

Chapter 829

“Yes, yes, my home is very well done.” Yi Yan looked at her clearly sad but still holding on, but she had no choice but to pretend that she didn’t know anything.

She has suffered too much by herself all the time, how did she survive?

Would you like to eat? Yin Luo took a deep breath, no longer wanting to think of those unpleasant things, so he changed the subject and asked Yi Yan.

And Yi Yan nodded in acquaintance, his eyes were full of gentle praise, “The rice that Luo Luo bought is the second most delicious. I’m not full yet, of course I have to finish eating without a single one.”

Second most delicious? Yin Luo asked, the bun in his hand was reluctant to be delivered to Yi Yan’s mouth. If he immediately dared to say something that made her dissatisfied, he should stop wanting to eat what she brought. Breakfast.

Yi Yan looked at her resentful eyes, couldn’t help but curled up the corners of her mouth, and gently scraped her nose with her hands. “Of course you made the first delicious food. I have never seen anyone who is jealous with myself. .”

Even if you are acquainted, eat more if it tastes good. Yin Luo then delivered the buns to Yi Yan’s mouth.

While feeding, the door of the ward was suddenly opened. Yin Luo had a guilty conscience like a thief, and quickly put down the hand feeding Yi Yan, looking at the visitor with some embarrassment.

The visitor was Xiaotian. He was shocked when he first opened the door. The president’s wife was feeding the president. Although it is just a simple feeding, it seems to be as ambiguous as it is. I had clearly heard that the president’s wife was out with her best friend. This time he was careless and didn’t ask clearly before coming in.

Yi Yan looked at the visitor and said in a reproachful tone, “Why? I’m not in the company, I don’t know if I knock on the door when I come in?”

Oh, yes... yes... I’m sorry, the president. Xiaotian stammered and apologized. It was indeed the door of the hospital, so he forgot to knock on the door. He looked at Yi Yan carefully and asked, “President, I Isn’t it time to come?”

It’s fine if you know. Yi Yan said lightly.

Then I will go out now, you continue, interruption. Xiaotian finally looked at the shy look of the president’s wife and the happy look of the president, and quickly closed the door. After going out, Xiaotian laughed secretly. Xiaotian didn’t understand why he wanted to laugh when he looked at them, so excited? He has been single for a long time, so no matter how good the dog food is, can he digest it well?

Yin Luo didn’t expect that Yi Yan would actually say “It’s okay if you know”, and you know what you want, even though Xiaotian is his subordinate, he wouldn’t know how to be polite.

Why did you just let him go? Xiaotian must have something to do when he came to see you. Yin Luo looked at Yi Yan who was so uncomfortable, he always liked to act according to his own wishes. I don't even know about other things.

But, nothing is as important as you. Yi Yan looked at Yin Luo and said directly.

Yin Luo looked at Yi Yan seriously, and asked in disbelief, "Have you really never even talked about love before?"

Yi Yan looked at herself following Yin Luo's gaze, and asked strangely "Why? Don't I look like?"

Yin Luo narrowed his mouth and shook his head, "I really can't see it. Look at you now. There are a lot of love talks. It must be that you have a lot of teasing girls. After you have practiced experience, you like to coax me."

Love words are your inspiration. You have always been the only girl who is sultry. The experience is learned from you. Even if it is a coax, I will only coax you in my life. How? Is my wife satisfied with my answer? Yi Yan replied.

These love words are nice, but words are words, just a bubble of disillusionment of beauty. What Yin Luo liked the most was not those words that sounded heart-pounding and uncontrollable, but the simple behavior of two people.

Yin Luo disdainfully said, "Men are all like this. They only like to say a set of love words. If you get it, you don't know how to cherish it. On the contrary, you always feel that the woman has changed, and has not changed. The girl's youthfulness and freshness."

Hearing Yin Luo's sigh, Yi Yan frowned and kissed her on the cheek. "Where do you see this? From now on, I don't see many things like this, listen to them, and think. I'm different from those men. Never let you worry about these things, just trust me."

Yin Luo vowed to hear what Yi Yan said, but can she really trust him completely? No, she can't bet on Yin's.

As she was thinking about it, Yin Luo's cell phone rang suddenly, and she took out her cell phone and looked at it. It was her father again. I'm afraid it's for her baby girl again this time. I really don't know if she and Yin Hui's positions are changed, he will treat her as hard as he did to Yin Hui, and whether he will work hard for her.

After thinking about it, Yin Luo finally made up his mind to hang up. Regarding Yin Hui, she would not take care of her much. Everyone in the Yin family should be treated equally. Of course, high-ranking positions must be occupied by those who are capable. This is also for the long-term Yin family.

