

Chapter 870 Ye Fan's Fury

At the young man's order, two men walked out from behind him and took the shop owner away.

Suzumiya Eigetsu was instantly dejected.

It was their turn next, but from the looks of it now, she couldn't get to have the takoyaki.

"Master, let's go. I don't think we will get to have it," sighed Suzumiya Eigetsu disappointedly.

Roadside stalls like these were typically a one man show.

If the shop owner was taken away, they wouldn't get to enjoy his takoyaki.

However, Ye Fan replied deeply, "Maybe not."

Ye Fan then stepped forward and said indifferently, "Young Master Miyamoto, right? Do me a favor and release him."

Hmm?

Ye Fan's sudden interruption gave them a shock.

Their leader glanced over unhappily.

“What? Do you a favor? Dude, who the hell do you think you are? Are you good enough to ask for my favor? Moreover, it is his honor that the Miyamoto clan wants him to cook. How dare a brat like you interfere with my business? I suggest that you find out who I, Miyamoto Minami, am before you butt into my business,” said Miyamoto Minami proudly with contempt.

He looked at Ye Fan like he was looking at an idiot.

Ye Fan replied calmly, “I don’t care who you are. It is the shop owner’s freedom to decide if he wants to leave with you. You have no right to decide for the shop owner. You also don’t have the right to force him.”

Miyamoto Minami instantly laughed when he heard what Ye Fan said.

He looked as though he had just heard the funniest joke on earth.

“What did you just say? I don’t have the right? That’s interesting. For years, you are the first who dares to say that I have no

right. However, I am still going to take him away by force. What are you going to do about it?"

Miyamoto Minami laughed as his voice grew increasingly cold.

Suzumiya Eigetsu walked over and tugged at Ye Fan's shirt as she persuaded him softly, "Master, let's go. We can just go somewhere else to buy it. I don't want to cause trouble."

Suzumiya Eigetsu felt guilty inside.

Suzumiya Eigetsu was already very touched that Ye Fan was willing to spend time with her.

If Ye Fan were to get involved in any conflict because of her, she would feel bad about it.

However, Ye Fan dismissed Suzumiya Eigetsu's pleas.

Ye Fan kept his eyes on the young man as his deep voice rang again.

"Do you like to force others to do your bidding? Have you ever considered other people's feelings? Do you know how long

we've queued? Do you know that someone in the queue has only one more month to live? She wasted her time queuing here because of you. Oh yes, how could I forget? You are a young master from a powerful family, so you are used to acting so high and mighty. You probably have no clue how commoners like us feel or ever care about someone's life," said Ye Fan without stopping and suddenly laughed right at the end.

His laughter was filled with self-ridicule, coldness, and even some sorrow.

This world was simply filled with too much injustice.

Miyamoto Minami and the Chu family both committed injustice against him in a similar manner.

These people always thought highly of themselves, so they forced their decisions on others and willfully decided on other people's life and death.

Suzumiya Eigetsu's life also used to belong to herself. How could those people force the spirit seal on her and take her life without

her permission?

What was this bullshit about enjoying glory and honor?

Even if the spirit residing in Suzumiya Eigetsu's body was a god, was glory any use to her after she was dead?

"Haha! You're absolutely right! I am from an elite family. In my eyes, you're nothing. Why should I care whether you live or die? If you know any better, then get lost. Or else, don't blame me for being rude," yelled Miyamoto Minami furiously. He seemed to have lost all patience.

Ye Fan shook his head instead. "In that case, there's no point in talking nicely."

Hmmm?

"What...what are you trying to do? Are you going to hit me?"

Ye Fan's increasingly cold expression left Miyamoto Minami shivering in his heart, and an ominous feeling hung over him immediately.

Chapter 870 Ye Fan's Fury

But just as he was about to call his bodyguards, Ye Fan delivered a kick.

BAM!

Ye Fan gave Miyamoto Minami a high whip kick on his face, and blood and broken teeth came spurting out immediately.

