

Chapter 817

Yin Luo walked away gently, feeling better, and finally sat back on the chair. Please search on Baidu (web)

Only then did she think of Yi Yan, Yin Luo looked at Yi Yan cautiously and asked, "I let my friend come here, would you mind?"

Are your legs okay? Knowing that you can squat for so long while squatting will be numb. Yi Yan didn't answer Yin Luo's question, but blamed it.

I'm fine, it's just a numbness for a while, and it's all well now. He was angry at such a small matter. It's just that although Yin Luo was blamed by Yi Yan, he didn't know why he was so happy. Seeing Yi Yan's stern face and not speaking, Yin Luo asked again, "Will you be unhappy if I ask my friend to come?"

What do you mean? Yi Yan looked at Yin Luo bitterly, and just finally Bo Chengcheng left, leaving them time alone, and now there is another person coming.

However, since it is Yin Luo's friend, it is his friend. And it's also for caring about the fall, so there is no reason not to accept it, and Yi Yan is still very sensible.

Looking at Yin Luo's appearance of a child doing something wrong, Yi Yan looked at her indulgently and said, "Don't worry, I don't mind."

That's good. Yin Luo smiled, and just a word made her very satisfied at the moment.

Thinking of meeting Feifei again, Yin Luo still looks forward to it. Only after returning from Feifei, did she meet with Feifei once, and now she misses her a little. It's just that... Yin Luo looked at her hands wrapped in rice dumplings, wondering if Feifei would hit her. Obviously it wasn't so serious, so Bo Cheng Cheng Bao's seemed so serious.

After Ouyang Feifei finished the call, she hurried to the second floor, really wanting to see the dead girl Yin Luo quickly, and then scolded her severely. Since I don't know how to protect myself, I won't call her the first time something happens.

On the second floor, Ouyang Feifei turned right as Yin Luo said and saw four black-clothed bodyguards standing guard at the corner. Yin Luo should be inside. These bodyguards are here to guard her.

It's just strange that Yin Luo is usually a simple person, and what he can accomplish by himself does not want to drag others down. Why did you call so many bodyguards today? Could it be that she is in danger? Are these bodyguards to protect her?

By the way, when she entered the corner just now, she seemed to see a mysterious man in a black suit and sunglasses sneaking around there. Is that the one who is going to kill? No, no, it was terrible, she had to tell Luoluo quickly and let her respond early.

After thinking about it silently, Ouyang Feifei walked inside, but when they came to the bodyguards, they stopped her.

No, what are you doing to stop me? Ouyang Feifei is puzzled, aren't they all supposed to guard against the sneaky man in black? Or maybe they feel that she is also a dangerous person and will be harmed?

Luo Luo should have forgotten to tell them, it was a little confused.

One of the bodyguards said politely, "Sorry, our president likes to be clean and does not want others to disturb him."

I know your president. I came to visit her. I called him just now. You... Ouyang Feifei explained anxiously.

Sorry. The four bodyguards lowered their heads unanimously and said.

Well, no explanation. Ouyang Feifei had to take out the phone to call Yin Luo's number. These bodyguards are also to protect Luo Luo, in order to prevent her from being harmed. So I can't be so tough, if they really broke the rules for her, then it would be dangerous.

Then I will call your president and ask her to tell you at that time, you should believe it. Ouyang Feifei explained.

The four bodyguards looked at each other, and finally one of their representatives finally nodded and said, "Yes, if it is determined to be the president, we will let it go."

That's good. After saying that Ouyang Feifei was about to call Yin Luo, but didn't want to hear a familiar voice.

The owner of this voice is a pomp, a rascal, like a mouse on the street, who wants people to be beaten by others, is vicious, scheming, distracted, and in short, a man who is not good at all.

Isn't this Miss Ouyang? Why? The last time I hit me, I still wanted to lose it. Who am I going to rely on this time? Gu Yan approached, curled his lips, and said close to Ouyang Feifei.

It's you? You go away, don't be so close to me, I am too dirty. Ouyang Feifei walked away a little disgustingly, and you looked at Gu Yan with disgust.

Stupid woman, I still think you are dirty. Gu Yan countered, this woman is really capable. Where can he look for a man as rich and handsome as him? He doesn't want other women who don't meet his standards and post them. She dares to dislike him now. He wanted to see how stupid she was.

Then you take your Yangguan Road, I cross my single-plank bridge, you don't mess with me, I don't mess with you either. Ouyang Feifei was too lazy to talk to him, it was a waste of time. Also, she is disgusted with breathing the air in the same area as him now.

