## Chapter 814

After listening to this, Elder Lin smiled and nodded to Sally, 'In that case, can I conveniently ask, what do you plan to do, to know that now the North House Shen family is not just a mere family, there is another person behind him.'

Hearing this, Jiang Hao's hand couldn't help but squeeze a few points tighter. He was hoping that Shen Tianyang would come over in person.

Unfortunately, that old thing is too afraid of death, otherwise Jiang Hao took this opportunity, maybe he can see that old dog Shen Tianyang again and bury him!

Sally at this time is also lightly smiled and looked at the old man Lin shook his head and said: 'This is exactly why I looked for you, after all, the Shen family is not something that I can eat alone.'

After saying this, Sally took out a folder from her bag. Then handed it to Elder Lin.

'This is the plan that my men have drawn up, which tells in detail what means we have to use and how to go about it to conserve our strength to the greatest extent. The Shen family will be able to be crushed.'

After hearing this, Master Lin half-heartedly picked up the folder and read it, and only after reading it did he speak with concern: 'The plan is very good, but there is a problem in this plan, and that is that the funds required are really too huge.'

Any business has the element of risk, this point has been seen through the old man Lin, so often when doing business he always put a lot of emphasis on risk assessment.

The plan in Sally's hand looks very promising, but there is a link in it that is more important than imagined, and it can be said that as long as this link does not work well, the whole plan will all be lost!

Sally came on the way to have thought about what kind of reaction Master Lin would have, at this time, after seeing the other party's attitude, the heart is basically considered settled.

Master Lin seems to have ideas to defeat the Shen family, but is worried about the problem of their own funds, so Sally after a moment of silence.

The company's main goal was to create a new villa in the north of the city, so I don't think you need to worry about the money.'

After hearing these words. Master Lin looked at Sally with some surprise and said, 'You mean to let me take out the West Spring Residence in exchange for money, and then join you in taking on the Shen family?'

Sally nodded and said softly: 'Of course, last time you entrusted Dr. Shen to pass a bank card to Mr. Chen Jingdao, I still know the matter, I do not believe that the three of us together can not defeat a simple North House Shen family.'

Hearing this, Elder Lin nodded after glancing at Jiang Hao and said: 'Since that's the case, then this time the matter will be counted as mine, but regarding the Xichunju project, we still have to see if Yan'er can agree to it.'

It was as if it was the same as what Elder Lin said before, since he had retired, he hadn't managed these matters for a long time, and even started to lose control over the company.

Sally shrugged her shoulders and then said, 'It's okay, I believe that Miss Lin Yan will agree to it, you can just talk to her directly.'

After saying this Sally stood up and nodded at Elder Lin, then she intended to turn around and leave.

Jiang Hao looked at Sally somewhat helplessly. He also followed and stood up, and was about to salute.

Instead, Elder Lin suddenly looked at Sally and smiled, 'Miss Sally, do you mind if I talk to Dr. Shen alone for a few words about my condition?'

Lin Yan smiled after hearing this, then nodded and left the courtyard, leaving only Jiang Hao and Elder Lin sitting facing each other.

As soon as the killings left, Elder Lin immediately put away the smile on his face and looked at Jiang Hao with a face of anger and said, 'You kid can ah, when did you have an affair with this side of the Tianzhu Villa?'

Jiang Hao looked at the old man Lin in front of him, suddenly confused, is this still the old man Lin he remembered?

'No, that's not right, when did I have an affair with someone from Tianzhu Villa. It's not like you don't know that she's my friend!'

Old Mr. Lin snorted coldly after hearing that, then let go of Jiang Hao's collar and spoke: 'I know she is your friend, I also know what you did for our Lin family at the beginning!'

After saying these words. Old Mr. Lin pointed to the gate and laughed: 'If I didn't remember these things, you think you can really go in and out of these gates at will, delusional!'

Jiang Hao after the mouth ears did not put the old man Lin's words in mind in the slightest, but laughed: 'at ease, nothing will go wrong, you suddenly left me down want to do ah.'

Quite high Jiang Hao these words. Slightly angry old man Lin then came back to his senses, and then looked at Jiang Hao and opened his mouth and laughed: 'How about I marry my daughter to you, as long as you marry my daughter, Lin's group is yours.'

Jiang Hao looked at Master Lin in surprise, and for a moment he couldn't understand why the other side was doing this!

After pondering for a moment, Jiang Hao suddenly stretched out his hand and put it on Master Lin's pulse. The more he took the pulse the more his brow furrowed!

‘No, your health condition is not much, why is it like this!’