He shot out like a cannonball after Ye Fan kicked him.

His cries of agony kept ringing in their ears.

“My god...”

“Dude, did you have to be so violent?”

“How could you hit the Miyamoto clan’s young master?”

The people around them were instantly dumbfounded.

They felt that this youth was too aggressive.

Didn't he see all those bodyguards next to Miyamoto Minami?

Wasn't he asking to get killed if he fought

them under such circumstances?

“Sigh.”

“This dude is in trouble.”

Everyone shook their heads as they sighed and looked at Ye Fan with pity.

Sure enough, Miyamoto Minami climbed up with blood trickling from his mouth after Ye Fan kicked him.

His eyes saw red as he looked at Ye Fan angrily.

“How dare you hit me, you asshole?! I tell you, you are dead meat! Everyone, get him! Beat him to death! Give it to him!” roared Miyamoto Minami hysterically like a lunatic.

Everyone behind him swarmed over and surrounded Ye Fan.

Ye Fan shook his head expressionlessly. His deep eyes were filled with coldness.

“You overestimate yourself,” said Ye Fan softly as he moved in again.

He jumped before kicking several times in a row.

BAM BAM BAM!

Ear deafening noises filled the air like claps of thunder.

Ye Fan kicked all the burly men and sent them flying.

In a few seconds, Ye Fan was done kicking everyone and sent them sprawling. They rolled about on the ground as they clutched their stomachs and were unable to stand.

“This...”

“What on earth...”

“He’s...he’s incredible!”

Everyone was stunned after they witnessed this scene.

They stared hard at the striking silhouette before them like they had seen a ghost.

No, three seconds.

Just three seconds.

It took Ye Fan only three seconds.

But all 18 men were defeated in this short span of time.

He kicked six men per second!

“My goodness!”

“Oh gosh!”

“Can this get any more incredible?”

Shock filled everyone's hearts as they trembled.

Miyamoto Minami was equally shocked, and his eyes nearly bulged out of their sockets from staring too hard.

“How...How was that possible?”

He couldn't believe that this inconspicuous character ended up being so formidable.

Minami once again after he had taken care of his henchmen.

Miyamoto Minami instantly shivered and he felt a chill down his spine.

Skyscrapers stood erect in Tokyo.

The streets were crowded.

In front of a small snack shop, there was a commotion.

Dozens of burly men lay sprawling on the ground as they howled in agony.

And Ye Fan looked down at them indifferently.

After Miyamoto Minami recovered from his brief shock, he laughed.

“What are you laughing at?” asked Ye Fan expressionlessly in a cold voice.

Miyamoto Minami shook his head and said, “Nothing. I just pity you and feel sad for you.”

Miyamoto Minami sinisterly smiled as he spoke and got off the ground.

He removed a cigarette from his bag and lit it.

After he exhaled, a faint cigarette circle floated in the air.

“Do you know why I pity you? So what if you are highly skilled and strong? You won’t have the guts to kill me. I am Young Master Miyamoto. I’m the heir to Mikawa Group. Do you know who my father is? He’s Miyamoto Nakanosuke. He is one of the three chairmen of Mikawa Group,” said Miyamoto Minami proudly. Everyone around him caught his resounding voice.

Almost instantly, he caused a major uproar.

“What?”

“The heir to Mikawa Group?”

“His father is actually Miyamoto Nakanosuke?”

“One of the chairmen of Kanaiwa Committee?”

“No wonder!”

“With a background like that, it’s little wonder he goes around bullying people.”

Chapter 871 Viciousness

The people were shocked and instantly turned to look at Miyamoto Minami with awe.

The six largest financial groups of Japan were the ones with true control of the country's political and commercial scenes.

They completely monopolized the economy and government.

Their shadow could be found behind each government.

In other words, they were the true overlords of Japan.

And Mikawa Group was one of the six largest financial groups in the nation.

