

Chapter 825

Yin Luo wore a dark blue cotton pajamas with many white bunnies on it, and pink bows tied to the rabbit ears. Ouyang Feifei also wore a dark blue cotton pajamas, made of the same fabric as Yin Luo's. It's just that Ouyang Feifei's pajamas are printed with a big-mouthed khaki monkey.

The two people fell asleep in the same pajamas like this when they returned to college. They always like to squeeze on the same bed when the winter is cold. At that time, the two of them didn't like to do anything else. They only watched movies with a mobile phone. Or, for the bold ones, their favorite is horror movies.

It's just that the bed in the dormitory was very small at that time. Fortunately, both of them were very skinny. Otherwise, I'm afraid they won't fit.

Why don't we look for another horror movie to watch? After watching and going to bed, it's still early anyway. Ouyang Feifei looked at Yin Luo and suggested with a smile.

Okay, okay. Yin Luo nodded and agreed with 100%, so that he could feel the same as before.

It's just that when I watched a movie, I was cautious about it. I was afraid that it would affect others. Two people were wearing a headset, and the school's network was not good. They usually found a movie first, then downloaded it, and watched it at the end. It's definitely better now than before.

Wrapped on me, I opened a membership and found a movie to prove my noble status. Ouyang Feifei said proudly, and then took out her mobile phone to search for it.

Yin Luo looked at Ouyang Feifei sitting and looking for it, as if he had really returned to college. It felt so good.

Yin Luo felt very lucky to know Ouyang Feifei, a carefree and easy-going girl.

In a short while, Ouyang Feifei found a horror movie. In fact, horror movies are nothing to them now. The first few times I watched it, I was always more or less scared, but now I am used to watching more, and I probably understand the routines of horror movies.

But horror movies still have an atmosphere different from other movies.

I just saw a wonderful place in a quiet night, in a dark forest. The leaves are also black. There are insects and some strange sounds, like the wind blowing the leaves. Sound, coupled with some thrilling music. At this time the ghost protagonist is about to appear.

However, Yin Luo's cell phone rang at this moment, and she took out the cell phone and hurriedly shook it. It was Yi Yan. If it's someone else, just ignore it, and then use other reasons to peruse. But this stingy man, if she ignores him, she still doesn't know what he will do, don't look at him still lying in bed.

Reluctantly, Yin Luo could only say to Ouyang Feifei, "Feifei, please pause for a while, I will answer the call and be back in a while."

Okay. Ouyang Feifei nodded. She also saw it just now. It was her man, Ouyang Feifei naturally understood.

Yin Luo went to the bathroom and closed the door before answering Yi Yan's call.

Yi Yan asked coldly, "What are you doing, why are you answering the phone so late?"

I can pick it up, okay? Yin Luo was telling the truth. The moment her phone rang, her first thought was to ignore it, but she couldn't keep it ringing. The second thought was Hang up directly. But when he saw Yi Yan calling, the stingy man let it go.

Have you finished eating? Where are you now? Yi Yan asked concerned.

It's finished, at Feifei's house? What questions do you have to say at once. Yin Luo replied, and Feifei was still there waiting for her to go back to see the female ghost appear. This time it will be a quick decision.

Yi Yan asked calmly, "Are you in a hurry?"

I...I'm not in a hurry, it's okay. Yin Luo smiled, she couldn't say that she didn't want to tell him more in order to watch ghost movies.

Do you know if you go to bed early? Yi Yan knew that it was definitely not that simple, and he knew her well, she must be anxious to do something else.

I know, I'll fall asleep later. Yin Luo replied obediently.

Yi Yan said arrogantly, "I'm not caring about you, I'm afraid you will be late tomorrow. And bring me food tomorrow, I want to eat the breakfast you brought."

Tomorrow... well, okay. Is there anything else? Yin Luo asked anxiously.

Yi Yan was helpless, what did she want to do in such a hurry. But since he agreed to let her go with her girlfriend, there is no reason to take care of her anymore.

It's okay, you go. Yi Yan said, so don't embarrass her, let her go.

Okay, goodbye, good night, good dream. Yin Luo replied happily, and finally could go back to see the wonderful place with Feifei.

As soon as Yin Luo walked out, Ouyang Feifei smiled weirdly and asked, "Oh, Luoluo, are you a man?"

Yeah. Yin Luo nodded. They are already married, so it's normal to make a phone call.

Does he care about you? Does he miss you? Ouyang Feifei asked again.

No. Yin Luo was a little embarrassed, "How long have we been apart? He just saved me and wanted me to repay him and remind me not to forget to go to the hospital tomorrow to take care of him."

