

Chapter 833

At first glance, it is a big person that ordinary people can't provoke. Asking Baidu to search (net) for such a cold man, actually said it was easy to pass.

Well, he might behave differently from others when he treats her home. This obvious contrast reflects the man's love for Luo Luo. Luo Luo was also very lucky to be able to find such a man.

However, her family should have a good appearance and a family background. It was the man's luck to meet her family.

Anyway, they are made in heaven, which is really enviable.

Well, anyway, he treats you differently from others, and it's normal to send it away. Ouyang Feifei must have been very hard when thinking that the man would be sent away like this.

There was a sarcasm in Yin Luo's eyes, he was indeed different from others to her. At least she still has use value, allowing him to be arrogant in front of her.

Yin Luo didn't say anything anymore, and directly replied, "If you have too much, don't say it now. I'll drive to you later. You are waiting for me at home."

That's good. After Ouyang Feifei agreed, she was ready to go out. After all, the hospital is not far from where she lives, and Luoluo should be here soon.

After hanging up the phone, Yin Luo went directly to the parking lot and drove the car out to Feifei's house.

Feifei's home is not far from the hospital, and there are not many cars and pedestrians on the road at this time. Yin Luo didn't get to Ouyang Feifei's downstairs in a few minutes.

She didn't bother to park anymore, but Sister did the elevator to find Feifei, and Yin Luo directly called Ouyang Feifei and asked her to get down directly.

Fortunately, Ouyang Feifei is in the shape of a female man. Unlike other girls who go out and have to make up and choose clothes, they may not be able to get it right for a few hours. As a result, all the time for shopping is spent on preparations.

But her family is born with a good foundation, even if she doesn't make up, she has a small face, and the white luminous panel does not require any makeup at all. As the saying goes, one white hides the white and the ugly, one fat destroys everything. And Feifei is not ugly. So as long as you go out with light makeup, even if you just put on a lipstick and carry a popular bag, it is great.

Ouyang Feifei, who received Yin Luo's call, quickly came downstairs and got in directly after seeing Yin Luo's car.

Yin Luo saw Ouyang Feifei reluctantly curled her lips and smiled, and said, "Then we're leaving."

But I just remembered that the bar where we used to drink doesn't seem to be open in the morning. Ouyang Feifei remembered it like this, it's just that I didn't remember it earlier. Since Luo Luo wants to drink that wine, I am afraid it will be at night. I'm afraid it's a trip for nothing now.

It's okay, let's drink something else. Originally, Yin Luo just wanted to drink some wine. As for any wine, it didn't matter, as long as he was drunk. She just wanted to have a good drink today and then fell asleep in bed. That way, at least in the process, she could forget the things she didn't even want to think about.

In order to avoid making Ouyang Feifei suspicious, Yin Luo reluctantly explained, "You see, it was not easy for me to come out today, so I can't come out for nothing. Let's have a good drink and don't waste it. Besides, Feifei, you forgot, we haven't had a drink together for a long time."

With that said, seeing that Ouyang Feifei didn't mean to object, Yin Luo immediately started her Lamborghini, and talked with Ouyang Feifei while driving.

Yes. Ouyang Feifei thought that the last time she had a drink with Yin Luo was in the few days after graduating from university. It seems that all the good things about her and Luoluo have stayed in the university for a while. No, she and Luoluo are good friends for a lifetime, how can the memories of her and Luoluo only stay in college.

In the future, she will have to play with Luoluo, drink, watch ghost movies, create more memories together, and do all the things she did in college again.

Thinking of drinking with Luoluo in college, Ouyang Feifei couldn't help but laugh. She mocked and said, "Haha, Luoluo, do you remember? At that time, your alcohol volume was really bad. Almost drank. One cup makes you blush, a few cups make you drunk and talk nonsense, if you drink more, you just vomit, and if you drink more, you just go to sleep. You always fall down first, and then I don't have to do anything. I will hold you in the dormitory."

Of course I remember this. Yin Luo replied. At that time, it was really full of memories. At that time, her drinking volume was indeed not good. But her drinking volume is normal, but Feifei's drinking volume is the best, which pales in comparison.

But later, because I had been working in Yin's family, I was often picked up for entertainment of all sizes, and the amount of alcohol should be much better than that of the previous year.

Don't worry, my drink volume has increased a lot this time. Yin Luo said confidently, and then she challenged Ouyang Feifei again, "Feifei, today I want to compete with you, you must drink with me, I must have drunk you, and drunk you until I can't get up."

