

Chapter 809

She only pursed her lips and smiled without answering again.

The car quickly drove outside the underground hotel.

In the same early morning in the same place, this time, it was Rayna who saw the face of Xiaomen, and in the trash can was Walton's pants.

Rayna didn't sympathize with Walton at all.

After getting out of the car, she and Lenny An Darius walked down together.

At this time, the lady boss came over appropriately.

When she saw Rayna, the lady boss was shocked: "Min...Miss Min...you...you come to the humble house in person."

This is really a feng shui turn.

In only three days, the girl in front of her had already turned from a prisoner to a queen.

Rayna didn't even look at the woman. He just asked, "Where is Walton!"

"In...in...that, Miss Min, let me ask, are you...are you here to save someone?" the woman asked with a weeping face.

Rayna sneered: "What do you mean?"

The woman immediately said in an imploring tone: "Miss Min, I want to say that they sent you in a sack before. It was my fault that I took you and let them not have to pay back. But now, this woman does owe me one hundred. Wan, here I have the handprints of their family of three, in black and white, I have not wronged a good person.

Even if you leave Miss Min, you have to let her return my one million to me, right? "

Rayna sneered: "You're right. It's just right to pay off the debt. I just want to see her. I don't understand something. I want to ask her. If I really need her to leave, I will pay it back. Here you are." Woman: "..."

"Take me to meet people!" Rayna shouted.

The woman tremblingly said: "Miss Min, you... if you look at her, you... don't blame me, I... I originally wanted to sell her The price is good, so that she can also change my money earlier, but she...she is not the first time, she is already very that kind.

She is not worth any money..."

"What did you say?" Rayna asked.

"Yes... she said it herself. She said she was worthless a long time ago. It's better to let her go. She said she has been dating all kinds of boys since she was 18 years old. There must be at least fifty boyfriends ranging from obvious to secret to unknown ones. She also said that as long as she let her out, she would borrow money from dozens of her ex-boyfriends. ... She said that she used to be the eldest lady of a rich family and had a very good network. She said that if I could let her go, she would make my business prosper in the future..."

"It's so shameless! She...she actually had a good time with fifty-sixty men? I...I don't know! Since it's all like this, she actually wanted to marry Arron back then. , How can she be so ignorant of inspections and inspections! Fortunately, my grandfather treats her so well and treats her like a granddaughter, for her to study and for her to go to the best university! It turns out that she hasn't studied well since she was a teenager ..." At this moment, Darius almost smashed the wall.

Perhaps I heard Darius's roar, and a voice for help came immediately. The voice was simply a broken gong, "Cousin, cousin...you are finally here, come on." Help me, cousin...I'm Galia, I'm here...Cousin, you people! Stay away from me! Stay away from me! My cousin is Darius!

Darius, the son of the famous Shu family in Nancheng!

Let me go!

Otherwise, my cousin will send you to death one by one!

You! You dead thing, get out of here! "

When hearing this hoarse voice, Darius, Rayna and Lenny all rushed towards the source of the sound.

They came to a dim basement with only a faint orange light. When they saw that scene, all three of them were stunned.

Especially as a woman Rayna, she immediately buried her head on Lenny's chest.

"Cousin, Rayna, save me... Save me." Walton shouted miserably.

Chapter 810

Under the dim light, Walton was lying on the bed without wearing anything, and no more than a dozen men around her held her.

Outdoors, there are queues.

They all looked like migrant workers on the construction site, and all of them were extremely rude.

Rayna took a sigh of relief when she saw it. This was a thousand miles worse than her treatment three days ago.

"Help... please, help me." Walton at this moment has no dignity.

Even if Darius scolded her as shameless and hated her deeply, when he saw her at this moment, he couldn't help feeling pity.

"Darius from Nancheng Shu's family is here. I see who of you dare to move her again! Don't say it's you, it's your entire construction site, I'll give it to you!" Darius suddenly shouted angrily.

When the men heard Darius yelling like this, one by one was frightened and fled.

Some said: "I...I gave money."

"Get out!" Darius kicked and flew out.

For a time, no one dared to say a word again, and in just five minutes, the man here had escaped without a trace.

The three of them just looked at Walton who was lying on the bed without clothes.

"Rayna, can you find me a dress to cover my ugliness?" Walton asked.

"Sorry, I didn't bring a silk scarf, and I don't have any extra money to buy you clothes." Rayna said coldly.

She really has no money.

All the money in her body has been robbed by the fake parents, and even her mobile phone has been confiscated by them. Where can she get the money?

In order to save her enemy, let her ask her fiance if she wants it? Rayna's heart was cold towards the three of Min's family.

Walton looked at Darius again: "Cousin..."

"I'm not your cousin!"

Walton: "..."

In desperation, she had to get the sheets off and wrapped herself in embarrassment in front of the two men.

The two men didn't look at her either, but turned around.

After Walton wrapped herself up, she expected to look at Rayna Ai Ai: "I...may I go with you?"

"No!" Behind him, the female owner of the underground hotel sternly said: "You can't take her away! She owes me a million, and I always have to say something! Although you are all famous people in Nancheng, But my mother, I am not a vegetarian, and if I am anxious, I will die!"

Some words left a few people speechless.

The woman continued: "She borrowed one million of real gold and silver from me and used it to squander it! Is it because the wind blows my money? I don't know if my one million yuan is good for food and drink? No Do you know how to buy a house! As long as you take her away, you will step on my corpse, my mother!"

This woman is also a woman accustomed to seeing wind and rain and blood.

Since she dared to lend this million to Walton and Min's father and mother, she would definitely not worry that they would run the bill.

At this moment, even Darius couldn't refute it.

Repaying debts is justified.

However, at this moment, let Darius take another million to save Walton out, and Darius would not pay.

He was already extremely angry!

He was able to rescue Walton from so many men, already because of the relationship between him and Walton's cousin.
