

Chapter 823

Yin Luo came back to his senses, only to realize that it was the smell of the green vegetables in the pot. So he hurriedly turned the dishes and said quickly: "Feifei, get me some water quickly."

After getting the water, Yin Luo directly poured it into the pot better, and the mushy smell gradually disappeared. Fortunately, Feifei has a good nose and found it early, and the situation is not too bad. At least it seems that those heart greens can still be requested.

Seeing Yin Luo's frantic appearance, the vegetables were a little messy just now. Ouyang Feifei almost doubted whether the thing she said she was already able to cook was true.

An accident, this time is an accident. Yin Luo explained to Ouyang Feifei with a smirk.

This dish was almost copied, Yin Luo put it on the plate, and then started to fry the next vegetable dish.

Looking at the dish just now, which might be a little ugly because it was a bit squishy, Yin Luo suggested, "Feifei, how about you try it first?"

Ouyang Feifei also looked at the dish that did not look good, shook her head vigorously, and said with a look of disgust, "I don't want it anymore, I'm not going to eat it by myself. I'll eat it again when I bring it to the table."

That's okay. Yin Luo smiled awkwardly. Although the dish doesn't look so good in appearance, if someone has connotations, it would be delicious. Well, Yin Luo admits that this possibility is unlikely.

Vegetarian dishes are easy to fry, so Yin Luo's second vegetarian dish was quickly completed. This time I don't even bother to read it like the first one. The last dish is a big move. Yin Luo has already cooked it several times, so it shouldn't be a problem. The last dish is absolutely delicious and delicious.

Yin Luo earnestly made the braised prawns in oil according to the previous method. Huang Tian paid his attention to it. This dish looks delicious, and the taste also has a scent of prawns and an unknown smell. smell.

Ouyang Feifei looked at the shrimp and said enviously, "Wow, Luoluo, you prawn decided to get the truth, then the other two are simply incomparable."

The dishes are ready, take the bowls and chopsticks to bring the dishes to the table to eat. Yin Luo reminded, if you don't eat any more, the dishes will be cold immediately, and the taste will not be as good as before. Although she thinks her fried vegetable dishes are not very good, but they should still be edible.

Okay. Ouyang Feifei had been looking forward to it for a long time, she picked up the two vegetarian dishes casually, looked at them with disgust and said, "Look at you like this, both are made by one person. Why is the braised prawns so good?"

Don't embarrass them. Yin Luo followed Feifei to the living room empty-handed.

After Feifei took the two dishes, she went into the kitchen again. Then I saw her holding the table and chopsticks in one hand and the braised prawns she was proud of.

Three dishes and porridge cooked in advance. This is the dinner for the two of them. Now everything is ready and ready to be eaten.

Luoluo, wait a minute, I have something. As it was about to start eating, Ouyang Feifei suddenly wanted to do something.

What's the matter? Yin Luo asked, she was about to eat, what did Feifei want to do.

It's okay, you wait a minute. After speaking, Ouyang Feifei hurriedly left the dining table and went to her bedroom.

Yin Luo had to sit at the dining table and waited for Ouyang Feifei, not knowing what she was going to do.

Dangdangdang. Taking advantage of Yin Luo's attention, Ouyang Feifei came out from behind her, her hands still behind her back.

What did you take? Yin Luo asked suspiciously looking at Feifei's hands that had never leaked out.

Ouyang Feifei took out the things in her hand and put it on the table, Yin Luo's eyes "Dangdang, look, this is it, is there a bit of romance?"

The ones on the table are just ordinary red candles that are used for power outages in ordinary households.

Yin Luo looked at the red candles and reluctantly replied, "There may be a little bit."

It's great, then I'll light it. Ouyang Feifei took a bottle for candles, inserted them and placed them on both sides of the dining table.

Sure enough, with such a few candles, the atmosphere in the entire living room is different. The simple and simple living room has become a living room full of warmth.

Yin Luo still let the daring Ouyang Feifei taste her dish, which was considered a failure.

After eating, Ouyang Feifei swallowed the dish with a pretty good expression, then nodded, and said to Yin Luo, "Luo Luo, although this dish looks a bit bad, it tastes okay. Can you try it?"

After speaking, Ouyang Feifei gave Yin Luo a large chopsticks of greens.

After receiving such an objective evaluation from Ouyang Feifei, Yin Luo felt relieved about his cooking skills. It looks so ugly and you can eat it, which shows that she can still make it.

