

Chapter 801: Something's Wrong (2)

"Yanjue."

Li Weiyun had a gentle smile on her face as she reached out to take Qiao Yanjue's arm.

She could feel that Qiao Yanjue's body was a little stiff.

However, Li Weiyun was not angry, but happy.

After all the hard work these last few days, she had made a lot of progress!

Now that Qiao Yanjue could let her get close, it would be easier if she wanted something to happen afterward.

So, even if Qiao Yanjue's stubbornness upset her inside, so what? Wouldn't he have to give in at the end anyway?

She couldn't help but be grateful for Xie Dongqing's help as she thought about it.

If it wasn't for Xie Dongqing, she wouldn't be able to get what she wanted now.

Thinking back to the previous situation, she couldn't help but shake her head.

She was so out of her mind that she wasted so much time before!

Luckily, she had corrected herself in time!

Finding the right target was the most important thing! That's what it meant to get twice the result with half the effort!

1

"Yanjue, I've made a reservation. Let's go eat."

Qiao Yanjue's expression was a bit strange, as if his thoughts were fighting fiercely, and after a while, he nodded.

"Okay."

"Then let's go!"

Li Weiyun smiled happily and pulled him into the car.

After Qiao Yanjue got into the car, he subconsciously sat towards the edge.

Watching his movement, Li Weiyun's eyes darkened slightly and she leaned over, continuing to hold his hand and happily asking, "How was your day?"

"It was fine." Qiao Yanjue's body tensed up, but he couldn't help but start to answer.

“That’s good, let me tell you...”

The car started and drove off in the direction it was set.

Watching the car leave, the taxi behind it also followed. Xia Xibei sat in the passenger side with an icy expression.

When she saw how close the two were, she was so angry that she almost rushed up to them.

However, she finally held back, suppressing the anger in her heart to keep watching.

With such observation, she also found something wrong.

Originally, she thought that Qiao Yanjue had moved on and that’s why he was so indifferent to her.

What happened in front of her was proof of that.

But- It wasn’t right!

If Qiao Yanjue liked Li Weiyun, he could have been with her long ago. There was no need to make such a fuss.

Looking more closely, she saw the problem.

Li Weiyun was very proactive and enthusiastic, but when she looked at Qiao Yanjue, his body and expression were stiff, as if he had no choice but to do so.

Did he have to? Was he forced by his family?

This idea was immediately rejected by Xia Xibei.

With Qiao Yanjue’s nature, how could he bend to his family’s will to do something he didn’t like?

If he didn’t like someone, he would probably kick the other person out!

However, even though his body and expression were stiff, he didn’t move Li Weiyun away. Instead, he allowed her to wrap herself around him, and even cooperated with her movements to get into the car.

Did Qiao Yanjue have other plans?

But he didn’t have to hurt himself like this!

Xia Xibei had all kinds of suspicions flashing through her mind, but none of them were answered.

Whatever the question, she had to follow them first!

Xia Xibei seemed to be emitting cold air; even the cab driver could not help but shiver.

Was the air conditioning too low?

He hurriedly turned up the heat a little.

When she arrived at the place, Xia Xibei paid and got out of the car, then

followed them upstairs.

The fancy restaurant Li Weiyun had booked looked very nice and was almost always full, usually requiring a reservation in advance.

Today, Xia Xibei was lucky enough to see a few empty seats.

She picked the seat closest to the two of them and sat down.

Chapter 802: Something's Wrong (3)

Li Weiyun pulled Qiao Yanjue to the table, then didn't move.

Qiao Yanjue also did not move, and the two of them just stared at each other with wide eyes.

Li Weiyun couldn't help it. Her eyes glanced at the chair and she pouted, "Why don't you pull out the chair for me?"

He should have acted like a gentleman!

Qiao Yanjue was so attentive to Xia Xibei in the beginning! She didn't have to say much at all and he would immediately pull out the chair, fearing that she wouldn't be served properly.

Reminded by Li Weiyun, Qiao Yanjue's body stiffened slightly and he stood for a moment before nodding suddenly and pulling the chair out.

Li Weiyun sat down with satisfaction.

Qiao Yanjue also sat down across the table with a less than natural expression.

Li Weiyun said with a smile, as if she hadn't seen it, "I even ordered prawns today!"

To be honest, Li Weiyun didn't like to peel prawns, and she doesn't need to do it herself.

However, she just had an obsession in her heart.

If Qiao Yanjue could peel prawns for Xia Xibei, why couldn't he do it for her?

She didn't believe that under her training, Qiao Yanjue would disobey her!

When he heard "prawns," Qiao Yanjue's expression obviously changed a little, then he frowned in confusion but did not say anything.

Soon, the food they had ordered arrived. In addition to the steak and salad, there was a beautiful plate of unshelled prawns, which was a bit out of place on the table.

Li Weiyun, however, was happy.

"I want to eat the prawns."

“Eat, then.”

Qiao Yanjue forked a prawn onto her plate with a natural expression.

Looking at the unshelled shrimp, Li Weiyun’s face suddenly sank.

Eat it like this?!

She took a deep breath and pouted at Qiao Yanjue, “You peel it for me! I don’t want to get my hands dirty.”

“I don’t want to get my hands dirty either,” Qiao Yanjue replied without raising his head.

1

This almost made Li Weiyun angry.

She gritted her teeth, rubbed her right hand between her left thumb and index, and said to Qiao Yanjue, “Just help me, please...”

After meeting her eyes, Qiao Yanjue’s body shook slightly. His eyes were in a bit of a trance, and he nodded his head, “Okay.”

He reached out, took the shrimp, and began to peel the shell.

Soon, a cleanly peeled shrimp landed on her plate.

“Thanks!” Li Weiyun smiled even wider.

“Eat.”

Qiao Yanjue’s smile also became much more natural.

Xia Xibei was not far away from them, and with her sharp ears and eyes, she naturally saw the situation clearly.

This strange situation made her eyes narrow slightly and her expression was a bit unkind.

Xia Xibei ate absentmindedly while watching them.

During the meal, she noticed that Qiao Yanjue often had a reluctant and unnatural expression, but after meeting Li Weiyun’s eyes, he quickly changed.

And Li Weiyun often touched her left hand between her thumb and forefinger.

Such a strange scene gave Xia Xibei a different idea.

Finally, they had finished eating.

“Let’s go back.”

Li Weiyun continued to hold Qiao Yanjue’s hand, enjoying their closeness.

Qiao Yanjue also became much more submissive.

"I'll go to your place tonight," Li Weiyun said with a smile.

However, the moment these words came out, Qiao Yanjue's reaction was a bit dramatic.

"No!"

His expression was cold and hard, his eyes were fierce, and it was obvious that he was very unhappy with this idea.

Li Weiyun was also startled and shook her head hurriedly, "If not, then I won't go. You don't have to be anxious."

Being soothed by her, Qiao Yanjue also slowly calmed down.

"Okay."

Chapter 803: This Will Definitely Work

Two days later, Li Weiyun immediately became excited when she received a call from Qiao Yanjue.

She was even more excited when he asked her out for dinner.

Great! It was finally working!

In the midst of her excitement, the phone rang again.

It was Xie Dongqing.

"Cousin."

Her voice shook a bit.

"What's the good news?"

Xie Dongqing immediately picked up on her good mood.

"Yanjue asked me out!" Li Weiyun said immediately.

"That's great!" Xie Dongqing was happy for her. "I told you, this trick definitely works!"

"Well, thank you!" Li Weiyun was very happy. "Luckily, I listened to you!"

In the beginning, she was trying to target Xia Xibei.

However, Xie Dongqing reminded her that even if she got rid of Xia Xibei, who knew when the next Xia Xibei would appear?

Instead of wasting her time on women, she should take care of Qiao Yanjue!

This was called capturing the leader to win!

Li Weiyun was instantly enlightened by this statement.

Exactly!

What did it matter about Xia Xibei? Getting Qiao Yanjue to fall in love with her was the most important thing!

So, she spent a lot of money and effort to obtain two parasites from the master- the so-called love worms.

They were a female worm and a male worm.

After that, with the cooperation of some other people, she managed to plant the male worm in Qiao Yanjue's body, but had to wait for almost a month before Qiao Yanjue slowly reacted.

This showed the strength of Qiao Yanjue's willpower, but also his deep love for Xia Xibei. Otherwise, he should have changed his heart a long time ago.

