Chapter 834

This world is not a fool, can sit in this position up either is a smart person, or a demon.

At this time Chen Jingdao looked at the old black face with an ugly smile, after a moment of contemplation in his heart hesitated: 'There is no problem to sign the contract. But I have a small doubt can help me answer?'

Old Black heard this and Jiang Hao looked at each other, then nodded and said, 'You say, as long as it is something I know, you just ask.'

Chen Jingdao listened and coughed lightly and said, 'Ahem. Since this is the case then I will not be polite.'

'When my son died, did you guys know something inside? Because I vaguely perceive some troops from the last incident. I don't know if it's related to your boss.'

Old Black shook his head when he heard this, and said in a calm tone: 'This matter, not to mention you ask me, even if the judge asked me, I can only say that it has nothing to do with us.'

After saying this, he saw that Chen Jingdao's face still had a look of reluctance to believe, so he smiled bitterly and said: 'If you really do not believe, then there is nothing I can do.'

There are a lot of people in the North House, and there is no guarantee that there will not be one or two scum inside these people, and this can be seen from Lin's Lin Dong.

The whole day idle hanging around, in addition to eating, drinking and playing the rest of the things do not care. Even let Lin Nan, the old father are feeling a little ashamed!

If Chen Minggang's son was really designed, then the other side only need to find a little bit of status of the second generation, Chen Jingdao also may not be able to do them.

But those second generation ancestors although other can not, but with Chen Ming just together so long make into.

To do something they can not do may be a little difficult, but to let them harm Chen Minggang, it is unlikely!

It is because Chen Jingdao thought of here, so always feel their son's death is not quite right!

Old Black looked at Chen Jingdao, who was expecting an answer, smiled bitterly and said: 'We have already shown you before, about your son's death does not have anything to do with us.'

Speaking here, the tone of old black suddenly lowered. Mouth chanting: 'The restaurant they went to eat last time still has not settled the bill, otherwise you think we get the surveillance video so quickly by virtue of it!'

Once these words came out, Chen Jingdao's face flashed a trace of embarrassment, after all, his son's are dead.

Surprisingly, there is still a meal money not settled, which makes Chen Jingdao the old father's face, suddenly covered with embarrassment.

And the old black looked at each other with a defeated look, first after a smile, which wiped the corner of his mouth.

Then spoke: 'In fact, the reason why our boss wants to join forces with you. One of the main reasons is that you have a direct and legitimate reason to deal with the Shen family.'

Since ancient times, whether it is said to fight a war or not. Or do anything to forget, the most important thing is a division!

If you do not follow the rules, there will naturally be a group of professional people to stand out, and then use their own means to put everything to rest!

If it is said that the people of the beast battalion sometimes fight up completely do not want to die. But yet another thing don't forget, those inspectors and those who walk in the white road mourning.

There is no they dare not target, even that, if really face such a situation. They can even knock each other down directly, without giving each other the opportunity to react!

These people's hands hold a variety of circles, who do not know from their strikes will be the first to appear from where.

Because of this, Sally had to look for an opportunity to strike against the Shen family in the North from Chen Jingdao.

Chen Jingdao's eyes looked closely at Old Black, as if trying to figure out from him what Sally was really thinking.

Unfortunately, Old Black did not give him such an opportunity, he saw Chen Jingdao looking at himself, so lightly laughed twice before continuing to speak: 'Now that I've made these things clear, do you still have any doubts?'

Chen Jingdao pursed his lips and then smiled, 'No more. Have you brought the contract, let's sign it now if it's convenient.'

Old Black nodded and took out a contract from his body and put it on the table. The name of the first party was signed by Old Black's name.

Chen Jingdao looked at the contract and nodded with a smile, while taking out a pen to sign, he casually pointed at Jiang Hao and said, 'Is this the newcomer under your boss?'

Old Black glanced at Jiang Hao. Because of his identity, Shen Tianyang will definitely do whatever it takes to catch Jiang Hao.

Ning Kun was trying to take advantage of this so he could target Sanniang and the others. And Jiang Hao and Shen Tianyang have a new hatred, so simply quit the hospital job to help.

Perhaps for him he just came to help, and is not considered Sally's men.

But for those on the outside, such a practice is tantamount to committing to Sally's door, which is why Chen Jingdao has such a sentence.

Jiang Hao looked at the old black face slightly appeared a helpless look, before speaking to Chen Jingdao: 'Technically speaking, I am not considered to be Sally's henchmen.'

Old Black smiled after hearing this, to him, Jiang Hao's current position was indeed a bit awkward.

