

Chapter 830

Unexpectedly, Yin Luo simply said, "Oh, then you go, our company has something to deal with, and it may not come back for a while. Please search on Baidu (web)"

Hearing this, Xiaotian breathed a sigh of relief, bowed to Yin Luo and walked inside.

And Yin Luo immediately drove her Lamborghini back to the company, she wanted to see how they could make trouble.

Taking the president elevator straight to the reception area on the top floor, Yin Luo saw the mother and daughter drinking coffee leisurely. The two of them enjoyed too much and didn't even notice that Yin Luo had arrived.

Chen Meng sat with Erlang's legs up by the glass window, looking down at the magnificent sight downstairs, and said with emotion, "This rich man is good, even the reception area in this district is so gorgeous."

Yin Hui looked at all this high-end gorgeous, a little disgust leaked in her eyes, and said disdainfully, "What's this? Someday I will be richer than her, I will definitely take my mom to enjoy the blessings with you, and ask for the best design in the world. division."

Chen Meng looked at her increasingly beautiful daughter and nodded in satisfaction. It is good for her to have this filial piety and ambition, but if she wants to be as rich as a bitch like Yin Luo, she is bound to seize Yin. S.

Both are obviously his granddaughters, so why are they bothering Huihui because of her humble birth? This is not fair.

Chen Meng grabbed Yin Hui's hand and said gratifyingly, "Huihui, it's good for you to have this heart, but you must work hard. Mom is waiting to enjoy the blessing with you."

A sneer of disdain appeared at the corner of Yin Luo's mouth. They could really imagine. A daughter who believes in her will work hard and make a big difference. For one, I overestimated myself and refused to work well. I just wanted to think about being in the top position all day long.

Unwilling to see their hypocritical faces, Yin Luo just wanted to end this meeting as soon as possible. He strode forward and sat down opposite them.

What? What's the matter? Yin Luo swept over them, and said coldly.

We... Yin Hui listened to Yin Luo's words, and was about to say their purpose quickly, but Chen Meng stopped him.

She grabbed Yin Hui's hand, frowned slightly and gave her a look, and Yin Hui didn't dare to speak.

At this time, Chen Meng said to Yin Luo with a smirk, pretending to be caring, "Me and Huihui, just want to come and see you. Look at you, as the company's president, working day and night. We, anyway. Your family, so it's wise to take a look."

Family? Yin Luo sneered, unwilling to entangle them too much, so he ignored the topic. Continue to say coldly, "Well, since you said that you came to see me today, then I believe it. Now you are optimistic, and go back wherever it came from."

Luo Luo, what are you talking about? We seem to come to see you, so you just chase us away? Even if you don't look at Huihui's face, you will chase us away. You have to look at your father's face. Chen Meng knew that Yin Luo was used to such a cold attitude, so she could only move out of Huihui's father to suppress Yin Luo.

But their face is worthless here in Yin Luo.

Yin Luo looked at Chen Meng curiously and sneered, "How can you think that I will look at Yin Hui's face? How can you think that my father's face can be used by you?"

You... Chen Meng widened his eyes and stared at Yin Luo, his brows full of anger.

Mom, are you okay. Yin Hui saw her mother's breathing quicken, and hurriedly helped her follow her breath. Then Yin Luo glared fiercely, his eyes full of hatred, as if there was really a deep hatred between them.

However, Yin Luo thinks that she and them usually do not offend the river, and she has not done anything vicious. However, someone like Yin Hui who has been held in the palm of her hand since she was a child, who will be satisfied and arrogant in everything, is frustrated with her, and naturally reacts more intensely.

It was Yin Hui who had been studying abroad for a long time and everything went smoothly, so today she just talked casually, which angered her.

Yin Luo, don't deceive people too much because you are the president of the company. Do you think I'm afraid of you? Yin Hui shouted at Yin Luo with a loud voice. Obviously so young, at this moment, she is like a shrew that everyone hates on the street.

The cry attracted assistant Lin Lin and a few bodyguards in black.

Lin Lin approached Yin Luo and asked her softly, "President, do you want to blast people out?"

No need at all. Yin Luo turned his head to answer, and then leisurely looked at Yin Hui and Chen Meng who were irritated.

I never thought you would be afraid of me, nor did I want you to be afraid of me. As far as you and me are concerned, it's not worth my thoughts. Yin Luo said lightly, "With me, don't count on you. What benefits have been gained. You can leave now. If you don't leave, I will bother you bodyguards."

Yin Hui glanced at Yin Luo again full of resentment, then helped Chen Meng stand up, and walked downstairs to the elevator together.