Qiao Yanjue's change of heart was so slow that Li Weiyun became annoyed.

However, she was also looking forward to it.

A man of Qiao Yanjue's nature, if he was really turned around, would be absolutely devoted to her!

Fortunately, after waiting for so long, she finally got to see Qiao Yanjue soften toward her!

"Well, aren't you guys going to eat? Hurry up," Xie Dongqing laughed.

"Hmm..." Li Weiyun nodded and teased, "Didn't you also ask out Brother Jiang, cousin?"

When these words came out, Xie Dongqing was silent for a moment on the other end.

Unlike Li Weiyun's progress, the situation with Xie Dongqing was not so good.

Jiang Liran was busy with his work these days.

What was more important was that Jiang Liran's health seemed to be getting better!

Moreover, they were already getting ready to marry before, but Jiang Liran was postponing the date.

He said that he wanted to wait until he was completely well before marrying her. Otherwise, if something went wrong, wouldn't it drag her down?

Xie Dongqing was helpless.

She wanted to say that she wanted to get married quickly. After the wedding, it would be better if Jiang Liran died.

However, she did not dare to say so.

She still had to maintain her carefree persona.

In order to gain Jiang Liran's trust, she also had to transfer some of her business to him as well.

Jiang Liran was really happy about it, however, the marriage was postponed.

Xie Dongqing was furious!

However, she couldn't say anything in front of Li Weiyun.

"Well, I'm getting ready to go out, too. I have to go."

"Okay, bye."

Li Weiyun hung up the phone cheerfully and started to dress up in earnest.

After getting dressed carefully, she saw Qiao Yanjue's stunned gaze, which made her feel satisfied.

What made her even happier was that Qiao Yanjue's attitude toward her was so much gentler than before!

It was as if he had turned his previous attitude towards Xia Xibei onto her!

As she was being treated so tenderly, she almost wanted to cry.

This parasite worked too well!

Chapter 804: I Can Help You

Li Weiyun was mesmerized as she enjoyed Qiao Yanjue's tenderness toward her.

Sure enough, after Qiao Yanjue's "change of heart," all of his tenderness was hers alone!

This kind of feeling was really wonderful!

"When are we going back to see your parents?" Li Weiyun couldn't help but say after her delight.

At these words, Qiao Yanjue stiffened invisibly for a moment, then smiled.

"Not yet."

"Why not?" Li Weiyun wondered. "Don't you want to be with me?"

Qiao Yanjue shook his head and sighed, "As you know, I've been very busy lately. If I don't take care of the matter at hand, then..."

Although he did not say anything further, the heaviness in his words made Li Weiyun stay silent along with him.

Indeed, the Qiao family was not yet under Qiao Yanjue's control. It wasn't so easy for him.

After Qiao Yanjue came back to the Imperial Capital, he had been very busy trying to occupy a place in the Qiao Group.

"But if we were together, wouldn't you have more leverage?" Li Weiyun said seriously.

If they were together, the Qiao-Li family would have an alliance, and Qiao Yanjue would have more leverage. Then the Qiao family fortune would be his!

Qiao Yanjue shook his head, "No, I can't give anyone a promise until it works out."

Li Weiyun's expression was a bit strange, the corners of her mouth twitching.

What did he mean he couldn't give anyone a promise?

Then what was his situation with Xia Xibei before? Why didn't he say that he would only commit if he succeeded at that time?

Although she was upset, Li Weiyun did not complain.

At this time, there was no need to have a disagreement over these things.

Moreover, although Qiao Yanjue was attracted to her, it was not stable enough, at least not to quarrel willfully.

Besides, Qiao Yanjue was already hers now, so what was the point of obsessing over what happened before?

"Li Weiyun was silent for a while before asking, "What are you working on now?"

"The Land King project in D City."

The Qiao Group was involved in many industries.

Many large companies did not work in a single industry and were involved in various fields.

For example, the Li family, in addition to being a leader in the jewelry industry, also dealt in real estate.

The Land King project in D city was exactly the project they were competing for.

If they could take this project, they would be able to go to the next level.

This was equally important for the Qiao family too.

The two families had a good relationship before, but when it came to competitions, no one was willing to let go of the prize.

"Don't worry, I will try to do a good job," Qiao Yanjue smiled and comforted her. "In a few days, I have to go back to G City first..."

"No!" Li Weiyun said immediately, reacting a bit fiercely.

This made Qiao Yanjue a little surprised.

"What's wrong? Why not?"

Why not?! Xia Xibei was in G City!

Although Qiao Yanjue had the parasite insect controlling him and was more and more disgusted with Xia Xibei, even ready to break up with her, if he went back and was pulled back by Xia Xibei, what could she do?

If Xia Xibei found out that something was wrong with him, it would be a problem.

No way!

“You don’t have to go back, I can help you,” Li Weiyun said seriously.

“How are you going to help me?”

“Just wait.”

Li Weiyun gritted her teeth and thought for a while, then quickly came to a decision.

“Don’t do anything crazy!” Qiao Yanjue said gently, with just a trace of coldness in his eyes.

“Don’t worry, I know what to do,” Li Weiyun replied with a smile.

The two of them looked at each other and smiled; they looked quite harmonious.

Chapter 805: Getting Sweeter

After a week, Li Weiyun and Qiao Yanjue’s relationship was getting sweeter and sweeter.

Li Weiyun received calls from Qiao Yanjue every day, who told her to eat well, rest well, and not to tire herself out.

Although Qiao Yanjue was very busy and they seldom saw each other afterwards, Li Weiyun was feeling warmer and warmer.

It turned out that Qiao Yanjue could be so gentle and sweet.

Of course, she couldn’t help but be heartbroken.

Qiao Yanjue was also this gentle to Xia Xibei before, right?

When she thought about how Qiao Yanjue had been so gentle and caring to another woman before her, she couldn’t help but feel angry and hated Xia Xibei even more.

Although Qiao Yanjue liked her now, she felt uncomfortable when she thought that Qiao Yanjue had been the same way towards Xia Xibei.

How could someone else touch something that belonged to her?!

The better Qiao Yanjue was to her, the more dissatisfied she was with Xia Xibei.

Since she was unhappy, she wanted to vent!

Li Weiyun thought about it and decided to snatch the SY entertainment company from Xia Xibei.

Xia Xibei was an artist of the SY company. If she became Xia Xibei's boss, it would be a good show.

However, when she went to check and found out that SY was under Qiao Yanjue's name, she exploded.

When did Qiao Yanjue become the owner of the SY company?!

How come Xia Qinghan didn't say anything about it?

When Qiao Yanjue suddenly intervened in the entertainment industry, which had nothing to do with the Qiao Group, was it only because of Xia Xibei?!

Qiao Yanjue did all this for Xia Xibei!

Li Weiyun's heart hurt even more.

What kind of magic did Xia Xibei have that made Qiao Yanjue treat her so well?

Li Weiyun hated her so much that she gnashed her teeth and decided that she must take care of Xia Xibei!

However, before she could do so, she had to get her hands on ownership of SY first.

So, she mentioned this matter to Qiao Yanjue.

"You want the SY Company?" Qiao Yanjue looked at her in surprise. "Why? Aren't you quite busy with your work now?"

"Yes, but I also want to do something for fun!" Li Weiyun pouted. "I think the entertainment industry is quite fun. Just let me enjoy myself!"

"No."

Unexpectedly, Qiao Yanjue firmly refused.

Before Li Weiyun could get upset, he explained, "You are a pampered girl, you don't need to bother with these things. Besides, you are already so busy now, how can I make you even more tired?"

Hearing him speak so nicely, Li Weiyun's mood finally got a little better.

"You really think so?"

"Of course." Qiao Yanjue looked serious, then patted her shoulder. "Well, I still have things to deal with on my side."

He showed his fatigue

"In two days, I'll have to go to D City. I hope I can win this time!"

Hearing this, Li Weiyun also turned her attention back from SY and was a bit worried.

"Are you exhausted?"

"It's okay," Qiao Yanjue said as he rubbed his brow.

Li Weiyun then realized that the circles under his eyes were a bit dark. Obviously, he hadn't rested well in the past few days.

She was immediately distressed.

"Don't work so hard!"

"If I don't work hard, how can I succeed? If I don't succeed, how can I commit to you?"

Li Weiyun felt warm inside, and she couldn't help but lower her head shyly, not noticing Qiao Yanjue's cold eyes.