Each group had an executive committee serving as the highest authority in the business.

Mikawa Group's executive committee was called the Kanaiwa Committee.

Since the Miyamoto clan held major roles in Kanaiwa Committee, they held high power in Mikawa Group.

Many people tried persuading Ye Fan to stop when they heard this.

“Young man, he’s right. You can’t afford to offend the Miyamoto clan. They have the support of Mikawa Group, and the company is a giant in the finance circles. Listen to me, just apologize quickly, and maybe he will let things slide. Or else, they probably won’t leave you in peace for the rest of your life.”

“Yes, that’s right. Don’t fight when the odds are against you. It’s not worth offending a big man like him over takoyaki. Mikawa Group is extremely powerful.”

Perhaps out of pity or concern, everyone convinced Ye Fan out of it.

Just swallow your pride, and things would be okay.

They told Ye Fan to just apologize to Miyamoto Minami.

Even Suzumiya Eigetsu’s face turned pale the moment she heard that they had offended the Miyamoto clan that had the backing of Mikawa Group.

Chapter 871 Viciousness

“Master, why don’t we forget it? Let’s leave now,” persuaded Suzumiya Eigetsu.

A smug smile emerged on Miyamoto Minami’s face when he heard this.

“What do you think, asshole? You scared now? The Miyamoto clan holds true power in Japan. How can a nobody like you provoke me? Considering how young you are, I will give you a chance. If you kneel and apologize, break an arm and hand over your girl, I might let you off if I am in a good mood.”

Miyamoto Minami thought Ye Fan had gone quiet out of fear after learning of his identity.

So Miyamoto Minami became even more heedless as he spoke insufferably to Ye Fan.

However, Miyamoto Minami instantly frowned when Ye Fan had no reaction whatsoever.

“What? Do you refuse to accept defeat? Are you saying that you want to fight my family using brute force? My family is one of the three main families behind Mikawa Group, so we have a lot of people. Even the number

one gang in Japan, Yamaguchi-gumi, bows to Mikawa Group. Even if you are powerful enough to fight a hundred opponents, can you fight thousands? Let me remind you that the Yamaguchi-gumi has up to tens of thousands of members throughout the country. Also, if we want, we can always get an armed squad. When bullets fly, you will be blown into bits regardless of how strong you are!”

Miyamoto Minami smiled sinisterly. His words were completely cold.

He stood over him as he waited for Ye Fan to kneel and beg for mercy.

But Ye Fan shook his head and smiled instead.

“Let me ask you. In comparison with Sword Shrine, which one is stronger?”

Hmm?

“Sword Shrine?” Miyamoto Minami was stunned. “What’s that?”

Ye Fan smiled even harder.

Then he shouted loudly.

“Don’t you even know about Sword Shrine? It seems that the Miyamoto family are just frogs in the well. How dare you order me around?” said Ye Fan as he shook his head. His menacing voice sounded like Miyamoto Minami’s death knells.

A raging wind swept. Ye Fan stepped forward and shouted, “Kneel!”

BOOM!

Ye Fan’s roar sounded thunderous. In an instant, a force came crashing on him like waves.

Miyamoto Minami felt as though his legs became as heavy as lead when this force hit him.

In the end, he couldn’t withstand it and knelt with a thud.

“Asshole, how dare you humiliate me? I promise that your entire family will die a horrible death!”

But Ye Fan ignored him.

He gave a shout before taking a step forward and kicked Miyamoto Minami's right arm.

CRAAACK!

The jarring sound of bones breaking rang in the air.

Ye Fan's kick fractured Miyamoto Minami's arm.

"AHHH! Asshole! AHHH!" shouted Miyamoto Minami in agony as he hugged his arm and rolled on the ground. He was in such pain that he almost passed out.

His tears were mixed in with the blood flowing from his arm.

Everyone was shocked to see the state Miyamoto Minami was in.

The atmosphere was completely silent.