In fact, Yin Luo knew very clearly in his heart. Even though his drinking volume is much better than before, he shouldn't be Feifei's opponent. The reason why she said so confidently was because she wanted to drink, she wanted to drink hard, she didn't stop.

Really? Ouyang Feifei immediately became excited when she heard that, she is a person who likes wine very much, and in the area of drinking, she most wants to meet an opponent. But usually everyone can't drink her, "It used to be the most boring to drink with you. You have to pour a few glasses. Now you have the courage to compare wine with me, it's great."

Then we won't be drunk again this time. Yin Luo said absently.

But... Ouyang Feifei felt something was wrong. The former Yin Luo was still very humble. Why did he want to drink with her so confidently this time? Ouyang Feifei carefully looked at the look on Yin Luo's face, and it did not seem quite right. She asked guessingly, "Luoluo, are you unhappy?"

No. Yin Luo immediately retorted, and suddenly felt that he was too deliberate, so he explained, "Really, it's just that I have been working a lot recently and have to take care of him a bit tired. Look now, I'm not asking you to relax and relax.?"

Yin Luo said this, Ouyang Feifei also believed, she persuaded, "Luo Luo, you should not be too tired, people should relax more, health is everything. You can't make money with health when you are young, but buy with money when you are old. healthy."

I know, don't worry. Yin Luo found that Ouyang Feifei was getting more and more mother-in-law now. She knew that Feifei cared about her very much, and she knew that she was doing it for her good. If you don't care, I don't want to talk to you more.

Just like my mother when I was young, my mother always likes to tell her this, tell her that, and always worry about herself. But then she realized that this was love for her. But it was late because she didn't cherish it.

Therefore, if there is a person who is willing to nag you, you must not abandon her, that is also a concern.

That's good. Ouyang Feifei is still very worried about Yin Luo, she knows Yin Luo's temperament, if she does one thing, she must do it well, and she can ignore her health for that matter. Just like the current job, I don't even think about whether my body can support it for work.

The principle of proximity, Yin Luo directly found a KTV, anyway, they are drinking, it is the same everywhere.

Yin Luo and Ouyang Feifei found a private room, asked for some drinks, and were there.

Yin Luo picked up the bottle opener and directly opened two bottles of beer, filling up two glasses. She held up a cup and said to Ouyang Feifei, "Come on, let's make a toast first."

Okay. Ouyang Feifei was also very bold and directly took a drink.

After drinking, Ouyang Feifei looked at the big screen and asked, "Luo Luo, do you want to have a song? This way you can feel like KTV."

Yin Luo didn't answer at first, and poured a glass of wine for the two of them and said, "Then have another glass and sing, which will make you feel better."

Ouyang Feifei thought about it, so she toasted again and had a drink with Yin Luo. Ouyang Feifei had to admit that this time Yin Luo's alcohol volume had indeed increased. If he hadn't stayed there before, he would drink two glasses, and if he was exaggerated, he would kill Yin Luo.

Putting down the cup, Ouyang Feifei walked to the song station and looked at the many songs on it and asked "Luoluo, which one do you want to sing first?"

Yin Luo put his butt on the soft sofa and replied, "What do you think is on it?"

Ouyang Feifei took a look and picked the one above that said "Exclusive Love Song?"

Love song? Forget it, this one is not very familiar. Yin Luo said, actually it is not impossible to sing. It's just that this song is a love song like the name, and she is afraid that she will think of something she shouldn't think, and can't control her emotions at that time.

Thinking, while Ouyang Feifei was watching the song, Yin Luo filled himself with a glass of wine again and took a bite. It tastes a bit bitter, but very comfortable. After drinking, she won't know anything, and she won't be so uncomfortable.

Then...this 'You are my woman' should always be familiar to you. Ouyang Feifei likes these sweet love songs, so I read them all.

Yeah. Yin Luo pursed her mouth and nodded, but why are these songs, she asked unhappy, "Why are these soft love songs? Can't you find some majestic songs?"

Majestic? Ouyang Feifei repeated, looking at Yin Luo and asking curiously, "What about for example?"

For example? For example... Yin Luo thought for a while, and found out the magnificent songs in her mind. Then she nodded and said with a magical smile, "For example, 'The Heroine Song', magnificent. , How great."

Are you sure? Ouyang Feifei asked incredulously. She remembered that Yin Luo used to like these love songs. Why did she like the majestic songs today, or the heroic songs.

Of course. Yin Luo replied in a brisk voice, and she sang happily.