Yin Luo directly put the food that Ouyang Feifei helped her into the mouth, but as soon as he put it in, Yin Luo directly vomited it out. There is a smell, I really don't know how Feifei swallowed it just now. And even said that the taste is okay, is it poisonous? Therefore, she lied to her, and Feifei, a stupid girl, even sacrificed herself to lie to her.

The two of them smiled at each other, and Yin Luo comforted himself, "It doesn't matter, we are only two of us, we don't want to eat this dish. Try other dishes?"

Good. Ouyang Feifei sandwiched another vegetarian dish and prawns, and then commented, "Well, this vegetarian dish is very good, the prawns are more delicious. I admire it."

That's good. Yin Luo also lowered her head to eat, but her hand was injured, and she would "fight" with each other while pinching the two chopsticks. Suddenly she thought about what happened in the hospital, and asked, "Feifei, do you know that Gu Yan?"

It's more than just knowing. Ouyang Feifei said that Gu Yan was so angry that she had settled a grievance with him anyway, "I still have a deep hatred with him. Do you remember the first time I came here? Hit his car."

It's such a coincidence. Yin Luo didn't expect Feifei and Gu Yan to be involved because of this. It turns out that the person Feifei spoke before was Gu Yan.

Don't mention him, it's time for me to ask you. Ouyang Feifei suddenly looked at Yin Luo seriously, and continued to ask, "What's the matter with your hand, and why is your man injured at the same time as you? Let's talk. I'm listening."

When Ouyang Feifei was in the hospital before, due to the majesty of her man, she never dared to ask. Moreover, at that time, if he didn't agree with him, he could quarrel with the guy called Gu Yan, so naturally there was no time to ask questions. But now it's different, now there is time.

This matter is too complicated, the black hands behind the scenes have not investigated it, and their true purpose is not known. Yin Luo didn't want Feifei to worry too much, so she had to explain briefly.

I went to inspect the construction site today. The area where I was standing on the construction site collapsed due to quality problems. Then Yi Yan rescued me, so my hand only got a little scratch. Don't look at the bandage that looks so terrible. In fact, it's not serious inside. I'm really fine now, you don't have to worry too much about me.

Inspecting the construction site is so dangerous. Luoluo, you can't take the risk with your own body in the future. You are the president, isn't it good to deal with files in the office comfortably? You have to look for trouble. Ouyang Feifei blames, she is too worried about Luoluo. Safety. Fortunately, her man could save her this time. Otherwise, Yin Luo's small body would have been unable to stand up long ago. If she still does such a dangerous thing in the future, and accidents may happen at any time, she may not be so lucky in the future.

Just put a hundred hearts on it. Yin Luo comforted Feifei, she knew that Feifei was also entirely for her good.

But as a president, you can't just sit in the office and do the real things that you can never see. It is also very unavoidable to patrol the construction site. This time it was not an accident, and it was even more unlikely that she would only be a president who would only appear in the office because of an accident.

I will be careful and careful in the future, I won't hurt myself, and I won't worry you anymore.

It's fine if you know it. Ouyang Feifei understood that Luo Luo was just perfunctory and asked her to be a president sitting in the office. How could she be reconciled. She is dedicated to managing the company and serving as the best role model for her employees. These things are even more impossible to avoid. But she still hoped that Yin Luo could listen to her once. Nothing matters.

Thank goodness you have a man this time. By the way, is it okay for you to have a little heart for your man? Ouyang Feifei started gossiping again, such a man is rare. I would rather die, get hurt, and suffer all the time than let Luo Luo get hurt. And when she and Luoluo left, she saw it really, and it was impossible for her men to look at her in a lie.

Hearing this question, Yin Luo was a little nervous for an instant, she picked up the chopsticks and ranchered a shrimp at random. If you want to talk about it, I have done it before. Also at the construction site, when he would rather be injured when he was away from her.

But the shrimp hasn't been caught for so long. One is because of inconvenience, and the other is so nervous.

She has never liked to talk about her liking for people, and she likes to keep everything in her heart. Feifei asked this today, she didn't know whether to tell the truth or lies.

Don't move, I'll help you catch it. Ouyang Feifei saw Yin Luo's difficulty in catching a shrimp, so she asked for help. Ouyang Feifei caught the shrimp that Yin Luo had difficulty picking up, and placed it in Yin Luo's bowl. "You haven't answered my question yet."

Yin Luo thought for a while, and simply said the truth. "My heart is moved, sometimes there will be. It's just that I have been maintaining the benefits because of our marriage. But until he came to save me regardless of the danger, I'm confused. I'm thinking, maybe there is something more valuable than benefits between us."

That's right. Ouyang Feifei is more carefree, so emotional matters don't like the kind that is always hidden in her heart and refuses to say.
