

Chapter 861

what!

Leng Kang's words were exported.

As if the mute switch was turned on, all the sounds in the hall disappeared.

Almost everyone could not believe what he heard.

Afraid that Leng Aotian will lose his life?

This... how is this possible.

Wow!

When everyone reacted, there was an uproar in an instant. Everyone's gaze at Leng Kang at this moment was also full of incredible.

"Oh my god, is President Leng Kang crazy? Does he think that Grandmaster Leng is not that Lin Fan's opponent?"

"Yes, how did President Leng Kang say he is also the son of Grandmaster Leng, how does he protect him? Others look down on me!"

"..."

Everyone around was talking about it.

Almost everyone suspected that Leng Kang was crazy.

Even Leng Aotian and Helan Mountain looked at Leng Kang as if they were looking at an idiot.

"Little bastard! You... how dare you look down on your Lao Tzu like this?"

Leng Aotian almost furiously, wishing to beat his unfilial son to death on the spot.

Just saw this scene.

At the corner of Leng Kang's mouth, a deep wry smile appeared.

Only he knows who Lin Fan is!

This is the behind-the-scenes boss of the Shengshi Group, one of the four major generals of China. In one word, let alone Leng Aotian, I am afraid that all the chaebols in the south of the Yangtze River can be easily destroyed.

Own Laozi and this kind of awesome steel?

Isn't this looking for death?

"Dad! What I said is true, please, don't be impulsive! Don't fight against Mr. Lin and Miss Bai!"

Leng Kang was stricken, almost crying at this moment.

And this scene!

It even made Leng Aotian and Helan Mountain blow their lungs with anger.

Contempt!

In the eyes of the two great masters, Leng Kang's words and actions are humiliating the two great masters.

"Get out!"

Leng Aotian waved his hand and instantly took Leng Kang aside, then looked straight at the people in the hall, and shouted angrily:

"Lin Fan, get out! The old man is going to see if you have three heads and six arms. Not only did he abolish my grandson, he also frightened my son like this! I am going to shave you alive!!!" The killing intent was full.

At this moment, almost everyone can hear Leng Aotian's anger and murderous intent from this roar.

And this sentence made Lin Guangyao and others ecstatic.

They knew that Lin Fan was dead!

Thought of this.

Leng Bufan hurriedly faced Leng Aotian and said,

"Grandpa! That little beast is there! Look..." He said!

Leng Bufan pointed in Lin Fan's direction, with a vicious and happy smile, as if he had seen the bloody scene of his grandfather scraping Lin Fan alive.

Ok?

Looking along Leng Bufan's fingers, Leng Aotian and Helan Mountain suddenly saw behind the crowd.

A thin figure standing.

And just in this figure, falling in the eyes of the two great masters, it made them feel as if they were struck by lightning, like five thunders.

"He... he is Lin... Grandmaster Lin!!!"

Boom!

At this moment, after seeing Lin Fan's figure, both Leng Aotian and Helan Mountain trembled fiercely.

The two only felt that a cold air followed their soles and rushed straight to their foreheads, causing them to almost burst their scalp.

Chapter 862

“He... is he Lin Fan?”

Leng Aotian looked at his grandson Leng Bufan in astonishment.

Ok?

Leng Bufan was taken aback. He faintly realized that his grandfather’s expression seemed wrong, but he didn’t think much. He nodded vigorously and smiled fiercely:

“Yes! Grandpa, this kid humiliated you and said that you are an old guy. Don’t dare to move him!”

“Grandpa! Please revenge for me and shave this little beast’s life! For our Leng Jiazheng Ming!!!”

Leng Bufan’s voice was full of brutality.

Just these words almost scared Leng Aotian to pee.

Live shave?

I shave your grandma’s leg alive!

For an instant.

Everyone could see that the complexions of Leng Aotian and Helanshan changed from yellow to white, from white to blue, and from blue to red.

till the end.

The complexions of the two great masters turned red, and even the blue veins on their foreheads were almost revealed.

Angry?

This expression fell in the eyes of everyone around, and everyone thought that Leng Aotian and Helanshan were angry.

It made Leng Bufan, Lin Guangyao and others ecstatic.

Da da da!

Under their expectant sight, Leng Aotian and Helanshan looked at each other, and could only bite the bullet and walk towards Lin Fan.

“Hahaha...Lin Fan, aren't you arrogant? My grandfather is here, you have the ability to be arrogant!”

“Grandpa, this bastard interrupted one of my legs, please help me abolish his limbs!”

Leng Bufan and He Jiaojiao, the two of them had backing at this moment, and their words were rampant and arrogant.

It's just that these two sentences fall.

Even more so, the legs and feet of Leng Aotian and Helanshan were slightly soft, and they almost fell on the ground all at once.

especially!

When they felt Lin Fan's smiling eyes, the cold sweat on their foreheads flowed down.

Can't afford to offend?

Leng Aotian finally understood the meaning of his son's words.

The King of Blood Prison!

The king of Blood Buddha, how can they afford it.

At this moment, with the two great masters, Leng Aotian and Helanshan, getting closer and closer.

Among the group of Xinbai clan, there was no sound. Every senior of the Xinbai clan felt that his heart was about to jump out.

It seemed that the footsteps of the two great masters were not stepping on the ground, but more like stepping on their hearts, making the complexions of each high-level person more pale as paper.

Until the two came closer.

boom!

Many senior members of the New Bai family could no longer bear the weight of their hearts, and fell to the ground one by one, panting heavily.

Bai Yi and Bai Shan were also trembling with fright.

“Two great masters, if you want to deal with my husband, you have to kill me!”

Bai Yi pulled Lin Fan behind him, staring at the two Leng Aotian with beautiful eyes, and said solemnly.