I also said he didn't want you. Ouyang Feifei turned Yin Luo aside. Why didn't this Luo Luo see her man's concern for her? It seems that she is going to help them.

You think, he wants you to take care of him because he misses you. He is so rich, who can't take care of him, so why must he look for you? He doesn't care about you, how can he save you in spite of danger. At that time, he must be too. I don't know how dangerous it would be to save you. Will he stay awake forever? He loves you very much.

Really? Yin Luo asked Ouyang Feifei, as if asking himself.

Why should he keep her from her when he loves her? Why is their meeting so coincidental? And why did he help her so easily? They didn't know each other at first. To say that there was no conspiracy, she didn't believe it at all.

It's just that if he has a conspiracy against her, if he is doing it for profit, why should he ignore his life for her? Yin Luo couldn't understand.

Of course it is true. Anyway, Ouyang Feifei is very optimistic about this Yi Yan, she also firmly believes that she has not seen the wrong person, her eyes will not deceive, her tone will not deceive, her expression will not deceive, and her behavior will not deceive. Will deceive. Her man treats her differently from others, which is enough to explain.

Luoluo, I don't understand why you still don't believe him. There must be your own reasons. But if you really have questions, you should ask clearly. If it is still as you think, then divide it early. If so. If the misunderstanding is resolved, then we can get together well. Otherwise, your happiness is your own happiness. Ouyang Feifei rarely said so many serious words.

Yes. Yin Luo nodded slightly. She had always been imagining it wildly. She never gave him a chance to explain. What if there is really any misunderstanding? Otherwise, Yi Yan would not save himself desperately, "I will find a chance to tell him clearly."

That's right, I am waiting for your good news. Ouyang Feifei said with a smile. I just hope that Luo Luo will be happy in the future, and I hope God will not always bully Luo Luo. Her family has made her very unhappy. It was a coincidence that she found true love, and let her stay with her for the rest of her life.

Don't say anything else, it's time to watch the movie, let's continue. Yin Luo put aside those brain-burning things for the time being, it's time to be happy with Feifei. She climbed back onto the big bed and returned to her original position.

Okay, go on.

They were very sleepy after watching a horror movie. Putting down their phones, they soon fell asleep.

Yin Luo had a dream. She dreamed that when she was in college, she and Feifei had dinner and play together. She dreamed that she was married to Yi Yan in a white wedding dress. She dreamed that she had a lovely child, and she couldn't remember the rest.

The next morning, when Yin Luo got up, he found that Ouyang Feifei was no longer in bed, and should have been up early.

After changing clothes, Yin Luo went to the bathroom, and Ouyang Feifei had just finished washing.

Ouyang Feifei stretched and asked directly, "Luoluo, do you make breakfast?"

It's a bit late to make the porridge now, and it will take a long time to make the porridge. I have to go to the hospital earlier. Yin Luo slept so well that he got up a little late this morning. Yi Yan asked her to bring food yesterday. What should I do? Yin Luo thought for a while, "It doesn't take long to make noodles."

Then you can make noodles, I won't pick it. Ouyang Feifei replied with a smile, and she wanted to eat breakfast again.

Yin Luo smiled awkwardly, she just said, "I won't. And we only bought last night's food yesterday. Otherwise, let's go out for breakfast."

Anyway, what Yi Yan said yesterday was just to bring him breakfast, and he didn't say that she must eat what she made.

Okay, let's go to the breakfast shop together. Although Ouyang Feifei still wants to eat breakfast made by Yin Luo, but now there is no material, and the time left is not enough. Went to buy breakfast.

They walked to a small breakfast shop nearby.

Ouyang Feifei shook her arm relaxedly, breathing in the fresh air, and asked her with a smile, "Do you remember Luoluo? We used to go to this kind of small store to buy breakfast."

Of course I remember. Yin Luo also walked in a relaxed manner, this kind of okay feeling is really good.

They walked into the shop in a short while. The breakfast shop was small but well-equipped. There are soy milk, eight-treasure porridge, polenta, sweet porridge, black rice porridge, millet porridge, etc., and the varieties are very complete.

There are also a lot of food, such as hot dry noodles, fried dough sticks, big and small steamed buns, soup dumplings, leek boxes, seaweed cakes, boiled eggs, etc. It is dazzling to see. Especially for people with choice difficulties.

Luoluo, let's finish eating here first, then you can bring you a man, anyway, the hospital is very close to here, it shouldn't be cold anyway. Ouyang Feifei suggested.

Well, it's still early if you don't cook anyway, what do you want to eat? Yin Luo asked.