After saying this, Jiang Hao surprised and lost in thought looked at old master Lin, saw a bitter smile on his face so he opened his mouth and asked: ‘What is going on here, why is your body like this!’

Master Lin’s last illness Jiang Hao was aware of, but later cured after never cared, even Master Lin put down this matter.

But then because of an accident, it seems that Master Lin took the wrong packet of medicine, the resulting consequences became more and more serious, the internal organs have begun to gradually atrophy.

If not for this, he ate meat every day is not good. Why should he keep drinking tea.

‘I can’t, it looks like my body can’t hold up much longer, Shen Yan. You’d better get married to Yan’er, so that I can go with a little peace of mind.’

After saying this, Elder Lin looked at Jiang Hao reassuringly and smiled: ‘Others I may still have some trust. But what your kid promised, I can still listen to a couple of things.’

Jiang Hao looked at Elder Lin’s expression and was silent for a long time before he shook his head and said, ‘No. If I do that, perhaps you are even more unlikely to survive this!’

Master Lin snickered at his words and replied, ‘I know my own body well in my heart, I know well in my heart whether I can survive or not, remember my words well.’

After saying this, Master Lin barián passed out, and Jiang Hao hurriedly went forward to hold Master Lin’s body upright.

A few people passing around saw this and shook their heads and came up, and even looked unbearable Jiang Hao a glance, then let the old man Lin awaken.

‘What just happened to me, did the disease come back?’

Jiang Hao looked at several underlings nodded gratefully, then took out money from the bag, one gave a few hundred is considered meaning!

Chapter 815

Looking at Elder Lin’s face gradually eased up, Jiang Hao looked at him with some concern and said, ‘Why didn’t you tell me that your body had changed so much?’

Master Lin saw Jiang Hao worry about himself, a warmth emerged in his eyes smiled: ‘Nothing, there are some things I know myself. It is no longer necessary, now I am most at ease with Yan’er.’

After saying this, Elder Lin gently shook his head and then continued to speak: ‘In fact, even if you do not come today, I still want to go to you. Because the threat of the Shen family is simply too great.’

If it was simply the Shen family, perhaps Elder Lin wouldn't put much thought into it. The other party wouldn't dare to do everything after all.

But with the addition of a Shen Tianyang, things would be a bit unpredictable.

He is worried that if Shen Tianyang arrives in the North, I am afraid that not many of these families in the North will be able to stand up against it, so it is better not to take advantage of the moment to start the resistance.

After a long period of silence, Jiang Hao looked at Elder Lin and shook his head slightly: 'I will not marry Lin Yan, this matter you will not think about for the time being.'

After saying these words, Jiang Hao looked at Elder Lin's face flashed a trace of disappointment.

'Although I had engagement words with Lin Yan, but that time was just to cheat Shen Qing Shu, this matter has already passed, why do you need to chase after it and not forget it?'

Elder Lin looked at Jiang Hao when he said this. His face looked very serious, so he nodded with a bitter smile and said: 'In that case, then okay, I will not force you anymore.'

After saying this, Elder Lin looked at the folder Sally placed on his desktop and nodded: 'You go first, this matter I promised.'

Jiang Hao took a deep look at Elder Lin, slowly then exited the room and walked outside.

When Jiang Hao went out the door, he found that Old Black had already gone back, and Sally was standing under a red maple tree outside the Lin family, quietly dazed.

He gingerly walked over, then stood side by side with Sally and said, 'What are you thinking about.'

Sally was awakened by Jiang Hao's voice. Then she turned her head and looked at Jiang Hao and smiled: 'I'm not thinking about anything, I'm just thinking about some things, how about you, how did you talk to Master Lin?'

'He has agreed to this matter, but we still need to discuss the specifics with Lin Yan, as if he just told us inside.'

Speaking of which, Jiang Hao hesitated for a moment and then continued to speak: 'In addition, there is a bad news to tell you.'

Sally nodded and then looked at Jiang Hao with some confusion and said, 'What bad news, tell me.'

'Master Lin's body is dying. If I'm not wrong, his internal organs have started to atrophy now. I'm afraid it has something to do with him using the wrong medicine.'

Thinking of this, Jiang Hao thought with some self-condemnation, if he hadn't given him a heavier prescription in order to try to save things. Maybe he wouldn't have been like this!

Sally smiled and fell silent, then took two deep breaths and spoke: 'It's okay, this world is like that, after the older generation is gone. The next generation can take over the banner in their hands.'

After saying this, Sally shook her head slightly and said: 'Come on, I hope she can agree to this matter.'