She hesitated for a moment and finally gritted her teeth, "I can help you!"

Qiao Yanjue, however, seemed not to notice her hesitation and laughed.

"There's really no need. Okay, I know you feel sorry for me. You can go back first. I still have to keep working overtime."

Li Weiyun left but came back the next day.

After handing over the quote she stole to Qiao Yanjue, Li Weiyun felt as if she had accomplished something big and couldn't help but breathe a sigh of relief.

Chapter 806: Who is the Leak?

After two days, Li Weiyun received the news.

The Qiao Group had won the project!

Li Weiyun was overjoyed! Qiao Yanjue had really succeeded!

When the news came out, the employees of the Li Group in charge of the project were very upset that they had failed!

The worst part was that the Qiao Group had taken the project for a slightly higher price than they had!

When they found out, everyone was furious, thinking that someone must have leaked the information! Otherwise, how could it have been such a coincidence?

If the Qiao Group had a much higher offer, it would have been fine and they would have conceded.

But it was just by a little bit! A little bit!

If there was no foul play here, who would believe it? How could it be such a coincidence?

Li Sheng was furious and ordered a thorough investigation.

After the investigation was concluded, no one in the project was found to be guilty.

Since there was no problem with the company's employees, it must be someone in the family.

After some checking, he finally found out what was wrong.

Someone had been in his home office!

After checking the video from the hidden camera, Li Sheng was stunned.

The person who went in was Li Weiyun! Impossible!

Impossible as it seemed, he immediately called Li Weiyun over and played the video for her.

“Do you have anything to say?” he asked with a cold face.

After seeing the video, Li Weiyun was shocked. Her expression changed drastically, and she shook her head with difficulty.

“It’s not me, I didn’t...”

However, her reaction had betrayed her.

Li Sheng was furious and slapped her face.

“I can’t believe it’s really you! You’re insane!”

They had put so much effort into this project! However, Li Weiyun had ambushed them!

“Tell me! Did you leak the project plan?!”

Li Sheng was so angry that his chest hurt.

How could he have such a pathetic child as his offspring?!

Li Weiyun covered her already red and swollen face and sobbed. Under Li Sheng’s angry gaze, she could only bow her head.

“Yes... It was me...”

Li Sheng was so angry that he almost slapped her again, “Have you lost your mind?!”

“Who did you give the project plan to? Qiao Yanjue?”

Li Weiyun nodded nervously, but then explained, “But it doesn’t affect us!”

Li Sheng’s eyes widened at this comment.

“What do you mean it doesn’t affect us?”

Did he hear wrong?

This project was in the hands of the Qiao family, and it had no effect on the Li family? Was she kidding!

“We will become a family sooner or later anyway!” Li Weiyun put down the hand covering her face and stuck out her neck. “It doesn’t matter who owns the project!”

Li Sheng was even more confused.

“What do you mean? Sooner or later we will become a family? Explain yourself!”

Li Sheng thought he must be getting old and starting to get confused. Otherwise, why didn't he understand what Li Weiyun was saying?

“Qiao Yanjue doesn't like you, so how can we become a family?”

It wasn't that Li Sheng looked down on his daughter, but Qiao Yanjue was oblivious to her!

His daughter was a beautiful girl, outstanding in every way, and both families were on par, but Qiao Yanjue didn't like Li Weiyun!

It was obvious that Qiao Yanjue was simply blind!

So how could they become a family?

“He likes me!” Li Weiyun immediately retorted.

“Since when did he like you?”

“Since now!” Li Weiyun's expression was firm. “He already likes me!”

Li Sheng frowned, “Make it clear to me!”

Chapter 807: What Guarantee Do You Have?

At the mention of Qiao Yanjue, Li Weiyun blushed shyly but was still firm.

“We are together now and will soon be married!”

Li Sheng's eyes were about to bug out.

This made no sense.

How were they going to get married?! How did he not know any of this as her parent?

Li Weiyun's expression was sweet as she continued to say, “You know that his position in the Qiao family is not really stable, so if he gets this project, his standing will be solid. And after we get married, our families can work together!”

The more she spoke, the happier she became.

“By then, won't our two families be able to make money together? The project is merely in the hands of the Qiao family for now, but we are not at a loss!”

Li Sheng was so angry that he almost had a stroke.

Li Weiyun felt like a stranger.

This was not his own daughter! Li Weiyun used to be very smart!

The previous Li Weiyun was the Li family's eldest daughter, whom everyone adored and admired. She was educated, intelligent, and impeccable in all aspects.

It could be said that Li Sheng valued her more than the undisciplined Li Feiyun.

How did such a smart kid become so stupid?

She thought she could give the project to Qiao Yanjue, then she would get married to Qiao Yanjue and the two families would work together?

It sounded good, but it was not that easy to implement!

Besides, it was safer to keep the cake in your own hands!

What the hell was wrong with Li Weiyun that she dared to give this project away? And with such a tactic!

Was she under a spell?

Li Sheng was so angry that he was a bit dazed. He hurriedly sat down so that he wouldn't collapse.

He was glad that he did not have a heart or brain condition. Otherwise, he would have had to call an ambulance by now!

Li Weiyun saw her father's reaction. She was anxious and immediately said, "Dad, don't worry..."

"Bullshit!" Li Sheng was so angry that he slapped the table, with a rare burst of foul language. "How can I not be angry? How can you be sure that Qiao Yanjue will do as he is told?"

How could a good daughter go crazy like this?

Li Weiyun immediately assured, "I am sure!"

"What guarantee do you have?" Li Sheng looked at her daughter in distress. "When did you get together? When will you get married? Even if you're married, you can't be so mindlessly sacrificial and devoted, and you're not even married yet!"

She was costing them money!

She was not even married yet, but she was already thinking of moving the good stuff over.

If they really got married, wouldn't that be the end?

Li Weiyun blushed but still had a resolute attitude.

"Dad, you really don't have to worry, he'll come over in a couple of days to propose marriage! And I guarantee that he will definitely not refuse to cooperate with us!"

"How do you guarantee that?"

"With his love for me!" Li Weiyun said shyly.

The corners of Li Sheng's mouth twitched and he wanted to crack her head open.

What nonsense was this?! What did she mean by his love for her?!

"Dad, just relax... Argh!"

Li Weiyun was still finishing her words when she suddenly covered her heart and bent down, her face pale.

Her reaction scared Li Sheng a lot and he immediately jumped up.

"What's wrong?! Are you feeling okay?!"

Li Weiyun could no longer speak, and she curled up as the pain in her heart began to spread throughout her body, as if all of her tendons were being viciously stretched!

It was too painful!

Li Sheng was in a panic as he fumbled for his cell phone and started calling an ambulance.

When they arrived at the hospital, there was a lot of fuss, but the doctors couldn't find anything wrong.

When Li Weiyun woke up, she was a bit strange.

Chapter 808: Where is the Love Spell?

As soon as Li Weiyun woke up, she immediately looked at her hand, then widened her eyes in horror.

The black spot on her hand, which was like a small mole, was gone!

It was gone!

She thought she was mistaken and looked several times, but she still couldn't find the black spot!

Touching her heart, she got chills all over.

Where was the parasitic insect?

Right away, she couldn't help but feel sick. She opened her mouth to vomit, spewing a foul-smelling liquid all over the ground.

The room smelled horrible all of a sudden.

Li Weiyun's mom almost died of shock when she came in.

"Yunyun, what's wrong?!"

Li Weiyun's mom immediately rushed to her daughter, only to see her face become ashen.

Li Weiyun's mom was almost scared out of her wits, rushing to ring the bell and get the doctor to come over.

"I thought you said she was fine?! What the hell is going on here?!"

Li Weiyun's mom was so anxious that she jumped to her feet, going crazy.

The doctor was flustered by her and hurriedly started the examination.

After the examination, however, the doctor's expression was a bit strange. "There's nothing wrong!"

Li Weiyun's mom was furious.

"How is this not a problem? What do you even know? Get me someone else!"

Li Weiyun was vomiting blood, and there were clots in the blood! How could the doctor say she was fine?!

Their argument did not affect Li Weiyun, who still looked pale.

Li Weiyun lay frozen on the bed for a moment, then struggled to get up.

"I need to go!"

"Why are you leaving now?" Li Weiyun's mom got anxious. She stopped condemning the doctor's incompetence, and immediately grabbed her. "You're not feeling well now, so where can you go?!"