It’s just that she doesn’t know.

After hearing this.

Leng Aotian and Helanshan twitched their mouths, almost crying in fright.

Kill you?

Do they dare?

Your husband is the King of the Blood Prison who crushes the blood wolf with one stroke and defeats the Blood Buddha with ten punches.

Even if you give them a hundred courage, they will not dare to move your hair.

At this moment, after feeling Lin Fan’s warning gaze.

Leng Aotian couldn’t help but twitched their mouths, and then under everyone’s incredible gaze, they bowed to Bai Yi,

“Miss Bai Yi, I Leng Aotian came to apologize to you!”

“Bai Miss Yi, I have no eyes on Helan Mountain, here, please forgive me!”

Jing...

After the words of the two great masters fell, the noise of the surrounding people stopped abruptly.

Chapter 863

Looking at this place filled with astonishment, everyone seemed to be unable to believe what they saw or heard.

”

Wh ... what's going on?" Lin Guangyao was dumbfounded.

He seemed to see the two great masters bowing to Bai Yi?

And... apologizing?

More than him.

Leng Bufan and He Jiaojiao beside them, the ferocious smiles on their faces completely stiffened.

Their eyes were wide, especially after seeing their grandfather bowing to Bai Yi.

boom!

The two of them almost got out of the wheelchair and lay down on the ground:

"No...impossible! Isn't my grandpa going to take revenge? Why did he bow to that woman?"

"Grandpa! What are you doing! Do you know that this woman is ?" That Lin Fan's wife! Why do you bow to our enemy? "

Stunned!

Leng Bufan and He Jiaojiao were completely shocked by the scene in front of them.

And the rest of the people were completely blown up.

"Oh my God, I... what did I see, the two great masters actually bowed to Bai Yi?"

"Bai Yi! Who is this woman! Why did the people of Shengshi Group bow to her ? Even the two great masters bowed to her. Grandmaster came to seek revenge in a fierce manner, but after seeing her, he completely turned off the flames?"

"Yes! This Bai Yi president is incredible!"

"..."

At the moment, everyone's eyes are completely Bai Yi. The two great masters were shocked.

after all!

As soon as they entered the door, the two great masters still shouted and screamed at Lin Fan, but now, seeing Bai Yi, they bowed and apologized. This made everyone couldn't believe it.

More than them.

Even Bai Yi and all the senior officials of the New Bai Group were all dumbfounded.

Everyone looked stupidly at the old man bowing ninety degrees in front of them, and everyone felt like they were dreaming.

"Two... two great masters, you are..."

Bai Yi said with a trembling voice.

And at the moment.

Leng Aotian and Helanshan still maintained a bowing posture, and they didn't even have the courage to look up at Lin Fan.

Hearing Bai Yi's question, the two hurriedly said with a wry smile:

"President Bai Yi, I'm sorry, I...we both don't know Taishan, please forgive me!"

"Yes, President Bai Yi, we wanted to treat you before. Husband is unfavorable, this pure lard is blinded, please forgive me!"

The words of the two great masters were extremely sincere.

And the more so.

Bai Yi's heart, the more shocking waves were set off.

what happened?

Bai Yi can be sure that he has never seen these two great masters at all, and that he is just the president of a new company, but the two of them are the great masters of Megatron Jiangnan.

How can you bow to yourself?

"Could it be because of... Lin Fan?"

Bai Yi thought of Lin Fan involuntarily under the shock at the moment.

Because she remembered that Lin Fan repeatedly said that Leng Aotian and Helanshan didn't dare to take him anyway.

Bai Yi didn't believe it before.

But now...

"Bai...Miss Bai Yi!"

Seeing Bai Yi's hesitant look, Leng Aotian and the two were almost frightened to pee.

At the moment I thought that Bai Yi and Lin Fan did not accept their apology, and the two of them hurriedly continued:

"In order to express my apologies, I Leng Aotian announced that I will fully support the New Bai Group in the future!"

"Yes! I Helan Mountain Announced that the New Baishi Group will become the first partner of our Lanshan Group!" In a word!

Full of shock.

Chapter 864

Leng Aotian, fully supports New Bai's!

Lanshan Group lists Xin Bai's as the first partner!

When I heard the words of the two great masters.

boom!

In the entire hall, the pot was exploded again.

The surrounding Gao Zhilong, Gao Shengyuan, and the suppliers all felt their scalp tingling.

However, Leng Bufan, He Jiaojiao, Lin Guangyao and others all thundered.

Almost everyone can't believe what happened before their eyes.

Oh my god, what happened?

Everyone's gazes all looked at Bai Yi, who was full of shock. They couldn't imagine what kind of means this woman had to reach the sky to make the Shengshi Group surrender and the two great masters to

bend down.

Especially thought of.

In the future, the New Baishi Group will not only have the Shengshi Group as its backer, but will also have the full support of the Lanshan Group, the Tianlong Group, the Fei Group and other chaebols.

Everyone seems to have seen a Jiangnan upstart who is about to soar into the sky.

Everyone believes that in time, the Xinbai clan will become another behemoth in the south of the Yangtze River.

Puff!

Suppliers headed by Gao Zhilong can no longer withstand this kind of blow at this moment, and they are sitting on the ground one by one.

“How could this happen! My Tiansheng Group actually missed the Xinbai clan!”

Gao Zhilong was completely stunned.

And those suppliers behind, one by one, can't wait to take Gao Zhilong and his son alive. If it weren't for the instigation of the father and son, then they would still be the partners of the new Bai family. When the time comes, it will be just around the corner.

But now, leaving the Xinbai clan would be tantamount to offending this Jiangnan upstart in the future, so the end is conceivable.