Jiang Hao looked at Sally with some doubts and said: 'Where is Old Black, isn't he waiting outside?'

Saying this, Jiang Hao walked with Sally towards the outside while looking at Sally in confusion.

Sally some helpless sigh, then looked down at the road helplessly: 'Something happened inside the villa. So he rushed back to deal with it, and I did not keep him.'

Jiang Hao rolled his eyes. Then looked at the road out some helplessly said: 'This is the villa area, to walk out to take a taxi do you know how far to walk?'

Sally turned her head to look at the same Jiang Hao after speaking: 'You can carry me ah. The main thing is, I can't drive at all.'

The two of them smiled at each other with some bitterness. They slowly walked towards the outside, and so easily walked to the road, Sally is already tired and panting.

Jiang Hao reached out to stop a car, and told the other side about the Lin's group then looked at Sally with some concern.

Although she is considered a big shot in the north side, but the current Sally how to look like an ordinary and a little weaker little girl.

Sally naturally knows what kind of vision Jiang Hao is looking at himself, although the heart wants to retort, but the constant panting chest is really let her say no words.

When it was easy to ease down, the car also drove to the entrance of Lin's group.

Sally took out her cell phone and dialed Lin Yan's phone number and then walked in, many people looked at Sally along the way, but did not dare to stop.

On the one hand because someone has been secretly reminded, the other is because of Sally's powerful aura!

Perhaps in front of Jiang Hao Sally is just an ordinary girl, but when facing others, no matter who dare not underestimate Sally.

Take the elevator to Lin Yan's office, only to see her sitting quietly on the sofa reading a book without a single sign of busy.

Sally looked at Lin Yan sitting on the sofa reading a book, the corners of her mouth will smile, then reached out and knocked on the door and said: 'Miss Lin, how are you?'

Lin Yan then raised her head to look at the door, then stood up and smiled: 'Hello, Sally, you've been waiting for a while, come and sit down.'

Jiang Hao followed behind Sally and greeted Lin Yan with a somewhat embarrassed expression, then also slinked in and sat down in the corner of the sofa.

After Lin Yan put down the book in her hand, she poured a glass of water for Sally and smiled: 'Why did you come over today, without saying hello in advance.'

Sally took a sip of the water handed over by Lin Yan, then put it on the table and smiled: 'There are some things that are inconvenient to say on the phone, anyway, there is nothing to do, so I came to see you.'

After saying this, Sally took out another prepared plan from her body and handed it to Lin Yan, smiling: 'Look at this thing, let's talk after reading it.'

Lin Yan glanced at Sally, and then looked at each other with Jiang Hao and opened the folder and read it.

In just a moment, Sally's face became more and more serious, and when she saw the end, she even slapped her thighs in surprise and said, 'Great! Who's this?'

Sally felt slightly satisfied with Lin Yan's reaction, so she smiled and then said in a calm tone: 'This is a plan that one of my secretaries got done, if you think it's feasible, we can cooperate.'

Chapter 816

Lin Yan put down the plan in his hand, then hurriedly went to his desk and took out a folder from the drawer before walking over.

Then handed it to Lin Yan and laughed: 'In fact I have considered this aspect before, but at first they did not have such strong assistance. So there are inevitably some deficiencies in various aspects.'

Sally took the document handed to her by Lin Yan and looked at it twice, then laughed: 'You are also very good, the situation at that time the Shen family was still able to support, I didn't expect you to have developed a plan against the Shen family.'

Lin Yan shrugged his shoulders and then looked at Sally helplessly: 'No way ah. If I don't think about the Shen family, they will keep thinking about me.'

After saying this. She glanced at Jiang Hao playfully and flirted: 'Isn't there a saying that the best way to defend is to attack, and that's all I can do.'

Sally nodded in satisfaction after looking at Lin Yan and said, 'Your plan is very good, as long as you wait for this project of Xichunju to come out, you will be able to defeat the Shen family together with me after you return to the capital.'

This is only one part of the matter, in fact there is another part that is more troublesome, that is the need to push a person out as the person in charge on the surface for others to see.

Because Sally had said before, she herself will not be involved in these family matters in the North, which requires a person to sit in the open and have a reason to take action against the Shen family to take charge.

The most important thing is that she has an enemy with the Shen family. There are reasons to target the Shen family.

All aspects of the perfect character, is undoubtedly the best on the surface of the candidate, which is why Sally to choose a reason for the Lin family.

As long as the Lin family in the return of funds, and then with the Chen Jingdao side of the offensive, an instant to empty the Shen family stock market, then they can face only two results, get out!