Anyway, she and him had a feud, if she didn't have to hurry up to see Yin Luo, she must have argued with him for ten days and a half to see who was the best and who was stupid.

Gu Yan just saw that she wanted to go inside, but the bodyguard prevented her from entering, so she probably didn't know the person inside.

He looked inside, raised his lips, and smiled evilly, "Have you never seen the world and want to go to the ward to take a look? It doesn't matter, if you want to come in, please me, I can take you in."

You can go in? Don't be funny. Ouyang Feifei really didn't believe it. How could Luoluo know such a rascal? How could this kind of rogue get in?

Don't believe it? Gu Yan showed a divine smile, and then strode inside.

But the four bodyguards still stopped him.

Gu Yan didn't fight, what happened to these bodyguards? Is he brushing his face less often, doesn't know him, or something else? What a shame.

Hahaha... Ouyang Feifei saw that scene and immediately laughed while clutching her stomach. She laughs very low, don't make her laugh, or she may not be able to stop. She laughed and mocked Gu Yan, "Mr. Gu, haha... don't you have the patience to go in? Go ahead."

You... Gu Yan looked back at the stupid woman with such an arrogant smile. It's really no woman like a woman. Who will like her in the future? No, it's so shameless.

Gu Yan pointed to his face and asked the bodyguards, "Look at my face carefully, don't you recognize me?"

The four bodyguards looked at each other a few times and nodded one after another, "Know, know, Mr. Gu."

Know that, why don't you let me in? Don't you know what I have to do with your president? Gu Yan said, and then he was about to walk in, but the bodyguards stopped him again.

Gu Yan couldn't bear it, "What are you going to do? What do you want?"

I'm sorry, Mr. Gu, the president ordered him to take a good rest. And...and... The bodyguard who was speaking turned red.

And what? Say it quickly. Gu Yan asked anxiously.

The bodyguard who spoke was in Gu Yan's ear and whispered, "Moreover, Mrs. President is also in the ward. The two of them... who are in love, naturally don't like others to disturb you, you know."

What? I looked at him kindly. He was so badly hurt that he still had the heart to talk to other women. He didn't let anyone in. Gu Yan suddenly became angry. There are so many women who think of him and they are not affected at all. Now Yi Yan is just a woman. She is still sad and happy for her every day. In the end, she doesn't even want a brother.

There are still a lot of women, each one is not the most important to you, just like clothes, you lose them when you want to lose them, and buy them when you want to wear new ones. Only one woman is trouble.

President Gu, keep your voice down, the bodyguard reminded.

After Ouyang Feifei had laughed enough over there, she witty first called Yin Luo's number.

The phone rang a few times before being connected.

Hey, Feifei, where have you been? Yin Luo asked concerned. It stands to reason that the downstairs of the hospital is so close to the upstairs that she should have arrived even if she was lost for a while now.

My current place should be where you said it, but now there are four bodyguards guarding here, I can't get in, you can tell them. Ouyang Feifei explained.

Bodyguard? Yin Luo hasn't been out since he followed Yi Yan to the ward, so naturally he didn't know about the bodyguard. If there is nothing wrong with the place, it should be Yi Yan's person, "Feifei, wait a moment."

After speaking, Yin Luo looked at Yi Yan and asked, "Are those bodyguards Feifei talking about yours?"

Yes, Xiaotian arranged it. I just forgot. You ask your friends to call them, and I will tell them. Yi Yan explained.

Okay. Yin Luo replied, and then said to Ouyang Feifei, "Feifei, you give them your phone and I will let them talk to them."

So Ouyang Feifei handed the phone to the bodyguard under Gu Yan's unbelievable gaze.

The bodyguard picked up the phone and listened respectfully to the sound inside.

That's your friend of the president's wife, let her in. Yi Yan said coldly.

Good president. The bodyguard responded respectfully, and then waited for the president to hang up before returning the phone to Ouyang Feifei.

The voice just now was indeed the voice of the president, and they couldn't be more familiar with it. After confirming that the voice inside was the president, he gestured to ask Ouyang Feifei to enter.

Gu Yan was really stunned. When did Ouyang Feifei meet Yi Yan? The relationship between the two is still so good. It was really amazing that Yi Yan could let her in so easily when he was in the same room with his wife.

Ouyang Feifei did not immediately go in, but walked to Gu Yan's side and mocked him first, "Mr. Gu, are you too poor and have never seen the world, so you want to go in the ward to see it? Isn't it okay to get in? , You beg me, I will take you.