More than them.

Among the crowd, Bai Yifan and Shen Jie had mixed feelings.

They are relatives of Bai Yi and Lin Fan.

But before, they repeatedly targeted Lin Fan and his wife, wishing that the new Bai family would go bankrupt.

And now...

“My Bai Group is completely over!” The corner of Bai Yifan's mouth was bitter.

And Shen Jie, face gray:

“I don’t know how my Shen family will react when they know this news?” The two couldn’t help but glance at each other, and a deep regret emerged in their hearts. Mobile:

But, it’s more than that.

Lin Fan’s playful voice at this moment resounded again:

“Is this the end?”

What!

Hearing this, everyone in the surrounding hall stayed again and looked at Lin Fan in disbelief.

The two great masters have been bent?

Is this not enough?

At the moment, everyone in the hall looked at Lin Fan as if they were looking at a madman.

After all, in everyone’s eyes, the two great masters apologized completely because they apologized to Bai Yi.

Your surname is Lin, and the fox is fake. What is it?

At this moment, everyone thought that after Lin Fan spoke out, the two great masters would definitely be angry.

Just after that, a scene that shocked everyone appeared.

Tick!

Tick!

The faces of Leng Aotian and Helanshan were both frightened and white, dense cold sweat, as if opening a faucet, rushed down from their foreheads.

“Lin...Mr. Lin, don’t hesitate to ask what you want!”

“Yes...Yes! Mr. Lin, just say it!”

Shocked.

The deep fear on the faces of the two great masters fell in the eyes of everyone around, making everyone unable to believe their eyes.

What, what's going on?

Why did it seem to them that the two great masters seemed to fear Lin Fan more intensely than they faced Bai Yi?

Chapter 865

This...

At this moment, Lin Fan didn't care about the mentality of the people around him. He glanced at Leng Bufan and He Jiaojiao with a smile but not a smile. The curvature of the corners of his mouth became more dense.

And just a glance.

boom!

Falling into the eyes of Leng Bufan and He Jiaojiao, they almost frightened them all at once.

iron plate!

Only then did they know that they were definitely kicking on the iron plate. Lin Fan or Bai Yi definitely had a terrifying identity that the two of them could not imagine. Otherwise, how could Leng Kang be so scared and grandpa so scared.

Thought of this.

Leng Bufan and He Jiaojiao hurriedly pushed their wheelchairs forward, hurried forward, and then said in horror:

"Lin...Mr. Lin, I have no eyes on Leng Bufan and I don't know the identity of Miss Bai, please... forgive me!"

"Mr. Lin, I...I was wrong, I was really wrong, I shouldn't want revenge! Please look at my grandfather's face, and...give me another chance!"

Leng Bufan and He Jiaojiao , This moment is almost scared to pee.

And the sound that made the two of them even more frightened, followed by:

“Wrong?”

“One of you wanted to snatch my wife, and the other broke my mother-in-law’s leg! Now I know I was wrong?”

What!

Hearing Lin Fan’s words, Leng Aotian and Helanshan’s courage were almost shocked.

Before, they only knew that Lin Fan had abolished his grandson and interrupted his granddaughter’s leg, but they didn’t know the reason.

For a moment!

The lungs of the two great masters almost exploded.

“Animal... beast! Didn’t you tell me that Mr. Lin interrupted your leg for no reason? Unexpectedly, you are so timid and want to take away your wife! You bastard!”

“Jiaojiao, you are like this !” Domineering, breaking the old man’s leg! You...a wicked obstacle!” The words fell!

Leng Aotian and Helanshan could no longer contain the anger in their hearts.

Huhu!

With two fists, he split his head and covered his face, and slammed them down at Leng Bufan and He Jiaojiao.

Click!

Click!

Leng Bufan and He Jiaojiao were knocked off their wheelchairs in an instant, and the sound of broken bones and screams of horror continued to resound.

In the blink of an eye, everyone saw that Leng Bufan and He Jiaojiao were covered in blood. They didn’t know how many bones had been broken, and they were beaten to death.

This scene made everyone more and more frightened. They did not expect that the two great masters would be so cruel to their grandchildren for Lin Fan and Bai Yi.

“Lin...Mr. Lin, I have already taught this little bastard, please be merciful and spare his life!”

“Yes, Mr. Lin, from now on, Helan Mountain will look forward to you and Miss Bai, and I am willing to exchange for my granddaughter. A life!”

Listening to the words of the two great masters, almost pleading.

Everyone in the hall was almost scared to pee.

And see this scene!

Lin Fan just nodded faintly, two reptiles, it was life or death, he didn't care at all.

Even as long as he wants.

Even these two great masters can die in minutes.

Until then!

Lin Fan turned his eyes and looked at Lin Guangyao, Gao Zhilong and Gao Shengyuan:

“I didn't hear it wrong before, the three of you are the most screaming! Can't wait for me... to die?”

What!

In a word, let Lin Guangyao, Gao Zhilong and his son completely scared to pee.

The three of them knew.

Disaster is coming!

Chapter 866

The opening ceremony of the New Bai Group has attracted the attention of many people.

And among these people, they are basically waiting to see Xinbai's jokes.

After all, Lin Fan abolished Leng Bufan and interrupted He Jiaojiao's leg. Everyone knew it. Almost everyone expected that the great master Leng Aotian and Helanshan would definitely send this waste to their son-in-laws. cut.

This is more than that. Mobile:

Another rumor spread in Jiangshi.

It is said that!

The young master Gao Shengyuan of the Tiansheng Group, as well as the legs of thirty of his men, were interrupted, which was also related to Lin Fan.

Wow!