Although he was the only bloodline of the Shen clan, but because of that, his status now turned into a golden key.

And Jiang Hao should still be hiding some unknown secrets, Sally since she wants Jiang Hao to go to Hedong with Ning Kun, must be hoping to take this opportunity to get all the secrets out of Jiang Hao!

And Chen Jingdao heard Jiang Hao's words, laughed lightly twice: 'It's okay, if you are not in the future, you can often come to my place for tea.'

Old Black frowned at his words, looking at Chen Jingdao's eyes a little suspicious, this statement made him slightly unlistenable.

'And what if I am in the future, wouldn't Old Chen be welcome?'

After Chen Jingdao took a deep look at Jiang Hao, a look of weariness suddenly appeared on his face.

'The North Mansion is still too small after all, and I'm already old, and I've basically settled all my past grudges and grievances.'

After saying this, he looked at the curious look on Jiang Hao's face and smiled bitterly: 'So if you really are in the future, then don't come over, I'm just an ordinary bad old man.'

Old Black lowered his head and did not look at Chen Jingdao, silent for a long time before getting up and shaking his hand, then turned around and walked out of the office.

Jiang Hao looked at Old Black's back, smiled apologetically at Chen Jingdao and hurriedly chased after him.

'Why are you walking so fast, don't you think it's a bit rude?'

Old Black sideways glanced deeply at Jiang Hao: 'Do you remember what I said, Elder Chen is very influential in the Northern Province.'

Chapter 835

Jiang Hao nodded at the words and spoke: 'I know, ah, this point you have told me before, what's wrong with it?'

'The wrong place is here, like he has gone to this degree of people. How could it be possible to say give up just give up, there must be something here!'

After saying this, the old black closed his eyes into silence, pondering for a long time have not been able to think clearly what is not right.

Jiang Hao but on the side smiling at the old black worried frown. Only after a long time could not help but speak: 'Can't you just use your brain a little?'

Jiang Hao lightly sighed after shaking his head: 'Chen old man how old this year I think you want to know more than I do, Shen family after this matter is over. Do you think there is a need for him to stay in the North Mansion anymore?'

The old man Chen basically has nothing left in his life, if this matter of the Shen family in the North is over, I'm afraid he will find a place to live a reclusive life afterwards.

Thinking of this, Jiang Hao laughed lightly twice and lowered his head.

It's no wonder that Old Man Chen said that if he wasn't Sally's man, he could go sit with him sometime.

Because to him he was not a special person, just a junior he looked after.

Thinking of this, Jiang Hao looked up at the elevator outside the city, the streets bustling with many people.

Each of them has its own identity, their identity may not be illustrious and noble, but for some people. They are special.

Old Black suddenly picked up his cell phone and called Sally, then briefly reported all the things to Sally.

After learning that Chen Jingdao had agreed to cooperate, Sally's side was obviously relieved, so she hurriedly began to prepare funds to inject into Xincheng Group, and at the same time arranged for Ning Kun to prepare manpower to attack Sanniang.

Ning Kun received the news from Sally, and at the first time began to use the beast camp people to block the import and export of the entire North Mansion, and at the same time with the local greetings!

Such a big change certainly can not be hidden from some of the people in the city of North Mansion who have a heart, they perceived that things have changed, and quickly found a place to hide.

Among them was Sanniang, who was one of the first people to notice that something was wrong!

How many people did they send to find Jiang Hao's whereabouts. She still has the number of snacks, and the number of people who came back once they were not right, then it proves that something is wrong!

Noticing some changes in the North House, Sanniang contacted Shen Tianyang in the first place.

After receiving the call Shen Tianyang pondered for a moment and contacted the North House Shen family Shen Wennian.

But Shen Wennian, who had lost his ancestral business, was already resentful of Shen Tianyang.

At the beginning also said very well, we are all one of the thirty-six families of Shen back then, will not do anything to take advantage of the fire.

What happened. Not only taking advantage of the fire, but also came to a well. Quite a bandit style!

This makes Shen Wennian itself is very displeased with Shen Tianyang, but Shen Tianyang also called to ask him to find his men!

Such a thing may be very common for Shen Tianyang, but for Shen Wennian, who has always been above ten thousand people in the North Mansion, it was like an insult!

After hanging up the phone Shen Wennian dropped everything in the room that he could. The commotion was so big that it was naturally known to Shen Qingshu.

At this time, Shen Qingshu was under a lot of pressure, on the one hand, he needed to control the company's affairs, on the other hand, he also had to spare time to try to comfort his father.

