

Chapter 805

Yi Yan avoided Yin Luo's question first, and then asked another question, "Then tell me why you didn't return to the company after you separated from your girlfriend that day. You care about work so much. What is the important reason why you have to go? Family?"

I... Yin Luo looked at Yi Yan nervously. The thing she went to the Lu's family to check with Lu's father must not be let Yi Yan know. If he knew that she already knew his true face, would it be possible? Don't want to pretend in front of her? Will he deal directly with the Yin Group directly and clearly?

No, everything is not ready yet. The Yi Group has grown stronger and stronger over the years. If he really wants to extend the demon to the Yin, then it will only be a matter of time before the Yin is swallowed. She has not yet Be fully prepared to face this matter. Therefore, it is better not to let him notice it for the time being.

Anyway, I went to Lu's house just to find other people. This is my personal sex. Even a couple should have their own secrets. It was just a coincidence that I met Lu Shuchen. And, you thought I wanted to hug him. Are you together? He was unruly towards me and forced me. I wanted to be engaged to him not because of feelings. I still respect him, but he has no place in my heart. Yin Luo explained. What she said are facts.

Since then, she and him are like passers-by, and everything about him has nothing to do with her. As long as he doesn't provoke her in the future, then the two of them will be able to get along well. But if he dares to do anything wrong with her, then she is not easy to bully.

Any status is useless? Yi Yan couldn't tell the truth or not. According to Yin Luo's statement, it seemed reasonable. But Yin Luo couldn't see through her as a woman, so it's hard to guarantee that this won't be her lie. He may be inferior and admired in front of others. But in front of her, he had no confidence at all. He also didn't understand her thoughts more and more.

Yeah. Yin Luo nodded and confirmed.

What about me? Yi Yan looked at Yin Luo expectingly and asked, he wanted to see if her answer would satisfy him.

You... Yin Luwei raised his head and thought about it carefully, then what kind of existence is he in her heart? If she doesn't know that he lied to her, then he is a beautiful existence in his heart. She has really thought about spending the rest of her life with him, and she has thought that there is a lot of fate between them, even though they are different from each other. Misunderstanding, but fate puts them together, then let it go.

But now, he is a liar in her heart, deceiving her feelings, deceiving her Yin family. If she can, she really wants to award him an Oscar.

But let's forget it now, if she tells the truth, it doesn't matter if she is dead, the point is that it will hurt Xiaotian. This time there is only one purpose, and that is to help Xiaotian return to the company.

In my heart, you are probably in the same position as Zhang Ma. Yin Luo thought for a while. Although she used to think that he would be the most important person in her life, she used to list him above Zhang's mother.

Thinking that Yin Luo usually treats Zhang's mother very well, that Zhang's mother should be very important to her, so his status is still good in her heart, which is satisfied.

Then you believe I just saw Lu Shuchen's explanation. Yin Luo said anxiously, now it's time to do business, and today must let Xiaotian be "acquitted", she has been sorry for him for a few days.

Yi Yan remembered the status she had just said in her heart. Even if she said it just to perfuse him, congratulations to her, she succeeded in perfunctory, and he is still in a good mood now.

Probably believe it. Yi Yan said proudly.

Then Xiaotian... Yin Luo asked tentatively. Now that this matter has been explained clearly, it is not her fault at all, and she was forced to. Then Xiaotian should be able to go back to work, too.

Yi Yan only thought of something when he heard the name Xiaotian. It turned out that Yin Luo patiently explained to him what happened that day, not because he asked it, but because of Xiaotian. He asked a little displeasedly, "If there is no Xiaotian, you would explain you and Lu to me the same way as today. Is it about Shu Chen? I want to listen to the truth."

Of course not. This is a fact. Since they were not sincere before, Yin Luo thought she probably wouldn't be able to explain it to him properly. After all, she couldn't see the distance between them, so she didn't think it was necessary at all. No, maybe after she knew what she really wanted, there would be no feelings between them.

Do you really want to listen to the truth? Yin Luo asked, no matter what, she definitely couldn't tell the truth directly. This is not for herself, but for Xiaotian. When Xiaotian was able to deceive Yi Yan for her relationship with Yi Yan, she must fight for him now.

You said, no matter what you say, I will let Xiaotian come back to work, and I won't blame you. Saying this will prevent Yin Luo from lying because of pressure. He just wants to listen to the truth.

