be good to her is actually the person who might hurt her. Those who are often drowned can swim, and those who are often killed are because they believe too much in their friends or relatives. It is because they are close that they get hurt more deeply. So she must not allow this to happen to her. This time the bet is a company that grandpa worked hard to get, so she must be careful not to let grandpa's hard work for so many years be destroyed.

Seeing Yin Luo's rejection simply and neatly, Yi Yan stopped chasing her and stood in the living room.

Seeing that the young master stopped chasing the young grandma, Zhang Ma asked worriedly, "Master, why don't you chase the young grandma? You are not going to give up her?"

Yi Yan shook his head and walked to the dining table. "If she insists on driving to the company alone, even if I stop him, only her people will be taken away. Let her be alone first."

Madam Zhang sighed, "Hey, I really don't know what happened to the young lady."

After Yin Luo went to the company, he called Lin Lin, an assistant, and she wanted to find out who owned Yi Yan's shares now.

Go and check if anyone secretly buys shares in our company. Yin Luo said while looking at the file.

After Ben Yi Yan gave her 20% of the company's shares, the company was running normally and slowly moving in a good direction. She didn't have to work so hard anymore. But after knowing that all this may be a trap, she must work harder to prevent every conspiracy from happening.

The shopping mall now is like the ancient harem. On the surface it looks bright and friendly, but in fact it is full of intrigue and conspiracy. If you want to be invincible, not only does the company need to be honest, the quality of the product must pass the customs, but also to properly handle the relationship between yourself and other companies.