After hearing about Shen Wennian's temper tantrum in his room. Shen Qingshu rushed over and happened to meet Shen Wennian who was sitting on a chair resting after he was tired of falling.

So Shen Qingshu walked up and looked at the messy room and said in a deep voice: 'What's going on, what happened to make you so angry?'

'Shen Tianyang's men who came over are missing, he just called and asked me to help him find them, what do you mean by that!'

After saying this, Shen Wennian poured himself a mouthful of wine and said angrily: 'Is this treating me, Shen Wennian, as his men, really not polite at all!'

After hearing these words, Shen Qing Shu frowned. Right now, the family's foundation can be preserved all depends on what Shen Tianyang wants.

If Sanniang side really appear some accident, then they should not think about Shen Tianyang's help.

Ponder for a moment. Shen Qingshu sat down and looked at Shen Wennian and said: 'Father, did Shen Tianyang say what kind of people disappeared. What are their names?'

Shen Wennian heard this a little surprised to see his son, to know that Shen Qingshu has always been very proud since childhood!

He can lower his head to beg Shen Tianyang to help a hand is already very rare. But I never thought that his son could put down his stature and go help Shen Tianyang find someone!

Thinking of this, Shen Wennian looked at his son with some surprise and said, 'What, are you really going to help him look?'

Shen Qingshu sighed lightly and then bowed his head and said: 'What can we do, all our efforts now depend on Shen Tianyang's help, if he cuts off our funds, then this ancestral business will all be ruined!'

After saying this, Shen Qingshu simply shut his mouth, he also did not want to do such a thing.

Think he Shen Qingshu is the pride of the sky since childhood, in this northern province even if it is not the emperor is also the crown prince first-class person, has never been reduced to someone else's men?

Even now Shen Tianyang treats them all as a group of errand boys, which makes Shen Qingshu a little more unbearable!

If it were not for the sake of preserving the family business, Shen Qingshu would have already severed ties with Shen Tianyang!

Shen Wennian looked at the helpless look on his son's face, and the feeling of guilt in his heart grew stronger and stronger.

'Son, you better take care of the company, I will do this thing, you do not worry about it.'

After saying this Shen Wennian went into his bedroom and stayed for about ten minutes before changing into a sports coat and coming out.

Shen Qingshu looked at his father's pale hair in a short time, his eyes could not help but be a little red.

'Why do you have to do this? It's just to help him find some men, let our people find them, why make you work so hard.'

Shen Wennian smiled gratefully at him and said: 'You do not understand this point, I believe that these people in the city and Shen Tianyang should still have contact, if his men see it, maybe next time he will give a little more.'

After saying this, Shen Wennian sighed deeply and continued: 'I'm already old, you don't have to care about my dignity, as long as I can create a future for you, in the future, it's not sure who he Shen Tianyang begs!'

Shen Qingshu looked at his father's slightly hunched back, and for a moment did not know what to say.

Chapter 836

On the other hand, after the implementation of Ning Kun's plan, more than twenty of Shen Tianyang's men were captured within a short period of time.

Although they were not high-level people, it was enough for Ning Kun to know some information about their activities and traces in the Northern Province at the moment.

After referring to what they said Tiemian. Ning Kun was sure that the main purpose of their visit to the North House was to find Jiang Hao, and there was only one representative person, that was Sanniang.

When he learned that Sanniang's interpersonal relationship was a bit confusing, Ning Kun rubbed his chin. Such things as lurking is his favorite thing to do!

After taking two deep breaths, it was determined that the other party really did not have the energy to lie anymore. And after extracting everyone's statements once, Ning Kun believed that they were all telling the truth.

So he picked up the folder and walked to Sally's office, and after knocking on the door he heard Sally's somewhat cold voice in the room.

'Report! My side has successfully pried out information from Shen Tianyang's men, this time the situation may be a bit complicated.

Sally looked at Ning Kun's appearance, after a long silence suddenly clapped her hands, then a masked man knelt on one knee in front of Ning Kun.

'Sha, set up a little, I do not want to be heard by others something that should not be heard.'

After Sally said this, the masked man nodded to hold up his hands, a curtained room made of sand is done!

Ning Kun looked at the sand some breathtaking opening: 'Who is this person ah. So long to see this time, appearances are really rare!'

Sally see Ning Kun a curious look, so lightly laughed twice and then said: 'When you can sit in my position, then look at it, maybe I am happy to reward you yo!'

