

## Chapter 797

Yin Luo nodded and promised, "If what you say is true, I will not let others be punished because of me. Besides, I think Xiaotian is also a good boy."

Okay, thank you really, you must help Xiaotian. Then I won't bother you and hang up. The man's heart has been panicking because of deceiving Yin Luo, but for the money and for the treatment of the child. He was forced to be sick. I hope that the president and his wife will not blame him in the future. No, the president and his wife will not know these things.

The man looked at the black man sitting next to him, "Look at... this money?"

The black-clothed man nodded in satisfaction, "Don't worry, you won't lose a cent of your money once things are done."

Yin Luo always felt that the matter was unreliable, so he called Xiaotian again to ask him for verification.

The phone was picked up after a while, and Yin Luo asked anxiously, "Xiaotian, where are you now?"

Huh? Xiaotian didn't expect that the president's wife would ask him such a question. He hesitated for a while, or told the truth, "I'm at my house now, is there anything wrong with the president's wife?"

It's obviously working time now, why are you at home? Yin Luo continued to ask, and she gradually felt that what the man said to her just now should be true.

I... It seems that in order not to worry the president's wife, he could only lie to her, "That...because there is something wrong with my family, the president granted me a month's leave."

Don't lie to me, I know it, I killed you. Yin Luo was even more certain after hearing about Xiaotian's reasons. How could there be such a coincidence? Someone happened to tell her that he was unemployed, and he happened to be at home again?

Hearing that the president's wife knew it, Xiaotian didn't hide it from her, but this matter was his own thought, and he felt that he should do that, and it was nothing to do with the president's wife. He didn't want to involve the president's wife.

And he believes that the president's wife must be innocent, and they obviously love each other very much.

Yes, but you don't have to worry about me. The president cares about you very much, otherwise he won't be upset and angry when he sees you with other men. I'm an outsider, I can see clearly, Master's emotions never It's written on his face because he doesn't want others to understand him, don't look at him being particularly cold, he is also afraid of being hurt, especially emotionally. Since he met you, he has really changed a lot, and I have been Following him, I know best.

Really? Yin Luo questioned. There was a glimmer of hope in her heart. She might still care about him, if he cares about her.

You and the president just don't say who you like. Don't say how do you know that the other person loves you? So madam, you have to believe in him, and you have to believe in yourself. Xiaotian persuaded him, but he did not expect that one day he would be the president. Broken heart, the president is a person who doesn't like to express himself, so it will always make people misunderstand. But he knows who the president likes and his personality. Therefore, for the sake of the president's feelings, he is such a lively person who doesn't like to talk about things, and he still persuades him so eloquently.

Okay, I get it. Yin Luo made a secret decision in her heart, and she went to see him again and made everything clear. If he was really just to get the Yin clan, then she would also recognize it. Who would let him? She misunderstood the wrong person, and everything she suffered was punishment.

Xiaotian hung up the phone after talking to the president's wife. The president must not let him down this time. For a person with such a high IQ, the president's emotional intelligence is a bit poor, but it should be fine. It depends on the good luck of the president and his wife.

Yin Luo put aside her work and drove to the Yi Group, hoping she can get a satisfactory answer this time.

Because Yin Luo had known her at the company several times before, the front desk naturally stopped stopping her. Yin Luo went straight to the top floor without any hindrance. Most of the people on the top floor also knew Yin Luo. It was not surprising that Yin Luo came. .

So, Yin Luo came to the door of the president's office alone. His door was not closed tightly. Yin Luo was about to push the door and enter, but suddenly heard a female voice. Looking in from the outside through the crack of the door, only the woman could be seen. Back view. However, combining her voice, Yin Luo could guess that it was Gu Xiaoer.

Gu Xiao'er heard the sound of a text message from the mobile phone and raised her lips slightly. She finally came, it was time to start her own performance.

Brother Yan, I still like to call you that. I know you have other reasons for marrying Sister Yin Luo. But I am willing to accompany you silently behind you. If she makes you unhappy, I will give you happiness and let me Be the one behind you, okay?

What are you talking about? Yi Yan frowned slightly. This is not the Gu Xiao'er he knew. How could Gu Xiao'er stay behind? So, there must be some conspiracy, "Gu Xiaoer, you have to be clear about your identity."

Gu Xiaoer sneered, and replied, "My identity? Is it because sister Yin Luo has the Yin family, and I only have the name of the second Miss Gu? I know that you are a very ambitious man, and ordinary women are fundamentally constrained. No matter you, you don't like a strong, stubborn woman like Yin Luo sister. Will you accept me? I will treat you well."