Li Weiyun's eyes were a little dull, but she was very determined.

"I have to check something!"

Something must have happened! Otherwise, the parasitic insect would not have disappeared!

She struggled to get up from the bed, but was stopped by everyone and could only let out a feeble wail.

"I want to go! Let me out!"

Li Weiyun's mom was about to cry. What the hell was wrong with her child?!

After some struggling, the doctor gave her a sedative to put her to sleep.

By the time Li Weiyun woke up again, it was dark, and there was an extra person in front of her.

"Cousin?"

Li Weiyun looked in surprise at Xie Dongqing, whose face did not look too good either.

If there were other people here, they would have noticed that the two sisters had the same unpleasant face!

Xie Dongqing squeezed out an ugly smile, "You're awake?"

Li Weiyun nodded in a daze, then suddenly woke up with a start.

"Love Spell!" She raised her hand to look and her eyes widened again. "Where's the Love Spell?!"

Xie Dongqing's face was also grim as she spoke, "Just take it easy..."

“Where is the Love Spell?! Where did it go?!”

Li Weiyun did not calm down, becoming very agitated instead.

Her face was pale, her lips were colorless, and her expression was manic, making her look very frightening.

It took Xie Dongqing quite a while to subdue her, leaving herself a mess as well.

“Where’s Yanjue? Why hasn’t he come to see me?”

Li Weiyun was lying on the bed, still mumbling, her eyes out of focus.

She looked as if she had lost her mind.

Xie Dongqing’s heart was seized with a fierce chill. This was terrible!

She finally knew what the master said before about the aftermath of the Love Spell!

Li Weiyun was really smart before, but now, under the influence of the Love Spell, her whole person was affected.

Her IQ was even more strongly affected! It had simply plummeted!

But Xie Dongqing was curious, how did Qiao Yanjue break it?

This was a spell with a parasitic insect!

Chapter 809: Controlled

It all started more than a week ago.

After separating from Li Weiyun, Qiao Yanjue went back to his house.

Although the Qiao family mansion was in the Imperial Capital, he also had his own place and usually lived by himself.

After he closed the door, he lazily lay on the sofa, his eyes a little dazed.

It always felt like something was wrong.

At work, he was still intelligent and had no problems. However, when he was with Li Weiyun, he always felt awkward.

The feeling of being invisibly controlled made him feel more and more uncomfortable.

However, he couldn’t say what the problem was.

He took out his phone, swiped it twice, and put it down again.

What was he going to do? Why could he not think of it?

This feeling of being trapped and unable to escape stifled him so much that he wanted to yell. Suddenly, he turned and stood up from the sofa, quickly rushing to the door.

There was a clicking sound from the door, then it opened and someone rushed in.

Qiao Yanjue swung out his fist, but he was stopped.

He couldn't help but be stunned. This little thief was able to block his attack?

When he got a clear look at the thief, he was even more surprised.

"It's you?!"

The person who came was none other than Xia Xibei.

After blocking Qiao Yanjue's attack, Xia Xibei didn't stop there. Her hand flipped and she seized his wrist.

In the next second, her face changed abruptly and she slapped away his hand, then her palm landed hard on his chest.

Qiao Yanjue let out a muffled grunt, covered his chest, and took a step back, spitting out a small mouthful of blood with a horrified expression.

However, his fuzzy head felt much clearer at this moment.

"Beibei?!"

Why did she do this to him?

Qiao Yanjue looked at her incredulously, filled with confusion.

After Xia Xibei slapped him, she stopped. Only, her face didn't look too good.

She finally confirmed her suspicions.

Qiao Yanjue had really been hit by a parasite!

He had a parasitic insect inside him, and it was this parasite that compelled him to become like this!

As for the other insect...

Naturally, it was in Li Weiyun's body!

Xia Xibei followed them around for two days to keep an eye on them, which further confirmed her suspicions.

When Qiao Yanjue was at work, his expressions and reactions were the same as usual, still as steady and decisive.

However, as soon as he was with Li Weiyun, he seemed to be a different person.

It was as if he was two people at once. He was obviously unwilling to do it, but he did it anyway.

This strange behavior was because he had an insect compelling his behavior.

“Beibe?”

Qiao Yanjue covered his chest and felt the taste of blood in his mouth, a little upset.

They hadn’t seen each other for so long, and the moment they met, she slapped him and made him spit up blood!

This was unacceptable!

At the same time, a bizarre thought popped up in his mind- Hit her back! Hit her! This kind of woman should be beaten!

Once this thought came up, he was shocked.

How could he possibly have such a terrible thought?!

His expression began to distort and he began to struggle again.

Xia Xibei’s heart jumped and she immediately pulled him onto the sofa.

“Lie down!”

Then she took out a pack of silver needles from her pocket and pulled his clothes up.

“Don’t move!”

Qiao Yanjue’s body tensed up as if he wanted to jump, but he desperately made himself stay still. For a while, not only was his body tense, but his mind was confused too.

Feeling the stiffness of his body, Xia Xibei’s reaction was quick.. Her fingers moved rapidly, silver needles quickly falling into his chest.

Chapter 810: Female and Male Insects

As Xia Xibei worked, Qiao Yanjue slowly relaxed, and his face looked much better.

Soon, his face began to turn red, so red that it seemed to drip blood. Then it turned purple, and quickly turned black, looking really horrible.

Xia Xibei’s hands kept moving. One by one, the silver needles pierced his chest.

If someone was here, they would have noticed that the silver needles were not in a disorderly manner, but were put into a pattern.

Finally, the silver needles circled around Qiao Yanjue’s navel to form a circle.

When the silver needles were lined up, a part of the skin under Qiao Yanjue’s heart suddenly rose up, as if there was something underneath.

Then, something small followed the path lined up by the silver needles and began to move forward.

Finally, the small thing reached the navel and stopped moving.

Xia Xibei dropped a few more silver needles and the bump went down, as if all the previous weirdness was an illusion.

Xia Xibei's face was grave, frowning, and she began pulling out all the silver needles.

Qiao Yanjue's face also slowly returned to normal.

After a while, he sat up, his expression gloomy.

"What's wrong with me?"

Xia Xibei worked hard here, and if he did not realize there was a problem, then he was really stupid.

"You've been infected with a parasitic insect which compels you."

Xia Xibei did not hide the truth from him.

"Compulsion?"

Qiao Yanjue was shocked.

He felt like he heard wrong! How could something so ridiculous have anything to do with him? When did he get hit?

However, if Xia Xibei dared to say such a thing, then it must be true.

He had seen her medical skills before, and had no doubts about her judgment.

But this was too ridiculous!

He was obviously very careful with everything! How did he get hit?

Xia Xibei's face did not look pleasant as she explained, "This is called a Love Spell."

"Love Spell?"

The name sounded bad!

Sure enough, Xia Xibei went on to explain.

"This compulsion is divided into female and male insects. It is usually used on a target that is otherwise not accessible. After being hit by the compulsion, one is attracted to the other person and would commit oneself wholeheartedly."

Qiao Yanjue's face was already as gloomy as the bottom of a pot.

“The one in you is a male insect, and it will affect your emotions and feelings. When you are close to the female insect, your emotions will be uncontrollable and you will want to get close to the female insect’s host.”

So that was why Qiao Yanjue would accept Li Weiyun’s closeness.

It was all because of the male insect’s influence!

Qiao Yanjue’s breathing also became ragged and his eyes went red.

“That’s why I was so resistant to you!”

Now that the male insect was under control, he remembered how cold he was to Xia Xibei before.

Obviously, he wanted to talk with Xia Xibei, but under the influence of the male insect, he was very impatient and cold.

Thinking back on his previous behavior, he was an awful person!

If Xia Xibei had a bigger temper, she might have broken up with him!

“I’m sorry!” he said to Xia Xibei.

Xia Xibei froze for a moment, then showed a relieved and joyful smile.

She didn’t expect Qiao Yanjue to be more concerned about her mood than the Love Spell.

“I’m fine. Actually, you’ve done very well.” She explained, “If it was anyone else, they would have completely betrayed me long ago. It’s not easy for you to hold steady.”

It was apparent that Qiao Yanjue’s willpower was stronger than others. Otherwise, he would have completely changed long ago and not needed to struggle or hesitate.

While Xia Xibei said so, Qiao Yanjue did not feel relieved by this. Instead, he was very angry.

“Damn that Li Weiyun!”