In the elevator, Yin Hui asked caringly, "Mom, are you okay?"

Chen Meng shook his head and comforted her daughter. "Don't be angry, she has this temper. Anyway, our goal has been achieved today, but according to our plan, we should be friendly with her."

"Mom, it's okay. I came to the top to talk to Yin Luo, just to prove that I have an extraordinary relationship with her, so that the employees in the company dare not look down on me. Although we quarreled with her later, we didn't prove it. I understand our relationship. It's just that if you can go to the top floor often, just go to the president's office." Yin Hui's mouth was flat, and things did not go as smoothly as expected. It's all because of Yin Luo's troublesomeness that he didn't give any face.

Yes." The mother and daughter went straight down to the first floor and walked out of the elevator together. Chen Meng continued, "Then you are working in the Yin family, so you might as well go to the top floor often. That way, the employees will be a little in awe of you. ."

You said it is light. Yin Hui's mouth was narrow, her face was full of dissatisfaction. She once tried to get to the top floor often and get a relationship with Yin Luo. Let people in the company know that she is someone they can't afford.

Can go to the top, if not the top employees, is it easier said than done? Not to mention that there are two bodyguards guarding the elevator entrance to the top floor. On the contrary, she will lose face.

Chen Meng sighed and reproached himself, "Hey, Huihui, I blame her mother for being incompetent and unable to do anything for you. But Huihui, remember, you must fight and grab. If you haven't fought before, I don't know what I will get."

Okay, Mom, I know, you go first. Yin Hui said impatiently. She has heard her mother talk too much about similar so-called principles. I'm so annoying. Do women always nag?

Chen Meng looked at her daughter, who was still young and not deeply involved in the world. Still worried to explain to her, "You must be careful about everything in the company, even if you have resentment, or if you think of some action, you must not act rashly."

I know. My own future is in charge. I know what I should do and what I shouldn't do. I won't be less likely to take it back. You can rest assured. Yin Hui said, while taking Chen Meng Launched outside the door of the company.

Then you have to be good at the company. We went to the top floor this time and had a head-on conflict with her. She might not give you a good look. Chen Meng turned around and looked at Yin Hui nervously and reminded her. She was such a baby girl in her life, although she didn't want anything to happen to her, all her hopes were entrusted to her.

Yin Hui's mouth twitched slightly, and confidently told Chen Meng, "Mom, don't worry. I also have a basic understanding of Yin Luo through other people. As far as I know, she always pretends to be very strict when facing work. The way you care. Isn't the purpose to let Grandpa give her all the inheritance rights? Then since she pretends to pretend to be a full set, she will naturally not abandon her business for private purposes."

It's good if you have your own calculations in your heart. I'll go first. You are in the company well, and your mother will rely on you in the future. Come on. Chen Meng is still very confident of Yin Hui. After all, she is her own woman. Naturally, I can be as smart as myself.

Yin Hui nodded and watched Chen Meng leave the company, and then entered the company again.

The decoration of this company is also excellent, the smooth floor tiles are spotless, the design of the front desk is antique, and the staircase handrails are also quite artistic. There are still many famous paintings hanging in the hall. Because she had studied abroad for a period of time, she knew a little about these paintings.

This ultra-realistic oil painting is delicate and lifelike. The watercolor landscape painting is bold without neglecting the details. It is definitely not like a pirated copy. How much does it cost to buy it?

All of this will become hers sooner or later. At that time, she could be as high as Yin Luo now, defiant, and enjoy all the joys that money brings. Then she will make those who look down on her pay the price. It's very exciting to think about it.

...

Unexpectedly, it would be so easy to send them away. Why does Yin Luo feel that their combat effectiveness is now weak.

It just so happens, no need to waste time on them.

Yin Luo took Lin Lin into the office. During her absence, Lin Lin must have many things to report to her.

Yin Luo walked in front, and Lin Lin looked at her with hatred. If Yi Yan hadn't saved her this time, she would have died in that "accident". If it was her who was really injured and Yi Yankang lived there, she might not be the same. It's just that this time Mr.'s plan turned out to be only Yi Yan.

It also made her think that Yin Luo would not live long, since it was the husband's intention, there was no need to blame it. It doesn't matter, you can take your time. Yin Luo Zaiming is in the dark, so why don't you have a chance? As long as she is sincere to her and doesn't let her doubt her, there will always be opportunities.

Although I hate it, I can't expose it right now. This is a painstaking effort from the husband, and I must not let him down. Thinking, Lin Lin followed Yin Luo into the president's office.
