

Chapter 796

He waved his hand helplessly and motioned to the person to put down the water glass. The visitor put the water glass on Yi Yan's desk, and then carefully stepped back.

Yi Yan stretched out his hand to hold the teacup. Now that Xiaotian is gone, Yi Yan realizes that he seems to have been used to him all the time. Even if he did the same thing, he would think it would be better for Xiaotian.

Besides, they have been working together for several years, and both sides are familiar with each other, and there is a tacit understanding. There is no need to say a lot of things, people who should understand will always understand.

After a while, a temporary assistant came in to pass a message. The assistant is a woman. She is pretty good, and she also dresses up a little bit. She always looks sneaky when she looks at Yi Yan, and she feels like a thief. But also, Yi Yan's image in the company has always been cold, unsympathetic, and a bit more like a cold-blooded animal, not easily trusting others, and unwilling to easily bond with others.

The last assistant has been with the president for a few years, and he should know the president's habits very well. In this way, he was unkindly kicked out by the president. I don't know if he will come back in a month. Therefore, it is natural for the acting assistant to be very careful.

But the president, a man who is cold, handsome and rich, should be liked by any woman who looks at it. So in addition to being afraid, the acting assistant has always imagined that he can be by her side one day, but these were just thoughts before, and she had never thought that these might be realized.

Even if it wasn't even a little bit, the distance between him and her was tens of thousands of miles, and it couldn't be restored in any way, but this time, their distance seemed to be one step closer, and she also had more opportunities to contact him. Maybe in the future, there are endless possibilities? What if she really got lucky, would Cinderella and Prince Charming play it again on her?

Thinking of this, she suddenly felt exuberant, as if all the good luck was about to attack her.

What's the matter? Yi Yan put down his work and looked up at the deputy assistant impatiently.

Suddenly seeing the president staring at her, she hurriedly lowered her head and said quickly, "Gu's project leader is here, and I want to meet with you to discuss specific matters."

No one could come to the top floor without an appointment, let alone see the president. It's just that the Gu family is different. Young Master Gu and Young Master are good brothers, so everything can be tolerant.

Then tell him to come in. Yi Yan said coldly. It's strange that today is not the time to discuss matters, so why is Gu so proactive this time? The specific situation needs to be seen in detail, and we will talk about it when the person in charge of the project arrives.

The deputy assistant nodded, "Okay, President."

So he went out and called the project leader. The deputy assistant looked at the project leader enviously. She looked noble. Although there was a bit of vulgarity, she looked arrogant when she looked up. Peacock-like. She must have been raised by wealth since she was a child. I really envy these rich people.

Looking at it now, she is a good match for the president. They are also rich people, and the person in charge of the project can still look good.

And she herself is an ugly duckling, and she doesn't know if it is possible to become a white swan in this life. Hey, when will she be able to be the president? I am afraid she will not be able to do it in this life.

After receiving the notification from the deputy assistant, the project leader pushed the door into the president's office. She looked at Yi Yan with a smile and said hello, "Brother Yi Yan, we meet again."

Yi Yan raised his head when he heard the familiar voice. It turned out that it was her. This surprised him, but it was nothing surprising.

Gu Xiaoer, are you the person in charge of this project?

Yeah. Gu Xiaoer smiled happily, she finally asked for it. At first, my brother had always insisted that she would not agree to let her be responsible for the case of cooperating with Yi's. It was the father she asked for. Under the pressure of his father, the brother reluctantly agreed. It feels really good to be able to see Yi Yan for work reasons, and he can't refuse her.

I'm an adult too, so naturally I have to help my brother share more. Besides, Brother Yi and my brother are good brothers. If I make any mistakes that shouldn't be made, you will take a lot of it.

Yi Yan knew Gu Yan, and he believed he would not agree with his sister. Don't worry that Gu Yan is more casual emotionally, but still more serious at work. So he shouldn't agree with it.

Yi Yan said solemnly, "Since you came to me to talk about work, then call me Manager Yi, otherwise you will go out."

Gu Xiaoer knew that Yi Yan had always been serious about his work, so she changed her mouth to "Mr. Gu."

Well, there should be nothing at work, right? Yi Yan saw through Gu Xiaoer at a glance. She is a richly raised daughter, and he probably understands her temperament. She should not be very interested in the company's work.

