

“Greetings, Mrs Chu!”

“Miss Qiu, you’re here. Why didn’t you tell us? We should have gone out to welcome you.”

The beautiful and intoxicating woman before them was none other than Mr Chu’s wife, Qiu Mu-Cheng.

Li Er and the others quickly greeted her reverently when Qiu Mu-Cheng arrived.

The fate of how high a woman rises through the social ladder, often hinged on their husbands.

Qiu Mu-Cheng was the descendant of an unimportant family and an ordinary woman.

However, Qiu Mu-Cheng was anything but ordinary after Ye Fan rose to become the King of Jiangdong.

“Hmm? And Miss Xu too? Didn’t you go back to Yanjing, Miss Xu? Why are you in town?”

After they came closer, they noticed an elegant and dignified lovely woman standing behind Qiu Mu-Cheng.

They were familiar with the woman since she was the beautiful CEO of Hongqi Group, the Goddess of Yunzhou, Xu Lei.

However, they had received no news about her ever since Xu Lei returned to her family.

So her sudden arrival came as a surprise to everyone.

“Enough. We can chat later. Since Mr Chu isn’t around, why don’t you and Miss Qiu take his seat?” suggested Li Er.

“Sure.”

Xu Lei and Qiu Mu-Cheng nodded before taking their seats.

After everyone was seated and ready, Li Er started to speak, “Everyone, I know Mr Chu should be the one hosting this meeting, but he isn’t around, and this is an urgent matter. With this in mind, I decided to just gather everyone to discuss things. I was the one who invited Miss Qiu and Miss Lei to join us. Since Mr Chu is the King of Jiangdong, it is very disrespectful to hold this meeting behind his back. Moreover, what we are about to do might affect Jiangdong’s

political situation in the future. Miss Qiu is Mr Chu's wife, so it makes sense for her to join us on his behalf. I'm sure you won't object, right?"

Lei San looked around as he asked.

Li Er and Chen Ao looked at each other, thinking what a wily old fox Lei San was. He was very meticulous about the meeting.

After all, if Lei San hadn't called Qiu Mu-Cheng along for this meeting and called for this meeting on his own, then when Mr Chu returned, he would think that Lei San was trying to overthrow him.

Since he invited Qiu Mu-Cheng to join them, then no one would have a hold over him. Also, he could take the opportunity to prove his loyalty to Ye Fan.

"I agree."

"Mr Chu doesn't have any children yet, so Miss Qiu should take his spot since he isn't around."

Everyone nodded in agreement. No one objected to Qiu Mu-Cheng's participation.

“Okay. In that case, let’s commence.”

Lei San drank some tea before he cleared his throat and continued, “I’m sure everyone knows that the Lei family is a martial arts clan. Our ancestors have taken up crucial roles within War God Castle and led the martial arts circle before, so among all of us, I probably know the martial arts world best, right? So I think no one will object if I host this meeting.”

Although Lei San phrased his words like a question for everyone, he was really just asking Chen Ao and Li Er.

After all, other than Mr Chu, the only other people in Jiangdong who could compete with the Lei family from Jingzhou in terms of reputation were Chen Ao and Li Er.

If they didn't support it, it would be pointless to go on.

However, they were clearly sensible people who understood how time-sensitive the matter was.

In the face of a common enemy, Li Er and Chen Ao didn't attempt to steal the limelight

and quickly nodded in agreement.

“San, just get to the point since really don't know the martial arts circle as well as you. For example, who on earth is Mochizuki Kawa? Why are our Chinese martial arts experts like Wu Qing, Master Tan, and the others so terrified of him? Is he really that incredible? Is he better than Wu He-Rong?” asked Chen Ao perplexedly.

Everyone turned to look at Lei San.

Even leaders like them clearly weren't well acquainted with the martial arts circle. They only knew about famous traditional Chinese martial arts like Wing Chun and Taiji.