Chapter 811: Won’t Let Her Feel Better

Qiao Yanjue didn’t know how he had been hit, but it was definitely Li Weiyun’s doing!

Thinking about how close and loving he was to Li Weiyun when he was with her before, he wanted to slap himself!

He also became even more disgusted with Li Weiyun.

Before, although there was no possibility between him and Li Weiyun, he just stayed away from her and didn’t want to do anything.

But now, after encountering this kind of thing, how could he still keep this kind of attitude?

Qiao Yanjue shuddered at the thought of being controlled by such tactics, being with someone he didn’t love, and possibly having to spend the rest of his life with her.

“Has the compulsion been fixed?” he asked.

“Not yet,” Xia Xibei shook her head. “A special herb is needed to force the insect out.”

Qiao Yanjue frowned. “What herb?”

“Thousand Layer Grass.”

“You can ask Old Huo for help.”

The Huo family was in the medicinal herb business, so they should have a way in.

“Hmmm,” Xia Xibei nodded. “But don’t worry, I’ve controlled the male insect. It will be fine for now.”

“Is this the only method we could use?” Qiao Yanjue asked. “Isn’t it possible to kill the female insect?”

Didn’t she say that if the female insect died, its offspring would also die?

If they killed the female insect, the male insect would not survive either.

Instead, Xia Xibei asked, “Can you just kill Li Weiyun?”

This question made Qiao Yanjue’s face turn grim.

Could he kill Li Weiyun?

No, he couldn’t.

Their society was one with the rule of law, so they could not kill easily.

Moreover, if he killed Li Weiyun, who could guarantee that he would not be found out?

When the time came, he would have to be mortal enemies with the Li family.

Although it felt stifling, it was true that one could not retaliate so wantonly.

“If we can’t kill her, then we have to use this method.”

Xia Xibei was also very angry.

Li Weiyun actually used this kind of underhanded trick!

If she didn’t have some skills and noticed that something was wrong, rushing over immediately, Qiao Yanjue would have been with Li Weiyun by now.

If that were the case, she would have been sick to death!

If Qiao Yanjue was impressed by Li Weiyun and thus voluntarily chose to be with her, Xia Xibei wouldn’t have hated Li Weiyun.

After all, the choice was made by Qiao Yanjue. If men wanted to change their minds, what was the point of punishing other women?

However, Li Weiyun had used such sneaky means to snatch Qiao Yanjue, which stepped on Xia Xibei's bottom line!

"Don't worry, I'll take care of the compulsion." Xia Xibei patted his hand and said soothingly, "It will just take some time. And it's going to be hard on you for a while"

Qiao Yanjue froze for a moment, then reacted.

So he would have to suffer a little bit.

As long as the male insect was not removed, he would have to pretend to be with Li Weiyun.

The thought of getting close to Li Weiyun made him feel sick!

He immediately looked at Xia Xibei with resignation.

"How can you bear to let me get close to another woman?"

"Of course I can't." Xia Xibei smiled and touched his face. "But we have no other way. And if we act rashly, she may control the female insect and make the male insect in your body riot. At that time, both of you could be destroyed!"

Xia Xibei's eyes flashed with a trace of ruthlessness.

Since Li Weiyun dared to use such tricks, naturally she must bear her wrath!

Qiao Yanjue clenched his fist, his eyes equally icy cold, and quickly made a decision.

"Okay, I know what to do on my side."

He hugged Xia Xibei and gave her a kiss, "Don't worry, I won't let her get away with it!"

Since she dared to plot against him, she should be prepared to lose a lot!

Chapter 812: Playing the Game

Since they couldn't kill Li Weiyun, they had to make her suffer a great loss, one which would be worthy of her "intention!"

Over the next few days, Qiao Yanjue regularly called Li Weiyun to check on her.

Of course, there was nothing more in-depth, and he avoided seeing her often so as not to reveal himself.

Although it was necessary to act in love, there was no need for it to be so deep and real.

It was just as well that Qiao Yanjue was really busy these days with the land king project in D City.

Li Weiyun did not suspect anything. After all, the Love Spell was so magical, so who would really know about it?!

Therefore, Li Weiyun could not even imagine that the Love Spell was now controlled by Xia Xibei.

Although the compulsion could not yet be removed immediately, it did not affect their actions.

Moreover, Li Weiyun did not know that the Love Spell was actually a two-way weapon.

Li Weiyun used the female insect to influence the male insect, but she didn't know that the male insect could also control the female insect.

Why was this kind of parasitic insect scarce? There was a natural reason for this!

One's physical and mental health would definitely be affected by the use of compulsion insects.

Qiao Yanjue could be influenced by the male insect, and thus change his attitude towards Li Weiyun.

In turn, Li Weiyun could be controlled by the female insect, and her feelings for him would grow deeper and deeper.

The word "spell" explained the crux of the matter.

The Love Spell entangled both people.

If there was nothing unexpected, Li Weiyun and Qiao Yanjue would both be influenced by the compulsion and slowly lose their sense of reason in love.

In other words, they would always be "in love," and no matter what others did, their relationship would not be affected.

However, Li Weiyun clearly knew the origin of their relationship, while Qiao Yanjue was blinded.

At a later stage, in the eyes of others, they would become fools whose minds became confused after meeting each other.

Once their emotions were affected, they would also be affected by other things.

That is, as the saying goes, they would have a much lower IQ.

Now that the male insect in Qiao Yanjue was under control, his IQ would naturally not be affected too much.

However, Li Weiyun was affected much more.

This was why she tipped off Qiao Yanjue.

Under the influence of the compulsion, she was only thinking of Qiao Yanjue and would do anything for him.

Of course, in the eyes of others, she became a brain-dead money-loser.

Qiao Yanjue was angry, so naturally he would not refuse Li Weiyun's "dedication."

In fact, even without Li Weiyun's help, he could have succeeded in winning the Land King project, but it would have taken more effort and money.

However, since Li Weiyun herself took the initiative to come to his door and help him, why should he refuse?

Since she dared to do this kind of thing to herself, she had to bear the consequences!

After successfully taking the project, when he received a call from Li Weiyun, Qiao Yanjue's voice became cold.

"Sorry, we have nothing to do with each other. Please don't disturb my life."

After saying that, he hung up the phone.

On the other end of the phone, Li Weiyun had already broken down

If the male insect was killed, the female insect naturally could not live.

Xia Xibei found the Thousand Layer Grass, which killed the male insect, so the female insect in Li Weiyun died a horrible death.

As the insect's host, Li Weiyun was also affected.

She seemed to have declined terribly, in both her mind and body.

Of course, Qiao Yanjue didn't care about Li Weiyun's pain. It wasn't as if she was dead.

He still had more to do.

First, he had to find out who was helping Li Weiyun!

Chapter 813: Who Intervened

Qiao Yanjue soon discovered the person who did it after an investigation.

In fact, there was no need for him to investigate much; the other party revealed themselves.

The Land King project in D City was one of the Qiao Group's priorities. As early as a few months ago, Qiao Yanjue had begun to work on it.

Even when he was in G City before, he did not slack off.

After he seemed to be getting better and better after working hard for several months, someone naturally got anxious.

This person was his elder brother, Qiao Weiyue.

In fact, long before that, Qiao Weiyue had plotted against Qiao Yanjue.

When Qiao Yanjue first met Xia Xibei, he was being attacked by Qiao Weiyue's people.

Now, as the Land King project was about to be successful, Qiao Weiyue was of course even more anxious, always looking for ways to intervene.

However, Qiao Yanjue was not easy to mess with and did not give him the opportunity to interfere.

It was just that Qiao Yanjue didn't even think that Qiao Weiyue would cooperate with Li Weiyun!

These two people had nothing to do with each other before!

Only after careful investigation did Qiao Yanjue discover the exact reason- Qiao Weiyue might have been fooled!

"Fooled?" Xia Xibei looked puzzled. "What do you mean?"

Qiao Yanjue sneered, "He probably thought that it was just a poison."

Xia Xibei had said before that it was not too difficult to put the Love Spell on someone, they just had to ingest the insect eggs.

Before the compulsion insect hatched, its eggs were very small, colorless, and tasteless. Like a powder, it easily dissolved in water without attracting attention.

Qiao Weiyue had thought that it was a drug that would affect a person's mind, and after eating it, it would have a dramatic effect on one's intellectual and mental state.