After speaking, Gu Xiaoer stepped forward and hugged Yi Yan.

Yi Yan was disgusted with this feeling, and now he felt that Gu Xiaoer's scheming was deeper than he had imagined. If it hadn't been for looking at Gu Yan's face, he would have let her be taken out a long time ago, and would not leave her here to bother him.

Just about to push her away, the deputy assistant's voice was heard outside the door, "Mrs. President? What are you doing here? Why don't you go in?"

Because the door was still open, the sound was very clear.

Yi Yan subconsciously pushed Gu Xiao'er away fiercely, and then hurriedly ran to the door to "fall."

But when she ran out, she only saw a back of her rushing away. When she ran to the elevator, the elevator just closed the door. This is the top floor. It must be too late to climb the stairs. If she waits for the next elevator, she will definitely run away. , You can't get to the ground floor directly by taking the employee elevator, which will delay you a lot of time.

After thinking about it, Yi Yan quickly took out his mobile phone and called the front desk, "stop her when your wife goes down, don't let her go, wait for me to solve it."

Fortunately, this building is relatively high and the elevator is slower, so the security should be able to stop her.

The deputy assistant ran over and asked breathlessly, "I'm sorry, the president..."

But Yi Yan ignored her at all, and hurriedly took the employee elevator to the next floor, and then changed another elevator to get downstairs.

When I got downstairs, I heard Yin Luozai talking to the security guard.

Why don't you let me go? You don't have the right to control my personal freedom. This is illegal, don't you know? Yin Luo didn't think about anything at the moment, just wanted to leave. She felt that she was embarrassed by everything. It's all she is passionate about herself.

Luoluo. Yi Yan walked over and hugged her from behind.

Seeing Yi Yan's arrival, the security guards stepped back, and the front desk walked away silently, not to disturb the president and his wife to show affection. Although they want to eat the dog food of the president and his wife, they still have to wink at this time.

Let go of me. Yin Luo struggled. Just now Gu Xiaoer also said that he didn't marry her because he liked it. He didn't object at the time, so he presupposed it. What's the point of him chasing her now? Do you still want to pretend in front of her?

How stupid is she and how much she expects him, that's why she is deceived and hurt again and again?

Don't let it go, it's not what you see. Yi Yan hugged Yin Luo tightly. Only in this way can he feel the warmth, comfort and safety he has never had before. She is his world.

At the moment he was a little lucky. Does Luo Luohui get angry when she sees him and Gu Xiaoer holding each other together, does it mean that she has started to care about him?

Yin Luo calmed down and stopped struggling. She sneered, "Do you think I left when I saw you because I cared? I just look at your talented men and women, and I don't want to disturb you."

She didn't want to get hope again and again, but she was disappointed in the end, she might not be full of expectations for him in the future. No matter what kind of person he is, what purpose does he have for her? She didn't want to guess anymore, guessing was too tired, she was really tired, so be it.

Like it, it really cannot be easily contaminated. Once you like it, you have to pay the price.

Sure enough, Yin Luo knew Yi Yan enough, he slowly let go of his hand, turned Yin Luo around, forced her to look into his eyes, and asked, "Are you true? You really don't care who I am with. Are you together? You say, this time as long as you say, I believe it."

Yin Luo avoided his gaze, she couldn't look into his eyes without emotion. She was afraid that she would become cowardly, and she would cry in front of him accidentally.

Since her mother was gone, her tears have become precious, and she would feel it wasted to shed a tear for an unrelated person. Today, she didn't want to stay with him anymore, she was afraid she would cry if she couldn't help it.

She can't cry. Mom said she must be strong. How can she cry for unrelated people?

You look at me. Yi Yan looked at Yin Luo seriously, raised her chin, and forced her to look at him.

Don't force me. Yin Luo pushed Yi Yan away hard and ran outside the door.

When several security guards saw Yin Luo leaving the company, they asked, "Are you still chasing? President."

No need. Yi Yan looked at the back of Yin Luo leaving. Don't look at her stubborn and strong look all day long, but like other girls of the same age, she also has a weak body shape, which makes people can't help it. Dear.

After she said the last sentence, his heart ached. He obviously held her in his palm for fear of losing it, and held her in his mouth for fear of dissolving. He clearly wanted to treat her well and make the world the best, his Give her the most tenderness.