Only a small number of martial artists existed in Jiangdong to begin with, so highly skilled martial artists were even rarer. Or else, they wouldn't have had such a tough time dealing with Wu He-Rong.

So it was normal that most people didn't have a clear understanding.

Lei San went quiet for a few moments before he nodded.

“Mochizuki Kawa is very powerful! Wu He-Rong is peanuts compared to him. Also, you might not know this, but Mochizuki Kawa came to China 30 years ago. Back then, he was already a highly skilled grandmaster!”

“Also, his master used to be the number one martial artist in Japan and an expert in the Aoki Sword Technique. He came to China 30 years ago and challenged every martial arts academy here. He went to Jiangnan, Jiangbei, then Xinan, and went all over the country. Everywhere he went, he kept killing nonstop, annihilating everyone in his path! He killed almost all the fighters in our 16 coastal provinces.”

“Of course, you might not realize how strong he is when you hear this. You have probably seen Jingzhou’s Yellow River, right? The river has been going nonstop all these years. There is a 100 meter river channel that exists thanks to him! He can change the geography with one stroke of his sword!”

What?

There was silence.

A long deathly silence fell!

At the drop of Lei San's voice, the room fell silent.

Everyone stared while they trembled in their hearts.

He could change the geography with one stroke of his sword?

Oh my goodness!

He was really powerful!

Li Er and the others finally realized what Ye Fan was saying when he said that bullets and cannons were futile against truly powerful martial artists!

"Then? Did Mochizuki Kawa defeat everyone he challenged?" someone asked after a few moments of silence.

Lei San shook his head and replied, "Of course not. Even though our martial arts circles isn't as powerful as it used to be, we have a 5000 year long history, so we aren't easy targets either. Back in the day when Mochizuki Kawa wreaked havoc in China, it was a huge matter. In the end, even the highest authority of the martial arts circle,

War God Castle, got involved. Just as they were about to send experts to help, a 20 something year old young man from the Jiangnan armed forces unexpectedly stepped forward. He happened to be in Jiangdong on a mission and encountered Mochizuki Kawa in Jingzhou! So the battle of the millennia took place on the banks of the Yellow River.”

“In the end, Mochizuki Kawa was defeated badly and left. Then the boy from the army made a name for himself!” said Lei San slowly.

His deep voice drifted into everyone's ears.

Chen Ao and the others were engrossed by the story and could almost envision the battle back in the day.

After all, their lives were at stake, so they had to listen up.

“Then where is he?”

“Who is he?”

“Can we get him to deal with Mochizuki Kawa?”

“Tell him he can name his price.”

Everyone held on to this last hope like a dying man and asked Lei San anxiously when they heard that the man defeated Mochizuki Kawa.

Lei San instantly laughed and looked as though he had heard the joke of his life.

“Any price? That's hilarious. Do you think someone who stands at the summit of power and status is still interested in money? That's nothing to him!”

Lei San shook his head and laughed before he continued, “His name is Ye Qing-Tian. He is now a legend in the army and the number one Chinese martial artist. It's an insult if you try to pay him off.”

Amid Lei San's contemptuous laugh, Chen Ao and the others went into shock.

“Ye Qing-Tian?”

“The God of War?”

“China's number one martial artist?”

“Oh my god!”

“Is he that powerful?”

Everyone was exclaiming in shock.

Lei San nodded and continued, “Ye Qing-Tian is now a legend. We aren't good enough to meet people like him. Even I merely heard it from my grandfather. It's really hard to get

the God of War to help. Moreover, we don't even know where Ye Qing-Tian lives. Even if we did, given our identities, we probably wouldn't even get to see him. We have to come up with some other plan.”

Lei San shook his head as he sighed.

He wanted to invite Ye Qing-Tian to fight Mochizuki Kawa too.

But it was wishful thinking on his part.

Someone like him might be powerful in Jiangdong, but the moment he went beyond those borders, Lei San was nothing. There was no way he could come into contact with someone who stood at the peak of the country.