If Qiao Yanjue's thoughts were confused after taking this poison, he naturally couldn't handle the Land King project, and it would have to be handed over.

Moreover, this project was halfway done, so if Qiao Yanjue could not afford to continue, he could take all the credit!

By then, he would have gotten the Land King project, and his position in the Qiao Group would be secure.

But how could he have known that this was not a poison, but a compulsion?!

And it was a compulsion that would affect both sides!

What's more, he could not imagine that Qiao Yanjue would not be affected, but Li Weiyun would be controlled and actually take the initiative to give him the information.

Now, not only did Qiao Yanjue not lose, he even succeeded!

If Qiao Weiyue hadn't sneered at Qiao Yanjue before, Qiao Yanjue wouldn't necessarily have suspected him.

After Qiao Yanjue found out he was under a spell earlier, he started to look around just in time to find out that something was wrong with Qiao Weiyue.

When he won the project, Qiao Weiyue's reaction became even more intense.

"He even scolded his wife, saying she had lied to him."

Speaking of which, Qiao Yanjue couldn't help but snicker.

"This has something to do with his wife?"

Xia Xibei was a little surprised, but it made sense.

Qiao Weiyue's wife, Wan Yunfei, was definitely his match made in heaven; they were both snakes.

"Right," Qiao Yanjue hummed. "Wan Yunfei and Li Weiyun also had dealings, so it's only natural that they would work together."

After all, they didn't live far from each other and were in the same circle, so it was normal to have interactions.

He just didn't know how Li Weiyun had actually fooled Wan Yunfei, and how Wan Yunfei told Qiao Weiyue.

If it wasn't for Xia Xibei, Qiao Yanjue would have really fallen into the pit they created for him!

Xia Xibei smiled coldly, then asked, "Then what are you going to do?"

"Naturally, it's an eye for an eye." Qiao Yanjue curled his lips.. "It seems that I was too nice before."

Chapter 814: Master Lu

"Have you ever seen Xia Qinghan with them before?" Xia Xibei suddenly asked.

"Xia Qinghan?" Qiao Yanjue frowned, thought for a moment, then nodded. "Yes, I have seen her once before. Two weeks ago, I think. She came for a visit."

That time, the family was eating at the old mansion.

Qiao Yanjue was not there, but he heard about it.

"She has a good relationship with your elder brother and all, right?"

Xia Xibei used an affirmative tone.

Xia Qinghan was Qiao Haoming's fiancée, so wasn't she family to Qiao Weiyue?

"You mean..." Qiao Yanjue immediately understood, his eyes narrowing dangerously. "She's in on it too?"

"I think so," Xia Xibei nodded. "I'm having someone keep an eye on her now, we should have news soon."

She always felt that Xia Qinghan had secrets, so she had asked Gou Yi to keep an eye on her.

Xia Xibei had worked with Gou Yi before.

Gou Yi originally did not want to cooperate, but Xia Xibei impressed him with her strength.

The mask Xia Xibei brought was amazing!

With this mask, plus some occasional information provided by Xia Xibei from nowhere, he was now able to find a lot of powerful and big news, becoming a well-known paparazzi.

So, he was slowly convinced.

Xia Xibei had asked him to keep an eye on Xia Qinghan, saying he would definitely find big news, so he went.

He took a picture of Xia Qinghan and Hong Zhenhan fighting, but didn't release it immediately. After all, it wouldn't have much effect if he used it now.

So, he continued to follow Xia Qinghan.

However, Xia Qinghan was appeased by Qiao Haoming and was now quite calm, so there were no new developments on Gou Yi's side.

Thinking of Xia Qinghan's relationship with Li Weiyun, and then thinking of Xia Qinghan's relationship with the Qiao family, Xia Xibei felt that Xia Qinghan definitely had nothing to do with it!

When she thought of Qiao Yanjue almost being snatched away, Xia Xibei couldn't help but smile coldly.

The two of them exchanged a heartfelt smile and looked at each other, everything unspoken.

On the other hand, Li Weiyun suffered greatly and she had aged several years.

She called Qiao Yanjue immediately after she found out that the parasitic insect was dead.

After being rejected by Qiao Yanjue, she immediately went to see the master.

The master's last name was Lu, a woman whose age could not be discerned.

Her skin was very smooth, appearing like a robust teenager. However, her eyes were full of suffering and stories, and she looked middle-aged.

Then you saw her full head of white hair, and she looked like an old person.

Master Lu looked too creepy, and with her profound and unpredictable methods, Li Weiyun did not dare to disrespect her.

Moreover, she knew compulsion spells!

Who dared to mess with someone with such magical ability?

However, the pair of insects had died and Qiao Yanjue's side also found out the problem, so Li Weiyun immediately got anxious and couldn't help but blame Master Lu when she saw her.

"Master Lu, didn't you say that there would be absolutely no problem with the Love Spell?! Then what is going on?!" she yelled at Master Lu, her eyes red and her expression a little crazy.

However, all her anxiety immediately disappeared with Master Lu's faint glance.

The woman's eyes were hollow and devoid of life, without any trace of emotion, as if she was looking at a dead object, making Li Weiyun tremble and tingle.

"The Love Spell... Was broken?"

Master Lu opened her mouth. Her voice was hoarse, as if sandpaper was rubbing against metal. It chilled one's heart like a bucket of cold water pouring down.

Chapter 815: Who Is It?

Watched by Master Lu's cold and emotionless eyes as if she were the prey of a poisonous snake, Li Weiyun couldn't help but shiver, yet she didn't dare not answer. "Yes, yes, the Love Spell is broken."

In fact, without Li Weiyun saying much, Master Lu could see the difference in her body.

After the parasitic insect was removed, Li Weiyun's entire essence changed, making her look haggard and older.

Moreover, these parasitic insects were cultivated by Master Lu, and a lot of thought was put into them.

Although the Love Spell could not affect her too much, she was also feeling it.

However, she was not willing to accept this fact before.

Who could break the Love Spell now?

Could it be one of those big families? No way!

Master Lu's mouth showed a sarcastic smile.

Those families had declined and were like ordinary families now. They had no ability to unlock her parasitic insect spell.

But if it was not those families, who else had this ability?

It was hard to believe that the world had changed so much since she was last out. Were there still masters among ordinary people?

Li Weiyun was nervous and curious looking at Master Lu's thoughtful appearance, but did not dare to open her mouth.

"Do you know who did it?"

Master Lu finally came back to her senses and asked again.

"I don't know," Li Weiyun shook her head. "It's just suddenly gone!"

Thinking about it, she couldn't help but grit her teeth.

This time, she had suffered terribly.

It was not just the change in her mental state, the most important thing was the loss of the Li family.

She had previously leaked the base price out, so Qiao Yanjue snatched away the Land King project and the Li family had suffered a heavy loss!

The previous investment of so much effort and money was all wasted!

Even if their family was wealthy, their assets had evaporated a lot after this blow, whereas Qiao Yanjue has made a fortune!

All of this was because of Qiao Yanjue!

By now, Li Weiyun had come to the realization that Qiao Yanjue had probably found out that something was wrong before, but was still deceiving her in order to gain benefits from her!

Thinking about it, Li Weiyun was so upset that she gnashed her teeth.

Of course, she also hated herself. How could she have been so easily deceived?!

Now, her father was about to kick her out of the house!

Master Lu didn't care about Li Weiyun's mood, still mulling over the matter.

The person who could unlock the parasitic insect spell was indeed capable.

The sudden appearance of such a capable person cast a shadow on her mood.

"Master Lu, what should I do next?" Li Weiyun carefully interrupted her musings.

"Supposedly, the Love Spell has been broken, so we have nothing more to do with each other..."

Li Weiyun's eyes couldn't help but widen.

Was Master Lu not going to help her?

"But..." Master Lu's words took a turn. "I'm also curious to know who actually broke my Love Spell."

She was curious to know who exactly had the ability to do so.

If that person was related to her enemy... That would be bad.

Li Weiyun was surprised, "Master Lu, what do you plan to do?"

"It will take some time for the new parasitic insect to appear. Come back after a while."

Li Weiyun was a little disappointed. That was all?

However, she didn't dare to have an opinion and could only nod.

"Okay, let me know when you're ready."

"Well, go back now," Master Lu said indifferently, then closed her eyes and assumed a strange pose.

Li Weiyun's heart skipped a beat, and she hurriedly got up and left.

Just after she returned home, she was blown away by some news.

"I won't marry!"

