

## Chapter 832

Those bodyguards are tall and thin, and Yin Luo can only see their faces by raising his head slightly. They all wore the same black uniforms, stepped on black leather shoes, and looked the same.

One of the bodyguards saluted Yin Luo and replied loudly, "It's me, I'm sorry, Mrs. President, no...nothing."

Oh. Yin Luo looked at the bodyguard who was talking to her strangely. He stuttered when he talked. How can ordinary bodyguards be like this? Could something have happened? Seeing how he was worried, Yin Luo confirmed again, "Really all right?"

The talking bodyguard looked at Yin Luo's straight eyes, and immediately dodged, "Sorry, Mrs. President, I was the one who talked too much."

Yin Luo knew that something must be true. How else would he be like that? But since he didn't want to say, there must be his own rules, so she couldn't embarrass him.

What will it be? Could it be... Yi Yan?

Thinking of this, Yin Luo quickly ran inside and reached the door of the ward. He was about to rush in, but saw a standing woman in the ward through the small window on the door of the ward.

The woman braided her hair, wore a white mesh short dress by Chanel, stepped on the height of ten centimeters, and had a slender figure. She should pay much attention to her figure.

It's just that all Yin Luo saw was her back, and she didn't know who she was.

The woman was holding a large bouquet of flowers in her hand. The bouquet contained lilies, as well as champagne roses and pink roses.

The woman walked forward, placed a large bouquet of flowers beside the storage table of Yi Yan Window, then walked to Yi Yan's place, caringly said, "Brother Yan, why are you hurt? Who hurt you?"

I was injured by myself and has nothing to do with others. Yi Yan explained.

Yin Luo didn't know who the woman was at first, but then he remembered her voice. This turned out to be Gu Xiao'er, Gu Yan's younger sister. The last time I saw her, I also showed up with Yi Yan, and they had an ambiguous conversation, which inevitably made people think about it.

At that time, Yin Luo heard Gu Xiaoe confessed to Yi Yan, and at the same time said Yi Yan's hypocritical attitude towards herself, she ran out sadly. What's going on now? Gu Xiaoe took a rose to see him, but he didn't even mean to refuse.

Pink rose represents courtship, declaration of love, first love, touch, remembering in the heart, special care, and liking your bright smile.

And the flower language of champagne rose is that falling in love with you is my greatest happiness in this life, thinking of you is my sweetest pain, and being with you is my pride, without you I am like a lost ship.

Can't you tell what the person sending such flowers means?

Or perhaps, Yi Yan had already seen it, and didn't even think about rejecting it.

Or maybe since then, when she saw her confessing to him, they had already become a pair, and they were flying together. Maybe she was the only one who was kept in the dark. Perhaps when he looked at her tenderly, all he thought about was Gu Xiaoer.

But can he fake her kindness? Then why did he want to save her, or he was sure that saving her would only be a little hurt, but he would be able to exchange her long-term trust. Maybe he thinks this is more worthwhile, he is willing to pay the price of health for the benefit?

As she was thinking, she only heard Gu Xiao'er speak again. She explained to Yi Yan, "My brother didn't tell me about your injury. Don't blame him. I know you don't want me to see you like this, but it's okay. I love you, no matter what you become, I love you. I will never give up on you, and don't you want to push me away, okay? I really can't live without you."

Hearing this, Yin Luo hurriedly covered her mouth and walked away, her ears were silent, she was afraid that she would really be unable to control herself if she listened again.

She also didn't want to think of the result as the worst, but she had to plan ahead. She is not alone, and she still carries the Yin family on her back. She is the president of a company, so the fate of the employees is in her hands.

So she couldn't believe it easily, and she had to be vigilant at all times. Only in this way can we not be caught off guard.

By the way, Yin Luo quickly took out his mobile phone from his bag, turned on the lock screen and looked at it. There was no missed call.

If this happened before, if he cares about her, he will definitely call her and ask her to go back to see him earlier.

But now, no. She dealt with Chen Meng and Yin Hui's affairs when she was in the company, and worked for a long time. It may have been a long time since he left him, but he didn't even call her. Is it because Gu Xiao'er is here now, so he doesn't even bother to be perfunctory?

Now it is ridiculous to think of her upset when she was in the office, and anxiously wanting to see him, but to put down her important work in order to see him earlier, just want to press everything until after seeing him, it is really ridiculous .

Anyway, she was in a mess right now, and she didn't know whether she should believe him without hesitation or believe what she saw.

But she knew that she was a very stubborn person, and also a very fond of thinking. If she had his place in her heart, she would not allow him to be a little unfaithful to her.