For a while, everyone went silent instantly.

The frowns on their faces were clear signs of worry.

After all, Mochizuki Kawa had come out of the blue and provoked and killed people the moment he entered Jiangdong.

They were all terrified because no one knew

what Mochizuki Kawa was up to.

So they became even more afraid after hearing how powerful Mochizuki Kawa was.

“I have a question. Jiangdong doesn’t have any vendetta with Mochizuki Kawa. If he wanted to seek revenge, he should look for Ye Qing-Tian. Why did he come for us instead?” said Li Er perplexedly after a moment's silence.

“He’s right.”

“The people of Jiangdong did nothing to him. Why is he taking it out on us?”

Everyone was equally confused.

Lei San’s expression altered slightly.

He didn't say a word but turned to look at Qiu Mu-Cheng quietly.

“Mr Lei, go on. Don’t mind me,” said Qiu Mu-Cheng when she saw Lei San looking at her hesitantly.

Lei San finally said, “I think it might have something to do with Mr Chu.”

“Hmm? Mr Chu? What’s going on? Didn’t you say Mr Chu has gone missing for over half a month? Why does Mr Chu have anything to do with this?” asked a bald man quizzically.

Lei San raised his hand and gestured for everyone to calm down and listen to him.

“I understand that Mochizuki Kawa is here to seek revenge for his foster son’s death. His foster son, Hua Ying-Tian, died in Mr Chu’s hands recently. At that time, Mr Chu was in Jingzhou, so it’s normal that you didn’t catch wind of this,” said Lei San deeply, sounding worried.

Lei San knew Ye Fan was attacked in a restaurant in Jingzhou before Lunar New Year.

He even sent someone to nab the culprit who attacked Ye Fan. Then he learned that the man died in Ye Fan’s hands.

Lei San didn’t take it to heart and assumed he was an assassin sent by one of Ye Fan’s enemies.

But he recently discovered that the man who died turned out to be Mochizuki Kawa’s top

disciple!

“So you’re saying that Mochizuki Kawa came to China to seek revenge for his foster son?” asked Wang Jie-Xi deeply with a frown on his face.

“Damn! We weren't to blame! Why didn't he go after the one who's the cause of all this?” The bald man couldn't help swearing.

Everyone quickly jabbed the bald man and told him to be careful of what he said.

Wang Jie-Xi said slowly, “This is understandable. I'm sure Mochizuki Kawa knows that Mr Chu is the King of Jiangdong. Mr Chu is our leader, so he must think that we are his subordinates. Since Mr Chu isn't around, he decided to attack us. If I am not mistaken, Mochizuki Kawa will bury us with his foster son if Mr Chu doesn't turn up soon,” Wang Jie-Xi analyzed.

Everyone's faces blanched.

“What?! Doesn't that mean Mr Chu is going to get us killed?” said someone worriedly.

In the end, all eyes turned to Qiu Mu-Cheng.

“Miss Qiu, you heard it yourself. Jiangdong is in danger. If you know of Mr Chu’s whereabouts, please tell us quickly.”

“Or else, we are done for!”

“Yes, Miss Qiu. Tell Mr Chu to come back quickly.”

Everyone begged her bitterly.

Qiu Mu-Cheng’s face went pale as she nodded apologetically. “I don’t know where he is either.”

What?

“Even you don’t know where he is? Aren’t you married to him? Mr Chu doesn’t tell you his whereabouts?” said the bald man instantly in shock.

Qiu Mu-Cheng nodded again.

“What about the jade? Do you know what happened to the jade, Miss Qiu?” asked the bald man once again.

Qiu Mu-Cheng shook her head.

The bald man instantly lost hope.

“Oh dear! Oh dear! Mr Chu probably ran off with the money. He ran right away when he heard the news because he is no match for Mochizuki Kawa. He has endangered Jiangdong by running off,” sighed the bald man with a sense of hopelessness.