As soon as this news came out, the various forces in Jiang City were in an uproar.

Tiansheng Group is the largest partner of New Bai's.

And Gao Shengyuan was interrupted by Lin Fan, this hatred was forged, and the Xin Bai family lost its biggest partner, almost dying.

Bai family!

The old lady Bai, the uncle Bai Hai, the second master Bai Chuan, and Bai Yan and others gathered together to talk and laugh with each other.

"Hahaha... Grandpa, I really didn't expect that Lin Fan was such an idiot! He not only offended the two great masters, but now also offended the biggest partner of the New Bai family. I think today's opening ceremony will be very exciting. Wonderful!" Bai Yan's face almost bloomed with joy.

And the rest of the people also looked like gloating.

Uncle Bai Hai said with a smile:

"I just got the information, Gao Zhilong has united all the material suppliers and went to the Blue Ocean Building! So, it is to terminate the contract with Xin Bai's!" All material suppliers?

Hearing this, the smiles on the faces of the surrounding Bai family's seniors grew richer.

"It's over! Bai Yi is really unlucky enough to even spread to Lin Fan's waste husband! Now it's good, life and life will drag her to the new Bai family, dragging her to death!"

"Hahaha...that's right! Lin Fan is simply a violent man," Interrupting people's legs twice in three days! Now let's see how he died!"

“...” One after another, there were talks.

Almost in the tone of all the Bai family members, the demise of the New Bai Group has become a certainty.

And at this moment!

Da da da!

A rapid footstep resounded from outside the door.

But it was a Bai family core who walked in hastily.

“New news!”

The core of the Bai family was full of excitement. He just walked in and said to the people in the room:

“The great master Leng Aotian and Helanshan have been irritated by Lin Fan and left the hospital. The destination is the Blue Ocean Building!”

Boom!

The two great masters, went personally.

After this news came, every Bai family almost jumped up happily.

“It’s over! This time Lin Fan is facing a catastrophe, and the two great masters must tear him alive!”

“Hahaha...that’s right! That kid should have died a long time ago, let’s see how he lives this time!

” ...”

Everyone’s faces were extremely excited.

And the words just fell.

Another Bai family core rushed in in a hurry.

“New news!”

“Leng Kang, President of Shengshi Group, led all the senior leaders of Shengshi to the Blue Ocean Building!”

boom!

As soon as the words fell, even the old lady Bai was taken aback.

Chapter 867

Shengshi Group, a giant in the Jiangnan business community.

No one thought that the opening ceremony of the New Bai Group would be shocked by such a behemoth.

Bai Yan was excited, flushed, and said to Grandpa Bai: “Grandpa! President Leng Kang is Leng Bufan’s father, this time, he must be here for revenge!”

“Yes! New Bai’s not only has to bear all suppliers To cancel the contract, he still has to face the giant of Shengshi, I am afraid it will be completely over!” Bai Hai also shook his head again and again.

And listening to this sentence of words.

The old lady Bai couldn’t help shaking his head, and sighed:

“Oh! Bai Yi, that girl is very capable! It’s a pity that she was finally tired by her useless husband!”

Finished!

Old Mrs. Bai said to everyone:

“Everyone, wait patiently! Presumably, Yifan will soon bring news of the demise of the New Bai family!”

Hearing this, everyone nodded and began to wait patiently.

There are even many senior Bai family members who are already thinking about how to divide the assets left over after the demise of the new Bai family.

Time passed by a little bit.

And when an hour has just passed.

An ecstatic voice suddenly came from outside:

“Master Yifan is back!” In a word, the Bai family was completely alarmed, headed by Mrs. Bai, and all the

Bai family members were greeted with excitement.

When a group of people just walked out, they saw that Bai Yifan had walked into the house.

just!

No one noticed, Bai Yifan seemed to have lost his soul, and his eyes flashed with despair and disbelief.

“Yifan! How is it? I heard that Leng Aotian, Helan Mountain, and even the senior leaders of Shengshi Group have gone!” The old lady Bai looked at his grandson with a smile on his face:

“Is the new Bai family finished?”

Listen When the old lady’s question came, everyone around him held their breath, and all their eyes fell on Bai Yifan’s body.

just!

The corners of Bai Yifan’s mouth twitched slightly, and a bitter curve appeared:

“It’s over!”

“It’s over!”

Sure enough!

Hearing Bai Yifan’s words, the surrounding uncle Bai Hai, Erye Baichuan and others, completely boiled.

“Hahaha... it succeeded! Our traitor from the Bai Group is finally over!”

“Ma’s! That Lin Fan didn’t know if he was interrupted. It’s really exciting!”

“Xin Bai’s bankruptcy, then We can go to buy the Blue Ocean Building and all the properties that Bai Yi has in his hands!”

“...”

Almost every Bai family was happy.

They seem to have seen that they have annexed all the industries in Bai Yi’s hand, and the Bai Group is

so beautiful that it soars into the sky.

Even Old Madam Bai smiled with a smile on his face, stroking his beard.

It's just when everyone is extremely excited.

Bai Yifan's next sentence completely solidified the expressions on their faces.

"I mean..."

"Our Bai Group... is over!"

Ga!

When a word fell, the cheers in the courtyard stopped abruptly.

Chapter 868

With stunned gazes, they turned to look at Bai Yifan, everyone suspected that they seemed to be...heard wrong?

"Yifan! What nonsense are you talking about!" Uncle Bai Hai's complexion sank, and he shouted at Bai Yifan:

"Are you scared and confused! It's the Xin Bai clan, why are we?"

Not only Uncle Bai sea.

Almost everyone looked at Bai Yifan as if they were looking at a fool.

after all!

It was the Xinbai clan who provoked the two great masters!