Just like Lu Shuchen that time, when he cheated before the marriage, she could just abandon him, and there was no room for recovery.

But for Yi Yan, she didn't know what to do.

Yin Luo walked to the corner with his eyes absent, and the four bodyguards saw the president's wife coming and shouted hello to the president's wife in unison. "

Yin Luo didn't care about these four people, so he was taken aback by what they said just now.

Yin Luo nodded perfunctorily, and then fled here embarrassedly. She felt that she might be a joke in their eyes. And what a bodyguard said to her when she just came in.

He must have known that Gu Xiao'er was also there, and worried that she would be embarrassed when she entered, so he wanted to remind her. But later, because of the rules of the bodyguard industry, he didn't say anything. She was silly at the time because she thought he was worried and thought he was something wrong with his body.

It turned out that not only was he physically okay, he was also chatting with Gu Xiaoer, and the two had an ambiguous conversation. If that were the case, he must be extremely happy in his heart.

Yin Luo walked downstairs aimlessly and walked slowly in the hospital. She didn't know what she was going to do or where she was going.

go to company? No, she probably doesn't even have the mind to work now. go home? No, Zhang Ma will definitely ask why. And Bin Yinyuan is not her home, right. Where to go to Feifei? I don't know if she will be okay now.

Randomly found a bench and sat down, Yin Luo took out his cell phone and called Ouyang Feifei.

The phone was quickly connected, and Ouyang Feifei's lively voice came from the other end of the phone, "Hey, Luoluo, what's the matter?"

Hearing Ouyang Feifei's voice, Yin Luo felt a lot more secure and gentle. Yin Luo nodded vigorously and asked her "Feifei, what are you doing now? Are you free?"

Me? As long as you are willing, I will be free all day long. Ouyang Feifei said with some worry, listening to Yin Luo's voice this time, she clearly felt sad. Ouyang Feifei asked worriedly, "What happened? What happened to you?"

I'm fine. Yin Luo took a deep breath, and then she felt more comfortable. She smiled and replied, "I just wanted to drink. I remember the wine we drank last time. It was so mellow. Now I feel a little bit thinking about it. It's gone, so I want you to accompany me."

It turned out to be like this. Ouyang Feifei breathed a sigh of relief, only when Yin Luo missed the mellow aroma of the wine. She said generously, "What kind of wine do you drink during the day? If you want to drink at night, I will invite you. Drink at night to feel better."

But I just want to drink it now. Yin Luo said to Ouyang Feifei in a soft tone like a child at this time.

Ouyang Feifei sighed, this Luoluo would act like a baby with her. However, she just fell for it.

All right, let's go drinking now. Are you looking for me or me? Ouyang Feifei asked.

Yin Luo thought for a while. He didn't want to stay in the hospital for a long time, so he went directly to Feifei, and then went to the bar together.

So Yin Luo replied, "Then I will find you, where are you?"

I'm still at my house for the time being. By the way, Luoluo, are you in the hospital? Ouyang Feifei asked, it's strange today, why Luoluo would think of it at this time and just come straight away.

After hesitating for a while, Yin Luo nodded and replied, "Yes, in the hospital."

Hearing this answer, Ouyang Feifei became more and more unbelievable when she thought about it. She said out the question in her heart, "Luoluo, what happened today? Your man is willing to let you leave him, don't you mind not worrying about your drinking in the morning?"

Hearing this, Yin Luo only felt ironic. Look, everyone thinks that he cares about her, and for a few moments, she also cares about himself because he cares about himself. He concealed everything from everyone and almost concealed it from her.

If it were said that it was an accident that happened once, she did not know how many times she had seen him ambiguous with other women. However, he can always pretend to have a clear conscience when facing her. Should she praise him for his acting skills, or is she too stupid?

Although I found Ouyang Feifei for a drink this time, Yin Luo didn't want her to know the real reason, so she would be worried. Or because of her slightly impulsive character, she might just go to Yi Yan Theory.

At that time, he might tear his face, and at that time he might break the jar and hit the Yin family, and the Yin family has no room to fight back for the time being.

After all, the opponent is the powerful Yi's, who occupied more than half of the city of G in a short period of time. If you go head-to-head, I'm afraid Yin will only stand still.

Yin Luo reluctantly raised the corners of his mouth, and tried to answer in a relaxed tone, "It's okay, he is so easy to send, and he will respect my wishes."

So easy to pass. Ouyang Feifei repeated Yin Luo's words helplessly, remembering the man's extremely cold eyes when facing others, and his face was always expressionless. I really can't see his emotions at all. Out of his mind.