Yi Yan probably knew the form of the Yin family, so he was not surprised by Yin Luo's practice. I just hope that Luoluo can solve all this.

After a while, assistant Lin Lin also called. Yin Luo took a look, stood up and walked a little further, and then connected.

What's the matter? Yin Luo asked indifferently, expressionlessly.

It's Chen Meng. She took her daughter to make trouble in the company, and said that she hopes to see you and see you as your aunt. Lin Lin told Yin Luo about what happened.

Tell them I'm not here. Yin Luo said simply, she didn't want to see them at all, for them, she didn't want to waste her time.

I've said this too, but they refused to leave, saying that they must see you today, and they won't leave without seeing you. Lin Lin said helplessly.

Thinking of her arrogance when she saw Yin Hui, Lin Lin couldn't help but laugh at her. Obviously it's just a small employee in the company, what's so good about it? If Yin Luo and Yin Hui were born by the same father, why are they so different in character? That Yin Hui has such a good status, but so stupid.

Speaking of which, Lin Lin would still admire Yin Luo more. At least in many ways, Yin Luo has performed too well, too unlike what she can do at her age.

Yin Luo closed his eyes. They really didn't worry about them. She hadn't troubled them in these years, but they troubled her every day.

Lin Lin asked tentatively, "Would you like to find a security guard to blast them out?"

No need. Yin Luo said. If she blasts them out, they may not know how long they will have trouble. Their mother and daughter are both uncomfortable. I really don't know how my father fell in love with Chen Meng in the first place. At that time, the vision was really terrible.

That Chen Meng only knows how to make-up, maintains better, wears a little more revealing, and takes the father down easily if he takes the initiative. No wonder the daughter taught now is still like her.

Tell them that I will pass. And warn them that if they dare to make trouble, I dare to blast them out. Yin Luo said a little louder.

Yes. After receiving the task, Lin Lin ended the phone call and went to do her own business.

After hanging up the phone, Yin Luo looked at Yi Yan and said carefully, "I... I have something wrong with my company."

Aren't you all decided? Yi Yan looked a little unhappy.

Yin Luo lowered his head slightly, "Sorry, I have to solve it."

Come here. Yi Yan asked again as before.

Yin Luo walked over obediently, squatted down consciously, and looked up at Yi Yan.

Yi Yan stretched out his hand and gently touched Yin Luo's hair, and said, "Don't worry, I didn't mean to blame you. Am I such a stingy person?"

Yin Luo's first reaction was to nod, but then she shook her head quickly. But if she were to be honest, he really looked like such a stingy person. Take Feifei as an example, she just wants to play with her for a day, and he is not happy. Moreover, Feifei is her good best friend, and he doesn't do anything to her, he doesn't agree.

This time, how could it be possible to agree so quickly. Yin Luo thought that at least he had to coax him.

Seeing Yin Luo nodding and shaking his head, Yi Yan comforted her, "I'm not a beast, what are you afraid of? I'm like this. Are you afraid that I will eat you?"

Yin Luo quickly followed his words and shook his head.

Aren't you afraid that I would eat you? Then you try? Yi Yan continued to tease Yin Luo.

I don't want to talk to you anymore. Yin Luo also had a temper. She stood up and moved a little away from Yi Yan. Only Yi Yan lying on the hospital bed is the most reassuring, but these are things she doesn't want, "I don't care, I'm leaving."

Yi Yan didn't tease her anymore, nodded and replied, "Okay, remember to go early and return early."

Yin Luo didn't answer him, but waved his hand directly and pushed out the door. If you return to the company, there must be a lot of work to be done. In the past two days, she wanted to take advantage of this time to relax, so she never took care of the company's affairs, but asked Lin Lin to send her some of the more important files, and she would deal with it when she had time. As for the rest, I can only talk about it later.

As soon as I got to the corner, I saw Xiaotian and the black bodyguards chattering. This Xiaotian can talk to anyone, and his emotional intelligence is amazing.

Yin Luo stepped forward and asked, "Xiaotian, why are you still here, are you waiting to talk to Yi Yan?"

Seeing that the president's wife came, Xiaotian quickly stood up straight and replied seriously, "Yes, I have something to report to the president."

Is it important? Yin Luo asked again.

It's very important. Xiaotian replied nervously. The inner activities are also quite rich. Don't ask the president's wife anymore. The matter to be reported this time is related to the president's injury. Before the president told him whether or not to tell his wife, he didn't dare to call the shots without authorization. But if Mrs. President asks, isn't she going to lie? He didn't want to lie to the president's wife.