It was also the Xinbaishi who provoked the behemoth of Prosperity!

Even Xinbaishi who offends only his own supplier!

This has nothing to do with their Bai family, so how could it be them that was finished?

Isn't this a joke?

Even Grandpa Bai's expression sank, and angrily scolded Bai Yifan : "Yifan, do you know what you are talking about?"

“Grandpa, I...know!”

A wry smile appeared on Bai Yifan’s face, and then his gaze Sweep everyone present.

But in this gaze, there is a deep pity and helplessness:

“I am not crazy, nor stupid!”

“We... finished!”

Jing!

After hearing Bai Yifan say this for the second time, the atmosphere in the entire Bai family courtyard became silent.

Everyone found out what was wrong.

especially!

Everyone saw the deep despair and loneliness from Bai Yifan’s wry smile, it seemed that something terrible was about to happen.

“Yi...Yifan! What happened! Say! You should say it!” The old lady Bai felt his heart beating faster and faster, and he almost had a heart attack.

and!

A creepy sense of crisis emerged from his heart.

And the people around only felt that their breathing became rapid, and a sense of crisis emerged in their hearts.

And looking at everyone in the Bai family.

Bai Yifan smiled bitterly and said:

“Grandpa, do you know the result of this grand ceremony?”

“Tiansheng Group, just declared bankruptcy, Chairman Gao Zhilong and eight senior executives were arrested and imprisoned on suspicion of embezzling funds! Gao Shengyuan, Was arrested and imprisoned on suspicion of having killed someone! ”

Wha...what!

As soon as this remark came out, all the Bai family members were shocked.

Tiansheng Group is over?

how can that be!

Not long ago, wasn't there news that Gao Zhilong united all suppliers to terminate the contract with Xinbai's?

How could it be possible that within a short period of time, the entire Tiansheng Group was completely finished.

This is more than that.

Bai Yifan's next words shocked everyone's jaw.

"Lin Guangyao, his legs were broken, and he was expelled from Jiang City! For a lifetime, he would never take one step, otherwise he would die!"

"Leng Bufan, was almost killed on the spot with eight ribs broken by Leng Aotian, and was sent to the hospital. Rescue!"

"He Jiaojiao, five bones were broken by Helan Mountain, she passed out and was sent to the hospital for rescue!"

Boom!

When Bai Yifan's words fell, everyone around the Bai family's scalp almost burst.

Lin Guangyao!

Extraordinarily cold!

He Jiaojiao!

These three people are all Lin Fan's enemies.

But, aren't they going to take revenge?

How could he be nearly killed, and it was their Grand Master Grandpa who did it?

Chapter 869

This is incredible.

At this moment, in the entire Bai family courtyard, the needle drop was audible, and almost everyone could hear their own heartbeat. This depressed feeling made every Bai family's scalp numb.

Even the old lady Bai couldn't help but swallowed fiercely and asked with a trembling voice,

"Yifan, what about Lin Fan?"

"Is he not punished?"

Lin Fan!

These two words made everyone's hearts tremble fiercely.

Especially, they saw Bai Yifan's face full of ghosts and said:

"No!"

"Leng Aotian, Helanshan, and President Leng Kang, personally... apologize to Lin Fan!"

What!

apologize?

After hearing this sentence, both the old white lady and all the white family around him were all dumbfounded.

"How is it possible? Leng Aotian and Helanshan are great masters, and Leng Kang is also the president of Shengshi Group! How can this kind of person apologize to Lin Fan for that waste!"

"Yes! Yifan, are you wrong! Leng Aotian? It is good for them not to kill Lin Fan! How could they apologize to that waste!"

"Oh my God! What happened! How is this possible!"

"..."

At this moment, after listening to Bai Yifan's words, The entire Bai family courtyard was completely

exploded.

There was a deep unbelievable flash on everyone's face, and they couldn't even believe what they heard.

Even the old lady Bai had a cracked scalp and hurriedly asked:

"Yi...Yifan! Why! What did that Lin Fan do? How could Leng Aotian apologize to him?"

At this moment, Mrs. Bai was almost suffocated by fright.

And see this scene.

Bai Yifan frowned and said incredulously:

"Grandpa! I...I don't know the specific reason! But according to Leng Aotian and the others, it seems to be Bai Yi!"

Bai Yi?

This sentence made everyone even more confused.

Bai Yi is very capable, which is recognized.

But no matter how capable she is, she is just a small president of a newly established company, nothing more.

What qualifications does she have, let the great master bend down and let the president of Shengshi surrender.

Not waiting for everyone to ask.

Bai Yifan frowned and said,

"But, I feel that things are far from that simple!"

"Because I found that whether it is Leng Aotian, Helanshan, or Shengshi President Leng Kang, although they always think Bai Yi, they seem to ...I am even more afraid of Lin Fan!"

"It seems that Lin Fan has some terrible background!"

Boom!

Bai Yifan's words were even more like a bomb, making everyone in the Bai family completely stunned.

More afraid of Lin Fan?

Two great masters, a prosperous president!

How could such a character be afraid of a door-to-door son-in-law?

This... how is this so possible.

Everyone just felt his heart plop and thump wildly, as if it was about to pop out of his throat at any time.

Even the old lady Bai was dripping with cold sweat.

"Yifan, what's the situation now?"

situation!

That's right, what everyone cares most is naturally the situation of the Xinbai clan!

And immediately after what Bai Yifan said, each of the Bai family members almost fainted.

Chapter 870

"The Lanshan Group of Helan Mountain announced that it will list Xinbai's as its first partner!"

"Shengshi Group announced that it will list Xinbai's as its first partner!"