Chapter 816: Marry or Get Out

"I won't marry!" Li Weiyun shouted angrily. "I don't want to get married!"

Li Sheng had a gloomy face as he shouted, "You can't say no unless you can compensate for the loss before!"

Once these words came out, Li Weiyun was dumbfounded.

She also knew that she was in the wrong this time.

If it wasn't for her, the company wouldn't have suffered such a big loss now.

However, even if she hadn't done that before, the company wouldn't necessarily have been able to grab the Land King project!

Thinking of this, she wanted to speak up but was stopped by Li Sheng.

"Don't talk nonsense to me! Get ready, and when Mr. Wilson comes over, you better give me a good performance!"

"Mr. Wilson?" Li Weiyun asked, stunned.

"Mr. Wilson is the heir of the Wilson family in J country. He came over to our country to look for a wife. Others don't even have this opportunity." Li Sheng's face looked a little better. "Get rid of those unrealistic thoughts! Go get ready! Besides, Mr. Wilson is much better than Qiao Yanjue!"

"I-"

"Or you can get the hell out of the Li family!"

Li Sheng slapped the table so fiercely that the cup on the table bounced.

Li Weiyun's face was miserably white.

The fact that her father said such words meant that he was serious this time.

However, it was impossible for her to leave the Li family.

After leaving the Li family, where would she go to continue this kind of life?

Her face changed from blue to white to red; it was very complicated.

Li Sheng ignored her, turned his head, and walked away.

He was afraid that if he saw her again, he wouldn't be able to resist hitting her!

If it wasn't for this foolish girl, how could the Land King project fall into Qiao Yanjue's hands so easily?

She was the stupid one who took the initiative to offer up her family's fortune!

And the most annoying thing was that Qiao Yanjue still denied it!

Because they had no evidence!

Of course, even if they had proof that Li Weiyun had leaked the base price to Qiao Yanjue, it wouldn't help. After all, they couldn't send Li Weiyun to jail!

Thinking of this, Li Sheng was even more stifled.

How could he have such stupid offspring?

Clearly, she was quite smart before! Was it possible that women were confused when it came to emotional matters?

Li Weiyun looked at her father's distant back and felt a chill in her heart.

In the end, she could only go back to her room, close the door, and cry.

After she woke up, she hated Qiao Yanjue even more.

Meanwhile Qiao Yanjue, whom she hated very much, was all upbeat and smiling.

Since Qiao Yanjue had landed the Land King project with the lowest price possible, his position in Qiao's group was suddenly different.

The success of this project proved his strength, so Qiao Zhengyuan was assured and gave him more power.

After getting more power, Qiao Yanjue started to make a move on Qiao Weiyue.

Previously, Qiao Yanjue had not made a move against them and was only prepared to act.

However, while he didn't make a move, Qiao Weiyue didn't stop attacking him!

Then he would not hold back either.

Qiao Yanjue brought out the evidence he had previously compiled and unleashed a fierce strike!

Now, Qiao Zhengyuan found out that Qiao Weiyue had several mistresses for all these years!

Qiao Zhengyuan was aware of his son keeping lovers. After all, Qiao Weiyue was not a faithful character. Still, as long as he did not have any illegitimate children, it was fine.

It had been quiet at home all these years.

He never thought that Qiao Weiyue would bring his lovers into the company!

Qiao Weiyue was in charge of several subsidiaries, all of which were now filled with his lovers' friends and relatives!

Those companies could practically change their names!

Chapter 817: Father and Son (1)

Qiao Weiyue was not very strong, but he always overestimated himself and he always thought he was the best.

However, he was not smart and also liked playing around.

After being coaxed by the women, he immediately lost all reason and arranged work for them at his company.

To arrange work for these lovers was not a big deal, but he also gave jobs to these lovers' friends and relatives!

The once decent company was now made into his brothel and a place for his girls.

If these people were halfway competent, that would be fine.

The problem was that these people came in through the back door and had no ability whatsoever.

Even if they were not capable, they still considered themselves royals!

As a result, these subsidiary companies were made into a mess.

At first, they were making money, but soon they began to lose money.

The first two years were fine; at least they sort of controlled themselves.

These two years, however, these people began to be reckless for some reason!

As soon as they went out of control, they ruined the company.

Incredibly, when Qiao Weiyue found the problem, he filled the gaps with his own personal money!

"Big brother, I didn't expect you to be so responsible!"

Qiao Yanjue flung the evidence in front of Qiao Weiyue, then applauded him with an admiring expression.

If Qiao Weiyue hadn't often made up for the losses before, things would have exploded long ago.

It must be said that those people had been spoiled by him to the point of lawlessness.

The funny thing was that Qiao Weiyue didn't have a brain at all. He didn't care about spending money to keep lovers, plus their friends and

relatives!

He was donating to charity, right?

"Bastard!" Qiao Zhengyuan was furious and viciously threw the cup in his hand.

Qiao Weiyue dodged and avoided getting hit in the head, but his chest was pummeled.

The old man's strength was not small, smashing his chest so much that it hurt, and almost made him spit out blood.

"How dare you dodge?!"

Qiao Zhengyuan was so angry that his beard shook. If he had a cane in his hand, he would have thrown it too!

"Dad! Please listen to my explanation!" Qiao Weiyue pleaded with a bitter face.

"Explain?!" Qiao Zhengyuan hummed with stern eyes. "Okay, I'll listen!"

He pulled over the evidence on the table, fingers pointing hard.

"Tell me, where have I wronged you?"

Qiao Zhengyuan knew that his eldest son had little talent in this area, and did not ask him to be more intelligent and powerful.

However, if he was not smart, why did he have to be stupid?

He was using his own money to feed idle people!

The money he gave Qiao Weiyue could not be wasted like this!

Qiao Zhengyuan's blood pressure was going up while looking at the evidence.

"Dad, don't be anxious. Take a sip of this."

Qiao Yanjue handed over the water he had prepared in her hand.

Qiao Zhengyuan grunted and took the drink, then drank it down in one go.

Hmm? This tea was a little sweet?

After drinking it, he felt that his mind, which was a little muddled, was quite better, but he didn't think too much about it and was continued glaring at Qiao Weiyue angrily.

Qiao Yanjue was satisfied seeing the old man look so energetic.

Luckily he had taken the medicine from Xia Xibei before and didn't make the old man too excited.

He exposed everything today just to let the old man see clearly, not to make the old man angry.

"Explain it to me!"

After he felt more comfortable, Qiao Zhengyuan glared at Qiao Weiyue angrily, as if he would strike at the drop of a hat.

Qiao Weiyue shrank back from his glare.

Qiao Zhengyuan was even angrier. What a wimp!

"Big brother, just explain it properly!" Qiao Weisen gave him a look.

But what could Qiao Weiyue say? That this was all true?

Chapter 818: It's Yours

"Second Brother, you are so close to Big Brother. You know what he did, right?"

Qiao Yanjue smirked as he turned to attack Qiao Weisen.

Qiao Weisen's heart jumped and he immediately shook his head, "We are close, but I didn't know about any of this!"

"Is that so?"

Qiao Yanjue smiled faintly, but it was a bit creepy.

Seeing Qiao Yanjue starting to focus on him, Qiao Weisen's heart fluttered.

Could it be that Qiao Yanjue had also found out about his own problem?

Qiao Weisen was not as stupid as Qiao Weiyue. However, he knew that he was not clean either.

Although these things were hidden quite deep, what if Qiao Yanjue found out?

Qiao Weisen's heart jumped wildly at the thought of it.

It couldn't be!

Their youngest brother would not be able to do this!

Fortunately, Qiao Yanjue quickly shifted his attention and redirected his attack back to Qiao Weiyue.

"Big brother, why don't you explain how this project failed?"

Watching Qiao Yanjue gunning for big brother, Qiao Weisen finally let out a sigh of relief.

Fortunately, he did not intend to target him.

Qiao Yanjue sneered in his heart as he saw Qiao Weisen's expression from the corner of his eye.

Of course, he would not let Qiao Weisen go, but there was no need to kill them all at once.

After all, the old man was still not well. He would not be able to handle it if it was too intense at once.

The old man was also at an advanced age. If his sons made too much of a mess, he could not stand it.

A meal should be eaten one bite at a time, and things naturally had to be done little by little.

After kicking out Qiao Weiyue, dealing with Qiao Weisen would be much easier.