Ning Kun carefully measured the sand, after the evil shiver, he really does not know why.

Once they are close to the place where the sand, the surrounding air seems to have become a little cold down, which makes Ning Kun unconsciously feel some chills.

'Well, no one can hear the sound now. Go ahead, I'll see if there's anything I need to add.'

Sha nodded slightly before speaking: 'From what we've pried out of the mouths of the people we've caught now, Shen Tianyang should not be aware of Jiang Hao's true identity right now.'

Sally heard this unconsciously rolled her eyes: 'You're not talking nonsense, if they knew Jiang Hao's true identity, they would have gone straight to arrest him, and would still be going around the city all day?'

After saying this, she frowned and said in a deep voice: ‘Get to the point, I don’t have time to waste more words with you.’

‘Yes. They came with a total of more than a hundred people this time, and more than ten of them have already gone back to resume their orders. In other words, the people who remain in the North Mansion now are only about a hundred in total.’

After saying this, Ning Kun said in a deep voice: ‘Among them, apart from the twenty people we have already caught, there are still eighty people left, including the woman called Sanniang who is the leader.’

Sally frowned and looked at the information in her hand and said, ‘This Sanniang is the woman who is responsible for communicating with Shen Wennian under Shen Tianyang?’

Ning Kun nodded. Then took out a photo and smiled: ‘This is her photo, a very beautiful woman, but also very scheming.’

After Sally closed her eyes and pondered for a moment, she suddenly stood up and walked to the corner of the office.

There on the wall was a map of the city of North Province. She pointed at the map and said, ‘Show me the places where you have caught people.’

Ning Kun quickly pointed out several locations on the map of the Northern Province, and Sally couldn’t help but feel a bit bloated after looking at it.

For such a result, in fact, Ning Kun had already done some projections long before he came.

‘The places they go are very spread out, it looks like they have special contacts with each other if they need to contact each other I’m afraid, this we have not had time to examine out.’

Sally waved her hand and then said: ‘No need to try, those people let them disappear, too many people in the North, can not accommodate these little rats.’

After saying these words. Sally stared at the map tightly, while Ning Kun was behind her cautiously lowering his head to look at the ground.

‘Since they are standing so scattered. That so-called Sanniang must be in the middle of them, you give me to investigate the recent travel records of Shen Wennian and the route. I’ll take a look.’

Ning Kun heard this and nodded slightly, then took the remote control and pressed it. Soon a projector was stretched out.

‘I’ve done this before coming, Shen Wennian’s trip out this time is very different from before, so we can conclude that he is out to see this Sanniang.’

Of course, a lot of things to know, but to catch a thread from it, it is more difficult than the sky!

After frowning slightly, Sally waved her hand and said, 'In that case, assess their strength, and then divide the beast camp people into groups of two, into twenty-five groups, so you can also take a little.'

This matter in fact Ning Kun before coming has ordered down, the strength of these people who came over is still not good after all, it is easy to be put down.

And they also lack a certain amount of exercise, after all, is just out of the beast camp inside the people.

More importantly, Ning Kun is worried that these people are too much because of their pride, and I'm afraid that if they are rashly put out, they will bring a lot of trouble to themselves.

Sally saw Ning Kun standing behind his uncle did not bloom, so some curiosity to speak: 'You still do not go to work, standing here silly why?'

'There is something I want to know, old chief, can you tell me?'

Sally looked at Ning Kun after a moment of silence and nodded: 'Yes, but be quick.'

'I want to know why you are so anxious to wipe out Fatty Fu, he is an old man who has been following you for so long!'

Looking at the look on Ning Kun's face, Sally let out a soft sigh in her heart, it looked like Old Black didn't seem to tell him his real purpose!

So Sally sighed lightly roared and said: 'Fatty Fu has been to Hedong before this thing you know, right?'

Ning Kun nodded after a long period of silence and laughed: 'I know, why, does it have anything to do with erasing or not erasing Fatty?'

'There is a relationship, because I can't trust him anymore, and he showed his foot when he was in the North.'

Speaking of which, Sally slightly felt a little embarrassed, but quickly passed away at once.

Looking at Ning Kun's reluctance to say more, Sally sighed and roared and spoke: 'Fatty has done a lot of wrong things in Hedong this time, if you pick him up rashly, it is likely that you will be dragged into it.'

Sally, despite some reluctance in her heart, listened to Ning Kun's words, and at this time she really looked like she had some style.

Ning Kun coldly glanced at the map, nodded in silence: 'Fatty Fu that coward can do things ah, no progress at all!'