"Jiangnan Tianshi Group announced that it will list Xinbai's as its first partner! The first partner!"

"..."

Bai Yifan said the names of chaebol after another.

There are dozens of them.

And each of them turned out to be the top chaebol in Jiangnan.

Shocked.

At this moment, after hearing the names of the chaebols, everyone in the Bai family seemed to be completely dumbfounded.

Everyone seems to have seen that a terrifying Jiangnan upstart is rising madly.

Let them shock, let them panic.

until!

Puff!

Grandpa Bai fell to the ground, and everyone was awakened from the deep shock.

“Grandpa!”

“Dad!”

“The old man!” “.....”

everyone to see the old man fell down, give all shocked, and quickly ran up one by one.

Some helped beat their backs, and some hurriedly handed over water. After a long day of work, the old man took a long breath, and the whole person woke up a little.

“My Bai family is dead!!!” At this moment, the old lady seemed to be more than ten years old.

The whole body exudes a kind of dying air.

And the others.

Whether it's the uncle Bai Hai or the second master Shirakawa, each one is as white as paper.

That's it!

The rise of the new Bai family represented the demise of their old Bai family.

Especially with the support of so many chaebols in the new Bai family, it is almost easy to destroy their Bai family group.

How to do?

Everyone's face was full of dead dust.

“Dad...” Bai Hai, Bai Chuan and others all looked at the old man.

And see this scene.

At the corner of Mrs. Bai’s mouth, a deep wry smile appeared:

“It seems that driving away Bai Yi and Lin Fan is the most stupid thing I have ever done in my life!”

“There is only one way for us now!”

Huh?

Mrs. Bai’s words stunned all the Bai family members around.

And... hope?

In the eyes of every Bai family member, a strong expectation once again ignited, and they looked at Grandpa Bai one after another.

“Dad! Tell me, which way we can go?” Bai Hai and others flushed with excitement.

The old lady Bai turned his head and glanced at his younger generation. Then he bit his head and said:

“Contact the Jiangnan Bai clan!”

“Only they can save us!”

Jiangnan Bai!

When they heard these four words, the faces of all the Bai family members around them changed drastically, and their faces flashed thickly with horror.

That look, as if he heard some terrible name.

In Jiangnan.

Shengshi Group, Lanshan Group, Tian Group, etc., are definitely the top group of chaebol forces.

However, many people don’t know.

Above these big chaebols, there are the four most mysterious and terrifying families.

Bai, Huangfu, Sima, Ye!

These four great families, spanning the south of the Yangtze River, have been known as centuries-old families for a full century.

Chapter 871

Whether it is military, political, or even other major fields, it is almost full of the children and disciples of these four terrorist families.

And Mrs. Bai was a child of Jiangnan Bai's back then.

Because he failed to fight for power, he was expelled from his home and lived in Jiangshi. This was how Jiangshi Baijia was established.

however!

Over the past few decades, Mrs. Bai didn't even have the courage to meet Jiangnan Bai clan members.

Now, he was forced to turn to Jiangnan Bai for help.

This...

"I know you are scared! Why am I not scared!"

As for the looks of everyone, the old lady Bai seemed to have expected it.

His face flashed with a thick complex color:

"Jiangnan Bai family, it is too terrible! Even the Shengshi Group, in front of the Bai family, it is nothing!"

"They are in the military, there is a three-star warrior Baihu. , Led ten thousand sergeants, stationed in the East China Sea, unmatched!"

"They are in the political world, there are four-star bosses, who can cover the sky with only one hand, don't dare not follow!"

"They are in the dark world, organized-white angels! Even if Leng Aotian and the others encountered the killer mercenaries, there is only one dead end!" At this point.

Grandpa Bai felt a chill on his scalp, and said with a trembling:

"But at the moment, if I don't ask for help from Jiangnan Bai's family, then the foundation I have worked

so hard to build will only be swallowed up alive!”

“I’m not reconciled! Not reconciled!!! ”

I heard the old lady’s words.

All the Bai family members around were completely silent.

That’s right!

The current situation has completely pushed their Bai family to a dead end. Only by relying on the Jiangnan Bai family can they be preserved.

Thought of this.

Bai Hai and everyone else in the Bai family all bowed to the grandfather together, “I wait, listen to the grandfather’s order!!!”

... At this moment, it’s not just the Bai family’s mess.

After the news about the opening ceremony of the new Baishi came out.

The whole Jiang City was stunned by the shock.

Leng Bufan and He Jiaojiao were beaten and rescued.

Tiansheng Group announced bankruptcy and liquidation.

Gao Zhilong and others went to jail.

This piece of news seemed to blow up the whole Jiangshi completely.

Not only that!

In particular, when Shengshi Group, Lanshan Group and other Jiangnan chaebols announced that they had reached a cooperation agreement with Xinbais.

boom!

The Xinbai clan has become an upstart in Jiangnan that has been passed down from mouth to mouth by

almost every Jiangshi population. Almost everyone has already seen the day when the Xinbai clan has risen to prominence.

It's just that Lin Fan didn't care about all of this at all.

In the next few days, he still stayed at home every day, washing, mopping the floor, and cooking.

"This soup is called Eight Treasures Forging Tendon Lotus Seed Soup!" "Eight kinds of herbs have the effect of forging muscles and strengthening bones. Coupled with the fragrance of lotus seeds, this soup is not only delicious, but also has high nutritional value! The effect of forging bones and prolonging life!" In the kitchen, Lin Fan had just opened the lid of the pot, and a refreshing fragrance floated out of the pot.

This is a soup he personally developed.

Eight kinds of medicinal materials are combined with a unique secret method, and then they are stewed together with lotus seeds.

then.