Gu Xiaoer looked at Yi Yan earnestly. As expected, he was the man she was fond of, who was really smart enough to understand her.

She clearly understood that Yi Yan had feelings for Yin Luo that were different from those of others, but they didn't know each other for a long time, so this feeling should only be new for a while. How can an excellent man like Yi Yan have only one woman in his entire life? Moreover, now that the time has passed, the two of them should be tired of it.

So she has to act first to be strong, first to show him her mind, how to choose is his business. But if she doesn't have the courage to say it, then she has no chance at all.

And she also arranged a good show, absolutely wonderful. What if Yin Luo gave up Yi Yan? Even if Yi Yan still thinks about her, even if she can't let go, she can't force others.

Although Gu Xiaoler and Yi Yan have known each other for many years, they don't know him particularly well. But there is one thing she can be sure of, that is his high coldness, he will not easily redeem others. Lost is lost, and it's not a pity.

So when they broke up, she and Yi Yan met again, and she herself felt that there was nothing worse than Yin, so he could naturally look at her.

...

Not long after Yin Luocai went to work, an unfamiliar phone called. There were not many people who knew her private number, so she probably knew this person too. So she slid up to answer the call.

But what came on the phone was an unfamiliar male voice, and the male voice sounded a little shy, with a hint of fear in his tone "Is this Miss Yin Luo Yin?"

Yes, I am, may I ask if you are... Yin Luo asked. Someone she doesn't know who knows her private number. Why do you call her?

I am an employee of Yi Headquarters, so I won't be able to disclose the details. This time I called you mainly because of my good friend, Xiaotian. And this...this matter is also related to you to a certain extent.

What's wrong with Xiaotian? What does it have to do with me? Yin Luo asked suspiciously. She has been in contact with Xiaotian only because of Yi Yan, but she is not very familiar with each other. How can they have any connection?

There was already a little cold sweat on the head of the man who called. He looked at the man next to him who was wearing black clothes, sunglasses and still in this thin layer of mask. As long as he deceived Yin Luo, he The check in hand is his.

Yesterday the president asked me to follow you. Xiaotian did this. He saw that you were hugged with other men and some intimate behaviors. In order to prevent the president from getting you wrong, Xiaotian didn't follow him. The president reported the facts. But later I didn't know where the president heard the message and learned about it. Then the president fired Xiaotian.

Hug with other men? It should be yesterday when Lu Shuchen forced her. Yesterday was also when Yi Yan was drunk, she never understood what could hit this powerful man. Is it because you feel uncomfortable seeing the photos of her and Lu Shuchen? Is it because he cares about her?

Thinking of his deception to her, Yin Luo felt that this was not true. Would he care about her? He may just think that she has lost his man's face, or that she might have given him a green hat, but at this time, in order to get the Yin clan, he can't fall out with her, so he dragged Gu Yan to drink depressed. Bar.

The possibility of this is very high, but it does not rule out that he really cares about her. But why did he send someone to follow her? Don't trust her, or have a bigger conspiracy?

The man's mind was really hard to understand, she found that she couldn't see him more and more, and didn't understand him more and more. She may never know the real him, he wears a mask in front of her. Maybe one day she was sold by him, and she would be happy to count the money for him.

Just as she was thinking, the man who claimed to be Xiaotian's buddy interrupted her thoughts.

Miss Yin Luo? Are you listening?

Yin Luo came back to his senses, "Oh, I'm here, you keep talking."

The man on the other end of the phone sighed and said, "Xiaotian, this person, has any grievances by himself. He is also for your own good, so I want you to go to Yishi to explain the situation to the president. I believe Mrs. President It must not be the kind of half-hearted woman, and you don't want the president to misunderstand you. As long as you explain it to the president, then Xiaotian's affairs will be easy to talk about."

So, did you do it for me? Yin Luo always felt that something was wrong with this person. After all, he was just talking about it verbally, and there was nothing to prove his identity.

I just want Xiaotian to return to his own position as soon as possible. At the same time, I also hope that Madam, you can reconcile with the president. The man said very sincerely.

If what he said is true, then she really should go to Yi's. She wants to know if there is really any misunderstanding between her and Yi Yan? Or... he really kept deceiving her. At the same time, it was also for Xiaotian, and Xiaotian was also to help himself, so he shouldn't let Xiaotianping bear this for himself for no reason.