Knowing that Yi Yan will keep her promise, then she doesn't have to worry about Xiaotian's affairs. Since he wanted to hear the truth, she told him truthfully, "If it was a few days ago that I couldn't understand a person, you should ask me this question again. I will definitely be like today, even more detailed than today. The facts tell you. I will be very nervous to make you not believe it." She will also tell him that she is actually very nervous about him, and he is the one who likes him.

However, today is not a few days ago, and she is no longer the same she was a few days ago.

A few days ago... Yi Yan suddenly felt a little heartache when Yin Luo spoke so seriously. He absolutely believed her this time, because her words contained emotion, and her eyebrows were slightly wrinkled, like an aggrieved or frightened beauty, which made people feel distressed. He also heard that she was carrying a bit of hatred, and the person she hated was not someone else, it was him.

He was a little flustered, she hated him. He recalled carefully a few days ago, thinking about what he had done wrong that would make her hate him so much. But he didn't do anything wrong in his memory.

It was the day he was drunk in the bar, what did he do to sorry her? He only remembered that Yin Luo was here that day and came to take him home. He also remembered the rest. Did something happen that day?

Or, he took Xiaoya home, which made her very angry.

Or when she went to his company this morning, she saw Gu Xiaoer confessing to him, so she was unhappy?

But thinking about it carefully, none of these seem to be true.

But fortunately, she had cared about him at least once, and he always thought she cared about Lu Shuchen. But today he seemed to confirm that Luo Luo had no feelings for Lu Shuchen, because she was expressionless when she mentioned him. If a person likes someone, he will probably put his expression on his face.

Why? Yi Yan asked. Although he knew that Yin Luo might not tell him the reason, he still wanted to know the reason. Although he knew that Luo Luo was not a person who cares about little things. But he really didn't know what happened.

Yi Yan was right. Yin Luo would never tell Yi Yan about this. She wanted to save herself.

Although she sometimes feels that his good for her is true, she has an urge to tell all the truth in her heart. She wants to ask him why he lied to him? The answer she wanted to hear was not to have anything to do with Yin.

If she was just alone, according to her personality, she might be willing to gamble for her feelings without hesitation. However, she is not alone. If she loses because of her feelings, the employees of the Yin family, grandpa, and the entire Yin family will be lost. Therefore, for Yin's sake, she cannot take risks or act rashly before confirming his purpose.

If you ask me, I just said, isn't I very shameless? Anyway, you agreed to let Xiaotian go back. You have no bargaining chips, Chief Executive. Yin Luo joked, she didn't want to discuss this issue with him anymore. She was afraid that she would accidentally reveal the stuff, after all, Yi Yan is a very smart man, and she was afraid that she would be spotted if she said more.

Really? Yi Yan asked, raising his lips, isn't Xiaotian always in his hands? The bargaining chip is always there, "I promise you that I will let him return to the company tomorrow, but because of what you just said, I may fire him again."

Of course, Yi Yan's words were only to scare Yin Luo. After all, Xiaotian didn't do anything wrong. He conspired last time because of their feelings.

Why does Yi Group have a president like you? If you fire an employee at random, what did he do wrong? Anyway, it has nothing to do with me this time. I don't worry, I don't care. If Yi Yan For such a president, Yi's should have gone bankrupt long ago, and would never develop to such a strong level. Now Yi's already owns most of the city. If a few years pass, Yi's development will be just around the corner.

Who said it has nothing to do with you. Yi Yan smiled and explained, "If it weren't for you, I wouldn't have thought of expelling Xiaotian."

Yin Luo ignored him and continued to eat. She still understands him at this point. Since he has promised to keep Xiaotian, he will definitely not be fired again, so she doesn't have to worry about this.

After tossing for so long, Xiaotian, the poor little one, can finally go to work, thinking that he just lay down with the gun, I am really sorry for him.

Because it was dinner, Yin Luo ate it quickly. After Yin Luo finished eating, Yi Yan stopped eating.

Then the mess on the table and the dishes and chopsticks are a problem. Yin Luo and Yi Yan didn't wash dishes since they were young. At first they were a little interested in washing dishes, but later they didn't want to wash them.

Or, let's guess the punch, who loses and who does the bowling? Yin Luo thought of the fairest way. In fact, like Yi Yan's ten fingers that do not touch the Yang Chunshui, you should do more work and exercise.