When in the blood prison, Lin Fan not only taught the blood prison sergeant fighting secrets, but also used a variety of medicated meals.

Chapter 872

With the dual assistance of fighting secrets and medicated food, every blood prison warrior has made rapid progress, and has never become a terrifying existence that frightens any power in the world.

And now!

Lin Fan intends to use this medicated diet to help Bai Yi, Baishan, and Shen Yumei improve their physical fitness and forge their bones.

This will not only enable them to live longer, but also stay youthful.

now!

In addition to this eight-treasure forging lotus soup.

On the side table, there are also a series of exquisite and delicious dishes.

"Nine-flavored vegetables!"

"Four-pole stir-fried pork!"

“...”

Each dish combines herbs and vegetables to the extreme. It is no exaggeration to say that a dish is better than a pair of medicines.

“It’s dinner!”

Lin Fan smiled slightly, and walked out of the kitchen with plates of dishes.

At this moment, Bai Yi and Bai Shan had already washed themselves and sat at the dining table early, ready to have a meal.

Shen Yumei was also discharged from the hospital yesterday.

Although her leg is still in a cast, she is inconvenient to move, but she only needs to cultivate for another month, which is enough to walk freely.

“It smells so good!”

Bai Yi’s beautiful eyes flashed instantly when the plates of exquisite dishes were just served.

She looked at Lin Fan and said curiously:

“Lin Fan, these medicinal foods you have made recently are not only delicious, but I also feel that I am very energetic every day, even if it is a day of work, I will not feel tired at all! Also, I found that my skin is a bit whiter !” On Bai Yi’s pretty face, there was a flash of happiness.

Not just her.

Shen Yumei next to Lin Fan also smiled and said to Lin Fan:

“Xiao Fan , I have also felt that the bones in my legs are recovering very quickly these days! It seems that every day is very different. The effect of your medicated diet, It’s too big!”

“Hahaha...and me! I’ve always felt back pain before, but after Xiaofan made medicated food, I found that my whole person was very strong!” Bai Shan couldn’t help but say.

And looking at the happy appearance of this family.

Lin Fan couldn't help but touched his nose and smiled slightly:

"Since everyone likes it, then I will customize a dish for you every day according to your physical condition!" In one sentence, Bai Yi's three mouthfuls became even more happy.

quickly!

After the meal, both Bai Yi and the Baishan couple began to eat gluttonously.

The taste of this meal is so delicious that they can't stop them.

Almost like a cloud of wind, the several dishes have been wiped out seven or eight.

After a meal.

Bai Yi rushed to the company and continued to be busy.

Bai Shan pushed Shen Yumei out and went for a walk.

Just as Lin Fan was about to clean up the leftovers, a doorbell suddenly heard from the door.

Ok?

Lin Fan was taken aback, then stepped forward and opened the door of the room.

Just opened the door.

Lin Fan saw a doctor sweating outside the door. Seeing Lin Fan, the doctor was overjoyed. He quickly said:

"Dong Lin, our Yifan Chinese and Western Hospital...

something happened!!!" What !

Chapter 873

When Lin Fan heard this, his expression changed.

He knew the doctor in front of him.

This person is the emergency doctor who was hit by Shen Yumei before.

At the moment, Lin Fan quickly asked:

“What’s going on?”

“Dong Lin, today at the gate of our hospital, a young man kept saying that he was looking for the genius doctor Lin! But he was stopped by our security guards. After that, the man went crazy and challenged him. , Claiming that we are a liar hospital! Some doctors are not angry, so they go out to accept the challenge!” The doctor said that, his face suddenly showed a ghostly look, and he quickly continued:
Mobile phone:

“But what? I didn’t expect that the young man’s Chinese medicine skills were too powerful!”

“First, the surgeon, Dr. Xu, was defeated, and then Director Zhang and Director Liu, etc. went out one after another, but failed again and again!”

“We, Ivan Chinese and Western Hospital, now It has become a joke!”

Wow!

When Lin Fan heard this, his expression instantly changed.

But he knew that every doctor at the Yifan Chinese and Western Hospital was an expert in medical skills, and that young man was able to defeat several doctors in succession, obviously his medical skills were extremely extraordinary.

“How about Elder Gao and Mike?” Lin Fan asked with a gloomy face.

“Now Elder Gao has done it himself!” The doctor continued, but his face was ugly to the extreme:

“However, the young man’s medical skills exceeded our expectations! Elder Gao’s situation is not good, I’m afraid it will support you. It won’t be long!”

Gao Lao lost?

Hearing this, Lin Fan felt that the young man was not easy, and immediately said:

“Go! Let’s go take a look now!”

Finished!

Lin Fan hurriedly locked the door and hurried away in the direction of the Yifan Chinese and Western Hospital with the doctor.

...

And at the same time!

Baishan and Shen Yumei, who went out for a walk, also stopped.

“Old sir, what have you been stopping us for?” Bai Shan looked at the old man in sackcloth, his face flashed with helplessness.

Soon after going out today, they met this old man in Mai.

What makes Baishan helpless is.

After seeing his husband and wife, the old man seemed to have found a baby and followed them all the time.

After walking down some distances, the old man still refused to leave, and even stopped directly in front of them.

The old man in Mai looks more than eighty years old.

His hair was gray and his face was wrinkled, but those eyes were piercing, as if he could see through everything.

now.

His eyes kept looking over Baishan and Shen Yumei, until the end, he said:

“This gentleman, I want to ask, what kind of medicine do you usually take?”

“You should be more than 50 years old. , But the spirit and spirit, why is it like a man in his thirties? ”

What!

As soon as the old man’s words came out, Bai Shan couldn’t help but froze.

Is the spirit god like a man in his thirties?