Thinking of this, Sally looked at Lin Yan's eyes could not help but more than two points of satisfaction, then opened his mouth and laughed: 'You = very good, if you do not mind in the future. How about being my staff as well?'

Lin Yan knew that Sally had absolutely no intention of looking down on people when she said that, so she smiled and then opened her mouth and said, 'This is better to forget, I know you want to test me, but I may not be suitable for such a role.'

For Sally, she prefers what she says and the people below her to do with it, which makes kind of a leader feeling makes her love you a little obsessed this time.

Jiang Hao sat in the corner of the sofa, although did not say a word. But looking at the two whispering Mo Yang in front of him, he could not help but feel some fear.

No wonder most of the ancients describing women would say snake scorpion heart. It looks like these two women in front of you are not just a snake scorpion heart so simple.

Thinking of this, Jiang Hao coughed lightly and stood up, wanting to sneak away, here is definitely not stay!

It is not expected that Jiang Hao side just got up. Lin Yan turned his head to look at him, there seems to be some doubt in his eyes, she does not know where she is wrong.

Even looked at Jiang Hao opened his mouth and asked: 'What place are you going to ah?'

Jiang Hao touched his nose, then some embarrassment turned around to look at Sally and Lin Yan two women laughed: 'That. I'm going to the toilet, I'll be right out, you guys talk!'

After saying this Jiang Hao hurriedly fled, he was worried that if he continued to stay, I'm afraid he would be silenced!

Lin Yan looked at Jiang Hao fled the way lightly laughed twice, seems to ring a funny thing.

And Sally apparently did the same, the two looked at each other and then even laughed out loud.

‘Say Sally, why would you suddenly want to target the Shen family ah. Didn’t you say before that your identity was a bit special and you couldn’t stand out?’

Sally looked at Lin Yan’s look and smiled back: ‘The reason I targeted the Shen family is because someone behind the Shen family began to intervene in these matters. This person is called Shen Tianyang, he is more terrifying than Shen Wennian father and son.’

Lin Yan muttered twice after hearing the name Shen Tianyang. Then she looked at Sally with some doubts and asked, ‘Is this Shen Tianyang also a member of the Shen family?’

‘You may not know, when the Shen clan family is still around. The disciples under the door had a total of thirty-six people, and after that the Shen family simply divided the thirty-six people into side relatives.’

Speaking of which, Sally sighed somewhat helplessly: ‘What is now the northern Shen family, the He Dong Shen family, and the overseas Shen family are all branches of the Shen clan family back then.’

The scenery of the Shen clan back then, Lin Yan still heard of, but he she has never thought, the original has been pressed their own people are only people’s domestic slaves!

Thinking of this Lin Yan said somewhat helplessly: ‘I thought the people who targeted our Lin family were much stronger, but it turns out that they are only the family slaves of other families!’

After saying this, Lin Yan gritted her teeth and then looked at Harry with some urgency and said: ‘When will this plan start, my side can cooperate with you at any time.’

Sally took a look at the two folders on the table and said: ‘You should first take care of all the things in your hands, so that you can better accompany me me.’

After Sally nodded with a light smile, she looked at the door in a somewhat strange manner: ‘No, why hasn’t Jiang Hao come in yet, he can’t really have slipped away, right?’

Lin Yan lightly glanced at the door after lightly hummed: ‘Do not come back forget it, anyway, one more he is not more, one less he is not less, this matter he can not help.’

After saying this, Lin Yan looked at the plan in his hand and pondered for a moment before looking up at Sally and said: ‘The plan is a good plan, but this pushing people up to do the bright side is a little difficult.’

Sally heard these words, with an apologetic look to Lin Yan: ‘Currently the most suitable candidate among the only you, you have a feud with the Shen family, you are the identity of the victim.’

After saying this, Sally smilingly spoke: ‘If you use this identity to retaliate against the Shen family, I believe that soon the establishment of people will be on your side!’

Seeing Sally speak with such certainty, Lin Yan also put down the worry in her heart, and then watched Sally leave.

When Sally left, Lin Yan's face this time surfaced a trace of reluctance.

She knows that she and Sally's identity some gap, but also not as beautiful as Sally excellent.

But the first time to see Jiang Hao is clearly he is the right person, why will be Sally to steal it?

That's right, Lin Yan thinks Jiang Hao was snatched away by Sally!

Don't care how happy she is smiling in front of Sally, and don't think about how sweet she looks with Sally.

In the end, if you didn't think you Sally's identity, perhaps Lin Yan would have already struck out at Jiang Hao!