Qiao Weisen had no idea that Qiao Yanjue was already sharpening his knife in his heart; he was just glad that there was no trouble for him at this time.

Meanwhile, Qiao Weiyue had no way to escape from Qiao Yanjue's aggressiveness.

"Explain- Explain what?"

"Explain how the manager you sent missed this negotiation and then pretended that there was no such thing," Qiao Yanjue said with a smirk.

Even in front of his family, Qiao Yanjue rarely smiled.

A smile like this one was really rare.

His smile was really nice, one had to say, but no one appreciated here such a good-looking smile.

Qiao Weiyue's body got colder, his face miserably white, and he blurted out, "How did you know?!"

Qiao Zhengyuan stared with wide eyes.

"It's actually true?!"

This was too ridiculous!

This project was the beginning of their foray into a new field. Although it was not particularly large, it was very significant.

If they succeeded, they would be able to enter a new field.

Qiao Zhengyuan gave this project to Qiao Weiyue and asked him to handle it.

However, so far, there was no news.

Qiao Zhengyuan originally thought that his elder son's strength was not good enough, or the other party asked too much, which was why it did not work out.

Who knew that the truth was so ridiculous?!

They did go to the negotiations, but missed the meeting the next day because they were having too much fun the night before!

That was fine, at least they could try again.

But they actually gave up just like that!

Just gave up!

Gave! Up!

What bullshit!

Qiao Zhengyuan covered his forehead, almost passing out from anger.

However, having just drunk the medicinal tea, his body was strong and he did not faint from anger.

He couldn't help it anymore and slapped Qiao Weiyue's face fiercely.

"You bastard! You don't need to handle the company's affairs anymore. You can go have your fun!"

Then, he took a deep breath and said to Qiao Yanjue, "I'll leave the company matters to you. Don't let me down!"

"I won't, Dad.. I promise," Qiao Yanjue nodded confidently.

Chapter 819: Eye for an Eye

Qiao Yanjue had a big victory in this battle.

Long before, he had someone investigate his two brothers.

Although they were not very capable, they were always confident.

When they were too confident, they often made stupid mistakes, so they would always make all kinds of foolish moves.

Sometimes, these tricks were too much for people to handle.

Qiao Yanjue found out a bunch of things, but he had not taken any action.

If he wanted to make a move, he had to make them defenseless!

At this time, taking advantage of the Land King project, he finally kicked Qiao Weiyue out of Qiao's group.

To keep such a stupid person in the company would be a waste of money!

Qiao Zhengyuan gave him a few small companies to practice with, but in the end, they were all lost by him!

If not for the dividends from the shares, how could he have filled the holes in the company?

Such an operation was unheard of for everyone.

Instead of letting him continue to use company money to make up the losses and ruin the company, it would be better to let him muddle along in peace!

Qiao Yanjue helped Qiao Zhengyuan walk out and gave the brothers a faint glance before leaving, causing them to shiver.

“Damn it! That little bastard!”

Only when they were gone did Qiao Weiyue slam the table in annoyance, letting out an angry hissing sound.

Qiao Weisen glanced at his big brother but did not despise him.

Just now, he was so pathetic. Now that people had left, he started to play the bully, without caring what others thought of him.

Although he was disdainful, Qiao Weisen still comforted him, “Brother, don’t get angry. Anger is not good for your health.”

“How can I not be angry?” Qiao Weiyue’s expression was twisted. “Can’t you see he’s climbing on top of us now? If this continues, the Qiao family will become his!”

Wasn’t it?

Qiao Weisen agreed in his heart, but said, “Oh, don’t worry. There’s always a way out.”

There was a way? What way?

With Qiao Yanjue’s current popularity, how could they fight against it?

Qiao Yanjue had dug up all the bad things Qiao Weiyue had done before. Who knew if he had any more tricks?

“Younger bro, what do you think should be done?”

Qiao Weisen frowned, “Well... We have to think long and hard about it!”

Qiao Weiyue grunted, “I just don’t believe this kid could overpower us!”

‘He did just overpower you,’ Qiao Weisen griped to himself but said, “We can return the favor!”

“An eye for an eye?” Qiao Weiyue’s eyes lit up. “How do we do that?”

Qiao Weisen choked for a moment. How would he know?

However, he was still smarter than Qiao Weiyue and immediately thought of something.

“We have to find out if he has any dirt! If he dares to do this, so can we!”

“Right!” Qiao Weiyue immediately nodded. “I just don’t believe he’s really that clean! As long as we find out what he’s got, the old man will know which side to take!”

Qiao Weiyue immediately jumped up and down, eager to hurt Qiao Yanjue right away.

The two of them discussed the details of the operation, then went out separately.

When he returned home, Qiao Weiyue was greeted by the wrath of his wife, Wan Yunfei.

“You said you got kicked out?!”

Wan Yunfei was a beautiful woman and well maintained, looking very sophisticated.

However, in Qiao Weiyue’s heart, she was no longer as good as the pretty and luscious beauties outside.

Wan Yunfei also knew of his vices. As long as there was no illegitimate child, she did not care.

However, without an illegitimate child, there was no inheritance either!

Chapter 820: It’s All Your Fault

“It’s all because of you!”

Qiao Weiyue conceded in front of Qiao Yanjue and the others, but he was quite different in front of his wife.

Qiao Weiyue became even more angry thinking about it.

“Didn’t you say before that something would happen if he took those pills? Now what?!”

Qiao Weiyue was furious when mentioning this.

Earlier, Wan Yunfei took out a strange pill, saying that if Qiao Yanjue took it, his IQ would be affected.

Then, they could take advantage of Qiao Yanjue’s weakness.

So, he did as he was told.

He also sent spies into Qiao Yanjue’s team because of his trust in this medicine, waiting for the opportunity to reap the rewards.

But who would have thought that Qiao Yanjue would not have problems, even winning in the end? As if he had someone helping him?

There were a few days when he did seem confused, but it was not a big deal.

Not only did he not have a lower IQ, everything went smoothly for him!

In addition, he took advantage of the opportunity to catch the people Qiao Weiyue had sent, thus finding out a bunch more things!

It could be said that if not for this fiasco, Qiao Yanjue would not have found out the problem so quickly.

Now Qiao Yanjue was fine, but he was thrown out of the family!

Being reminded by Qiao Weiyue, Wan Yunfei's face was also not very pleasant.

"How should I know?! They said it'd be fine!"

Wan Yunfei was also in a very bad mood.

The reason why she worked with Li Weiyun was because of Xia Qinghan.

Xia Qinghan was very good at being likable, often calling and talking to her or sending small gifts, and was more attentive than her own daughter.

Therefore, Wan Yunfei treated Xia Qinghan very well and always believed what she said.

Moreover, Li Weiyun was the eldest daughter of the Li family, so it was certainly the best thing to work with her.

In fact, neither Wan Yunfei nor Qiao Weiyue knew that the strange pill Li Weiyun brought over had a compulsion insect.

Li Weiyun claimed that it was a poison pill, and after taking this pill, Qiao Yanjue would be affected.

They could take advantage of this opportunity to gain the upper hand.

After that, Li Weiyun would find an opportunity to help Qiao Yanjue "detoxify."

With her being his "saving grace," Li Weiyun and Qiao Yanjue would get together.

After the two of them got together, Li Weiyun would make the Li family help Qiao Weiyue take over the Qiao family.

There was something wrong with the statement here.

After all, if Li Weiyun and Qiao Yanjue became a couple, how could they be on their side?

However, Li Weiyun assured them that she only wanted to be with Qiao Yanjue, and as for the Qiao Group, she didn't care.

To manage such a big company was a very tiring thing, and Li Weiyun was not willing to exhaust Qiao Yanjue.

Anyway, they were already rich enough, and when the time came, she would travel the world with Qiao Yanjue and enjoy their life as a couple.

This kind of argument succeeded in impressing Wan Yunfei.

Wan Yunfei was already in her forties, a generation older than Li Weiyun.

She was also young once, and knew what girls expected from love.

Young girls at this age saw little value in money, and it was natural for them to make such a decision.

When they reached her age, they would understand that money was still the most important thing.

However, by the time Li Weiyun came to her senses, she and her husband would have successfully taken control of the Qiao Group, so naturally they did not have to worry about any problems.

It was only after much deliberation that Wan Yunfei believed Li Weiyun's story and chose to help her drug Qiao Yanjue.

Who would have thought that things would simply develop in the opposite way?