Bai Shan frowned and said curiously:

“Old man, I don’t understand what you mean! I am fifty-five this year and I don’t take any medications. How do you say that I am in my thirties?”

Chapter 874

No need to take medication?

Heard this.

The eyes of the old man in Mai are brighter, but they are more intense:

“Impossible!”

“This gentleman, do you know that once a person steps on the threshold of fifty years old, the body’s functions will degenerate at a terrifying speed. ! And the old man was watching you along the way just now! Not only did your body function not degenerate, but there was a sign of rejuvenation!”

“If you said that you didn’t take medicine, the old man would never believe it!”

Hearing this.

Bai Shan and Shen Yumei were completely confused.

Signs of rejuvenation?

This...what a joke!

At this moment, Baishan looked at the old man’s eyes as if he was looking at a magic stick.

However, he has not yet waited for him to refute.

The old man Mai continued:

“This gentleman, can you easily fall asleep every night now? And wake up regularly every morning!”

“Besides, do you feel that your own strength seems to be increased, my skin seems to be tightening! Also, you will have a sign of erection every morning now!”

Wo...wocao!

After listening to this sentence of the old man Mai.

Bai Shan was completely dumbfounded.

Although a little embarrassed, the old man said nothing wrong.

In the past, Baishan had daily backaches, tossing and turning at night, and insomnia became almost the norm.

And now!

It is very simple to fall asleep every night, wake up every morning regularly, and there are even signs of male erection.

This is more than that.

Bai Shan now also found that his strength seemed to be much stronger, even if he walked faster than before, and he didn't feel tired at all.

This...

"Old... old gentleman, how did you know?"

Bai Shan was shocked.

He can be sure that it is the first time that he has seen this old man, and as soon as the other person opens his mouth, he tells him his recent physical condition.

"Sure enough!" After hearing Baishan's affirmative answer, the Mai Yi old man was instantly ecstatic:

"Sir, what I said these days is a sign of rejuvenation! In the words of a martial artist, this is forging muscles and bones. , If things go on like this for a long time, you can even regain your body functions in your twenties! "

Boom!

A word from the old man in Mai made Bai Shan startled.

Naturally, he has heard of some of the forging muscles and bones in martial arts, and they are all things that can be done for many years, day and night.

And he, never exercised, how could he reach the level of forging his muscles and bones!

This is more than that.

Mai old man turned around to see Chen Yumei, especially looking at Chen Yumei that a plaster leg, are not asked:

“? The lady to see the extent of this leg of your resume should be two months ago, breaking it,”

two Months?

Shen Yumei stayed for a while, then shook her head:

“No! My leg was broken a week ago!”

What!

One week!

This time, the old man in Mai was taken aback.

He carefully observed Shen Yumei’s legs, and then there was a look of ghosts on his face:

“Madam, do you not feel any pain in your leg anymore? Normally, there is another kind of pain in your leg. It feels like an ant crawling?”

Chapter 875

“Yes... Yeah! Old man, how do you know?” Shen Yumei was taken aback and nodded.

And heard this.

The old man Mai continued:

“That’s right! Generally, people with broken legs will experience abnormal pain when the broken bones are superimposed in the first week! The pain will never go away!”

“Only after two months A tingling sensation will only occur when the broken bone is healed! According to your current progress, I am afraid that within a few days, you will be able to walk freely

!

The old man in Mai looked at Baishan and Shen Yumei again, and his eyes became brighter and brighter:

“So, I can be 100% sure now that your husband and wife must be taking some incredible magical drug!”

“Otherwise, this kind of reversal will never happen. The effect of heaven!”

Wow!

Miracle drug?

Baishan and Shen Yumei looked at each other.

For some reason, the first reaction in their minds was what Lin Fan did...medicated food!

“Could it be that this incident has something to do with the medicated food Xiaofan made?” Baishan said incredulously.

And Shen Yumei just felt like she was dreaming.

She couldn't imagine that it was just a simple medicated diet, could it have such a heaven-defying effect?

how can that be.

“Medicated diet?” The old man narrowed his eyes, and then said with a short breath: “Can you two take me home! I can help you find out if the medicated diet is effective?”

Go home?

Bai Shan and Shen Yumei frowned.

They carefully observed the old man in Mai. After confirming that the old man did not look like a bad person, the couple nodded.

“I can take you back! However, at this time, my son-in-law may have already disposed of the remaining medicinal food residue!”

Bai Shan said hesitantly.

Just hearing this, Mai old man is shaking his head smile:

“! Two rest assured, even if there is no residue Diet, the old lady just to look at exactly what kinds of herbs, it can be inferred foot out,”

looked at the old man vowed Mai Looks like.

Bai Shan and Shen Yumei had no choice but to agree.

At the moment, the husband and wife rushed home with the old man in Mai.

just!

When they opened the door, they discovered that Lin Fan was not at home, and even on the dining table, the leftovers had not had time to clean up.

“Old gentleman, the medicinal food we are talking about is the plates on the table!” Bai Shan pointed to a few plates and said directly.

And his words just fell.

I saw that the old man could not help but sniff his nose vigorously, and then on his vicissitudes of life, a few touches of astonishment appeared:

“This scent is strong and not scattered!”

“It’s just a residual smell, I actually I can feel that my bloodline seems to have fluctuated! Unbelievable! Oh my god, this...what kind of medicated diet is this!” The old man in Mai’s heart was shocked.

He practiced medicine all his life and saved countless people.

There are not 10,000 medicines I have seen and known, but there are as many as 8,000.

As for medicated food!

What he knows is countless.

But now, the residual gas of this medicated diet alone has surpassed what he has seen and heard in his life, which makes him unbelievable.
